Hard News:

R: yes there is lots going on! Has 35 miles to empty: really needs help! It's a little intense, thinking about the next moment! They have 3 past due bills – about \$175 – they need assistance!

T: need to catch up on the radio too. Knows **Christmas** has just passed; also knows that if those who

have not contributed could give \$5, that would help. She confirms that prosperity is showing up for everybody!

Tom the Cat, Larry and Curly, Elizabeth Warren [by phone] she was saying that what is going on in US is an absolute crime of the highest proportions. People working for GM & other places need to be getting at least \$50 an hour; people working at Burger King, MacDonalds and Jack in the Box to be at \$25 plus full benefits and free health care, like in Europe

- what has been going on since a fake president got in: **Reagan never was president**, it was Bush Sr whose real name is George Schirff; he is an international, inter galactic war criminal and he is not even real!

Tom: we are at a critical juncture: Mr 19.5* - none of them have an idea what Obama will be talking about, but there is a cheshire grin on his face. [State of the Union Address]

- On one side of the hall will see all the international, intergalactic war criminals;
- on the other side, Democrats are doing what they can – yet there are folks who have sold out to the billionaire bad boys – Blankfien, Jamie Dimon and others;
 - there are no words for how they play with the hedge funds and do deals.
 - In spite of the heinous crimes they are doing , we are still moving up - energies increasing

Warren talked about how so many things are moving forward to get the US back on track

- has to do with changing the infrastructure of how we do business; she did not say who, what, when or how, but there are folks who can help. Could not say more except that she has a gag order & Rama doesn't
- There are folks who can help with the transformation; we are going back to an agrarian society: when the land prospers, the people prosper
- talked of mag level trains & the technologies of frequencies and not having to use fossil fuels ever again; no need to give your soul to the corporations who only want to take your money and see you in a coffin!.
- most of the founding fathers were farmers, a few were doctors and lawyers; they did not spend time in Washington renting offices & dialing for dollars; spent maybe 3-4 months in Washington, the rest of the time, they were taking care of their farms & making the country grow – she wants to see this happen again
- also talked of same sex marriage

R: had a twitter chat on gay marriage with George Takai, a k a Lt Zulu [Star Trek]: the way things are going, same sex marriage will be a right in the US [Supreme Court to hear this in April]

- George said we can make this happen, it opens the door wide for our galactic brothers and sisters to interact with us; Gene Roddenberry's dream: as we become a galactic society in line with our higher wisdom, the realm of possibilities goes to infinity

Larry, Curly, Tom the Cat – things moving forward radically re full disclosure in spite of what is going on there with petitions etc – IT IS RIGHT NOW! We have people who are not from here guarding the President in the West Wing.

- so many others that are right here with us; as the changes happen, the international, inter - galactic criminals who have been trying to cover their asses with a flimsy story about xenophobia do not want the rest of humanity to achieve their physical immortality and other dreams.
- They have an ancient, ancient, ancient story that has been cancelled, yet we are still watching it being played out with the crackdown on ISIS and others which is being carried out by our International, intergalactic war criminals, paid for by the taxpayers of the country, who create the laws to create an atmosphere of fear and absolute hatred.
- E. Warren also quoted “Lord Make me an instrument of thy peace; where there is hatred, let me sow love.”
 - R's mother marched in Selma, as did Tara; at the same time, these creepy old Jewish white men rule Hollywood with an iron fist; if you go against them as you saw with the Golden Globe, you get put in the waste basket.
 - **Selma** should have won: has to do with the iron fist: the awards are all a fiction and so is the

country as Tommy says.

Camp Lovewave, Teran and Bear: there is an overlapping story which has to do with the fiction:

- they have stolen our dreams and re-programmed us. There are so many facets to this crystal – goes back to 1947 when 4 beings came to earth [Roswell incident]
- Sanni Seto [google it] was one of the commanders of the craft;
- she is now in a female body, lives in Silver City, NM. She shared with Rama that after the crash, all their technologies were stolen; all the technologies like transistor radios that are so advanced that he is holding a mike, and talking across the internet / inner net – all has to do with the technologies stolen from the 4 beings
- The 4 of them asked Earth to end the nuclear tests; otherwise, they have friends that will stop you – now the dark ones are threatening WW 3 & things have come full circle: they are stopped.
- There are stories out there that Obama and Kerry are playing footsie with the oil markets, and Saudi Arabia is going down like a rock!

Tom the Cat heard that billions of US dollars going to Saudi Arabia will be cut off! When oil is not at \$90 a barrel, the SA people are hurt; the people of Saudi Arabia want freedom of speech; to drive, to get on Twitter, to sing and dance like the rest of us!

