Hard News:

R: we are witnessing magnificent events about Ascension & frequency changes - the living light which is coming in is changing all kinds of particles - in the midst of the clowny clone show!

- This is the story of Mother's children who are filthy rich and are beating themselves up publicly, and the media is allowing it
- Something is about to change here - he keeps being told that our friends from the stars in conjunction with the White Knights and the forces of light, the sovereign militia forces, are going to take the communications into their own hands, and the media will have nothing to say, and we will be hearing Ashtar's voice
- These so-called life forms are Mother's children - he chooses to send them love - when you look at Newt and Romney, you see these magnificent life forms from Nibiru that have taken themselves down to 2 DNA strands and they are bashing in each other

R spoke to **Mr X & Thom Hartmann's wife** today

- Mr X said Mr R has two Amschelt accounts in Switzerland: to open them: \$50,000 each
- he could be #2 in \$ after the Koch Brothers - money is not speech; corporations are not people
- We are hanging on extreme edge of full Disclosure, first contact - and yet these life forms are trying to seem intelligent and normal, and they are anything but!
 - Rachel has Newt sitting in a bucket - how many buckets full of this do we need to swallow?
- To change this, many different people are stepping up to join the Sirian Commander - it is about the hedge funds, the rollovers - the banksters will go to jail
 - Mr X said - you'll see something weird in next 30 days or so: Caribou Barbie is going to endorse Ron Paul; something is about to change and he may be the candidate to go up against Obama - yet all a dog and pony show
 - As full disclosure. full contact happens, another timeline changes & we have NESARA and the whole story changes - yet the insert is here until it changes
 - **Mr X:** remember the black cat in The Matrix looked at Neo; he watched it and it disappeared and Morpheus said "watch it, there's a glitch in the program" - Rama said this clowny show is an insert like the black cat - the light has infiltrated the dark and is causing "glitches" - the hologram is falling apart at the seams

Randi Rhodes: on her program today said, It is like what Bush Sr said: when the people find out, we are going to be hung from the nearest lamp post.

T: Journal News: Holocaust Memorial Day - since 1996, have them every year in Germany

R: Davos is happening and screaming about austerity; the people are saying screw your austerity

T: every day, Thom H says no economy has re-built with austerity which does nothing to build up - it's the laughing stock of the world

R: why St. G is here

T: the whole world's economy looks to this country; this country has held the power, vested in our values

- and the only person holding those values is Barack Obama
- his presence means the US is still standing, and allows sorting the tyranny being woven here out of wolves and sheeps' clothing
- U N Security Council - called a special meeting about ongoing violence in Syria
- European Central Banks new president praises the Eurozone programs in resolving debt crisis: just smoke and mirrors: seriousness of Spain's faltering yesterday has still to be reckoned with
 - Spain & Italy are holding the 2 top hedge fund banks: New Madrid Bank & Vatican Bank
 - Need to pull plug on the whole thing: whole controlling force has been vested in the "Vicar of Christ" - behind all of this story is the Vicar of Satan
- Satan's father is Beelzebub, B's father is Lucifer: these are levels of witchcraft

R: the fallen angels that step into the realm where AA Michael, Zadkiel, Gabriel, Uriel, & others operate

Mr X: this is AA Michael battling it out at a roadside diner!

T: who should we arrest? The imposters talking about people being born elsewhere - yet

- Bush was born in Germany as a Nazi
- Randi Rhodes said Romney's father & grandfather born in Mexico: either grandfather or Great GF was being pursued from US for having 4 wives [religion]
- We all need love & compassion for those who have lost their way; a depth of love is needed now
- Someone wearing an Anonymous Mask got arrested - Lansing, MI - Schneider's area
- Still an insurgency in Libya - still torturing; public has a ton of arms, thanks to US
 - torturing people after the fact; a violent form of take down - look at what happened to the cloned body of Khaddafi: a scene using violence to keep things doing -

- how we do this transition is more important than ever
- Human Rights Watch after United Arab Emirate about harassing, prosecuting, torturing activists and did it at a press conference in Dubai
- US Marine - sorry for Iraqi deaths - they broke into the house in middle of night and massacred all - yet he gets to go free - this won't go down well

Caller: from Arizona - friend sent a forward on birther situation in GA - Obama being on election ballot or not; Judge talked with attorneys before the hearing this morning and told them he was going said he wanted to enter a default judgement against Obama and recommend that his name not be on the Georgia ballot; all agreed to put an abbreviated, streamlined case on the record and Judge agreed.

T: On Oct 23, 24 - **I AM TROY DAVIS:** these ones are relentless on racism

R: heard that it did happen

T: judge threatened Obama "to your peril"; Obama knows a lot; our full galactic activity is going on behind the scenes; no idea what St. G has been saying, but has lot of time to say it

Going to enter the electoral college - they can play the race game with the college, as it is unbalanced party system is going to be ended

Don't we have to go through three race question until it is resolved

Caller: probably true, but is a moot issue as the general issue will not go through as expected

T: there will be one special elections- as in AZ for Gabby Giffords, and all would understand this all the seats going empty in a short time will also have special elections

- BO is going to be moving and show us all what neighbourhood organizing is on local, national, international and galactic scale - this year.
- this is getting more grounded as we understand and learn more - things are moving like banshees galactically : what is happening galactically is overwhelming; she was listening to Richard Hoagland's stuff - over whelming!

