Hard News:

R: lots has been quakin' and shakin'! Happy Ground Hog Day!

T: in Washington, people walking in shirt sleeves, cherry blossoms are out
cold weather / deep freeze in Ukraine and other places; deep freeze is going down into Africa -
this is global cooling

R: has been hearing about getting N announced and criminals rounded up

- Eric Holder was on the hot seat today: R heard him called a liar!
A US border agent was found dead, and Holder's fingerprints are on it
- Obama surrounded himself with with tin soldiers and knew they would fall
- He WILL prosecute and send them to The Hague - he is an ox, is very thorough

R: Thom Hartmann said today - the latest groundhog to show up was Mr Hair to endorse Lucifer -

- this ties in and it is a huge story; involves our galactic friends and full disclosure, first contact
- has to do with with idea that they can no longer pull the wool over our eyes anymore; we need to be helping the least among us

R: The prayer breakfast is about C Street and K Street; this secret society and the 13 families have little to play on: more and more people are waking up: keep thoughts pure, & words out of your mouth clean too

R: Lady Master Nada - all of them are saying keep your eyes on the prize with Mr Obama - the frequencies coming in from the the Great Central Sun - Gregg Braden's 28 min piece speaks of this & the affect on all living matter

T: From BO's State of the Union: "from whom much is given, much is required"

- Last week a Senate Bill "Paying Your Fair Share Act" - introduced on Wednesday
- for people up to \$1 M = 30% across the board [down from 35%]
- from \$1 - 2 M = 35%
- A big jump to put this on the table;
- Grover Norquist saying B O needs to resign or it's treason; very ugly

Question:

- about Steve Beckow and a list of people
- The mother ship, the Neptune, and the journey and what is entailed in that story

R: our friends are showing up in unprecedented numbers: there is no date being given

R: he asked LM Nada and Heidi at Bank of International Settlements about this

- there are huge things going on across the planet about us going back on precious metals; entire world economy being turned on its ear, being re-instated but not about Euro - Greece will go back to original Drachma, and all other countries to original currencies and all backed up by precious metals; rainbow money in the banks;

- St Germain is in charge; the other people who think they have a piece of the action and think they are in charge of this are sadly mistaken

T: she also said there is major scuttlebutt going on around the planet about getting JESARA announced

- Nada said there is a major X on their 3rd eye: understand that when you still have Lucifer and his buddy who just endorsed him still loose on the planet; when official full disclosure / first contact has not been announced; when arrests are not finished, it is not in everyone's best interest to have folks interacting at this time,

not • And also that everyone is not who they say they are: there are life forms out there who do not have the good of the people and the planet at heart: the astral kingdom is right here with its ooglies, as well as the ascended masters, the Sepheroth and those who sit at the foot of the throne of the Father - depends on who you are working with

T: That is, the energy of the vibration of the person is what limits the conversation and what they receive

- that is why it is most important to go within & check vibratory rates from within
- the pattern of "no dates, no nukes, no flukes" holds across the board - galactics will only show themselves when all is safe. The others want to piggy back on the galactics as they are getting shut out more and more from not being able to come back at all
- Dates given? Not exact

R: the intensity on the planet - it may happen, yet Nada said you may not want to go on that journey and you may find yourselves across the galaxy and cannot get back!

- We work with the Office of the Christ and ONLY in the Office of the Christ.
- He read it and did not get a good feeling when he read it;

There are things going on across the planet:

the guy who made Gasland was arrested at a sub-committee meeting yesterday **as the Repubs called out for him to be arrested** - don't want him listening when we talk about fracking

In Indiana, SC, AZ want to axe Planned Parenthood - took out

- getting a mammogram give you 40x the amount of
- need education on prevention and getting rid of all of Monsanto and taking away such things as saying they own the patent of our DNA so they can mess with us which is against the Prime Directive and they are doing it:

Reading: Could this be the first domino to fall?

Confirmed raids taken place today...arrests have been made!!

People in Iceland told their banks NO

Question: what is your take on status of dinar in relation to other countries being re-valued?