- R does not talk to the families of King Fahad any more; last time he talked with the King, he told him where the lion lays in the savannah! He had 40 wives and 160 + kids; half of them are aligned with the light, the rest with the other side.
- This has to do with the fake story of Mother's children – the Annunaki, Marduk, the fallen ones –
 - Zacharia Sitchen had many of the pieces of the stories; he was manic depressive – happened because of the ways those ones manipulate you and make you do things –
 - as we go through this weekend and MLK's speech: I have a dream: this was a HUGE deal at the time; his cousin, Rev Al Sharpton will not let this go down quietly: the people of colour will have their country back right now!
 - And She Who Was Here before the gods were here: Mother Sekhmet, Moxther Zudiachus, where all the sectors meet in the heart; this is where all changes
 - this has to do with the ancient story that the archons are part of; there are so many quintillions & Quintillions of beings that stood as pillars of energy when Lucifer and AA Michael were co-regents at the beginning, and then there was the idea about playing with free will

T: We were warned that there would be consequences, and that to find the truth of who you are, you needed to think with your heart.

R: the high heart and that is where, in our ignorance, we wanted to play – and today it has come full circle where “I am Charlie Hebdo”; “I am Troy Davis.”

R: Dr Stephen Greer put out a picture of the **ET ambassador they saw in 2009** in the Joshua Tree National Forest; the group saw him materialize above the crowd, heard the voices talking.

- At the same time, we have French soldiers and US soldiers with fully automatic weapons & masks on their faces – they look like ISIS & are in the streets of Paris, London, the US – has all to do with the small group of lifeforms who do not want to give up the idea that we are all equal.

T: there are gazillions of stories about the galactics from Andromeda to Pleiades to Mars

Reading: 2015-01-13 **Sen. Bernie Sanders Brings Republicans To their Knees With Keystone Pipeline Amendment** [SEE BELOW]

- Brilliant that Bernie has done this! Puts the Repubs between a rock and a hard place with constituents

Quote from the article:

“The language of the amendment reads,

“It is the sense of Congress that Congress is in agreement with the opinion of virtually the entire worldwide scientific community that—

- (1) climate change is real;
- (2) climate change is caused by human activities;
- (3) climate change has already caused devastating problems in the United States and around the world;
- (4) a brief window of opportunity exists before the United States and the entire planet suffer irreparable harm; and
- (5) it is imperative that the United States transform its energy system away from fossil fuels and toward energy efficiency and sustainable energy as rapidly as possible.”

2015-01-17 Israel expresses outrage over an ICC probe into Tel Aviv's crimes in Gaza
[SEE BELOW]

R asked Elizabeth if Netanyahu has been taken out;

- she repeated that she has a gag order and “No comment!”
- when T & R hear “no comment”, it means we can't really tell you and, usually, the answer is yes based on past experience

T was asked: thought they weren't going to clone anymore?

T: the issue being brought up is that they have not announced & arrested the criminals yet; want to keep all these ones in place so when it comes time to hold them accountable, there is an image of some sort for the consciousness of the planet to see and understand more completely

T: E. Warren: minimum wage needs to be raised to \$25 / hour. After the arrests and Patrick Fitzgerald gets out there , and after we have all the hours of education [maybe up to 120 – 150 hours] - no more fake reality shows or Shark Tank or The Apprentice of Donald Trump – this will happen.

- T & R have a 2 hour piece on Archons – ties in with Israel, white supremacy,

E. Warren has a gag order – there is technology that can grow nutritious food fast & creates complete rejuvenation at the seed level

R: the seed pods in the Giza are for putting xenon gas in the atmosphere so gardens show up and we can grow food – the whole Sahara Desert is going to be a garden again

E: We will have a way of growing trees that takes less than 100 years, not 1000 as in the past –

T: this will be the oxygenator that will completely re-grow our forests

- We will have technology that will reverse methane gas , the radiation poisoning, the dioxides, the mercury, the coal ash –

T: the dark ones have given us an A+ place to show what the galactics can do!

- E also commented: \$25 / hour to poison people more? The new technology can gut the old fast food places and bring in technologies to create delicious food quickly without sweat & tears that people will like: no more Franken foods!

New U.S.-Cuba travel rules take effect **2015, Jan 17**

NBC's Mark Potter shares with Alex Witt the latest from Havana as the Obama administration's new rules relaxing some travel and trade restrictions go into effect Saturday.

Transcription: new travel rules in place for Cuba; United and others getting ready to go there

- expanding the airport, building hotels, adding cabs,
- Still a lot to be arranged: use of American debit and credit cards; at the moment, the US tourist has to carry cash; work on landing rights which have to be secured.
- Cubans on the street are ready for all the changes to take place
- US officials hope this will improve things for ordinary people in Cuba; they also vow to push Cuba to improve its political and human rights approach

- People in every country moving overwhelmingly towards freedom! Same as in Saudi Arabia: no flogging for blogging!
- As Omena said on Thursday: as we rise in consciousness, we need less and less of everything.

