Hard News:

T: when we go past the 10th, she pays an extra \$100 to the bank; they need \$700

Audio: President Obama addressing donors in Houston, TX today [Mar 9/12]

- still recovering from worst economic crisis of several generations
- over last 2 years, addition of almost 2 million jobs
 - recovery is accelerating; going back to same policies is not a good idea
 - the other folks want to go back to old rules of the economy,
 - insurance companies increasing rates at their own whim
 - gutting medicare - we're better when everyone fend for self
- In US, better if we work together; if we can pursue the American dream
- The choice of this election: everyone has the choice to work hard, if you do so, you can make it - the American way
- This is defining issue of our times a make or break moment - no more outsourcing, bad debt, false profits
 - want a future built on American manufacturing, energy, education, values like hard work, fair play, share responsibility
- This is what people want to do: work hard, find a job
- Our politics now divides us, drives us apart

Caller: has insomnia

T: says there's a new study that insomnia is not unnatural! [Info from Thom Hartmann]

Caller: noticing a change in her sleeping pattern - sleeps various times - whenever - able to be awake at 5 am and see the ships!!

T: learned of new theory regarding insomnia on the Thom Hartman call

- Romney was rigged to be the winner
- NOW 177 banksters have been running!!

Caller: re the audio at the start of the Anonymous article

T: It's Dylan Ratigan - he knows who St. Germain is!

- MSNBC every day or watch it on your computer anytime.

R&T: Pasha Mama comes in a form like one of the Inca goddesses connected with Vera Kocho and Quetzalcoatl

- Birds and lizards are from same skeletal structures: birds came first
- During 9 / 11, there were Pterodactyls flying around the towers: can see it in "Loose Change"
- There are good crocodile people - guards Mother's temple in Egypt - goes back to the experiment of Eve: got together with son, Lucifer and first born son was Satan and Eve conceived a child, Cain; there was another conceived in the same menstrual cycle: Abel was conceived by another: she had sex with both to create the polarity
- John McCain of this time was the Cain of that time who had a chance to do the right thing and he did not

• Asks everyone to go to Cheryl's calls:

Caller: several people have left the calls because they think it's too much - can't handle the downloads!

- She is encouraging them to stay, if even for a short time
- it anchors us, brings in the light: what she is dedicated to

T: it is what this lifetime is about

Caller: people are so busy with their families, etc etc

T: It's time to make time

- things getting better behind the scenes, too

Caller: you mentioned someone on the dinar calls - was it John Macasee?

T: yes, he's a criminal - the news is compromised

- Cynthia volunteered to stay on the calls and help heal the rifts

Caller: is seeing lots of transformation in some

- Dinar Recap - is this information compromised?

T: yes, they won't talk about NESARA; Big Will was on once and talked about NESARA and got an e-mail telling him not to mention it again or he'd be in a body bag.

Caller: describes what she's

T: Poofness, John Macasee, Sheldon Nidle are all criminals - we need to heal the light

- they played with the hedge funds and Ted Gunderson died because of this
- Nidle does not believe in Ashtar or the A Command; he's a dark Syrian and does not want to wake up to this

Caller: how come his messages sound like the others?

T: There are differences; when in denial of Sananda and of Ashtar:

- the dark Syrians won't admit who they are: did things in Orion War - in order to heal, you have to wake up, open your heart and say I am sorry, please forgive me, thank you, I love yourselves
- Even George Bush: say above to that soul especially

- There are entities that take over inside the light, and they have a lot of power

Caller: how come messages sound the same as the others?

T: There are differences: if you have not cleaned up your karma, they can get in through the chinks

- Cynthia says there are people who are in the dark here: on this call, right in this family

Caller: where does the word "Khazarian" come from?

T: we read about the Khazars last week; they claim to

- the Schirffs are Nazis and Khazars - Prescott & George H. W. came from Germany Schirff and changed their names to Bush at Ellis Island
- the Rothschilds are Nazis & Khazars
- If your intestines are digesting garbage in the 3rd dimension, you can't get to the 12th
- coconut water is a super food - make a probiotic out it - blueberry acacia
- drinking organic fruit juice - make your own - what's in a bottle is pasteurized - concentrated amounts is too much sugar

Caller: Meg Benedict an amazing healer - has been on BBS radio

- Lemon is the most basic electrolyte - have some real lemon in your water all the time
- **Meg Benedict** - a Journey to the Galactic Centre
- on her website: **toroidal vortex energy** - has a short video
- **Always Want to do counter clockwise** - clockwise is the old energy

Audio: rest of Obama's speech in Houston - go to Huffington Post

Caller: what is Faction 2?

T: Goes back to 1993; has to do with the military / Congress

- In 1993, there was a Supreme Court Case in Denver, CO
- State of Colorado had already voted to be in Common Law instead of Statutory Law [Lizard Law]
- The Pigford Case was tried there: the judge turned his collar around to the purple of common Law
 - We need sovereign militia and not standing armies
- the Black Farmers won - there is a grandfather to the the Bourgavain Fund that does back to the '80s when Carter was in
 - Bush Sr had Jimmy Carter killed: Carter's father was a Kennedy
 - all the Founding Fathers are back in form
 - Thom Hartman is on 4 hours a day and he is on RT tv - being heard in Russia in Russian: he is Thomas Jefferson and he has the largest collection of Jefferson's notes, books, etc - like his own memoirs!

