Hard News:

R: all the talking heads are upset about the lies being told in Tampa - Xian values do not include lying!
Rachel Maddow: has been telling people "You are seeing it! Any questions?"

Ed Schultz: John Nichols, Naomi Wolff, Christine Harvey [Centre for American Progress]
describing what Ryan did last night was to dig himself in a deep hole of lies about Obama

- We are watching a strange episode of The Twilight Zone! Yesterday, he had to change the channel because he could not focus on it without either laughing or throwing up!

T: Thom Hartmann played a speech of Hitler: if you're going to lie, lie big, and repeat, repeat, repeat

R: brought up all the stories: Condi Rice had the audacity to show up wearing diamonds while people are being flooded out and evacuated

T: New Orleans / Bangladesh are sinking & quite rapidly: has to do with earth changes, shifts in the crust

- Naomi Wolf: all did last night has to do with the war to Iran: Chris Matthews spoke of John McCain's speech as frightening: to stay in Iraq, be in Libya, Afghanistan - this is NOT the road America will be going down, but nevertheless, it is being said by these ones.

- One story after another of absolute lies concerning these folks who are pushing the river in terms of trying to change the conversation and re-write history

R: On **Native America Calling** on NPR - Harley McCosito said voting for them is a kill shot for Native Americans in the US

- Harley said: all that these ones have set up in terms of their moving into White House is to ethnically cleanse people of colour: This is not what Obama is talking about: not offering help for any of the people on the reserves, or where they so-called getting so-called Government help: it will be cut and you will get nothing if you vote for these people; kiss your freedom good bye if you are Native American and vote for them

T: from Richard: "we have been watching the housing & mortgage con job, which led to the Lehman Bros kill job, followed by Bernanke's federal hand job, all the while, the United States Congress missing on the job"

Carolyn Kennedy: wants everyone here to send out the 9/11 film from PBS in Colorado - 300 X a day!!!!

R: sending it out changes the conversation in a heavy duty way; as the video gets more and more coverage, it reveals all those who brought the Afghan massacre and the Convey of Death
To this day, Al Gore is on current TV and being very eloquent.

www.cpt12.org/911explosiveevidence - good till Sunday

Then go to BBS Station 2, click on Archives, to August 25th and look for the Saturday Radio show - "The True History of NESARA and our Galactic World" and the whole film audio is there

T: Day before yesterday, Condi Rice was supposed to give her own talk in the afternoon; Medya Benjamin and Code Pink had thousands at the convention; going to do a citizens arrest; CR did not show up!
• Today, they saw a wide expanse picture of the convention outside and the militarization of the convention and the Olympics - they are dressed to kill as they are afraid
R: what is happening at the convention is not coming from the Office of the Christ

D'Yanna: pray for the people in Gulf Coast area, and for her as well

Caller: from TN: Spanish News reported that Jeb B called his bro & told him not to show up - that was 2 days ago

T: he showed up today

C: Do you know who A Fox is - former Pres of Mexico? His daughter is who Jeb Bush is married to

T: Yes, they lived together in Venezuela and pumped the drugs back up here

MR: saying this is the first time the previous president was not present -

T: they were NOT invited

C: they also know they would get arrested.

Audio: Thom H: how Paul Ryan can tell lies like this in front of the nation! Can expect the lies from Rove or Coulter, but here is the guy who wants to be VP and he is blatantly lying!

The New Republic - most dishonest convention speech ever? Something to hear them lie so blatantly in a prime time address as opposed to stump speeches and 30 sec ad

FOX News website: Sally Kohn - "dazzling, deceiving, and distracting" [the headline]

Bloomberg - "Ryan's hypocritical attack on Barack Obama" - Josh Barrow

- Laden with mandates
- \$716 M funnelled out of medicare by Obama -
- an obligation to grandparents etc for an entitlement we did not ask for
- Ryan's budget kept Barack Obama's cuts and added \$250M more
- Criticized Obama for ignoring his own debt commission report: who led the dissent? Ryan!
- did not address housing crisis - but nothing there about what they would do about it
- did not foster support small business - but nothing there about what they would do