E Warren: not only does George Clooney's wife have a law suit against the Bush-Clinton crime family for 9/11 and all since then- genocide and war crimes, she is also nailing Isreal for international war crimes and mass genocide: also a rumour that Clooney is thinking of running for president

- She represented Julian Assange and Edward Snowden also.
- EW said something is happening NOW
 - Mother is serving orc stew NOW
 - People waiting for dinars to fall in their laps: that is a dead end NOW – these kinds of dead end things suck your energy and split your awareness: cannot serve two masters.

Supreme Court to decide on gay marriage

Weekends with Alex Witt 01/17/15

MSNBC's Emma Margolin talks with Alex Witt about the significance of the Supreme Court's decision to hear same-sex marriage cases this term, and details the cases challenging gay marriage bans in four states.

Kenji Hoshino, New York Law school Professor, on both Mellissa Harris Perry's & Alex Witt's show

- the discussion will be about where do states rights begin and end: 4 states have banned same sex marriage.
- There are some sex couples who want to adopt: they have a black child, an Hispanic child want to marry to do this.
- It is a nationwide right to choose your partner:
 - at the higher vibrational level, we go beyond sexual activity and what is done to reach orgasm; as we move higher and go past the 1st chakra region, we go beyond this – 7 chakras plus another 6!
 - We have 17 trillion cells that respond with joy when we go up in the beam: as we go beyond the 13 chakras
 - In the Pleiades, ceratin chakras are joined between a couple who look into each other's eyes and a third being comes into being
- There has been a state-by-state strategy to be for or against this concept.
- Once a judicial circuit is split on an issue, then the federal consitution cannot mean something different Depending on where you live.
- One of the cases raised an issue: plaintiffs in Ohio raised a claim that when Ohio does not recognize out-of-state gay marriages – so where do we stand as we were married outside of Ohio?
- It all comes down to Justice Kennedy – Kenji's lawyer friend says he writes or says nothing until he thinks about what Justice Kennedy would say. Thinks it will be a 5-4 decision with Kennedy going with the liberals.
- 11 years since Massachusetts has passed the law supporting same sex marriages
 - Kentucky, Michigan, Ohio, Tennessee – these states are arguing with all they have!
 - The one argument that has been able to stick is the states rights one
- Main argument to be presented: will be a matter of state rights or constitutionality that Supreme Court needs to resolve
- the cases are coming from same sex couples in Ohio & TN who want out-of-state marriages recognized
- Michigan: 2 plaintiffs want to marry in the state so they can raise the children they have together.
- The greatest sin the cabal has created is inequality in all areas of life

Florida: a training program for the police: a sharp-shooting program in which they use african americans as the paper targets!

- This is pre-meditated: in Afghanistan, Iraq, Iran, Saudi Arabia, it's the **Wahabism that has created this situation** – from the 50s to the 80s, everyone is wearing western clothes, women graduating from university [from an article they read on an earlier program]; Iraq's education was to a higher standard than that in the US and it was free
 - When 1987 came, the age of the 5th sun dissolved and the energy of the 6th sun emerged at the time of Convergence in August.
- this is what Carlos Nakai was talking about on a radio show
 - **the documentary called Bridgewalkers** [played 2-3 weeks ago] [See info below this section]
 - Carlos Nakai played with George Harrison, Ravi Shankar, Yehudi Menuhin – they went around the world, playing eastern/western fusion music
 - The *Native American Calling* show has Carlos Nakai's music on
 - Robert Mirabal, Carlos Nakai, Qetaro and others were on stage; Qetaro's drum was 10/12' tall
Mirabal's daughter & wife were singing and Robert was playing his flute: people in tears
 - Apache, Dene and Hopi are from the Pleiades, Sirius and Mars
 - Indigenous people from **all over the planet** were at this Rainbow event in Greenland

Bridgewalkers (2013) Published on 24 Sep 2013
https://www.youtube.com/watch?v=T_ZkkRm6ih4

BridgeWalkers. A Film by One River Productions (2013). Directed by Kara Rhodes, Jim Whitney, USA/Canada, 2013, 76 min. Starring Chief Arvol Looking Horse, Chief Darrell Bob, Leading Earth Man Dave Courchene, and Eskimo Shaman Angaangaq Angakkorsuaq. Tribal leaders from around the world gather in ceremony to awaken ancient prophecies.

www.oneriverproductions.com, www.theturtlelodge.org

A documentary film bringing forth ancient prophecies and indigenous wisdom for the healing of humanity and our earth.

