## HARD NEWS

**Tom and Larry:** talked of fake news going on now about blaming Putin for the election fraud

- NONE OF THAT HAPPENED!!!! It was all of US Black Ops- all the agencies are infighting
- this is a fight to the death: as we move into higher and higher realms, the love, light, peace and joy – what R is seeing from the different realms very divorced from the talking heads- has been explained to R: as full disclosure unravels rapidly it will take precedence over all the other stories
- it is coming in at this sacred time with the eclipse: we'll be able to see the ring around the sun: a fire ring.

**T & L:** all are saying: send more love to all these situations: watching the rapid disintegration –

- same story as Hitler was leading up to declaring himself Chancellor and saying he was divine messenger from the Valkeries
- Trump playing the same card: fake alien invasion, the rapture: just absolute fear stories right now – they are the naked ones now!!!

**R being told:** as full disclosure about all the suppressed technologies, and the goings-on between all the characters: like an episode of the Avengers!!! We are stepping into the realm of messianic, insane ideas from Steve Bannon via Alex Jones! Alex Jones and Trump are binge eating, as used to happen in Rome

- what has happened in the last month: watch sanity leave, and insanity come in, at a grandiose level – Asthar and Sananda have said NO NUKES!
- it's a dangerous story being played here: words have sound and meaning: using sounds in the wrong way will take you out.
- They know how to do that: they created damage to our DNA and that is a great crime.
- Has listened to Wilcock and Corey Goode: talking about gradual disclosure: R says it's happening right f\*\*\*\* now!!! He is watching how so much of the planet is saying that we all want peace and love, no war!
- He experiences in his cells walking with the grandmothers, grandfathers, the elders when they went to the UN in 1978 and 1987, and played the movie: *Life Out of Balance*, as well as *Wizards* – we are watching the out of balance idea now – or maybe Mad Maxx and Thunderdome

• another text message **from The Poppy Lady:**

- talking about depleted uranium, nuclear radiation
- and it is happening to us here, too – there is depleted uranium in all the bullets and in the metal of all the guns. The gun manufacturers used dirty metal to make guns – so the people making them in factories are radiated, as well as the cops – carrying small nuclear reactors around!
- the stuff from Fukushima is all over the country!

**R:** still taking the high road: our light and love is needed now more than ever on this planet –

- latest message from Patti Cota Robles today.

• Story about the feather of Ma'at coming on Sunday with the solar eclipse and the new moon.

- Has to do with the weighing of the heart and soul on one well of the Libran scale, against the feather of Ma'at in the other well of the scale
- That plus the awards – maybe Michael Moore will give a little talk
- we need people with the mission to be a politician to step forward: get into the democratic party and take it over OR get engaged with an organization close to your passion, heart – become a Precinct Captain which is a powerful position because you get to help set policy and such
- **every day** he calls his senator, his rep – what about education? Free education? debt jubilee? what about NESARA?

• Jeff Session – on the record- calling for the death penalty for anyone selling Marijuana

California responded, as did others including Reps and Democrats

**Audio: Thom Hartmann** – talking about medical and recreational marijuana

- had no idea that Sean Spicer was going to say
- and Jeff Sessions, now chief law enforcement officer, has called for the death penalty for those who sell marijuana – chief law enforcement officer of the US !!!!
  - and the guy giving the white power symbol – Steve Miller - used to work with Jeff Sessions
- the Daily Chronicle.net: article that 6 republicans and 6 democrats in California are presenting a law HR 975 in California: will amend the substances laws, prevent fed officials from prosecuting

**Caller:** thinks there has been a behind-the-scenes agreement between the republicans and Steve Bannon/Trump

**Reading: 2016-03-21 How Goldman Sachs Rules the World and Gets Away with It**  
**[SEE BELOW]**

**GET YOUR MONEY INTO A CREDIT UNION: IF IT'S IN A MAJOR BANK, IT WILL BE ALL GONE!**

### **CONFERENCE CALL**

- source of the article above: **veterans today** 2016/03/21 – **See Article Below**

