T: Thanks to all who help - as we support this work, spirit gives us more information to deal with

- We are leading the way, each one of us

R: Deeply grateful for all of our lives and what is occurring what is happening:

- Star Fleet Academy and what has been ordained is coming to pass
- also, the absolute craziness of this dimension
- the naked emperors are very naked and scared and are Mother's children so we love them.
- Some we see are with feathers, scales or whatever
- We asked Mother to teach us to create universes: she said OK - here is light, dark, etc plus free will choice

Our Times - Craig Barnes: guest: Cathy Christenson who has been in Gaza

- what is going on there has to do with the original story: the Canannite, the Moabites, the Mormonites
- when time was cut out of the story and DNA was changed
- to take out the dark goddess

Camp Loveway: David Icke, Benjamin Stewart

- we have descended into matter as seen by Rush Limpballs - it's about free health care
- Mother's children do not wish to respect the C-in-C in any way

Thom the Cat said that 12 - 14 x a day, they are plotting to kill him! Coming from the legislative branch!

- Noting about the church, only the story of Mother's children; Jehovah, Lilith, Lucifer, Beelzebub - where 1/3 of the angels decided ..
- John Perkins admitted to being an economic hitman and seeing people die; making amends
- David Icke & others talking about the 3rd Initiatory sound frequency: interesting what they brought up - the rhetoric about war in Iran: one side saying we are taking out Israeli plane

Counter spin: had on Sybel Edmunds - remember 9/11!

- Why was the Saudi royal family whisked away and to this day, not discussed
- She said Obama will be re-elected and it goes back to 9/11
- All 3 of them said it's about the Goddess returning and taking no prisoners.
- They said that right now the conversation has changed and not nuking Iran, but is about goddess energy- why all the talk about contraception, etc - because there's nothing else to discuss

- The dark side do not wish to be called Archons because that brings up the ancient wisdom of the Watchers, the one who were here before the gods were here, the seeders of seeds of knowledge
- In all the natural plant substances used for altering the brain/mind functions is the wisdom that comes from the stars which has to do with the stored DNA knowledge- the gnosis; as we get in touch with the plant intelligence, we find the drawings of the technologies of the star craft
 - John Perkins working on 3D drawings - similar to the mer-ka-ba which is what we travel in when in our light bodies - this form is impenetrable
 - John has seen people in the Amazon who have legends of Namoos - tied in with Bantu people, who are descendents of Sirius A, Sirius B - all the legends go back to the ancient land of Palestine. Netanyahu is a distraction - he represents the deterioration of the timeline and it is being dissolved.
 - Something happened in last 3 days [Icke's comment, from R as well] - it's about negotiation and mediation and talking about peace.

- Cathy Christensen [husband was Bill Christensen] - she goes to Gaza once a month: about one state solution, all else a distraction. People living in a giant prison camp, as they want to create in US

Teran talked a bit about the little glitch in time: we are not waiting for anything - we are waiting on ourselves - many messages saying it is on us and we do it by getting out of the maya, the lies on fake news and the noise like fox news: boycott fox news, demand he be fired for his language and attitude - it is called assault! Rape as a tool of war, and we are ending war now!

Caller: hello to all on Roundtable; the show has a positive impact on his life; words are important - son is an even bigger fan! He is mentally challenged and they listen every week - would they speak to him?

Son: hello!

T: Greetings! Thank you for coming to this world!

Son: Thank you so much for having me on your show! I have a question: wants to know if you have a smelly pussy?

T: could get no more in terms of conversation

R: their call was punked! What is going on right now is a reflection of what is coming down, the lunatic fringe on the right - bless you in spite of what is going on . They experience instant karma and take themselves out! Inshallah!

- no protesting on federal properties, or where politicians are speaking
- Reads: at 7pm our 112th congress voted 399-3 in favour of bill HR 347
Federal Restricted Buildings and Grounds Improvement Act of 2011
to stop protesting against gov't officials - like the stuff on Wall St.

T: you know what **that's called? Treason!!!**

Caller: what about Bill Gates, Kissenger, etc being arrested?

