## HARD NEWS

**T:** talking about the little boy, his brother and mother from Syria; the picture of his body washed ashore in Turkey; the father is taking the mother and the 2 boys back to their home town in Syria for burial. The aunt of the little boy lives in Vancouver BC and had been trying to get papers to bring them to Canada – had been refused by Cdn gov't – no reason given.

**From Al Jazeera:** a young Syrian lad had escaped Dara in Syria with his sister; 4 days later, he was spotted in a crowd in Budapest, Hungary – the Prime Minister of Hungary is blaming all this on Germany and saying Hungary will close its borders.

- When asked, the little boy said we have to go through Greece, Madedonia, Hungary to get to Germany. The police don't like the Syrians in Greece; the police don't like Syrians in Macedonia; the police do not like Syrians in Hungary

- His message is please help the Syrians: just stop the war in Syria as we don't want to go to Germany!

- We have a job between now and – as there is no better circumstance by Sept 21, even if he needs to do this single handedly, Dr Keshe has said he will – he'll erase the ether of war from the minds of fighting men who will wonder why they are in the field; he will stop ships in the sea and the planes in the air –

- It's a mandate from the galactic realm as we are endangering the entire Milky Way Galaxy.

- It is US Black Ops in collusion with Netanyahu and his Black Ops, and Bandar Bush and his Black Ops – following a nazi program

- WW 2 did not end: there was no treaty to end it, only an agreement: they have continued the war in the form of setting up a system that does not work.

- people are waking up to this fact: on **Al Jazeera** today & in other places around the world: a comment was made that the polity of America have no idea what they are voting for –

- there is an itinerary here with Trump: his parents [mother is a Dutch royal] were Nazis, he is a Nazi; and he's friends with the Gambinos and the Genoa Crime family and into the families in Italy

- At the same moment, WAVE X is changing everything right now

- these are the desperate times of desperate men who know their time is up – are doing such heinous things - to have such a man as Mr Hair running for C-in-C is so ludicrous at this time – where are our morals? Why Bernie

**T:** to put as positive a view point as possible on events, the extremism of America is so extreme, the rest of the world is waking up the US

- she listens to Germany, France and Russia & others every day: their views not so skewed.

- The Russians are insisting they have never been in Eastern Ukraine. Petroschenko & the Nazi Kiev gov't passed a law that gives more autonomy to 2 areas in eastern Ukraine which can now appoint their own police forces – makes sense as they have nothing in common with Kiev: East Ukraine is totally pro Russia as many of their family live in Russia and others live in East Ukraine: the family members from Russia are the ones coming across the border to help their families as their families are getting killed: IT IS NOT A GOVERNMENT ACTION.

- This is the most volatile area on the planet, bar none, as NATO wants to start a nuclear war – this is from Steve Cohen

- Bernie Sanders at the U of Washington on Aug 8 / 15 – 50,000 people attended: he was so on point in every area, working from divine neutrality and bringing in a galactic perspective.

**MR:** message from listener: please explain more about how Dr Keshe has the ability to make the statement that he can fix all this.

**T:** He's got a space ship program, based in Milan, Italy; the Italian people open to him doing this

- there are also things going on in Teran, Iran; he's another Tesla incarnate and then some!
- Thanks to the space ship technology, he has the ability to intervene; the technology is non-linear and only vibrates to peace. Anything not of peace . . .

- And our original DNA template was created by us in the Lyran constellation in the Vega star system in 5<sup>th</sup> dimension as co-creator gods and goddesses, **based in love**. The original template of humanity is based in love.

So the ether of war at the non-linear level **does not exist**. There are only 2 things: DON'T WORRY; BE HAPPY. This is the template of the human consciousness and **War was never in our original DNA:**

- it was genetically changed in our DNA by the Annunaki – they joined Lucifer and, over a long period of time, made those changes to the DNA which went against the Law of One which is do no harm: they did harm because they wanted to create the love of power, as opposed to the power of love

- this is now being reversed: Dr Keshe has the ability with the space ship technology to reverse this without hurting anyone.

