## Prologue

*What and where* are the SECRET PLACES OF THE LION? History is rewritten in these pages of translations from very ancient manuscripts preserved in the great library of one of the world's time-honoured mystery schools . . . a "lost city" high in the mountains of Peru. Few go there today, because only selected students of life trod the footworn path to its antediluvian gate.

In this city lives a master teacher . . . a survivor of the Elders, the great men who lived on earth when "giants" roamed the planet. One hundred and forty-four individuals work under this mentor, and some of them were formerly the "great" of earth.

Pharaohs . . . artists . . . saints . . . scientists . . . poets. Some of the "unknown" are there, too; those history forgot to record, but those who nevertheless shaped empires, kings, ideologies, and doctrines! The "crowned" and the "uncrowned" mingle here in fellowship.

It is the purpose of this work to show that the *race spirit* incarnated or ensouled itself into race leaders of the dim past . . . these leaders constitute the "Goodly Company". This band is composed of men and women from other worlds in time and space. They originally arrived on earth to assist mankind here in its lob climb from "beasthood" to "godhead".

They migrated to earth - the "dark star" . . . planet of "sorrow" - about eighteen million years ago and have worked ceaselessly and tirelessly in their gigantic task of acting as the Creator's mentors to a backward, fallen race. They have come into life as Osiris . . . Apollo . . . Mercury . . . Thoth . . . the legendary gods of the ancients, and later incarnated as rulers of the people.

Baal, Bacchus, Moloch, and other false gods were nothing but pure earth deities, and always became the ruling hierarchy in the pantheon after a "Golden Age" had gone out in a blood-bath. Great universal truth was brought to mankind through the instrumentality of beings from more enlightened worlds, and an age where "men talked with the angels" inevitably followed, only to decline and fall in decay when the mentorship was removed.

Examples of such periods would be the eclipse of truth that followed after the death of the great Pharaoh Amunhotep IV (Akhnaton), the first ruler in history to declare his belief in one God; and the veil that was thrown over the Word of the Infinite Father after the Crucifixion on Golgotha, when truth-seeking mankind was literally thrown to ravening beasts and clandestine councils handed down edicts which deprived man of God-given knowledge and truth!

The "Goodly Company" - the "Wanderers" who volunteer to come into earthly existence - time and time again have assisted mankind for thousands of years in all ages. They would declare universal wisdom and truth at a certain period of history when man had been prepared to receive it and then they would withdraw for a time to see what man would do with the new-found knowledge. Thus, the *rises* and *plateaux* of man's cultural history emerged.

During a hiatus of universal influx, man was ruled by powerful and aggressive earth spirits. Examples of such periods were be the decadent rule in colonies of the "Motherland" after the submergence of Lemuria and Atlantis; the idolatrous period of late dynastic Egypt; the perversion and licentiousness of Rome under the Caesars.

Legends of earth are rich in knowledge of the "Star People" . . . the "Above People" . . . the "Gods who came from the Sun or descended from Heaven to walk among mortals." Behind these so-called myths, which at first appear to be the imagining and fantasies of superstitious people, we find a logical answer to why man adored the immortals of Olympus and other fabled abodes of the great gods. We discover the startling truth behind the tales of the gods of classical mythology!

The ancient scribes and prophets spoke literal truth when they told later generations that angels and gods had taken on mortal flesh . . . descended from their radiant heavenly homes . . . to lift the

physical , mental and spiritual level of humanity on the "dark star" in the Father's Cosmic House!

It is also the purpose of this work to show that there are fantastic historical treasures which constitute a great legacy for mankind hidden in secret chambers under some of the wonders of the world!

The "four corners" of the earth enclose timeless records that for millennia have been hidden from the eyes of seeking man. These priceless accounts of the struggles and intrigues of this planet are now coming to light - the SECRET PLACES OF THE LION are opening to the vibrations of a New Age!

The negative, opposing force which always intends to hold man back and keep him for ever in the dark chains of brutishness and beastliness has been behind the destruction of the great treasure-houses of remote antiquity. Examples would be the destruction of the Aton Tablets in Akhnaton's record sanctum by the evil Amun priesthood after the great Pharaoh's assassination; the burning of the Alexandria library by fanatics in A.D. 389, the largest and most famous repository of antiquity, containing over seven hundred thousand volumes, comprising most of the literary treasures of the ancient world, an inestimable loss which brought about the "Dark Ages"; the total destruction of the Aztec libraries, where priceless codices were ravaged with fire and sword by Cortez in A.D. 1519 as he sacrificed untold treasures to greed and they were swallowed up in his incendiarism.

