Finishing up the Wave of Chiccan

**23<sup>rd</sup> Thurs – 7 CHEUN** – the blue resident monkey, our magical artistry; a portal day – we are in the core part of the wave – mystical quality of 7 - balancing work and play

**24<sup>th</sup> Fri – 8 EB** – portal day; 8 is fine tuning, harmonic resonance – EB is the deer

**25<sup>th</sup> Sat – 9 BEN – The Day out of Time:** Ben is the skywalker – a warrior aspect, striving for self-illumination;

**26<sup>th</sup> Sun – 10 IX** another portal day; 10 is manifestation, IX the magician – has been invisible until now – the new year in the Mayan Calendar: the manifestation of the visionary – integrity, being in accordance with Divine Will; we have 10 to work with the whole year too

**27<sup>th</sup> Mon – 11 MEN** – another portal day: Men is the eagle, the visionary aspect; 11 – letting go what no longer serves; releasing blockages, restrictions; lots of sun dancers are doing their ceremonies at this time.

**28<sup>th</sup> Tues – 12 CIB** – 12 sun CIB is the warrior, the human service warrior; awareness of right action

**29<sup>th</sup> Wed - 13 CABAN** – finish up the wave of the serpent with the Earth; 13 is the transformation to cosmic consciousness; we are the keeper of earth and are aware of her energies

**30<sup>th</sup> Thurs – 1 ETZNAB** – begin the new wave of Etznab, the mirror – moving into a powerful time in the mayan calendar

### Astrology: Annie Rose

**Contact:** 219-980-0010 – her number for consultations; in the central time zone

- For all of us in the listening audience: let our blessings be multiplied, our problems reduced & neutralized in the ether. Ask for it to be demolished so the power is not landing on anyone else.
- Talked about the upcoming eclipses in September: the 13<sup>th</sup> and 26<sup>th</sup> – will affect airplanes and boats, anything on water.
  - California ???
- She says when maple leaves turn upside down and the veins are visible, it's going to rain.
  - Will have some more good weather

**CL:** have had a break in the NE – a cooling and a good rain; refreshing

**AR:** will continue: does not see many more days of really hot days. Those with stock in the utilities have made money this year!

- She's moving to somewhere else in Merriville, IND – will have a huge apartment – a hard decision to make; found she knows people who live there.

**Caller:** to let her know that help is on the way: the high electric bills will be no more

- Dr Keshe is releasing some technology on July 30<sup>th</sup>

**AR:** with the new Mayan year, let's all think more about our bodies: treat them right, especially when it comes to diet – a wonderful time to transition into a healthier diet: more vegetables & fruit.

## **HARD NEWS**

**R:** OMG!!

• Spoke with **Kathryn, Heidi, Tom the Cat:**

- a huge rush to create all kinds of distraction across the planet – from Mr Hair onwards:
  - D. Trump has not bearing on what is going on in the world; he's a clown

**T:** he's in collusion with Mr and Mr Koch: he donated with the Koch bros to host the event in FL

- Looks like what he is doing is to take away from Jeb Bush to focus on Scott Walker

**R:** the 3 shared: all of what is going on has to do with the large distractions that have nothing to do with reality, and everything to do with the downfall of the 13 families

**Greece:** on RT's ticker tape: approved the 2<sup>nd</sup> series of what they are doing: it's about black mail of the highest order: Mr Tspris knows which way the wind blows and it is about Hitler's daughter and the richest country in the EU

## **Reading: 2015-04-07 The EU was HITLER'S idea and it proves Germany WON the Second World War, claims new book [SEE BELOW]**

*THE 'fascist' EU was inspired and designed by the NAZIS and is proof Hitler won the Second World War, an outrageous new book is claiming.*

**T:** asks if they said anything about her going to the world court?

**R:** they said we are watching the very end of the disaster movie: they are trying to hold on to power: not working: they will try to play with the technologies but it will fail.

- They are playing & creating different kinds of anomalies in the sky – there have been allegations they were playing with Project Blue Beam: an anomalous-type amoeba-like bubble, a clear, see-through object over Philadelphia – no explanation for what was seen. The Air Force said they did not know what it was – R suggests they were lying!

• He asked **Tom, Kathryn, Heidi:** they are desperate enough to play with a solid hologram in the sky to take people's attention from other things.

- We have Der Fuhrer, courtesy of the UN, in this country doing systematic ethnic cleansing: Native Americans, African Americans, other people of colour: want to have the 4<sup>th</sup> reich, but it's been cancelled & the timelines have shifted.

