Astrology - Annie Rose

Dealing with a dental issue and resting at the moment!

Hard News:

T: would have expected Annie to tell us to hang on to our hats! Things are not going slow!

- The I Ching says this not the time to make major decisions – the lay of the land and the sky is morphing at lightning speed nothing you decide this hour will be the same in the next hour! Go deeper inside and release any judgments, negative emotions, and really house clean

R: everything you know is wrong! **What is right** with this world is that the little story coming across the wires that has the 13 families G-string tied in a knot: a comet being called 67P has some visitors and some buildings

T: last Friday, Francis & the vatican's space agency were screaming around and excited because the rocket they sent up 10 years ago to meet that comet arrived as planned;

- to get the rocket to get the momentum to go so far – they had the comet go round and round the sun, with each move around the sun giving the rocket more speed because it was drawing energy from the sun - until it finally took off and went a long way

R: When you have a craft like the Enterprise, as you get to Warp 9.6, you can go around the sun and project yourself into other time/space dimensions

T: (1) no space program has ever been able to do that before and (2) the comet they thought was a comet is not a comet, but **a starship**

- Earth is a planet & also a starship; those in command are a Divine couple called Mother Gaia and Vywamus
- It appears the motion of the planets is mechanical - NO
- She reviews the **motions of the planets and of our galaxy from a Youtube which shows that**

- each planet has its own pattern of spiral & does not go round and round in circles – each planet is navigated by star beings living inside who navigate each planet like a starship
- Moving in different patterns and spirals, they are following the sun ultimately, the sun is also being navigated and follows the Sun behind the Sun and is following Galactic Centre,
- Then those galaxies following Galactic Centre are following the Lyran Constellation from which we can came; at that point we are at the **Super Galactic Centre** where 27 galaxies converge
- Then this entire Super Galactic Centre with all the stars, suns, etc of the 27 galaxies follows the **Great Central Sun where we came from** in the Pleiades, & Alcyone is the Great Central Sun
- There have been glitches and changes made by the Black Ops, there are programs that are not correct
 - The great central sun is **not** located in Sirius A
 - there is **no central sun** as depicted - it is the **Sun behind the Sun**, navigated by a Divine Couple called by Helios and Vesta
 - In the Hermes Trismagestis Tree of Life, #10 of the 13 points - there is the door of Dot which is a black hole which we now know is a creation chamber where new things [planets, galaxies, universes, stars] are created.
- That little rocket ship went way, way out there!
- Where is that Comet now?

Audio: a 6 minute video

8/11/2014 LEAKED! RAW ROSETTA IMAGES OF ALIEN BUILDINGS ON COMET 67P

Narrator: On Aug 2nd 2014, an e-mail came from an unknown sender; he went to great lengths to make sure he could not be tracked or found – what he said:

There is always a reason for spending the amount of \$ spent

- Rosetta space craft was sent on a 12 year journey to take pictures of a random comet
- reason for sending the images: they are undoctored images & depict the real nature of 67P
 - it is a military reconnaissance mission: **Comet 67P is NOT A COMET!**
 - The signals came from the comet, and the comet changed its trajectory at will
 - The American space agency worked with the European space agency to get close to the object & find out its true nature – touted as a way to find out the nature of one of the objects in space
 - **Comet 67P is not a comet, and people are hiding this!** Whatever this object is, it did not ask to be found and scrutinized and for good reason.
 - There are structures on the “comet”, a disc is visible;

8/11/2014 LEAKED! RAW ROSETTA IMAGES OF ALIEN ... - YouTube

3 days ago ... RAW ROSETTA IMAGES OF ALIEN BUILDINGS ON COMET 67P ... 8/11/2014 - A monumental find comes to Secureteam and viewers around ...

<https://www.youtube.com/watch?v=mlXoLwvzhzc>

8/11/2014 - A monumental find comes to Secureteam and viewers around the world, as new raw images taken from the Rosetta space craft of Comet 67P, reveal the true nature of the "space rock". Stay tuned for updates as soon as we get them!

