T: talks about a segment on Rachel Maddow last night: N.S.M. - National Socialist Movement [Neo Nazis]

[what follows is a transcription by Tara of the material from Rachel's call]

Russell Pierce [Neo Nazi] Nabs First Vice Chair; Ron Paul dominates straw Poll at State GOP meeting Gilbert, Az.

- J. T. Ready, Neo Nazi, killed his girlfriend, his girl friend's adult daughter and the daughter's 16 month old child before he turned the gun on himself.
 - there was ammunition on the site, & 2 x 50 gal drums of some unknown chemical substance
 - The FBI and Joint Terrorism Task Force are investigating the military grade munitions, ordinances and hazardous and chemicals and why they were at the home
 - the 50 gal drugs of chemicals were removed from the scene by local fire dept's Hazmat teams and by D of Defence [Rachel was saying: US military doing something inside the country? The military is not supposed to be - only the Sovereign Militia Force!]
- J. T. Ready is part of the Republican dark side of a very particular part of Arizona politics & American politics
- In 2010, at an anti-immigration rally that featured speeches from AZ State Senate Pres. Russell Pierce, (R) AZ; Sheriff Joe Arpaio (Mericopa County, AZ), JT Reddy and friends distributed N S M - National Socialist Movement [Neo Nazi party] Nazi party flyers proposing that the US put down land mines along US/ Mexico border - posted on Wednesday on Talking Points Memo, signed on left side by TJ Reddy and marked NSM.
- Later he posted himself and some friends holding up the land mines flyer next to a news van from a Spanish language news station - UNIVISION. They think it's very funny
 - It was titled "Neo Nazi Minuteman hunts Arizona Immigrants" - also swastikas flying
- J. T. Ready is also an evident presence on far right edge of Republican politics and anti- immigration politics in AZ for a long time
 - He was speaking at an anti-immigrant rally [on the advertisement and on the podium was a sign with "Where is the fence?", a common slogan at Republican main stream anti-immigrant rallies]
 - Also there is Russell Pearce, applauding the speech.
 - J.T and Pearce have been together for years: Pearce baptized Ready into the Mormon church; they are pictured at the baptism together and Ready was given a Certificate of Priesthood Ordination by Pearce, an elder of the church [happened in 2004]
 - J.T ran for Mesa City Council, 1 of 4 - came in 2nd, later ran for and got elected as a Republican Party Precinct Committeeman, District 18 - problem is: J. T. Ready is a Nazi and that should not be compatible with main stream party politics.
- Tara comments: Remember when Romney went to AZ and got up with Trump and advertised with a liquor company? He was in a tavern - Mormons don't drink!?! Now we see a connection between the Mormon church and the Nazi party
- After Ready became a Republican committeeman in AZ , AZ Republican Congressman Jeff Flake and John Sadding and Trent Franks ask for Mr Ready to be removed from his post.
 - And, after his long relationship with Russell Pierce, Russell too walked away - in July, 2008.
- Russell Pierce had a problem of his own with race issues:

- in 2006, he forwarded an e-mail to his followers that included a white nationalist anti-semitic creed, accusing the media of pushing on an unsuspecting public a view of the world in which "every voice proclaims the equality of the races, the inherent nature of the Jewish holocaust tale - the wickedness of attempting to halt the flood of non-white aliens pouring across the borders"
- Pierce sent that out to his supporters in AZ by e-mail. Later he apologized, saying he did not know what that was when he sent it along.
- Yet the other reason, the increasing visibility of J T Reddy as a neo nazi in AZ politics - the other reason it was sort of becoming an increasingly sensitive subject for Russell Pearce, is because Russell, after having this long association with JT Reddy, was . . . to become the most powerful Republican in the state of AZ. He rose to become President of the State Senate, frequently described as the most powerful politician in the whole state and from that position, Russell authorized and passed and got signed into law the most radical anti-immigration law in the entire country: **SC1070 "Papers Please"**.
 - Russell Pierce was the one to introduce this law and get it passed as State Senate President,
- Yet the guy who takes credit for writing SC 1070 is this guy - shows a picture but does not mention his name - now Sec of State in Kansas.
 - When SC1070 got passed into law, he was a lawyer for a group called FAIR - the Federation for American Immigration Reform, the group who helped write SC1070
- FAIR was started in 1979 by John Tanten. Just for some insight as to where John and FAIR are coming from, what they are about as an organization: 7 years after he started FAIR, he wrote this: "To govern is to populate. Will the present majority peaceably hand over its political power to a group that is simply more fertile, as whites see their power and control over their lives declining? Will they go quietly into the night or will there be an explosion?"
- John Tanten, the founder of FAIR, later wrote: "I've come to the point of view that for European-American society and culture to persist, requires a European-American majority and a clear one at that!"
 - The organization that he founded to accomplish his goals is the one Russell Pearce turned to to write Arizona's "Papers Please" immigration law. That is who Kris Kobach was working for when they wrote that law. [they are all Nazis]
- There is freedom of speech in America: you get to be crazy as you wish. Radicalism is not a crime. Radicalism is not illegal in the US. Yet when you are not just some free-floating radical with cockamamie ideas that nobody else buys in the world and rather, you are being drafted by the President of the State Senate of AZ to help write legislation based on those crazy ideas, and that legislation is becoming law, and that legislation then gets described by the Republican candidate for President as a model for the nation - you are at a place where radical has met powerful and that is a whole different thing!
- The combo of radical and powerful that is Russell Pierce and his career ended up freaking out his home city of Mesa, AZ; freaked them out enough that they recalled him from office and replaced him, not with a Democrat, rather with just a main street Republican last year
 - It's the first time in American history that any State Senate president in any state was ever recalled from office .
 - It is the first time than any AZ lawmaker has ever been recalled from office in AZ history. Yet Russell Pierce did get himself recalled.

Headline of New Times Newspaper: Russell Pearce Nabs First Vice Chair; Ron Paul Dominates Straw Poll at State GOP Meeting . . .

- How did the State Republican Party react? They appointed him Vice Chair of the Republican Party even after his own jurisdiction got rid of him because he was too out there; the State Republican Party in Arizona made him #2 in the State. Russell Pearce is now running for Senate again, and when the Obama administration sued the State of AZ to try to stop "Papers Please", to try to stop his SB1070 law, when that went to the Supreme Court last month, Arizona Republicans sent Russell Pearce to the US Senate to defend that law. There he is, speaking in the US Senate, wearing his "don't treat on my toe"
- Now, today, Russell Pearce is back in Arizona. Today, at least for the day, he is not talking about the evils of immigration.. Today, instead, he is talking about how before this mass shooting in Gilbert, he had not talked to J. T. Ready for quite sometime.
 - And local police and the Joint Terrorism Taskforce and the FBI and the Dept of Defence, apparently are in and out of this home in Gilbert, AZ, trying to figure out why J T Ready had military grade munitions, trying to sort out what's in those 50 gallon drums of chemicals, are walking in and out of that house, passed J T Ready's car, parked in the driveway, with its licence plate USBG - which stands for US Border Guard
- The Anti-Defamation League told Pearce exactly who J T Ready was, and Pearce is now playing victim by the media.
- The numbers reveal that, in less than 40 years, the majority of people will be people of colour
- this is what Tavis Smiley talked about on Dylan Rattigan show: don't know about Mother Zudiacus/Sekhmet]

Meditation: Cheryl for Wesak celebration

- On Saturday, she will open call for T & R and do the WESAK ceremony
- Begins with some background

T: completing the reading about J T Ready who killed his girlfriend, girlfriends daughter and baby daughter in Gilbert AZ; Russell Pierce
the overlay of the super consciousness being brought together with the triple moons . . .

Caller: tomorrow is also World Liberation Day?