R: What is happening in Iraq has to do with the Euro and other things; even though there are signs like black screens or blue screens, it still has to do with the cosmic dance going on here which has to do with the re-valuation of all the currencies right now [100 of them]

T: It's the currencies which do NOT have the precious metal backing; The other countries are ready for NESARA

R: still cosmic musical chairs going on: in Iraq, the US put them up to it: we have the largest embassy in Baghdad - it's about the stargate and the ziggaurats / the zero point modules, not oil or the dinar or anything else; this is why we went in there

- We have to think about currency and money in a different way; what Obama said at the prayer breakfast: the least among us need caring

Caller: it seems like it could be incentivizing the Treasury - if the dinars were re-valuated, it would make

a big hole in the budget deficit

R: Yes, the deficit is about fake currency; America is not broke

T: the criminals have to be arrested first: they want the 4th Reich and nothing else; Romney and Gingrich who are one tenth of the 1%, they have no capacity to care and we are just collateral damage

R: Majority Report: Sam Seder said he would like to see Romney, Gingrich, Santorum, Paul to spend a week at a homeless shelter with no car, credit card, etc - how to get food, find a bed, etc

T: the solutions are in pushing harder for justice for everyone! The arrests are beginning now -

- arresting Holder will bring forth special prosecutor Patrick Fitzgerald who while open up 10,000 sealed indictments
- Barack Obama could very well declare martial law at any time [Nada]; no dates, but the energy of the new moon could force this - which is on Feb 8th

Caller: Hasn't the gov't been looking for a way to justify military law by feeding all these divisional actions? Looking for ways to institute martial law to gain more and more control?

T: NO this is not that: this is the White Knights doing this at 38 levels above the President: to keep ordinary people safe while the arrests are going on; they will bust down doors and if they do anything, they will be gone; and they will take the criminals over to The Hague and if they

R: Over 60% of the Pentagon is ready to nail the cabals

T: first thing they will do is arrest the 40% who are not of the Light; very heavy duty

- heard yesterday that Russia, China, and US will join their military together as a global peace keeping mission, so if Israel thinks it's going to nuke Iran, will have to deal with this group
- **This is big stuff** - this is not about giving someone dinars, but getting Mother Earth through the eye of the needle and getting nuclear holocaust off of this planet

Caller: someone has already been interfering with nuclear stuff

T: still wild cards and Lakud party telling US if we want to do it, we'll just do it

R: an article that american army won't join Israel's war with Iran

Reading: Joint Chief of Staff Dempsey says it will not join with a war in Iran

R: Iran refused to deal with a petro dollar - that is the REAL issue

T: Nixon committed treason when he went to the petro dollar without any approval, normal procedures

- At 38th level about the President is where KOS sits ACIO - the Alien Contact Intelligence Organization which means the Ashtar Command is part of our military
- It might be that the White Knights will freeze frame the dark ones and they can't move and then take them to the Hague - Ashtar is working with Obama and KOS and the others
- We have to be a participant - can't walk around ignorant and say all is well

Caller: martial law has ramifications for the rest of us that are not pretty because there are enough people who do not understand their oath to the Constitution, etc; they will think they are obeying their government

R: there will be explanations

T: they would never do this unless there is not other option - KOS said this 20 years ago;

when this happens they will go so fast with information & these people will be shackled so fast!

There are 20 million members of the Sovereign militia forces teamed up with those on the ground
Good news that 60% of Pentagon is ready to go on this! That is plenty

full disclosure has been on the tip of the tongue - remember that ever since signed 3 executive orders:

over 50,000 technologies will be revealed which have been on the back burner -

can re-vamp this economy by stopping the oil in a minute - put a Tesla tower on the Saudi Arabian .. peninsula and took everyone off the grid for all of the energy needs

oil in 20 Million forces and they are teamed up with

Caller: he worked with an inventor who figured how to produce unlimited energy without fuel - it's great and is what needs to be done

T: For this to come into play - the social psychological, spiritual aspects - people who are so scared that they will vote for people like this because they think they will get survival money

R: the awakening is happening both physically and spiritually - we are seeing the holodeck; the life forms that you see are "celluloid heroes" - large on the big screen, but they hold no weight

- they have no power and all they are playing with is their words of enchantment and spend millions on commercials and twist your mind from your heart to tell you what you should do
- We already have someone who is perfect for the job and we aren't going anywhere

T: reads more from the article: the people do not know that Iran has had 12 nukes for 20 years.

- Obama knows it and is going after our own criminals
- "from whom much is given, much is required in return" - as we are about to receive much, much is required of us and we need a large group consciousness that understands what to do
- Jesus 2000 years ago was a member of the Ashtar Command & he could have called in the Command and just levelled the situation:
- Rama asked him at the time if he could bring down the troops from the ships! Jeshua asked him to let J do it a different way - it is about love and don't need to use the stun beams unless it is a life-threatening situation

R: we are not in such a situation: We are now moving from yellow alert to red alert and these ones are in our midst.

Caller: an understatement that he has lots of experience with this earth plane stuff!