Certain secret orders have always managed to salvage or save universal truth, and on clay tablets, scrolls, and papyri they recorded the truth, so that future man might know . . . and in the *knowing*, the *truth* would make him free from the bondage of untold ages.

These records were hidden in tombs . . . secret chambers . . . caverns . . . temple ruins . . . catacombs . . . and every secret recess and tunnel was utilized. These records deal with the Most Ancient Wisdom and will be rediscovered in the years immediately ahead. These truths have been secreted away - then discovered, only to be buried again after they served their purpose of revealing that which was to be known during a particular age and time in man's spiritual development.

Update 21:22 GMT:

### **Unofficial Transcript of the speech by Lord James of Blackheath, in the Lords Chamber of the House of Lords, London, on 16 February 2012**

I'm going to start with my conclusions, but I'm not going to sit down when I've made them. Because I'm then going to give you the evidence to support them and hopefully present to you the reasons why I want support for an official inquiry into the mischief I want to unfold to you this afternoon.

My lords, I have been engaged in pursuit of this issue for nearly 2 years now, and I'm no further through to getting to the truth.

I think there are three possible conclusions that may come from it. I think there may have been a massive piece of money laundering committed by a major government which ought to know better and that it has effectively undermined the integrity of the British bank the Royal Bank of Scotland, in doing so. The second alternative is that a major American department has an agency that has gone rogue on it because it has been wound up and has created a structure out of which they are seeking to get at least 50 billion Euros as a payoff. And the third possibility is that this is an extraordinarily elaborate fraud which has not been carried out but which has been prepared in order to provide a threat to one government or more if they don't pay them off. So there are three possibilities and this all needs a very urgent review.

My Lords, it starts in April and May of 2009, with the alleged transfer to the United Kingdom, to HSBC of a sum of 50 trillion dollars and seven days later, in comes another 50 trillion dollars to HSBC, and then 3 weeks later another 50 trillion. 5 trillion in each case. Sorry. A total of 15 trillion dollars is alleged to have been passed into the hands of HSBC for onward transit to the Royal Bank of Scotland and we need to look at where this came from and what the history of this money is. And I have been trying to sort out the sequence by which this money has been created and from where it has come from for a long time.

It starts off apparently as the property of a man called Yohannes Riyadi. Which has some claims to be the richest man in the world. Well he would be if all the money that was owed to him was paid, but I have seen accounts of his showing he owns 36 trillion dollars in a bank. And it is a ridiculous sum of money. On the other hand the 36 trillion dollars would be consistent with the dynasty from which he comes and the fact that they had been effectively the emperors of Indo-China in times gone by. But a lot of that money has been taken away from him with his consent by the American treasury over the years for the specific purpose of helping to support the dollar.

He has sent to me a really quite remarkable document which is dated in February 2006 in which the

American government, according to a meeting with the Federal Reserve Bank of New York, which is neither a Federal Reserve, nor a Bank. It's a bit like celebrity big brother. It's got three names to describe it and none of them are true. And this document, which is quite astonishing, purports to have been a meeting. It is witnessed by Mr. Alan Greenspan, who signed for the Federal Reserve Bank of New York, of which he was chairman, as well as the real Federal Reserve Bank in Washington. And it is signed by Mr. Timothy Geithner, as a witness on behalf of the International Monetary Fund who sent two witnesses, the other one being Mr. Yusuke Horiguchi and these gentlemen have signed as witnesses to the effect that this deal is a proper deal. There are a lot of other signatures on here as well. This is not a photocopy. This is an original version of the contract. Under which the American treasury has apparently got the Federal Reserve Bank of New York to offer to buy out the bonds which have been issued to Mr. Riyadi to replace the cash which has been taken from him over the previous ten years and they're giving him 500 million dollars, as a cash payment to buyout worthless bonds.

Now this is all in the agreement and it's very remarkable. I would have thought that establishing whether this is a correct piece of paper or not is just 2 phone calls away. One to Mr. Geithner and one to Mr. Greenspan. Both of whom still prosper and live, so they could easily confirm whether they signed this.

