**Camp Loveway:** discussion of dying, process of Bardo State, crossing River Styx, giving Anubis the coin

- talked Elizabeth Köbler-Ross and the Levines who live in Taos, NM
- Another person on Red Ice who talks of spirit molecule;
- when we go to sleep and get into delta state we produce DMT; we also make DMT when we leave the body
- this one told his story of passing over and meeting the folks, being told to return as mission was not finished. He asked how he could explain that he really didn't die; I just took a side road
- The folks said that he just took a little journey, and serendipity intervened - he met a Being after he talked with The Folks; the Being was 12-15' tall praying Mantis who told him "You are from the star system Arcturus. Welcome home, brother" - at the moment, he got freaked out by talking to the praying Mantis
- Then he went through that pin prick of light again, went back to his body and found out he was gone for 3 weeks! He was having a grand time!
- What has occurred is he can now talk to the Praying Mantis people telepathically and other

inter-galactic beings who are always in his dream.

- They also talked about Syria - about the usurpers, the Khazarian Zionist Bolshivik - not from a place of peace, but from the Jehovah angry, energy who will be leaving

**T:** watching Al Jazeera - the people are saying God is great; the Zionists are the enemies! Exactly right! They say they are Jews, but are not; they usurped the light codes and names: "Zion" is peace city,

**R:** in the Matrix, Zion was the place of the good guys.

**T:** hard to listen to David Icke last night, who said meet the president of the US and on the screen was a picture of Netanyahu; since 1949, the Zionists in power in Israel have controlled the US government completely

- Hillary is a good example: she holds position of Moussaoud covert status; gets orders from Net.

**R:** They spoke of terminal illnesses; when people are given so much DMT [5 gr, enough for an 8 hour trip] - when they get done, the cancer will be gone next day

**T:** isn't that now happening more than ever [the spontaneous healing] due to the energies coming from Mother's yanni - the magnetic light that travels 10,000 x faster than the other, and you are in the receiving mode

**R:** the timelines have collapsed and you might be thinking of last week and it's already next week

**T:** a good thing: the 3D timeline then has no limitations to healing - the last wave was a 7.5 month wave tomorrow is anniversary of Fukushima

**Right, Left and Centre:** on clowny clone show / Republican fiasco: Santorum supposedly sweeping the south; Mr magic Mittens - Mormans, Mason, Moabites, Canaanites, Ebionites - the original story

**Counter spin:** Valerie Plame as guest - what is occurring with the line up of 2012 & Mother's yanni, yet she is still fair game, Scooter Libby still walking the streets, Rove playing with all kinds of money - and 236 banksters are resigning

- what is to come: Kali, Pele - goddess is calling the shots - Takini Warrior goddess comes in and does what she does to balance things, like Mother

- Mr Rush's time is limited; maybe by this time in May, Rush will be off the air

- Mr Obama and Michael Ratner from Centre of Constitutional Rights are dealing with the Fluke case

- It goes back to original story and Magdalene and Jeshu: let he who is without sin, throw the first stone.

- It is about the goddess here, not as the words Rush used, but the warrior goddess who will teach the men equality and respect; **first bill Obama signed was Lillie Ledbetter:**

**Equal Pay for Equal work** - to this day, women in Congress get less money than the men

- Valerie talked about the senators in GA who walked out; should be happening in Congress, Senate, too - only 62 - 64 good members : high crimes and treason need to stop

- 236 resignations and counting

**R:** Valerie talked about Sumerian text on Rosetta stone in Baghdad, and the different translations of Enki and Enlil: what if this whole story has been a hologram - the last 13,000 years, and the last 32 years of it are the worst

**T:** half a yuga is about 13,000 years; the Dark priesthood hijacked what it was supposed to be for - the first half is what we think we are going to do and the mistakes & intentional do-do; the second 13,000 years are about correcting the course & taking in incoming energies to go the conclusion

- She said the ancient Sumerian language was considered demonic language at the time, only because they did not understand it

**T:** Sumerian and Aramaic are the same kind of coded language, just a bit different due to local usage -

everything in Old Testament was written at the time from the Sumerian text, which they considered demonic; in a sense, Jehovah was a shadow of Alcyone that we asked to be cast so we had choice in a polar universe until we could see the reflection of ourselves;

- Mother changes position with Alcyone every Yuga to keep the balance between the active and the receptive way of life so we stay in balance in the form
- Any religion is made to make us feel we must follow a certain edict, with enough differences so we fight.
- The dark side took over the 13,000 years, wanted to take their act into the next Yuga and not allow the light to get through and be the lords / Darth Vaders of the world
- What does it mean "demonic language" when they could not decode it: it is of the feminine and this have to do with the Aramaic. The King James version is masculine, dominant and they pulled a fast one: the protestant bible was pulled as it was balanced. The King James one had fire and brimstone and edicts, and Abraham was part of that
  - Abraham introduced the cutting of clitoris: we heard that when we heard Eve Ensler and the Vagina Conversations talk about what is still done in families in Africa where the father cuts the elder daughter; Eve tells the story of the oldest daughter who ran away and came back years later to see her father as a full grown and beautiful woman - the father said he would not cut the other sisters, or any other person: daughter said she would look after him
  - the dark priesthood wanted to keep the feminine suppressed and called it demonic
- Valerie said the Rosetta stone was a message to Enki and Enlil from a scribe of theirs: the message was that Nimrod, the ancient spaceport & seaport of the Sumerians of the day, the whole city was on fire; it had been attacked by Pleiadians and Sirians from the sky. The seat of civilization at the time, it was burned because they were violating women, cutting women, using women and their ability to procreate for them to dominate and to control - to keep the woman low.
  - The age of the Goddess and the International Day of Women, Purnim [freed Jews in Iran] and the full moon are all on the same day this year
- Ahmadinejad is a Jew and a visionary - 20 years ago, KOS said he would pull it together!
- Valerie said everything is lining up and the end of this Divine Lilah is ending, but to this day is still fair game - many said last week that they have to the end of this month!!!! The people of the world can't go any farther!
- This morning, Greece went into default which means the Euro is pulled - end of the game!!! Good news
- 5 days from now the Ides of March come in! The entire agenda is changing on Free Speech and LinkTV - there will be all new documentaries which people have been working on for years and years
- In the twinkling of an eye - it's actually 450 Billion years of this time line, beginning at first creation, when entire Aurora Sun System was destroyed, and all life as well, except for those who made it to the ship of 144,000, Admiral Sananda was in charge: Jehovah came in and took over the charge - we were tortured, interrogated, extra ordinary rendition, galactic style -
  - Rama lost his brother, another son of Ashtar, who died on a table, strapped down
- Bahrainis - hold mass anti-regime march as Iraq people join with them in mass rallies of support - not leaving their brothers alone
- Our whistle blowers have been indicted: last week at midnight: 535 - 472 = 62 members of Congress
  - the 472 have identified themselves as high treasonous: they said that anyone in Occupy can be arrested as a terrorist and put into Guantanamo Bay [2<sup>nd</sup> executive order]
  - The first executive order was to shut down Guantanamo - which they prevented.
  - The third one was to roll back all stories about UFOS / ET from 60 years or more!

