#### **Hard News:**

**R: Ed Schultz:** R called Ed this morning: it's frustrating watching what's going on & he called to vent a bit! Some people he's been talking to are wanting to leave - they see no one being arrested, nothing changing and think maybe they can do more from the other side: stress levels are rising to incredible levels!

**Re:** Trayvon Martin and Mr Zimmerman: now vilifying Al Sharpton, Jesse Jackson and saying Mr Obama's speech was a hate speech!

- Mike Papantonio, Robert Kennedy Jr, others - all are going very deeply into the Florida story
- He cried today concerning their situation + Trayvon story + what's happening around the world
  - on Amy Goodman: story of a man shot in cold blood by the cops, just for answering his door of his own house - story told by a family member
  - **KOS** gave him a job and he can't do it if he can't get out and about: what's coming up for him to feel is the story of US, the people of planet earth and this one issue: when Mother or others bring up the race issue, it pushes buttons - yet the real one is the black man in the white house!

**T:** the next step is arrests: BO called for the cessation of incentives to oil companies - defeated by Republicans; Paul Ryan's budget is put forward - they have not served the people at all

**R:** so frustrated today: where are the arrests, their own situation, Trayvon Martin

- Called Ed: asked what about the Reformation Act, the \$135 T court case, arrests?
- Ed: Lord Rama we have to bring it down to earth and the murder case: he understood what R was saying, but he has to "keep it real"

**T:** found 80 billion earth like planets in our solar system - within a span of 30 light years

**Randi Rhodes:** a man stood up in Congress and pulled up his hoodie - got taken out by security it's not about the hoodie, it's about them as wears the white sheets - the KKK

**T:** Thom Hartmann: said he has debated Ron Paul many times and disagrees that we should do away with medicare, that hospitals should not take care of people if they have no money, that only those who have money should educate their children - Thom said we should be our brother's keeper

- No compassion in the Libertarian ideology
- Don't recognize the Republican party now, it has changed so much

**Arab League Summit** - met in Baghdad: never met for 20 years due to the US

- they are saying there has to be an agreement and to walk the talk in Syria - yet no sign of this
- wife still buying like crazy; having fun - doing nothing for the people

**London:** people being told there is going to be a gas shortage; running around trying to get & hoard gas

**Spain:** a massive riot in Barcelona: protesting the labour reforms, extreme austerity -

all is frozen - public transportation, no flying; some businesses just shut their doors

**Germany:** having troubles too - taxpayers upset because they are expected to foot the bill for all of Europe - Euro is gone if cannot find another way to do it

**Caller:** not really aware of what we are talking about; just told to call

**T:** explains what the show is discussing: NESARA, galactic history

- economic treason has caused the demise of so much
- Trayvon Martin's death has really started something
- We are the ones who need to stay active, understand what is going on
- the dark ones have only until end of month and then fireworks begin: they have been warned and are behind all the murder, mayhem,

**Caller:** recovering from dealing with Chase bank - it was their paper work error;

she has lost her earthen farm. Has found it hard to be a single mum and be an entrepreneur, nor is it in her spirit to be a fighter

- didn't connect with community soon enough; now the community is beginning to rally around those who are losing their places
- daily acts of kindness make a huge difference; with the happiness mojo going in your own community, makes a huge difference -
- When Mother Theresa was asked to go to an anti-war demonstration, said she'd go to a love demonstration

**Cathy:** Talks of a book she is reading

**Dying to be Me:** Rita Moorjannie

- This is an Indian lady born into the belief system of re-incarnation
- Wayne Dyer was so taken with her, he called Hay House & said they had to publish the book!
- Once we have died and returned, no longer in the linear belief system -

**R:** from what he's experienced being on ships, in sacred cities: the inter galactic federation of worlds have a flat screen on the side of each ship and can play anything that is in the Akashic Records as if it is going on today

**T:** as we change the hologram

**R:** there were seeds of discontent in Atlantis & Lemuria : of racial hatred and prejudice -

- the races were at odds with each other: ethnicity, religious beliefs, colour - it's all one timeline, NOW - people never really died - take off one coat and put on another. From what he saw on the screens:
- A movie with Warren Beatty and Meryl Streep addresses some of this

**MR:** if go into South America and tune into the golden discs, you can access information stored on a crystal: she knows all is supposed to be happening in the moment, but if these things are stored on a crystal, does that not speak to linear time-space?

