Conference Call

T: Dr Cody is all right [in answer to a question about him]

Caller: having trouble getting her book written: will do almost anything else

T: when you are wandering around thinking about writing the book, there is something that Spirit is asking you to look at in prep for the writing; also, pay attention to the astrology as the changes in the energy affect the writing and also what is happening in your life may not be the right rhythm – writing is only valuable when it reflects your own growth at a deep level.

Caller: taking something that keeps her awake at work; otherwise, falls asleep

T: will be talking tomorrow about something that is very delatorious to one's health; someone has been working with something from the marijuana plant

Caller 2: Dr Peter Brehen – if you are taking Aderol, read his book;

Caller 1 has tried taking herbal remedies

Caller 2: needs professional help to get off them

T: the story we will hear is about people who have moved the entire family, babies and children, lock stock and barrel to Colorado where the drugs are legal

Caller3: There is a form of hypnosis that helps – sleep disorders / get a medical hypnosis person – go on line and find the name of doctors who do medical hypnosis in your area.

T: listen to what is being said: 3 people have jumped in to speak to this: finishing the book is not as important as saving your life ; you'll have a better book if you take hold of yourself & deal with this.

Reading: The astrology: www.starfires.org – New Moon in Gemini - “Facing a truth” **[SEE BELOW]**

Caller 3: Russia is going after GMOs **T:** this is preparation for the Big One

T: Tom the Ring Tailed Cat said yesterday that they [dark ones] will just be taken out.
Donald Rumsfeld is the head of Monsanto and he's the one who engineered this

T: Former chief of JP Morgan's China unit was arrested today - please get hard copies of whatever you hear, send it to Rama and he will check it out with KOS.

T: STAY OFF FACEBOOK – NOT A GOOD THING TO BE ON IT. You are considered a terrorist if you are linked with people from other countries, esp Iran and Iraq

• **BE SURE AND LISTEN TO THIS CONFERENCE CALL - Tara gave a long and detailed explanation of the purpose of GMOs and the companies who started them, as well as other nefarious acts against humanity.**

T: how silly is it to be in fear about these ones when it will be 12 weeks since the global economy was wiped out

R: David Sterling gave permission to sell the team to his wife; **T** bets he got a visit from someone!

• Someone was put in jail for being caught with 7 oz of crack; this after 2 other counts of having something else: he went to prison for life, and today, Obama commuted the sentence after 19 years. Obama does not use that ability to do this [to every single person] because in one fell swoop, he will release the non-violent “criminals” when NESARA is announced.

R: the real criminals are sitting in boardrooms on Wall Street.

T: Money is not speech, and corporations are not people. The Monsanto March will happen this weekend and is across the world.

• In 2 counties in Oregon, have a ban on any GMO seeds being planted in the 2 counties.

• The joy we have in store for us is enormous: do something every day to share info about NESARA law.

• Monsanto gets the Death penalty – that is what happens with NESARA.

BBS:

Mother

Greetings In the light of the most Radiant One; in the Office of the Christ and only in the Office of the

Christ, we invoke the loving energies of St Germain and the Violet Flame.

We ask for greater awareness to sensitivity & truth and the nuances, so we can help people address their fears – the news coming out now about GMOs is extremely alarming as people find out how far this has gone: 16 million acres of super weeds because of the pesticides and the herbicides and now they are going to spray the entire country with Agent Orange – isn't that what happened in viet Nam where some children are born with 6 legs or no legs - are we on Red Alert or what?

Mo: it may seem the auto destruct sequence has begun and there is no hope; yet the healing of the planet and hope is so in your face, or as the millenians use: it is so in your Face! it is about the Sat Yuga and her future self, Lady Master Ma'at showing up to equalize, balance out the energies.