All this with the Greek economy going into default

- Use healing wands in counter clockwise directly - clockwise is old paradigm
  - Counter is negative space for electricity to light up the world: and it activates spontaneous healing - put organic lemon [best electrolyte] in your water, and used the counter clockwise movement and it clears out any of the old energy
- when water was turned into wine, really meant about the energy of negative clearing the water - the touch of Mother went into the water through Jeshu and the water was so good, all were happy.
- The male is in service to humanity is the principle
- It's a beehive organization: the queen bee rules and the others serve - as the bees go out, they pollinate the flowers which makes them fertile - without the bees, we would not be here
- They sent out the ELF waves / scalar waves caused bees to be disoriented, they could not find their ways back - did not want the feminine to be served
- Same with Congress: Boehner - the jealousy is from the men as the women can create out of themselves - don't need sperm
  - Yet without balance, does not work
    - Dodi & Di will rule the same way - will show a galactic equality, which happened only one time
    - Akhenaten and Nefertiti co-reigned together and the solar disk is in the headdress of Mother;

**Video:** The Syrian opposition displays loyalty to the Kurds

Bahrainis hold mass anti-regime march as Iraq rallies in solidarity, Syrian opposition displays loyalty to Kurds while Assad loyalists gather in Damascus, US agrees to hand over Bagram prison to Afghans, and more.

**R:** Kofi Annan had a chat with Assaud - who showed no signs of changing: he's blaming the terrorists

**T:** Rama asked Valerie what are we going to do about Syria?

Kofi annan said there needs to be peace for Red Cross and Red Crescent can get in, and bring food

- She said Ashtar is going to land! It can go no further at this point!
- The folks that the guy on Camp Loveway met on the other side:
  - the 3<sup>rd</sup> party has a wisdom, a say-so in how we do this and we have either forgotten or not discovered their wisdom yet - so Ashtar will bring the change.

**T:** yes

**R:** they want to nuke Iran off the map - will not happen!

- Ashtar is here and the Galactic Confederation Of Light
- R has sat with so many councils: everyone has the utmost respect for everyone else

**T:** the common denominator

- the history of Khazars is same story as India and same story of Anastasia - came here with ancient story of Mu and still alive and 9 feet tall
- Soma: the yaks eat soma and nothing else
- We have an ox in the white House: an Indian Water buffalo - the slowest thing on earth [Cynthia]
  - do some thing and do it well

**T:** swastika: svasti - well being, benediction; su - well; sti - being or is-ness

- a design or ornament of ancient original of Greek origin; a Greek cross with each arm bent at right angles to the arms; goes counter-clockwise which opens the space for yanni energy to come in
- Exists as a mystic symbol among Indian tribes
- Greek was connected to Egypt

**Caller:** confused about Bill Maher: didn't Maher endorse Obama last week, and give money?

**T:** gave money to Super Pac

**T:** yes, he defended the principle of free speech, not Rush Limbaugh

- Bill did a comedy show in Texas and called Sarah Palin the C word
- Bill said he has a potty mouth, and I use it to wake folks up [Andy Stern, Catherine Crier, John Han from the movie called "Yes Men" ]
- Catherine said there is a diff between what Bill said and what Rush said: Rush said all women who take contraception are sluts. Does he have the right to continue in misogony?
- The Young Turks were on in Keith's place [Keith was kicked off for what he said, and the management took him off]
  - they had a round table discussing this: you have no right to continuously demean half the country who are female
- this goes back to what we are reading this for: jealous of the power of the feminine to create out herself, and they want the feminine to serve them - not the way nature and nature's god works!
- Human form was created in Lyra and it was already down graded; Mother created all 7 super universes and we asked to create a polar universe out of the super universes and she agreed to co-create
  - We thought we could live in a polar universe and represent 200 million civilizations coming to a planet how we look, how we eat, how we vibrate, how we create - all the things we need to have a body of wisdom keeper on the planet: the challenge was to get along
- we ended up with 98% diversity in war: in the last 13,000 years, we were to create and heal Mother walked with us in the 1000 years before the end of first 13,000 and the next 1000 years and we got angry and these guys want to keep it this way
- The Young Turks decided that if Bill Maher pulled the million out, that would be acknowledging that Rush has the power

**Caller:** what about Rush's continued calling women "feminazis"?

**T:** we are learning how to understand the reverse psychology and

- Refers to example in Bahrain and the Iraqis mobilizing: they will not compromise with the rulers of Bahrain who have been ruling for 200 years and have not changed.
- In the confrontations, the women are the ones being punished
- Nazis is another name for Khazars
  - to be grateful that we have come to this point, no matter how hard it is in
  - to find the silver lining in everything
- Bill Maher is willing to call everything out and religion was the way the Dark Ones were planning to keep it going; so he made the movie -

• **Rachel, M H-P:**

- Rachel asked Melissa about her show: do you like it? I love it - we can get to the real story which is under the fray: they don't want to allow the goddess to be equal
- the first exec order Barack signed was the bill for equality of pay for women
- Dylan Ratigan knows St. Germain! Keith was radical
- by 15<sup>th</sup> will have Stephanie Miller, Bill Press: they know St Germain & KOS the most of the things we can do is help our neighbours who will be in shock!
- As Bill said, they are holding on to their prejudices but still have hope!

They were mild-mannered people - no guns, yet look as old as Methusaleh

**T:** spoke to a young person who was born 3 weeks before the bomb went off, and who remembers how it felt in her body - she is still dealing with that trauma

- Those who were born before are tethered to the past and the emotions and history
- JFK will be back, around 96 years old
- Thanks for the Knights Templar who came to this country; Hoover was Pres before FDR - and Secretary Hughes went to Havana, Cuba in 1928 and presented the agenda at Pan American Congress
- Another man, Noble Drew Ali, was there and his guidance was to set up the school for the Moorish Science Temple
  - the highest teachings of the Moors is the Sufi teachings: St Francis was a Sufi
- World Trust is called the trust of St Germain for the children of the world
- Jesus is a Sufi: brings all three religions together in one mystical
  - the mystics will bring - support the mystics, support the monadic way of life: means having a family, living in community [not competition] but cooperation of light and find common ground; following the energy of your monad: the dome on top of your crown - the pineal gland needs to be opened - plugging it into Mother's yanni, the dark rift.
- Turn your hand in counter spin over your food and make room for cosmic nutrition to enter!
- Prana Yana Yogic Breathing - brings up the kundalini
  - the princesses taught the men how to bring up the physical sperm
  - those in the 5<sup>th</sup> dimension created without sperm .....- there was no gestation period
    - this is coming back again
    - the kind of ecstasy we cannot imagine - 1000x what we know with the sex act
- 85% of soldiers cannot look someone in the eye and kill the enemy; the other 15% are separated from their hearts
- Anonymous says we do not forgive, we do not forget - you have violated what we said we would do as a family

**Reading:** Definition of "Swastika" - used by Indians, India , Japan, Persio/Iran

- Chart good example of a crystallization that is going to last all week
  - Moon is in Libra - conjunct Saturn tonight
  - Earth trine - Pluto, Capricorn and Mars in Virgo
  - good energies pouring in - Taurus energies
  - Earth energy - feminine -stable for a while
- Moon opposite Venus as moon goes into Scorpio tomorrow at 12:30 midnight
  - this will start 5 days of interesting energy processing
  - Moon opposite Venus should bring an easy day
  - when moon gets into early Scorpio, will sextile Pluto and then sextile Mars
- Monday morning: 3.58 am is the Mercury retrograde
- Moon goes void of course on
  - Tuesday at 9:30 pm Venus will be trine Pluto - a number of  
an emotional day - a good news day
- Monday could be a good news day what with Greeks thing going on - which still has to work out
- Wednesday at 2AM conjuncts Jupiter, and trines Mars at 3:30 am
  - After this, Mars is exactly trine Jupiter at 5:50 am Wed am

- Rest of the day will be strange! We'll end Wed pm with Mars trine Pluto
  - the evening will be interesting
  - Not an attack scenario; because it's feminine and earth energy, maybe we can solve some of the persistent violence around the planet  
Mars trine ////  
Maybe Venus factor will keep things calm enough

- Thursday - a day of digestion of Tuesday and Wednesday's events
  - 7 aspects of the moon
- Has never seen so many major planet trines

- Mercury Retrograde - will act like something we have not seen in a long time  
Mercury will conjunct Uranus 3 times

