Hard News:

R: Camp Loveway: R challenged the Libertarian Governor Gary Johnson today on air and Libertarian Judge candidate Grey

- slicker than Mitt in some ways; also knows about the higher levels; when he climbed Mt Everest

shut off his oxygen so he could go farther, forgot to turn it on, had a visit from angels

- R told him what he thought the idea of 9 year olds cleaning buildings : insanity to talk of child labour - on Al Jazeera , T & R see kids barely making a living
- Told Johnson you'd better change your story; Johnson said he retracted his statement about child labour laws
- R brought up story of Obama and 19.5° which he could not deny. Johnson has watched the hyper-dimensional election of Barack Obama, so he knows what is going on, yet he has to kowtow to the rich ones who support him,

There are 9 so-called administrators who think they are kings [Supreme Court judges - yet Kagan and Sotomayer know the story, who Obama is & that he represents the coming of the Mahdi, Maitreya, the Cosmic Christ] - he brought up all these things, and they could not counter

- the Libertarian party does bring in are ideas that are Republican Lite [Thom Harmann's phrase]
- Since the morning of 9/11 and NESARA was not announced, we have been enemies of the state - next step is what Mother talks of: the energies coming in supersede the talking head stuff
- our junk DNA, the evolution parts, screaming at us to get with the program - turn off radio, tube, go outside get your feet on the earth and connect with the light

Camp Loveway: Teran, Bear, Jesse had that part of the story on Camp Loveway

- also played Benjamin Stewart of Kymatica; at the end of this, is talk of the fall of economies across the planet
- As N gets announced, we turn in fiat currencies to the big banks, exchange it for the rainbow money which is already in the bank
- R went to Wells Fargo bank with his dinar and asked when is the exchange - speaks of babies dying etc in Iraq

T: we are on the other side of this in spite of what it looks like

watching Thom Hartmann's program on Friday night; list of most peaceful countries in the world
#1 Iceland, #2 Denmark, #3 New Zealand, #4 Canada, #5 Japan, #6 Austria #7 Ireland
#8 Slovenia #9 Finland, #10 Switzerland

#88 the United States - 1 in 8 people in the US have a gun, some have 8 - 10 guns

- Last year, in Germany only 82 bullets were shot by the police in Germany!

T: 2 year extension for 1.4 million undocumented Latino children to stay in US

- conditions: here for 5 years; under 30 and older than 16; going to school or college; no threat to national security; or have served in military, etc
- Obama's policy is in lieu of the DREAM act, passed by a bi-partisan vote and denied by republicans after the 2010 vote - which was rigged
- They decided in a treasonous meeting in Jan 2009 to work against Obama; have been doing it

Audio: from Melissa Harris-Perry, Saturday, June 16th

- Interviews Heidi in Virginia who is there with her attorney
 - How could we make this work for everyone, not just her? It's a new beginning for those
 - What about your plans for the future when you were faced with deportation?
Felt like she couldn't do anything, put a pause on everything - loves the country, wants to go to school here and have a career here!
 - What does your family need? To be together, to have opportunity to not be scared!
 - What's your plan now? To go to college
- 1.4 Million people can be affected by the President's plan

T: the Republicans are mad as!

- Barack Obama segment played on MHP: makes no sense to expel these young people because of what their parents did
 - They can apply for deportation delay
 - 12.2 million Hispanics are eligible to vote this year
 - The announcement extends work permits to younger, undocumented people which the DREAM act was supposed to deal with
 - he made sure to say that this measure is not a path to citizenship - eligible people can apply for extension to deportation and
 - yet his deportation orders were higher than those of Bush Jr - a 2-sided narrative from White House
 - More and more undocumented people will "come out"
 - Immigration is a divisive issue in the Repub Party: Romney says he thinks the President's action makes long term action difficult!!! [Republicans are hypocritical]
 - Speaker is Filipino; he is undocumented, but his family here is not; he was sent here by his parents, so he is from a "mixed family"
 - 300,000 is estimate of people from Europe [speaker is writer of latest Newsweek article]
 - 25% of children in US are children of Immigrants
 - Immigrants pay ?? in taxes annually
- is there any possibility of bringing down the heat a bit so the complexity of the issue can be discussed?
Referred to the reporter shouting at the President while he was speaking.