We saw the Big Lie strategy last night: never tell a small lie, only tell whoppers

- Thom plays an audio of FDR explaining in 1944 how Republicans use the same theory as Hitler

Some of the lies:

- reference to Candidate Obama at the GM plant: recovery that was promised is nowhere in sight
 - yet plant was closed during W's reign: hear comments by Dan Perino, Press Sec by Geo W - he said "It is a sign that Detroit continues to adapt and evolve, . . ." - the plant made SUVs and the demand for them fell through the floor due to gas prices and other things
- stimulus was political patronage, political cronyism at its worst: all tax payers got was more debt
 - created 3.3 million new jobs; stopped the bleeding of jobs left by Bush; \$ was requested for Ryan's district of Janesville four different times, and he wrote a letter of thanks
 - one third of the stimulus was tax cuts [this was a tip of the hat to Republicans]
- took it all away from medicare - \$716 B funnelled out of medicare : an obligation we had to our parents and grand parents - to pay for an entitlement we did not ask for
 - what Obama did which was in Ryan's budget that was passed by the House [over 10 yrs]
 - The \$ going to private insurance companies is being kept by them, not being given to the clients / patients - we can use the savings and close the do-nut hole for seniors - this has been fact-checked to death - Karl Rove telling this blatant lie over and over!

T: Thom Hartmann has been out of hospital since Monday!

MR as guest: gives background on the idea of not using chemicals on the land and why

- She does biological farming, sustainable farming so land is regenerated and biological activity is left in the soil - the fungi, insects, other bugs have a symbiotic relationship with the plants
- The decay of kitchen scraps and stubble and other organic matter creates what is called tilth [space between the particles of soil] which is what holds the soil and the water in place - her crops look exceptionally good in spite of the drought of the last few months
- She describes when the corn plant decides how many ears it will have, how many rows of corn there will be on the ears, how long the ears will be - how well that happens depends on feeding the plant at the right time, like feeding a kid when he/she is having a growth spurt - need to feed it at the right time

She raises only food-grade crops, and no GMO! Speaks of what is happening in CA and the fight that Monsanto and other companies are putting up against the labelling of food

- Corn is blue corn used for blue corn chips
- Since 2001, MR has been certified Organic, although the 50 year old farm has been used carefully since the beginning
- She practices crop rotation, and does not do mono-cropping

www.growbetterfood.com Can see what this company does; they co-sponsored the weekend

- Grow wheat or spelt [not nearly as much gluten in it]
- Grow tofu beans
- 10 acres of woods and lots and where the grain bins
- Grow cover crops - where the spelt was planted hairy vetch, rye, oats for the purpose of re-constituting the soil and keeping the weed pressure down; need to cultivate to keep the weeds down when don't use roundup
- Do different areas in different years - not all crops in the same year
- Doing crop rotation and cover crops means the soil will be re-constituted - the top soil of Iowa was washed out a few years ago during the major rains and ended up in the mouth of the Mississippi!
- What is she doing in terms of education to the local folks?
 - She & Robert wanted the farm to be an education/demonstration/regenerative/organic place
 - she now wants to create a web program that shows people what to do with the soil not a degree program, but just to learn and take individual responsibility
- Where does the food go when it is ready?
 - Blue corn - to where corn chips are made
 - tofu beans - to where tofu is made
 - Spelt - a grain mill - only flour MR uses
 - They are also doing transition grain: better than conventional, but not 100% organic
 - Organic dairies needed pastures last year - needed organic feed to produce organic milk
 - Organic land requires 3 years to clean up the land before you can be certified organic
 - There are farmers' markets every day of the week - going to markets is labour intensive
 - she has a big garden and gives away to neighbours, family -
 - she irrigates her garden, not her fields - uses soaker hoses along root of plants
- They found a **vortex** on their property! There is a dome over it

- The whole story about Marietta, Robert and how their energies merged after his passing, and what has happened since -

T: thanks to MR for telling about it, and to everyone for growing to the place where they can hear the story that is being told