• This ancient story of Hitler is failing as people are waking up and have been responding with love and compassion for our brothers and sisters in whatever form they show up

• He has a gut feeling from the 3 that, as we approach the moons' eclipses, it's at the point now – though he can give no date – yet it is at the critical juncture

• everything being discussed and brought into focus including the fiasco in the Senate hearing where the committee members [Ted Cruz, Marco Rubio, Rand Paul] were rude to John Kerry in front of the whole committee – and the cameras.

• the Republicans saying you've been bamboozled; B Boxer got after them & said it was all hooey! They will do all they can to knock it down – and Obama said he would veto

- need a 2/3rd vote to pass.

• lots of **volcanoes going off in Indonesia** -

**R:** a lot of things coming into focus: every single day new stories about ship sightings, people interacting with these beings; people demanding full disclosure

**T:** A Russian billionaire funding some technologies – has Stephen Hawking hired

**T:** moon sightings on the NASA site

**R:** people gathered in the corona of the sun, and **bases on the sun:** the sun is not hot! It is COLD FUSION.

**CL:** asks about a new planet?

- Yes, that sun is a Class G star; the planet is an oxygen, nitrogen atmosphere
- Close enough to earth that it can be seen

**T:** We are not going in an orbit: we are spiraling and we are following the star Vega

**CL:** Fox news just putting all kinds of stuff: the shooter in LA  
there's a stepping up of drama – not sure if this is really happening, or it's just her

**T:** She's right about the stepping up of drama: they know how to do the mind control stuff & using it more and more- it's really going on - because the families are so desperate & the police are doing their bit

**T:** this particular county [in Texas] is one of the worst for racism: the ugliness is going pretty fast – they are demanding that the family send her body back for more examination

**CL:** thought she'd seen a headline on what went down in the jail cell

**T:** plastic bags are contraband, not allowed in any cell, local, state, Fed pen

Yes, it's gotta be an inside job

- Thom put out a 2<sup>nd</sup> video, the one not messed with
- Someone showed Tom how the 1<sup>st</sup> video was altered – cutting out whole sections, showing cars phasing in and out, and other things.

**T:** recorded word for word what was said: Sandra knew the law

the police officer banged her head against the ground until she couldn't feel her arms or her legs & could not hear; said she had epilepsy and the officer was totally out of control

**CL:** he's not on Admin leave: he's doing desk work!

**R:** Sandra's mother was on Al Sharpton's show: it's murder and we'll get to the bottom of it

**T:** Same as Freddie Gray – the damage was done before the cameras went on; they played on the knowledge that she had epilepsy:

- In the astrology about Sept: 1/5th of all the people on the planet will have all their gifts – omnipotent, telekinetic – their aura completely opens up – fully intuitive
- being said by Mystic Momma; Cathy Pagano – the 23<sup>rd</sup>, 24<sup>th</sup> days of a month are not negative – the ability to be able to read the truth is being covered up.
- there was a total solar eclipse in Mexico on 1991, July 11 in Mexico: That time was the beginning of 2160 cycle of the Divine feminine Goddess Virgo energy: we flipped out of the masculine energy. Mahala Gayle said it is completely gone by then! Brand new financial system, brand new governmental system and the old thing is completely gone -from so many different sources!
- The power of our gifts and how we work with them means we can literally move mountains with that kind of divine love & Power; we can align ourselves with that energy; today is the most powerful day [23<sup>rd</sup>] – we've just opened up to the Lions Gate, Aquarian moon – Libra comes in at the end of September- when the moon is in the 7<sup>th</sup> house, and Jupiter align with Mars and peace will guide the planet
- The only thing that can get us out of staturay venue and back to the spiritual constitutional law which is aligned with spiritual law –that's why St Germain said get this done – only NESARA gets this done.

**CL:** what's this timeline?

- Faction 3 will never give a timeline for NESARA: she talked to Dr Carl Johann Calleman last Sunday [on 2013 website, see the photos of the buffalo they saw]; they visited their friend Margo and Calleman is her beloved; they saw a portal which made their hair stand on end!
- Calleman is writing another book: finished one in 2014; **The Paradigm Shift Trilogy Vol 1: The Global Mind and the Rise of Civilization.** A novel theory of our development
- Working on The Paradigm Shift Trilogy Vol 2:

**Reading:** from Chapter 1 of the new book – about what is the mind?

- The true elders of the Mayan calendar would never say there is ever a window – like giving a date for certain things to happen; there is no window at all – there are energies that are building by humans building their spiritual mind field to align with the global, planetary mind field. The other stuff is control mechanism, a way of dumbing down humanity by a few renegade characters who were not invited here.