- We self-induce harm when we do things that are not in love. All negative emotions are not real: they are in the mind. The Buddha said: pain is inevitable; suffering is optional. This is a choice so it is not going against free will choice to rectify what was done by a foreign invader which is what the reptiles are – yet, at the same time, "they" are "us" – Mother's children are lion people, reptilian people and other beings, all **based in love**.
  - The physical form we are based in now was etheric physical at the time, **based in love and the Law of One**.
  - Yet we did ask for the Veil of Forgetfulness so we would not remember ourselves in the original creation story in its fullest: we wanted the limitation of creating ourselves in the lesser dimension to present ourselves with challenges, tests, decision-making processes so we could exercise free – will choice , with the option of choosing love – yet love was not always chosen
- So we can start over again: the article with the 33 points talks about the Shimitah, a Jewish holiday, which means that every 7<sup>th</sup> year, the farmers left their land fallow except for a part of it for the birds and animals to use - to rest for 1 year; did it every year 7 times. At the 7<sup>th</sup> time – 7x7 = 49 which is the last year of the Shimitah, and on the 50<sup>th</sup> year, there was a debt jubilee and everyone started again. Before the current money system was introduced, this was the practice and custom.
  - It's the Law of Seven and giving the land a time to rest.
  - Keshe has this alignment with that divine law. Democracy Now: the war and peace report, becomes Democrcacy now: the peace report – forgiveness is a part of that story; we can make a decision to be forgiven and make the decision to receive love
- the perpetrators are a different story; they **were not and are not part of this experiment**; they **invaded and changed the rules** so they must be held accountable – she does not know what that looks like in the flow of it.
  - LM Nada, KOS, Tom the Ring-tailed Cat, Larry, Curly and Mo, Lady Di and Dodi – all have said [it was on Aug 31, the day the clone of Lady Di was killed]:
  - the dark ones are going to try and create a fake alien invasion, maybe even with the Faction twoers – might even put some film footage of Lady Di in the sky to get the people to trust their leaders and do what they're told -
  - It's like the psychology of Trump: he's a racist, a nazi who's going to build a wall and is not afraid to be rude
  - **All of these things are programs, completely unnatural**

- Dr Keshe can apply a vibration where everything that is not love is removed, and all that is love remains and lives.

**MR:** this week a lot of things about Wayne Dyer passing; today she received a link about the movie "The Shift" – now available for a short while in memory of Wayne Dyer;  
[www.Drwaynedyer.com/theshift-movie-watch-now](http://www.Drwaynedyer.com/theshift-movie-watch-now)

- Can also read any of his books for \$1.99 from Hay House – <http://amzn.to/11nokhs>

**T:** he contracted leukemia in 2009; thought he went to see John of God and work with the spiritual applications.

**CL:** It was done across the country, as a remote thing

- CL and MR will ask Omena next week.
- The last program MR saw, he seemed to be weaker: he sat down, general vitality less.

**CL:** did the John of God treatment lapse, or was it something else?

**MR:** may have been a healing for as long as his soul needed it – may have been a soul choice to leave when he did

**CL:** he grew up a foster child, like Omena

**T:** he was an alcoholic for a long time: that may have had something to do with it. We do determine what we are going to do each lifetime before we come in

- this dispensation we are in: we can change it [the soul choices]; it is up to us as a collective mind and heart – the issues are on the table for us allow

- **Syrian Refugees:** a couple with their child between them laid down on the tracks because they wanted to go to Germany – there is prejudice against Syrians in all these countries
  - Sam Seder brought this up: the trains, the boxcars, the police – does this picture resonate in any way with anyone ?

**R:** Lady Di, Dodi and the kids are still in the Wesak Valley, with 300 other people.

- Have domed tents with triangluar flaps built into them which are of solar material; there is a black box which transmits the energy from the flaps; they can plug into the black box so any electrical device can work – computers, etc etc etc.
- This community is growing – people who have escaped from Bangladesh, Nepal, all refugees
- they have 8 very large yurts: don't know what they're going to do when winter comes; have been there since Buddha's birthday
- they have material which keeps you warm in the winter with just 2 bodies – can live in very cold places without heaters.

- As for the question about Keshe: he has 3 ft tall technologies that stand in your house and provide free energy: just have to get it here – anyone can order it from around the world.
  - None of it will get into NA because of the bullies [until they are gone]
- The owner of the Fenn Gallery in Santa Fe told Rama he's a White Knight – they bribed him:
  - they took \$300 as a bribe; made him sign a non-disclosure to talk to no one. He has both devices – for the house and the car.
  - The new electric cars are dangerous to drive in because of the concentrated ELF waves in the car; plug the Keshe device into the cigarette lighter and you never need to plug the car in again, AND it diminishes the ELF waves. A regular gas car is on 1/10th of the gas normally used.

