**RB:** this period being so powerful allows for that change to come, for the harmony

**T:** The opportunity is already upon us?!

**RB:** As we approach this next unial, it is the unial in the middle of the matrix – we have 40 out of 60 days as portal days, the time to make transmutations happen

**RB:** Starts next Friday [28<sup>th</sup>]

## **HARD NEWS**

- What appears to be out of order in this dimension is in order in the next!
- All of Feb in astrology, the I Ching, Chinese astrology – all about dropping rage, anger, old kinds of thinking and using only “Praise, Respect Thanks and Love”
- Still Aquarian time in terms of moon time
- Starting March 1<sup>st</sup>, the green wood horse is going to ride! If you are still dragging your wagon on old stuff, you may miss the boat – which is why things are being exacerbated.

**Ukraine:** exacerbating things from the past

**Rachel Maddow:** brings up Jerome Corsi who is tied to such old thinking

- Hitler is still here: represents the shadow side of the Great Central Sun – What did Alcyone do?

- The rules that apply to the creation: no intervention in a civilization's development except in the case of nuclear holocaust or psychic holocaust
- After 1945, the Russians did drop a nuke up in the Arctic – they have much more advanced technology than US does; they used a half sized nuke because they could not figure out how to save their people who were in the hot air balloon at the time.

[Warning not to touch the snow which is chemically made – intent is to sicken and kill people]

- The point is that Rachel is letting people know that the right wing guy who believes oil is not a fossil fuel and that Mother Earth makes oil constantly & there is a constant flow of oil

**Marietta Robert: got back on line:** it was very strong storm, quite severe, though it did not last for long – power out for 45 minutes

**T:** that right wing guy is an example of the 4<sup>th</sup> Reich Plan to keep the US on fossil fuels –

- yes, it is produced in the earth but oil is the result of algae decay; oil in the ground is very limited and 100s and 1000s of years old and which we have over-used in the last hundred years.
- Modern Germany has figured out how to make oil out of algae; it is formed quickly, grows profusely in ponds, and it burns clean: no effects on environment
- **For every horror story that is being reported, there is a big solution – which is not being reported!**

**R:** quite an effort to stay in neutrality and love with all that is going on

- From Ed Schultz to Randi Rhodes to Ray McGovern who is at Oxford University where they are giving Chelsea Manning an award.
  - The Fourth Estate is gone: media is compromised; Wickileaks is the place for the news.
- As Rev Al Sharpton put it: they are declaring open season on people of colour in this country as never before. Over the top. Day after day, lots of insanity
- Rachel is beginning to drop dimes about what T & R have been saying for years

**T:** even in the things she says, she sounds so incredulous!

**R:** talks of Pat McCrory of North Carolina – up to his crown chakra in crime

- Duke Energy on the day of the Super Bowl – a leak in one of their piles of mining waste; it went for 14 days – heavy metals
- Pat McCrory is one of the ones on the lunatic fringe: thinking that Obama is a “communist mongrel”
- This is what Hitler called people they killed: jews of the middle and lower classes, not elite jews as he was one of them; and all kinds of other people who did not meet Nazi “standards”

**Caller:** asks about Obama: understands he is going to Rome

**R:** stories that Vatican Bank is being shut down – the Vatican Bank and its extension in New Madrid bank are the places where the hedge funds have been laundered for the last 60 years. Using those banks was the place where the money was put back into the public sphere.

**Caller:** What is going to happen with the Pope?

**T:** Former Pope Ratzinger – they live together in the same complex; Francis is not who people say he is: he will not deal with the crimes, the sex crimes; as well, the US Supreme Court has 3 Opus Dei members who murder for the Pope

- Every president goes to visit the Pope: the arrangement is there is no sovereignty unless the Pope says so; right now, this pope is both the Black Pope and the White Pope. Until 2003 there were 2 popes,

KOS had

- All of this is being done by law: **when Obama goes, he represents Nesara Law even though it has not been formally announced** . Obama is a double agent and has
  - NESARA Law was signed on Oct 10, 2000 by Clinton
- Eventually, the entire church will be dismantled: there will be a re-training regarding the fraudulent lies that have been taught by this church; the truth will be taught.
  - T talks of the book called **The Gnosis and The Law** and this is the true story, Genesis needs to be re-written to tell the true story of creation.