R: entirely likely this is so, yet not surfacing except on various news channels in convoluted ways

- RT today seems a likely source for getting it out
- Or if Shepherd Smith grew a pair and spoke out

T: if they are trying to kill Obama 12 - 14 times a day, Smith would be gone in a sec

- in this galactic opening, all kinds of oglies showing up

R: and the next Super Tuesday means

Teran spoke of the astrology and how more intense it is going to become in next week

- we have just past a stargate window and we are asked to be more loving than we have had to be before; they are getting more and more vicious

Caller: will they continue to use things to get back

R: thinks we are going to see things right now, not later: we are at a cross roads with the energy

- Icke said there is a momentum of energy having to do with the Indigo Crystal children who are speaking out against the violence against them and the planet; goes beyond the Second Spring
- Ahmadinejad is a visionary yet has to do a dance with the Ayatollah who is of old order; Ahm represents the Indigo Crystal children and the Mahdi has shown up and is about peace

Caller: destruction of tornadoes - by the cabal?

T: yes, they still have access to Star Wars technologies

Caller: need Ashtar to say enough is enough!

R: I can't wait [to get them off the planet, in the callers' words]

T: need to remember: Treasure is within

- we also have 40 zeros worth of gold on this planet
- they know of folks and a dynasty in China; the heir to that gold is not dead as previously thought
- hiding out in Philippines - gadzillions of gold and he cannot be found

- Where we are now: there is a hyperdimensional by-pass in the sky - the true gold is having our DNA activated now - 12 + 1 -
- has to do with anchoring US / Altea in the west; has to do with the focus of the story of Israel in the east moving to the west.

The Astrology of March 2012 - for Everyone

My blog URL: <http://carlboudreau.blogspot.com/>

Two kites, a partial mystic rectangle and ***two six-pointed stars*** in March!!!

A rare and complex set of aspects dominate March's chart. This chart takes us close to the frontiers of astrological understanding. It also takes us over a threshold into a different kind of energetic space, one with a distinctly spiritual component.

The focus changes from big, headline-making aspects and major events to a dense, highly charged primal energetic blend aimed at individuals and isolated processes. The focus will be on countless small events and opportunities affecting countless lives separately. A deeply complex energetic atmosphere in which trends are hard to spot and predictions are hard to make.

• we have gone from big aspect to big aspect by following block buster stories, but doesn't think we can keep going from big thing to big thing

This chart - March, 2012 - **takes us beyond aspects with clear cut events** & things we are familiar with

- now deal with 6 pointed stars and such strange things
- we need to re-calibrate our expectations for the future
- will need to get used to long stretches of complexities and not from clear cut event to clear cut event

We have a **new kind of astrological condition** that is settling in on us.

- Pluto in Capricorn has broken down our economic and political institutions into large chunks - not able to put them together again.
- Neptune transitions into Pisces, its home sign, and rendered all situations fluid and uncertain
- Neptune in Pisces is transforming political and economic crises into cultural and ideological crises - from concrete crises to crises of abstraction and feelings.
- Neptune in Pisces also causing psychological and spiritual crises at the individual level.

March 1, 2012**

Barbara Hand Clow majored in philosophy at Seattle University, behavioral psychology at the University of Washington and then began extensive reading and study of Reichian, Freudian and Jungian Psychology. She began her study and practice of astrology in 1969. In 1980 Barbara and her husband Gerry co-founded Bear & Company Publishers. In 1982-83, she earned a Master's degree in theology and healing. Her thesis compared Jungian psychoanalytic technique and past life regression therapy. Barbara is an international lecturer, workshop teacher and writer. She returns to Red Ice to discuss Awakening the Planetary Mind. She'll explain how we are on the cusp of an age of incredible creative growth made possible by restoring our lost prehistory. Through tracing humanity's reemergence after prehistoric catastrophes, Clow explains how these events in the deep past influence our consciousness today. She says we are beginning a collective healing as ancient memories of prehistory awaken in our minds and release our unprocessed fear.

The Treasure Pit of OAK ISLAND

Bruce Ricketts

If I told you that there was a buried treasure on an island just off the coast of Nova Scotia, you might believe me. After all this area of North America was a favourite stomping ground for pirates in the 18th century.