**Ro:** Feb is about the eye of the storm; March is

**T:** it began on Jan 20<sup>th</sup> with a bang; has been growing exponentially ever since

- has no idea of when, but nothing to sneeze at that the feather of Ma'at will be dropped on them

**RI:** everyone take a deep breath!

- sun has moved into Pisces; Mercury will soon do same - changes the energy
- we're already steamed up: our DNA being transformed daily with those energies in Aries
  - now adding to it are solar influences overshadowed by ray of Pisces
  - beyond the other side of Sunday is Neptune, Chiron; they're in the direction of Pisces where the power is
  - it's magnetic and feeling: dance with it!
  - Slow down a bit; uses these energies for assimilation – there is no beginning or end to a circle – they go round and come round: try and relax, it's late winter flowers coming up!
- Don't get frantic – we wanna be in the tail end of winter which is going within and Pisces is the last step: it's the energy of the season!

**T:** always be calm and know that we are god/goddess/All That Is

- there is no other ways to look at it!

**RI:** the best thing he can do is advise us from his particular condition – and he is grateful for his conditions

**T:** an observation: the people have awoken: at the level of the politcos who are up there –

- everyone is getting together and going up to every one of the politicians with a message:
  - Keep your hands off our medicare/medicaid.
- The AG saying about ??, and 6 repubs and 6 democrist saying NO!!!
- On **Cross Talk** today: saying that both Democrats and Republicans, in terms of the party line WANT WAR NOW – AND THERE IS NO CHOICE BUT TO SHUT THINGS DOWN, NOW!
- Continue to assist your neighbours – the ones needing more guidance have a tendency to give way to despair, which is not an option, and they don't realize the depth of the situation.
- We are in the 3 day realm of the solar eclipse

## Goes back to the Reading:

T keeps reminding us of the presence of the White Knights, KOS,

- **from Lyn** [renewableenergyproject.com](http://renewableenergyproject.com) – a you tube

**RI:** the idea is to take the profits from oil and use it for renewables

**Lyn:** the idea is to get the subsidies that oil companies get and use it for renewables

**T:** when all is shut down – every CEO's criminal enterprise and the corporations get the death penalties; will happen all at once, so everyone has a safety net – the elders are here, the galactics, there are technologies in the background, too

- our energies as conscious human beings [working] together is so highly credible and has a power beyond any kind of sinister intention: that is what we do: we love!

- All the great beings, where we are moving - in one direction: they have their thumbs into everything – and Rama promised their friends George Bush's thumbs on a platter

**Lyn:** *e-tech* wants to help – in Utah and India; these ones were involved with the rocket sent up with 104

*MITco lab* – if we can get them involved, will help

- more contacts for us to get more organized with

**T:** People are getting out there now and getting after their representatives -

**Lyn:** most people are against this or that; need to say what they are FOR!!!

**T:** we need PERSISTANCE, not resistance – visualize what can be done and then act to bring in the new paradigm

- Ellen Brown – [www.webofdebt.com](http://www.webofdebt.com) – she will teach us how to create a state bank in every state and divest our money from the other ones – while this is happening, put the money in credit unions – a positive thing to do

**Lyn:** thinks the only positive thing to do is have paid community organizers and develop the various services that are caring and sharing -

**T:** yes, a whole bunch of military fighting another war in Iraq – as we speak right now, the opposition is moving as fast as it can to get ahead of us

- realize that energy follows thought – take back our gov't without violence

**Lyn:** [healthoverprofit.org](http://healthoverprofit.org) - they are with occupy, part of the originals, of the green party groups

**T:** Lee Camp **Redacted Tonight** says very loudly and clearly that Bernie's election was stolen, and it should be Bernie

- BUT Bernie will point to Michelle
- and there is divine intervention for the galactics to move into the arena with us

**Gerry:** his story: today had lunch with a surgeon - anti big pharma, ama – comes from the heart – a unique physician: healed his eyesight in 6 weeks and has cured well over 400 seriously blind people

- He comes from the heart; this is his mission on earth: uses procedures not normal
  - has cured AIDS, alzheimers, you name it
  - uses leeches: Gerry explains something of how it works; the results speak for this
- The doctor has never ever turned anyone down: not talking about things, he's doing it! Not a procrastinator
  - uses stem cells along with the leeches –

- Gerry has lots of considerations here, as he has to find someone to take him for daily treatments

- In response to a question about leeches?