### **USING paypal**

- A number of folks have put their contribution on automatic, which means Paypal takes money from the contribution. If it is done manually, and it is “for friends and family”, there is no money taken off!
- KOS has set up a system so T &R get the money right away: no 5 day waiting period!
- **DO NOT GIVE UP:** this participation in the global mind field together is the prime mover, the only thing which changes the world!

### **HARD NEWS**

- Dr Keshe will present the off grid technology on July 30 or 31: that does not mean it will happen right away **FIRST THEY HAVE TO BE ARRESTED**
  - THEN THE FULL DISCLOSURE SIMULCAST – ANNOUNCING NESARA publically
  - THEN 120 HOURS OF MATERIAL INFORMATION – no more regular TV programs for weeks on end! Just a constant repetition of the changes happening
- The people on Fox will be gone! It's an all or nothing deal: **EVERYONE WILL ARRESTED AT ONCE: THE 100S OF THOUSANDS IN THE SHIP PRISONS PLUS ALL THE REST - A HUGE OPERATION** to frog march them to wherever they have to go
- The astrological statement that **20% of the human population will be awake** to the unity consciousness and to the mind field of the 5<sup>th</sup> and 6<sup>th</sup> dimensional wave frequency is a big deal
  - the American mindset has been more seriously programmed than most – the people who do not live in the west know more about it than the people who live here
- **NEVER GIVE UP!!!** 888-429-5471 We are the changers as well as the changed! There is no one else out there!

**R:** brings up the book called **The Fourth turning: the Heroes and the Prophets** –

- Bernie is one of the prophets & is speaking to the millenials who are the heros who do not want the same old fiasco called Hitlery! Bernie is a prophet saying let's change this!
- He is being pushed by the BlackLivesMatter people and is moving in a direction to specify

some policies

- T:** the reference is to the last event with 13,000 people present – O'Malley and Sanders on stage
- The presenter invited members of the Black Lives Matter Movement to come up and address the speakers; they wanted a specific program for handling the racism in this country and for it to be rectified – which neither of them had; NOW Bernie is working on this
  - Bernie started as a mayor, then a rep, then a Senator – barely any black people in VT, VT is very progressive even though there are lots of red necks who go hunting.
    - New Hampshire [life free or die!] is no Vermont: have the most disgusting gov in the country – they are super red necks
  - All of Bernie's other policies: **we** need to realize that the racism in the US is way worse than anyone has been able to put their teeth into; now that people have the technology to record things - the police officer [Sandra Bland case in Texas] was ticked off because she was recording everything he was saying: she asked him for 15 – 20 minutes why he was arresting her and he lost control – Sandra said she did not have to step out of her car, and the officer kept shouting and then he opened the door and she said he did not have the right; he shouted "step out." Then he opened her door and she said he did not have the right – I do have the right; step out or I will remove you – and she said I step out and I am removed for what???

### **Sandra Bland autopsy report results released**

Today some results were released in the official autopsy for Sandra Bland, who died in a Waller County Texas jail cell, apparently hanged to death, three days into her incarceration.  
Duration: 6:45

2015-07-22 [All In with Chris Hayes](#) [THE CONVERSATION IS PRINTED ON THE SCREEN]

### **Sandra Bland dashcam video released**

The dashcam video of the arrest of Sandra Bland, who died three days later in a Texas jail cell, hanged to death, has produced an instant debate about whether her arrest was lawful and proper. Duration: 14:53

- A state cop with 36 years said to Chris he had no right to say he was giving a lawful order!

**T:** talks about the videos and the discrepancies of time – one had 49 minutes; the 1<sup>st</sup> had 52 minutes – how come? And the cars were disappearing!

**R:** talks about the DHC – there's a special type of DHC that is lawful in Chicago to help control epilepsy

**T:** a given that police officers answer to Der Fuhrer – and young cops learn they are loyal to their fellow officers – and getting together with the prosecutor and taking it to a Grand Jury

- Opens up the book "The Secrets of All Ages" - talks of the encryptions that show Francis Bacon was Shakespeare
  - Look in the Shakespearean plays in which the author says "kill all the lawyers" - he meant it as there is no justice in this country; the whole thing is rigged. Which is why Mahala Gayle said we'd have a new system & it will be divine law.

### **CL: Reading from 2015-07-23 [GLOBAL MASS ASCENSION, SEPTEMBER 28, 2015, AS WAVE-X BOMBARDS THE EARTH!](#) [SEE BELOW]**

- Global Mass Ascension on 23<sup>rd</sup> - 28<sup>th</sup> Sept; also the time when Francis meets Obama
- Pope Francis addresses the UN on Sept 26<sup>th</sup>

- It's more than coincidental that these energies are peaking when the world most powerful religious and political leaders meet – the Vatican is placing itself to ride the cosmic waves.