How to do you guide a star ship called like Tita Lacoria, the new earth; you have to have the new technology - all of our attitudes

- Not fun to live in Georgia under these conditions - a constant consternation yet there are stories we don't understand: slaves didn't have right, yet there were bonds between colour, class - at his execution that night, Troy wanted people to **boycott Georgia!** All the food, fruit spoiled in the fields because the worker walked off
- We have the Nazi in the Congress in the form of the Republican party
- We have the Vatican in the form of Opus Dei in the candidates
- We have the Vatican slush fund in Ron Paul - \$2 M
- It's a circus so let people have fun thinking it's a circus - some circus
- Right to work for less: **Mitch Daniels the mastermind of taking down the gov't economic system in 2008** - Post Office is biggest union in country, and they want to take it down

We are at the greatest, worst of time

- Zionism is the study of peace; in The Matrix, Zion is the city of peace and helps Neo win in the end

- Icke refers to Rothschild Zionism: a constant reminder of who is behind it; Undiluted evil - controlled by Rothschilds - Zion the city of peace is really Zion the city of war

R: Ed Schulz had a teacher on today from Chicago - Rahm Emmanuel is doing to teachers - cutting funds for teachers; being a baby Mitch Daniels; causing a lot of problems for those on low incomes - she said it's like what is happening in Palestine to the occupied territories; get shot going to get water - rumours that other things are to happen there

T: this is all being nipped in the bud

What Icke said is true - BUT IT IS ABOUT TO CHANGE - there was a call from Israel for his assassination - cancel clear!

T: In buying mood in Germany: they have a 4 day work week; they divided hours in half so people continued to work and gov't paid the other half - kept things going

Rachel Maddow: got consternated about Politifact, a journalist source for checking facts

"A non-partisan journalism enterprise" - their words

- They checked and yes, Obama, had created jobs
- "In the last 22 months, businesses created 22 M jobs - true
- The 2nd part: businesses made more jobs last year than any year since 2005 - that is also true
- On their truth-0-meter - it's rated Half True - how do 2 trues add up to "half true"
- because he "implicitly credited his administration's policies" -
yet Obama said "businesses have created more than 3 million jobs"
- Politifact - moved the original "half true" rating - now the chastened new rating: "mostly true"
- Rachel: Politifact, you are fired! You are a mess! . . . You sully the reputation of anyone who uses you!"

"The period 1987 through 2012 is a window in time noted for a steadfast acceleration of energy. We refer to this period as the nanosecond, a time when every moment keeps expanding with new possibilities. The increase in energy that began slowly in 1987 and increased in intensity over the years will now reach a peak of ultra high-speed in 2012. During the nano, people's lives become richer with knowledge as they integrated a steady stream of new information..." [T: We are already in 2014; by August 18th, we'll be in 2015]

THE ELEPHANT IN THE LIVING ROOM ...

... AT WAR WITH THE WORLD

The David Icke Newsletter Goes Out On Sunday

Well, how blatant, how in our face, does it have to be before the elephant on the sofa is acknowledged for what it is? Rothschild Zionism is leading the world into yet another war and this time with the serious potential to explode into a third global conflict – what they have long sought to engineer.

I refer to Zionism as ‘Rothschild Zionism’ to constantly expose who created this expression of undiluted evil and who controls it to this day – the House of Rothschild. The secret society called Zionism was not created for the benefit of Jewish people, but to use them as a cover to pursue the merciless annexation of Planet Earth. Many and increasing numbers of Jewish people can now see this. They have been ‘had’ on a monumental scale. The first Rothschild Zionist Congress was in Basel, Switzerland, in August 1897, but not many realise that it was originally due to take place in Munich, Germany.

It had to be relocated because of opposition from *Jewish people* in Germany who did not want to be shipped off to Palestine, as per Rothschild Zionist agenda. They were doing fine, thanks, so go away and take your silly idea with you. But little more than 30 years later the Rothschild-engineered and Rockefeller-Harriman-Bush-funded Nazi Party came to power in Germany and began to target the German Jewish population and those in other countries. Vast numbers of Jewish people left Germany and Europe in general as a result of this abomination and headed for the United States and ... *Palestine*.

Thanks to the Nazis, the Rothschild Zionist leadership got its way. Coincidence? Not a chance ...

... Once the State of Israel had been bombed and terrorised into existence, a long list of Rothschild Zionists were relocated to especially the United States so their children would be born as American citizens. These children are the Rothschild Zionists that dominate the American government and its agencies today. Among them is Rahm Emanuel, Obama’s White House Chief of Staff in the crucial

years after his election, and now Mayor of Chicago. Emanuel's father openly boasts that he was a member of Irgun, the Rothschild Zionist terrorist organisation, before he headed to the US to produce his offspring.

Rothschild Zionism now controls the United States government and Congress in general via front organisations like the American Israel Public Affairs Committee, a massive lobby group representing a foreign power and widely known as AIPAC. This is why Obama said in his State of the Union address of pure fantasy this week: 'Our iron-clad commitment to Israel's security has meant the closest military cooperation between our two countries in history'.

Read: 'We do whatever they say.'