**T:** April 13, 2001 - was Good Friday that year; Bush's first year in office,

- the Saturday before, Rama met Mr X for the first time: here to talk to you because KOS is busy - they were remote viewing him tied to his chair - they signalled the info to the New Jerusalem and Ashtar sent it round
- they were moving a nuke built in china to Iran, and from Iran to Lebanon; on Good Friday they sent it to Tel Aviv - and Ashtar stopped it in mid air and blamed it on iran

- This year Friday 13<sup>th</sup> [ is day Mercury goes retrograde]
- Between now and Ap 27 is full retrograde cycle -
  - hoping a whole lot of people will awaken; may have to be a big event to shake people up
  - April 22, 1999 - hurled to sun cruiser into the sun - since then it has been transforming
  - Also 2 years ago, had the Gulf spill

- 10 years ago, Uranus was back in Pisces and that began the final phase of the transformation
- STAY GROUNDED THIS WEEK; GET PLENTY OF REST; STAY CALM

Only 10 days out from the equinox

**T:** the full moon is on Friday on Ap 6<sup>th</sup> this week

Emancipation Day on Ap 16

Tax day on Ap 17

**RI:** sun in 23 Pisces and will get our annual sun conjunct Uranus, and Mercury will be here too

- mega downloads, an awakening, anything with the nervous system, connectivity and networks is the Mercury part - tricky part is Divine Will; the Sun
- This coming month - heating up
- In a month, sun will be between ???
- gonna be a well-grounded system with the earth trine, but also a powerful electrical component

**T:** the magnetic stuff - going into an electrical thing

**RI:** the whole energy of the earth is definitely kicking up - we are being fed on the magnetic level, the real input here is the solar activity

**Music:** Mau, Mau American - Jefferson Star Ship

song was sung in Golden Gate Park in 1968; about waking up to the fact that we were waking up to the fact that we would not be letting our children sign up for the draft

**Reading:** continues with reading about the Khazars

**Caller:** about the numbers of Jews who were killed during the Holocaust in Germany - are these the kind of numbers Ahmadinejad is using when he says there was no holocaust? Is he implying it was other kinds of people being killed, not Jews?

**T:** He was referring to 6 million Jews when there were **26 million Jews killed** and this is not talked about, not in this article or anywhere.

When you add 15, 630,000 in 1944, and add 20 Million to this

**Caller:** these number are not correct??

**T: Right - they killed 26M Jews.**

- Ahmadinejad is a REAL Jew - he represents the freeing of the Jews in Iran that Esther did, he is the one to take Netanyahu down as president of the US.

According to the *World Almanac and Book of Facts*, there were about 15,000,000 “Jews” in the world in 1934. According to the same source, there were just about the same number in 1946.

World Almanac and Book of Facts for 1934							
Religious Population of the World							
Sect	No. Amer.	So. Amer.	Europe	Asia	Africa	Oceania	Total
Jews	4,000,000	100,000	10,000,000	1,000,000	500,000	30,000	15,630,000

These figures are available in the *World Almanac* found in many colleges and the Library of Congress. According to the Khazars, the “Holocaust” took place from 1939 to 1945.

World Almanac and Book of Facts for 1946							
Religious Population of the World							
Sect	No. Amer.	So. Amer.	Europe	Asia	Africa	Oceania	Total
Jews	4,971,261	226,958	9,372,666	572,930	542,869	26,954	15,753,638

This 6 million perishing in this mythic “Holocaust” with no diminution of numbers is as great a miracle as Moses opening up the Red Sea or Joshua causing the sun and moon to stand still.

This is a video of several guerrilla style interviews with Bob Dean and Clifford Stone conducted over a 2 day period at the 2012 UFO Congress... Retired, Command Sergeant Major, Robert O. Dean and Retired, Sergeant Clifford Stone hadn't seen each other in some time. They are old friends and both have been given special access to the above top secret world of the military involving interaction with ETs of various races.

In this once in a lifetime interview we get them together, at one place and time, sharing war stories and reminiscing about their encounters. I ask them the hard questions and attempt one more time to get them to reveal the true nature of the military involvement with ETs. What it means for humanity and where it is leading...as well as the fact that there are friendly and not so friendly visitors to this planet. Some who walk among us and down the halls of the Pentagon.

Not to be missed.

## **Khazaria—The Myth of Anti-Semitism Exposed at Last!!**

---

Here is the dictionary definition of MYTH:

Etymology: New Latin *mýthus*, from Late Latin *mýthos*, from Greek *muthos*.

**A fiction or half-truth, especially one that forms part of an ideology. An unfounded or false notion. A person or thing having only an imaginary or unverifiable existence. Idle fancy, fable, fiction.**

Here is the dictionary definition of ANTI-SEMITISM:

- 1. Hostility toward or prejudice against Jews or Judaism.**
- 2. Discrimination against Jews.**

In this Biblical, historical, and factual exposé, we will give the reasons for the existence of Old Khazaria . . . and New Khazaria!!

### **The most cruel hoax in history!!**

“The most cruel hoax which history has ever perpetrated” are the words used to describe this “Jewish” hoax or myth by a Khazar author named Arthur Koestler:

**This was written before the full extent of the holocaust was known, but that does not alter the fact that the large majority of surviving Jews in the world is of Eastern European—and thus perhaps mainly of Khazar—origin. If so, this would mean that their ancestors came not from the Jordan but from the Volga, not from Canaan but from the Caucasus, once believed to be the cradle of the Aryan race; and that genetically they are more closely related to the Hun, Uigur and Magyar tribes than to the seed of Abraham, Isaac and Jacob. Should this turn out to be the case, then the term “anti-Semitism” would become void of meaning, based on a misapprehension shared by both the killers and their victims. **The story of the Khazar Empire, as it slowly emerges from the past, begins to look like the most cruel hoax which history has ever perpetrated.** (Arthur Koestler, [The Thirteenth Tribe](#), p. 17).**

The Khazars adopted the religion of the Samaritans or fake Jews around 740 A.D. By that time, this religion became know as Judaism.

Old Khazaria.

Old Khazaria existed from *about* 500 A.D. to *about* 1000 A.D.

Old Khazaria adopted the religion of the Samaritans, now called Judaism, around 740 A.D.

Khazaria was reborn on May 14, 1948.

New Khazaria.

Of course the eminent author Mr. Koestler blames HISTORY for perpetuating this hoax or lie, but JOSHUA said that Satan the devil is the father of lies:

**When he (Satan) speaketh a lie, he speaketh of his own: for he is a liar, and the father of it. (John 8:44).**

New Khazaria would not exist today except for this imaginary Holocaust which served to win them sympathy throughout the world.

## Holocaust comes from the Latin Vulgate Version!!

The word HOLOCAUST comes from the Latin Vulgate and appears **359 times**. In the English Bible, the word is translated BURNT OFFERING or sacrifice by fire:

**And Noah built an altar unto JEHOVAH: and taking of all cattle and fowls that were clean, offered **holocausts** (Lat. holocausta) upon the altar. (Genesis 8:20, Latin Vulgate Version).**

Here is the famous story of JEHOVAH commanding Abraham to offer up his son Isaac (a type of Christ) as a burnt offering:

**Abraham lifted up his eyes, and saw behind his back a ram, amongst the briers, sticking fast by the horns, which he took and offered for a **holocaust** (Lat. holocaustum) instead of his son. (Genesis 22:13, Latin Vulgate Version).**

In order to have a JEWISH Holocaust you MUST have Jews....No Jews . . . no Jewish Holocaust....It is not rocket science to figure that out....The real Jews disappeared from history when their task of bringing the Messiah into the world was fulfilled.

