

Oil, Mining and Gas Events 2018 for Goxi

Event	Info	Organizer	Date	Place	Cost	More info
Webinar: Her Land Her Story	<p>CCSI, together with the Land Portal Foundation, the Cadasta Foundation and the UN Sustainable Development Solutions Network's Thematic Network on Good Governance of Extractive and Land Resources, will co-host an interactive webinar to highlight the critical links between securing women's land rights and promoting sustainable development. The webinar will feature selected stories from the <i>Her Land Her Story</i> campaign. This webinar will take place Friday, April 20 from 9:30 to 1:00 am EDT / 2:30 to 4:00 pm GMT. Sign up here before Tuesday, April 17. See here for more information, including a list of confirmed speakers.</p>	CCSI	April 20	Online	Free	https://bit.ly/2HXHTFf

<p>Biennial Conference of the Section on Energy, Environment, Natural Resources and Infrastructure Law (SEERIL) 2018</p>	<p>Covering the biggest legal issues and challenges facing the natural resources, energy, mining, oil and power, environmental law, water and international construction industries during a time of transformation and disruption. Attendance at this event will ensure that you stay up-to-date with issues and opportunities and will provide you with unparalleled networking.</p>	<p>IBA Section on Energy, Environment, Natural Resources and Infrastructure Law (SEERIL)</p>	<p>April 8-11</p>	<p>Lisbon, Portugal</p>	<p>Non-member €1,155</p>	<p>https://bit.ly/2GAbWVs</p>
<p>12th Forum on responsible mineral supply chain</p>	<p>The 2018 Forum will provide the opportunity to review and discuss implementation of the OECD Due Diligence Guidance for Minerals and other initiatives to enable responsible mineral production and sourcing. More than 700 stakeholders will come together to discuss drivers for responsible sourcing</p>	<p>OECD, the International Conference on the Great Lakes Region and UN Group of Experts on the Democratic Republic of Congo and is supported by</p>	<p>17-20 April 2018</p>	<p>Paris, France</p>	<p>n.a</p>	<p>https://mneguidelines.oecd.org/forum-responsible-mineral-supply-chains.htm</p>

	across various minerals, alignment of industry programmes, the OECD portal for supply chain risk information, government monitoring of Guidance uptake and promotion, company risk mitigation and reporting, the role of commodity traders and country-level implementation progress in India, Europe and West Africa.	the European Union				
6th Mozambique Mining, Oil & Gas & Energy Conference and Exhibition (MMEC)	Building on the success of the 2016 edition which featured: over four hundred delegates, one thousand visitors who originated from twenty-seven countries. MMEC 2018 will continue to showcase and explore developments in our country's thriving Oil & Gas, Mining and Energy sectors and to also focus attention on the potential opportunities, lessons learned by key investors and	AME Trade Ltd,	April 25-26	Maputo, Mozambique	This information is not included on the event webpage.	http://ametrade.org/mozmec/

	<p>the creation of new business partnerships.</p> <p>MMEC 2018 will also give stakeholders the chance to assess scalable impacts from social inclusion programmes and their influence on sustainable and inclusive development and growth. Other sessions will focus on the environmental impact of mining operations and how to minimize it and sustainability in mining: Managing Local community expectations</p>					
<p>FOURTH SYMPOSIUM ON URBAN MINING AND CIRCULAR ECONOMY</p>	<p>The Symposium will last three days and will include oral sessions, a poster session and a technical tour. The following topics, among others, will be extensively discussed: waste avoidance, sources and characterization of resources in urban areas, technologies for the</p>	<p>EUROWASTE SRL</p>	<p>21-23 MAY 2018</p>	<p>BERGAMO, ITALY</p>	<p>€ 450</p>	<p>http://www.urbanmining.it/</p>

	<p>extraction of materials, techniques of waste segregation, separate collection, takeback programs, recirculation pathways and markets, recovery of abandoned urban areas, carbon and water footprint of material recycling, economic and legal aspects, urban mining and circular economy concepts in developing countries.</p>					
<p>AIMS 2018 – First International Conference – Mines of the Future</p>	<p>The Institute of Mineral Resources Engineering (MRE/RWTH Aachen University) as organizer of the Conference looks back at a long tradition in mining education and mineral resources research in Aachen. For the last 20 years, the Institute has been organizing the Aachen International Mining Symposia by selecting particular topics covering</p>	<p>The Institute of Mineral Resources Engineering (MRE/RWTH Aachen University)</p>	<p>MAY 23-24</p>	<p>AACHEN, GERMANY</p>	<p>Euro 395</p>	<p>http://www.aims.rwth-aachen.de/</p>