T: we will be getting all kinds of technology and it will assist us, not take us over!

- Our endocrine system is key: all these things can be repaired now
- we don't ever have to die again - have the freedom to change our life style
- Discipline is necessary about how we live and think

Audio: Up with Chris

- story of Gerry Sandusky and Penn State - more and more evidence that people knew what was going on
 - normal people who watched something awful happen and not do anything about it
 - lots of things that went wrong like in Enron - no one blew the whistle
- Why don't people speak up?
 - Lawrence Lessig of Harvard Law School: why should I blow up a big institution for what might be just my suspicions? Most people are not bad.
 - Sharon Watkins, at Enron for 8 years: she felt like she was telling the captain of the Titanic about the iceberg - when nothing happens and the organization makes the right noises, begin to doubt self
 - Karen Ho wrote Liquidated: people on Wall Street are not renegades

Amy Goodman joins the conversation:

Dave Weigal - the Daily Caller was created to specifically challenge the so-called liberal media which is biased [speaking of the reporter who spoke out to the President who had not finished his presentation]

Chris: people think this president is dis-respected; refers to Joe Wilson who yelled at the President in

the congress

- Discussion about the failure of the media to ask hard questions, about the bubble groups live in, about what Limbaugh says, about the difficulty the President has in this climate of distrust, disrespect, and the effect on the elections, about the amount of money involved in the elections,

PLEASE LISTEN TO THE ENTIRE SEGMENT - VERY UPLIFTING AND INSIGHTFUL!

Mother:

Greetings in the light of the Most Radiant One, in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St. Germain and the Violet Flame

T: and to rise above the lies

Greetings, Children of Ra

- this is a great day to be alive, as we have been hearing from Chris Hayes, author of *The Twilight of the Elite*
- The biggest story here is the least among you: blessed are the children, blessed are the poor.
- As the Sirian Commander has said, the private sector is doing fine, thanks to the hedge funds
- Thanks to Beloved St Germain who has all the gold, all the money
the break up of the Euro has to complete itself
- How did we get to this place? The founding fathers said no central bank -
 - Jamie Dimon was sporting cufflinks given to him by white house
 - This is the blind man on a donkey, riding backwards
- This is about our children who invaded, occupied and never left! Now at final moment
 - it is now for all of us the 144,000 x 10 hundred thousand
 - the critical mass has been reached: use it, don't lose it - do it, do it now and we will be backed up by trillions and trillions
- Aung San Ko Chi - a prisoner of conscience - so many people across the planet being put in turnstile places, in prisons so someone can make money off you!
- This story began so long ago: Jehovah, Lilith, Lucifer - has come full circle; seems they want to play out the **cancelled story of Armageddon** - it is being played with the escalation of the story that the UN will not send any more observers into Syria:
 - this is about the cabals that are falling with their ancient war weapons -

T: Has Hillary's slush fund money run out?

Mo: We are watching this come to a head in Greece, Egypt in same condition; this is not about the fake pharaohs running the people, it is about the people

T: Syria is home of Miri-aye [how it sounds!], Jeshu's mother; Egypt is place where Mother came in

Mo: It is the original story, the family of the Essenes being brought forth now - the least amongst us is the most important

- The most awesome news is what this man did by giving the people of colour a change here:
serendipity stepped in - **we are all equal, no matter who and what we are**
- You ask why have we not landed? But we ARE here - are we any less magnificent than any of you if we have fins, a tail, fur? Get over the story that he does not deserve to be in the White House [race]
 - this is in the genes when the DNA was manipulated so long ago to make us "great pets"
- There is so much intensity in the people who say we will no longer be ruled! We get to have a slice of the pie, and a say in the story - it has already begun

