

**Opening Meditation:** Angelsu

**Mayan Calendar:** Rainbird

Tuesday we finished the last harmonic module, that last matrix in the long count that began on August 13, 3113 BC; we started on Tuesday, the new wave of the Mother, the Dragon, of new creation.

Turn to new **150 day cycle of creation** which takes us to Feb 13/2013 and completes the Great Round.

- Thursday - 3 AKBAL; a 3 tone - the energy of the tone is doubled. Activation, the Knight - about abundance; learning from dream time - surrender self-judgement
- Friday - 4 KAN, & a 4 tone. The sea - 4 is about crystal clarity, also the 4 principal directions. Sea is about being open to life, possibility
- Saturday - 5 CHICCHAN ; 5 tone is the over tone. 5 is the serpent, a powerful body glyph; time to be motivated to change and following instincts
- Sunday - 6 CIMI; 6 tone about rhythm; 6 is the tone we carry throughout the year - a good day for doing our work
- Monday - 7 MANIK; Monday is full moon and a lunar eclipse; we do it with healing aspect - about healing self and others; also about ability to open new doors
- Tuesday -8 LAMAT; The Venus transit: it's a double 8; June 8, 2004 was last Venus transit - 8 years ago. Lamat is about the stargate - pioneer spirit, seeing beyond, visionary aspect. The tone is about the counter clockwise spin of the galactic frequencies
- Wed - 9 MULUC; still transiting on Wed - energy of moon by the 9
- Thursday - 10 OC; OC is the dog; about unconditional love

**Tuning Forks: Solfeggio Frequencies**

- The frequencies in the tuning forks are not in any instruments we have today. The Solfeggio tones were used in the past and kept the monks balanced & healthy, using them eliminated fear, guilt, etc. Eventually the church suppressed their use, as control of people was their goal.
- Add any of them together, they come out 3, 6, or 9. Tesla said if you understand the 3,6, 9 matrix sequence, you understand the structure of the universe

Ute - 396 Hz - #9 vibration - helps liberate us from guilt, fear, grief, past hurts  
- works on all the astral bodies; to get us beyond the frequencies which hold us back

Re [ray] - 417 Hz - #3 vibration - facilitates change; letting go of old baggage; helps to clean chakras;  
reminds us we are worthy, a holy child of god

Mi [me] - 528 Hz - #6 vibration - Transformation and miracles; DNA repair;  
clears vibrations which are not in harmony with our being

Fa [fah] - 639 Hz - #9 vibration - connecting, relationships, family; supporting us as a co-creator;  
calls in the heart

Sol [soul] - 741Hz - #3 vibration - awakening intuition; helps us solve problems; balances right & left  
parts of the brain

La [lah] - 863 Hz - #6 vibration - helps us return to spiritual order; cleans the chakras - it reverses  
movement, restores order; clearing, returning to spiritual order

for 7<sup>th</sup> chakra, do all 6 together -  
angel frequency - very high - 4686 Hz

what he has been groomed for to walk us through the doorway

- the end of the Mayan calendar, Sat yuga is stepping in;