Bridgewalkers takes us on a quest exploring ancient indigenous knowledge as a solution to our environmental, social and economic world crisis of today. From Greenland to Canada and thru the Americas, we delve deeply into the prophecies and visions of Indigenous Spiritual Leaders, Elders and shamans that help us awaken our hearts, heal our wounds and rekindle our spirits. Through a cinematic tapestry of ceremonies, prayers and sacred teachings, the audience is able to reconnect with Mother Earth, Creator and ultimately our own deepest hearts.

- the first landing party mission from the Pleiades took place on Kauai, Hawaii in the centre of the heart of the Pacific Rim of Fire which is where it all began; the ceremony at the event is the foundation for what We The People have been working toward: It has already been accomplished!
 - this is what we have to understand when Rana Mu says she has come back from 175 million years in the future with her Wingmaker friends to this particular period – ALL TIME PAST, PRESENT, FUTURE IS actually present – nothing else going on except our 3D consciousness which keeps us in this playpen!
 - We are making a HUGE QUANTUM LEAP: WE ARE LEAVING POLARITY & moving into Unity Consciousness which means we can fly – we have to get trained first & learn – yet we can fly!
- the movie *Crouching Tiger, Hidden Dragon* – need to watch it - it's teaching us something – the masters do fly and we are masters: we CAN FLY! This is where we are going!
 - There are more landings and more sightings last year than ever before! Looking forward to seeing more of the pictures on the internet: thanks to Julian and Edward in advance!

Carlos Nakai is a student of St Germain, Lord Michael & Lord Metatron:

- **Metatron** Inspired much of his music
- Tom the Cat & others have said it would be good to play more of his music: exquisite energy

- There are **Increased numbers of vision quests** in these last years across the planet from every

different Aboriginal Moabite nation people

GG Lillie has said there are over 1700 indigenous aboriginal peoples in the Western hemisphere alone: unique languages, unique histories, unique teachings, unique storytellings that have been sequestered from us not taught anymore

- the energies that are opening up the Akashic Records are bringing back their memories, and the readiness to hear all the stories is rising all the time IN SPITE OF THE spiteful behaviour, SURLINESS of these non-human ones.- by their own choice!
- Omena said there are unconscious beings among us: they have no emotional body and can destroy humans & all in their path: they are people with no emotion
- these ones literally thought, as creator gods and goddesses 450 billion years ago, that they could improve on Mother's creation of humanness which included our emotional bodies coming from the heart energy of the 12th strand of DNA – they did not want to deal with those complications so they cut out their 12th strand of DNA **on their own** –
 - This brings more responsibility from them **and** from us, as they have no ability to experience Divine Compassion; that is an enormously painful experience and that means we must include that wisdom of Divine Compassion as we work with them – can we truly say we will have no vindictiveness? Can we say we're glad they are dead?
- We have gone through the period of “I am as mad as hell and I'm not going to take it any more”; as we get over that emotion of vindictiveness, we move into Unity Consciousness
 - Look up *The Divine Virtues*
 - Look up about the various kinds of Yoga - we can all do something

R went to see RanaMu

- she made a triangulation in an open space by placing 3 gem spheres in a large triangle
- around that triangle, she made a circle with 12 gems spheres, 4 in each part of the circle
- said we can generate a whole city with that configuration: don't need a plug in the wall!
- Rama saw the energy come forth from that energy field! Lots going on where Rana Mu works
- Both Mother, Rama and RanaMu have said **the Atlantean grid is on**; it is activating all the points on the planet & it is helping us not to be afraid and take a step into the unknown – the true fool knows that when he jumps off the cliff, he can fly: so be sure and study along the way
- **Carlos said** he joined the Bridgewalkers & went to Greenland with the elders & to the Greenland bridge with the vision questing they were doing, and they initiated more of the Energy of the 6th Sun onto the planet from that bridge.
 - Then he said Deganoweda [Iroquois name for Sananda Kumara] and Great White Buffalo Calf Woman are on the planet, in body;
 - he referred to KOS and LM Nada as being those beings;
 - **Carlos is a White Knight**; he said: **Peace is not tomorrow, Peace is now**, and there is a great cleansing going on on the planet amongst us, now.

[E. Warren also said the same thing: The rounding up & arrests have been on going for months and months: these 20 million strong Sovereign World militia forces [16 million from the Ashtar Command and 4 million on the ground] have been doing this while we are saying “where is my money?”