- Next step: mass arrests. Cannot give answers as to detail but it is at fevered pitch: 8 billion have said enough is enough! There are maybe 1 million or less of the wayward children - not a fair fight!
- Be grateful and be happy to be here! We are happy to be grateful to grace this story in this particular timeline when we have the unique ability to share our gifts:
- we have always been co-creator gods and are equal to her [Mother] - they have taken us and turned us into dust, and now there is a wave: this has to do with the anomaly in centre of MWG - it will continue to magnify, magnify & increase to Dec 21, 2012 as we envelop the nexus
- when we are ecstatically at the place of such orgasmic joy, we can't think of any thing else
- As the earth becomes a star, we will be so too
- This is the real story: the birds listening while Obama spoke in the Rose Garden: the sound of Lord Kuthumi, the World Teacher
- Believes it is time for a council: the UN to become the Justice League of the planet, the House of Micah
- all nations under the current House of Glass are in the sacred hoop of life: now they will get to say with all due respect, I have the ability to voice my grievances - time to heal the water, the hearts, the children

T: the story of America at the next step is the story of the United States of Altea America

Mo: St Germain brought this forth when he wrote the story of the I AM race coming to America

T: everyone who has arrived here & question of legal or illegal

- when Mother pulls the secret gov't it becomes moot as to legal or illegal
- And then the playing field is levelled

Mo: then we can come forth with scientists, whistle blowers: never need to be sick or get old - healing technology will help all parts of our bodies

- the others get on the train and go back to the Void

T: we will see greening of earth across the planet, so people will be glad to be part of wherever they are

Mo: the land of Kennet was paradise in the past; could go to the rejuvenation chambers and the temples of Luxor, Karnack and be able to sustain the bodies for 10,000 years or longer - this ancient wisdom is returning

- No accident that what has happened - the serendipity of death sitting on your shoulder in the naqual story where how you heal planet in very short time, you do it by walking on the wild side with the naqual as your constant companion - the in breath and out breath

Sounding: Mother, Tara

T: Mother, you that come to us is as Ma'at, her future self, meaning that Age of Ma'at in linear time is called Age of Capricorn which is the 2000 years after

- going into Satvik Yuga which is 100,000 ++++ years of peace
- The energy of the Age of Ma'at really depicts that . . . we are out of balance

Mo: Story of Hopi story about being out of balance; blue star kachina, red star kachina are showing up to level the playing field - these are our fellow galactic companions; the healing of the planet is imperative as well as the people

- the small remnant of life forms are only self-centered, interested in self -

T: Ma'at - ray of energy - Ma'at depicted as a very tall woman

Mo: children of this planet will never be slaves again; that is why it is being cleansed!

T: Mother is 12' tall in her light body;

- depicted as a tall woman wearing a crown
- totem symbol is a stone platform, foundation - spiritual foundation is 13/4 - representing the stable base on which a new order is built;

- we will build upon a she-rock! And build a temple of inner light, radiating forth of the emerald green ray
- Ma'at - Mayet - truth, order, balance, law, morality, justice
- sometimes portrayed as a goddess regulating the stars, the seasons, the actions of people and all beings - she is the creator of the entire mazaroth
- she created us, and then we created the universe of Nebadon as 12th dimensional beings
- set the order of the creation - Out of chaos comes a re-ordering, the idea of divine chaos
 - this month of June has been the biggest month for creating order
- later as a goddess, her masculine counter point is Thoth, the world teacher - Kuthumi - on the golden knowledge ray - knowledge is most important
- now we are creating a galactic foundation - on earth as it is in heaven
- she was seen to represent the logos
- after preventing the creation to return to chaos, her next task was to use the feather and assess the state of the soul at death
- we agreed to abide by the 42 principles of Ma'at, including the Principle of Non-intervention in a civilization's development
- Egyptians saw whole world bound by these principles - in Greek times - and Greek was part of Egypt history -
- Creation story was something we volunteered to experience limitation within in and we did it
 - **As Mother experienced the Big Bang**, we all went through this at the same time - everything takes place everywhere at the same time - beyond the current understanding of physics - **Ma'at had no creator, made order out of the pandemonium**
 - T explains about the control of the creative fluids in our bodies - **something to listen to**
- Female cats consume those considered to be the runts of the litter: this explains why Mother talks about returning the dark ones to the Void