If I told you that the treasure was buried in a deep pit, you might respond, "Of course, that was it to make sure no one but the pirates found it".

But what if I told you that the treasure pit was, to date, almost 200 feet deep, protected by an elaborate set of booby traps (underground channels to an ocean beach over 500 feet away), has been the subject of countless excavations since 1795, costing millions of dollars, and the death place of six treasure hunters, and they still haven't found the treasure... If you answer: "That's the treasure pit at Oak Island", you are correct! *(If you got the right answer, call my [live answering service](#) to collect your prize - yea sure.)*

The story of the Oak Island treasure pit is fascinating and complex. It is a story of mystery, greed, controversy and very little humour. The Oak Island treasure has been sought by many individuals and corporations for over 200 years. It has attracted all strata of explorer from: the three teenagers who first discovered the site; to Franklin D. Roosevelt, a former US President, whose company Old Gold Salvage group searched in 1909; to the swash-buckling actor Errol Flynn who wanted to search Oak Island in 1940, but was discouraged when he found the search rights belonged to a company owned by fellow actor John Wayne.

The story of the Oak Island Treasure Pit has been written about in numerous books. To date the treasure has not been uncovered, but tantalizing glimpses of what are purported to be part of the treasure have been reported. The following are a sample of some of the theories on who buried the treasure on Oak Island:

- the most popular theory is that of the early 18th century pirate Captain Kidd, who frequently visited the region of Oak Island for rest and relaxation and to repair his ships. He seemed to have a habit of burying part of the treasure he plundered far and wide.
- the most bizarre theory is that the treasure is the original works of William Shakespeare/ Sir Francis Bacon buried on the site in the late 16th century. This theory is based on the evidence of a piece of parchment paper brought up from the pit by one of the treasure hunters.
- equally strange is the theory of the crown jewels of France which went missing in 1791 and were said to have been smuggled to Louisburg (north of Oak Island in Cape Breton). Since Louisburg was frequently attacked by the British when the French owned it, the jewels were considered unsafe and were transported to Oak Island.

The theories go on but no one knows for sure the origin of the Treasure Pit.

Excavation of the Pit has never been successful because of the booby traps which were set to protect it. In the mid-1860s, while excavating at the 90 feet level, the treasure hunters encountered soggy ground.

This was not too surprising because the Pit was only 500 feet from the coast line and high tide of the ocean was about at the 32 foot level. At 93 feet the wetness was more pronounced. At 98 feet they struck an extra hard surface. They took the rest of day off and the next morning found that the shaft of the Pit was filled with sea water to the 32 foot level. We now know that the miners had inadvertently opened a series of channels to the beach which had been installed as a booby trap to protect the treasure.

Planet Alert March 2012

<http://blog.mahalastrology.com/2012/02/28/planet-alert-march-2012/>

By Admin on behalf of Mahala, on February 28th, 2012

Here we are in March already; time has definitely speeded up. Did any of you have heart challenges, or back problems this past month? The moon was in Leo this past full moon on February 7, 2012, and Leo rules the heart and back. Many people experienced some physical challenges during, before, or after that full moon, which was on 18 degrees Leo. This is the degree of Christ Consciousness. This consciousness is now open for anyone to experience. It is time to think with your heart.

On February 3, 2012 a Doorway to Heaven opened in the Mayan Dreamspell Calendar. This was on the glyph of the White Electric Worldbringer. This particular glyph is about death, release and surrender. This is the glyph of freeing yourself from the desire to be in control. This was the time to surrender your limiting beliefs that no longer serve you. This was the time to look for new ways of being, new people, new ideas and new directions that move you to where you want to be. It was the time to forgive, transform, surrender, and release.

We went through the door and into a tunnel and this tunnel gave us the opportunity to look at ourselves to see if there were still things we needed to release from our consciousness. If you experienced any issues during those ten days, were you able to solve the problem? Was it an illness, or some old thought you needed to release? Most illnesses are from some kind of emotion that you are still holding onto. I experienced dizziness that started on Friday the 3rd, and continued until Feb 12th when the doorway became fully open.