- How it ties in with radical shift is in the story that Morgan Freeman has told: **Through the Worm Hole** - a story about parallel universes;
  - a wild story out there as we approach the Dec 21/12, an anomaly will show up out of no where: it is the doorway of light that David Wilcock speaks of shows up - need the 12 strands of DNA to go through
  - all this is itself as the Venus Transit happens; about the feminine and the Goddess - all always goes back to the Mother and the centre of Milky Way Galaxy, her yanni - when you go through this, you end up in the void
  - Morgan F in the documentary talks about parallel time lines, parallel universes and the planet Herculobus and how these ones will be put on there to pick weeds for the next 26, 820 years
- In the meantime, earth & her inhabitants will see no 3 days of darkness: **this is about the light coming in** as never before
- Bono announced a concert in Burma for Aung Sung Ko Chi - the money is going to her & Burma
  - ugly stories about B because he sold out and bought shares in Facebook
  - he is going to drop the dime on Rockefeller's grandson who went to Rome with new bride
  - went to Rome: has to with the Club of Rome
- Why did Bush show up in White House to accept the new portrait of self and wife:
- Very convoluted - on the other side of the fence, is devastation of death in Syria, Bahrain, Egypt
  - it is Hillary; the dragon will be removed - all those having to do with the ancient ankle biters
- Talked with **Katherine, Larry, Curly, Sam Seder**: we are at most critical of junctures - with the last word of this eclipse and the Venus Transit - about the goddess healing the kundalini with yourself and your Twin Flame
  - brings in the goddess that heals and transforms; the goddess is taking the reins
- Katering: will see a series of energies come into planet: guns won't work, bombs won't drop, tanks won't work - the generals will have egg on their face - will have to figure out what to do next
- we are at the stroke now: what we are expecting is the divine finger of god showing up - that divine finger of god is directly related to what's coming in with Venus transit - Quetzquatal

**R:** S. Miller spoke of John Edwards case - he is a free man, but he is a pig; his money comes from Mellon family, who will be removed from planet - will be going to Dracos to be tried as inter galactic war criminals

**Tara's notes** from **Mosaic News** report

- This is all Hillary and Netenyahou in Egypt
- Akmed Shafick was officially strken off list, former prime minister of Mubarak; absolute agent of Hillary and Netenyahou - suddenly was put back on the ballot
- Muslim brotherhood have own self-interest, too - a hoax [election]
- presidential candidate Akmed Shafick said in a secret dialogue last week he would crush any revolutionaries and execute them if they even thought to oppose election results - that is, Hillary and Netenyahou are going to rig elections
- newspapers found out that Shafick's threats will deploy army and tanks into the streets if students they even think of protesting results if he wins the election - he is in bed with the military
- there is no constitution in Egypt so President really has no right; there is only the military junta which

means a military constitution, and the military are paid off by the U S with more \$ than is given to Israel

- In between building a new republic and returning to the oppressive past, Egypt is seeing a political disappointment - despite what looks like the triumph of Mohammed Morsi
  - election results will be difficult to predict
- Looks like Shafick, backed by military, will not win the run-off UNLESS foreign gov'ts intervene [America and Israel]
  - There was a meeting last week at which Shafick assured American officials & businessmen that he will arrest the protestors and execute them; he will not abandon Mubarak
- Journalist Alley El Aswaneh got the info; New York Times published the closed door secret inside talks
  - the reporter confirmed that Shafick pledged to US to protect its interests, repress the forces resisting the US projects, and stopping the Islamists by whatever means it takes -
  - Major General el Fungary, a member of the Supreme Council, called on the people to question what Shafick said and that he would use tanks to protect himself
- The *Jerusalem Post* quoting someone from Israel said Shafick is Israel's only hope! A continuation of the deposed president's alliance with DC and the strategic alliance with Israel
- 800 people were killed in the square, 1000s and 1000s were jailed, beaten and tortured: many are still there & no one knows who they are any more

T: is Susan Rice still working for the Light?

- R: **Katherine** said that she is a mediator, negotiator, tied in with Club of Rome, Committee of 300 -
- as the UN ambassador to the US has to walk a delicate, invisible line between the light & dark
  - K described it as Susan Rice walking this line where she may be absorbed by the dark side - she is scared -
  - they are threatening all over the place, yet they are shi't out of luck as weapons won't work when the signal is given
  - What do we do now? We start to discuss how to heal this story which is where no one wants to go except on the far left
  - S. Miller was talking about it & the conspiracy about so-called illegitimate son of Malcolm X

T: Susan Rice said there was a 7 point agreement with Kofi Annan and as people in the gov't, in the military, in the opposition were to capitulate, then things would be cool, and the Security Council would take action, but if Russia and China opposed this and violence, she took it into her own hands and said they would go around Russia and China

- When the UN is gutted, it will become the House of Micah, the house of unity
- China and Russia **are right to stand their ground** and not let US bully others
  - We don't want a civil war, either, yet at the moment, don't want the bullies in to kill all - they are arming the opposition:
  - Yet Hillary did something worse: the opposition did not do any of the bombing - it was all US bombs and she hired black tops to do it, then she had 4 American reporters killed this weekend.
  - The 108 women and children were killed by Hillary's black ops who went into their homes and shot them at close range!