**R:** all these parallel lines going at the same time: **read Seth's study of the Oversoul** - as many pieces of souls you have, there are that many lines

**T:** Atlantis is here and now, and speaks of it - in response to MR's question that if you are remembering, does that not mean it's in the past - NO -

- we've been challenged by the dark priesthood today, the "republicans" which are reptiles

**MR:** her work is really about the 17 - transformational clearing helps us to see the patterns we are running our life on

**Caller:** tells the story of her past lifetime as a Southerner with the man she met

- in front of his face, she fully transformed into that person of the past, and he was the man she was in relationship with in the past!
- Christopher Reeves, Jane Seymour movie deals with this subject

**T:** Rama can bi-locate and end up on the surface of the planet and research it! Rama does things like that all the time!

**Cathy:** Our way shower

**T:** Fukushima #2 - Thom Hartmann was saying there is a place where you can die in one second from exposure and F #2 has a place that is pouring that out 10x higher than that amount!

- And they have no more robots - need ones that can withstand the radiation intensity
- Scotland - there is a gas leak that is 2.5 miles off coast of northern Scotland - not ruling out a tremendous explosion!
- Rama - where is your father?

**R:** what is being said on every level: mass arrests! We saw what Ben F put out: his Russian Illuminati friend said - they will not go willingly, so we will help them leave

**T:** there is methane just pouring out - no one knows what to do!

**Cathy:** does not the Galactic Fed do something about this?

**R:** Yes ????????????

**T:** Myanmar is in a unique situation now: 50 years under a military junta, and 100 years before that, an oligarchy

- Have let Aung out of prison, and there is a kind of democracy going on
- The old order decided they wanted to change - this is a huge story!
- they had floods, etc a few years ago and many died

**T:** in Germany & Europe, calling for a financial transaction tax, and have a fiscal pact which would require all participants to behave - need a 2/3 majority.

- Looks like the news is about removing those who have been holding us to the old pattern

**MR:** if you enjoy these calls, please consider financial support for the show

### **Mother Sekhmet**

In the office of the Christ and only in the Office of the Christ, we invoke the loving energies of St. Germain and the Violet Flame

**T:** we ask for the doors to open on our super conscious selves and that we are gifted with more awareness to use these higher energies; we ask that Divine Love oversees our smaller wills

### **Greetings, Children of Ra:**

In most miraculous times: the events unfolding on the planet have all to do with our ascension

We could bring up the issue that the time is NOW: it has been foreseen that these events would come about at this time; having to do with the issues of the day and our concept of how we interact with each other all over the universes

- The big issue on the table about a young man and the fact that we have another man of the same culture

of Mother Zudiachus sitting in the White House - the Big Foot in the room!

- Where do we go from here, as this is the largest story in our reality at the moment?
  - It has stirred the pot so greatly that it brings up how we heal as cultures that may not look like each other, eat the same way, or talk to Creator source in the same way, yet we are of one heart
- This is the place where we come under the banner of Love- I am the only one, as it only takes one to change the story: at that moment, the whole universe changes
- The Trayvon Martin case has triggers something, not just about law, but about inter actions
- The story about people wearing hoodies and stereotypes having to deal with ascension, movement ??????????
- This is the time and place where the best action in the Universe is taking place & let us do it with Love,
  - This is what we have been asked to do - to share the wisdom of the mass arrests and our arrival: this is the biggest story in the moment of how we talk about this and heal it with each other, no matter what emotions come up and require healing.
- This piece of the story has to do with us - we are BLACK in our body - Aluna Joy has videos out of orbs inside the Temple of Karnak
- What is coming about is about first contact, full disclosure - this issue has brought the entire mix to the table and how we work with each other: does it have to be about colour?
  - Love is colour-blind and love is one energy - what we do with that frequency is the issue at hand.
- What has been brought before the people of the planet is most intense of times, most auspicious of times to do this
  - This story has to do with the colour of us and the archetype frequency of the feminine,
  - the goddess was honoured by all the civilizations in the universe; the masculine honoured the feminine too, and this is what is returning full circle