- On the website: it is time to take action, to take the destiny of our world in our own hands
- at exact time of full moon this May: many will gather and visualize the freedom of the world from the bankers and create our own destiny

T: • Cinco de Mayo is last program of of all the 78 NESARA programs - also means "last unction" meaning that we will lay to rest what no longer works

Caller: reading information about the W L Day and programs: visualize the world being free from financial slavery, financial systems that were put in place: eco - systems healed, humans free from all oppression, new financial system in place and so on

T: speaks of what they see on RT tv - including Julian Assange who is on regularly; Thom Hartmann; someone had Bill O'Reilly on and called him a liar

- In response to question:
 - Hillary's mother a du Pont; grandmother also a Du Pont; yet seeded by the seed of Hitler
 - so Angelca Merkel and Hillary are cousins - Hillary's grandfather was Hitler; Angleca Merkel's father was Hitler

JUSTICE, AMERICA? DOES OBAMA REALLY MEAN IT?

American War Criminals Now Subject To Laws US Enforces on Others

... by [Gordon Duff, Senior Editor](#)

In a surprise move, President Obama signed an executive order rejoining the International Criminal Court, an organization established originally by the United State to enforce international law and punish war criminals.

The US left the court under Bush in order to protect those responsible for kidnapping, drug running and torture.

They may now be arrested, even if American office holders or members of the military or CIA, which, oddly enough, many of those responsible for such heinous crimes are.

Almost all facing prosecution are, curiously enough, members of the Republican Party and are trying to spin a return to freedom and justice as America giving up rights. The only right sacrificed are the rights some of the 1% and key officials had to murder, rape, steal and run drugs.

They may now be arrested under the same laws that applied to Gaddafi, Saddam and other “war criminals” that America has seen fit to bring to justice.

A careful read of one of the trickiest documents I have ever seen limits arrests of US elected officials as long as they are in office. Language protecting the military is less clear if not clear at all.

In doing so, Obama even puts himself at risk but the risk is far higher to Ashcroft, Gonzales, McCain, Lieberman, Bush (all), Cheney and a list of war criminals who may number in the thousands.

As to how far the ICC is willing to go is questionable. The organization tends to arrest only those of dark skin or targets of American foreign policy.

Perhaps that will change with the Arab Spring and elections in Europe which has gotten rid of some and may eventually remove nearly all the old leaders, most of whom are potential suspects in war crimes.

When we see Interpol put the cuffs on McCain and Lieberman and “perp walk” them out of the Senate, we will know we may get America back.

SURFREPORT Scorpio Full Moon Super Moon

SURF REPORT

Blessings Everyone!

As you may be aware, our Sun is a portal to more than just us. Many have come to witness this great transition. There are events astronomic events that correspond to spiritual changes and give us a time-table of outplay. This time-table seems to be very specific and it's about to start this weekend.

This Weekend's in Taurus ~Scorpio Full Moon Super Moon

What is called the Taurus Full Moon is the celebration of the great Buddha's birthday (Wesak). It also happens to be the Celtic celebration of Beltaine. The emotions and the tides will greatly increase by the close proximity of the Moon to the Earth.... gifting to us what is called a Super Moon this Sunday, May 6th.

Along with this are two alignments; Saturn/Venus/Sun and Mercury/Venus/Mars. The first of these is likely to be the strongest of the two. The stern teacher that is the "Divine Goddess" is energized by the Sun. The image of Kali or the Morrigan come to mind, as a grand purification process. The second alignment is Mars/Venus/ Mercury. Mercury rules communication, health and kundalini energy. So, this configuration indicates a non-polar balance in energies. Male and female energies are balanced.

This waning (diminishing) from a Super Moon towards an eclipse signifies a purging with a reboot at the end.

Put it all together and we have a Goddess directed purification to culminate in a reboot of our sun!

The Taurus Sun

The powerful energy of this Super Moon does not really go away... it becomes an annular eclipse. This is where the sun is not totally blocked by the moon and it will appear as if a great dark body stands between us and the sun leaving a fiery ring.

This will track right over Mount Shasta and through Hopi Land. So these sacred spiritual area will be most directly affected.

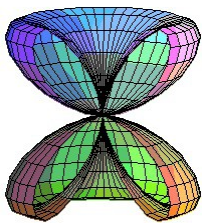

Moreover, there is an alignment with Alcyone otherwise known as the Central Sun to our galactic system. Our solar system is actually part of the Sagittarius sub galaxy. We revolve our its Central Sun and it is Alcyone that revolves around the Milky Way Galactic Core.

