

Opening Meditation: Angelsu

Mayan Calendar: Rainbird

We are in the first wave of a new harmonic module - a very powerful time.

- Thursday - 10 OC - it's a #10 sun glyph, too - a day of unconditional love, harmony in our lives
- Friday - 11 CHUEN - the monkey; 11 is energy of integration and destruction; monkey is about work, play
- Saturday - 12 EB - yellow; 12 is crystal clear clarity; lots of power in this day
- Sunday - 13 BEN - the Skywalker - a 13 - 13 day;
- Monday - 1 IX - start a new wave - set intention; magician energy; also white - impeccability, integrity
- Tuesday - 3 MEN - eagle
- Wed - 3 CIB - warrior
- Thursday - 4 CABAN - red earth

A powerful week, a powerful time - great to be on the planet at this time!

Tuning Forks: Solfeggio Frequencies

- The frequencies in the tuning forks are not in any instruments we have today.
- The Solfeggio tones were used in the past with the chants; they kept the monks balanced & healthy, using them eliminated fear, guilt, etc and kept them healthy.
- Eventually the church suppressed their use, as control of people was their goal.
- Add any of them together, they come out 3, 6, or 9. Tesla said if you understand the 3, 6, 9 matrix sequence, you understand the structure of the universe

Ute - 396 Hz - #9 vibration - helps liberate us from guilt, fear, grief, past hurts
 - works on all the astral bodies; to get us beyond the frequencies which hold us back

Re [ray] - 417 Hz - #3 vibration - facilitates change; letting go of old baggage; helps to clean chakras;
 reminds us we are worthy, a holy child of god

Mi [me] - 528 Hz - #6 vibration - Transformation and miracles; DNA repair;
 clears vibrations which are not in harmony with our being

Fa [fah] - 639 Hz - #9 vibration - connecting, relationships, family; supporting us as a co-creator;
 calls in the heart

Sol [soul] - 741Hz - #3 vibration - awakening intuition; helps us solve problems; balances right & left
 parts of the brain

La [lah] - 863 Hz - #6 vibration - helps us return to spiritual order; cleans the chakras - it reverses
 movement, restores order; clearing, returning to spiritual order

for 7th chakra, do all 6 together - angel frequency - very high - 4686 Hz

Earth - 136.1 Hz - finishes with this one to bring us back to the earth we live on

Hard News:

T: KOS told R that quadruple dis-information will be out there from now on

- Some time ago, Raelyn Allen learned that Bill Clinton was Faction 2
- and since 1996 she learned that Faction 3 existed for the sole purpose of dealing with the financial aspects and keeping the process straight
- anyone giving dates or days is not really "in the know"

R: things just popping at a rapid rate: full moon, eclipse, 6th gate of initiation

- The story is hedge funds!

Stephanie Miller: talking of Magic Mittens and off-shore Amschtelt accounts - he and others are losing their money and they are scared!

Ed Schultz: in first half hour, laid out stories of hedge funds and trades going on

- Ben Bernanke was in Congress today; he is not looking happy
- Tim Geitner - is he a clone, or the real one, does he have an ankle bracelet? R does not know

Natasha told him this all has to do with the final crack in the cosmic egg

- Goddess Venus is stepping in with love and grace, and the feminine is calling the shots - and the cat lady who has Rama [under her control!]
- the energy coming in with the goddess Venus, and now the 6th initiatory gate coming in - we move with compassion, grace, love

• **Julian Assange** - they want to extradite to him to USA; this brings up the unspoken coup d'etat between the supreme court, the white house and the congress - with the Pentagon

• quadrillions of ships are here and Ed - in the half hours laid out the hedge funds and the programs!

- Said he saw something in Wisconsin and that he'd talk about it later - was goin' fishin' for a wk.

Randi Rhodes: told story of magic Mittens and the Tribe of Dan, and is this tied to Mother's Grandson, Lucifer? Of course!

- Many stories of folks saying days etc, we are in the most critical of junctures with the frequency that has just opened - the Kumaras, & other

Natasha: as we move and have our being with living light, living love, and having kindness for the most inhumane acts going on - she told R a story she watched the movie "A I" again; at the end of it, when the little boy was talking to the galactic beings, he said "Can we make this whole day last forever?" and the galactic being said "hold that energy for one day"

T: yet one day is a 1000 years, and at the end of that time, we will find out if we made it, and after 100 years, Lucifer will challenge us again.