There was no Holocaust of the Khazars either because Satan does not cast out Satan or get rid of his own people. Joshua the Messiah said:

**And he called them unto him, and said unto them in parables, How can Satan cast out Satan? (Mark 3:23).**

According to the *World Almanac and Book of Facts*, there were about 15,000,000 "Jews" in the world

in 1934. According to the same source, there were just about the same number in 1946.

World Almanac and Book of Facts for 1934							
Religious Population of the World							
Sect	No. Amer.	So. Amer.	Europe	Asia	Africa	Oceania	Total
Jews	4,000,000	100,000	10,000,000	1,000,000	500,000	30,000	15,630,000

These figures are available in the *World Almanac* found in many colleges and the Library of Congress. According to the Khazars, the “Holocaust” took place from 1939 to 1945.

World Almanac and Book of Facts for 1946							
Religious Population of the World							
Sect	No. Amer.	So. Amer.	Europe	Asia	Africa	Oceania	Total
Jews	4,971,261	226,958	9,372,666	572,930	542,869	26,954	15,753,638

This 6 million perishing in this mythic “Holocaust” with no diminution of numbers is as great a miracle as Moses opening up the Red Sea or Joshua causing the sun and moon to stand still.

## The reason for the existence of Old Khazaria

In one of the greatest of the great prophecies of the Bible, JEHOVAH gives the entire history of the human race *in advance* from *about* 500 B.C., to the end of time.

JEHOVAH presented this history in advance in the form of a terrifying statue or image that appeared to King Nebuchadnezzar of Babylon in a nightmare . . . which the king promptly forgot when he awoke.

None of his astrologers or “wise men” could be of any help to him in interpreting the dream because they were all charlatans and fakes.

Daniel the Jewish prophet, who was a captive in Babylon, came to the rescue and told the king his forgotten dream . . . and its interpretation:

**Thou, O king, art a king of kings: for the God of heaven hath given thee a kingdom, power, and strength, and glory. And wheresoever the children of men dwell, the beasts of the field and the fowls of the heaven hath he given into thine hand, and hath made thee ruler over them all. Thou art this head of gold.**

**And after thee shall arise another kingdom inferior to thee, and another third**

kingdom of brass, which shall bear rule over all the earth.

And the fourth kingdom shall be strong as iron: forasmuch as iron breaketh in pieces and subdueth all things: and as iron that breaketh all these, shall it break in pieces and bruise. [\(Daniel 2:37- 40\).](#)

Notice that the 4 empires follow one another in SUCCESSION and there is no gap or break between them.

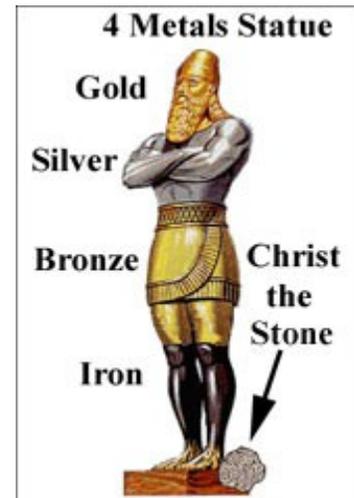

4 world empires of Daniel chapter 2.

The king of Babylon had a dream in which he saw all of world history from his day to the end of time.

Daniel the prophet interpreted the dream as a colossal statue composed of 4 different metals, representing 4 successive world empires.

The legs of iron represented the *divided* Roman Empire.

4 metals statue of Daniel chapter 2.

The stone or Rock that destroys the image represents Christ at His Second Coming.

The 4 metals correspond to the 4 empires which the king saw in his dream. The stone or Rock symbolizes Christ, who will destroy all earthly empires at His Second Coming.

Even before the time of Constantine, there were several Roman Emperors who lived in several cities besides Rome. The division started in earnest with Constantine.

England.

**Constantine was a GIANT or  
COLOSSUS who conquered  
the entire Roman Empire.**

**His iron legions trod down the  
entire Empire from Britain to  
Persia.**

**In 324, he decided to build a  
new capital in the East at  
Byzantium, and leave Old  
Rome to the Papal dynasty.**

After he became sole master of the Roman Empire, Constantine began building a new capital at a Greek city called Byzantium.

Today the city is called  
Istanbul.

**Constantinople—  
the New Rome—  
soon became a  
rival to Old Rome  
in splendour and  
riches.**

Constantinople became the new capital of  
the Roman Empire.

**Eastern Emperors  
often ruled Rome  
from this new  
upstart city.**

Naturally, Old Rome was not about to give pride of place to this new upstart so the rivalry and

competition began almost immediately.

Beginning *about* 400 A.D., and lasting until 1453, Old Rome sent one conqueror after another to destroy Constantinople. These 10 would-be conquerors of Constantinople by no means exhaust the list:

Huns	Persians	Arabs	Magyars	Pechenegs
<b>Khazars</b>	Mongols	Normans	Franks	Turks

All of these 10 nations or tribe served many false gods or idols, but they were united in their determination to destroy the Eastern Roman Empire.

Only one of them adopted a false religion named “Judaism” and that tribe was called Khazars....The Khazars were actually a branch of the dreaded Huns who invaded from the Far East around 430 A.D.

The Eastern Emperors were masters of the Roman art of divide and conquer....They often played one enemy against another, and Emperor Heraclius (610-641), bought the Khazar king off with an offer of marriage into the royal family:

**This decision did not, however, mean that the Emperor intended to leave Constantinople and its defenders to look after themselves. On the contrary, Patriarch Sergius and the Patrician Bonus, to whom he jointly entrusted the city’s defence, found themselves deluged with orders, instructions, advice and messages of encouragement. These last were posted publicly in the streets and had an immediate effect, firing the whole population with determination and enthusiasm for the struggle ahead. Heraclius himself meanwhile turned his attention to one of the principal Hunnish tribes of the Caucasus, the Khazars, intercepting them as they returned from a raiding expedition in Azerbaijan and dazzling their Khagan, Ziebil, by the splendour of his court, which he maintained even when on campaign, and by the richness of his presents. In the course of one of their several conversations, he showed the Khagan a picture of his daughter Epiphania and promised him her hand in marriage. Ziebil, enchanted by the picture and flattered beyond measure both by the treatment he was receiving and by the prospect of himself’ joining the imperial family, offered Heraclius 40,000 of his best men in return. (Fortunately for Epiphania, he was dead by the end of the year; the poor girl was thus spared the grim fate to which her father had unhesitatingly consigned her). (Norwich, *Byzantium: The Early Centuries*, p. 294).**

Until the year 760 A.D., the Khazars were idolaters and shamans, who worshipped many false gods. In that year, King Bulan, decided to adopt the religion of Talmudic Judaism. His so-called “conversion” accompanied by dreams and visions almost mirrored that of the false prophet named Mohammed.

## King Bulan was the first Khazar to adopt Judaism!!

By this time, the religion of the Samaritans was called Judaism.

King Bulan was the first of his pagan tribe to adopt the religion of Judaism. At that time, everybody had

to be the same religion as their king, so every member of his shamanistic tribe was now a JEW:

**Joseph's narrative starts with a eulogy of his ancestor, King Bulan, a great conqueror and a wise man who "drove out the sorcerers and idolators from his land". Subsequently an angel appeared to King Bulan in his dreams, exhorting him to worship the only true God, and promising that in exchange He would "bless and multiply Bulan's offspring, and deliver his enemies into his hands, and make his kingdom last to the end of the world." This, of course, is inspired by the story of the Covenant in Genesis; and it implies that the Khazars too claimed the status of a Chosen Race, who made their own Covenant with the Lord, even though they were not descended from Abraham's seed. (Koestler, *The Thirteenth Tribe*, p. 66).**

Even the so-called rabbis from Baghdad, who converted the king, were not real Jews but Samaritans who supplanted the real Jews after the final destruction of Jerusalem by the Romans in 135 A.D.

