Comments:

R went up the Taos Mtns and did a peyote ceremony; the Pueblos honor him as Ashtar's son and told him in general terms how to get to the Ashtar command site on the mountain

- He found the backdoor to the mountain and the command centre for Ashtar
- He travelled through the underground base there - ships as far as the eye could see
- There is a generator of some kind - creates a hum across the area that everyone hears
- Also went on a land speeder

T: this is why we stay on the air: people in Alberta are hearing a groan - what is it?

- The earth is slowing down
- This radio program is expanding us to all levels of understanding and awareness
- **The King said stay on BBS radio** - it's a unique mission they have

T: Cheryl's call are moving the whole thing too - encourage people to join the calls

Hard News: BBS Stn 2 1-888-429-5471 toll free US, Canada
530-513-6472; 530-413-9537

Caller: wants to clarify on an error from yesterday:

- **Obama speaking the Congress in the Hall of Congress**
• In September 2012, he will address the world from the Democratic National Convention at the Stadium in South Carolina with room for 78,000 people

Caller: One of the listeners called him and asked if Iraqi dinar is a scam - He said he'd ask for them.

T: it is not a scam, though the scammers are still around - the Illuminati, the Vatican in general, the Trilateral Commission - there are good ones there as well as those who manipulate people

- It's a scam in so far as we have a downward spiral - they will play something about the origins of

humanity, and her children who are the world cabal in general who volunteered to get rid of the emotion chip which is the gateway to their soul; they gave up 12 strands of DNA and access to Divine Love by so doing.

- They know that, by Dec 21, 2012, they cannot escape: greed, money, control, advanced technology which was used for the downward spiral - none of these things work!
- We are talking of 5th dimension and higher; this lifts up everyone
 - as anyone tries to go in the opposite direction, it gets harder and harder for them and anyone as you are not going with the flow.
- What gets in the way - race, ethnicity, religions
 - Religion has a purpose - as we learn more about how to study the stars and learn about Divine Will,

Caller: thinks the convention is in Charlotte, North Carolina - Bank of America's headquarters is there

R: there are rumours of B of A and Board of Directors - that part of Wall Street gave \$ to Obama
We Occupy Wall Street to show its criminality - it's not for the 99%

Caller: when did he go to Taos -

R: it happened in 1980

T: the Pueblo Nation and the others have been using Mother Nature and her grid for thousands of years -

- they know how to find fairy rings, fire rings which they can use for telepathic communication and send it to another fairy ring or fire ring;
- the beings coming from the other realms can communicate back to the people, as well

Caller: she read a channel a week ago - Poofness who said the Fed Res is no more, as of last Sat pm

T: they shut it down, yet it has been completely gone since Feb, 2007 when IRS left

R: they still use their goons to knock on your door and ask for money

T: can thank Bush and the Patriot Act for this

- BO does so well communicating to people

R: Kennedy's reputation in Hollywood - JFK bless his heart who will be back to do what he can - yet he could not keep his hands to himself [JFK did not have the same discipline as B O]

R: battling it out in SC, and it's raining;

Caller: something from **MoveOn.org** - an urgent decision on Monday about bank accountability

- **reports that he could make a decision about setting up studies on bank**

R: he's heard lots of stories, also people in Iceland, DK, etc

- go ahead and nationalize the banks is what they say - don't know if BO will do it
- Also as Bernie says: break them up -
- does not think BO would give them a sweetheart deal
- 4 hedge fund managers arrested this week
- CEOs of some companies have been targeted by Anonymous: they might just be doing something by which the money disappears from their accounts and ST G gets it all
- As of Dec 21, 2012, Mother's yanni lines up and this changes the story of the energies coming from the centre of the Milky Way - we are already becoming luminous; also, the way goods and services are handled changes and universal economics takes over -

T: the "baby steps" are really giant steps

Caller: at Thursday events across the country, lots of signatures to Pres to investigate

- Big banks are lobbying to get immunity

- Want Pres to know we want him to stand against the big banks
- If the banks get broad immunity now, we will never know the full extent of what they did - the investigation is very important
- White House is paying attention to what progressives thing about this issue

T: very excited about this

Caller: will all this be cleaned up before Dec 21?