We came out of this tunnel on February 12 on the degree of the Blue Crystal Eagle. This is the glyph of vision, mind, and creativity. This glyph represents the evolution of individual consciousness into planetary mind. This is the compassion of all hearts linked as one. This glyph is one of people working together for the betterment of humanity. This glyph is ruled by Jupiter, which is a huge planet. This means our visions should be focused on bringing the energy of Heaven to Earth, and to totally move into Unity Consciousness.

I have used the Mayan Dreamspell Calendar since the Harmonic Convergence in August of 1987, and have found it to be very informative and accurate. Thank you Jose Arguelles for this calendar, and for getting enough people together to celebrate the Harmonic Convergence. That event set the Earth on a new path in consciousness and opened us up to a new reality. Now we have another reality that is being opened to us. It is our choice what we do with this energy.

I received an email from Celia Fenn way back in September of 2011. I would like to quote excerpts from that article because it pertains to us today. She was transmitting the "Grail Codes" at Nordkapp, Norway in August of 2011. She said "After the opening of the Lion's Gate Portal in early August, there was a huge acceleration of frequency and many of you who were ready took the next step from the Fifth Dimension of light into the Sixth Dimensional Realm of Dreams and Magic, and assisted in anchoring the "Dreamtime" connection to the Earth once again". (Remember, I said we are in the Mayan Dreamspell year of Magic and Miracles. This year started on July 26, 2011, and lasts until July 25, 2012.)

She goes on to say "The sixth dimension is a powerful place to enter, and as you begin this journey you will experience physical changes. Initially, you may feel extreme exhaustion and tiredness. In reality, what is happening is that your brain is dipping into "Theta" wavelength in the waking state. Now, your body experiences Theta as a sleep state, so when you enter the Sixth Dimension Dreamtime in the waking state, your body thinks it is sleeping, and so extreme heaviness and tired feelings are experienced as the body becomes temporarily confused at this change."

“Then you may become mentally confused as your brain shifts between Beta, Alpha and Theta brainwave states in waking consciousness. You may experience lucid dreams in the daytime, or you may become forgetful, disoriented or dizzy (which I experienced) as your brain settles into its new shift pattern to allow you to move between the dimensions and to process information gathered in all these spaces so that you have a firm grasp of the different layers of reality.”

She also said “The Sixth Dimension of Light is the place of Magic, the realm of the Magical Child and the Creator of dreams. It is the Dimension from which the Planetary Consciousness generates the dreams, desires, fantasies, and projections that manifest as “Material Reality” in the Lower Dimensions of Matter. To walk in the “Dreamtime” means that you need to be “awakened” from the controlling illusions of the Third Dimensional reality, and fully grounded in the New Fifth Dimensional Reality Grids. Then you will be able to access the Magical Realms of the Dreamtime and its flow of abundance and joy without losing your grounding in material reality. This is “Mastering your Life”, and indeed it is an aspect of your personal desire to evolve and flow with the Earth and to achieve all that can be achieved within your present Planetary Reality”.

To do this you have to activate your Grail Codes which are the Light Codes or Cosmic DNA activators that bring you online with Christ Consciousness. The first key is you activate your light body until all the meridians and connections are in place to facilitate the Sacred Union of body and soul. Then you move into your 13 Chakra system and anchor fully into the Earth Star and Soul Star Chakras. Then you become a master of Light Harmonics and will be able to receive and transmit the pulsations of light from the Divine Cosmic Heart.

The energy of the Divine Heart is Love, and as you activate your Light Body, you will begin to activate Divine Love and Compassion and as you do that you will begin to become a Master of Divine Love. Once you become a Master of Love, you will be able to manifest anything your heart desires. This is the opportunity we are being given right now because of the opening of the Doorway to Heaven, and the last full moon being on the degree of Christ Consciousness. What an opportunity we now have to become Masters of Love and Light.

I know the world is in a lot of chaos right now, but in order to manifest love we have to forget about judging, or being critical of people. When you are critical of someone else you need to look within because in reality it is yourself that you are critical of. This has been a very large challenge for so many of us because it is so easy to be critical. If you start to judge someone, stop and think about what you are doing. Look within and see why you are being critical.