- MR:**
- was a musician, got her doctorate in that; then wholistic medicine
 - was in the National Speakers Ass'n
 - As a musician, understood about the energy and frequency and finding balance
 - All that she has done is related - everything is a stair-step

Cathy: speaks about MR's Transformational Clearings and the Q&A session with her

MR: this was literally given to her by spirit: it's about the old patterns that we still run on and finding them and getting rid of what no longer serves you - can work with anyone anywhere in the world
She still does this, mostly in the evenings -

Cathy: found out with MR about the moment that was a sticking point for herself

A cosmic moment on Sept 8th [?] - Jo Dunning - Quick Pulse on Tues evenings
write down from the perspective of what www.jodunning.com

This is the person who had a situation in her life: they had a home invasion and her room mate and killed; she was shot and left for dead - she vowed that she was to be of service - very powerful, angelic quality

There is a brief opportunity coming up: when in meditation, she had an a-ha
Sept 9th at 11:15 pm EST - whatever the issue is, everything will get this unprecedented boost of energy - get your name signed in and e-mail: she will take stuff to the Creator - set your intention at the soul level - if you are sleeping, she will have your name

Mother:

Greetings in the Light of the most Radiant One, In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St. Germain and the Violet Flame.

T: we ask for a greater experience of who WE are! Every time we come together, the energy, the circle grows and the love flows, and we experience a greater sense of ourselves.

Barack Obama said today: "I think to myself if I am willing to give something up as somebody who has been extra ordinarily blessed, I give up some of the tax breaks that I enjoy, I actually think that is going to make economic sense. Yet for me as a Christian, it also coincides with Jesus' teaching that "From whom much is given, much shall be required"

Let us meet those requirements

Greetings, Children of Ra!

Indeed you have been given everything; we, all of us in this story - this is about the greatest of us, the 99%, the 1%, all the particles vibrating at the frequencies pouring into our atmosphere right now - how hot does it have to be in the kitchen for you to get it?

- my grandson is standing there giving the speech of his life: separating the mind from the heart - telling the most ancient of stories - it is about the most ancient form of wisdom being passed on at the moment, where he is pleading his heart out for people to believe him:
 - yet you must know this is the matrix playing out the last vestiges of the tape loop, this is the end of the Mayan long count calendar; the ending of one cycle and the beginning of such

magnificence that we take our hat off to you - we will give you a paw up about the story because you made it!

- We are co-creators in this story of the universes upon universes: we have the power WITH THE LOVE WHICH IS THE KEY HERE - it is not all for "me"; it is "thy will be done on earth as it is in heaven"
 - Much is required of us: we ourselves have called it being called to active duty NOW - no more sitting on the fence.
- The magnetic speed of what is being experienced; magnetic love, magnetic light is affecting all matter and anti-matter; the moment is now when our particles mix with other particles & say now is the time; we are witnessing history, her story being made in this moment
 - we have constantly said that we are visitors travellers in time from your future which is our past, and you make it - it is about getting NESARA in the moment.
- May not look like it now, yet the greatest of energies are being made manifest in your midst in your very nature of being, which is why things feel so wonky! Things you used to do not working any more; ascension frequencies increasing in magnitude by the second. All of what we are saying, you are aware of
- We look upon our grandson's so-called moment of triumph - it is a false moment; in the annals of this ancient story which is about the end of one cycle and the beginning of another where he has already come back to love: this is a bad image of our grandson who has more class than this one
- It is not about how much you can acquire, but about the least among us being the movers and shakers of the moment.

Where what is happening in the areas of Iraq, Iran, Afghanistan, Somalia, etc

A Doctor from the Red Cross got beheaded in Syria today: there are so many events

if we took a moment in time to focus on the every-changing crystal flashing in front of us, with the oceans of tears, of blood - yet it is about the end of one cycle and the start of another

We asked how hot does it have to be in the kitchen: we are watching it play out: the people have the power, take this wisdom: we are evolving into a society, a village of stars that is connecting with other villages of stars where wealth and its accumulation is not what is done -

it is about what we are all doing in the moment. The abundance is as we begin to understand the real economics is the wisdom the knowledge of the 144,000 x tens of thousands x hundreds of thousands - as we get this, we are unique unto ourselves and the lion and the lamb are lying down in the middle of the war talk and the rattling of sabres.