R returns - he was in the Fortress of Solitude at the North Pole, and looking in the crystals - has seen a complete changeover after this solstice

- something will crack in next 24, 48 hours - election in Egypt is done, Greece to follow

Music: Four different selections

Astrology: Richard

since last Saturday, he has had an interesting week

- Last Sunday, rainy overcast
- Monday - a "farmer"- rain; silver Chevrolet sedan drives up the road; knew they were lost
 - didn't see sign about private drive; they came up anyway - not an easy driveway; couple get out - he's tall and thin, in black T shirt with Led Zeppelin on it; she was blonde
 - address was 00000 and R's street name; R knows the neighbourhood so they gave R the address; R called his realtor friend and put them in touch with him
 - On Monday, Mercury square Uranus working to Mercury opposite Pluto
- Tuesday - moon went into Aries after midnight: in the afternoon, had major powerful T square
 - around 5 pm, he got a "message": a thought message from someone else - could be a friend, Higher Self - there was feeling with message, and to share it
 - Haiku - 3 lines, specified syllables per line, but this had 4 parts
"don't be surprised if . . .

the highest good for all concerned is . . .
different from what you are thinking today"

- most of us have some kind of picture in which we imagine what the highest good for all might look like, but this was a kind of big brother energy that came
- so don't be surprised at what will start happening now
- Sun has been working with Saturn, the Gemini-Libra circuit
- Wednesday - after yard work, sitting and resting - on table is large cardboard box is kindling to start fires - he sees a little face through the window, lower left hand corner - a black snake visited him on the porch, on the table and the box
 - Snake medicine - transformation
- Thursday - things calmed down a bit; he gardened & had help
- Friday - same thing
- Today - moon went void off course
 - Coming up: last 3 days before new moon: intensity of energies subdued a bit - Fri, Sat great planting days
- Sunday: moon approaches conjunction with Venus around 8 pm; moon in Gemini, conjunction
- The talk in the circuits indicates things likely to be very hot!
 - This season will continue - the moon in Gemini will continue to transform reality - creation starts on the mental plane and then we walk the walk to create the reality
 - Keep on doing the healing wherever you run into the need to do it

They check the chart: sun trine Saturn, Mercury sextile Mars

T: What does being right there with Galactic Centre imply, in terms of big story?

Ri: Has to do with increasing frequencies - any energies coming from stars etc - most of the Milky Way will be in that zone, so there is a direct shot of higher dimensional frequencies coming in on one side. Our local logos, the sun, is right behind us - we are being bathed & moved into the light

- in this particular case, because earth is sitting between sun and galactic centre which only happens once a year, around Father's Day, it is very strong for new creations, continuing of the creations underway - this is a fire and air mixture
- air is about an expansion - also makes it harder for opposition to keep people in their corner, as they are ready for transformation

T: any time we make beautiful love, we make an angel! We are co-creator gods and goddesses

<http://www.youtube.com/watch?v=vsr1qJyNZvY>

Symbolism, ritual in royalty - where does it come from?

Caller: about Thom Hartmann - is he an aspect of Thomas Jefferson? Yes.

- Caller & girlfriend had a past life time with him: girlfriend, caller were sisters; she was oldest, caller was youngest, passed early

T: he married her in France; he did slave trade in the north and that is how he got her to America. His wife over there died early; had 10 babies by him! He had a house over there, and she took care of it and then he married her.

T: There is another one in Santa Fe: he was in charge of the other program - he escaped from working for Sandea labs - they gave him a microplasm in the heart. For the last 4 years of his life, he had to sit up to sleep - had 4 major heart attacks, kept in touch with the projects. His wife was overwhelmed as she had to earn the living

Caller#2: Sally Hemmings - caller was youngest daughter of 1st wife - Mary.