- It takes some time for them to process what they eat, and when it is time for the next application of leeches, they release a certain substance that helps further;
- Gerry is a good subject for this as he still has some vision

**T:** does the dr put the stemcells into his eyes?

**G:** he uses leeches AND stemcells – puts them on the temple – there is no surgery, as the dr is anti this kind of invasion; what the leeches release is a spiritual substance.

Stem cells are icing on the cake; once leeches eat, it takes 3 weeks for them to be ready to use again

**R:** Bill Maher to have Bill McGibbon on next week [360.org]

- with the enactment of NESARA, 6,000 of 60,000 5<sup>th</sup> dimensional technologies and higher will start with healing our DNA – glysohate harms or DNA – autism and alzheimers
- from Thom Hartmann: discovering ways to heal dementia – he has a good grasp of it
  - Thom Hartmann Reports – today’s show
- They are destroying the planet: people not aware that their bodies are being destroyed
  - the energies are going up exponentially and people are coming together
- Darryl Issa is on Bill Maher tonight: Bill is involved in some kind of balancing act.

**RO:** time to sack Goldman Sachs

**T: goes back to the article**

**Ri:** asks about the precious metals scene: time for that cartel to be busted and the true value to show up; as the precious metals go up in price, the market heads towards breaking

- ray of transparency – it’s transparent
- many of us on this call are wizards, shamans: the best we can do is use the allegories and metaphors that come from the heart, realizing that we are a bi-polar situation: energy of the heart and the energy of the head.
  - Both are equally important; they circle around each other and our job is to put them together and create the best result – our spirit job.

**T:** weaving the web of life

**RI:** Arachne was her name!

## **BBS RADIO**

### **MOTHER SEKMET [M/A]**

**2017 - YOUR LIGHT AND LOVE ARE NEEDED NOW! by Patricia Cota-Robles**

**New YouTube:** <https://youtu.be/4bT4mzoX8Vo>  
[www.eraofpeace.com](http://www.eraofpeace.com)

Greetings in the Light of the Most Radiant One. In the Office of the Christ, and only in the Office of the Christ, we invoked the loving energies of St Germain and the Violet Flame.

- Interesting times we live in. All is in Divine Order, as the lady just said: divine messenger Lord Kuthumi, Thoth is here with Horus and all the other divine messengers
  - like she said, it is up to us, and we get by with a little help from our friends, as Joe Cocker said

**T:** have to do something with that Jeff Sessions!

- Jeff Session is a weed in the rose bed that will be picked; a passing cloud that has nothing to do with peace and love, as this rapidly transforms, transfigures; this is 2017, yet 2018 –
  - things are moving right along! It is about this very ancient story of wizards, shamans - the sorceresses, Merlins and Marys; this time we are in is about this magic we all have, the the magic of what’s in the blood – gold dust.