**Listening to Nassim:** the entire field of phycis is 100% faulty; now we'll erase this from your memory and start over about the laws of the universe

**Nada, Di and Dodi:** said it's in the basket; China is going down, as the US and the rest of world is going down. Can see it happening in China already. Putin went to China and they have a \$400 Billion deal with China and it looks like Putin's eyebrows are on top of his head as he thinks about the deal! [losing it]

**MR:** on the tv, saw that Putin was at the China celebrations of 70<sup>th</sup> years since the war and winning over Japan

**T:** lost 30% of their market a couple of weeks ago when they did some de-valuing - \$3 TRILLION IN 3 DAYS AND THIS WILL NOT COME BACK

- RUSSIA IS ALSO 30%-40% IN THE HOLE in their markets because of what is happening in the US
- ANYTHING THAT GOES ON THERE IS NO INTRINSIC POWER IN THE SEAT OF POWER: the 13 families are running everything in the US the way they run it [at the moment]
- as Obama gives a pass for drilling in the Arctic, that is the 13 families.
- When he gives a speech: he makes it clear that we are not changing fast enough - she learned that 30% of the markets are free energy in the US and it is not fast enough, because things are changing faster than
  - he's saying that we are guilty of anything that happens to anyone if we do not change this and match how fast we need to go
- the power of love exists and it's real.

### **Transformational Clearing**

**CL** had a clearing 4 years ago and it changed her

- MR asked her to go back to an age when something happened: CL's father was a terrorist who completely frightened her and her 4 sisters: she realized that parts of her inner self get anxious if something is not perfect. She realized when working with Marietta that she had been so damaged due to events with her father that it carried over into adulthood.
- Now she can see clearly that it wasn't her fault, that she can effect change in herself. It was a big piece that was bothering her and is now gone.

**MR:** She and Robert had studied many things; the TR process was literally downloaded to her

- the premise is that we come into this life with all kinds of packets of energies; our job is to get them all together – as we learn, we integrate
  - She might give a caller some dates or years that trigger something – so the caller can think about what was going on at that time, which gives a starting place for the process.
  - There are also angels, guides, all kinds of help present when MR works with callers.
  - She asks for the most appropriate place to begin, and she gets the years from the guides
- She'll come up with a phrase that helps
- Are you ready to integrate and align? There will be a yes or no, more time needed for further integration; MR will ask the caller to give themselves a few days to integrate, too.
- She asks about which chakra needs attention: can feel heat, that something is moving; everyone is different – they sit until that energy quits.
  - Gives an example of one client and her story
- Talks of how she came to be called MariettaRobert: the merging of Robert's energy with Marietta

after he passed.

- They are not Twin Flames, but soul mates.

- Tara brings up stories of what she has known about the merging
- Robert is not held back from continuing his journey because of this.
- MR's son died suddenly – 10 days after he passed, he told MR that he'd be back in the first grandchild which was so amazing, given how fundamentalist he had become.
  - He thought the glass beads used to hold flowers in a vase were new age stuff: he thought she was corrupting his kids by letting them have some of these glass beads which MR called "peace beads" – she didn't see them for 2 years!
- Marietta is offering transformation clearing for \$50 [instead of \$95] until the end of September. And one freebee to someone who has a birthday in September.

### **HARD NEWS**

**T: There is** something about getting to know ourselves better [in reference to the role of transformational clearing]

- it would be very applicable right now in terms of our politics to ask of ourselves "Is that knowing really there?" instead of the other story going on: the difference between the power of love and the love of power – money has been the coinage of this change!
  - transformational clearing would be one way to get ready for the shift.
- Wayne Dyer helped so many people; he was authenticity

**MR:** he helped the general public by being on TV for so long, people who might not attend a workshop

- the last time he was on, the energy was not there; his daughter came on with him the last and 2<sup>nd</sup> last time he was giving presentations

**R:** spoke to no one today.

## INFORMATION RELATED TO THE NOTES

### 2015-09-01 Jedi-like Psychic Training in Secret Space Programs

Written by [Dr Michael Salla](#) on September 1, 2015. Posted in [Featured](#)

Secret space programs train recruits to use enhanced psychic abilities for a variety of covert missions according whistleblower, Corey Goode. In [today's episode of Cosmic Disclosure](#), he describes how psychic abilities are enhanced through the stimulation of the pineal gland. Goode says that the development of psychic abilities and training is very similar to what was depicted in the Jedi training programs in the Star Wars movies. Individuals trained through these Jedi-like programs, can develop powerful psychic abilities that can be used for both defensive and offensive purposes.