R: compares it to what happened with the Nazis who killed all "non-Aryans" in Poland, France, Germany

T: They even killed their own kind! Hitler was an Azhkenazi Jew - really a Khazar

R: we are completing end of Mayan calendar: all the so-called confusions will be explained and the missing 520 missing years of why the Aboriginal Moabite Nations [is not recognized]

- right now why is the world in turmoil? Has to do with an ugly section of history - the hate speech against this man & 4.2 million jobs in the last 3 years - Republicans have nothing to say

**T: KOS** told Rama said that the actions to be taken now - it is about intergalactic war crimes now - are going to begin AFTER Venus crosses the moon, and AFTER the final eclipse [Jyne 4<sup>th</sup>] which is the 3<sup>rd</sup> super moon and the Office of the Christ for all of humanity

- June 5<sup>th</sup>, 6<sup>th</sup> Venus crosses face of the sun - **WILL NOT BE 3 DAYS OF DARKNESS**, would be thousands of degrees below zero and no one would survive - poppy cock!

**R: John Nichols** ranted about strange anomalies going on, our particular astronomical astrological things

- is this Nibiru that is behind the sun and we can't see it because it's larger than the sun?
- It has such a strong pull on all the bodies of our solar system or is it Elenin - is EL about elohi / elohim
- Nichols talking of huge events going on the planet that have to do with the distractions from coming to a place of balance and peace on the planet
- The distractions are John Edwards, Scott Walker, Rick Scott, Mgie Mittens, billions of \$ of Shelly Adelson. Randi Rhodes said that Adelson would rather be in Israeli military, basically cursed the US military- where does his heart lie? With AIPac and the Khazars & not Americans. She said his Vegas hotel is run down, service is horrible; Shelly A about to be indicted in the far east for crimes at one of his casinos in Singapore: money laundering charges that go to Rome - a Vatican hedge fund - & the heads of 25 of those hedge funds are no more; their parts were left on the French Italian Riviera

**Reading: UBC awards degrees to interned Japanese Canadian students**

[SEE BELOW]

- Canada took in Japanese and then put them in internment camps
- UBC invited all the students who did not finish school to come back and finish their schooling - FOR FREE!

**Notes:**

**Yemen:** Yemeni army troops with US backing advance towards town they say is linked to Al Qaeda intensifies its activities in the south

- MAJOR offensive going on - got the money from Hillary: we have killed many terrorists, we have also seized a huge quantity of weapons and ammunition
- the army's gain is not as much as the gain of the revolutionary forces [as the forces say]

**T:** this is called funding both sides of the war - all pre-planned!

- The patterns of victory are motivated by the Army's drive to restore its prestige after last year's activities - hundreds of protestors were murdered [our money!]
- Yemeni public outraged by the killings

**T:** Our country funded both sides of this war so they can kill each other!

**Baghdad:** car bomber

**Syria:** Now UN Sec General says UN observer mission in Syria is not there just to bear witness to what is happening; - some members of the Council are discussing other options - funding both sides of the uprising so they can get NATO troops in!