- Her wayward children don't want us to remember; it is inevitable - all of life remembering now
  - the quantum field has kicked in -100,000 monkeys doing what needs to be done! As things rapidly unravel since we are in this 4<sup>th</sup> turning, a great unravelling – not according to Steve Bannon; it's another unravelling about our brothers and sisters, sisters and brothers, who came to this planet long ago, posing/ poser!
- What can She say? It's about love; love will find a way - always - as this divine messenger has just said: we have the greatest of opportunities, now - even in this nano-second, even as we approach the great eye of the sun/ moon eclipse: portals open when eclipses happen, folks show up, intergalactic folks: as she keeps saying – not saying, just saying!
  - Now is the time: the DNA, the mitochondria, the Force is kicking in for everyone
- Use love; do not give into what has been stirred, as the pot boils over;
  - as the stories and the legends go, we are all here. As Ma'at does what she must do - for clarification, semantics if you will: when She speaks of life forms that are going to the Void, it is a natural part of how universes shift and change; stars are born; stars die, as the saying goes – not really what we might say is death: death is millions of years in the process as we can measure it – T: and new ones are born
  - and this takes maybe millions and billions of years, and at this quantum level - to use a word we may grock – how big this is, and our part of this, and we are all part of this great story, as visitors who volunteered to be part of this grand experiment called earth, now full circle –
  - the time is at hand where the energies are right and things are moving into the placement, let's say – as all the ancient unfinished stories about how our world which is not 6,000 years old, yet much older.
- And these life forms call it – . . . funny words to describe how the Force in and of itself creates through that divine compassion of – it is exploring ourselves, as we explore each cell in our temple, each cell is a universe unto itself –
  - we have not even begun to explore this – the greatest gift, the magic of the living energy with the gold dust: the conduit that does the magic
- we are all merlins, wizards, marys – now the Force, in and of itself, is teaching us about these gifts and abilities along with the millenials – who know how to read between the lines, and get it like that – snapping her fingers: quantum light speed helping the heroes and prophets
  - it is about the great transfiguration – no death, yet at the same moment, it is letting go of whatever we may have going on in the moment: be love now. In this NOW, there is nothing, just the NOW. That is the place we gotta get to, in each breath, each inbreath, each outbreath - that NOW moment, as this temple explores the inner wisdom of cellular molecular structure – the electrons, protons, particles – all magic is here: let's use it as this divine goddess said: we have the power, and there are more of us than them.
- And they are us, and they forgot about the Law of One; they chose that path, therefore new universes, new nebulas, new suns . . . it is how in the fall, autumn - the leaves come done – compost, new johnny jump ups, daffodils, roses – need we say any more?

**T:** all the things Mother is alluding to: we've been pursuing as hard as we can, and people are helping as much as they know how to help, and at the moment when this transforms . . .

**M:** when we are looking at such blatant disrespect for life, this is where She must step in and use the scimitar to do what has to be done

**T:** and she [M] has the ability to do that with love: that's the difference between what Michael Ryce says and what they are saying – putting these characters out of their misery

**M:** they have asked to be relieved of the infinite samsara they are experiencing – yet samsara is what we choose; as they have refused to accept love, everything that is not love keeps coming up for them – they cannot go anywhere without their giant armies, their SS; go to townhall meetings and they spout platitudes of empty words: no heart, no soul. We [the people] have the power – do not give them our vote!

- As Mystic Lyn said: we have the power to do this; it is happening on an exponential level

**T:** the lady who was to have brain surgery and ICE took her out of the hospital just before surgery and put her in a detention camp, leaving her to die as she is having convulsions – is someone helping her?

**M:** the angels that need to show up, as we have seen, show up physically, tangibly – it is the life forms that put her there are having a very tough time with life! She will say no more.

**T:** it's heartless!

**M:** we [She] must come and drink that cup of blood wine – umm!

**T:** it's the power of the plasma energy, isn't it? [Yes} We did the water thing with the floods , now it's the fire thing

**M:** It is the energy of Kali, Dirga, Pele, Shiva, Parvati – they come, we all come and cleanse through the transmutation of the kundalini – Gaia, Vywamus – if you can't stand the heat, get out of the kitchen - getting hotter even as we're watching.

- Send more love to all situations. She does not condone the violence in the context of what we comprehend as senseless acts of vandalism that does no one any good.
- The purpose is the right to speak truth to power.

**T:** Today Trump said he was going to expand the nuclear arsenals – was on Democracy Now

**M:** there are archeologists, scientists, mathematicians, quantum physicists like Nassim Harimein and others who, in these moments now, are coming forward to share what is being found by all kinds of countries in Antarctica, and in many other places around the planet that have to do with the stargates and her people that come from Nibiru; they come in peace, in love; they are not an invasion fleet; they come to collect her children who have played for more than 13,000 years on the planet.

- [This was] not part of the plan. Yet, as cosmic law has its way, at this time truth must be shared about the visitors who came a long time with not good intentions – it was about head lights, tail light issues as they escaped their own demons from the Orion War – Karma begets karma, does it not?

- we can heal this in this sacred hour – let's do it, and do it with love.