## The Russians forced the Khazars to abandon Khazaria

These pagan Khazars would not join the Orthodox Church and cease fighting vainly against Constantinople, so the emerging Russian Orthodox state put an end to Old Khazaria.

Constantinople had an aggressive missionary spirit and the conversion of Russia was the most far-sighted event in their 1000 year turbulent history.

Russia at that time was a small principality centered around the city of Kiev in present day Ukraine.

Saint Vladimir (958-1015).	<b>Saint Vladimir is known as the "baptizer" of Russia because his conversion led to the conversion of that GREAT nation to Orthodox Christianity.</b>	Statue of Saint Vladimir in Kiev.
----------------------------	--	-----------------------------------

**Henceforth Khazaria was caught in a vise between Russia and Constantinople.**

After Russia's conversion to Orthodoxy, the clergy rallied that GREAT nation to throw off the Khazar and Mongol yokes:

**A crushing blow was dealt to the Khazar Empire by Svyatoslav, Grand Duke of Kiev (ruled 962-972), the son of Prince Igor and Igor's wife Olga. His life was one of war and conquest. The Rus'ian Primary Chronicle recorded that, as part of his childhood upbringing, Svyatoslav was tutored by Asmund and instructed in military tactics by the voievoda (military commander) Svynel'd. Medieval accounts described him as a "valiant" and "strong" leader who "undertook many campaigns." (Brook, *The Jews of Khazaria*, p.193).**

The Khazars were forced out of their base in the Caucasus and most of them migrated to Eastern Europe. That alone counts for the presence of “Jews” in Eastern Europe and Germany.

It's now easy to see why the vengeful Khazars a.k.a. “Jews” were behind the Russian Revolution and Communism.

## A 12th century Khazar state in the Mideast!

Incredible as it may seem, the Khazars tried to establish a “Jewish” state in the Mideast in order to prepare for the Messiah:

**Another bit of semi-legendary, semi-historical folklore connected with the Khazars survived into modern times, and so fascinated Benjamin Disraeli that he used it as material for a historical romance: *The Wondrous Tale of Aloy*. In the twelfth century there arose in Khazaria a Messianic movement, a rudimentary attempt at a Jewish crusade, aimed at the conquest of Palestine **by force of arms**. The initiator of the movement was a Khazar Jew, one Solomon ben Duji (or Ruhi or Roy), aided by his son Menahem and a Palestinian scribe. They wrote letters to all the Jews, near and far, in all the lands around them.... They said that the time had come in which God would gather Israel, His people from all lands to Jerusalem, the holy city, and that Solomon Ben Duji was Elijah, and his son the Messiah. (Koestler, [The Thirteenth Tribe](#), p. 136).**

Arthur Koestler's book is a fascinating true history of the origin of the Khazars in the Caucasus.

## The real reason for the creation of New Khazaria

In one of the greatest of the great prophecies of the Bible, St. Paul said that the man of sin or Antichrist must be revealed FIRST before the end of the world would come:

**Let no man deceive you by any means: for that day shall not come, except there come a falling away first, and that man of sin be revealed, the son of perdition . . . so that he as God sitteth in the temple of God, shewing himself that he is God.(II Thess 2:3).**

ALL of the Reformers applied that prophecy to the PAPAL DYNASTY. Saint Martin Luther said:

**Oh Christ, my Lord, look down upon us and bring upon us the day of judgment, and destroy the brood of Satan at Rome. There sits the Man, of whom the Apostle Paul wrote that he would oppose and exalt himself above all that is called God — the Man of Sin, the son of perdition . . . What is the Temple of God? Is it stones and wood? Did not Paul say, The Temple of God is holy, which Temple ye are? To sit — what is it but to reign, to teach and to judge. Who from the beginning of the church has dared to call himself master of the whole church but the Pope alone. None of the saints, none of the heretics ever uttered so horrible a word of pride. (*Luther's Works*, Vol. 2. p. 281).**

This prophetic teaching (historicist) was playing havoc with the Latin Church. Millions were escaping and obeying the Lord's command to “come out of her” (Rev. 18:4).

Jesuit general Ignatius LIEola commissioned one of his Jesuits named [Francisco Ribera](#) (1537-1591) to write an opposing view. He wrote a 500 page commentary on the Book of Revelation. The main premise of his commentary was that:

1. **Antichrist was *one man* . . . not a dynasty.**
2. **He would be an atheist or infidel.**
3. **He would not be revealed until 7 years before the end of time.**
4. **He would sit in a rebuilt Jewish temple in Jerusalem and make a covenant with the Jews.**
5. **He would call himself God etc., etc.**
6. **The Christians were hindering his appearance but they would be “caught up” or raptured to Heaven before his appearance— the “Left Behind” madness!!**

This became the official Latin position on Antichrist. This new idea (futurism) very conveniently shifted the focus from the Papacy to some fanciful individual way off in the distant future. [John Nelson Darby](#) became its main proponent in the English speaking world.

The Khazars very conveniently played a major role in fulfilling this “prophecy.” They claimed to be “Jews,” and a few fanatics actually wanted to conquer Palestine by force and make it a homeland for the Khazars a.k.a. “Jews.” There was one problem however. The Turks occupied Palestine and they were not about to give up that land to Khazars. World War I saw the defeat of the Turks and the opening of Palestine for Khazar immigration.

General Allenby (1861-1936).

**The stage was set for the rebirth of Khazaria on December 11, 1917, when British General Allenby conquered Palestine from the Turks.**

General Allenby entering Jerusalem.

**Most Khazars had no interest in Palestine so it took another world war to get them to emigrate there.**

With the British conquest of Palestine, the door was now open for Khazar emigration. Unfortunately for the Jesuits, most Khazars, even though they called themselves “Jews,” had no interest in leaving Europe and moving to Palestine. It took World War II and a 6 million hoax to get them to finally settle there.

Millions of people perished in World War II. The nation that suffered the most was Russia, with the loss of 27 million people. Serbs lost millions in concentration camps but you never hear anything about their suffering.

We should not overlook the fact that Khazaria is also a Pentagon military base aimed at Russia and pro-Russian countries.

# Spacemuffin ~ The Winds Of Change

[Spacemuffin2012](#) | March 4 2012

Readiness is everything and the winds of change are starting to blow. For all the waiting we've done, only those who have prepared the ground will be available to the troubled world once the media is infiltrated. Do you have your speeches prepared? Do you know what you are going to say? Do you even know where to begin? How do you feel about public speaking? Are you connected to your community, and do those who know you, trust you? We should at least have some vague idea of where to begin, and what to say in some public arena. It's great to be awake and aware, but we also need to be prepared. It's not far off now. Let's turn a magnifying glass to March, April, and May of 2012. Two I Ching oracles were drawn for guidance for this article. Some of this may be repetitive, but it's better to be overly prepared than unready.

Mercury is already starting to slow down, as is Pluto; things are now hanging precariously in the balance as we have two fearful planets lurking. But let's look at Pluto first: in Capricorn, as discussed, the crashing down of false wealth, power, and constructs built on greed, which is already being witnessed – gearing to go backwards; a planet in fear, if we believe in ancient Astrology, which by the way, I do. The wise are resigning while the others continue to battle forwards, headlong into disaster.

This month is very important as Pluto slows down to go retrograde on April 10th. In about two week's time, it will be barely moving. These problems will intensify, as push comes to shove; it will be do or die. Between the middle of this month, to the time of actual backwards rotation, it will spell the last days of freedom, for some. It cannot be any other way. The empire was just too large, too corrupt, too vast, and too polluted to remain in position. And although it is a new empire crumbling, it isn't an isolated incident or a unique situation, really; it's just history repeating itself, only this time we let the demon get really powerful. I think wanting to kill off 90% of humanity and initiating one world order is pretty bad, don't you think? Let's just say it might be a little bit worse this time than it's ever been before. The I Ching draws the 36th Hexagram, Darkening of the Light, six in the sixth place:

Not light but darkness.  
First he climbed up to heaven,  
Then he plunged into the depths of the earth.