T: there are literally structures on this space craft – there is writing on the object; an L-shaped structure and other kinds of structure

R: what's going on in Ferguson:

- playing with the eventual story of their version of martial law and taking people to camps;
- something changed in the last 24 hours: thinks Obama got on the phone and talked to the

Governor of MO and told him where the bear sleeps in the woods

T: Last night, they had tear gas, pepper sprays, full on Pentagon-given military trunks and tanks, camouflage, AKAs: all this in the suburbs of St Louis; police sitting on top of trucks with guns on 360* mounts, looking through the scopes and pointing at the crowds

- the Pentagon is giving forces the equipment they brought back from Iraq, Afghanistan

R: talked to Rana Mu and Anonymous 9 ½

MR: heard that they are going to put the State police in charge, city police no longer in charge

T: they will get their heads turned around

Three important things happened today

**(1) Sam Seder's radio program: L M Nada & Sybel Edmonds were on-
the first time L M Nada has been on Radio and she has been in charge of the US since 2007
For her to step into on air time means things are moving fast**

- What is going on in Ferguson is the move to total militarization of the police in the public eye
 - she said the 13 families have been put on notice by the people cleaning house – activities going on around the planet and the galaxy
 - referred to the comet being a craft, with buildings on the surface – the objects look like space debris from a distance, yet the objects on the comet/space ship are not affected by space travel.
 - Not so strange: earth has buildings on it which are not bothered by travelling through space.
 - We are being meticulously observed by our galactic friends who are orbiting the planet in the trillions, particularly from the Vela Section of the Milky Way Galaxy which is where the Constellation Of Lyra and Vega are hooked up
- Individuals connected with the ACIO and other agencies at that level [Wingmakers, etc 45 levels above the president]
 - Called Holder & others of the Justice Dep't and said if you do not handle your goons in Ferguson and across the country who want to play soldier, we will handle them and you!
 - This is probably why we saw such a clean slate in Ferguson [the next day] & the State police in charge

Sybel: there have still no arrests for 9/11 - **the underwear bomber and those in Gitmo DID NOT DO 9 11**

- From the morning of 9 11 onward, Bush, Cheney and that Administration did a coup d'etat around the world

L M NADA: hey are targeting people of colour – she meant **both citizens and the refugees** who are running from major violence and threats of being killed because of the drug cartels in their countries

- Why do we still have a standing army and military bases and why are they poised around the planet with the expectation of going into military action at the drop of a feather?
- Sybel and Nada summed it up: the 13 families are terrified by their own knowingness of the galactics' full presence surrounding the planet – the families and their minions know the good folks of the planet have called upon the galactics to intervene in the planet's development.
 - **NESARA NOW! Said by both of them on air!**

(2) Then Rama got the You Tube [see above]

(3) THEN he called **Anonymous 7 ½** on his private phone: meet me at **Rana Mu's** office

- **Rana Mu** said follow me; they went to the holodeck room; she said “Computer, run program 0001”
- R said the room changed; else; it looked like in a hypothetical, near future scenario as described in Tuella's book **On Earth Assignment**
- Looking at buildings half there, like a war scene; vines growing on the buildings – looked like an ancient ruin with yellow and orange flowers with purple ones dotting the scene

- **Rana Mu:** let's go talk to them
 - 3 large circular platforms with a craft on each; they went to the first one and a boarding ramp lowered
 - there were 10 people sitting around a round wooden dining table
 - had a map of planet earth on the table; did not look like the I AM map or Gordon Michael Scallion's map – more like an interdimensional map – looked like paper, and when you interacted with it, it sprang into life [like the map in the Harry Potter series?]
 - 6 men, 4 women around the table – dressed like the folks in “Cocoon” – elderly, but there was a gleam in their eyes that was magical;
 - as R interacted with the map, scene changed – all the beings became blond, blue-eyed Pleiadian and Sirian beings and explained that this is the kind of scenario that you'll have in the very near future as we get the earth cleared up
 - Then R was back in RanaMu's office with Anonymous in awe that he got to see it a peaceful
 - Asked RanaMu what is the city where we saw vines growing in and out of the buildings? She said it was Tokyo & R has heard stories of Tokyo not being there simply because it is sitting by the ocean
- T:** Did she leave you with that thought form?
R: It is a **hypothetical scenario** – he thinks what he has being told was that as people change their energies and thought forms, you change the world

T: we are going to have a radical interventionist moment in our time/space continuum because the galactics will not let us go there! There will be no bombed out Tokyo!