- 1843 - 2nd caller was in that household - Sally Hemmings died in 1845; her son took her to Ohio and she was buried in 1835 were the son was! When 2nd caller went to Montecello, had strong resonances so did the research.
- Sally Hemmings was the younger sister of the 1st wife - both had same father; they were half-sisters.
- Sally was 9 years old when the 1st wife passed; 1st wife had 10 pregnancies and 2 children; when he re-married unofficially in France - Sally and Thomas Jefferson had 5 or 6 children,
- in 1999, Jefferson's family admitted that the wives were of the same stock: the 2 boys who moved to Ohio and got the freedom paper and pursued in in the courts and the Jefferson family admitted it.

When he died, oldest daughter and husband who had managed the estate before it was dissolved went down to Florida

T: says that England turned him into a pauper; his entire library was given to the University of Virginia which he helped establish & made sure it was a free university. He wanted it said on his gravestone that he was the founder of the university.

- He was a man ahead of his time, at the time he was condemned for his honest love for the 2nd wife - the 1st wife made him promise he would never marry again.
- He went to France as a diplomat after her death - he took oldest son with him, sent for Sally later as she was trained and educated and had been through the debutante classes in France. She had often been seen with Jefferson's arm - he took her in as a partner and in France they did not recognize slavery, so it was OK.

R: sure that St Germain dealt with all the folks in France and, yes, he did meet St. Germain

- Was Jefferson one of the masters who was overshadowed? Rama is not sure, but was a chelah on the path - he was a deist which is what the Unitarians are now. Bruton Church was deist - they were not atheists, but believed that we are gods and goddesses

Caller: to go sunbathing - went to buy something, comes out of parking lot - beautiful energies in the area - see a big painting with Michael's wings and sword right in the sky, in DC area, Above him was another - it was 10:33, one of the angel numbers - it is 8:33 when he tells Tara!

Caller: a week and a half ago: Joe Crane was on talking of Children of Light Conference in Denver - she was told to go to it, and will! AA Michael asked 333 people to gather to receive the wholeness blessing - part of this is about anchoring the grid for the new Eden in the US

Caller: is original Eden around Mt Ida in Arkansas? Yes - talking of the snake energy: the ida and the pengala - the seed of Christ anchored itself in Mt Ida - the children of Christ

- The soul of Jeshu when we go back to Egypt was the soul of Tut: Tut had Ayrian blood in him
- seed of Tut came down from Egypt, was in Jeshu; then seed of Jeshu went to Ireland - some of us never died, and in other cases it was the descendants - there are tons of Irish in Arkansas - it was a huge migration
- the lineage of Jeshu and Magdalene came to Mt Ida - **yes!** LM Nada overshadowed the Marys - both mother of Jeshu and Magdalene were thus over-shadowed -
- NESARA is the new Sara [new sara] - Great White Buffalo Calf woman was overshadowed by Nada, as well
- The vibrations of Michael Tsarion are off the scale

Reading: from a book called **The Revelations of the Melchizedek Priesthood**

- copyright Robert Coombes 1987 by Avalon papers, #6 edition

BE SURE AND LISTEN TO THE READING - T begins by talking about the **Rainbow Prophecies for 1990** and provides more background:

- KOS told them then that walk-ins were beginning in 1990, a major time of change - these ones were needed to fulfill the prophecy

- Bankers Manifesto put in place on Oct 1, 1891; ended on Oct 1, 1991 - 100 years
- in 1990, KOS and 3 of his good men visited Bush Sr: Here's the document, sign it: an Executive Order to grant the merits for the Farm Claims to be heard at the Supreme Court level
 - took 3 more years to get it done - the Pigford Case: the Farm Claim
 - When Oct came, and the Manifesto ended, Bush Sr and Clinton formed a monarchy on the west to pre-empt the monarchy of the false Red Queen: Bush was Faction 1; Clinton was Faction 2 at the time - Clinton did represent the Rainbow Prophecy so that we [all of us] come to serve as World Group Servers and held the door open, so he does require honoring for that, in spite of the murders he committed - just as Ron Paul
- that the 12 great Driver Wheels will begin to function as a unified force; the 12 Great Wheels and the figure 8 pattern can be seen

There's Magic In The Air! Can You Feel It? By AuroRa Le

The solstice is just a few days away, and there seems to be a brand new vibration to everything around us. I know it's not just me who's feeling it. I've gotten so many messages and have spoken to so many people who are saying the exact same thing. Over the last few days I've been feeling lighter, more disconnected from the everyday 3D events going on around me, and I'm aware of what I can only describe as a fun-loving, happy vibration of someone or something entirely new to this reality. Truthfully, it's going to be nearly impossible to convert what I'm experiencing into our limited human language, so I ask that you just bear with me while I try!