Activists are reporting shelling and attacks all across the country

**Cathy:** talking about the little "Bombs" of information that get dropped in the calls - amazing

**T:** Like John Nichols: did not quite say a star ship was around the sun - but got close to saying it!

- Today the "Dragon" Shuttlecraft - an unmanned, dropped a payload of food supplies on ISS - will bring it in with parachutes which is cheaper than having a landing on - saw it on JHK as the Japanese were involved with the electronics for the craft. After 12 times of taking payloads, will people up

- After NESARA, there will be shuttle craft in the technological releases

**Cathy:** what will be the most shocking thing that most of us feel we may have heard already on these calls?

- T:**
- hopes no one on these calls will be shocked
  - **KOS told Rama** on the other side of these 2 events which will put us in the galactic realm
    - they are going to do an arrest, and DC might see dead people as they think they can fight back!
    - These guys will not stop, as revealed in the story at the start about the killings - we had to witness that; we are all part of the 144,000 or we would not be here - the things we in this group do are part of the "Tag we're it" activity

**T:** that will be the big shock: the potential killings in DC -

- lightworkers running to Faction 2 ones and tell T&R you don't do anything, you just talk
- Even those who are right here, right now on these calls are still doing that to see if there is an answer here or there - we are telling you these ones have powers which are graded - like Hillary who is part of the Committee of 300 & she's the Black Widow of all Black Widows - she is playing the part of Lillith

**Cathy:** Meaning of the grading?

**T:** Z Brezinski is an ankle biter & has been neutralized: if it were not for the fact that Jehovah, Lucifer and Lillith have returned to love, that they are cut off from underground bases and escape routes to off planet refuges

- Brez has been neutralized: he could take out the planet with the power of his 3<sup>rd</sup> eye and the sound of his voice!
- The ones doing their bidding and getting in over their heads - not one strand of Hillary's DNA since 2008
- go back to time Susan Leland was on one of T&R's call and said that not one strand of Hillary's DNA on the planet

**Cathy:** we hear this, we understand this, we own this - yet and still we have her clone and all the ugly stuff going on and there is such weariness -

**T:** we are the luckiest servers on the planet: we get to talk to Mother every week for the last 12 years! And a lot of the light workers do not want to hear this - and many of them are wolves in sheeps clothing and we will be surprised at who they are. They are operatives and assets of the CIA; some are better at cloaking themselves in sheeps' clothing than others

- Yes, all roads lead to Rome
- Need to send more love to them and to ourselves!

**Cathy:** we are used to hearing so many things, but we can still be shocked!

- T:**
- Even the most amazing whistleblowers don't quite understand to this level, and still think some ones are cool
  - she talks a lot on the Aboriginal calls, they area a bunch of church goers yet now they are ready to hear things; slowly but surely the others who left the call are coming back & they are listening with all ears - and why? Because things are going on that humanity cannot fix - they will be glad to see the ships land -
  - People do not see another war with NATO troops who killed over 50,000 people in Libya thanks to Hillary
- KOS starting on the 7<sup>th</sup> of June, anything goes according to Mother - expect the unexpected there will be no harm to innocent people here
- In Bahrain, the young man stopped his fast; put 2 of his daughters in prison - these ones will not

stop and humanity is saying we will not be subjected to this kind of killing:

- the teachings of Allah, the teachings of Christ, the teachings of the Buddha, they are all one;
- the teachings of the Christian, Islamic traditions have been downgraded by the Vatican - like killing girl babies in China and other places, and aborting girl babies in Canada

**Notes:** Susan Rice speaking: Decision rests with Syrian gov't - if it does . .

- if it does not, then this Council has an obligation to act
- Al Jazeera says to a AJ reporter: what do you hear about the detainees who have been released?
  - Haven't been able to verify the numbers and the names. Gov't says it is 500; she thinks the opposition will say it is a drop in the bucket - 10s of 1000s have been detained - 10s of thousands in the past month;
  - gov't will have to release a lot of detainees if the opposition is to believe anything,
  - Kofi Annan has been hammering this point - the gov't has been detaining them to put pressure on their families
- AJ comments about diplomatic comments from UN: will this have any effect?
  - Reporter - probably won't make a dramatic difference - been hearing conflicting messages from the countries themselves - have heard Susan Rice saying
  - Then Hillary Clinton says for any military action ,the world and US needs diplomatic support - how long will Russia hold on to Syrian Gov't