- Her blessed children have tied enough knots in your hair; she will take care of what is needed.
 - Miracles are afoot; love each one who has made it his/her personal vendetta to see that we do not exist: what a challenge to love someone who wants your demise!
 - Remember, this is just a holodeck program and it is just a ride and they have to face the same realities that 99% face – it is all of us not just the 1% – we do the same things: eat the same way, breathe the same air, etc; we are humanity and the best attributes of humanity are coming to the surface. Vader is in the corner and needs some PTSD help!
 - All that is transpiring in the moment is about our ascension – the story is about descension and we are meeting ourselves half way; we are the ground crew and getting a little extra help along the way. The 5th element is the extra help that comes into play when we think we are alone – there are so many in the same space with us, it is packed legions upon legions of angels & beyond that
 - Mother has no words, only that she is grateful to be in our presence and see the little wisps of joy that the angelic life forms are bringing forth - the storm clouds are just part of a holographic projection – pay no attention to them.
 - At the same moment, everything that is transpiring and moving right into place – it is perfect divine timing – it may seem that they are late: nothing is ever late.
- Next step is that our wayward children will not be late for the craft that will remove the original cause the issue at hand is that we never fell from grace; that was part of the lie we told ourselves when we fell seemingly into amnesia and forgot our name, address and our station on the ship. It is all returning back to us now.
 - Her wayward children are in a catatonic state of absolute terror that we will do to them that they did to us: that is not the way of the Jedi or of a warrior for peace. There is a bit more civility to the story – how to describe war as civil? – There are not words, except that we are at the very end and we are seeing the last remnants of the Kali Yuga

T: it's a night mare, Mother!

Mo: It is what it is: has to do with the fact that the false religions based on the work of her children who used their abilities and gifts for the dark side & messed with peoples' consciousnesses, psyches –

- this is not just in the sub conscious – goes so far back that it is in our genes, and we must love what is happening in the moment as our DNA is changing with the rapid changing that is going on –
- we are moving from 3D to 5D in a hurry; if we wish to withstand the frequencies – we are experiencing ecstatic joy continuously

T: What is coming: Obama took a casual walk to the Dep't of Interior, down the promenade over the south

lawn to the other building – hugging kids, shaking hands, talking to people, one lady was telling her about her grandfather who was buried there; Obama shared that his grandfather is buried in the Pacific Burial ground for veterans.

Mo: has a double entendre in the story: he is the 9th member of the Sirius Council of Nine; his father was Malcolm X; the world still does not recognize what a prophet he was & the wisdom he brought to the planet.. The goddess is back, she's black and she is beautiful. Let's get on with the issue!

T: Bernie Sanders on Thom Hartmann today: during Brunch with Bernie, they took calls from veterans:

- Bernie was taking notes about the kind of service they got: one man cannot handle any kind of pharmaceutical drugs of any kind; Bernie said they were going to go to alternative medicines and treatments and will start with the vets.
- CT, VT and Maine – all have a ban on GMOs or at least require labelling. A little bit at a time, and all of a sudden, it's done. A while ago, a few little kids were born with AIDS, by the time they were 5 or 6, they could not get sick – 2000 – 2001 - now there are millions who cannot get sick again.

MO: it's how it works – it is normal for us as creator gods: we all had input into the story at the time

- it is about the seeming [singing?] the song and having the drum come in to do her dance which brings in other frequencies that raise the physicality of us up to 5D which is why things are getting more intense and which can flat on your back harshness
- understand it is just ascension symptoms that are ongoing, and as the ascension frequencies happen, it will only create more love in the cells; it's not about more pain, more gain – it is about the energies, in and of themselves, , the metichlorians who have volunteered to raise the frequencies to the highest level we can stand –
- the Force has said we are moving on up; are you coming with us? Come on! And they don't mean maybe!
- It is about the fact that the energies are so critical here now, we must have perfect thought, perfect consciousness, clear mind with the right actions, that mindfulness will bring us into that place of balance ; already being made manifest – be not harsh on oneself for what has occurred;
- it is only that we asked to step into the thick of the densest vibrations we could imagine and then some, we did not even know how to turn on the frequencies of the high heart. To kick in the abilities we have – it's called flying blind: the gifts and the abilities are moving us on up!