	<p>aspects of the production of mineral raw materials. Main Topics will be:</p> <ul style="list-style-type: none"> ▪ Technological advances and innovation ▪ Best practices and benchmarking ▪ Responsible and sustainable mining 					
<p>20th International Conference on Extractive Metallurgy, Mineral Processing and Environment</p>	<p>The ICEMMPE 2018: 20th International Conference on Extractive Metallurgy, Mineral Processing and Environment aims to bring together leading academic scientists, researchers and research scholars to exchange and share their experiences and research results on all aspects of Extractive Metallurgy, Mineral Processing and Environment. It also provides a premier interdisciplinary platform for researchers, practitioners</p>	<p>ICEMMPE</p>	<p>MAY 28 - 29,</p>	<p>TOKYO</p>	<p>EURO 450</p>	<p>https://bit.ly/2IXDIQG</p>

	and educators to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the fields of Extractive Metallurgy, Mineral Processing and Environment					
EaMP 2018 – 22nd International Conference on Environment and Mineral Processing and workshop „Wastes: Critical Raw Material Resources	EAMP Conference is open to scholars, researchers, experts from the industry, state administrators and partner organisations that are active in mining, processing of mineral resources, and waste disposal or reuse in relation to environmental protection. The conference represents a platform for the exchange of practical experience on new technology, international projects, and research and development. This way, time is devoted to discussions on the topical issues that the stakeholders in the fields of	Technical University of Ostrava	31 May 2018 - 02 Jun 2018	Ostrava-Poruba, Czech Republic	Euro 300	https://www.hgf.vsb.cz/EAMP/en

	mining, mineral processing and waste reuse face worldwide.					
European Development Days in Brussels	Organised by the <u>European Commission</u> , the European Development Days (EDD) bring the development community together each year to share ideas and experiences in ways that inspire new partnerships and innovative solutions to the world's most pressing challenges. Executive Training on Extractive Industries and Sustainable Development	This program is held each June at Columbia University in New York City. The 2018 training will take place from June 4th through 15th. The training is designed to equip participants with the necessary skills to promote the responsible development of the extractive industries sector in resource-rich developing countries and to encourage a rich dialogue	Columbia Center on Sustainable Investment	June 4-15	New York	\$4,975	https://bit.ly/2HXHTFf

	<p>about best practices from around the globe. The two-week training emphasizes the interdisciplinary nature of resource-based development. By working through real case studies and with practitioners and experts in the field, participants will be able to apply analytical tools and frameworks to the unique context of the extractive industries in their country.</p>					
<p>SYMPOSIUM 2018 ROUYN-NORANDA</p>	<p>The Université du Québec en Abitibi-Témiscamingue (UQAT) and the Canadian Institute of Mining, Metallurgy and Petroleum (CIM), invite you to Rouyn-Noranda, Québec, Canada, to attend the Symposium 2018 on Mines and the Environment, from June 17 to 20, 2018 at the Convention Centre of the Hôtel Gouverneur de Rouyn-Noranda.</p>	<p>Université du Québec en Abitibi-Témiscamingue (UQAT) and the Canadian Institute of Mining, Metallurgy and Petroleum</p>	<p>17-18 June</p>	<p>Rouyn-Noranda, Quebec</p>	<p>Before May 11 US\$ 515(non member) US\$415 (delegate member) Student 95\$</p>	<p>http://rouyn-noranda2018.cim.org/en/symposium/</p>

	<p>The Symposium is the result of a collaboration between the Research Institute on Mines and Environment (RIME) UQAT-Polytechnique, the Unité de Recherche et de Service en Technologie Minérale (URSTM), and many government actors and mining companies.</p> <p>The objectives of the Symposium are to share recent knowledge and research developments and to discuss common practices to find solutions that reconcile profitability and environmental protection.</p>					
<p>4th International Conference on Environmental and Economic Impact on Sustainable Development</p>	<p>The meeting will provide an international forum to discuss the most serious problems affecting sustainable development. The Conference will consider the impact of</p>	<p>Parthenope University of Naples, Italy, Wessex Institute</p>	<p>June 20-22</p>	<p>Naples, Italy</p>	<p>€ 890</p>	<p>https://bit.ly/2tDzxP7</p>

	economic constraints on the environment, taking into account the social aspects as well as the over-use of natural resources.					
The World Bank Group Global Conference on Gender and Oil, Gas and Mining: New Frontiers of Progress, Challenges and Solutions	The main objective of the conference is to share and build knowledge among practitioners and scholars working in the gender and oil, gas and mining space.