- People waiting for money are pushing NESARA farther and farther away - **we are supposed to be creating the new earth - if we wait, we push the timeline back.**

- Amy was mandated for TV; Linda H who produces RT tv was mandated - with not one dime!

- We are weaning ourselves from being dependent on Luciferian energies

- capitalism has been gone for some time - it's a strange bird we are seeing now.

R: brings up the one in *The Matrix* who worked for Agent Smith and who Neo had to out: in the realms of the stories, the constitution, rights and freedoms are literally being held by Superman's hair - our DNA is being repaired, changed -

- Natasha brought up the movies because the epitome of the human race was in the android child who said he wanted the one day to last forever.

Caller: was on a 3 hour conf call last night; Drake said he received a call that the cabal are ready to surrender; they want to know if we want war or peace, to enact NESARA and to get freedom back

- the catch - a lady dragon.com - go there and e-mail your yes or no to the 6 different questions and will we allow the cabal escape with their lives or what?

- She was caught up talking to her daughter because they used one of the key words

R: This info is coming from military, Faction 2: they get their orders on "a need to know" basis

- there are trillions of folks that are involved in this; seems Drake does not bring this up - there are quadrillions of life forms here to help; Ashtar, Commander Sananda, ??

T: Drake is not Faction 3, he is not in charge. He is not privy to what F 3 has planned

- not one ounce of Faction 3 info is leaked to Faction 2 - that has been the rule for last 32 years!

- The reason is: we have free will choice in this universe, and in Faction 2 there is a huge mixed bag [of people, abilities, levels of dedication, etc]

- The 98% of the military will never, ever tell F 2 anything - will never be able to flush out those who

- **Cabal is not ready to surrender: don't know the meaning of the word**

R: the middle east has a revolution going on with structures falling apart - the Mahdi is coming -

- these are ones who are 15 million and millions of years ahead of this culture; they look on us as us being in school, and **we are going from infancy to star fleet academy in one split second**

- every 20 days a year goes by, and even faster now

T: it's exciting news, but F 2 is far from the real story

R: our DNA is expanding; if we can send love to these ones, it helps expand the entire universe!

Guest: Joe Crane

- In 1967, he was on an aircraft carrier in Tolkin Gulf; there was a fire on board

- Fire and smoke coming into Joe's compartment; hatches were sealed

- He heard a voice say: "Come in this direction of the voice if you want to live."

- the hatch opened and they went out to safety

Over the years, he would hear his name called - but it was not his roommate calling him.
Then he went to a seminar; the instructor said Some people even hear their names called!

He went to talk to the instructor who told him the story of Samuel in the Bible -
and told Joe, Now you know what to say next time you hear your name

- Time went on; he was reading in bed, shut off the light - not really awake, not asleep
 - He woke up, listened, laid down again; heard his name again
 - Debated about answering: I don't really want to be involved:
 - But he did answer: "Speak, Lord, for your servant heareth!"
 - Heard nothing: thank goodness my wife is asleep, and the dogs don't talk

Then he saw a little speck of light by door - it exploded into light that filled the room

- Noticed a tiny little figure which also expanded & filled the room:
 - The figure spoke in a masculine voice: Put down your books for they hold no truth for you . . .
 - The figure gave Joe a task, then the light and being disappeared
 - About 6 mos later, he completed the task; the being came back - around 1994
- Over the years, he learned about frequencies, how to use them for healing, developed a process call acuhealing - like acupuncture, but does not use needles

He was to gather 7 masters and teach them to teach - was thinking of individuals like the pope, Sai Baba and so on

- Not people like them, but as the 7 churches in Revelations - Rev was miswritten, misunderstood, misinterpreted
 - Each one has certain traits and you need these 7 diff traits / people to have a successful business, community - he was to gather those 7 kinds of people
 - He did, taught them what he had been taught; they went out & taught what Joe had taught them
- Next was Eden Events - setting the boundaries for Eden
 - Boundaries did not mean a wall or a perimeter, but a starting point - did that for 9 years

- In 2011, he was told they would start the Children of Light, and Enlightenment, so Joe started the Children of Light Conference