T: reference to Holder, what he did: one of our agents is dead now because I didn't take responsibility
Now I will have to cover up

Caller: not only one of our agents, it's the 20,000 guns and the deaths in Mexico

T: lots more than 7000 dead in Mexico; they go down to South America, too, with the guns

- Lots of unmarked graves in Mexico - thousands and thousands and thousands - 57 - 58,000 bodies with no identification - there also more than that

Caller: your take on Ron Paul's "minding our own business" as foreign policy

T: not possible - it's a global society

R: has the right idea about bringing troops home and not stick our nose in other people's business

- it goes farther and is about having respect for people
- Iran is not the bad guy here; did not cause what happened on 9/11 and what has happened since
- US caused what happened with the instability around free trade
- lobbyists that run on the coattails of our law makers

T: we have ourselves on the threshold of a galactic society - yet we have caused harm to the galactic neighbourhood

R: Gingerich is a lobbyist, just won't admit it

T: He is also an Opus Dei and is responsible for murder - reptiles, inter galactic war criminals and have been using advanced technologies, keeping them from us; have made weapons we have never seen

- we put our business in every country on earth and we are responsible for using natural resources in an unbalanced way; we have employed all the people on the planet so we can live as we wish
- Paul wants to shut down medicaid, medicare, social security; he is also a member of Klu Klux Klan, a Nazi

the KKK is considered a Vatican organization

Rumour is that Palin is going to endorse Ron Paul and then he will choose Jesse V as his VP; then Jesse is in the hot seat

None of these people have any respect for the man in the Oval Office

Has to do with Malcolm X , all of the Moabite ; people of Nibiru, Sirius A and B, the Dogon people, the Banue people - has to do with healing the issues about race.

T: handler is Henry Kissinger; the landlord of the planet for the Vatican

Caller: it needs to be said that we are defined by what we focus on - the solution is at hand with an elevation of consciousness and we need to focus on this, not the problem

- a whole lot of people would join you if they didn't think you were against the freedom that Ron Paul is espousing
- he thinks Obama's actions have been very socialist - but won't judge because he does not know what goes on behind the scenes.
- anyone who wants to get back to the constitution has his support; it's the law of the land and we are so far from it, he wants to see rule by law, not rule by personality

T: we are guaranteed our rights to life, love and the pursuit of happiness - we are, each of us, a social being and we are engaged;

- as Bernie Sanders says: I am an independent social democrat
- They made an equivalency between communism and socialism which is false

Caller: this could be handled by using the comprehensive

- Walter Burien has been working on this: **cafr1.com is his website**

MR: is this

Caller: 130,000 districts that keep 2 sets of books; the right side of the ledger has trillions of dollars

- If we the people can take control of those funds and use them properly and could eliminate in 5 years and still have the reasonable pensions
- Also check out: goooh.com - tim cox - has figured out to hold responsible those who go to Washington [get out of our house]
- Part of Ron Paul's program is a solution;
- Taking over the Federal Reserve on behalf of the people is a solution

T: all of that has been handled in the framework of NESARA

- You cannot have justice without peace - N declares peace and has those in controlling positions with all the money arrested. Then we will hear about all the other things.

Caller: why do you call me commander; I am just a guy.

T: She calls him commander because we are from the stars and we represent 200 million civilizations

- You are not just a guy; you are

MR: thank you for reminding us about the money the cities and communities have - hasn't been discussed on these calls for a while

MOTHER:

In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St. Germain and the Violet Flame

Greetings, Children of RA

- Indeed on this ground hog day and Imbolc - this is the Festival of Bridget, as we approach the sun which is rising and bringing the spring Equinox
- All we have been rushing towards and asking for is coming, in spite of the best efforts of others to stop it.

- Everything is coming full circle and into balance and harmony, in spite of the best efforts of our children to distract you.
 - Our grandson Mr Lucifer has his fingers in the pie to confuse you and separate your mind and your heart. The Groundhog today endorsed Mr Lucifer: they are the 1% and think they can buy a planet and they don't have enough money to do so - Mother's message is that they leave the market place right now while they can still walk, still think
 - There are many sitting at your doorstep almost pounding at your door to sit with us
 - I will speak for this rental unit: I am a social democrat when it comes to the affairs of this planet you have been sold a line of crap about Karl Marx, Putin and the Great Red threat
 - The only threat is the long red tie that Mr Trump was wearing - a blood red tie that was bleeding! They are chomping at the bit and think they have the final lock down in this case.
 - Yet all they can do is surrender and many have; St Germain is giving them comfort and counsel as they can accept it - they have to do it for themselves [forgive].
 - These ones, their names, it's about their choice in - they have made their choices and they are taking their leave
 - The frequencies affecting the world: the smallest particle is being bombarded by the energy coming from the Great Central Sun - people know that something huge is happening, though they do not know exactly what it is
 - it is the opening of the heart; it is about love, which is the key to the story
- T:** love is the combination of all things we need to have - as we show up with our hearts open, what comes forward - barely experienced by people who go to a pre-programmed institution
- Mo:** the people who have nothing, those in the Occupy movement, are saying give me a voice - we are taking the mike and we will speak our mind and people will listen - we are the 99% and you can no longer rob, pillage and kill us for our soul matrix: make peace with your god in this very second, in this moment.
- What is coming out this moment - it has to be sacred words - you can sit like a little buddha and focus so intently on what you are doing, yet you
- As we do this together, the grand experiment of peace and love within the diversity of what we, humanity, - represents; we come from so many different cultures and we are unique because of our thoughts
- Elisha and all the masters are sitting with us now - like Treebeard knocking on your head with a branch - they are all around you; just stop and listen
 - it is already occurring: the Indigo Crystal children are already speaking truth to power - change has come to this story and
 - We will sit on your doorstep - descending into matter is the deal here;
- yes, he could very well declare martial law; it is about the usurpation of power - members of Congress, the biomedical -
 - Portion of the money has been found
 - What about the \$8.8 million that is missing ??
 - It is about the next moment here: the people see through the matrix that corporations are not people, and money is not free speech
- T:** it will be about arresting them - Edelson owns a gambling casino in China and China takes 40% off the top in taxes and he is still making millions! That is China supporting Gingerich!

