Hard News:

T: Robin Williams got laid to rest today

- Gaza/Israel flash point – does not look like they will stop the killing
 - IT IS NOT HAMAS – it is all rigged! Getting paid to make it look like Hamas
 - Yesterday, Israel killed 3 Gazan commanders, and the wife and child of another

R: this has to do with the private corporations who have hired goons -

- Mike Papantonio tells a story about a female soldier who was gang-raped by Kellogg, Brown and Root mercenaries.

R spoke to **KOS, Rev Al and Elizabeth Warren** – it all looks like the darkest night ever! It is part of the Matrix – Mother's wayward children are skin walkers – aside from the 64 good members, the rest have to go to the Dark Rift

- Ted Cruz still wants to have a bazooka in his backyard; the police are militarizing because they are afraid that when the people find out they are not humans, but skinwalkers or reptilians – and that what they have done is beyond this planet, they will be treated as they have treated the people.

R: There is also the question of disclosure

- there is all kinds of crap they want to pull out all they can to stop full disclosure –

- there are things happening which has to do with that; what is also being played out is the ancient archonic energy which is at an all time high;
- what is also here are frequencies which are so high, they cancel the archonic energies

T: Rev Al and E. Warren said the dark ones are afraid the people will find out they are skinwalkers [the native American term, or the serpent race is the Hindu term for them]

- **KOS behind the scenes:** Christine Lagarde, Paul Wolfowitz, Lindsay Graham, the 14 treasonous members from the Caucus Room - and all 3 of our spokespeople – if you saw a session of congress as Tom the Cat sees it, it looks like an episode from **Men in Black** -
- all their activities are geared towards creating a situation, most likely in Ferguson

T: Charlie Wrangel [**CW**] called R on Tuesday and said that after Holder came to Ferguson, all would change [And something HAS changed, yet it does not feel good that things are not being dealt with]

- Whether folks know it or not, we have had the gestapo in place since 9 11; the Patriot Act was enacted with only Russ Feingold voting against it
- Charlie trying to say there are a lot of good people in Congress; they were threatened with death if they voted against it – except Russ Feingold who was not part of that process

CW: heads will roll for what is going on in Ferguson; it has to do with racism

- you will see the return of the Empress of the Moabite Aboriginal Nation – T was wondering about this so she called **Grand Goddess Lillie** to find out about this.
- Grand Goddess Lillie: even she would not take that position, as it is not a clear position – the previous Queen wrote a book called **The Return of the Ancient Ones**
 - **GG Lillie** said the book was less than it needed to be

T: he's really talking about Mother Sekhmet who is the original goddess of the Moabite nation; GG Lillie thought that was correct – we wipe the slate clean from the past. and start again.

- The only reason people have white skin is because the melanin was drawn out of their brains –
- the elohim / Annunaki did this: folks were abducted, taken to the ships and genetically manipulated; the melanin was drawn out for the purpose of creating a superior race – these were the Annunaki
- **There is no one who is not a chosen one** of the 13 tribes of Israel: does not have to do with the colour of skin, religion, or politics yet this is what they wanted it to be and to make a superior race of white ones
- our original template is aligned with the Goddess Sekhmet, and we must choose.

CW: The Ferguson situation is the trigger point for the end of Jim Crow

R: arrests have to take place first!

CW: yes, and the Reformation Act will be announced soon.

- **Ferguson** has had some really dark stuff going back to the early 1900s
 - Maxine Waters and Dick Gregory were born in Kenlock, which is next door.
 - In the early 1900s, St Louis decided they wanted a segregated neighbourhood so they made Kenlock the segregated neighbourhood
 - There is the Dred Scott decision: the man named in that ruling is buried in this town: he was told he could not bring the case forward as he had no standing, being black: he was only 3/5s of a person
 - The 3rd town is Jennings; people were forced out of Kenlock into one part of Ferguson, and there is another part of Ferguson which is 30% white, is elegant and segregated; huge lawns, wrap-around porches on their homes, etc
 - Ferguson was over 65% white, in less than 20 years, it became 70% black
 - A completely divided town, like two separate places
- Ferguson was also a Sundown Town – if you were black and out after dark, you were fair game for being dead This has been going on for all this time! A slavery line of demarcation.
 - The schools are not aligned – a poor neighbourhood means a poorly sourced school district – this was done on purpose: you've gotta deal with what you have in your town; tough luck!