Whether I'm indoors or out, I'm having repeated moments of walking into, and through, pockets of high-vibrational, swirling energy. It feels alive in a way that I can't explain, and it's almost as if there's an element of *laughter* to it. Pure happiness. It's physically tangible-I can reach out and touch it. Think about those unexpected rushes of bliss that you get sometimes, which indicate a fleeting second of clear connection to spirit? It's a bit like that. At times I can perceive these energies with my physical eyes, if only briefly, and what I see are very sheer, swirling rays of color. They are gone in a heartbeat.

The animals are noticing them, too. My dog, Ozzy, has been following more than the normal number of unseen objects lately, and he's taken to staring at the T.V. while it's turned off and pacing back and forth. He cocks his head, making cute little sounds, and it's obvious that he's carrying on a conversation with *somebody*. My friend Susan, who is amazingly intuitive and a natural healer, has reported that one of her dogs is exhibiting the same behavior and she is sensing this vibration, too. She came over for lunch last weekend and together we attempted to communicate with my new house guests. I asked, "Is anybody here with us right now?" Immediately, my arms and legs erupted into goosebumps (this is Florida and the air conditioning was set to 79, to accommodate my rising power bill). I then asked, "Is this how you would like to communicate with me? Are the goosebumps a yes?" Okay. More goosebumps. I ran to get my pendulum. Next question: "Are you here visiting from someplace else?" Yes. "Are you angels?" No. "Are you from my Team?" No. "Are there any other beings here besides yourselves, such as humans crossing over?" Yes. (This is typical for me. I have been told that in my *real life* and during dreamtime, I often work at escorting the departing humans to The Light. As an actual living, breathing human it's kind of strange to know that I look like a big, white orb to them. Our home is often full of these friendly travelers, and they stay until I call for Raphael. I'm like The Ghost Whisperer.) "Are you Galactics?", I asked. Yes. This line of interrogation went on until my son called to me from his room and asked me to make him a frozen pizza.

This morning the feeling seemed stronger than ever, and I decided to take my investigation outdoors to the lake. I leashed up my other dog, Ava, and what we beheld as we arrived was nothing short of amazing, and it's actually what prompted me to share my thoughts in a post. Granted, our lake has lots of turtles, but they normally stay under water, with the occasional one peeking out or gliding along the surface. Today, however, they had other ideas. There were so many and they were everywhere! Large groups of them swam at the surface, sunned themselves on the shore, waded through the reeds and perched upon the rocks with their little heads raised up as high as they could go. It was as if a big party was going on and they didn't want to miss a minute of the action! Ava and I took a break and stopped at

the gazebo so I could center myself and connect with my guide Rastran, and ask for her take on what it was I was sensing around me. She replied:

“Yes, there is a stronger presence of life all around the planet at present. Gaia herself, and indeed the plants, the animals, and even the human cannot help but be aware. These life-forms are here not necessarily for your protection, but because there is a lesser degree of obstruction between worlds. They are as curious about you as you are about them. As for the broader meaning of this change, we prefer to leave that as an educational puzzle for you to assemble at your leisure. To simply tell you is of no value. What knowledge would you garner from my handing you the answer, as though you were incapable of deducting the solution for yourself. Work the problem from all angles and the answer shall become clear. So clear, in fact, that you shall laugh at yourself for not figuring it out sooner.”

Thanks, Rastran...