- It is over: the holographic thing we are watching from this so-called convention of the worst of criminals - democracy is a messy business: it is a small "d", not about drowning government in the bathtub, not about mob rule - what we have here is Lex Luther and his cronies -
- it is about the uniqueness of being co-creator gods of who and what we are, and we are all such in the order of the Most High that stand before the throne of the Father And it is about the least among us and how we do this with peace.
- Watch the movie I AM with Tom Shaddiack; it is the story of what is happening at the moment: I am that I am - we can have the riches of Solomon but will it get us into ascension? Will it get us an ascension chamber?? Will it get us an avatar body? We must understand that the ascension is taking this temple of the living god with us to where there is no death, no war, no hunger, only everlasting joy and ecstasy - this is what is happening amidst the war talk
- yet we have also death and birth happening: we must take a walk on the wild side, walk with death on our shoulder, can't get away from it. Must go through the door, which is about our ascension, not death, but everlasting life, infinite joy

- yet these are ones are preaching the false idolatries - they are remnants of our people from Nibiru, the tribe of Dan, the Khazarians, the reptilians, our brothers and sisters - love them even more as they go back to Dracos; Ardalla in Dracos is waiting,
- The story of what we are seeing: know that we are the creator and the manifestor of all that is in the moment, what we are seeing is the best of times, the worst of times; yet this moment is about us: Indigo Crystals, Indigos, the heroes, the prophets - we have the power - use it in good wisdom we have it now

T: has been listening about energy debates, from horror stories of the oil, fossil fuel and the solutions:

- the Canadians control the Latin market for mining; the amount of chemicals used to get the metals out destroys the waters and the land and makes it infertile
- She asked Rama about the next step; they asked their friend who is a Tesla man: he has built two 40 foot spherical structures; he can douse for veins of whatever is needed
 - Can use a cone made of copper sheeting; can also douse for veins of oil
 - Using the copper cone and the double terminated crystals, earth will open up by itself

Mo: the earth will separate and give it to you : if you ask correctly, it is given unto you - like alchemy - the wisdom of the ages

T: the issue is we have 7.2 M people; infra structure going in wrong directions, and life forms that are not willing to do anything but lie

Saw the commentary / twitter feed on Current tv, she saw the twitter feeds on the split screen - she thinks many people woke up! If Mitt R gets to be Pres, I am moving to Cuba!

Mo: funny but tragic to get to the place that only 64 of Congress are good members; rest are criminals of the highest order and are millionaires, trillionaires and we the people must take the story back

Cathy: so we have dark ones are getting arrested & we know a lot of them aren't;

- wants clarification - some of them may not necessarily go down the hole because they would be used for their knowledge, connections, abilities, having shifted their energies somehow, so we will see some we think of as dark - will they still be in place

Mo: yes, it is about the accountability for such like Joe the plumber, Homer Simpson, etc so they see the usurpation of wisdom which is really a lack of wisdom and an insert of falseness, a glitch in the matrix in which the timelines go in different directions, and not all the stories being shared.

It is like a split screen: One side of the population gets one story, another gets another

Cathy: please explain more!

Mo: What is happening about the lies: it is taking higher discernment, higher wisdom, knowing that what they are doing is a high drama passion play, and they know they have no real power, but they play like they do - eg, the market is teetering on the edge; the Euro zone may seem secure, yet it is false sense of security; they are banking on idea that we are not aware of this

Cathy: are you talking about the games they are playing: a split screen - so we see one thing on one side and others see something else on another screen, like those of us on roundtable know what is happening?

Mo: those of us who are part of the co-creation and who volunteered knowing how deep this shit would get, choose to take them by the hand and say this is your last chance -

- We have to be honest with our friends, co-workers: Are you going to carry on believing the lies?
- The F E A R? Iran is not the enemy, or the kid in the hoodie - the enemy is within is the fat white guy who is the Congress man who is taking the money from the circus called the church!