KOS: Obama is going to take this one over, and **he will change the whole thing!**

Astrology: Annie Rose

- Many challenges will arise in August – after the 2nd blood moon – the one in Sept will show us the culmination of things in MO – does not expect much to be settled until then
- the unfortunate thing with Foley is not the end – similar things will happen in other parts of the Middle East; someone trying to do connect things in Afghanistan with the Iraqian disasters
- Maliki is finally gone; he will not have any type of power – this issue will also be settled shortly
- Thinks the economy will change a great deal; also feels we are going into a segment where we'll be recognized for what we are, our attributes – a lot of fairness will come out things in Missouri
- **The Steel City** – a movie about Gary, Indiana; used to be a beautiful city – now degenerated
 - Thinks there will be a lot of comeback for US cities
 - Chicago – will be coming back in spite of what it looks like now
 - The movie says a lot: not a racial issue – for the people who lived there at the time, it was fine
 - Now more segregated than it has ever been – a great white flight
- We are seeing different classes in both races – the black race has many layers of classification and different levels of cultures and they are understanding a lot more, as are the white people
- President is facing major challenges! He knows what he wanted to do – maybe did not realize how much cooperation he required in the political arena to implement things
 - He jumped into a pretty big pond. What is good for him, is good for us; what is bad for him, is also hard on us. He is also a husband and father – he knows the human side of life, too.
- Does not think that America will become a 3rd world country – thinks the best is yet to come.
- The righteousness we seek in humanity is the right thing to seek,
- The State Trooper [Ron Johnson] is one of our strengths in America, and there are more like him. They will come out.
 - Feels worst about Foley – thinks it has to do with people protesting Americans overseas
 - US may yet have to go back to destroy some of the threats there.
 - Prayers and concern for the people in Iraq and Afghanistan where so many innocents have been harmed. Sees a brighter day coming for those people and for us.
- After this president, we will look at politicians in a different light, not because of race or colour but because of behaviour; there are so many well-meaning people in both races and they will move us along.
- This uprising has made people realize what a great country the US is – there are many groups trying to do the right thing & this group will grow; the bad actors will be banned

T: What we know about Obama and Michelle, they knew it was going to tough – yet the challenges that come up are exasperating to say the least! Dr Norma Malonovich – **We are the Arcturians** – said that this would cause the weeping and gnashing of teeth before it is over.

Guest: Dannon Brinkley

To bring us up to date with his latest publications and his Twilight Brigade

- His Twilight Brigade – growing: there are so many passing or in transition
 - Ch 5 of **Saved by the Light**: - 20 years ago this year – he is right on target where Russia goes, so goes the economy of the world
And now there is BRICS creating a parallel system to the dollare
 - Said people would be moving in droves from Guatamala et al and they are!

- We had a choice after 1975 and the Viet Nam war, and if we stayed doing the same thing, by 2004 we'd be in the same place and in 2004, were in Iraq and Afghanistan
 - The US has positioned itself in world war as opposed to world peace
 - We are in the most exciting times – it will be
- He wrote down 20 years ago that happened to him 18 years before that and as all the things that are happening were what he had predicted.
 - which means that We are powerful spiritual beings – where have we gone wrong?

Saved by the Light – he wrote it in 1999 – Raymond Moody was losing the battle about Near Death Experience: other doctors had all kinds of explanations for what happens, and none of them were correct: it took him 2 years to learn how to walk again after having had lightning go right through him

- The only reason he became famous was because Moody was a medical doctor and was called in to the Emergency room to deal with a hopeless case.

His 2nd project: 10 Things to Know Before You Go – a book that is about to be published

- for people either as they face transition themselves, or they are about to leave themselves

- everyone goes to heaven – hell does not exist
- he knows we are all spiritual beings – what he wrote in the book, 18 years after it happened, is coming true now
- Everyone needs tools; he has been beside thousands of bedsides & has paid attention to what is being said
- Why do people go when we think they should not?
- Says that life is amazingly calm: what is happening is what we brought on ourselves
 - We chose to be here at this particular point -
 - The Divine depends on us
- His heart goes out to the Foley family more than anyone knows
- yesterday he was talking to a kid who got struck by lightning
- he's either teaching others or helping them – helping others is a privilege

MR: Two best things:

- her grandson – came home last night! Hasn't seen him for 1.5 years [she raised him when her daughter died]
- Weather – the drought has been broken by the rain
- a joy to have him on the program
- she spoke at the radionics conference in Ohio, and missed him
- Psychotronics and radionics have become a viable reality
 - we have proven we live in an electrical universe – should have turned and looked at Wilhem Reich's work, and Tesla and others
 - people don't realize that weather is electrical – patents based on electrical current & field frequency
 - the nature of HAARP and cloud seeding with barium; it is about enhancing electrical charges in atmosphere
 - If this is true – which it is! - what is radionics? It is now viable.