**T:** need to hold on for Syrian Gov't and the Syrian people

[people in Iran love the Americans - don't like the Ayatollah, and Ahmadinejad spoke openly about the US and said 9/11 was an inside job, and more than once, and 40 countries left with all of their folks - Hillary was the first to leave, with Susan Rice]

- major gov't crackdowns, killing people all over the country, and sectarian breakdowns
  - seems like Syria is falling into a civil war that it will never recover from

**Notes:**

**Myanmar's** opposition to Aung Sung Ku Chi speaking in Thailand, speaking about the role of tourism in Southern Asia - first trip abroad in 24 years - either in prison or in ankle bracelets - will meet Thai deputy prime minister

**Notes:** Uhmad Pichek is a member of an Al queda link - prosecutors say he made the bomb that was used in Indonesia

- in court, he apologized to the families of the victims and pleaded for a short prison term

**India:** strike over rise in gas prices - it is \$2.50 a LITRE and raised it 11% rise / litre.

- It could further damage growth of economy which is slowed to 5%
- Most are saying gov't has to manage economic policies much better
- all are feeling the pinch - salaries remain the same, prices are going up: budgets going haywire!
- Despite the anger and the incompetencies, 80% of oil is imported and the cost of bringing it in is rising - rupee has severely depreciated to the dollar, and because it subsidizes the fuel costs

## **Mother:**

In the light of the Most Radiant One, and in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St. Germain and the violet flame.

**T:** we ask for strength, for perseverance, the qualities of balance, to be calm, to take care of details in house cleaning, to make ourselves available to the people more than ever; as the people are seeking, there are few of us relatively to do this work - as we do this work, imbue us with stability and divine compassion and for all those speaking out too that they have the courage to share and take part in sharing.

## **Greetings Children of Ra**

- In these moments of time, as you have asked to get a different point of view about reality as you see it, as we see it
- there is this cosmic story as we call it; it seems that as we go these cosmic cycles of transformation, transfiguration that has everything to do with the story called "the big bang";
  - this is about the cosmic union of twin flames and the frequencies of love coming in that is of cosmic orgasm ecstatic joy - that is what is happening in the reality in the midst of the valley of the shadow of death, as you walk through Mordor
  - we are walking through Mordor at this time - and looking at that which is most unlike the light that is pouring in from the trillion suns and then some.

What kind of mind would create this kind of death?

- It is what you speak of - it is about everything that is unlike love coming to the surface to be healed in this moment, this transitional moment; no accident that it is about the dragon story
- Indeed you have this 50 ft dragon in your midst -
- It is about the story of the gold and all of the pieces that fit together like a collage: the gold dust runs through your veins, through this planet
  - the entire story is about Nibiru, the gold dust
  - our children that have taken it to the limit now and at the moment it seems you are walking this story; it is most intense; the radical shift that is occurring in all of us that is affecting every things, all lives, all realities in whatever form it comes
  - it is in this moment, praise respect thank and love all the feelings which come up, all the feelings of the most unlike love which are coming up for good reason
- As we have been talking about for many moons now, you are witnessing and experiencing the twilight of our children - going into the sunset
- It is this of what we would say on the eve of this eclipse and the frequencies of Merk and Lady of the Sun, Beloved Ascended Master Sanat Kumara, LM Venus, Quetzalcoatl
  - the frequencies of gold and the frequencies what this represents and all that is happening on the planet has everything to do with the neutrality that we walk with each second of each day as we hear the stories - how big a test is this?
- We will put it this way, ladies and gentlemen: it is the story of what you asked to come in and do as co-creator gods with the abilities of co-creator gods:
  - as Sister Cynthia said last night: ye are gods, do it, do it well, do it now!
- You're being instructed in a certain way of how timelines and energy shifts are happening at such an exponential level that it is hard to comprehend of all it encompasses.
  - It has everything to do with your ascension and the frequencies that are affecting your physicalities; it is indeed hot in the kitchen! We do smell the BBQ on the grill!