- We need to realize that money does not serve if we do not realize what the money is for: it is to make sure that “when one is harmed, all are harmed; when one is helped, all are helped” - that we are committed to needing a lot less so we can help a lot more to be in peace and at peace now, in the midst of this cleansing]
- **Carlos said** the celestial visitors will be, and are already, transporting many beings to other planetary systems; their memory is erased in both cases, as needed, so the free will choice is intact & they can continue without feeling like someone did something they are unhappy with
 - the remnant of darkness is having to deal with their instant karma now
 - the treasonous members of Congress who have violated their Oaths of Office by disrespecting

the president of the US of America, of Altea America, are in their instant karma right now
[E Warren said too they have already failed]

- no more putting up with hate, more Black Ops, fear, destruction, murder, following in the footsteps of Jim Crow.
- we are now in the age of the 6th sun so expect miracles and miracles and miracles.

T: finishes reading the article on “Israel furious over the ICJ accepting Palestine” **[SEE BELOW]**

- LM Nada told T & R a few weeks ago that she had sat with Mahmoud Abbas for several days and completed the process of enrolling Palestine in the International Criminal Court – the news is only coming out now
- This is round 2 of the Kuala Lumpur Tribunal

https://www.youtube.com/watch?v=jH2_MMKv2fY&feature=youtu.be

Professor Patrick Bond, School of Development Studies, University of Kwazulu-Natal, Durban, South Africa gave this keynote address at a recent conference on Climate Change and Global Health at the Department of Global Health at the University of Washington in Seattle. Dr. Bond discussed climate change in the context of a social justice issue, addressed the reasons behind the failure of global governance to deal with it, and laid out strategies for reparations and rebellion.

Patrick Bond is a political economist and prolific author with longstanding research interests and NGO work in urban communities and with global justice movements in several countries. He teaches political economy and eco-social policy, directs the Centre for Civil Society and is involved in research on economic justice, geopolitics, climate, energy and water.

Audio: Laura Flanders Documentary - We are Many: Phyllis Bennis & Amir Amarani

On February 15, 2003, millions and millions of people, in over 800 cities across all seven continents, marched against the impending invasion of Iraq. It was the largest mobilization of people in human history and yet it remains an untold, little-known story.

We Are Many tells the story of that single day and explores its meaning. At its heart is the drama of many millions of everyday people fighting to stop a war, set against a small number of people working to start one. The film follows the twists and turns of these opposing forces, both as the facts were known then, and what has come to light since the invasion in leaks, inquiries, and high-level hearings.

The paradox of life,
Is that in order to win,
I need to stop fighting,
And be peace within.

Alright! This is a week of destiny reaching its hand into our lives and altering them, possibly forever. Keep all your senses alert for the comings and goings in our lives this week (and less so for the next couple months) have their roots and purposes deep within the psycho/spirit self. It is an intense time where the emotional upheavals can bring us to the top and crash us down to the bottom – in minutes is the trip! The more we practice “goodbye” the easier it gets and the lighter our load and the more we realize how amazing we are and how little we really needed to start with! This is a time of shedding layers (may be a little chilly for some up north!) metaphorically in preparation for the NEW MOON at 0 degrees Aquarius next Tuesday. That will be the taking off of the ship for the far distant regions of the universe, so know that the night will be followed by the day.... oh yeah.... the glory of Life... Injoy!

Conference Call

T: can really feel the energy

C2: Richard and Tara have a nice rhythm

- George Clooney's wife is from Lebanon; she's a lawyer, was the rep for Julian Assange & Snowden
- She's filing a lawsuit against the Bush Clinton crime family and now against Netanyahu for crimes against humanity
- has all kinds of networks and activists behind her

- That she worked in London is how she connected to Assange

Reading: 2015, Jan 17 **MASS ARRESTS: China Arrests 60,000+ People In 100 Days**

By: Taryn (Breaking911 Newsroom)
January 16, 2015 | 12:29 PM

Police in China have arrested more than 60,000 people in just 3 months.

In what officials are calling the 100-day campaign, more than 11 tons of drugs have been seized in a nationwide crackdown that has occurred from September through December of last year.

The campaign was part of China's intensified crime-busting operations put in place ahead of next month's Chinese Lunar New Year.

A top Chinese anti-drug official, however, said that the mass arrests had “sown terror” into the country’s drug criminals, according to reports in state-run media.

T: **Bernie Sanders** would like to get the **\$2,600 per person as a monthly salary**, but the ones in Congress are not to be broached.

T: **Yasuni Natural Park on SE corner of Ecuador:** paradise under threat about to be drilled – the President of Ecuador wants to carbon trade the whole place; Patrick Bond says no.

C2: it is very rich with resources – oil, gold; sister told her that in SE Peru no civilization there – illegal mining, potato producers, drug trafficking – destroying the area! The river that was a white beauty is a black serpent she says.