- Anonymous – the hacker – **named the officer who murdered Michael Brown**; Rama was unable to find the name – it was talked about on one radio program, yet denied on others
 - **What is happening IS MOVING EXTREMELY FAST – THIS IS NO SLOW BOAT TO CHINA!**
 WE HAVE ½ MILLION SUBPOENAS prepared by Eric Schneiderman and Patrick Fitzgerald
PLUS WHAT GEORGE MITCHELL SAID
 - **George Mitchell**, a former senator from Maine, appointed by Barack as Envoy for Peace to the Middle East, since 2009, still in that position
 - he and Rama talked after Tom the Ring tailed Cat hooked them up
- GM:** the 13 families are creating as much genocide as possible before they leave
- Also, in addition to the subpoenas we know about, **there are ½ million special documents** connected with the World Court
 - Rama asked do these papers have anything to do with dealing with the gestapo police force that answers to the New World Order & not the people?
- GM:** The police officers in this country have sworn to something called “Der Fuhrer” of the 4th Reich, a physical thing that is part machine, part human – an enhanced genetically altered mis-creation of [the energy called] Marduk who embraces the Luciferian / Vatican black pope overlord of the 13 families
- The white knights and the sovereign militia forces have these papers in hand: should these ones resist being stopped or arrested, they will be removed according to the highest laws of the land as well as of the galactic law of the Solar Tribunal law
 - These documents are likely similar to arrest warrants to pick up Tony Blair, David Cameron, George Osborne, Gordon Brown & the 4th Reich criminals tied in with the European Union Nazis and their banksters and politicians across the pond
- Even though the members of Congress are away on vacation, Pres Obama has delegated his authority to his White Knight assistants who have seen to it that all members of Congress will be thoroughly vetted & apprised of their circumstances, as contained within these papers.
 - The entire Congress minus the 65 good members have been put on notice, plus the treasonous ones through the panoply of politics and economics: they all know that **NESARA ends these dark times on this planet**

• **NESARA IS ASSURED: NO DATES, NO NUKES, NO FLUKES.**

- Watch the situation in the Middle East as we will see our galactic brothers and sisters show up and stop the violence; they will have technology to stop everything in its tracks
 - The people will learn of the Black Ops behind the genocide in the Middle East, and will learn the full story from the galactics and, on the 3rd dimension, from the whistleblowers who know how to bust the media
 - He mentioned Shepherd Smith, & the past experience of Michael Moore who busted CNN with the White Knights and gave Wolf Blitzer an earful for over ½ an hour about the lies he was telling the people in the name of his overlords

Guest: Michael King – Vitality Herbs and Clays

He working on a program for detoxing and nourishing the body – wanting to cover as many bases as possible and using as few products as possible.

Calls it the **Cornerstone Program**

He has developed some mini programs he will be describing, and putting them on his website has written a program about what he has just talked about

To find out about **Products** – go to complete clay and herbal formula product list

Cleanse Part 4 – Cleanse & Revitalize Program and Program Guide

Specific Herbal & Clay Products for an Optimal Cleansing Program by Michael King

Vitality's Cleanse & Revitalize Program Benefits

- Gently encourages the body's natural eliminative and detoxifying processes
- Remineralizes the body and improves mineral assimilation into bone and tissues
- Encourages an alkaline environment
- Reduces plaque in the small intestine
- Assists all organs of elimination – skin, kidneys, liver, colon
- The high nutrient profiles in this program prompt a natural release of acids and toxins at the cellular level
- Clears inflammation and heat from the deep tissues of the body
- Reconditions the bowels and supports healthy probiotic development
- Nourishes the body completely throughout the cleansing program. No need to feel hungry or deprived.
- It is not uncommon to lose weight on a cleanse of this nature for several reasons:
 - The bitter herbs in the program increase bile production whose primary job is to emulsify (digest) oils & fats, both in the food consumed and throughout the body (including cholesterol-based plaque in the veins).
 - The high mineral & nutrient profiles derived from the Earth & Sea Greens and mineral blends provide the essential nutrient building blocks required by the organs & glands of the body to achieve optimal functioning. As the organs and glands build in strength a natural increase in enzyme & hormone production levels take place. Enzymes & hormones are the body's chemical regulators of essential functions. This improved efficiency results in a natural, steady restoration of health in all areas, including balanced weight levels.
 - High levels of bioavailable nutrients passing through the cell wall catalyzes an instant dump of waste, acids or toxic material found inside the cell. This cleansing process frees the body to operate at more ideal levels. Proper weight is only one of the great benefits of such a cleansing process.
 - The seaweeds & herbs in the Earth & Sea Greens provide an alkalizing influence. When body alkalinity is restored, all acid fat storage sites throughout the body naturally melt away.
 - The Cleanse & Revitalize Program offers dietary suggestions and restrictions which, if followed, reduce fungal overgrowth (naturally fed by the sugars & starches of most diets). No longer being

fed, the fat accumulated from fungal/yeast overgrowth naturally melts away.