MR: have had Judy Beebe on several times: she said to god I want answers! Tesla has appeared to her

- in July she put the energy in a GEM sphere
- They are retrofitting a car that will soon be driven across the country without gasoline

DB: asking her to put her resource page on a website for people to see

- We need to bring this information forward – what we used to believe is no longer true
- Speaks of Gaylord Hieronymous – grew tomatoes using an old radionics device: he was charging the field using the magnetic flux– no fertilizer and no bugs!
- How have we let this pass us when this knowledge has been around for 100 years?

MR: has it not to do with the pharmaceutical companies etc who strangle the funding – we know what has happened, how do we break the pattern?

DB: the pattern will break because we are getting involved in it, and we are talking about it

- everything we used is oil based – petrochemicals in everything
- look at hemp & TMC which is healing brain cancer in Israel with CBDs and THC - & they do not care what American scientists say
- Anything that you make out of petrochemicals, you can make out of hemp

- Take 1/3 of an acre to 1/2 acre, put hemp on it, and you can grow enough pulp in 90 days that would grow in 20 years using regular trees! It is not revolution, but a return of an evolution
 - We just need to be consciously aware of this

- when the senators and congressmen go home and have to face us, they will soon find out really fast where they stand when we unite in the true spiritual nature of what we are

MR: each individual state has to pass the law that hemp can be grown – now up to 13 !

DB: believes that the survival mentality that has been created is a way to keep us from creativity and spiritual development – people becoming aware of this now

- There was \$570 trillion in debt in 2008 – we went to TARP
- the place we find ourselves in derivatives - \$758 trillion dollars in derivatives
- means the system will collapse = 40% drop in value of the dollar; the whole system has to re-align
- look at what and how you own – how will you take care of yourself during the shift
- What will be fun is to have a pharmaceutical company explain electrically, not chemically, how a pill works in an electrical universe!

- He has a lot of confidence in human nature: people are realizing things within themselves & taking action
 - he chose hospice work because they are going where he has already been
 - he serves vets & fights for their rights – draws spiritual strength from that
 - we all need to find something like that – can't get too involved in our own stuff

- says it takes 3% to make the shift – now at 2.5% roughly
 - he likes the show, the folks who call in are ones who participate
- Thinks people are too smart to continue accepting what is going on: he sees the light at the end of the tunnel

T: asks about the numbers – are we close? 3% of 7 billion = 210 million people -

DB: Thinks it's closer to 9 billion, and we are close

said the mid terms will be a revelation – people think the democrats will lose miserably - we'll see some startling information and after that, the next 2 years will be the points of conversion

T: right now, the White Knights are saying the Republicans are trying to cancel the elections in Nov

DB: won't happen – would bring on a constitutional crisis and that would lead to military law

- the Republicans won't stand a chance if they try to cancel an election
- Write your senator & congressman and ask them what the first act they do: they sign the War Powers Act!
- What is affordable health care – the information goes to the Dhs, Doj, DHS, the IRS,
 - Welcome to the plantation, everyone!
 - Sooner or later, it will come about [single payer]
- The battle for the souls of humankind would be fought in health care – when it went to the Supreme Court, he knew it would be OK

CL: wants to see the party system cancelled -

DB: the polarization and partisanship is all planned; there is no mistake – set up so nothing gets done

- watch the "free trade" agreements

- talks about the veterans being homeless and the high number of women vets

T: talks about the women and children sent back to Honduras – they were all killed when they got back

- explains how all this came about – the drug cartels, the gangs, etc

DB: his closing comment is that he loves us all with all his heart and that they feel the love he breathes through the wires!

Hard News

MR: had 174% of the requirement in Colorado to get the question of GMO on the ballot for November!

T: so many good things happening, just does not get on the news!