T: understands they want to go after any area – in Ecuador, in the south – at 7,000 feet, the humming birds are as big as robins, rivers are crystal clear.

C2: Ecuador has magic water that someone is trying to replicate; we need help!

T: Bond was saying that it’s going from one evil thing to another: BRICS is no better than any other organization!

- As Omena said on Thursday, if you do not grow, you’ve got to go!

T: talking of the Laura Flanders show: **Amir Amirani**, Filmmaker, **We Are Many** – was in Germany and in Berlin and ½ million people said **No** to going into Iraq

- there were millions in all kinds of cities about not going to Iraq in 2003

C3: she challenged Omena

T: said she felt Omena say thank you for the questions: opened up the conversation for more truth

R asked LM Nada about the Tyberon thing – throw it out! It was about 2038 being the year when things would happen - **THEY ARE ALREADY HAPPENING!**

C3: Asked who Omena’s mentors are?

- Also, time to get the material from Assange and Snowden about the sightings

T: it is all being timed perfectly!

- **R** just told her: saw an Anonymous You tube – they said they are in the process of every square inch of the 13 families – he’ll consult with KOS before he posts that on the blog

C3: can they ask KOS if anyone is tampering with the revelations of Assange & Snowden?

T: Glenn Greenwald is in South America; she thinks that Anonymous is looking after things

- Chelsea Manning is not guilty; only did the right thing – the enemy within was in plain sight and she revealed that enemy

• Omena said and so did Swami Purna: being in solitary confinement means you are never alone –

- Purna sat and meditated in the lotus position for 9 months when he was in the Russian Gulag

C4: asks if CIA and Vatican are included in those being brought down by Anonymous

• Yes, CIA and Vatican are included – the black nobility of Europe is in the Vatican

• And they sacrifice the children after they have had their way with them, then eat their flesh and drink the blood – it extends their lives for some time

• She was glad when Bill Maher called out the Pope when he was in Phillipines –

- in South America, he turned in the parents who were calling out the junta, then the parents were tortured and killed; the children were handed over to people in the junta to raise and they were turned completely around!

- the Vatican considers itself above any law, and the Pope refused to testify in his own defence

• Bill Maher caught that, and so did Jon Stuart

“You mean we are going to stop exercising our right to our view just to keep someone happy who does not like it? I don’t think so”

C4: On RT TV this morning, Angela Merkel said “Anti-Semitism is our duty! “

- RT has no corporate advertisers: they say what they want!
- How did RT slip past the great controllers and get on the air?
- has another piece: a list of other folks caught in the Epstein scandal, including Bill Richardson, former Gov of New Mexico, now a clone
- How does Nessus affect the astrology especially when it is aligned in Pisces for the next 3 year?

America's Bitter Pill is Steven Brill's much-anticipated, sweeping narrative of how the Affordable Care Act, or Obamacare, was written, how it is being implemented, and, most important, how it is changing—and failing to change—the rampant abuses in the healthcare industry. Brill probed the depths of our nation's healthcare crisis in his trailblazing Time magazine Special Report, which won the 2014 National Magazine Award for Public Interest. Now he broadens his lens and delves deeper, pulling no punches and taking no prisoners.

2015-01-13 **Sen. Bernie Sanders Brings Republicans To their Knees With Keystone Pipeline Amendment**

Author: Joe Fletcher

Sen. Bernie Sanders (I-Vt.) has introduced an amendment to legislation that would approve the Keystone XL pipeline. If approved, the amendment would officially declare congress's position on climate change. The language of the amendment reads,

“It is the sense of Congress that Congress is in agreement with the opinion of virtually the entire worldwide scientific community that—

- (1) climate change is real;
- (2) climate change is caused by human activities;
- (3) climate change has already caused devastating problems in the United States and around the world;
- (4) a brief window of opportunity exists before the United States and the entire planet suffer irreparable harm; and
- (5) it is imperative that the United States transform its energy system away from fossil fuels and toward energy efficiency and sustainable energy as rapidly as possible.”

The amendment is a genius bit of legislation that is going to be a win for progressive Democrats and environmentalists. If Republicans in congress refuse to pass the bill with the amendment, they just burned all their constituents who view the pipeline as a jobs creating project, over a largely ideological battle. If they pass it, they just severely burned their entire anti-environment constituency. The Democrats stand to lose nothing in either case since the White House has already made it clear Obama will veto any bill that approves the pipeline.

“On this issue, the scientists have been virtually unanimous in saying that climate change is real, it is caused by human action, it is already causing devastating problems which will only get worse in the future and that we need to transform our energy system away from fossil fuel. Do members of Congress believe the scientists or not?” the senator asked in a press statement.

The amendment is going to be debated in a midnight session. The consequences of which will surely influence every sound bite used relating to jobs and the environment in the 2016 presidential election.