- How this is all done: the Vatican is the one player that has fought to keep this in place
- The end of February will be time to change the mind set of the people; the old cultures will be transuted into the truth.
- For 13,000 years, the evolution of humanity got interrupted by the dark priesthood of Atlantis when they broke the great Atlantean crystals
  - People have been living in fear for all that time: and fear is very much over now
  - things are being ramped up more and more at this time, more and more fear being pumped in
    - Philippines has lost many people; Ukraine have lost far more people than being reported
    - heads being chopped off of people in Ukraing
- The Nazis and the Vatican are one; and so is the leadership of Israel
- **The true root of the words [in the bible] were writtien in code: and** the literal reading of the bible is the problem - eg, the 6 days in Genesis is really 6 eons!
- On a linear scale: a lot of talk that people will not know about right away;
  - Easter is late this year; in terms of the window [likely times for announcements, other info]
    - NESARA windows come at Christmas and Easter:
      - a visit to the Pope a month before Easter not an unlikely preparation of a change, and these guys are not above the law

**Caller:** what to do with the dinars?

**T:** talks about returning dinars to the place you bought them

- No, the dinars will re-value – it is all a fraud & coming out on the internet.
  - This is what the editor of KOS told the bank teller at Los Alamos bank when she told Rama about two rates for people: Marcos M said he would get on CNN and tell the whole world about the fraud.

- Latest mineral package he has been lecturing about: minerals found in the brain in cerebral spinal fluid
  - Used to think the fluid was just a cushion to protect the brain but there are over 150 minerals and compounds in the fluid – sodium is the most important mineral in the brain
  - What suprised him was that Boron is the 2<sup>nd</sup> most abundant mineral in the fluid – a total surprise for everyone that it was even present, not only that it was the #2 component
- A profound finding that boron is an anti-arthritis compound & that chiropractors
- Cerebral spinal fluid is renewed every 8 hours; what chiropractors do is loosen the bones, etc to allow the flow of the fluid and it is the movement of the minerals through the body
- Boron's big brother is aluminum and aluminum is involved with Alzheimer 's
  - The ration of boron to aluminum is 35 parts aluminum to Boron to 1 part aluminum; when that ratio is upset, mind starts to dry up because the aluminum takes over the ratio and boran becomes deficient
- Foods with the highest boron levels: Prunes, also in most seeds – apple seeds, pear seeds, cauliflower
- No one understands the importance of boron except the pharmaceuticals who want the FDA etc etc take boron off the market as a food supplement because it would upset the sales of drugs which have been created for treating brain therapy
- Boron is the most important thing to build up your teeth
- Tons of arthritic medicines will also be challenged by boron
- Most effective at 12 mg a day for arthritic treatment
  - Calcium-boro-glutenate
  - Calcium-fructo-borate: a new one – boron is always attached to fructose in the body
    - Fructose B is the 2<sup>nd</sup> highest volume of sugar in the spinal fluid
    - Boron is always attached to fructose; it follows the fructose pathway – can take fructose borate
  - 24 hours after taking boron it will be pumping through your body via the cerebral spinal fluid
- He is creating a supplement for the spinal fluid, a new mineral complex for the brain

- Went to North Dakota and lectured to the organic farmers group: they know you need to put boron on the fields to make good crops. Roundup stops the ability to absorb boron, magnesium, etc etc
- Yet nowhere in time did they ever know where boron was stored in the body: it is in the adrenal glands and moved around through the cerebral spinal fluid

**CL:** the Grand Unified Mineral Complex – what is recommended to take?

**RO:** the **Brain Unified Complex** - making another batch and doubling the amount of boron

- he is putting both kinds of boron in the complex to improve the ability of our bodies to have this mineral in the brain
- Grand Unified complex is based on a book called **Minerals for Tumor Suppression** that he wrote with someone else to create a mineral complex to help the body have less cancer in it
- Gives stats on people – 80% of the population is iodine deficient
  - 70-80% is selenium deficient
  - Many are magnesium deficient
  - Anyone living north of the Mason Dixon Line is Vit D deficient due to lack of sun [they put Vit D in the Grand Unified]
  - Boron – no one knows how many are boron deficient – yet adding aluminum to the table salt for the last 60 years means that 1 – 6 Americans over 65 develop alzheimers means people are boron deficient
  - Also good to know that boron and selenium work together to keep the fluoride out of our bodies Turns out that over 80% of drinking water in the US contains fluoride.

**RO:** To re-mineralize the body, take one capsule a day across the board; does not have Vit B 12 in the Grand Unified and it is important to have this to help with digestion.

• **NOBODY KNOWS ABOUT THE BORON IN THE CEREBRAL SPINAL FLUID.**

• **ROUND UP IS AN ANTI BIOTIC – IT ACTUALLY KILLS THE BACTERIA IN THE SOIL THAT PUTS MINERALS IN YOUR FOOD**

• **FLOURIDE ACTUALLY KILLS THE BACTERIA IN YOUR GUT**

- If you floss your teeth, you are putting fluoride all over your teeth: the wax is impregnated with fluoride so using it puts fluoride in your mouth which you swallow; then it kills the bacteria in the gut
- Floss: first 2 letters are FL which is fluoride
- Can buy fluoride free dental floss but IT HAS TO SAY “FLUORIDE FREE”
- Discussion about the effects of fluoride on the body
  - Our immune system is 100 million bacteria – eating is about getting the bacteria ready to digest that food
- Discussion about getting too many minerals in the body in the wrong way and then getting out of balance - has to do with the size of the cells of the supplement
- All the minerals have electric charges – need them to have the same frequency and oscillate at the same frequency as in the body – only uses in his preparations of the Grand Mineral Complex the
  - Boron is the most important mineral for hard, healthy teeth
  - Boron is the mineral that can accept and radiation exposure can be
  - Iodine, selenium and boron are the most important
    - Selenium stops and
    - Magnesium