Mr. Riyadi has, by passing these bonds over, also put at the disposal of the U.S. Treasury the entire asset backing which he was alleged to have for the 15 trillion. I now have a letter here -- from the Bank of Indonesia, which says that the whole thing was a pack of lies. That he did not have the 750,000 tonnes of gold which was supposed to be backing it. He only had 700 tonnes. And this is really a piece of complete fabrication.

Finally, I have a letter here from Mr. Riyadi himself, who tells me he was put up to do this and that none of it was true and that he has been robbed of all his money and I'm quite prepared to recognize that one of the possibilities here is that Mr. Riyadi is himself putting this together as a forgery in order to try and win some recovery back.

But it gets more complicated than that. Because each of the 5 trillion payments that came in has been acknowledged and receipted by the executives at HSBC and again receipted by the executives at the Royal Bank of Scotland. And I have a set of the whole of those receipts for all of this money. Why would any bank want to sign 5 trillion dollars worth, 15 trillion total, of receipts if the money didn't exist.

The money was said to have come, first of all from the Riyadi account, to the Federal Reserve Bank of New York, and from the Federal Reserve Bank of New York it was passed through JPMorgan Chase in New York for onward transit to London. The means of sending it was a SWIFT note, which ought to have been registered with the Bank of England if it was genuine. So when this happened and came about, I first of all took it to my noble friend Lord Strathclyde (sp?), and said, "what do we do with this"?

He said, give it to Lord Sassoon, he's with treasury. So we did and Lord Sassoon looked at it and said immediately, "This is rubbish -- it's far too much money, it would stick out like a sore thumb and you can't see it in the Royal Bank of Scotland accounts". Quite right. Secondly he said, "The gold backing is ridiculous, there has only ever been 1,507 tonnes of gold mined in the history of the world, so you can't have 750,000 tonnes" [Editors Note: The 1,507 tonnes is not correct, but the number is still FAR smaller than the 750,000 tonnes -- somewhere around 150,000 metric tonnes]. This is true and the third thing he said obviously was, "it's a scam", and I agree with him. It was a scam. The problem is we stopped looking at that point. We should have asked, what is the scam? Instead of, at that time, just

nodding it off. And we have never really resolved this, because today, I have this piece of paper.

Which is my justification for bringing it into this meeting today, which is available on the internet and I'm astonished that it hasn't already been unearthed by the treasury and every alarm bell in the land should be ringing if it has. Because this is the general audit office of the Federal Reserve...the real Federal Reserve in Washington. And its audit review in the end of July of 2010 on the Federal Reserve Bank of New York. It has on it, some 20 banks listed, to which 16.115 trillion dollars are outstanding in loans. My Lords, that is the sore thumb that was being looked for by Lord Sassoon.

But more particularly there are two other very interesting things in this. The first is that Barclays Bank got 868 billion in loans, the Royal Bank of Scotland has got 541 billion, in which case, one has to ask, is that they could have earned in three weeks, enough to pay off their entire indebtedness to the taxpayers of Britain, why they have not done so and can we please ask them to put a check in the post for the whole 46 billion.

And the third thing that is wrong with it is that every bank on this list, without exception, is an MTN-registered bank. Which means they are registered to use the medium term notes to move funds between themselves with an agreed profit share formula. In which case these banks are investing this money and most extraordinary, not a penny of interest does the Federal Reserve Bank want paid on this vast amount of 16 trillion.

Anyone amongst yourselves who knows what the IMF rules for financials are will immediately smell a rat. Because the IMF has very strict rules for validating dodgy money. There are two ways of doing it. You either pass it through a major central bank, like the Bank of England, who have apparently refused to touch this. Or alternatively, you put it through to a bank which is an MTN trading bank. Which is then able to use the funds on the overnight European MTN trading market where they can earn between 1 and 2.5% profit per night. And the compound interest on that is huge. So there is a vast profit being made with this money somewhere if it is in fact genuine.

So my Lords, I believe that this is such an important issue now that I've put everything I've got on this subject into a 104 megabyte memory thumb. And I want the government to put this to some suitable investigative bureau and take everything I've got on the subject and find out what the truth is about what is going on here because there is something very seriously wrong. Either we have a huge amount of tax uncollected on profits made, or we've got a vast amount of money festering away in the European banking system which is not real money, in which case we need to take it back. My Lords, I ask for an investigation and please support my plea.