- Joe needed to blend the 7 most sacred oils, and have tuning forks made using the frequencies of God; when they were made, he would come and get them to have them harmonically tuned
- So Joe had oils blended and forks made & the angel came to his office in the home
 - Joe does not have visions - sees the real thing
- Joe gave him the forks - angels was holding the forks and told Joe to bring the oils
 - whole room turns white, a path opens - on each side of the path, 4 angels on each side
- He said come, so Joe followed him down path to the tent - they took the forks and oils into tent and Joe was told to wait here
- Joe could see the shadows cast on side of tent as they moved around inside
- Joe could feel his toes cramping, then feet and legs; all were cramped;
 - he could feel every thing inside him moving around - intestines liver, etc; started to wonder what would happen if he died here
 - Then he could hear the frequencies of the forks - very loud
 - Then could smell frequencies of the oils and he started feeling better; insides quite moving and he could stand up
- then the angel asked him about the gifts he was given: What gifts was his reply - I have snakes crawling around inside me, and awful cramps - what gifts?

- The angel told him he had been given the gift of wholeness - angel directed him to a mirror: he looked like he was 30 years old
- Then they went back down the path and ended up by the office - Joe looked in the window and he did not look like in the mirror. The angel told him it would take time for outer body to catch up with inner body - they all left him with forks and oils
- He went to visit a friend, Jules, and used his wholeness blessing - Jules no longer uses hearing aids
- Went to visit another friend who now no longer wears glasses
- The Children of Light Conference:
 - for the 4 days, he will raise the vibrations of the people there -
 - need 333 people in sacred geometrical formation. He will give all the wholeness blessing and the formation will seal the blessing in them, and they can pass it on
- The head man of a group in India which works with the Deepsha, the oneness blessing, the Bogwan, heard what he was doing and gave permission for the Deepsha people to come and get the wholeness blessing
 - Deepsha - a large group from India, with guru, teacher, Bogwan - they do a Oneness Blessing, a profound spiritual event - feeling of well being, compassion, love - he has been teaching this in India

Cathy: was familiar with the Oneness Blessing from a friend in Florida who went to India and got that blessing; Cathy went to an evening session - the meditation is strong, deep, calming, can feel the energy coming through

Conference Details: June 20th at 9 am; finishes at 10:00 or 10:30 on June 23rd:

Speakers: G W Hardin; Dr Meg Blackburn; Judy Goodman;

Music: Barry Goldstein doing the music; Lorelle Eden to sing;

Location: Red Lion Inn in Aurora, CO

www.beatpeace.net look on **Events**

On the site, Joe has Angel Visits going back to 1999

Cathy: he will be offering the gifts given to him to 333 - the Ascended Master #

Cathy has just seen 333 twice in last 2 days! Got an e-mail today with 3 33 in it!

Joe: someone is trying to tell us something! Creativity:

- There are so many shifts going on, many things - about a shift in consciousness: the time is right for people to come together in oneness for common cause

Cathy: about the number of people?

Joe: just have to have that many people; everyone is a master, but not everyone recognizes it

- what is a gathering: a powerful empowering quantum event where you get to red - leaders; orange - advocator; yellow - philosopher; green - church of healer: the balance point; blue - the teacher; purple - master colour of creation like Leonardo, Mozart - something that has not been in being before;

violet - church of the saints - nurturing, being in service; hold the space for unconditional love

- these 7 people come together and get in a geometric pattern and come together

Caller: has been part of this work, has had a gathering -

Joe: Eden is not just a place, but a state of mind, of being

- About the return of Eden: it is not about getting rid of anything - more like a transformation than a revolution. When the vibrations, consciousness of people in oneness with spiritual intent come into play, we create an environment that does not destroy what has been, yet in the new environment what has been cannot stay unless it is in harmony.

Caller: what is not of love cannot remain. She is a

- when Micheal visits Joe, she can feel the energy shift; when people do not want things to shift, she can feel the stagnation.
- When Michael comes, moves things forward. Working with the angelic realms keeps the momentum going forward! The angels know what needs to be anchored all the time to move the globe forward.
- No words for how profound this work is: this work has helped fulfill prophecies like the Eagle and the Condor coming together.
- Caller reads from Michael's words.

Joe: this works exponentially - a regular 100 W light bulb gives light in all directions; if you could focus each bit of light so it lines up, it would be so powerful it would poke a hole in the sun.

When 1 person is focussed, it's powerful; 2 people is like 10; 3 people focussed is like ???

Caller:

Cathy: if you pass on the gift to others - keep handing it out

Joe: when he first started talking to GW about this, GW said "this is like John of god!"