- It is about that moment of what all have asked for in terms of the next step, how we take that which you observe what we call our UN: House of Micah; yet it does not reflect the House of Micah.
- This brings in the next level of what is occurring with all of us, the heroes and the prophets who have solutions, along with all of us - the unspoken, silent, 3<sup>rd</sup> party of the story that gets talked about after the fact.
  - At this particular moment, the cosmic super glue is being added to the story, that is that initiation, the energies that are working together that are shifting time and space and molecules and affecting all matter, as well as anti- matter; there is such a flux in this particular sector of the galaxy and this has everything to do with what is lining up
- People are asking Is your ship in orbit? What is this story about? It is about us coming to collect our children who have the power of Q; you have the power of Q.
  - This is a different kind of passion play that has everything to do with The Avengers, the magic of who you are as co-creator gods with the abilities to heal this world in this very second, now!
  - we do it with neutrality and unconditional compassionate love pouring through - you may not understand this cosmic reality, yet we will define it as best we can - the trillions of souls that we witness leaving every day: if they only come in for a short moment, they have asked to come in and experience physicality. That brief moment has to do with the divine rights of humanity that have asked for a few seconds in time: a child in Syria - gone in a few moments, yet whatever that child may have experienced in that moment, they have transfigured and changed the time and space for trillions
    - if only I get to be here for one more second, how we say - yet that one child only said "I want to see the face of my father, my mother for one more second before I go"
    - it is about the unconditional love for one second - yet gut-wrenching to look at yet with a single word - we are seeing the death camps all over again -
    - yes, it is like walking through Mordor, time for the ring to be put in Mt Doom forever and end this story
    - that is what all of us are doing in this moment, as we have the ability and the understanding to have the divine compassion to change this, and the things that we do not have the understanding to change - turn it over to All That Is and surrender and just say "I know not how to - except to love myself, for whatever I may see and witness in this moment of time, it is about this compassion that walks through the valley of the shadow of death and it is about the light that is so bright
    - we will say your future is so bright you gotta wear shades! You are co-creator gods and you are co-creating this star, Tita Lacoria - yet at the moment it looks like Mordor - this is the divine paradox - yet you came in here to find out how deep it does -
- as we line up for 12 - 21 - 12, we line up the anomaly - let's call it the nexus, the wave of energy that ripples across time and space
  - as you witness the nexus, it is such a place of divine ecstasy you may never wish to leave the nexus
- it is about that reality: the only to describe it is this is the energy of what is coming forward from our creation - the compassion we have for all of our divine creation to take the evolutionary leap in divine consciousness - all that is occurring in our DNA - it is not like it was 5 minutes ago!
- By Dec 21, 2102, our DNA will be looking like what we have been discussing for eons of time: we are the co- creator gods with the abilities of Q - in our best interests to start using them
  - As what happens as you learn to skills to use the force, miracles occur in the very moment of time when you least expect it - it is that divine magic which is occurring.

**T:** are you going to actualize your coming? It would be great to bring in your ships and

**Mo:** as you witness the eclipse of the Transit of Venus and watch what lines up with your planets and the local solar system: as Bill Hicks has described, this is a ride with ups and downs, and ins and out, and twists and turns.

- It is like what Terrance McKenna describes: you are in the naqual with death on your shoulder; get used to it. It is how we do this together. If the jaguar woman looks at you, greet her, give her a drink of water, smile at her

**T:** Are you trying to say we will get lots of help?

**Mo:** **YES** We are all here, just waiting to be invited in by the man who holds a key to this - it is about the emissary of this story, the Council of 9 - a very ancient story that is about divine love in the midst of an ancient war that involves so many different systems, cannot comprehend or count the many ways to talk about it

- This very much parallels your story of Star Wars; it is ending now - the conclusion of the story: a day in the life of a galaxy

**T:** uplifting to hear about things more universal: things may seem like they are going slow, but they are going very fast!

**Mo:** **Yes**, things are happening at Warp 9 and the other war criminals will be rounded up summarily

**T:** Good news: Charles Taylor got 50 years [from ICC in the Hague] - there are 8 or 10 now on the list to be picked up and tried.