T: the awareness that these ones are really evil has come to a real head!

Mo: The will of the 99% will prevail and no longer will you commit acts of genocide in my name

T: and the honouring of the feminine is coming back now: Boca Haram is galvanizing the world! It is so amazing: we funded the operation and now pretend it's fine and we'll send out help [83 soldiers and a drone!] Same thing in Libya: Libya is completely collapsing

Mo: we are the Ground Crew have said we must hold the light and some civility, stability to this melee

- yet it is frayed around the edges: love them even more – it is what they have asked for, even though they cannot speak for it – only know to ask for love in twisted ways; they take things out of context & try to blame others besides themselves.
- Tara brings up Bush painting his feet in the bathtub - : brings up the idea of Jesus washing the feet of others

Mo: The blood cannot be washed off: it is about ho'oh'ponoa- love these ones who have chosen to wear the black hats even into the Dark Rift – they have made that conscious choice. So be it and so it is.

T: May 23, 1949 – it was Germany's 75th anni of the constitution; in 1993, they changed an amendment – one about immigration and the result was a nightmare. Wait until they see the Constitution and the 13th amendment – some will not be here!

Mo: they are choosing their own destinies; as we watch more and more exposure of the crimes committed in the name of the false religions, simply about our wayward children who posed as gods and did molestation, rape and murder to name a few not very nice things.

T: wonders what is going through Obama's mind since the age of 18 he has known consciously what he is to do and then he became the Manchurian Candidate, sponsored by Brezinski – wait till they find out who he is! An amazing feeling to see him on the street today - brings up the article about his aura from 2 years ago

Mo: this is deeper than anyone can comprehend: it is about the mastery of being in the place to volunteer to hold the position of the Council of Nine on Sirius; it is no small task – it is about an intergalactic neighbourhood where we are all participants, and it's time to get to know our neighbours – we are not here to eat your face; we are here to help you heal

T: for too many lifetimes, we have been living under the thumb of the results of having made certain choices

Mo: too many images have been burned into our consciousness that she and hers are an invasion fleet – not so!

T: guest on Stargate Roundtable talked about the fact that cursive writing is not taught any more; printing encourages the idea of separateness, me, me, me

Mo: it is about the whole of us, a village to raise a child – it is about a microcosm within a macrocosm

- all the particles know they are already on a path laid out before them, yet to walk or ride that path it is predetermined – we have already set up a soul matrix – cannot determine how it will end; yet it is only about love; she and the others are here as visitors from their past, which is our future to tell us we made it

T: a lot of the children of the Illuminati families left their families and disinherited themselves

Mo: When we become a member of intergalactic federation of worlds; it is very much like the United Federation of Planets: don't need money - it's about the mission and all our needs are covered

T: what we are going to be doing with the money is focussing it on the true value of what we created

- we are not here to just lie on the beach: have to clean it up first!
- Frank Chile said we get a chance to go into the Tesla integraton once every 35 years and have our age reversed – to do that, we cannot use tobacco, drugs, coffee, sugar, . And we are just learning about our blood types and how to use that knowledge.

Mo: when we all helped to create these temples of the living god, we put the THC and the DMT in our brains – it is already there; no need to take anything - all we have to do is take a trip inside us!

Mo: Let us honour and put in the Circle of support all of the folks who seemingly may have left since 9/11 and at the same time, they know what's the game plan here – they see us, we see them – those

who have left will be back to share their stories – only about love.

Audio: FROM JUDY BEEBE. the beginning with no end: all about creation; how mankind got lost

Mo: says Judy Beebe is on the money: the neutral point between Oxygen and hydrogen which is the Void

Mo, T: Greetings in the light of the most Radiant One

Rama: was at Angor Wat – he was in some kind of flying vehicle, like a floating temple; there is one temple there or in the region where there is a ?? dinosaur carved into the rock which means humans saw it and carved it into the rock – just before Pangea sank.