“Here the climax of the darkening is reached. The dark power at first held so high a place that it could wound all who were on the side of good and of the light. But in the end it perishes of its own darkness, for evil must itself fall at the very moment when it has wholly overcome the good, and thus consumed the energy to which it owed its duration.”

But if we follow the rules of chess, we know that the last piece to fall is always the king, while the queen is the most desirable player to take from your opponent, along with all the rest, until the king is trapped. While all this is taking place, those at the top of the power pyramid, the darkest ringleaders, will eventually be cornered, in the end, just like the other players, only with greater shame, because then and only then, will the game over. Once Pluto goes retrograde, the king will be trapped and while

he might be chased around the board for a few more moves, check mate will come hard. Because this is really just a game of entrapment, only this time, the winner is pre-determined, as the light always wins, in the end, and this IS the end, of this game.

Two variables to add then, so let's continue to look at Mars. The end of this month and beginning of April is going to be extremely tension ridden. While Pluto is stationary, just about to go retrograde, Mars will go stationary while retrograde, just about to go direct again. This is so interesting! After Pluto goes backwards, Mars goes direct 3 days later! The first two weeks of April are going to see a change of direction in Martial energies, and while they may go out with a bang, (threat of war, possibly attempts to enlist the aid of more military and security personnel, border closures, call for increased ammunition, etc), the reality is that Mars, and those professions who are ruled by this planet, will be done with their guns, and those who hold power over them, and bid them to do their dirty work, will lose their grip on the men and women in suits with guns. Because losing power means losing all power; you don't get to slice it up and keep some parts of this pie. They don't get to hang on to their money, or their police force, or the media, or anything that was gained through terrorism.

This retrograde Mars has seen many people get hurt on our planet and has caused much destruction. It has also reflected increased martial law enforcement in the United States (the military headquarters of the world), and the passing of the National Defense Authorization Act, just as Mars was becoming stationary early this year. Because the United States is representative of the power house that it is, especially with regards to its actual title of military capital of the world, its citizens will be most sorely hit when the truth is revealed. So when Mars goes direct again, while scared Pluto starts to go backwards, we can expect quite the opposite effect of martial control over humanity, but martial control over the ones who will be sought out for arrest! You will pardon me if I sound excited; I will work on developing compassion later.

But let's turn the focus now on Mercury. I spoke about it in my previous article, but let's just tie it all in together, because it's already starting to slow down. I feel this retrograde planet will be quite instrumental in pushing things forward with regards to the literal havoc it will wreak on the already tongue tied and twisted media. With respect to getting the truth however, I feel it will have to get worse before it gets better. While Mercury is stationary (between now and March 12th), there is much going on behind the scenes in our news rooms when the cameras are off. On Monday March 12th, or possibly sooner, we can expect to start hearing some strange things on our televisions and radios. It's not just that the power mongers will lose control of the media, but the media will become confused as to how to begin reporting the truth. While some will choose to end the silence, others will have to explain why they are saying nothing. And also why they have kept silence for so long. I don't think the public is going to be overly impressed; after they get over the shock of what they are going to hear, of course.

The reason why this time will be a little different than other times is because Mercury will dwell for a very long time in conjunction to the Planet Uranus, the great and sudden bringer of change. Uranus equals disruption, while Mercury equals thought and communication. Uranus is the ruler of Aquarius and is the great liberator of the mind. The two together will make quite the dynamic duo. That can be no other way. They will be quite the instigators for enlightenment and rude awakenings. The outer planets send forth their influence through the conjunction to the closer inner planets, so it is Uranus that will affect Mercury, who will, for the most part, be going backwards throughout this entire process. Mercury will begin to conjunct Uranus on Monday, March 5th, and will remain within a 3 degree orb of influence until March 23rd, so about 19 days. They will both be in Aries, so we have to throw Mars into the mix, as Mars rules Aries. This will add much energy to this aspect, as well as disrupt travel in vehicles made of steel (pretty much everything on earth).

So while information begins to leak out, surprising people and shocking the general public, the information will be skewed, disjointed, inconsistent and sensationalized (remember, it's the media). Only this time they won't have to bust their butts too hard to make it exciting, will they? Nevertheless, the news will be overwhelming as the control over the media is lost. The I Ching speaks of the 51st oracle, The Arousing, Shock, Thunder:

#### The Judgement

Shock brings success.

Shock comes – oh oh!

Laughing words – Ha Ha!

The shock terrifies for a hundred miles,  
But he does not let fall the sacrificial spoon and chalice.

“The shock that comes from the manifestation of God within the depths of the earth makes man afraid, but his fear of God is good, for joy and merriment can follow upon it. When a man has learned within his heart what fear and trembling mean, he is safeguarded against any terror produced by outside influences. Let the thunder roll and spread terror a hundred miles around; he remains so composed and reverent in spirit that the sacrificial rite is not interrupted. This is the spirit that must animate leaders and rulers of men – a profound inner seriousness from which all outer terrors glance off harmlessly.”

Let's see, what else have we got going on? Oh yeah, the solstice and the New Moon in Aries – big stuff! Basically, the spring solstice means that the Sun is going into Aries but the New Moon happens two days later and oddly enough, of course, aligns with Mercury and Uranus. These are dynamic energies to say the least. So we're going to throw in the light of the Sun, and the interference of the Moon into the mix, with Uranus and retrograde Mercury, all in Aries (which by the way is a sign that the Moon hates), and we've got quite the bag of energies to deal with between March 21st and March 23rd. Plus the solstice energies are powerful for about 3 days before and 3 days after, as they help to increase consciousness. So you see folks, March cannot possibly escape without serious influence on our media and on the continued downfall of our reptilian commanders. What fun!

While the big cookies crumble throughout the month of April, Saturn continues to go retrograde in its sign of exaltation, Libra, which just means the court rooms will be full and more foul relationships will be severed, but we should experience some smooth sailing, so to speak, after April 14th, when all planets will be direct except for Saturn and Pluto. That however is, respectively still quite a lot to deal with, but things should proceed rather nicely until about the beginning of May, when Venus goes stationary, about to go retrograde. This doesn't happen too often, about every 18 months, and to sum things up, it's generally a time of austerity for us earthlings. What will be of the most significance with this Venus retro gradation, is the timing. Humanity will be forced to look at their value systems, and question how we can say we love a handbag, and love a person, and have that word mean the same thing; if you get my meaning. This is a test of faith and none of us are exempt.

Let's enjoy this time, get focused, and get our speeches ready, cause Lucy's going to have some explaining to do really soon, and we might not get another chance to talk before then.

## 2012, Feb 29 Goodbye, First Amendment - 'Trespass Bill' will make protest illegal

By RT

February 29, 2012 "[RT](#)" -- Just when you thought the government couldn't ruin the First Amendment any further: The House of Representatives approved a bill on Monday that outlaws protests in instances where some government officials are nearby, whether or not you even know it.

The US House of Representatives voted 388-to-3 in favor of [H.R. 347](#) late Monday, a bill which is being dubbed the Federal Restricted Buildings and Grounds Improvement Act of 2011. In the bill, Congress officially makes it illegal to trespass on the grounds of the White House, which, on the surface, seems not just harmless and necessary, but somewhat shocking that such a rule isn't already on the books. The wording in the bill, however, extends to allow the government to go after much more than tourists that transverse the wrought iron White House fence.

Under the act, the government is also given the power to bring charges against Americans engaged in political protest anywhere in the country.

Under current law, White House trespassers are prosecuted under a local ordinance, a Washington, DC legislation that can bring misdemeanor charges for anyone trying to get close to the president without authorization. Under H.R. 347, a federal law will formally be applied to such instances, but will also allow the government to bring charges to protesters, demonstrators and activists at political events and other outings across America.