2015-01-17 Israel expresses outrage over an ICC probe into Tel Aviv's crimes in Gaza

Israel has expressed outrage over a move by the International Criminal Court (ICC) to launch a preliminary investigation into Tel Aviv's war crimes against Palestinians in the besieged Gaza Strip.

Israeli Prime Minister Benjamin Netanyahu said in a statement that he rejected the "scandalous" ICC decision, claiming the court has no jurisdiction over Palestine as it is not a state.

Tens of thousands of Palestinians were killed or injured in Israel's war on Gaza last summer.

Netanyahu described the probe as "absurd" and claimed that Israel "fights terror while maintaining international law and has an independent justice system."

In a statement on Friday, the ICC prosecutor, Fatou Bensouda, said the court launched a preliminary probe into Israel's war crimes against the Palestinian people.

Bensouda added that she will conduct the examination in "full independence and impartiality."

Meanwhile, Israeli Foreign Minister Avigdor Lieberman said the examination solely aimed to "try to harm Israel's right to defend itself from terror."

Lieberman added in a statement that the move has been motivated by "political anti-Israel considerations."

He also said he would act to "dismantle this court, a body that he claims "represents hypocrisy and gives terror a tailwind."

Palestinian Foreign Minister Riyad al-Malki welcomed the move by the ICC, saying, "Everything is going according to plan; no state and nobody can now stop this action we requested."

"In the end, a full investigation will follow the preliminary one," he added.

Herman von Herbel, who serves as ICC registrar, confirmed on January 5 that the body has received documents from the Palestinian Authority declaring its acceptance of the body's jurisdiction.

The move paves the way for the ICC investigation of crimes by the Israeli regime, which is not a member of the court, committed during the recent war on Gaza.

Israel's war on Gaza, which ended in August 2014 through an Egyptian-brokered truce, killed over 2,140 Palestinians, including 577 children. Over 11,100 others, including 3,374 children, 2,088 women and 410 elderly people, were injured. About 70 Israeli were also killed during the war. Hamas puts this number at 150.

About 1,500 buildings and structures were also demolished during the Israeli offensive.

Gazan officials have warned that more people could die as tens of thousands are still displaced in the wake of the recent Israeli war, waiting for money for the reconstruction of their houses. The Gaza Strip has been under Israel's crippling siege since 2007.

2015-01-17 **NEW MOON SuperMoon in Aquarius January 20th 2015~**

COLLAGEBYMYSTICMAMMA-NEWMOON

January 20th we welcome the first *NEW MOON* of 2015 in Aquarius! The collective energy it brings is one that calls for a visionary outlook, courage in the face of the unknown and a willingness to persevere as we step boldly and consciously into the new.

Here are the MYSTIC MAMMA Astral Insights from our beloved featured astrologers. First from the always awesome **KELLEY ROSANO**:

“This is your first SuperMoon in 2015. A SuperMoon means that the Moon is closest to the Earth and in direct alignment with the Sun and the Earth at the time of the New Moon. This makes it super potent...”

“The Aquarius Super Moon is at zero degrees. This energy represents new beginnings. You are getting a fresh start wherever Aquarius lands in your natal birth chart. You can expect the unexpected. You may take risks that surprise others who know you.

“All things are possible for you now when you trust your instincts. Lead by your intuition. Liberate your mind first and your freedom will follow...”

“The New Moon in Aquarius reminds you that you are the Star of your life. You are the Sun center of your universe. If your life is hard, look inside yourself and make the needed changes.

“Coach yourself. Be honest. Where are you giving your power away? What are doing that sabotages your success? The change you want to see in the world begins with you. Change your mind. You change your life. See your challenges from a different perspective. See your challenges as opportunities for growth.

“...The New Moon is lighting up a new path way for you. Perhaps it was there all along and now your eyes are opened...”

“The Aquarian New Moon message: today is the first day of your life. The past is history. The future is a mystery. The present is the gift. All power is in the choices you make today.

“Be a force for good in the world. Be a conduit for Joy. Keep your ego on a short leash. Live from your soul. This is your creative power. You are a master creator. You are co-creating with Source daily.

“Use the New Moon to create a new life. Don't wait on other people. Take action today...”

“These SuperMoons strengthen the impact for change. This is setting the tone for the New Year. Pause, breathe and digest what is happening with you. This is the year to empower yourself. Do what makes you feel powerful. Get out of your own way.

“Move out of your comfort zone. Make bold beginnings. This energy is encouraging you to have a fresh start. Be innovative. Don't allow the negative ego to hold back your dreams. Get creative. If a door closes on you, then open a window. Climb out. Move on a new life path. Listen to your intuition. Your intuition is your inner knowledge.