Audio: Bill Maher

INFORMATION RELATED TO THE NOTES

2014, May 28

Facing A Truth

Two facts, two distinct situations, parallel, side by side

One, logical and empowering, so relevant right now, as to how you might proceed with your life, it won't allow you to ignore it.

The Second, illogical, irrational, yet never the less, equally magnetic and cosmically relevant to your path.

Normally, Gemini and Mercury, help us come to a conclusion about a thing, based upon the most logical way to proceed, based upon the facts revealed to us. It provides us a confident path forward and brings mental and emotional comfort as if all parts of ourselves were in order and moving together towards our present path. Basically, it feels right.

[http://www.youtube.com/watch?](http://www.youtube.com/watch?list=UUT6FC6hE4BpNbpxfRuPrRQ&feature=player_embedded&v=2ENMfiPmvZc)

[list=UUT6FC6hE4BpNbpxfRuPrRQ&feature=player_embedded&v=2ENMfiPmvZc](http://www.youtube.com/watch?list=UUT6FC6hE4BpNbpxfRuPrRQ&feature=player_embedded&v=2ENMfiPmvZc)

In this New Moon in Gemini, middle of May, peaking May 28, continuing its influence up to the full moon on June 13 2014, you would think we could now, gain this stability, gain a surge of mental confidence and mental energy because now we know the most perfect path.

But this new Moon is squared by Neptune and as a friend said to me the other day, "it's like our bags are packed, we're ready to go, but the train isn't coming."

This square to Neptune, creates a conflict between logic/facts and emotional irrational spiritual ideals. We are wrestling with two realities at the same time.

(A square, simply presents a contrary thing that doesn't co-exist very well, with the other.)

These two " Facts" now become so blatantly and equally in your face, you can not ignore them, and with the nature of Neptune's influence, could either freeze you, mesmerize you, or seduce you to not care and throw all caution to the wind and yield to the risk of a shaky path ahead.

Maybe denial would be part of the decision... you could yield to the Neptune's force, and deny that it matters. Or become frozen somewhere in between the two.

If you yield you compromise at this time. The Sign Gemini provides this clarity of logic and facts. That's its job. It is present day, here and now time, real time, not future time, or "what if" time. It is impersonal information decision time.

Based on the reality of what you know now, how would you decide?

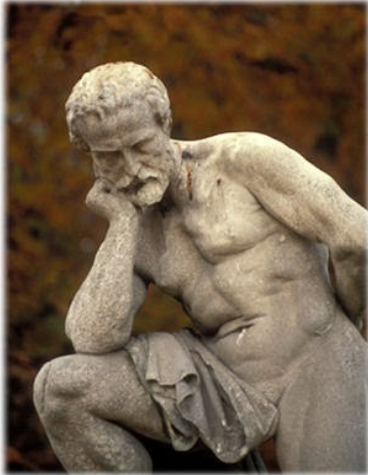

The New Moon is the thrust we need to take action within our mind to help direct our next step....., then our life follows, proceeds according to the new decision, based upon the truth and realities we now have accepted..... in spite of the powerful Neptune square that we are realizing we have to leave behind, at least for a time.

The disbelief or the frustration is the question of should we be waiting for this other side to come out of its diffused and incapable state, is what has us frozen....and why are we waiting for it? Because it could represent something so potentially beautiful and has brought us close to an ideal of what the etheric heaven plane is like. We bought a ticket a while ago, to get on this "train" to a destination that held an ideal, if we could swing it.