- No - not interested in being Joe of God - only want to give it to others and to people who will take it to their communities and not come to me!
- Tells people it is not him who is important, but the teachings to be learned and taken to others
- He has been given these teachings and passes them on as best he can; if it does not resonate, bless you - no punishment, no price for not obeying; it is an opportunity to do something on a spiritual level to help people.

Caller: what is meaning of 444?

Joe: 444 means they are trying to get hold of you: just say "Speak O Lord, for your servant hears!"

Cathy: speaks of a book by Nick Bunick **The Messengers**

- Nick found out he had been Paul, & 444 was Paul's number!

MR: 444 is also Asthar calling!

Joe: summary - for most people, if you knew about yourself what I know about you, you'd be so excited you couldn't sit in a chair! The angels say we don't know how powerful we are, when we come together in oneness.

- Be at the event! Shine your Divine!

Website: has lots of angel stories, info on conference

Caller: Can he distinguish between people of the light, not of the light?

Joe: yes; truth has a vibration; when something being said that is not true, he picks it up very easily.

MR: thanks for being here.

Mother:

Greetings in the Light of the Most Radiant One! In the Office of the Christ and Only in the Office of the Christ, we invoke the loving energies of St. Germain and the Violet Flame
 we ask for the Divine portal energy of the 6th gate to open our hearts even more and that we can be the conduit as Joe says we are and commune with love everywhere. Nature is everywhere even in the concrete jungle - Mother Earth is ceaseless in her giving-ness and her gifts and anchors us always.
 And know the energy with which AA Michael protects the seat of power in DC applies

Greetings, Children of Ra:

- Indeed, this is only about love, the greatest of these in this moment, as you are observing the forward steps that are happening as the Mahdi is here, the frequencies of the Cosmic Christ areaffecting all matter on the planet at this time
- There are many ways to go with what is occurring in terms of the ascension frequencies which are running rampant through hearts, minds, bodies of the people
- Let us begin with the story - we see we are still here; the planet is still intact; we are moving at light speed at such a rapid rate; we are deeply grateful that you all have the consciousness, the fortitude to surf this crest of the wave that is occurring, with all that is occurring in your lives that are so all encompassing.
 - It is a miracle to behold your saneness in the insane world!
 - Yet, what is sane, what is real - how do you define these stories: what is real, or is it just a dream & we just happen to lying in the savannah of Mother Zudiachus?
 Just another day in the life of a galaxy - how do you describe it?
- Like Mr Joe said: it is about this moment, be in this moment; work with that energy.
 - Tag: we are it, we are the ones making things happen happen here with the consciousness of what it takes to be stewards of a planet
 - It's like Joe said, we get so excited, we can't sit still watching what is happening to you. And the fall of your empire that is in the midst of this great the crash - what goddess Venus brought in - it is now time for the goddess to make as much as her equal - not just 77 cents per dollar, but equal Equal all the way!

Cathy: as you are from our future, and there is no past for you, and we have all ready won - what is the shock - what percent of the people will freak out so we have a head's up of what our work is

Mother: critical mass has happened, yet a portion are still asleep at the wheel; they are at the point where they need to be pulled over for their own safety because the merkaba vehicle of light they are in is about to hit the barrier and there are no air bags

Cathy: Drake was saying don't need this gas, oil, etc - will have propulsion so don't need to hit the ground

- He was talking about all the technologies, and said you people are in for a good ride!
- Does he know who you guys are?

Mo: He does - yet the level of need to know - they want to keep things 3D before they introduce us. That level of need takes it out of the [higher] perspective of . . . yes, we can bring replicators and star fleet command teams, yet here, the nuts, the bolts, we the people who are standing up and saying occupy something, damn it! Wake up!

T: there is still too many people who have lots of "stuff", and instead of accentuating the positive and being actively involved - NESARA keeps getting pushed down the road as long as people keep waiting: when they activate their energies and take part in things, and not wait for someone else to do it - need to activate their energies and be part of it, not wait for it

M: there is such excitement because of energy Goddess Venus brought in - there is movement that has not been here before where the opportunity for us to take that serendipitous moment for us to pop up when we are least expected

- the cabals are very afraid - they want to negotiate some kind of deal that they think will mean they can walk away & continue with a small pittance of what their once wealthy hides were worth
- No breaks, no deals - this is about Sat Yuga & the healing of this story
- anything that is not of the Office of the Christ & the frequency coming from heart of mother father god

• they want to make a deal amongst the people: what deals are there to make? Genocide, ecocide in exchange for your life force??

