Friday Night Hard News Call

Opening Meditation: Tara: Trouble connecting with Angelsu

The Great Invocation

From the point of Light within the Mind of God
Let Light stream forth into the minds of men
Let Light descend on Earth.

From the point of Love within the Heart of God
Let Love stream forth into the hearts of men.
May Christ return to Earth.

From the centre where the Will of God is known
Let purpose guide the little wills of men
The purpose which the Masters know and serve.

From the centre which we call the Race of Men
Let the Plan of Love and Light work out
And may it seal the door where evil dwells.

Let Light and Love and Power restore the Plan on Earth.

Hard News:

R: We the people, 99%, becoming 100% is what is happening; what he is hearing today has everything to do with the fact that the Sirian Commander has got his [mojo] back

T: Santorum made a fool of himself today

R: stories getting very ugly - has to do with the issue of race, culture; to do with our friends from the stars and the people who come from the stars: the Bantus, the Namo, the others - all has to do with Nibiru, the Clowny Clone Car that has nothing to do with reality; that BO is bringing us to centre

T: Employment numbers down; this is progress, despite all the road blocks

- Christine LeGard [new head, IMF] said it was not pretty already: her first downgrade would be massive depression and the Euro is not back up; there would be suffering and cut backs
- Euro now costs \$1.27 - unheard of. The European Central Bank had to purchase bonds on behalf of Spain and Italy - unemployment is just rising there; need for instantaneous change

R: has heard the fall of the Euro is in our face; Euro zone will break up

T: Angela Merkel will go to ICC and say she is Hitler's daughter, then testify against all 13 families

R: has to do with Thule society - it's the original story of the Hpalo groups that are Mother's people, Nibiru, and the issue of the Children of Ra who, in spite of themselves, have to come back to love they are being forced by the mitichlorians; not going to stop until the planet is cleaned of its filth

The **issue on the table has to do with the colour of skin, race**, an issue going on for how long?

T: what about the number 72 degrees? Thom Hartmann talking about it today - there's a 72 hour window

- Richard -astrology - starting at 11:30 tonight, 2 lunar [moon in Gemini trine Saturn; moon in trine Neptune in Sagittarius] and 2 planetary aspects which are with Mercury also - these things are good - it's about telepathy, deep inner thought - right use of power: let Light, Love and Power restore the Plan on earth.
- Moon opposite Mercury on 3 pm on Sunday.
- What we are moving through here is a moon square Uranus

T: these guys are being narrowed down to their arrest time. Going to be quick.

- 14 lawyers from Tennessee were disbarred by the state; had to do with illegal activities
- On Dylan, Rev Al, Martin programs - discussion of accountability and making changes around this
- Dylan speaking of the outrageous money being spent on Iowa Caucus
- and for BO to say what he did at the Pentagon - no other president has done this; he's in a completely different modality
- KOS always said if there was any kind of martial law, it would be for the benefit of the White Knights
- this is going to show quite quickly and have a domino effect
- The Euro is going away

Caller:

Tara asks her about the astrology that she has told everyone about - the timing for the transfer of energy and feels the activity of Mercury is very quick,

- there's a certain desperation in the atmosphere - looks like the Republican ones are being cornered
- Goes back to information by Keith O from between Christmas [an event from Dec 7th "best of 2011"] - to show the criminality of what Newt did [made an offer to John Bolton to be his VP]; also did 9/11
 - the trainwreck in July 7, 2005 in London was deliberate
 - Bolton was State Dep't assistant secretary at the time
 - Carlyle Group in 1990 - Bolton in the middle of this, too
 - In 1991, KOS and his men had guns out to make Bush Sr sign the ?
 - Bolton was Asst attorney General 1985 - 1989
- Newt is guilty of contempt and contravening the Criminal Code - because of promise to offer something to someone [Bolton to VP] before he is in a legitimate place to make the offer
- She says freedom is coming now and we have not known this before

R: Valerie Plame, Joe Wilson also told R Wed pm that arrests were coming ; re-confirmed it today