We can also be very critical of our governments and other controlling situations. By being critical we become part of the challenge. Some people choose the job to speak out and make us aware of all the corruption that has been going on for eons of time. I honor those people. They are very brave and many have lost their life by speaking out. That was their job, and now it is our job to bring peace, love, joy and unity to the world. So Be It!

Love to all of you!

~ 03-03-2012 ~ Third Initiatory Gateway of Light ~

You Tube <http://www.youtube.com/user/AnritaMelchizedek>

Mp3 download www.pleiadianlight.net/dl.htm

On March the 3rd 2012, we enter into the third initiatory Gateway of Light through the Overlighting of the *fifth ray of concrete knowledge*; a beautiful orange ray of Light, amplified through the planet Mars at its closed approach to earth, its face fully illuminated by the Sun. Fiery Mars takes us into a greater level of empowerment and expression of the Higher Mind through the Divine Masculine archetype, and assists us as we experience this third initiation, esoterically referred to as *The Transfiguration*. In this initiation, we are given the opportunity to truly surrender our individual will to the Divine Will of Mother/Father God, through the illumination of the mental body. In doing so, we clear our lower triad, which is the three-fold personality of the physical, emotional and mental bodies, and begin to manifest our realities as co-creators to the Company of Heaven through the upper triad of intuition, Spiritual Will and Higher Mind. Furthermore, the patterns of imperfection within our original Divine eight-cell blueprints will be further cleared of human miscreations as we step into a deeper level of wholeness through the balancing of polarities.

We are experiencing a deeper integration of the Group I AM Avatar Blueprint of Light, through the Higher Light of all Humanity and the New Earth frequencies of Light. In this initiation, this is amplified through the activation of the star tetrahedron within the original Divine eight-cell blueprint as well as around the etheric, emotional and mental bodies. The star tetrahedral shape connects us into the essence of our Godselfes through our ability to harness these light geometric templates and shift beyond the ring-passeth-nots surrounding each dimension into the Christed Timelines; and is further one of the sacred geometries we can use to activate our Light Body/Merkaba. As we move into the Christed Timelines we experience a greater sense of our multidimensionality as these sacred transfiguring Flames of Divine Love, and Solar Beings of Light, while loving all aspects of ourselves. And within these timelines, as the Monadic Consciousness of all Life at a Higher Light level experiences a dimensional shift into the New Earth Templates of Divine Love, Mother Earth Herself becomes the Spiritual Sun for this solar system, in perfect alignment to the Sun and Solar Core, Central Sun and Great Central Sun.

Additionally, part of this process on December 21st will be the activating of the 33 Cosmic Portals of Light within and around this earth plane, taking us into the fifth dimension. This process is being facilitated at this time and throughout this year by the anchoring and activating of the Cosmic Christ Holographic Discs, 13 major and 20 minor discs along the spinal column, also aligned to the Mayan calendar 13:20 natural celestial time. The activation of the Cosmic Christ Holographic Discs are directly related in vibrational attunement to the activation of these 33 fifth dimensional Cosmic portals and New Earth Templates to be experienced on December 21st, 2012. Additionally the Light Body/Merkaba activation of Mother Earth will occur at this time using the sacred geometry of the star tetrahedron.

For this initiation, we are invited into the Ascension Seat within the Crystalline City and vortex within Uluru, Australia, to encode and activate ourselves with the star tetrahedral shape through our original Divine eight-cell blueprint within the perineum center, the Egg of Life, and around our lower bodies, as we merge in perfect alignment to our I AM Presence through the Overlighting of Chohan Hilarion, Archangels Raphael and Mother Mary, and Elohim Cyclopeia and Virginia.

From a planetary perspective, through the Unity Grid of Divine Love, we will focus on the clearing of the distorted planetary belief that Science and Spiritually are disconnected as we anchor a deeper level of Spiritual Light through this sacred orange flame and *fifth ray of concrete knowledge* into the mainstream scientific and intellectual communities, and with this, the potential for all Life on this earth plane to experience this third initiation, *The Transfiguration*.