Cathy: Drake was asking "how do you want to handle this? Do you want more war?"

He was making clear that we don't have to have war; we can figure it out and, yes, they want a break and what do we want to settle for as they know - how will the love show up?

Mo: We can begin the conversation: it is "When one is harmed, all are harmed; when one is healed, all are healed." As we have a stargate round table; it encompasses a global village & how that conversation begins is that the powers that were and their technologies of death have to stand down completely. As there is no other way to go around that we have already shown the people of the planet - the nukes are neutralized; what is going on with the other technology we cannot neutralize it instantly - that is part of the next step

- the next step which is about to occur - critical mass has been reached:
- we want peace; we don't want a military constitution, or to have the military involved
- yet part of the story is how we construct a new conversation - we begin by healing what has occurred: "I am sorry, please forgive me, thank you, I love you"; I have not heard that out of Drake.

T: the idea of surrender and what she is seeing here - R will talk to Natasha, LM Nada on Friday

- the issue is that Hillary has been behind all in Syria - another genocide 2 days ago: 100 killed out of 150 in the town, burned them to death, tied them up and shot them to death; women and children again - this is the biggest indication that these folks **have no intention of doing anything of the sort [surrendering]**

Mo: if we can begin to show and land, it gives the people hope, it gives a consciousness to the very atmosphere that changes the whole story

having guys sitting around with guns or whatever they have had in their consciousness yes, in the sense, we will address the reality,

yes we are a warrior goddess - a warrior goddess for peace & we will take it to the next level:
as one is harmed, all are harmed;

- yes, we hear the reconciliation - there is truth to that matter, that there needs to be a huge conversation about how we will do this, but we will lay this out in lavender: we don't trust the Pentagon or the light forms within it,
- there are some in the Pentagon who are of the Office of the Christ and they will show themselves with the Oval Office - it is about the story that does to such a deep story with our wayward children: you don't know who is who in the zoo; need your heart switched on and you will know when they look at you in the eye, and they have snake eyes!

Caller: earlier Tara talked about NESARA being pushed down the road: has to be done before Pres election, does it not?

- Has to happen before this time or else elections will happen with criminals getting elected??

T: all time they are talking about in the NOW is pressing against the unconsciousness so deeply; it's a deep heart energy and the yearning for the people to come together -

- there is no stronger energy than the coming together energy that these last 3 days has brought
- yet the resistance has been amped up by the dark ones, who project that resistance outwards
- right now BO is in the toilet!

Cathy: it's a yes, we have both sides blaming - we are in the middle and feel the fire; we know the time the time is now

T: her example: Thom Hartmann was away - wife getting chemo -

Caller: how did she get it - cabal?

T: Thom is a full aspect of Thomas Jefferson; he just brought one of his best friends that he writes with Thom has 20 some books, and co-writing with Lamar Waldren who just wrote an 800 page book; these 2 just got 3 bullets in the side of their doors! Thom was hot under the collar, curt on the phone - Thom is being Punked

T: the republican folks pay off people who want to push the republican agenda - and they basically pay them to call and ask questions that are foul and nasty - this has happened to T&R Thom will shoot them down

- Lamar's 800 page book is called *Watergate: the Hidden History*; he told the story, and Thom interviewed him on radio for 1 hour, and on tv for 30 minutes;
 - Nixon was by far the worst president we ever had; committed treason in office, first thing he plotted was to get Castro taken out - twice!
 - Also linked to the people who did the clone of JFK Sr
 - Another thing is a galactic thing: in 1961, in Kennedy's term - Castro as a CIA asset -
 - Castro has done much better for his country than those here in US
 - CIA went down to Cuba and launched a nuke to LA to kill at least 3 million people
 - Ashtar took it into space and neutralized - Nixon wanted to be president, not to see JFK in office - this is where the white knights are working behind the scenes
- Being punked is not pretty, very dark

Caller: more about Joe & Children of Light conference - last one was bringing together of male, female

- when get 333 masters together in formation, a child will come into physical reality - what will child look like?