**T:** it's really imminent now?

**M/A:** it's in your face! As Frangela/Stephanie Miller put it: even republicans have sisters and sons and daughters, brotheres, uncles, mothers, fathers, gay, bi, trans – ET –

- we are all in this together and we do it with love and peace

- Greetings in the light of the most radiant one- kadoish, kadoish, kadoish, adonai, sabaoth Namaste, Mother!

**R:** was sitting on LM Athena's ship; just watching what is unravelling

- LM Athena is here as are legions upon legions of fleets – would humble us to see the guys! It is not a fair fight!!! The dark ones will \*\*\*\* their pants!!!
- It is like – the best way to describe it: what we have been told since the 60s is that these ones come in peace and love; it's not about conquest or war.
- The skinwalkers who have been here for so long are the ones who gotta go!! We have the power!

**T:** we are happy to be here together. All alive and well; time for us to change our tune!

- Thinks there will be profound words spoken at the Oscars – Sunday evening of the eclipse

**R:** may be something shared – it's about the sacred moment of one hand clapping – WE'D BEST BE LISTENING: THE GODDESS IS TALKING AND WALKING!!!

**Audio: Bill Maher**

In this episode of Redacted Tonight, host Lee Camp delves into the twisted and manipulative world of advertising. ... the Bank that Would Be King

**Goldman Sachs are the Untouchables, the elite of the elite, and the privileged 1 percenters, who are above the law.**

### ***Goldman Sachs rules the World***

**They are the power in the Oval Office, where what Goldman says determines policy.** The financial advisors behind the Vatican. The funders of fast track to get the Trans Pacific Partnership Agreement through Congress.

They are the hand that pulls the strings on both the Democratic and Republican nominees for US President, who is just the next “crisis actor” that will sit in the White House, while He Who Would Be King steers from behind.

**Who is Goldman Sachs?** Goldman is a conglomerate of [Investment Banking companies](#) whose shareholders read like a who is who of all the main characters we have come to know in the now [criminal Corporate Fascist West](#), that is without any checks and balances against monopolies, in what once was a thriving, creative and competitive Capitalist system.

### **Philanthropists Rule The World**

**These captains of banking and industry — who sell themselves off as “philanthropists”** as though they were fulfilling the role of divine apostles sent to save the world from itself — do not believe in competition.

TIME Magazine Cover: The New Philanthropists — July 24, 2000

Bill Gates and Monsanto for one. They rule not only within the national borders that spawned them, but in the global economy that they now want to rule with an iron fist in a unipolar New World Order that eliminates all multi-polar diversity and competition.

Take a good look at the front Cover of *Time Magazine* July 24 2000. It looks more like an advert for Joseph Stalin's communist dream than it does for any evangelical "philanthropist."

As Buffet once put it, in this war between the rich and the poor, the rich are winning and the middle class is a threatened, vanishing species. They have robbed the world blind in the last twenty years by slow incremental and imperceptible steps.

**Those who are struggling to pay their bills** and have become trapped in rigged Libor markets (interest repayments); those who have seen their currencies depleted to worthless values; those who have GLD gold paper certificates bought as insurance worth less than toilet paper; and those who have pensions that should have secured old age, but have and will be pilfered.

**The next step will be negative interest rates where banks charge you to keep your money at ever-increasing rates until it becomes unviable and you have nothing left of your salary to even pay your bills — and "bail-ins", where they help themselves to what little savings you have left in this next crisis that is already upon us... as they did in Cyprus, which was a test run. Legalized robbery.**

Now you are well trapped in a debt-based money system that you will have to spend a lifetime paying off, with compounding interest rates, reliant on monopolist corporate industry to provide employment which, in this current crisis, is vanishing by the day. You will be incapable of supporting yourself without some form of social security.

**Let me explain to you how social security works, TTP & TTIP style.**

Take food stamps for example. An investment bank prints the stamps for which it gets paid and makes a huge profit from the government with taxpayers' money. Food stamps are privatized. These food stamps are redeemable from certain stores in which these investment banks have a major shareholding, and they get guaranteed income from the government from tax payers money which ensures their viability. So called social security providing food stamps is a hoax.