The new legislation allows prosecutors to charge anyone who enters a building without permission or with the intent to disrupt a government function with a federal offence if Secret Service is on the scene, but the law stretches to include not just the president's palatial Pennsylvania Avenue home. Under the law, any building or grounds where the president is visiting — even temporarily — is covered, as is any building or grounds *"restricted in conjunction with an event designated as a special event of national significance."*

It's not just the president who would be spared from protesters, either.

Covered under the bill is any person protected by the Secret Service. Although such protection isn't extended to just everybody, making it a federal offence to even accidentally disrupt an event attended by a person with such status essentially crushes whatever currently remains of the right to assemble and peacefully protest.

Hours after the act passed, presidential candidate Rick Santorum was granted Secret Service protection. For the American protester, this indeed means that glitter-bombing the former Pennsylvania senator is officially a very big no-no, but it doesn't stop with just him. Santorum's coverage under the Secret Service began on Tuesday, but fellow GOP hopeful Mitt Romney has already been receiving such security. A campaign aide who asked not to be identified confirmed last week to CBS News that former House Speaker Newt Gingrich has sought Secret Service protection as well. Even former contender Herman Cain received the armed protection treatment when he was still in the running for the Republican Party nod.

In the text of the act, the law is allowed to be used against anyone who knowingly enters or remains in a restricted building or grounds without lawful authority to do so, but those grounds are considered any area where someone — rather it's President Obama, Senator Santorum or Governor Romney — will be temporarily visiting, whether or not the public is even made aware. Entering such a facility is thus outlawed, as is disrupting the orderly conduct of *"official functions,"* engaging in disorderly conduct *"within such proximity to"* the event or acting violent to anyone, anywhere near the premises. Under that verbiage, that means a peaceful protest outside a candidate's concession speech would be a federal offence, but those occurrences covered as *special event of national significance* don't just stop there, either. And neither does the list of covered persons that receive protection.

Outside of the current presidential race, the Secret Service is responsible for guarding an array of politicians,

even those from outside America. George W Bush is granted protection until ten years after his administration ended, or 2019, and every living president before him is eligible for life-time, federally funded coverage. Visiting heads of state are extended an offer too, and the events sanctioned as those of national significance — a decision that is left up to the US Department of Homeland Security — extends to more than the obvious. While presidential inaugurations and meeting of foreign dignitaries are awarded the title, nearly three dozen events in all have been considered a National Special Security Event (NSSE) since the term was created under President Clinton. Among past events on the DHS-sanctioned NSSE list are Super Bowl XXXVI, the funerals of Ronald Reagan and Gerald Ford, most State of the Union addresses and the 2008 Democratic and Republican National Conventions.

With Secret Service protection awarded to visiting dignitaries, this also means, for instance, that the federal government could consider a demonstration against any foreign president on American soil as a violation of federal law, as long as it could be considered disruptive to whatever function is occurring.

When thousands of protesters are expected to descend on Chicago this spring for the 2012 G8 and NATO summits, they will also be approaching the grounds of a National Special Security Event. That means disruptive activity, to whichever court has to consider it, will be a federal offence under the act.

And don't forget if you intend on fighting such charges, you might not be able to rely on evidence of your own. In the state of Illinois, [videotaping the police, under current law, brings criminals charges](#). Don't fret. It's not like the country will *really* try to enforce it — right?

On the bright side, does this mean that the law could apply to law enforcement officers reprimanded for using excessive force on protesters at political events? Probably. Of course, some fear that the act is being created just to keep those demonstrations from ever occurring, and given the vague language on par with the loose definition of a “terrorist” under the NDAA, if passed this act is expected to do a lot more harm to the First Amendment than good.

United States Representative Justin Amash (MI-03) was one of only three lawmakers to vote against the act when it appeared in the House late Monday. Explaining his take on the act through his official Facebook account on Tuesday, Rep. Amash writes, *“The bill expands current law to make it a crime to enter or remain in an area where an official is visiting even if the person does not know it's illegal to be in that area and has no reason to suspect it's illegal.”*

*“Some government officials may need extraordinary protection to ensure their safety. But criminalizing legitimate First Amendment activity — even if that activity is annoying to those government officials — violates our rights,”* adds the representative.

Now that the act has overwhelmingly made it through the House, the next set of hands to sift through its pages could very well be President Barack Obama; the US Senate had already passed the bill back on February 6. Less than two months ago, the president approved the National Defence Authorization Act for Fiscal Year 2012, essentially suspending *habeas corpus* from American citizens. Could the next order out of the Executive Branch be revoking some of the Bill of Rights? Only if you consider the part about being able to assemble a staple of the First Amendment, really. Don't worry, though. Obama was, after all, a constitutional law professor. When he signed the NDAA on December 31, he accompanied his signature with a [signing statement](#) that let Americans know that, just because he authorized the indefinite detention of Americans didn't mean he thought it was right.

Should President Obama suspend the right to assemble, Americans might expect another apology to accompany it in which the commander-in-chief condemns the very act he authorizes. If you disagree with such a decision, however, don't take it to the White House. Sixteen-hundred Pennsylvania Avenue and the vicinity is, of course, covered under this act.

## [The ancient Arabic writings that reveal desert city of Baghdad was FROZEN over 1,000 years ago in new clue over climate change](#)

Revelation: Ancient manuscripts written by Arabic scholars have revealed abnormal weather patterns in Baghdad *It snowed three times between 908 and 1007 - but not again until 2008*

Temperatures in Baghdad range from around 2C in winter to 45C in the summer - but ancient Arabic writings have revealed that the city experienced a dramatic frozen period around 1,000 years ago.

Spanish researchers from the University of Extremadura found 9th and 10th century (3rd and 4th in the Islamic calendar) sources that refer to snowfalls in the Iraqi capital in 908, 944 and 1007 and even rivers being frozen.

These are extreme events for Baghdad - for example, the only snowfall in the modern era took place in 2008 - and help meteorologists better understand today's climate.

Rare events: The manuscripts reveal that there were snowfalls in the Iraqi capital in 908, 944 and 1007. Clues about weather patterns in Baghdad came from writers such as al-Tabari (913 AD), Ibn al-Athir (1233 AD) and al-Suyuti (1505 AD) - who all mentioned the climate from time to time.

Lead author Dr Fernando Domínguez-Castro, writing in the journal *Weather*, said: 'Climate information recovered from these ancient sources mainly refers to extreme events which impacted wider society such as droughts and floods.

'However, they also document conditions which were rarely experienced in ancient Baghdad such as hailstorms, the freezing of rivers or even cases of snow.

'These signs of a sudden cold period confirm suggestions of a temperature drop during the tenth century, immediately before the Medieval Warm Period.

'We believe the drop in July 920 AD may have been linked to a great volcanic eruption but more work would be necessary to confirm this idea.'

The study provides valuable information for scientists looking at how the Earth's climate is changing over long periods of time and extra context for modern weather patterns.

Domínguez-Castro added: 'Ancient Arabic documentary sources are a very useful tool for finding eye witness descriptions which support the theories made by climate models. The ability to reconstruct past climates provides us with useful historical context for understanding our own climate.'

## 2012, Mar 9 All That Is Hidden Must Now Be Revealed by Patricia Diane Cota-Robles

[www.eraofpeace.org](http://www.eraofpeace.org)

*"All that is hidden must now be revealed."* That statement reflects a profound Truth that is affirmed by all world religions and spiritual aspirants whenever the end times that we are now in the midst of are discussed. For several decades, sincere and dedicated people have been focusing on everything that is wrong with Humanity and our institutions, and they have used every possible opportunity to tell the masses about all of the negative things occurring on the planet. Their intent was to wake people up from the mesmerized stupor in which so many of us function. The problem is that our thoughts and feelings are creative, so when we encourage people to focus their attention on all of the maladies that are causing Humanity's pain and suffering, without giving them viable solutions to solve the problems, we just incite fear and anger. This actually feeds and empowers the very maladies we are trying to expose, and it makes everything much worse.