**R:** CERN – is the super collider in Switzerland; they want to use it to open a portal between Sept 23<sup>rd</sup> to 28<sup>th</sup> & bring in the dark energies – not in the best interests of the people on earth!

**CL:** certain star ambassadors of - the SPHERE BEING ALLIANCE showed up sometime around 2014 – with huge Neptune-sized they formed spheres around the earth and limit

Incoming cosmic energies are having profound effects on human DNA and will trigger major disclosures. Certain Star Ambassadors of the Galactic Federation stationed on Earth on earth have already been appointed as delegates to a group of extraterrestrials called the Sphere Being Alliance. The Sphere Being Alliance showed up some time around 2012-2013 with huge Neptune- sized spheres that formed frequency shields around the solar system and the sun. One of the major functions of these spheres was to regulate the amount of cosmic energy coming into our solar system and the earth so humanity could better integrate it and prepare for major changes.

The Sphere Alliance has been mostly focused on the energetic changes occurring in our local star cluster because of the area of the galaxy they are entering. They have been using the many thousands of cloaked spheres that are equidistantly spread out across our solar system and neighboring sol systems (electrically connected in the "cosmic web" and natural portal system) to buffer and diffuse incoming tsunami waves of highly charged energy that change the vibratory state of space/time, energy and matter to cause it to raise to a higher state in the "density spectrum".

Among the changes that will be triggered by incoming cosmic energies is the release of information concerning advanced technologies, secret space programs and extraterrestrial life in what goode has described as a "full disclosure event." goode announced on saturday that these neptune-sized spheres are about to leave our solar system since they have achieved their primary function:

The "spheres" seem to nearing the end of their purpose as they are also beginning to buffer less and less of the energy, thus allowing more and more to enter into the inner sol system and directly affect the sun, planets and human beings that are so easily put into trigger mode by these energies. At some point, the spheres will be gone and we will fully be considered a 4/5th density transition civilization. There are, of course, quite a few other events that will be occurring before this last event leaves us standing on our own finally.

At 11:11 AM on 9/28/2015, WAVE X will bombard the earth with photon-gamma light particles traveling past the speed of light and an instantaneous DNA change will occur. The beings whose internal Schuman resonance is stabilized at 17 Hertz or higher will be propelled into the 5th Dimension!

The number of beings projected to ascend by 9/28/2015 is a little over 2.3 billion and the exact number depends on the collective consciousness of humanity to manifest how the changes will play out. Cosmic energies are peaking and that the "spheres" are buffering these less and less. All this suggests that late September may well be a time where a cosmic energy spike causes significant changes in human physiology, thereby triggering a mass ascension of light beings who have raised their frequencies to a high enough level of self love!

The date 9/28/2015 is known as the "EVENT HORIZON" and is the most important day in the history of humanity! It is not the end but the beginning of a mass global ascension from beings vibrating in upper 4D into 5D. Your real work will begin on this date as you will need to hold even more light in the body to assist the rest of humanity in their ascension!

**T:** yes, it's powerful because it is really happening!

The event horizon is Sept 28, 2015

**T: Carl Boudreau concurs with every single word of this**

**R:** the sphere people are the blue headed avians, the hawk-headed Horus folks; there are other bird tribes on the planet + the lion people + the good reptilian ones from Nibiru. This is also tied in with other star ships and the Ashtar Command ships

- these ones are already in our skies: if they de-cloaked, they would blot out the sky – not to scare folks, but to let everyone know that the dark ones are not going to get off the planet or get away with anything!!!

**CL:** when the ascension waves come, they lift up our body and we need to clear as much as we can

**T:** Mother has been extending the timelines, as there has to be an equilibrium, being able to meet each other no matter where our opinions lie.

- Yom Kippur is 23<sup>rd</sup> Sept, also the autumnal equinox
- 24<sup>th</sup> Francis is around; 25<sup>th</sup> will talk to UN
- Netanyahu trying to get here at the same time: these guys have lost
- Suchas : a harvest festival with an outdoor trellis that roses grow over – a celebrate the reaping of the harvest
- on week before 23<sup>rd</sup> is the international day of peace
- Sept 14<sup>th</sup> - Rosh Shosana
- Lots of energy focussed around traditional days too.
- **The Troika HAS NO MONEY**; THEY ARE STEALING ALL OF GREECE'S NATURAL RESOURCES, THEIR ISLANDS, THEIR PORTS, THEIR UTILITY CORPORATIONS, THE PEOPLE'S PENSIONS, THEIR HEALTH – 40% of the kids are malnourished as if they come from Yemen or somewhere - IT'S MASS GENOCIDE! They are stealing their assets and feeding back to them everything that they were paying into! This has been nothing but a broke place for a long, long time.
- Nothing but fear feeding into the people and this awakening is creating people completely without fear!
  - When a 28 year female is murdered in cold blood by our so-called protect and serve police officers: **everyone is irate** – Listening to the Thom Hartmann show. AWARENESS HAS BECOME OF ITSELF!