**T:** this is why the Arab League met today - they wanted Al Assaud to deal with it, and he won't. Imogen Lloyd Weber spoke directly to his wife [they both went to the same school in England] and said get you both out and leave the country - that would be the best for your country.

**Mo:** there are judges in the ICC who are aligned with the Office of the Christ - we will see the bad judges in shackles and the good ones will be in purple robes.

- Out of chaos comes order
- they want to remove the Commander in Chief - he will not be removed; slated for 2<sup>nd</sup> term
- It is about being Love now: there is a fire being lit and it is the fire of racism and centered on Trayvon Martin with all the earmarks of the lunatic right
- this is why the man stood up in Congress and said it is not about hoodies and not everyone who wears a hoodie is a criminal:
- the story of Trayvon is no accident - this is the hour when the children of Mother Africa get their moment in the sun and 520 years need to be re-instated: Aug 18, we move into 2014

**T:** we need to understand that as time collapses on itself, even thinking of 2012, 2013, etc is passing away

- We are in 2013, this year; on this coming Aug 18 we will be in 2014
- the ending of this global economic system has no meaning for the people; only for the 1% and really only a fraction of that 1%, the oligarchy
  - when this collapses this all the way, people will have to find a new way of beings - hope we seeing the galactics seeing????????????????????

**Mo:** we are in positions circling the globe, around the globe where we need to be on the grid systems, inside the earth. It is looking very much like chaos is the order of the day

**T:** you brought up the 520 years and it would be helpful to have them now

- Does not say in the Constitution that the court is the Supreme decider

- Congress is decider; if Congress are not working for the people, it is for the people to take over

**Mo:** this is constitutional crisis and how we work with this and the 3 branches of gov't ;

- LM Nada comes into play here, also Beloved Master St. Germain who had the thought about the New Atlantis
- We are in the last few nano seconds which is why the chaos has escalated: Trayvon Martin was the match that lit it - Al Sharpton and Jesse Jackson are asking for discussion, not fighting
- Higher level is how we get to the Galactic Round Table - it is in the very hour we need him most, that Superman is here

**Cathy:** wants to bi-locate to the underground: listening to the video on it recently - difficult for the galactics to locate it because there was a hologram outside the entrance,  
 • can Mother confirm that they did find it?

**Mo:** yes, the ability of the technologies within the realm of your question is entirely possible, probable and in the moment of whatever they are playing with in terms of their technologies, they do not hold a candle against our technologies which are 10 to 15 millions times past current technologies on earth [in terms of power and capability]

**Cathy:** a whole lot of top brass down there: military, reptilians - felt they were safe down there

**Mo:** they are in their final death throes; ho' o pono pono for them

- they are in last few nano seconds & tried to play with Project Blue Beam
- this stuff they are playing with is most insidious - separating heart from mind - bringing up ancient emotions about differences between each other: race, colour -

**• WE ARE ONE, THE PEOPLE OF EARTH, ONE ENERGY, ONE FREQUENCY, ONE CIRCLE OF LIFE.**

- This is how we view cultures in other systems, too - we are brothers and sisters and it is as deep as the blood.