Yet, right now, it is not congruent with your *NOW*. *(Neptune is the planet that holds the closest vibration of heaven and the etheric plane of spiritual divine love. It is the planet that holds the potential for the most beautiful ideal and imagery of happiness. We need Neptune to dream beautiful and idyllic things. It releases inspiration, faith, hope, immersion in a magical existence.*

When in a negative aspect such as now, it's negative qualities emerge, such as an ability to sabotage, be dysfunctional, involve addictions, deception, be incapable, irrational and psychologically unstable. Unless faced and dealt with, it sabotages all that has been gained, and that is why when in a square to another planet, the hand is raised, and your posture is, "STOP").

The 3rd part of this stage, is to sit and wait, be patient and focus upon what you do have now, what you can do, and pour your energy into what is in your own power to control and build, nurture and transform yourself.

Jupiter trine Saturn May 21 - June 16 (peaks May 21-May 31)

While Jupiter is still in Cancer, up through July 16 2014, we still have time to nurture and protect an idea that has been important to us since December 2013. Think! What is it you need to shield, put a barrier around it. You have a new outlook now, new information, new perspective that you have been adjusting to. You have acquired a new attitude of protecting and sealing something, anchoring it inside and now it is a strong part of your outlook on your life. Does someone want to share it with you? Move in on it? Partner with you? It's about the thing, the idea and concept, not necessarily, you.

The clarity of Gemini has thoroughly thought through the entire reality of the situation and understands what the next step is, but instead of advancing to the next step, the two distinct magnetically charged situations are in a square and you have to put your bag down, sit down, and process this. Someone is missing, some thing is not able, capable to come along on this train of thought, and its a frozen moment.... frozen emotionally and mentally in moving forward with your next step in life. The other situation that should be merging with you, is in Neptune world, spiritually undergoing a very strange mystical diffusing immersion in love, but is not ready to merge with yours yet. and maybe vice versus.

So in the meantime, keep it simple, take charge of what you do have, and don't move forward until it's right.

It is time to put the last finishing touches upon something in your life you felt was important to have last December up until now. Let it expand and grow, as you are patiently allowing things to settle.

Patience.

Settle your affairs.

Put this potential parallel world-dream in a precious place in your heart, and mark it down as a potential to reach, but now, there is some catching up to do.

Clean up your life, settle your debts, and empower yourself with an uncompromising non splitting environment.

You are consolidating and building your energy.

Say no, more than yes, to situations which would normally require you to stretch yourself too much. We are still in the theme of the Taurus Solar Eclipse which began in the middle of April, peaking on April 28, 2014, extending its influence through the summer.

The theme for this was to stand your ground regarding what you value, and preserve it, in order to possess yourself and own your life.

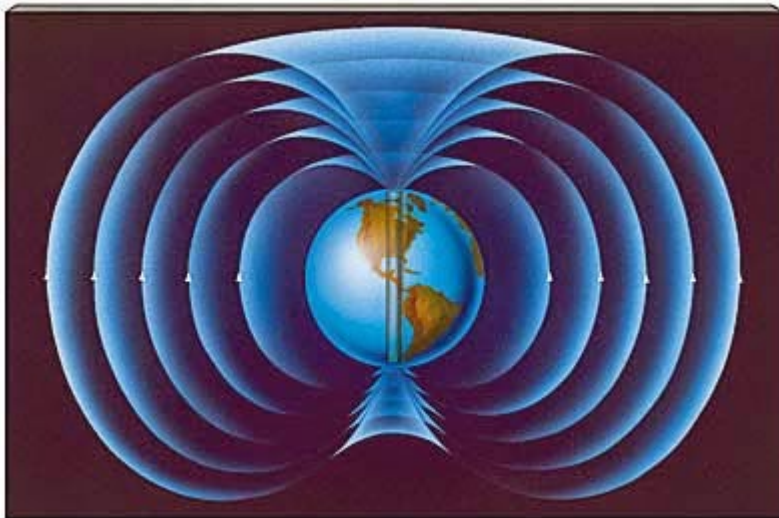

Consolidating your energy is what we need to do now.