“Allow your Star, your Higher Self to guide you to your tribe. Stir your pot. Sudden unexpected opportunities can come to you from out of the blue. Your hopes and wishes realized. Your dreams come true. Don’t get ready. Be ready. In this way, you will seize the new potentials that are emerging in your life.

“...Pay attention to the messages you receive at the New Moon and the end of January. They may hold keys to your success this year. Read between the lines. Speak less and listen more. Listen to what is not being said. Listen.

From astrologer **CHAD WOODWARD from Kosmic Mind:**

“As this New Moon commences, Mars and Neptune are separating from a conjunction in Pisces square Saturn in Sagittarius. This presents the challenge to persevere in the face of the unknown, in the face of fear.

“Aquarius needs to shake things up, and our hesitancy to do so now is completely justified. What if we upset things? What if we offend other people in the process?”

“In order to find our place in the world and the universe, we have to take some risks. It isn’t always easy, but the rewards are worth the challenges. To be true to ourselves sometimes requires that we make other people or even ourselves uncomfortable. There is no getting around that fact.

“We are creatures of comfort and we like predictable routines. But those routines so often cause stagnation and prevent us from moving forward...”

“The Aquarian double current is the twofold pathway to wisdom and understanding. There is a way upward and downward, and both paths are essential for soul growth and maturation. Whatever we choose in life, we’ll learn from it and ultimately grow.

“To the ego, there is a right way and a wrong way, or a more or less ideal way to go. But to the soul, all experiences provide us with lessons and all choices lead us eventually to wholeness.

“There is a very personal, paradigmatic shift approaching for each of us with this lunation. Can we defy our fears to see what’s behind the veil of our illusions? Can we trust the universe enough to provide us with the experiences most needed to further our evolutionary growth?”

“Only time will tell, but the more receptive we are now, and the more willing we are to accept the unthinkable, the less painful or shocking it will be.” © Copyright 2015 ~**CHAD WOODWARD. All Rights Reserved**

From the wonderful **DIVINE HARMONY:**

“There are two rulers of this New Moon- the ancient ruler of Aquarius which is Saturn and the contemporary ruler of Aquarius which Uranus...”

“Uranus on the South Node represents our ability to radically and suddenly break free from the past, but it also shows our addictions to impulsivity, restlessness and even conflict as a means to deal with situations that are calling for more grace, harmony, compromise and collaboration (the North Node is in Libra, after all!).

“With the contemporary ruler of this New Moon on the South Node- we need to be very aware of our past before we set intentions about what we want to call in and grow into in the future. Our past informs our present- we cannot escape it and we cannot deny it. To do so would be to ignore all that brought you to today.

“There is a reckoning going on right now and we each are being asked to pay the dues required for past

karmic actions, choices and relationships.

“We have an opportunity to choose something different now- but it is BECAUSE of our past and our awareness of where we perhaps went down a wrong road that we are able to see more clearly today and choose more wisely.”

“...With Mercury in the same sign as the New Moon coming to a grinding halt- set to go Retrograde the next day (January 21st), we again get another image of going over the past before we can truly move into the future.

“Mercury Retrograde is a time to rethink, review and revise the past. It is not a recommended time to move forward, sign on the dotted line or initiate new things. FIRST we need to deal with the past and complete it. THEN we can move on and move forward.

“This New Moon almost reminds me of a turnstile. We are moving away from one thing and moving towards another- but the New Moon itself is that space in between where we moving through the turnstile, but not quite through it just yet.

“Turnstiles are interesting because once you fully get through them they block you from reentering the place you just came through.

“And that is the most potent potential of this New Moon. Major new beginnings, predicated by major endings / cleansings / completions. And once we fully get through that turnstile- there is no looking back.

“So think wisely, act consciously, and set masterful intentions with this New Moon!

“And keep one eye on the future, while another eye stays fully aware of your past so you don't repeat it and get stuck in it. You don't want to miss out on the radical shifts available to you now because you were too busy looking at what you were leaving behind, do you? :)”

From **DIPALI DESAI** and her **Celestial Space Astrology**:

“Going beyond the hype of manifesting what the egoic mind desires according to its agenda, set a clear intention under the New Moon phase of the quality you wish to experience and embody in your daily life and behaviors from a higher perspective.

“Astrology provides the practical wisdom to work in harmony with natural rhythms and cycles rather than resist it or overly focus on materialistic things. Any intention you set, be sure to align with the theme of Aquarius...”

“Here is an easy example: ‘I AM innovative and welcome change on all levels.’

“As a Soul, expressing through your human form, you are innovative and at ease with change and transformation. Accept this higher truth, and you are closer to experiencing this ease in reality.”