PS: For those attempting to gain weight it is suggested to use Digestive Bitters during a cleansing period to start, then switch to Herbal C to improve the digestive powers of the body over time.

▪ The following herbal and clay products form the basis of the Cleanse & Revitalize Program:

Earth & Sea Greens with SBOs & Fiber – Designed to cover all of our basic nutritional needs. Earth & Sea Greens is loaded with nutrient-dense superfoods, herbs & fiber. Each tablespoon contains literally thousands of nutritional compounds, vitamins and minerals providing the nutrient building blocks necessary for the body to cleanse and heal itself. Earth & Sea Greens also helps maintain a perfect slightly alkaline state in the body. The formula supports the reconditioning of the bowels and the development of probiotics in the intestines.

Digestive Bitters – Includes herbs and spices which give the liver and pancreas what they need to manufacture the two most important digestive juices – liver bile and over 3,000 different pancreatic enzymes. When digestive juices are in full production food is more completely assimilated, the bloodstream is purified of pathogens, chemicals & heavy metals, oils and fats are fully emulsified thereby controlling blood sugar levels and dissolves liver, kidney and gallbladder stones.

Liver & Blood Cleanser formula – Detox chemicals, toxins and heavy metals. is an herbal formula designed to cleanse heat, toxins and inflammation from the deep tissues and organs of the body. Increases an overall sense of well-being, clear headedness and vitality with continued use. It is not laxative. Use Ancient Mineral Blend and Digestive Bitters for laxative influences.

Deep Earthen Cleanse formula – is an earth-based mineral formula rich in electrolytes, collagen-building silica, macro and trace minerals designed to absorb & cleanse toxic elements from the body. Extremely effective at chelating heavy metals without depleting mineral reserves. Assists in making mineral and plant-based nutrients bioavailable, and therefore may be taken with food, herbal formulas and the Earth & Sea Greens to improve assimilation. Promotes balanced mineral nutrition, collagen repair and detoxification of the body. Bonds with chemicals, radiation and heavy metals, thereby neutralizing their impact on the body.

Ancient Mineral Blend – 11% Magnesium & 22% Calcium in a naturally-occurring plant based mineral complex combined with Humic and Fulvic Earth to assist in mineral assimilation at the cellular level. Helps the body to restore alkaline balance. The naturally-occurring magnesium content is excellent for improving regularity (especially when combined with Digestive Bitters).

Ormalite – Ormalite is a remarkable clay, rich with M-state elements (single atom states, smaller than colloidal and ionic) straight from Nature and is the secret to the calm sense of well being experienced, usually within minutes of consumption. The mineral nutrients found in Ormalite are food for the brain, the hormonal system, the nervous system and the DNA. Taken just before bed Ormalite fosters deep, restful sleep and more vivid dreams. Serves as an excellent enhancement to workouts, yoga, martial arts, and Qi Gong. Ormalite deepens prayer and meditation, and enhances social relaxation.

Sacred Clay Bath with Black Beauty – Clay is known world-wide for its extraordinary powers for detoxifying heavy metals, chemicals, petroleum, radiation and other impurities from the body. Sacred Clay is rich in electrolytes, silica and minerals, providing it with a strong magnetic attraction for the drawing out of heavy metals, chemicals, petroleum products and radiation. There is no gentler or more enjoyable way to draw these impurities from your body than in a luxurious bath with Sacred Clay and the Black Beauty Bath & Facial Additive. The skin is the largest eliminative organ of the body, and regular clay baths while cleansing can help to prevent detox reactions. A clay bath is also the best first response when experiencing a cleansing reaction, and will provide immediate relief.