So there are two galactic alignments that are significant. The first being the alignment of Earth/Moon/Sun/Alcyone/Milky Way Galactic Core. This happens on May 20th.

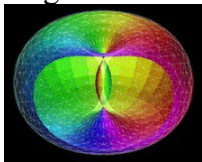

Our Changing Sun

The Japanese recently announced that our sun is approaching its solar maximum and will do so almost a year early. The closest they can speculate on timing is in this time frame now upon us. It is a pretty sure bet that this will happen on the approaching eclipse as it is also a strong gravitational alignment.

The Japanese scientists also mention that there is a strong indication that our Sun will not just flip it's magnetic poles as it usually does during a solar maximum but will split into 4 poles. This is called a "quadrapolar sun".

Curious what that meant, we researched this to see if mathematical resources or science had any experience with a quadrapole. It turns out they do. This is an example of what a magnetic field might look like with a quadrapole sun.

A regular dipole magnetic field looks like the torus we are used to seeing.

If the Sun was to do it normal thing the Torus would just flip over. But to spit into 2 sets of poles means be able to be in 2 places at once... or 4D (spiritually speaking 5D). This is very interesting because the scientists also agree that the Galactic Core is projecting the same field as the quadrapolar sun.

We know the Galactic Core waves are hyper-dimensional and now our sun will become like the

Galactic Core. There is great potential that our beloved planet, in the influence of the hyper-dimensional magnetic field, would also be affected the same way as our sun.

One thing is certain, we are in for a super-charged ride!

With loving service to Gaea,

Aniel, Child of the Sun

UNIFIED FOCUS

**Full Moon Grid Transmissions, this Sunday May 6
... through to the New Moon Eclipse on May 20**

During this upcoming Planetary Grid Transmission on Sunday, May 6 and for the two weeks that follow, we are continuing strong in a daily focus of...

- EGO DISSOLUTION
- OVERRIDE of the human operating system by Divine Will

From the I AM of our unified being, we are commanding the Blue Lightening Fire to work in tandem with the building cosmic pressure to untrench the bolted hardware to the worn out human design and giving us ultimate liberation from its bondage.

- SHATTER AND CONSUME
- SHATTER AND CONSUME
- SHATTER AND CONSUME the hardened muck and mire!

This is a time in which many of us may be sitting in the womb of uncomfortable emptiness, flat-lined from all of our thoughts and mental constructs. We might be entering the great void for a period of time to allow more of the erasure to happen.

- ERASE the human programs
- ERASE the concepts and beliefs
- ERASE the stories and the need to tell the story

The mind wants to make sense of things. We build concepts upon concepts from mind constructs and beliefs systems. These concepts turn into desires, attachments, justifications, frustrations, excuses, avoidances. We go back to what feels comfortable and secure.

- DISSOLVE the monkey mind
- DISSOLVE the control of the free will
- DISSOLVE the mind constructs and beliefs systems

It can be a confusing and disorienting phase as the illusory concepts melt from the dissolving framework of our human self. Yet, simultaneously, as the dissolve occurs, the pathways are instantly recoded and resultant

suffering is not nearly as intense as we have experienced in the past, if any at all.

- EXORCISE the controlling mechanisms
- EXORCISE the fear programming
- EXORCISE the hidden shadows

Some of us still carry obstructing pieces of the ego dominant, electrically overcharged blueprint creating blinding resistances to fully letting go. These patterns can be found even within the most spiritually advanced. We must get into the crevices and un-trench these lower frequency forms.

- DEATH of the Ego
- DEATH of the Ego
- DEATH of the Ego

As we surrender the human consciousness and endure its final dismantling process, a new multidimensional operating system completely over-rides the human design.

- ACCEPTANCE Heals
- COMPASSION Heals
- LOVE OF SELF Heals

It is a time of extreme vulnerability as we are completely emptied and the human consciousness fades into oblivion. Please be sensitive to your and each others process. and again, never to take anything personal. The group support is invaluable and so crucial to our stability.

- DEEP SURRENDER
- DEEP SURRENDER
- DEEP SURRENDER