**CL:** what would it look like, feel like, as the villains in high places get arrested?

- It's a simulcast: force fields come down from the trillions ships along with the Sovereign Militia Forces of the Ashtar Command
- It's mind-boggling what CL read – the mind field is there, and the people are with it – every day is now 6 hours in the time that we are used to – WOW! That's fast . . .
- the people are cognizing this and moving with it & these guys trying hard to go in opposite direction
- She sees failure in what they are doing: in VT, all GMO foods will have to be labelled in their state as per their local legislature
  - TODAY the republicans passed a counter law that said you cannot make such a law at the state level.
  - They are banking on the TTP, and the more they push for TTP, the more people say this is not happening
  - There will never be anyone in Viet Nam making 78 cents an hour doing their labour for them
- It is so interesting that so many people and major corporations are divesting themselves of the fossil fuel companies [stocks] and Dr Keshe says we have an off-grid technology so you don't have to pay for TV, Phone, any electricity – this takes down all these corporations
  - and the Koch bros will get their marching orders same as the others; AND also ZERO in

their bank accounts

- and 1/2 million will be executed: this is written in stone & shows how far over the line it has gone; it is obvious they have proven to us they are not willing to change – they have been not human so they will be deleted from the program; it will be a painless death.

**CL:** gets notices on her phone so she knows what's going on: we need to keep our daily commitments about keeping our energies up; this will affect us deeply on the physical level not to mention the ascension level

**R:** kind of comical, yet tragi-comical: these people know how dark their energies are -

**T:** Thom Hartman is beside himself: every other sentence is "This has got to stop!" - like he does not know how to bridge that gap!

- **it's up to us to maintain the balance.**

**Yemen:** the world food program is hoping to provide more food to Yemen this month

- they are on the verge of a complete, total famine: they need security so they can bring in supplies by ship as well as access over land so those in need get the assistance
- A ship was able to dock in Aden: first time since the Saudi-led airstrikes began last March

**Ghana:** the dolphins being caught en masse to feed the people who are suffering from hunger

- sharks getting caught for their fins, considered a delicacy in China – fins cut off, sharks dropped, alive, back into the ocean to die an awful death – 100 MILLION SHARKS A YEAR!
- The practice of finning is particularly brutal.
  - The spaghetti-like structure in the fin is believed to be a delicacy and to have medicinal properties – not so. [Krill oil takes away the nutritional food for whales.]
- There's a domino effect when sharks are taken out of the eco-system; sharks have been on the planet for hundreds of millions of years; have survived 5 significant extinction periods – numbers being reduced beyond their ability to keep up
- Sharks are the peak of the animal life in the water – like the wolves of the parks – integral to the environments.

**Al Jazeera:** low birth rate; how much in danger are they?

- A lot of game fish are targeted – like a tuna fish – reproductive window can be from 2 years to 5 years.
- There are some shark species do not reproduce until they are 80 years old!
- The Average age is 20 years old. So we are harvesting species before they have had time to reproduce
- 75 Million to 11 million per year – there are laws out there to protect them yet what else can be done

Need awareness; attitude; action

- In 2014, there were 72 shark attacks -
  - the suffering that is happening to the ecosystem is not worth the price of a bowl of soup!
  - T had a friend in Hawaii who would go swimming at Little Beach with Leopard sharks – never touched her: a navy kid who travelled all over the world with her family: the love of her life was to swim with all kinds of animals, including sharks. Could stay under water for 3 minutes.
- Believes the galactics are assisting us with the energies pouring in – we are the caretakers of this planet and the eco-systems

**Noam Chomsky and Al Jazeera on the Nuclear deal with Iran. 2015-07-22**

<http://america.aljazeera.com/watch/shows/live-news/2015/7/noam-chomsky-what-exactly-is-the-threat-of-iran.html>

**AJ:** Did he feel the nuclear deal was a good one?

**NC:** why is the deal even being pursued? What exactly is the threat of Iran?

- The deal does constrain the Iranian threat – yet what is that threat?
- India has an enormous nuclear weapons system supported by the US.

**T:** For the last 30 years +, **Iran has had 12 nuclear weapons.**

**T:** further in the interview, ref to US gov't: IT IS HILLARY ACTING FOR THE 13 FAMILIES.

**AJ:** What are the options?

**NC:** Recognize our enormous role in creating ISIL

- Why is it gaining popular support – and it is! See NY times – offers something to the Sunnis that fills a hole for them. Cannot kill an ideology
- The force on the ground is countering ISIL – it is IRAN!!