For we are the beloveds, the wayshowers and Spiritual leaders and teachers, paving the way for all Life to experience Heaven on Earth, our collective Garden of Eden.

Invocation for the third initiatory Gateway of Light

I call upon the Overlighting of Mother/Father God,
the Pleiadians, the Sirians, the Andromedans and the Arcturians, all of the Light,
the Archangels and Angels, the Trinity Lords of Light, Lord Michael, Lord Metatron and Lord
Melchizedek,
the Chohans of the Rays; El Morya, Kuthumi, Serapis Bey, Paul the Venetian, Hilarion, Sananda, St.
Germain, Lady Nada, Mother Mary, Allah Gobi, Quan Yin and Pallas Athena,
the Mighty Elohim,
the Melchizedek Brotherhood of the Light,
Lord Buddha, Sanat Kumara, Helios and Vesta and Lord Melchior,
the Mahatma, the Cosmic Avatar of Synthesis,
and all other Beings of Light I personally acknowledge,
as I now merge with my I Am Presence, the Highest Light that I Am within the Cosmic Heart of
Mother/Father God.

As I now connect into the Unity Grid of Divine Love,
I align to the inner earth Sun, the Golden Solar Sun disc of light within my heart, the Sun, the Central Sun
and Great Central Sun,
and now experience my Self within the Cosmic Heart of Mother/Father God.

I now call forth to Master Hilarion,
to take me in an external Merkaba Vehicle of Light,
into the Ascension Seat within Uluru so I may undergo this third initiation, *The Transfiguration*, through the
surrender of my will to the Divine Will of Mother/Father God,
so I may align into my original Divine eight-cell blueprint,
letting go of any patterns of imperfection
so I may experience the upper triad of intuition, Spiritual Will and Higher Mind teachings of Light.

As I now find myself within this Ascension Seat and vortex, illumined by the Beings of Light from On High,
I am surrounded in this beautiful Orange Flame of Concrete Knowledge,
experiencing my Self within the New Earth Templates of Divine Love.
I Am now placed in a *Sacred Geometry Transfiguration Chamber of Light*,
as the old patternings, conditionings and imprintings of polarity are erased,
the original Divine encodings of Light and Patterns of Perfection are now actualized within my Divine eight-
cell blueprint,
as I now merge into a deeper alignment with my I AM Presence.

And now, the star tetrahedron is activated within the original Divine eight-cell blueprint through the trinity of

the Holy Mother, the Holy Father and the Holy Child,
and now around my etheric, emotional and mental bodies.

The Egg of Life is now expressed through the swirling of the vesica piscis into the Golden Flower of Life 54 feet in diameter around me.

I now spin the emotional and mental body star tetrahedrons within the Golden Flower of Life sphere in a clockwise and counterclockwise direction respectively,
repeating aloud this activation sequence and Fibonacci ratio to the fifth dimension,
21 to 13, 33 times God speed to infinity.

I now experience my Self within the fifth dimensional Christed Timelines of Light,
anchoring and activated the 3rd major Cosmic Christ Holographic Disc and two minor discs along the spinal column.

I gently move my body from side to side and backwards and forwards, facilitating the process of the cerebrospinal fluid and the recalibration of my nervous system, meridians and chakras.

And now, I assist the Company of Heaven and Master Hilarion to wrap Mother Earth and all Her Life in this sacred Orange Ray of Light,

clearing distorted beliefs and lack of Spiritual understandings within the mainstream Scientific and intellectual communities.

I now assist all Life in experiencing these Patterns of Perfection through the Unity Grid of Divine Love.

I now find my Self back in my sacred space,
grounding into the Crystal Heart of Mother Earth,
and the Cosmic Heart of Mother/Father God.

I am now surrounded in this beautiful Orange Flame of Light,
and the Golden Flame of Empowerment and One Unity Consciousness,
Overlighting this sacred year of 2012.

I Am a sacred Being of Divine Love,
a co-creator to the Company of Heaven,
able to create new structures based on mental Illumination,
concrete knowledge and innovative experimentation,
and wield this through the Divine Will of Mother/Father God.

I Am All That I Am.