Continue to hold fast to your boundaries. Hold fast to your long term vision.....resist being imposed upon. Say no to interference and being talked into anything that would set you back, or require too much sacrifice. (The time for sacrificing will be here soon enough).

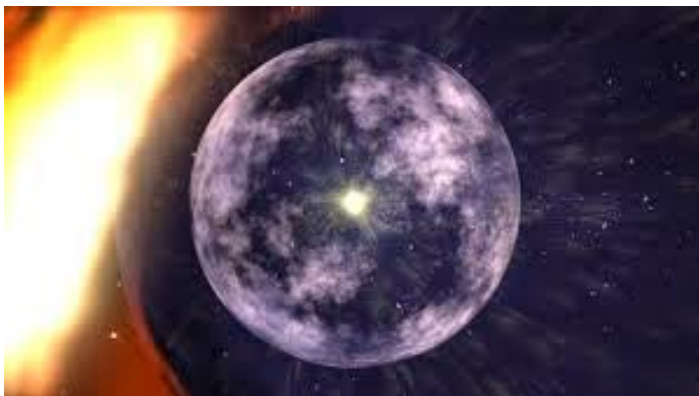

Neptune square the New Moon is about knowing what you want but realizing the logistics of it working out at this time, is close to zero.

Instead, see yourself sealed in your own auric Magnetosphere.

As the earth is encased in its own magnetosphere,

So is your own aura. As the Sun projects outwards its Heliosphere, so do we.

Your own aura is protecting you, generated from an electrical magnetic power from within the

center of your being, your heart.

The next stage or step isn't happening right now, because our shields could be down. *We must rebuild the shields.*

The release of powers under the sign of Gemini longing for the polarities, the mingling of two opposites is what runs the galaxies, Suns, Stars, everything. It is natural to magnetically desire to merge two things, two Ideas, merge ourselves with an ideal, reach up for a vision and merge it within ourselves until we become bigger, greater and more than we were yesterday. It is the act of creation. It is natural for us to magnetically mourn for that polarity which contains the seeds of the new universe we were assigned to create.

It's all about CREATION. THE LONGING for the pair, the dual nature combined to release a new energy, idea, birth of something greater than before.

Everything has duality, polarity a positive and negative polarization.

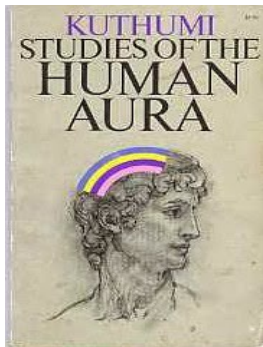

it spins, swirls and twines around each other in order to increase electrical energy and its' impact upon the world around it, but the Neptune squaring the New Moon is warning us of a possible weakness in our world that if ignorantly pursued, would lead to a possible setback that would weaken our creation.

You have already made so much progress. Look at that progress and acknowledge it. Protect it and think

about what could sabotage it.

It is time to increase our bubble of protection, our sphere we live within. We need it to be strong, uncompromising and powerful now. Today is May 21. We can concentrate upon this idea of increasing the light within our own world and aura, up through the date of June 13, the Full Moon in Sagittarius. But, why not make it a regular consideration in our daily lives? I found this book in 1979, after a moment's pause, similar to now.

In that moment's pause, stopped at a red light, frozen with two paths before me, I made the decision to walk into that bookstore across the street and choose my path to one of empowering my inner world, and let the other rest.

I had to pause and wait for a new train to come...and my bags were packed and ready to go. I am so glad I paused. It gave me just what I needed to continue the journey, stronger than before.

Don't give up hope for the integration of these two ideas, two beautiful worlds you desire to merge into one, or where you are now, and what you hope you can have in your life.

Right now, we need to expand ourselves inside.

It's time to pull in, and build the inner mastery, take command of what you do have, and the rest will come soon.