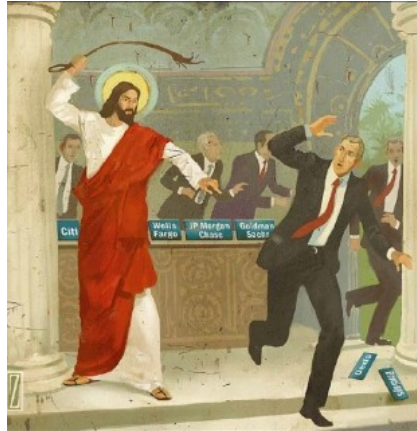

**Or take Health care, the NSH in the UK for example. This is now being handed over to major corporations and privatized who will be paid out by the government with taxpayers' money. These corporations also own major shareholding in Big Pharma, all medicines that they have patents on as well as shareholding in hospitals. The health care insurance companies get paid out and make a profit, Big Pharma gets paid out and makes a profit, the hospitals get paid out and make a profit while health insurance increases and quad ripples and the taxpayers money goes to lining their pockets. So called affordable socialist government health insurance is a hoax.**

Should any government or anybody else for that matter, set up their own systems with taxpayers money for the benefit of the taxpayer and not these corporations which is in any way competitive and better value, under the TPP and the TTIP, they can be sued for laws and regulations and an alternate system that threatens their profitability. This is not socialism; this is corporate fascism on speed.

**How are you going to defend yourself and your family from these financial terrorists? Just asking.**

## Easter

**Den Of Thieves**

**After the S & L crisis twenty years ago**, over 1000 members of this criminal gang were sent to jail. Today the financial elite are above the law.

The Untouchables, Goldman Sachs, who would be king of the world.

We were warned by [Samuel](#) long ago. We did not listen then, and we are not listening now.

In this Easter week, let us remember that 2,000 years ago, another brave soul [whipped these money lenders in the Temple for their iniquity](#) and was crucified because of it.

Today Goldman Sachs sits in the boardroom of the Vatican Bank, a bank that has been used for money laundering, tax evasion, drug running, pedophilia, human trafficking under the banner of adoption agencies and every imaginable abomination that has ever plagued this planet.

Recently we had the murder of Justice Scalia, whom Gordon Duff from Veterans Today has linked not only to a secret society of [Satan worshipers and pedophiles](#), but whom I have also linked to [Opus Dei, the Vatican and Goldman Sachs](#).

Two quotes of relevance:

### **Matthew 4:**

8 Again, the devil taketh him up into an exceeding high mountain, and sheweth him all the kingdoms of the world, and the glory of them;

9 And saith unto him, All these things will I give thee, if thou wilt fall down and worship me.

10 Then saith Jesus unto him, Get thee hence, Satan: for it is written, Thou shalt worship the Lord thy God, and him only shalt thou serve.

11 Then the devil leaveth him, and, behold, angels came and ministered unto him.

## **Matthew 16:**

23 But he turned, and said unto Peter, Get thee behind me, Satan: thou art an offence unto me: for thou savourest not the things that be of God, but those that be of men.

### **The King Has No Clothes**

**"The Veneer of Justice In a Kingdom of Crime"** is an exposé of how it all happened.

In the video they cover:

The veneer of justice in a kingdom of crime

- 1. Background ( March 2010- December 2012)** But for the adoption of Goldman Sach's false legal theories by the Department of Justice, Goldman is guilty of criminal fraud.
- 2. Lessons from the Untouchables (January 2013)** The DOJ doesn't investigate crimes of criminal banks for fear of "collateral consequences." But who determines those consequences?
- 3. The DOJ's Endless Lies to Conceal its Master (February 2013- to April 2014)** The DOJ says regulators determine consequences. This is a lie. "Consequences" is a threat – supreme over the law – from global banks.
- 4. All Hail America's Criminal King (revealed June 2015)** The exoneration of Goldman Sachs reveals America's constitutional republic by a criminal king ruling over his subjects.

The job of the Department of Justice is to protect and defend America from all enemies foreign and domestic.

**Goldman Sachs is a foreign and domestic terrorist far more lethal and insidious than ISIS** ever was or could ever be. A wolf in sheep's clothing that has spread its tentacles across the world like some vampire squid and will suck every host dry and lifeless, and these vampires will never have enough of bleeding you dry.