**PLEASE LISTEN TO ENTIRE INTERVIEW TO GET MORE DETAILS RELATED TO THE DEAL**

Chomsky does a great job with the interviewer!

THE 'fascist' EU was inspired and designed by the NAZIS and is proof Hitler won the Second World War, an outrageous new book is claiming.

Adolf Hitler originally came up with the plan for the EU, the book says[GETTY]

"The Nazis wanted to get rid of the clutter of small nations which made up Europe and their plan was quite simple. The EU was Hitler's dream." Daniel J Beddowes and Falvio Cipollini

**'The EU: The Truth About The Fourth Reich - How Hitler Won The Second World War'** argues the single currency, the free market and even the phrase "United States of Europe" were all dreamt up by high ranking Nazis, including the Fuhrer himself.

It also claims the only country which benefits from the EU is Germany - just as Hitler planned.

A spokesperson for the Liberal Democrats - which its leader Nick Clegg describes as the "party of in" when it comes to the EU - dismissed the authors of the book as "peddling outlandish myths".

The book, co-written by Daniel J Beddowes and Falvio Cipollini, says: "What is the EU for? Who really benefits? And the answer is of course Germany.

"It is no coincidence that just about every country in the European Union is getting poorer while Germany continues to get richer and richer.

"We may think we won the Second World War. But we lost. It is no surprise that we are all living in the Fourth Reich.

"Knowingly or not those who support and defend the European Union are supporting the Nazi legacy."

Under a chapter heading 'The EU was inspired and designed by Nazis', the authors claim: "Hitler was the man who gave bones to the dreams first expressed by Charlemagne and Napoleon but the finishing touches to the EU as we know it were put in place during World War II by a man called Walther Funk, who was President of the Reichsbank and a director of the Bank for International Settlements.

"It was Funk who predicted the coming of European economic unity. Funk was also Adolf Hitler's economics minister and his key economics advisor."

It continues: "The Nazis wanted to get rid of the clutter of small nations which made up Europe and their plan was quite simple. The EU was Hitler's dream."

The book argues it is no coincidence that the EU is so close to Hitler's plan for post-war Europe.

According to the authors: "In 1945, Hitler's Masterplan was captured by the Allies. The Plan included details of his scheme to create an economic [integration](#) of Europe and to found a European Union on a federal basis.

"The Nazi plan for a federal Europe was based on Lenin's belief that 'federation is a transitional form towards complete union of all nations'.

"It is impossible to find a difference between Hitler's plan for a new United States of Europe, dominated by Germany, and the European Union we have today."

Hitler's Propaganda Minister Joseph Goebbels would have been proud of the BBC, the books says [GETTY]

The book also claims Conservative Prime Minister Ted Heath - "a self-confessed liar and a traitor" - was paid £35,000 to take Britain into the European Economic Community in 1973 and Nazi Propaganda Minister Joseph Goebbels would be proud of the BBC's support of the EU.

The final part of the book lists "73 things you ought to know about the EU (Facts the BBC forgot to tell you)".

In amongst concerns about immigration and the Common Agricultural Policy, the authors argue "The EU is making DIY illegal", "EU law forces pig owners to apply for walking licences" and "The EU wants to control the music you listen to".

It also claims: "The EU has forced us to use light bulbs which are more dangerous and more expensive than the old ones.

"The first problem with the new EU light-bulbs is that the light produced by them is so poor that

people have difficulty seeing where they are going - let alone being able to see well enough to read or work."

Edward Heath in 1974 [GETTY]

According to the book, European Commission vice-president Viviane Reding crystallised "Hitler's dream, Hitler's words" earlier this year when she "called for a 'true political union' and a campaign for the European Union to become a 'United States of Europe'."

A Liberal Democrat spokesperson said: "People have been peddling outlandish myths about the EU for decades and this book is an example of that. Some of the suggestions made are completely ludicrous. Winston Churchill called for a "United States of Europe" and I doubt the author would call him a Nazi.

"The Liberal Democrats want Britain to stay in the EU because we are fighting for a stronger economy – fighting to defend millions of British jobs which are linked to our trade with the EU.

"Being in Europe gives us more strength when negotiating trade deals with global players on the world stage."

It is not the first time the EU has been described as a German plot to take over Europe.

In 1990, Cabinet Minister Nicholas Ridley - a close ally of Margaret Thatcher - was forced to resign after he described proposed Economic and Monetary Union as "a German racket designed to take over the whole of Europe" and said that giving up sovereignty to the European Union was as bad as giving it up to Hitler.