T: Yes, will have an election in November and ALSO ONE BEFORE THEN

- think it will be by proportional voting - multiple choices in each state, not just 2 parties -
- the Rothchilds put the 2 party system in place with Bankers Manifesto and Rothchilds would control them both

T: Explains how proportional voting works

- All being prepared right now and folks are getting vetted
- Glad to hear that Moveon.org doing this - they dis a voluntary black out with a number of cos

T: Sidney Poitier gave highest honour to Morgan Freedman - their work has been about getting rid of racism; Republicans want to keep white, Anglo-Saxon power - being discussed in a lot of people

- these ones are racist against women, too
- Newt is now getting more commentary: a great disrespect for the feminine [open marriage is about communication and honesty, not coming later]

• Melissa Harris Perry will have her own show: in Feb Black History Month; in Mar, Women

- MHP was on Chris Hayes this am - they are operating from a very high vibration

T: this has been moving super rapidly - the idea of racism is engrained in our psyches

- Thomas Jefferson sold slaves in the north - Amy Goodman had that information -
- one of the people on the show also sold slaves in the north, alongside Thomas Jefferson so that's how she knew
- Thomas Jefferson sold them to the royals in Europe

• They will play the 6 Aboriginal Laws of Planet Earth - above all international law on the planet, and they exist in form!

• **The Declaration of Independence** the original one in the Bruton Vault

- rights of women - goes right along with Aboriginal Laws; aboriginal called god "creator spirit" and that has the meaning of using the energy of Mother, which is super light - 10 billion x faster than the speed of light - the **female energy was eliminated and replaced with male energy** at the top.
- Yet women cannot get fully to the top.

• The Age of Ma'at comes after Age of Aquarius and we are being prepared for this now - the Satvic Yuga is 4x longer than an ordinary yuga - in **The Lost Symbol** last night, needed an 8 square - an 8 on its side is infinity, which is super light time

- Mother - the illusion that you can kill some one is going to be gone; and those who died will have the chance to return, whole, healed and as they ysed to be

• Cynthia - we are being downloaded with super galactic center light

- so what the end of slavery suppression of women might look like has to do with Age of Ma'at As we move into this energy and choose it: B O will lead the way

• We saw it start when he slapped the dark side when he said no to the Republicans, no to the Democrats to Hillary and to John Boehner - this means he busted the banksters and their money = speech stuff

• We had Occupy the Courts yesterday: chanting "Chief Justice Roberts we are here to tell you corporations are not people, and money is not speech"

- Why is the original constitution still buried: because Rothschild, Rockerfellers etc are still

controlling

- We are the prime movers and we can only change ourselves; as we understand things - ask and you shall receive - Divine Freedom, Divine Justice, Divine THE 5 equal Divine Beauty
- Tells story of being in college - class where people sat in "The Hot Seat" - one student was of Irish wealth and why she was in the class: had to get over all the family offered her to stay in the usual routine of marriage

Tribal consciousness

Knowledge of good and evil

Discipleship - Jesus gathered the apostles and they moved to the next

Initiate Consciousness

Becoming your own monad

Ascension to a higher spiral

- and then you start over again [brings us to the 8th]
- A magic 7 square is 49; a magic 8 square is 64 - 8 means manifestation as you have manifested all that you have studied in the magic squares of 1, 2, 3, 4, 5, 6
- Mother is the original source
- And these guys decided to divorce themselves from Mother, and created religion to make sure mother stayed divorced from people
- We are graduating from 3rd dimension which is 9 to 4th dimension which is 16 which brings in magic of 7 the 5th dimension is also 7 [5 x 5 = 25 = 7]
- We are creating a cosmic family at a higher vibratory rate: as we do the kind of work with Cheryl - we are working the energy of the Mahdi, of Maitraya, of Cosmic Christhood on the planet

