 - Republicans screaming that he is taking US down the road to Armageddan
 - Romney got \$86M dollars from the gov't when he did his Bain business - a partner in gov't and then another \$13.6 M from Indiana State gov't, paid for by a new income tax on to the people - that is just how it's done

- all kinds of stories about Bain Capital
- Romney care was the basis of Obama care - a good thing, and it's working
- If Obama care was taken out, it would raise personal premium rates by 25% - \$1,200 - \$1500 - We need single payer, free health care
- The face of Mitt Romney is the face of what is coming forth with the situation across the planet - the 13 families would like to pull off the last chapter of Revelations -
- France ratings just down graded; Sarkozy on his way out - Freemason of P2 Lodge that will face ICC Not of Knights Templar and Office of the Christ
 - Several others warned that this would happen by end of November

KOS talked to R for 3 minutes -

- every single day, you don't know # of stories going on about wanting to remove him and his family and all he represents in terms of the Moorish Aboriginal Moabite nation, in terms of healing this story that Noble Drew Ali brought forth in terms of creating a way to get this nation back on track

- every day they are trying to stop him from helping we the people: even the legislation to consolidate the 6 areas in the one department - he did his part to get it going; will see what goes
- Going to be a big march & demonstration in honour of M L King Day as St John the Divine and will walk to Riverside Church where MLK gave 1963 speech on Viet Nam
 - St John the Divine has a clear quartz crystal that is double terminated in that church; when strike the solfeggio sounds, it starts to vibrate and resonate

Thom Hartmann: all 3 hours of TH program are now up on Free Speech TV

- Sam Seder took over the full 3 hours today; Thom still in Sweden
- **Sam works with KOS, and Larry and Curly & knows the full story**
can hear him formulating his words in the moment as he answers people

Rachel Maddow Thursday night show - how Mitt mistreated his dog

- "emotion free crisis management" is the way Mitt solves problems
- just hosed down the dog and the window, put him back in carrier and carried on
- www.dogsagainstmittforpresident.org

KOS: we are in the final moments of watching this unfold in the dawning of the Age of Aquarius

- witnessing the darkest hour before the dawn: the rise of Lucifer and getting people worked up about issues that have nothing attached to reality
- a shoo-in for Obama in Nov - stories are writing themselves; time to take care of We the People

Randi Rhodes: Warren Buffet challenged all the members of Congress [this story not being reported]

- I will match you \$1 for \$1 for every dollar you give to the 99%
- he's doing what he can to help the people, yet what has to happen is rolling back Reagan tax cuts, arrest the criminals since then, and reinstate the Sherman Anti Trust act, etc roll back the ??
- She spoke of the dragon clan from Dracos: she has some pity for them, but it is very measured: if they cannot take time to care for themselves and the planet, who will do the next step? She said we the people will do what needs to be done; get a rope!

Thom: Sam critiqued the 28 minute film that was made into numerous ads in SC:

The critique in the 28 min that was shown might be one of the best on what's going on

On **Rachel Maddow's** show tonight:

- McCain was at a rally for Romney, and said to all the people "With Obama as our leader, we will turn all this around!" Some of his assistants came running up and said "No it's Romney!!!"
- Tara thinks it was subconscious knowing that they are toast.

KOS: • **please do not worry about Iran; Ashtar has it well in hand**

- Al Jazeera said Iran is down 15 % in the value of its money, and suffering already - no advantage to shut that down.
- It's CIA egging stuff on in Iran, with Hillary and other stuff with Netanyahu

- Netanyahu is being targeted by those not willing to do his bidding inside the Moussad, nor the willing to do Hillary's, either.
- Has to do with the story of the changeover of the currencies; others are not playing with the

fiat currency - Tim Geither is still trying to get a loan to help his Fed Reserve to keep going

Bain Capital a perfect example of vulture capitalism

Thom H / Sam Seder: Guest was Robert Reich

- Bain Capital was based on leveraged buy outs:
 - the Marxist thesis that capitalism can control people/ work for 200 years - was up in 1976; in 1977 got Jimmy Carter; then Bush Sr put up Reagan
 - Reagan starred in the movie about "Bedtime for Bonzo": the movie about the cowboy and the chimpanzee
 - Reagan was acting as President, it was Bush Sr [Schirff] ran the show
 - Diff between Karl Marx socialism and the prime mortgage stuff? None
 - Russian people left the illusion of communism because there was no freedom; in US, there is no justice
 - Leveraged buyouts were running companies for profit, short term, with no concern for the people, work, lives, families, etc etc