Hard News:

- Snowden:** talked about a program called "Monster Mind" - a major threat to privacy and even nat'l security
- he discovered that a top secret program called Monster Mind was in the works: that was the last straw - once he discovered it in the newswire of **Wired**, he decided to go public –
 - it is designed to be an automatic program of awesome power: the ultimate cyber cop, always on the lookout for a cyber attack; capable of deciding on its own when and how to strike back without a human being ever pulling a trigger – and funneled through computers in innocent countries
 - To be set up in the building in Utah - a national security program
 - it raised questions of constitutional things or attacking the wrong country or the wrong people without probable cause or just suspicion of wrong doing – or waging a form of war decided by a machine?
 - NSA would not comment on the article - a spokesperson said he should talk to the Dept of Justice about the charges
 - Snowden did talk about the charges against him: he is willing to volunteer for prison because he cares more about what happens to the country than to himself
 - Also said more revelations coming about the NSA
 - another cyber expert was skeptical that such a program would be created with no people intervening also questioned Snowden's relationship with Russia & repeated the 13 family lies against Russia
 - to solve all this: an open public policy discussion about what is going on and why

a very sad DOJ:

- Holder got a talking to about taking care of the goons in Ferguson and all over the country, and if he didn't, they would take care of him AND the goons!

Putin is having a town meeting sometime in August – RT will be the only ones to report it –

- Meeting will be at Lake Balkil on the border between Siberia and Mongolia – a starship base!
- They come and go all the time – Russia acknowledged that ET is real and they [Russia] have football fields of downed craft – at least 2 / month for the last 10 – 15 years
- Russia is light years ahead of the US in galactic technology dev'tment & interfacing with them
- There is word he will bring Snowden with him, and together they will disclose 9/11 and who was involved and how the Black Ops - CIA, the MI 6 of Great Britain, the Mossad, & the EU's secret intelligence collaborated to do an inside job
 - CIA and the Saudis are in the same bed
 - Osama, Saddam Houssein are not dead – and they didn't do it.
- this is really hard to listen to: the only way to get some of the truth out is to nail Obama – Mike Papantonio and Jeff Cohen – Jeff will blame Obama for everything & it is really Miss Hillary

R: folks may already know: **Robin Williams** had the early signs of Parkinson's disease -

T: a manic depression has been with him since early childhood, and it cannot be healed by anyone alone – highlights the abysmal mental health care system in the US – Reagan closed the mental hospitals and kicked out all the patients who make up the large majority of homeless

Gaza has a HUGE NEED for aid; 11 million people have been scattered due to war; Yemen is the poorest country in the Middle east and half their population [of 15 million] do not have enough food

- The UN declared **Iraq** a humanitarian catastrophe – joining nearly 30 million people in the Middle East who need either shelter, water, food. Signs written in English: "Obama, help us!"

Serious problem in Libya – all the ambassadors, European American reps have left – shortages of

food, water, medical supplies & the displacement of thousands of families – attacks against the people may amount to breaches of international law

- Libya's fragile gov't cannot stop the fighting between the various sectarian groups

the **US air base in Okinawa** – the whole bay area is planned to be filled in with land by pushing the water out to sea – hoping for NESARA to stop this: in 1996, the agreement to move the Okinawa base somewhere and last month the waters off that bay were designated a restricted area.

- The demonstrators have been protesting for a long time against this.

On **Al Jazeera ticker tape – Maliki** has finally resigned! **T:** he's guilty of war crimes: has tortured Sunnis for years and funded by the Nazi collaborator Republicans

Number of people on Mt Sinjar – over 100,000 to 40,000

Gaza – extending the ceasefire – Hamas willing to extend it; no word from Israelis

- 300 nukes in Israel! And they want the Palestinians to give up their weapons!!!
- From Democracy Now: the Iron Dome does not work, maybe 5 % of the time!
- And there is supposed to be millions more US money invested in the dome!

Russia / Eastern Ukraine: their convoy of trucks with aid for Eastern Ukraine – Ukraine gov't afraid they will bring in arms: want the International Red Cross to check all the trucks

The lawyer for Rodney King [Steven Lerman] is now the lawyer for one called Erzel in L. A. - he was walking home to his parents' house because he was mentally challenged; the cops beat him and then shot him 3x while he was down and beaten up, at 8 pm. The lawyer was absolutely livid!