Mo: it creates a vibration on the planet - as you understand about standing columnar waves, that frequency builds up energy to such a level that it brings in the Mahdi & no darkness can exist

T: it's the original inner child of everyone merging; innocent child without any karma - blessed are the children for theirs shall be the kingdom of heaven

- These are things that words cannot express - you have to show up; when you show up, your consciousness about this is assisted by all consciousness, and all 333 masters piggy-back on that consciousness - it's a transformation

Mo: Deepak Chopra and Martin Bashir share about the wisdom based economy about to be on the planet as the articles of confederation of the united planets is brought into manifestation, no need for \$\$

- It is about spiritual economics: as you have projects of living light, living love to restore the earth as a living star - here do your mission whether it is a million years, or one day
- gets excited watching what is about to happen to all of us - as the 99% becomes 100%, it goes to the next level & it gets back to the conversation at the start of the program: how do we get to the place of reconciliation in the circle of planetary beings?

- including the ones who have defended this planet - it is about a deeper level of compassion,

understanding for what has occurred at the cellular level of this living temple - and the powers that were use these living temples for target practice!!! it is at the level now when AA Gabriel is blowing the trumpet like Louis Armstrong: What a Wonderful World!

- It is about rising up out of the ashes like the phoenix and they are deathly afraid of this - accountability must be carried out on this planet
- How many times can we go round the circle to negotiate, mediate with what Bill wants, Hillary wants, what any of them want: Planet Earth comes first; if this does not suit you, get off the planet!

T: the issue is the money issue: Net Roots was on Free Speech TV - Eric Schneiderman - the attorney who brought the law suit \$135 trillion case against the banksters - will break the bank of all the bankers - Neil Keenan thing

Mo: only touched on by certain ones in media; R has brought it up to Rhodes, Schultz, Hartmann, etc - They can't talk about it because it's the whole pie - if they share this story, they have to bring up the Leo Wanta Mitterand funds, the 78 programs, all the others, and then the presence of the galactics and they can't, on pain of death

Cathy: Drale said the Neil Keenan suit may be pulled back and re-issued and have other countries involved to make it more powerful - what does she say?

Mo: it's about the fact that the world's wealth belongs to the people, not to the 1%

- brings in Chiang Ki Chek and and his wife what they were doing before things go real ugly in China

T: It also gives the larger cabal people a chance to join in and do something as it is their last chance
This is where Angelca merkel comes in

Mo: to tell the story of "Don't Cry for me, Argentina"

Cathy: Angelca Merkel will have to go the world court and tell the whole truth, including about "Don't Cry for Me, Argentina"

- she has to talk about Sec of State Henry Paulson - will all come out with Angelca Merkel - is she dark, is she light?

T: realize that she is more scared of dark side than light side right now

Mo: story to be revealed is about our wayward children and the genetic experiments carried out against the will of the pople of earth; they thought they could create an android army to use to become masters of the universe - **cancelled**.

- this is such an ancient story that various movies are being made of parts of it: if you see *Prometheus*, you will see that he is not portrayed as a being of light who shared fire with the people; he is more like Thor's half brother Loci - it is about the very darkest of the nature of what is in the heart of creation that has to be healed; actions against the goddess!

- This is why the goddess has come forth and said we will do this with grace, beauty, etc

Cathy: went to see *Battleship* - it's the dark side trying to scare the poeple about what could happen is something comes out of the sky and has a lizard in it

Mo: we have served side by side with reptilian brothers & sisters on countless numbers of ships; they are only compassion and love;

- only a small rebel band confined to this dimension on this planet; the good, the bad, the very ugly being played out - we are a part of this: what comes up when we say the trigger words
- in our news every day, the race card is being played by this family that represents the will of the people who are being simple family
- Yes, he was born at 19.5 in Hawaiil - he is the legitimate son of Malcolm X - will come out at the right time.
- Who would think of a domestic terrorist having a son who would become president?

- This is how ugly and shaded and twisted the story about the false gods has become.

Cathy: give everyone a quick moment to absorb that - what that means

Mo: Malcolm X was contacted long before we had any conversations about this story

- he got a knock on his door by galactic command - you are going to bring forth a master to help the people - get ready as it is about the ballot or the bullet.

• they want to suppress the vote - you are an enemy of the state unless you prove you are not

T: Rick Scott got told it is a crime, against the constitution - is going against existing law

- On the Elliot Spitzer program - someone said let them spend the sky of money; let the people wake up and say "what is going on? "

Mo: we went to vote on Tuesday - no problems; in NM, no ID - we just had our name on the list - simple.
