Justification

Brief Description of Needs (100 words or less) Why do you need this item(s), what problem (s) will the purchase solve, what do you hope to achieve, etc?

Considering that these items are very difficult to find in the bookshops and also expensive to buy I think that would be very important to have in my class. The teaching process will be easier with them.

Will others in the school or community benefit from this purchase? How so?

From these items will benefit students a lot. Also the other teachers (of my school) will benefit because we will use together.

Will the purchases be useful long-term? For how long will you or others be able to use them? How?

These items will be used long term because teachers will keep them in their lockers and will save them.

How will this purchase improve/enhance student learning?

These items will facilitate (make the lesson easier). I'll have a chance to play them songs that they like through CD player, flashcards will help us to demonstrate new vocabulary etc.