**Mo:**

**T:** that will be the day when we see things happening on this side! [of the pond]

**Mo:** what we will say about our wayward daughter:

- she is the catalyst to bring up that which is unlike the frequencies of living light, living love that comes from South - it is what we could call anti - matter,??
- without anti matter, there can be no matter - it is the divine mixture in our reality: as you expand and develop the creative abilities to love yourselves across this galaxy, we will understand the magic of what is at our finger tips - it is with such beauty and grace of what we have accomplished -
- we are passing the guantlet to you: indeed, this is the next step where you are taking the reins of the cosmic story as co-creator gods, the Avengers, the X Men
- the big test test begins now: how to look on this story and get beyond anger and hate - that is the test because the lure from the dark side to give into the hate; it is very enticing - it is like the white lady who can praise you, enchant you, then take advantage of you when you least expect it, & spit you out - it is the energy of the dark side
- the challenge is to love these ones and send as much compassion and joy as they can hold
- it is such a paradox yet at the same time there is not the moment that we walk to the showers:
- We say to you in these last moments: please go through this eclipse and frequencies of the moon cycle with the greatest of compassion for our wayward children; they are at the greatest moments when they do not know what either hand is doing - send them all the love they can hold & more
- **that is our test - there is no road; we create it as we go**

**Cathy:** people like Hillary and those mentioned every week: what are they doing? It is the ultimate sacrifice because even though of all the ugliness that we know about them, they'll be tried and have lifetimes of karmic paybacks - what comes for them, words can't speak!

**T:** there is something called 2<sup>nd</sup> death, which means no more lifetimes; all the lifetimes they have lived will be gone; they will go back to the Void, as if they have never come

**C:** That is for the worst of them. For those not losing their soul matrix, they will have karmic debt as wide as a river !

**T:** when they go back to Dracos and are tried for inter galactic war crimes, what happens?

**Mo:** what they have sown: it is about making restitution; this goes all the way back to Anti matter, the Aurora Sun System - they blew up a whole constellation!

**Mo:** As we send them back to Dracos, Princess Ardolla and King Dracos will deal with them

- the Draconian history is a fabricated History and as this comes to light, the divine unconditional love and compassion for all creation comes forth in the sense that there is within the abilities of the Sarise races, they are extremely sharp with the sciences and the abilities that are of . logistics, as their greatest abilities are re-integrated back into the ancient racial memories of the cultures

**T:** and there won't be any darkness anywhere ever again?

**Mo:** Yes! It is Sat Yuga!

**Closing:** Cathy

*UBC is holding a special ceremony to honour the students whose university experience was disrupted when they were uprooted from the B.C. coast in 1942 and exiled to internment camps. (UBC)*

The University of British Columbia is bestowing degrees on 76 Japanese Canadians and Canadians of Japanese descent who were forced off the campus as students following the 1941 bombing of Pearl Harbour.

A special ceremony Wednesday recognized and honoured the students, whose university experience was disrupted when they were uprooted from the B.C. coast and exiled to internment camps in the province's interior and across the country.

One of them, Mits Sumiya, wanted to become an engineer but spent four years in a prisoner-of-war camp in Ontario instead.

Sumiya said that he doesn't blame UBC for what happened to him.

"They didn't really kick me out," he said. "The government made it impossible for me to get back."

Sumiya and nine other former students were back on campus Wednesday afternoon to accept degrees.

*Mits Sumiya was one of 76 students banished from the UBC campus 70 years ago after the Canadian government removed Japanese-Canadians and Canadians of Japanese descent from the coastal areas during World War II. (CBC)*

While just 23 of the 76 former UBC students are still alive and only nine will be attend the ceremony, family members will accept the honorary degrees on behalf of the others.

Official academic degrees will also be re-conferred for the students who completed their studies but missed their graduation ceremonies because of the internment.

For Sumiya the recognition from the university means a lot.