**Mo:** so many stories from Africa - animals were so miraculous ??????????????

As for oil: leave it in the ground - there is enough air, water, etc for all

**T:** as Cathy says, where are you guys?

**Mo:** we are in position; the focus right now is how we get to see Bush, Cheney, etc arrested and St. Germain on center stage talking about it

- won't be a pretty sight: we have seen what "law enforcement" can do

**T:** what kind of law enforcement: what we are seeing in Stanford, FL?

**Mo:** the time of the Annunaki is over - they are seeing their sunset; love them on their way out

- At the same moment, we are here monitoring the situation so no lunatics out there will give us worry - be love now, and the next moment will take care of itself

**T:** last words of Al Sharpton's program was that the way is Love

**Mo:** we are the many: we are the 99% and we matter and this story matters - tag you are it, get moving, get activated -

- our dentist said talking about it is good; getting active is even better - it's about sharing the wisdom here - they want to lock us out of our divine rights as kings, gods, goddesses
- No body needs to die, get old, get sick - it is about this healing, taking the gauntlet and doing it
- This is being brought forth by those ones who are telling their stories and singing their songs
- all these whistle blowers: Mr Drake comes to mind - interviewed on Project Camelot, on Amy Goodman -
  - about the alphabet agencies moving their facilities to Utah and see what they can see in your files - yet the whistle blowers are coming out and saying not over my living body

**T:** a story on Amy this morning: a black man was shot dead - he had a heart condition and wore something around his neck in case he had an attack;

- The police came to his door, and he told them he did not need them as he had hit the button accidentally during his sleep
- The cops tasered him and then shot him dead!

**Mo:** they have created a fire storm around the one in the Oval Office - this is why we are here: we take no prisoners - they will be dissolved into cosmic soup

**T:** Michael Moore has been talking about un-creating the system

**Mo:** these ones are going back to that place beyond the Void - they have asked for this

**Cathy:** will St. Germain look like the pictures we hold so dear?

**Mo:** has a bit of a goatee; is very handsome - so much so that it is like a Frank Sinatra scene!

- It is the radiance of the love light coming out of this being - reflecting what we all are. What we look like in the moment that we are co-creator gods

**MR:** question from a caller: Mar 27<sup>th</sup> Arab League Summit - all the leaders signed & agreed to give loans to people in the local currency; want to get away from US dollar

**T:** encouraging news, as this is part of the process!

**Mo:** Rama went into 4 banks yesterday; all gave him the royal treatment! Open an account with us!

**Cathy:** she goes into the banks and asks; they just laugh it off!

**T:** the lady in the bank told them all the banks have rainbow bills, and if they talk about it, they get fired

**Cathy:** where are we with the arrests process?

**Mo:** 97-98% is where we are!

**T:** Ben Fulford - a look-alike got on and did a video - a Romanov on one side, on the other, the martial arts guy - they both know it was not Ben F who is a slime-bucket! He has stolen so much money from us that there is a warrant out for his arrest!

- The guy from the Romanovs corrected "Ben" at one point

**Cathy:** the Romanov guy looked into the camera and said: One more thing: I want to address the Queen of England: Isis wants her crown back!

**T:** Isis is the Black Madonna: the feminine energy wants her crown back

**Mo:** and she will

**T:** it is true that Putin is a good guy

**Cathy:** Putin is on top of things - he could command within moments 200 million soldiers

**Mo:** an army of Kung Fu masters and so on; red and green dragons, Hong Kong blondes - about the fact that our wayward children wanted to create an android army to take over the planet; this has been cancelled because of the serendipity of love - love is colour blind; it is about what is in the heart.

**T:** Rush Limbaugh's father is ?? and Rush is a nazi ??????????????????

### **Mother's Closing:**

- Be aware, we are such in a magnificent time of greatness - humbled by ??????????????????
- how we do this with each other is with the greatest of love and compassion
- work with the energies of understanding that what has happened on the planet in the last few moments is a mantle that has been laid upon us - the Admiral's message is only about Love, there is no other message.
- This sweeps away all the illusions, the maya, laid before you by our wayward children.

- The story about Lucy in the sky with diamonds
  - forget about the hard work that it takes about ascending
  - simply meditate each day, forgive self for whatever; as you do the ho'opono pono, it encircles the planet.

**Closing:**      **Cathy** we have learned how to love; we are learning