Randi Rhodes also said it today

- Unexpected good reports from the US which forced the dollar to be more valuable to the Euro - \$1.27 is really low to buy Euros - Tara is expecting major miracles to show up
- the miracles will show up by April said by a caller yesterday [Thursday] -
- KOS also said not long

Caller: any body heard anything about US deploying military forces to Israel? He got an article about this

R: he saw the message - thinks it came from a place

T: like from Sacha Faals, a Black Ops? This means something is going to happen like taking an action

- the last person who said this was Randi Rhodes, on air, so all could hear and to be continued - there must be a lot of actions being taken.

R: It's all over the planet - has to do with the White Dragon

T: this means they are activating the Sovereign Militia: sabre rattling in Straits of Hormuz is not cool - and US troops to Israel is a lie

Caller: reads the article

[SEE BELOW]

R: not privy to what Ashtar will do until he is called, and he feels it is really, really, really close

- The dark ones still want to play with their toys, and Ashtar has already said "no nukes" - and at some point the ships will intervene
- First contact has to do with 175 million years into the future
- As NESARA gets announced: this all comes back to Mother and the hybridized children of hers who only have 11 strands of DNA and they need 12 to walk through the Star gates

T: going to see if Mother can be on Saturday's program

R: will print out the article about the troops going to Israel and talk to his contacts

T: Netanyahu & Lakud have the nukes

- St G is behind Barack O so what is going on? She wants him to check this out!

Caller: does this not have the global banksters' fingerprints all over this?

T: Yes, of course. Brezinski does not like Bush Sr, nor does Putin

- this is not good - taking this as a warning that US is going against Tehran

R: always been told as last resort, operation evacuation project - yet that is over. We have already crossed the line as Ashtar has said no nukes, and if they would play with current technology like air to ground missiles

R: has sent the article to KOS, and asked for a reply ASAP

T: Germany has sold Israel a fleet of dolphin submarines which can send missiles

- Jim Hightower has said that Mitt R is Lucifer incarnate!
- The 7 heads and the 10 horns of the beast form when the Euro breaks up

R: love this man [Ron Paul] even more for what he is walking through; he was one of the writers of NESARA bill

T: www.stormfront.org

- Wall street protesters are useful idiots - Ron Paul's own words - he is good friends with the man who set up www.stormfront.org [it's about white pride]
- Campaign for Liberty, founded by Ron Paul - June 10, 2008 was when this vehicle was set up in Alexandria, Virginia
- At the end of this thing, Anonymous said remember, remember the 5th of November - story of Guy

Fawkes and has to do with the people saying they will not stand for it anymore

www.RonPaulnewsletters.blogspot.com

?? backs and supports Ron Paul - ?? is a neo- nazi - means the dark has been hovering inside the light for a long time

Amy Step?? - on Thom Hartmann's Big Picture - has said there is no public information about the drones over

T: the police department is using them now, flying them over the country and can target you from a distance and take pictures of you!

R: Revelation has been cancelled, yet at the same time they still want to play with these games

T: the job rate going up has made the Euro go south

- We have been told from the '90s that martial law could easily come into play; there are those in the Pentagon who are dark and those who are light like Mike Muellen

Caller: another article about Murdoch - stock in NewsCorp is going up again!

T: what does this mean about the case in England?

Caller: M set up NewsCorp in England by 1969 - his stock is rising and the court case has no bearing on it

- A very straight forward stock at the moment - controversy is a "one off"
- Family members in line to succeed Murdoch

T: these guys tried to kill Neil Keenan as they don't want the \$134T case to come out

- major actions behind the scenes -

R: New Nuremburg trials going on

Caller: more than 20 people arrested in UK as a result of cases - relative to Murdoch - investors would be rash to assume that 2012 would be free of damaging headlines that were in 2011

T: there is hanky panky going on to make earth changes fit their own agenda

Caller: can you address the Empress of Japan who talked about

T: Reading about Sekhmet: Lady of the Place of the Beginning of Time