So people ask "How come he supports you?" Because he knows I support Israel is Newt's answer.

Mo: in this moment, we are watching the great unravelling; this is the moment, the 4th turning - the Sovereign Militia - it may begin on your TV and you will be saying *OMG!*

Cathy: thinking of William and Harry; we have seen them grow up and heard of the Nameless Ones - will William ever be King? What will happen in Europe concerning that family?

Mo: there will be a unified understanding - the ancient bloodlines have to let go of the gauntlet - we are a global village and part of a neighbourhood. As the 13 families go down and relinquish power, the needs of all of us are more than the needs of the few

T: never was a ratification of

Mo: if the draft was re-instated we would never hear talk of going to Iraq again

T: no more war

Mo: no standing armies

- William is with the British military in the Falklands; Argentina sees this as provocation - egging on irritations and bodes not well for England - the islands are part of Argentina, not England.

T: the people can be dual citizens

Mo: a touchy situation - has to do with the 13 families, who think they can walk into a country and take resources. It's what the Draconians did when they nuked Nibiru

Closing: Cathy

Buerkle to Holder: “How many more Border Patrol Agents would have had to die as part of Operation Fast and Furious for you to take responsibility?”

Feb 2, 2012

Washington, DC – Today, Congresswoman Ann Marie Buerkle (NY-25) skewered U.S. Attorney General Eric Holder at a House Oversight and Government Reform Committee regarding the Department of Justice’s involvement in Operation Fast and Furious.

Buerkle’s line of questioning began by showing Mr. Holder video of the testimony given by the victim’s family that occurred at a previous Oversight and Government Reform Committee hearing. She then proceeded to cross examine the Attorney General regarding his lack of accountability asking him “How many more Border Patrol Agents would have had to die as part of Operation Fast and Furious for you to take responsibility?”

“The Attorney General’s testimony today was disgraceful. His continued deflection of accountability and denial of any knowledge of Operation Fast and Furious is shameful. If he, as head of the Department of Justice, is not accountable, then who is? How bad does a situation have to be, how many people have to be killed, before Mr. Holder believes he should be held accountable? If he had no knowledge of the program that is under his purview, then he is grossly incompetent,” said Rep. Buerkle.

“Throughout Congress’s investigation into Operation Fast and Furious, Attorney General Eric Holder has been consistent. He has been consistently callous toward the victim’s family, consistently inaccurate in the information he has provided to Congress, consistently not taken responsibility for his role, and consistently dodged difficult questions. I once again demand his resignation, because whether he is accountable or incompetent, he has utterly failed in his responsibilities as Attorney General.”

[More Icelandic bankers arrested](#)

Posted on 20 January 2011.

Iceland's special prosecutor into the banking crisis has confirmed that raids have taken place today and that arrests have been made. The Central Bank of Iceland is among the institutions under investigation.

Special Prosecutor, Olafur Thor Hauksson told Visir.is that house searches are taking place in at least three places today as part of investigations into the central bank, MP Bank and Straumur Bank.

Stefan Johann Stefansson at the central bank confirmed that agents were in the building conducting searches; and it has also been confirmed that searches are underway at MP Bank and ALMC (formerly Straumur).

An ALMC spokesman said that the premises are indeed being searched and that the bank's staff members are doing their best to help.

In other news, four people have so far been arrested today in connection with the special prosecutor's investigation into Landsbanki.

One of the arrested parties is Jon Thorsteinn Oddleifsson, former Landsbanki treasury boss; and it is not yet known who the other three are.

According to Visir.is sources, the arrests concern a brand new section of the wider case against the bank and are not directly connected to searches and arrests made last week.
