

daughter-in-law Yaffa took an active role in the conversations while son Noam tended their two beautiful little girls. They brought new light and deeper understanding to passages we might gloss over, but with the knowledge of the original Hebrew text and the wisdom of the sages, we were treated to insights which we must now be good Boreans and test with the plumb line of the word of God and Holy Spirit's guidance. Like: the five books of Torah reveal the steps of our journey to becoming a dwelling place for God. Like: there is a correlation between these five books and our five senses. And so much more . . .

Marty and Sue Shoub joined us for dinner. They made Aliyah from British Columbia in 2005 and Return

Betrothed – with a summer wedding – Chaim & Deanna

Ministries assisted them through Project Return (an Aliyah support program that seeks to encourage unconditional love and support for North American Jews who are eligible to make Aliyah through Israel's 'Right of Return'). Marty ministers with Tents of Mercy and is a light to many nations. He travels broadly to share the Gospel and to express what the Lord's plan is for Israel and the nations. Dean and Patti Bye's daughter Deanna and fiancé Chaim joined us as well. They were betrothed on May 19<sup>th</sup> in a most unique fashion. Chaim whisked his beloved away on one of those noisy Sea-doo's and headed toward an awaiting boat off the coast of Jaffa with friends and family.

After a lovely Sabbath dinner, we reconvened with Jair and his daughter Rachel for more study of this week's parsha readings from Numbers and Hosea. Kristy Schultz wrote a beautiful Song from Hosea 2:19 & 20 this morning and we were blessed to be the recipients of this new song from the Lord.

MY BELOVED

I'll love you forever

You are mine

In love and compassion

Always know that you will find

That when the storms arise