So now, as I proceed to do what Rastran said and work the problem out for myself, I find myself wondering if these tiny signs and these unseen beings could have a more far-reaching meaning than I had ever thought. Could this be the onset of the very event we've all been praying for? Is it possible that this is the first indication of Disclosure? Could first-contact possibly be something this subtle? Something like this, which is visible enough for the awakened soul to recognize, yet inconspicuous enough to not scare the pants off of everybody else? It does seem a lot like the borders were just thrown open and everyone is filing in, streaming past the checkpoint. Welcome to Earth, everybody! No passports required.

I suppose that only time-or the illusion thereof-will tell. We must each come to the conclusion that resonates best with us, personally, and keep on doing what we're doing. Keep reaching for the light. As for me, ever the eternal optimist, I am convinced it's a huge sign of progress and that it does mean *something*. Hopefully it's a sign that the New Earth is now a tangible, liveable thing that's right here within our grasp. Fingers crossed...

*** Please enjoy this incredible video, by my Facebook friend, **Patty Ramirez Antonioli**. She was gracious enough to allow me to share it with all of you. It is an actual event that occurred in her home, and is a perfect visual representation of what I just wrote about. I dare anyone to not have tears in their eyes after watching!

Namaste!

Blessings Dear Solar Family,

Within the great spiral of eternity, we come once again to that time celebrated by our ancestors since time immemorial as the Solstice! This great turning point follows the day after the New Moon creating another of a series of powerful portals of initiation for humanity.

It is during these darkest nights that we are most able to appreciate the glorious star lights in the heavens and, also during the New Moon, we are exponentially able to expand our light quotients within. The ancient ones not only celebrated the Solstice for agricultural reasons, but also knew that this turning point marked personal cycles of death and rebirth.

This is our final Solstice upon our journey towards the milestone we have all been waiting for, December 2012. We have one more cycle of opportunity upon our path of initiation, before this momentous date, to release what no longer serves us and to embrace the shifts of personal opportunity and spiritual transfiguration that are before us.

All around us we see shift and change, death and rebirth, as solar flare activity increases. Financial institutions and governments have fallen and struggle to rise up from the ashes while weather extremes have become the norm. As Grid Transmitters, our harmonizing light codes are needed to balance our planet as never before. For our Light Transmission Team, we have increasing requests from brothers and sisters who are in need of physical healing as well as those who are struggling for balance through their own trials of initiation.

Let us come together in group soul Merkaba upon the Crystalline Grid, this Tuesday and Wednesday, to blaze the sacred fires of transmutation and perfection! You may use our wonderful audio, Building our Light Quotient, during your grid transmission or come back on the grid at another designated time in silence.

Best of all, let us open to receive the May/June Amazon team's transmitted Christ Consciousness codes from the greatly expanded light body quotients, along with all of their direct experiences from the one Children of the Sun Group Avatar Soul.

Solstice blessings to all! Let us Shine!

THE EMERGENCE OF CHRIST CONSCIOUSNESS

The incoming of the Divine Feminine aspect is now in full embrace of our beloved planet. She is greatly amplifying our initiations into Christ Consciousness while helping to rejuvenate our bodies in order to transcend into the new Divine-Human... and wayshowers of the emerging I AM Race.

Christ Consciousness, the Divine Union of Love, Wisdom and Power, is available to all while still in physical embodiment and it is by Divine Decree that we, who walk this Earth during these auspicious

times, are the ones to fulfill this prophecy of "the second coming of The Christ". Through our advancement into the 5th initiation, we achieve our ascension while in the formed expression.

Due to the planetary quickening from the closing of cycles, collective humanity has been granted Divine Dispensation for the fastest development ever undertaken by a race of beings. In this historical evolution of the human design, each of the phases of spiritual initiation must still be taken and cannot, in anyway, be by-passed. This has to do with both the safety of our vehicles and to prevent the potential misuse of power.

We are all encouraged to review the evolutionary Path of Initiation in order to ascertain where we are in our personal endeavor. It is now ultra important to understand from an intelligent thinking mind what it is that we are doing and aspiring towards.

We are making this evaluation effort to more deeply coalesce our energies while keeping our focus firmly anchored and unified as we collectively progress in the group formation.