Audio: Please respect my religion by Anchara

Co-produced these with Benjamin Stuart

- my religion does not allow for death or other punishment for apostasy or blasphemy
- prohibits beheading or murdering living human beings
- values life more than death; prohibits
- does not allow for hand amputation
- prevents homosexuals from being hanged
- does not require prayer once, 5x a day
- does not believe in mind control
- objects to loud ringing of bells, tormenting neighbours
- exhorts people to expose and speak out against human rights violations in whatever country
- calls for people to object to religious beliefs that are vicious, hateful
- calls for dignity and respect for the individual who chooses to believe or disbelieve
- encourages singing, dancing, joy and general

Audio: Tavis Smiley another commentary on same things that Anchara covered from that perspective

- data is clear now - the younger you are in America, the more likely you are to be in poverty
- What do we do in a nation which allows this to be a reality?
- It is pathological - it's unjust.
- If we are serious about abolishing poverty, we need to get the kids before they are 5 years old
- The renaissance of compassion has to take place across the board - part of the raising of

consciousness across the board

- There are poverty abolishers and there are also poverty deniers - we see them all the time

M Moore: there is nothing we can do about it - work with the ones who are aware

- This is why some of us are trying to abolish greed, the practical thing -
- Here's a poverty program we can all get behind - JOBS - a liveable wage will do much!
- One could argue that this economy will come back if they know they don't have to hire anyone and keep the company mean and lean
- Capitalism is wrecking itself - so much poverty was behind the mortgage crisis; can't have an economy based only on the 1%
- Louis Brandeis said you can
- Vicky Escara; enough food on planet to feed everyone - work on the food system so it gets from the farmers to those who need it. A big stretch would be to see families and children in America have enough food.
- Majora Carter: wants everyone person in America to see their own value and that there are ways to move people out of poverty - to use real estate to help communities
- Suze Orman, personal finance expert: she looks at 1600 people in this room: what are you doing to keep yourselves out of poverty? If you don't take care of yourselves, can't take care of your kids or anyone else. Need to learn about money, personal finance, then you are setting yourself up to be a victim to a system that wants you to fail. Need to get powerful over the money your family has.
- Roger Clay, Jr - Pres of Insight Centre: need people to have jobs with good salary, benefits in the short term. Spoke to person who cleaned his room: she is in poverty unless she is married to someone else

M Moore: if we can find the fixes in present and future in the system: do you worry that you will find yourselves in the group not allowed in the new system?

Roger: does not think it will get better in his life time; works toward the future and the kids

- the more people are out of work, the harder it is
- have more mixed race people - will be influential because they are not as racist
- The only white age group Obama won was the 18-25 age group - they will fix this - the kids are not bigots or homophobes

MM: asked the question of African Americans and I happen to be one! I'm glad, glad, glad that god made me . . . "

- Optimism suggests that there are sets of conditions that can make things better - Negroes have not seen that
- Hope is different - it's about faith
- Black people are the most hopeful people in America - yet he is almost depressed - he thinks this is the last, best chance that his people have - if we keep getting into this hole we may never get out, and I love black people too much to let this happen
- he is concerned that the kids of today have shifted from courage, - won't be a long distance runner - love in your heart, and how you render service is what we were raised on

Thom introduces next segment Roosevelt, 1936, who used the term "economic royalist"

Mitt Romney is an Economic Royalist - today we call them the 1%

- the clip he played of Mitt on the campaign trail showed him saying "if you don't like this, deny inequality exists in America - if you don't like it [our enormous wealth, control] go to North Korea"
- the top 1% have seen income rise by 270% since 1970
- all the new wealth created since 1980 [Reagan] goes to the 1%
- The 1% pay a different tax rate than everyone else
- The 1% and the 99% is math, not Occupy rhetoric
- There is class warfare in America and the Romney class is willing [Buffet's words]

Thom's discussion lays it all out!