Reading: The I Ching #12 – Pi, Obstruction

[SEE BELOW]

Closing: Angelsu

INFORMATION RELATED TO THE NOTES

2014, Aug 10 I Ching For The Week of August 11, 2014

#12 **Pi** Obstruction

Above: Qian/Gan heaven, energy, spirit power
Below: Kun center of the Earth, responsiveness

The Wisdom:

Communication is blocked.
Not a time to move forward.
No influence.
Hold to what you know is true.
Be not seduced by sex, money, fame, or power.

You are on your own in the situations you are facing in this coming cycle. You cannot depend on anyone to help you through, so don't try to press forward. Do not take this time of obstruction personally; it is not anyone's fault, least of all yours. It just is.

This not a bad thing, actually. Remember, there is beneficial energy in all things, even in the energy created by obstruction. You can make this energy of benefit now. The way to do so is to stop. Stay in the flow, but hold back from initiating new projects or having the expectation of completing what is already on the table. Should you attempt to push, you stand a very good chance of being run over by what is opposing you on your path forward. It doesn't matter if it is a person, a situation in a relationship, or a matter of commerce, in your art, or health. It just is not happening now.

Do not try to accomplish anything other than making these moments of stillness useful. This period of stillness and retreat is for you to work on what you have learned and gained. Relationships can be difficult at this point. Be cautious about who you associate with. Your social intercourse should be limited now, so pull back. If you try to engage, you could be met with misunderstanding or even discord, so stay in retreat mode and bide your time.

You may have the greater good in mind for yourself, your family, your tribe. At another time you would be received with a welcoming hurrah! That cannot happen now—there is an air of mistrust and discord floating around. It is not that you have done something wrong or acted out of the cosmic order, not at all; it is just that the cosmos and the energies around you are in disorder. Remember, out of chaos arise new forms, so there is nothing you can do but let the dust settle and study, hone your skills, attend to the details, but do not to launch or push for completion. Be still.

The ego would say that you have done so much work and made so many advances, why not take your gifts out into the world, especially when it looks like all those wonderful things like love, money, or power seem to be right within your grasp. Don't be fooled; it won't work that way in the current timing. Instead, make this time of withdrawal pleasant. Eat well, exercise, rest, meditate; do things that feed your inner life.

Look carefully at all offers
That come your way.
Do not act on them or accept.
Contemplate all sides
And wait for the truth to be revealed.

The feeling that progress is obstructed could cause some inner conflict. It takes courage to resist what may

look like a treasure being extended to you, especially if you are feeling stuck or hopeless or even slightly confused. Feeling stuck can be debilitating; you are more vulnerable to the manipulations of evil. Evil, in this case, should be considered the temptation to forget your authentic self and drift into ego-based decisions.

Pay attention and read the signs and symbols that come to you out of the collective consciousness, the universal mind. The wisdom gained from disengaging and contemplating the archetypes will allow you to detach and come to a more peaceful feeling. From this place, you will then have clarity as to the correct and honorable way to proceed when it is time to do so. That time is not quite now.

Consider this an opportunity to still your mind and examine your own behavior and that of those around you, without judgment. By simply observing, you pave the way for the universe to bring you great and surprising teachings that your higher self has been longing for. These teachings will answer such questions as What am I here for? and Which road should I take?

The appropriate conduct at this time consists of strengthening your resolve to be the best person you can be. Being morally and ethically strong in times of obstruction will serve you well.

This darkness, which is in the natural order of things, will pass, and you will be left with a clarity that will give you confidence and strength. The decisions you then make and the actions you take will lead to a time of great progress and fulfillment.

Avoid arrogant people or those engaged in a display of authority; keep them out of your energy field—they will soon fall from favor. Say amen.. Truth, beauty, and goodness shall prevail!

One of the best things to do when facing obstacles is to generate merit, by being kind, thoughtful, compassionate, and generous. This takes the focus off of the ego's demands as you emanate the kind of light that brings clarity and peace, to yourself and to the planet.

In Lak'ech: "You are me and I am you"

Love, peace, and many blessings

2014, Aug 12 **The Oracle Report, With Special Commentary on Robin Williams**

ADDITION 10:00 am ET/2:00 pm UT: The Mahavidyas are specific in correcting me with the report today. Regarding Robin Williams (below), note the change to the “power of TEARS of joy and humor to heal.” This is important because it’s always ok to cry, but especially today. This is Bhairavi in action on our hearts, healing them of pain that lingers.