Goode described how stimulation of the pineal gland was identified by the secret space programs as the key to personnel developing powerful psychic abilities. He says that after stimulation of the pineal gland, a variety of psychic abilities such as out of body travel and teleportation were developed using what [he described](#) as a person's "light body":

A lot of beings use the pineal gland and their light body to project their consciousness and inner selves to other physical locations and then send that information back through that connection into their physical bodies and then change the vibrations of their physical bodies to match the vibration of the location that they are at and then the body teleports to that location and rejoins the consciousness or what some people are saying are having out-of-body experiences or projecting their minds – a lot of different terminology for what these more advanced beings were doing.

Goode says that part of the training involved visualization of energy spheres that could actually be made physical by the more advanced instructors who could use them as weapons.

Goode's description of the training closely matches what was depicted in the Jedi training found in the Star Wars movies. He describes the training as having elements of both the more positive Jedi philosophy, and the darker Sith practices where psychic abilities were used for destructive purposes. Goode referred to David Wilcock's book, [The Source Field Investigations](#) and said:

These people were the ones that believed very much in the like Star Wars, Jedi, the Force. And

you wrote a book, *The Source Field*. They harnessed what they would call like the dark side of the Source Field or the dark side of the Force, and they were very much into like really the straight out of Star Wars – the Jedi, the Dark Lord Sith kind of magic energy that they pulled from the ether or the universe.

<https://youtu.be/E4hb7NcrJzQ>

Goode's account of psychic abilities being harnessed for both positive and negative purposes corroborates the testimony of another secret space program whistleblower. Michael Relfe, who went public with his testimony in 2000 with publication of *The Mars Records*, claims to have served for 20 years on Mars after having his psychic abilities enhanced through genetic alterations conducted by extraterrestrials. The alien abductions, which occurred during his youth, were closely monitored by the U.S. Navy. In 1976, Relfe enlisted in the Navy and soon after was recruited for covert service on Mars until 1996, when he was age-regressed and sent back in time to 1976.

Relfe says that his psychic abilities were gradually enhanced, through chemical and electronic means, similar to what Goode described in the latest *Cosmic Disclosure* episode. Relfe says that his psychic abilities were first used in remote viewing for espionage purposes, and then for 'remote influencing,' where targets could be manipulated in some way. He finally became an assassin where he used his enhanced psychic abilities for eliminating 70 targets over his 20 year tour of duty that included Reptilian extraterrestrials and synthetic life forms. Relfe described his psychic abilities in a [2000 interview](#), and his remarkable testimony is compared to Goode's in the forthcoming, *Insiders Reveal Secret Space Programs & Extraterrestrial Alliances*.

Goode described the need for psychically grounding oneself in order to fully access the energies from "The Force" coming through the activated pineal gland. He says that grounding was possible through the Earth, the Sun and Galactic Center, all of which allowed one to access more and more of the Force permeating the universe.

There was a grounding aspect mentioned of visualizing yourself grounded with the center of the Earth and also visualizing yourself as an antenna that can pull in and push out energy – this background energy of the cosmos.... The Earth had a relationship with the sun. The sun had a relationship with the local star cluster. The local star cluster had a relationship with the center of the galaxy. The galaxy had a relationship with the local galaxy cluster and so on.

Goode went on to describe how the psychic training involved being immersed in virtual realities where one had to increasingly rely on intuition to win. Psychological profiling was also conducted in order to identify sociopaths who, like Relfe, could be used to perform difficult assignments like psychic assassination.

Corey Goode's *Cosmic Disclosure* interviews continue to unveil deeper layers behind the covert actions of secret space programs. His [latest testimony](#) of the training of intuitive empaths, remote viewers and psychic warriors, using pineal gland activation, is highly recommended.