Music: John Denver "Love is the Answer"

He was taken out - sound of his voice; he also exposed the behind-the-scenes of the Exxon Valdez

Meditation: **Building the Strength and Power of our Electronic Ring
by Children of the Sun**

The 2012 group momentum facilitated through Children of the Sun Foundation will be carried out through a focus referred to as the I AM Avatar Yoga. We are exercising this yoga within the New Earth Crystalline Matrix during the Planetary Grid Transmissions.

Our goal this year is to reach total clarity of consciousness and Divine Union with our Source of Life. This concerns the realization of the whole, re-aligning us as one into a resonant rhythm within the universal ascension spiral through single pointed focus in union with our inner Sun Presence and the Group Soul.

Reading some of her notes from the Super Tuesday coverage with Martin Bashir, Rachel Maddow, Laurence O'Donnell, Chris Matthews, Ed Schultz, Steve Schmidt [March 6, 2012]

Martin's Comments:

Mitt could well be Prince Charles of the Republican nomination for this reason: Prince Charles by primogeniture is going to succeed his mother; Mitt too -

- both men around 64 year old. Charles will never make it - any public polling suggests that people would rather William succeed his grandmother than Charles. A parallel with Mitt: emasculated by his past - embarrassed by his performance in the present; his favorability rates are dropping -
- Rachel says to Martin: that is a gob-smacking analogy: Are there lessons from Prince Charles that Mitt should learn ?
- Prince of Wales ended up being divorced; Di died; Charles is one of wealthiest people in UK as Mitt is in the US
- another similarity. When you look at Prince of Wales, you might say "give up"; he wants to succeed to the throne and he might end up being the oldest monarch to take the throne: Romney is battered and bruised; he's gonna fall over the finish line and end up fighting the President in Nov

Rachel: or 2016 in this analogy?

- We will see the whole thing on screen that not only was 9/11 an inside job over here [US], but over there that QE2, Prince Charles, MI 6, Mousaud, and other organizations are guilty as charged of murdering clones of Di, Dodi and Henri Paul
- lots of stories about the rigging going on for Romney - Maine

Audio: Bill Maher

- Mentions Joseph Coney: youth movement underway - posters with "Coney 2012" on them - about Africa
- Comments on Romney's Super Tuesday
- Santorum has come out against contraception and college: wants us to be f**** stupid!
- Republican position on women: you can't have birth control; you're sluts, and you're fat - vote for me in Nov.

- How come regional pandering only works one way: reference to Romney's remarks in the south - never hear southerners go to New York and say I read books and make a mean bacon meat loaf?
- Republicans looking for an issue, now the economy is getting better
- Michael Steele, Catherine Crier; Andy Stern
- Micheal Ora - a kid from New Jersey, now ambassador from to Israel; his boss is Netanyahu
- Most Israelis are against the west bank settlements
 - official policy of the Lakud party is two states for two peoples

Plays an audio of Alexandria Pelosi who was in MS and AL, talking to the people

Some of the comments from people interviewed in answer to one of the questions: why is this state so conservative?

- Bible Belt, believe in family, believe in Adam and Eve, not Adam and Steve
- don't care for gov't, don't show me anything - do you get food stamps? Yes, but I think I deserve them
- hates obamacare thinks it's pointless; in his parents' day, people looked after themselves and made it
- don't care about economics? No put god back in the saddle, all will be OK!

Something not working here:

- would rather go broke and hungry, than give up our moral beliefs
- would rather starve than take free money
- gonna stand up for ourselves even if we go broke doin' it
- not going to be pushed around for what we believe: like the sign on the front of my truck says "the south will rise again"

Bill: • She [Alexandra Pelosi] cut out 20 people who didn't have teeth, either

- something noble about saying he'd rather starve than take free money: isn't there a point to the Kansas theory: cant' see past their prejudices and it hurts them economically?

Other: something to what the guy said: it hasn't worked - yet!

- Bill refers to Mitch Daniels: we don't see ourselves as the party of haves and have nots; we are the party of haves and soon-to-haves

Michael Steele: the south will argue as a whole that they are looking for a different kind of prosperity where everyone has enough, not based on class or race

- this is an America that still exists, that lives in fear and that freedoms will be taken away

Other: Dems need to find a way to address this : there's a lot of prejudice but not a lot of alternatives

lady goes back to Adam Smith, founder of Capitalism: if get a concentrated wealth and power, if allow a corporatist system, it breaks down. Got to extend the safety net so the capitalist system does not break down

Bill: Something he read in a magazine 20 years ago: the republicans are for the rich; the democrats are for the niggers, who's for me? How do you get these prejudices out of peoples' minds?

Others: education, experience out of home & state; some running today want to get rid of public schools.

Brings up the Adam and Eve story and the tree of knowledge: the adam and eve tree is taken literally by half the country

"a mind is a terrible thing to open"

"The scariest thing to the right is "Here's an idea!"