The earth is moving into a region of the galaxy that is leading to increasing cosmic energies impacting our sun and altering human DNA. It is predicted this will lead to many changes in human society including major disclosures of advanced technologies, secret space programs and extraterrestrial life.

**Here are some startling predictions about these incoming cosmic energies and their impact:**

An acceleration and heightening of electromagnetic energy from the sun and other cosmic energies that will build especially from late August into late September that will cause, circa 28 September, what is described as a 'frequency shift' in consciousness.

An evolutionary changes emerging from world shaking disclosures as a result of the incoming cosmic energy he describes as a 'WAVE X':

We are going to experience a "wave of evolution. What we're about to find out on a major level, unheard of in history at a mass scale, is the true answer of 'Who are we?', 'Where do we come from?', and 'What is our purpose?'. The planet is going to take off in such an incredible ways."

The Jade Helm exercise that began on July 15 and runs to September 15, is really aimed at gaining intelligence about the effects of the incoming cosmic energies in order to better manage the changes it triggers in humanity:

This exercise is very much connected to the frequency shift whereby the lower states where the exercises are being carried out will be experiencing a higher frequency field in July and August – the purpose being of learning from and managing the resultant effects on the population there before it heightens further in the upper states into September.

The U.S. Intelligence community is aware of the potential effects of the incoming cosmic energies and is taking steps to manage this. The U.S. Intelligence community is very likely not the only global entity aware of the incoming cosmic energies that is taking steps to manage this.

A frequency shift will occur in the 23-28 September time frame is very significant. This is also the time that pope francis will be meeting with the president at the white house (Sept 23) and speaking before the U. S. Congress (Sept 24) and there will be an attempt to use CERN to deflect this massive incoming energy wave. To cap it all off, Pope Francis will address a gathering of world political leaders at the UN general assembly on Sept 25. The vatican's own intelligence service is also very likely aware of these incoming cosmic energies. It's more than coincidental that, at the same time that incoming cosmic energies are predicted to peak on the planet, that the world's most powerful religious and political leaders meet. The vatican appears to be aware of incoming cosmic energy and the powerful transformative effect it will have on humanity, and is placing itself to ride the cosmic wave, so to speak.

Incoming cosmic energies are having profound effects on human DNA and will trigger major disclosures. Certain Star Ambassadors of the Galactic Federation stationed on Earth on earth have already been appointed as delegates to a group of extraterrestrials called the Sphere Being Alliance. The Sphere Being Alliance showed up some time around 2012-2013 with huge Neptune- sized spheres that formed frequency shields around the solar system and the sun. One of the major functions of these spheres was to regulate the amount of cosmic energy coming into our solar system and the earth so humanity could better integrate it and prepare for major changes.

The Sphere Alliance has been mostly focused on the energetic changes occurring in our local star cluster because of the area of the galaxy they are entering. They have been using the many thousands of cloaked spheres that are equidistantly spread out across our solar system and neighboring sol systems (electrically connected in the "cosmic web" and natural portal system) to buffer and diffuse incoming tsunami waves of highly charged energy that change the vibratory state of space/time, energy and matter to cause it to raise to a higher state in the "density spectrum".

Among the changes that will be triggered by incoming cosmic energies is the release of information concerning advanced technologies, secret space programs and extraterrestrial life in what goode has described as a "full disclosure event." goode announced on saturday that these neptune-sized spheres are about to leave our solar system since they have achieved their primary function:

The "spheres" seem to nearing the end of their purpose as they are also beginning to buffer less and less of the energy, thus allowing more and more to enter into the inner sol system and directly affect the sun, planets and human beings that are so easily put into trigger mode by these energies. At some point, the spheres will be gone and we will fully be considered a 4/5th density transition civilization. There are, of course, quite a few other events that will be occurring before this last event leaves us standing on our own finally.

At 11:11 AM on 9/28/2015, WAVE X will bombard the earth with photon-gamma light particles traveling past the speed of light and an instantaneous DNA change will occur. The beings whose internal Schuman resonance is stabilized at 17 Hertz or higher will be propelled into the 5th Dimension!

The number of beings projected to ascend by 9/28/2015 is a little over 2.3 billion and the exact number depends on the collective consciousness of humanity to manifest how the changes will play out. Cosmic energies are peaking and that the "spheres" are buffering these less and less. All this suggests that late September may well be a time where a cosmic energy spike causes significant changes in human physiology, thereby triggering a mass ascension of light beings who have raised their frequencies to a high enough level of self love!