T: Words of Sananda, the Man with the Plan

Music: it was Rumi music: the dervishes were whirling and singing

Astrology: Richard

- today sun moved from Capricorn to Aquarius - a rather wide frequency jump -
- At the same time, the sun is square Taurus, another earth sign - there needs to be a grounding Saturn opposite Jupiter is earth to air
- As sun moves into Aquarius, adding fire frequency - in just a few hours, sun will be exactly square to Jupiter

- In 25 min, sun will be sextiled to Uranus

- Everything we are seeing and hearing in the news is about a return to balance
 - On Feb 7, Mercury catches up to the Sunday
 - Saturn will not leave Libra - it will go retrograde in Libra until June 25th - which continues to reinforce and establish the new balance in the solar activity, and the activities of people

For coming week:

T: No aspects to moon on Tuesday - how does that affect BO's speech?

Ri: should be a well balanced day: Moon is feminine and magnetic

nothing else interfering that day - should stay balanced as long as nothing affects his circuits - should be high energy: a good day for Obama

- a Tuesday with moon in Pisces is quite different to Thursday with the moon in ??
- Going into a place where we'll get Aquarian style downloads - works on the mental plane

T: when we get to Feb 2nd, will the groundhog see his shadow?

Ri: local phenomenon - not too important

T: watching the tv - when you accost him [Romney], you are accosting the free enterprise system

Ri: the gloves will come off this week, the nasties will come out - these ones really want to come up against Obama!

T: they want it so much: they know when they get to end of this year, they can no longer hold on to their power

Ri: this theatre could be a moot point - all Obama has to do is introduce some of his galactic associates and have them land in front of TV - lets make some announcements!

T: that's why there's a good chance he will talk about structures on Mars!

Ri: we have to love all the players in the system - can't write a story stranger o

Ri: It's a war between the families: with reference to the South Carolina results

T: also need to revise the tariffs

Caller: the Dinar is definitely real; if you have any, can spend it in streets of Iraq

- Dinar 11.70 to \$1 - artificially held at this rate for the last 3 years until Iraq settles debt with Kuwait; had to read the budget for 2012 - need it 3 times
- Hold up is not Iraq - BO lowered the budgets for the operations by calling these boys home - now important to get jobs:

Audio: this audio is the result of Siphorah Miriam & the discussion Friday night

Red Ice Radio - from west of Sweden

Guest is **William Henry - The Secrets of Sion**, latest book; DVD The Light of Sion"

WH: asked about 2012 and what might be going on

goes back to the main and early thinkers on the subject: John Major Jenkins,

- What is happening: a shift of the ages, change in calendar - end of Mayan
- He has called out a couple of researchers who don't have some of their facts straight - he reckons people just want it to be what they want it to be -
- Since 2003, so much has happened that supports what Mayans have said

RIR: so why response?

WH: he was defending his research - a researcher did not know the difference between an Aztec Sun stone and the calendar; his followers came on with antagonism

Telling the truth is the only way we'll get through this

RIR: latest news from a ruin where an inscription was found that supports 2012 findings

WH: it does not encode the 2012 end date - does encode the shift of the ages

99.5% of the time when talking about the Mayan calendar, show the Aztec sun stone

the founding fathers DID NOT know about 2012 - there is NO connection

RIR: any difference between Sion and Zion?

WH: He has not seen the decoding of the 2012 Olympics but has been studying the symbolism

- the new tower that will be a symbol of London - the sculptor is really influenced by wormholes and stargates -he has also designed 2 others

RIR: the Olympic venue street names - can see an intelligence plan around the site

Leyton; Leytonstone Road; Carpenters Road;

WH: the mascots for the Olympics - little ET style creatures - who came up with this?