R: wants to play a clip of 1 minute 26 seconds from **Mork and Mindy!** - may help us understand the mind of Robin Williams

- they were talking about Ferguson and that being the end of the Jim Crow era
 - St Louis decided to have a segregated society at turn of last century
 - started in the town called Kenlock, home town of Dick Gregory and Maxine Watters which shows how far we have come – yet it oozes out in the educational system
 - They gerry mander the districts so the wealthy live in one area
 - then they rig the elections so the votes of the poor don't count
 - the last election, 10 million votes were gotten rid of and yet he still won!
 - He is a person of colour, a brilliant one; even if people don't understand all the different levels, the people are fighting & teaching what we need to teach & fight for

Thom Hartmann: has changed the way he presents things: putting the news into related segments

- for the **economic and labour news:**

- our economy has been suffering since the crash, yet the banks and banksters **\$40.5 billion** is the profits for the 2nd quarter of 2013!!!
- median income for people is only \$ 32, 500
- the banksters gambled with the housing market and when they lost, they got a bail out from the people

- for 3 terms, Bush Sr was in bed with Kissinger and the nazi party – Operation Paper Clip which brings in the Vatican – they brought in the Nazis via Argentinia, and the Nazi zionists were in power in Israel at the same time
- Let's celebrate – the declaration of NESARA only changes the picture a bit: we are responsible for what happens after. We have to work with things at the highest level.

Audio: Thom Hartmann - <http://www.thomhartmann.com/>

- When asked about he started doing this research, he sais that as he went around the country, women kept telling him the biggest source of mercury was **from vaccines**. Took him a while to get up to

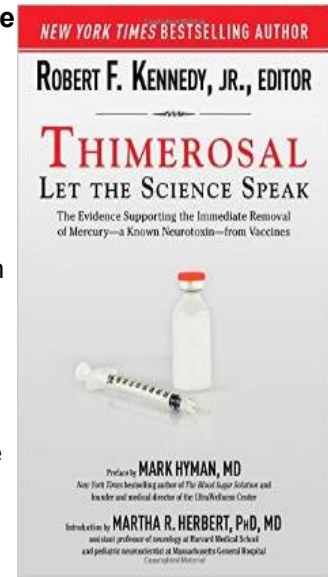

speed and start checking things out!

Thimerosal: Let the Science Speak: The Evidence Supporting the Immediate Removal of Mercury—a Known Neurotoxin—from Vaccines Hardcover – August 4, 2014

From New York Times bestselling author Robert F. Kennedy, Jr., comes a science-based call for the immediate removal of the dangerous mercury-containing preservative Thimerosal from vaccines.

Over a decade ago, following a sharp rise in developmental disorders such as autism and ADHD, the mercury-containing preservative Thimerosal was widely believed to have been eliminated from vaccine supplies in the United States and abroad. However, dangerous quantities of Thimerosal continue to be used, posing a significant threat to public health and leading to a crisis of faith in vaccine safety.

In this groundbreaking book, Robert F. Kennedy, Jr., examines the research literature on Thimerosal and makes a very clear statement about its potentially dangerous effects. In the past, the CDC, FDA, NIH, and AAP, as well as the US Congress, the American Academy of Family Physicians, the US Department of Agriculture, the European Medicines Agency, and the California Environmental Protection Agency have expressed concerns over the use of Thimerosal in vaccines. But despite the many voices calling for action, the media and policy makers have repeatedly failed to adequately address the issue.

Now, with **Thimerosal: Let the Science Speak**, the science supporting the elimination of this toxic chemical from the world's vaccine supplies, and its replacement with already available safer alternatives, is all in one place. Making this change should increase vaccination rates by restoring the trust of concerned parents in the vaccine program—a program that is so vitally important to public health.

[The 2nd part of the interview will be played tomorrow]

T: Rama spoke to KOS, Al Sharpton and Elizabeth Warren

- they all said that while Congress is away, the evil mice are here to play, what they are saying is that they are petrified the people will find out who they are skinwalkers, and what they have done

KOS: justice will indeed be served; this is not over, the cop will be removed in Ferguson; the prosecutor will be proven to be biased and not fit to be a prosecutor

- Obama will step in – has to do with the 3 galactic females he has been talking to
- Has to do with the dark ones wanting to create a disaster & bring in military rule: **this will not happen!!!**
- Time for the Empress to show up [Mother Sekhmet]
- Katar Tec sent R pictures of 2 paschat lions dealing with 2 not-so good characters in Syria – lots of this going on in Syria

MR: this is a listener-supported program and we are invited to help provide that support!

- Lots of small amounts all add up!

Closing: Angelsu