The date 9/28/2015 is known as the "EVENT HORIZON" and is the most important day in the history of humanity! It is not the end but the beginning of a mass global ascension from beings vibrating in upper 4D into 5D. Your real work will begin on this date as you will need to hold even more light in the body to assist the rest of humanity in their ascension!

God-Speed to all great beings of light!

2015-07-22 **AG Lynch Announces Federal Hate Crime Charges Against Dylan Roof**  
[Full Presser]

*'Racially motivated violence such as this is the original domestic terrorism'*

---

"We are here today to announce that a federal grand jury in South Carolina has returned a 33-count indictment against Dylann Storm Roof, charging him with federal hate crimes and firearms charges for killing and attempting to kill African-American parishioners at Emanuel African Methodist Episcopal Church in Charleston, South Carolina, because of their race and in order to interfere with their exercise of their religion.

"As set forth in the indictment, several months prior to the tragic events of June 17, Roof conceived of his goal of increasing racial tensions throughout the nation and seeking retribution for perceived wrongs he believed African Americans had committed against white people

"To carry out these twin goals of fanning racial flames and exacting revenge, Roof further decided to seek out and murder African Americans because of their race. An essential element of his plan, however, was to find his victims inside of a church, specifically an African-American church, to ensure the greatest notoriety and attention to his actions.

"As alleged, Roof set forth the evening of June 17, 2015 to carry out this plan and drove to the Emanuel African Methodist Episcopal Church in Charleston, South Carolina, known as "Mother Emanuel." Mother Emanuel was his destination specifically because it was a historically African-American church of significance to the people of Charleston, of South Carolina and the nation.

"On that summer evening, Dylann Roof found his targets, African Americans engaged in worship. Met with welcome by the ministers of the church and its parishioners, he joined them in their bible study group. The parishioners had bibles. Dylann Roof had his 45 caliber glock pistol and eight magazines loaded with hollow point bullets. And as set forth in the indictment, while the parishioners of Mother Emanuel were engaged in religious worship and bible study, Dylann Roof drew his pistol and opened fire on them, ultimately killing nine church members.

"As you know, the state of South Carolina is also prosecuting Roof for the murders, attempted murders and firearms offenses he is alleged to have committed. We commend the state authorities for their tremendous work and quick response. It is important to note, however, that South Carolina does not have a hate crimes statute and as a result, the state charges do not reflect the alleged hate crime offenses presented in the federal indictment returned today.

"The federal indictment returned today charges Roof with nine murders and three attempted murders under the Matthew Shepard and James Byrd Hate Crimes Prevention Act. This federal hate crimes law prohibits using a dangerous weapon to cause bodily injury, or attempting to do so, on the basis of race or color. The Shepard Byrd Act was enacted specifically to vindicate the unique harms caused by racially motivated violence.

"Roof is also charged with nine murders and three attempted murders under a second federal hate crimes statute that prohibits the use or threat of force to obstruct any person's free exercise of

their religious beliefs.

"Finally, Roof has been charged with multiple counts of using a firearm in the commission of these racially motivated murders and attempted murders.

"For these crimes, Roof faces penalties of up to life imprisonment or the death penalty. No decision has been made on whether to seek the death penalty in this case. The department will follow our usual rigorous protocol to thoroughly consider all factual and legal issues relevant to that decision, which will necessarily involve counsel for the defendant Roof. In addition, consultation with the victims' families is an important part of this decision making process and no decision will be made before conferring with them.

"The family members of those killed at Emanuel AME and the survivors were informed of these federal charges earlier today.

"I also note that this indictment contains allegations and is not evidence of the defendant's guilt.

"This federal grand jury indictment follows an announcement I made on June 18, 2015, that the Department of Justice was conducting a hate crime investigation into the shooting incident at Emanuel AME. Immediately following the shooting, experienced prosecutors from the U.S. Attorney's Office in South Carolina and the Civil Rights Division began working closely with the FBI, ATF and state and local law enforcement officials including the South Carolina Law Enforcement Division – or SLED – Charleston Police and the Solicitor's Office for the Ninth Circuit of South Carolina, in thoroughly investigating these crimes. I would like to thank the many state and federal law enforcement officials for their dedication and hard work to ensure that this investigation was conducted thoroughly and expeditiously. I would also like to thank South Carolina U.S. Attorney Bill Nettles for his and his office's tremendous efforts on this case, as well as the dedicated attorneys from the Civil Rights Division.

"In particular, I would like to thank Charleston Solicitor Scarlett Wilson for being such a cooperative and effective partner in this matter. We have a strong working relationship with Solicitor Wilson and her office and we look forward to our continued collaboration as these parallel state and federal prosecutions work their way through their respective court systems."