Olympic Parks are always the latest in architecture and other ideas

RIR: how does latest book relate to past work?

- It's a one of kind book - there is a tribe of time-travelling beings
- follow the literary trail in Egyptian texts - get to center of Galaxy
- There are bodies that travel in light
- talk about garments of light that are a prelude to our receiving our ascension

- there is an ancient literary tradition that talks about the centre of the MW galaxy and the beings that live there

RIR: started with Henry's work - the Cloak of the Illuminati

- How did they become illumined ones, shining one?
- Most often the possessors of garments of lights that gave them powers to go through Stargates

RIR: we have a tug between 2 forces - those who try to blind us; those who are really illumined

WH:

Rama: He has not spoken with ACIO and KOS, etc

THE SECRET OF SION:

Jesus's Stargate, the Beaming Garment and the Galactic Core in Ascension Art

Since 1996, William Henry has been courageously establishing and documenting his revolutionary connection between the original Christianity, stargates and the ascension of humanity into beings of light. His goal has been to recover the authentic teaching of Jesus about how we can transform ourselves into beings of pure light (and love), open a stargate and beam ourselves home.

The Secret of Sion represents the culmination of William's unique search in Gnostic literature and sacred art to map the path, called the Way of Light, that leads to the gate of heaven.

His quest led him 'through the wormhole' where he peered into the promised land of Sion, a place at the center of our galaxy that is inhabited by ascended humans.

His journey is presented as an invitation to follow his path in the form of an astounding collection of third eye opening and soul rising ascension art, one that illuminates the esoteric mysteries of the greatest cosmic story ever told.

The Secret of Sion reveals:

- Jesus is an avatar of a race or tribe of advanced and wise humans, called Perfect Light Humans, who dwell at the center of our galaxy and travel via wormhole to and from this cosmic center.
- Jesus will return the same way he left... via stargate.
- Members of the race of Perfect Light Humans have remained on earth for thousands of years. They are the most ancient of aliens.
- The Magi are representatives of the Perfect Light Humans.

- Encoded within ascension art is a Stargate technology called ‘the Kit’. It includes the Star Crown (of Rose Thorns), a mysterious anointing oil and a robe of light called the Beaming Garment.
- The Kit is periodically reassembled in preparation for the return of the Avatars of Sion.
- Sion is rising and with it a new, new world order based on human ascension.
- The connection between the Mayan image of the serpent rope from the center of the galaxy and Christian Last Judgement art that shows a serpent linking earth and the Throne of God.

Is it possible the window of time we are entering will see the revelation of the Perfect Light Humans from Sion? Do we have what it takes to join them? Or have we always been a part of them? What have we forgotten about ourselves and what can we remember that might free us? That’s *The Secret of Sion*.

Topics discussed include: Ascension, Resurrection, light body, stargate, wormhole, extraterrestrials, garment of light, robe of glory, Sion, center of galaxy, three magi, transfiguration, metamorphosis, ladder to heaven, the Sun, anointing oil, Holy Spirit, Mary, Sapphire staff of Moses, Elijah, Melchizedek, Gnostic gospels, Secret Book of John, 2012, Revelation of the Magi, Enoch, Book of Mormon, perfection, Rainbow Body.

WH: thinks Carl Sagan has been a disinformation source

Investigate Wall Street Bank Fraud

Reports are out that in the next 48 hours, President Obama could make the call on whether to hold Wall Street accountable and open an investigation into the banks' role in the housing crisis, or agree to a sweetheart deal that lets them off the hook.

The greed and fraud of Wall Street banks caused the loss of millions of homes and billions of dollars in the housing crash.

Now we need President Obama to take a strong stance for homeowners, and for accountability, by opening a federal investigation into big bank fraud.

This is something the president can do on his own right now, without fighting Congress. And millions of Americans can be helped if banks are held responsible and forced to compensate homeowners for their wrongdoing.

A compiled petition with your individual comment will be presented to President Obama.