Now, during this momentous year of 2012, the Company of Heaven want us to clearly understand that indeed *"All that is hidden must NOW be revealed."* But it is imperative that the viable solutions to the appalling and shocking things being exposed are also revealed. At this very moment, when we are being bombarded with the polarizing misrepresentations of global politics, and terrorized by the saber-rattling of potential new wars it is vital that we step back, take a deep breath, and invoke the Light of God to help us see the bigger picture.

The need of the hour is for us to learn about the clandestine people, places, conditions, and things that have manipulated and controlled us, without being pulled into the fray or overwhelmed with negative emotions. That is easier said than done when we become aware that these things and the people behind them are responsible for a vast number of the challenges we are all experiencing, and most of Humanity's pain and suffering. However, if we want to free ourselves from this oppressive situation so we can cocreate the patterns of perfection for the New Earth and our New Planetary CAUSE of Divine Love, we have no other option.

We are One with ALL Life, there is no separation. That means that there is no such thing as *"us against them."* If we are going to God Victoriously Ascend up the Spiral of Evolution into the 5th-Dimensional Realms of God's Infinite Light, we must become aware of all that is hidden so that we can transmute it back into Light. Then we will be able to take positive and peaceful action. Together we will clear the way and cocreate a new paradigm that reflects our Oneness and the Reverence for ALL Life. But first and foremost, in order to get to that place, we must detach from the negativity we are learning about and observe what is being revealed to us as an objective observer. Never has there been a more optimum time for us to accomplish that mighty feat.

All is in readiness. At this very moment, there are patterns of perfection from the Causal Body of God that contain practical and viable solutions to our energy crisis, global warming, disease, poverty, aging, hunger, homelessness, war, and every other human miscreation. These solutions are flooding into the mental and emotional strata of Earth and they are registering in the hearts and minds of Awakening Humanity. Unfortunately, there are souls in embodiment who, through greed and the inequitable distribution of money, have been able to suppress the knowledge of these solutions and the corresponding technologies that are available to us NOW. The good news is this unbridled abuse of power is coming to an end. This is not occurring by chance. It is happening because of the tenacious and dedicated work of Lightworkers around the world.

At long last, through the unified efforts of Heaven and Earth, a very positive tool has been created that is revealing the hidden things that must be exposed in the most positive way and at the same time it gives viable solutions that you and I can participate in that will change the course of history. Timing is everything. It is not by chance that during the monumental year of 2012 this powerful and informative tool is sweeping the Internet revealing shocking things that have been hidden for centuries, and viable solutions that will

transform our lives and the lives of every facet of Life on Earth.

I am referring to the movie Thrive. I am not associated with this movie in any way, but highly recommend it to everyone. I have included the link to the website below. Please listen to the short video of Foster Gamble's introduction and then give yourself the gift of this 2 hour movie.

As you watch this informative movie remember to stay centered in your heart. Observe the hidden things that are being revealed as a detached, objective observe, and utilize the greatest focus of your attention on the recommended solutions.

After you watch the movie, ask your I AM Presence how you can be the greatest force of positive change in your own life and on the planet. As I have expressed to you many times, I AM deeply grateful for you and your willingness to add to the Light of the World. God Bless You!

This is our time, and through our unified efforts Victory is Ours!

## 2012, Feb 23 Romney's Auto Bail-out Billionaires

Thursday, February 23, 2012

Top funders made billions from US Treasury

by Greg Palast for [NationOfChange](#)

[Thursday February 23]

Republican Presidential candidate Mitt Romney called the federal government's 2009 bail-out of the auto industry, "nothing more than crony capitalism, Obama style... a reward for his big donors to his campaign." In fact, the biggest rewards – a windfall of more than two billion dollars care of US taxpayers — went to Romney's two top contributors.

John Paulson of Paulson & Co and Paul Singer of Elliott International, known on Wall Street as "vulture" investors, have each written checks for one million dollars to Restore Our Future, the Super PAC supporting Romney's candidacy.

Gov. Romney last week asserted that the Obama Administration's support for General Motors was a, "payoff for the auto workers union." However, union workers in GM's former auto parts division, Delphi, the unit taken over by Romney's funders, did not fare so well. The speculators eliminated every single union job from the parts factories once manned by 25,200 UAW members.

The two hedge fund operators turned a breathtaking three-thousand percent profit on a relatively negligible investment by using hardball tactics against the US Treasury and their own employees.

Under the control of the speculators, Delphi, which had 45 plants in the US and Canada, is now reduced to just four factories with only 1,500 hourly workers, none of them UAW members, despite the union agreeing to cut contract wages by two thirds.

It wasn't supposed to be quite so bad. The Obama Administration and GM had arranged for a private equity investor to provide half a billion dollars in new capital for Delphi, but that would have cut the pay-out to Singer and Paulson. The speculators blocked the Obama-GM plan, taking the entire government bail-out hostage. Even the *Wall Street Journal's Dealmaker* column was outraged, accusing Paul Singer of treating the auto company, "like a third world country."

But it worked. Singer and Paulson got what they demanded. Using US Treasury funds:

- GM agreed to pay off \$1.1 billion of Delphi's debts,
- forgave \$2.15 billion owed GM by Delphi (which had been spun off as an independent company)
- pumped \$1.75 billion into Delphi operations, and
- took over four money-losing plants that the speculators didn't want.

If those plants had been closed, GM factories would have shut down cold for lack of parts.

Then there was the big one: The US government agreed to take over \$6.2 billion in pension benefits due Delphi workers under US labor law.

Governor Romney, while opposing the bail-out of GM, accused Obama of eliminating the pensions of 21,000 non-union employees at Delphi. In fact, it was Romney's funders who wiped out 100% of the pensions and health care accounts of Delphi salaried retirees

Paulson and Singer paid an average of about 67 cents a share for Delphi. In November, 2011, Paulson sold a chunk of his holdings for \$22 a share. Paulson's gain totals a billion and a half dollars (\$1,499,499,000), and Singer gained nearly a billion (\$899,751,000) — thirty-two times their investment.

One-hundred percent of this gain for the Paulson and Singer hedge funds is accounted for by taxpayer bail-out support.

But, unlike the government loans and worker concessions given to GM, the US Treasury and workers get nothing in return from Delphi.

From GM, the US Treasury got warrants for common stock (similar to options) that have already produced billions in profit.

And Delphi? It's doing well for Paulson and Singer. GM and Chrysler, still in business by the grace of the US Treasury, remain Delphi's main customers, buying parts now made almost entirely in China and other cheap-labor nations.

And exactly who are Paulson and Singer?

Billionaire John Paulson became the first man in history to earn over \$3 billion in a single year — not for his hedge fund, but for himself, personally. At the core of this huge payday was a 2007 scheme by which, via Goldman Sachs, he sold “insurance” on subprime mortgage loans. According to a lawsuit filed by the Securities Exchange Commission, Goldman defrauded European banks by pretending that Paulson was investing in the insurance. In fact, Paulson was, secretly, the *beneficiary* of the insurance, reaping billions when the mortgage market collapsed.

Goldman paid half a billion dollars in civil fines for the fraud. While the SEC states that Paulson knowingly participated in the scheme, he was not fined and denies he defrauded the banks.

Multi-billionaire Singer is known as Wall Street's toughest “vulture” speculator. Vulture fund financial attacks on the world's poorest nations have been effectively outlawed in much of Europe and excoriated by human rights groups, conduct Britain's former Prime Minister Gordon Brown described as, “morally outrageous.”