T: Even more insidious: they have an Hispanic Gov who is not fun: Susana Martinez gave her speech at

Tampa, yet yesterday at City Council people were asking how come we have radio active water because you decided to bifurcate the Rio Grande River which is polluted and let that kind of water into Santa Fe?

- We are also part of the problem if we are not asked to be part of the solution - or insist on being part of the solution

Mo: People are waking up and know the pack of lies

Sirian Commander will get more 4 years, already been laid out

yet the actions must be taken to round up the criminals - which is where we come in

You know not the hour of our arrival! Nor can she say

Cathy: she know what is going on, is in balance, yet now & then, steps out of balance & shouts "MOTHER!"

Mo: now is the time for us the people and the prophets to rise up

T: the people in Spain have decided not to use money at all: there are 325 time banks - they help each other using time: I can fix your car and I know how to find a printer for you! They are doing it!

Cathy: makes perfect sense! Need a time bank in every city all round the world

T: the idea of peoples' involvement at level of love and sharing, giving time at a community level is what is being cut out of the picture by the Republicans at this moment

- Romney is ill - he has Asbergers Syndrome - she has heard this in so many places: has he been vetted for these kinds of things to lead a nation with such a skewed problem - this is serious

Cathy: as long as the Illuminati are in charge, does not matter who is in charge - even you are not sick, they will make you sick - like Reagan!

Mo: surrender to the moment: the greatest moment is giving up and saying "love is the answer"

- as we work with that energy, we make a difference

- it is about energy and matter: energy affects living matter and anti-matter

- the concept of evil is about energy out of its time space continuum and cannot co-exist with love

Cathy: she is road weary! Fly in the ointment: would she be willing to entertain questions: can she ask a personal question about the connection between her and MR?

- Others can think about such questions, too, for future programs

Mo: you are sisters, and spent many life times as sisters in the ancient mystery schools!

- Now is the time we all come together and compare notes of the eons of time

- It is about re-unions, as well as the separating of the old energies so we can get on with the new

- Now, this moment, is about the awakening of the old wisdom that we all share

Cathy: even though she has moments of pulling her hair out, but it is just a moment and then she can go back & stay on point. Glad to know that the immediate connection of sisterhood is one more piece in the puzzle - thank you.

Mother - Closing

- In the passing moments of the present reality: the greatest pressure being placed on humanity: you are going through a moment where you are being evolved into who you are as co-creator gods,
- It has already happened and the fall out is beginning to sink in: telepathy is happening; we can move things with our minds; it can travel distances with my physical body - bi-location, etc
- It is not buying the idea that you are going crazy or that you may feel odd or that that you think you are so unique, you are an an island - what we learn, we share with others in a unique way so we know we never have to die, or grow old!

Cathy: ready when you are Mother! [SO SAY WE ALL!!!!]

T: this transformation that KOS spoke of last week with Rama:

one minute it will look like a horror story; next minute, they will all be gone - there will be force fields from the ships so they cannot escape, then they will be able to come down and handcuff the criminals

- all the money will be deleted from the system and the new basket of currency will be here, and the folks who had the power and the money will be gone
- It will be pure alchemy - we have to get to the place where the uselessness of a defunct system becomes so apparent
 - Merkel is in Beijing, China asking for support for the Euro zone; she looked upset, scared, unsure of herself - "yet serious concerns remain" was the quote about the Euro

Cathy: She did what she did about Hank Paulsen which was good - what will happen to her?

Mo: she has to go before the World Court and tell her story of being the daughter of Braun, Hitler

- She has participated in war crimes against the people of Iraq and Afghanistan
 - someone has to answer for the people of Germany for sending soldiers to these countries to kill innocent people, to be held accountable

T: She also sold dolphin submarines which carry nukes

Mo: it is about brinkmanship - it is about the War in the Shadows, as per Chris Hedges - there is no real defined enemy -

- As you have asked us to land, we need to drop the issue about race, colour, difference /equality

Mo: What is the meaning of Labour Day and the word "labour"?

- At the convention, there was a funny story about who built it - not the rich white people, but the middle class, the working class who built the country!

Closing: Cathy