Full Moon Phase: revelations

Moon in Pisces

Ruling Mahavidya: Bhairavi (The Fierce One)

Negative Imprint: out of control, disillusioned, disappointed, empty, hopeless

Positive Imprint: courage, seeing the bottom line, self-control, creativity

The intensity of the super Full Moon phase continues today, and we continue to hold on tightly to our tether with solid ground.

Today’s energy reinforces the feelings of being unmoored and out of control that are prominent during this Full Moon phase. There is a sense of dangling. Everyone’s shadow sides are being triggered to some degree or another. This means your shadow side and everyone else’s shadow side, so be aware that you are dealing with much more than meets the eye with people.

Since the Moon is in Pisces, the shadow sides of Pisces and Virgo (trust and “failure” issues) are strong. Emotions are running very high and are stressed. The energy brings things to breaking point. Archontic interference remains at almost record-high levels with the super Full Moon’s conjunction with the Black Moon.

But we are wise to the situation. We know to give people and situations space under these conditions. We slow down and give due diligence before making a move. We understand the tricks of the mind that are pushing people over the edge emotionally.

From one perspective, we are in a battle while the Moon remains in the Full phase. We think it is a battle with ourselves. This is a lie. The seeds of dissatisfaction, disillusionment, and disregard were sown long ago and are being harvested now.

But an ally has come onto the field of consciousness today to free us from the heavy astrological energies that threaten to send us tumbling down the canyon. Venus has entered Leo, joining the Sun, Mercury, the Black Moon, and Jupiter.

The addition of Venus into the mix of planets in Leo spoils all the plans of the dark side. You see, there is one thing that tames the wild shadows of the Black Moon and that is Venus. When Venus and the Black Moon come together, the two sisters, the light and the dark, are united. The schism of the feminine is healed. Blessings, gifts, and rewards are bestowed. Balance returns.

We are going to focus on this gift of Venus today and switch ourselves to this level. Venus is the archetypal energy of love, beauty, relationships, and pleasure. We will make space for this to settle in our hearts and heal any feelings of sadness, grief, or trauma that are surfacing

The Full Moon phase ends tomorrow, Wednesday, August 13 at 7:07 pm ET/ 11:07 pm UT. We will hold our ground until then, weathering all that transpires, and keeping things real.

(Commentary on the death of Robin Williams: It is appropriate to honor the life of a Master, but especially appropriate to honor it here, a place where many of the “Chiron family” of the planet gather. Robin Williams was a Chiron. His natal Chiron was located at the degree of the Galactic Center and his Ascendant was in aspect to the Chiron Point. His natal Chiron was in opposition to his Black Moon. This means his soul carried the energetic signature of the Wounded Healer/Teacher. Underneath his persona, he was a master healer anchoring great love on the planet.

But the Sun’s conjunction with Mercury and the Black Moon at the super Full Moon on Sunday was too much for him as it made conjunction with his natal Pluto. The archontic attack that accompanied the Full Moon inundated him. His natal Black Moon in Cancer, along with his three other planets in Cancer, made 2013 a difficult year as the Black Moon transited Cancer. Chiron has been transiting his natal Moon by conjunction and also his natal Venus by opposition. He was overwhelmed by grief and self-loathing.

For all Chiron people, the proportion of one’s healing abilities is relative to the amount of pain one has experienced. In this way, we see the great depth of Robin’s pain and the accompanying ability to heal. His performances in Good Will Hunting and What Dreams May Come? – among his many others – heal the heart.

I do not believe Robin Williams ever recovered from the loss of his dear old friend Christopher Reeve. You can see Robin’s devotion to helping his friend in the picture below. Note the prominence of Robin’s hands firmly on Chris. Chiron rules the hands and healing power is transmitted through them. His love was boundless.

Robin Williams knew he was battling demons. But he thought the demons were part of him. If he had known about the parasitic mind infection of the Archons would he have viewed things differently? We will never know.

We can honor his contribution by recognizing the wounding, the teaching, and the healing presented. The wound is from a force that stands against us that can trick us into hating ourselves enough to feel unworthy of life. The teaching is that no one can be a superman alone, but the power of one person can be superhuman. The healing comes from embracing tears of joy and humor to heal.

In the Mayan Calendar, Robin Williams was born on the day 1 Death, which means the power to initiate transformation. May his life serve to heal us.)

Thank you for supporting the Oracle Report. Blessings to all!