**4 minerals people must have: iodine, selenium, boron, magnesium, Vit D 3**

**Plus Vit B 12 for the elderly** [Vit B12 that is sub-lingual - thinks it's a methyl B-12]

PLEASE LISTEN TO THE ENTIRE TAPE, AS THERE IS MUCH DETAIL THAT DOES NOT SHOW UP IN THESE NOTES.

To get more information on Fukushima: [www.rense.com](http://www.rense.com) – over 5,000 articles on Fukushima

**T:** everyone at least once a year needs to fertilize their soil with 5 lbs of boron / acre; how is it done?

**RE:** farmers' soil samples are analyzed and a compound is created to fulfill the lacks.

- The bacteria in the soil need the 90 minerals found in ocean water
- Send a soil sample to Mid West Labs soil testing – out of Omaha, Nebraska
  - Cost is \$25 for doing the work; they analyse and let you know what to put in the soil
- Miracle Grow has boron in it, and is used much in the agricultural field

### Until about 9 months ago, no one had any idea there was boron in the spinal fluid!

“Boron from the mine to boron in the mind” – an article he wrote when he was so inspired and found out how much boron is in the mind. Will put it on his website.

### Hard News:

- Randi Rhodes** had on Ray McGovern: he went over the incident when he turned his back to Hillary from the 4<sup>th</sup> row, and he was wearing his Viet Nam “Vets for Peace” T-shirt
- He turned around so she could see what was written on the back – he was sending a message to Hillary that we never needed to go to Iraq, Afghanistan and that 9/11 was an inside job, and she knew it.
  - This is why she had him so brutally arrested – two 6’5” policemen came and hauled him out and tied his wrists so tightly, his arms bled. Then they beat him in the prison cell and he showed the results on TV.
  - Every since Mina AK, Bill & Hillary have been drug-running [concaine, opium ] for Bush Sr and also running arms from South America into the US and also in reverse, out of ports on the Gulf and these went over seas to Iran
    - They sent the arms to Iran in the early 80s – Bush Sr, Bill & Hillary and Koch Bros.
    - They were involved in the shal of Iran shipping the guns to iran
    - They were also involved in The Iran Contra Scandal too
    - Wayne Madsen [2004 – 2006- R&T used to use his info] – he is now completely sold on the Vatican and Pope Francis as the 2<sup>nd</sup> coming of the Christ and Obama as the Anti-christ.

**Randi Rhodes:** Greg Palast was guest on Feb 18 – spoke of Kiev being in flames with 13 dead; today there are 100s dead – looks like downtown Baghdad [Randi R goes neck and neck with Rama when it comes to saying things publically]

**R: Laurence O'Donnell** talked of Pussy Riot tonight:

- commented in the RE-Write of Feb 20 that Mr Putin had the Pussy Riot people horse whipped, and he is hosting Snowden who is one of the biggest whistle-blowers on the planet, and he cannot say what he really feels because he is in russian courtesy of Mr Putin, and at the same time some

of the greatest human right violations are going on in Russia – harrassing, beating, disappearing people, courtesy of the Cossack storm troopers.

**T:** talking at the start of the show of many discussions about whether the military was called out in Kiev:

- there is a group – a Russian name
- East and south of Ukraine are completely with Russia; western side is for the west – goes back to 9<sup>th</sup> Century.
- Since 2001, there has been freedom from Russia but with deep cultural divides
- Kiev is in the middle of the two parts of Ukraine
- Current president is not really legitimate: the Orange Revolution happened in 2006; the vote was a fraud
  - The new president got in and lasted only 2 weeks because Yanokovich's good old boys poisoned him; he had boils all over his body; he survived; he worked more with the west and the ideas of sovereignty,
  - The current president Yankovich rigged the elections – in between these two events, there was a woman president, Julia T, now in prison, with a serious and painful spinal condition.
- The west is not better than the east: The deal with the west was not so clean – the EU made an offer of 1 \$1.2 Billion in US dollars and they would have to apply 30 different laws to take that money, plus they had to form a junior partnership with NATO. This is bribery – NESARA cancels NATO and there are various levels of awareness of what Nesara means.

**R:** Ray McGovern is in Oxford doing a lecture on Chelsea Manning, Edward Snowden, Julian Assange & this brings up the names of Michael Hastings

- Michael Hastings was taken out for talking about General Stanley McChrystal, Gen Petraus and what happened in Iraq, and also about 9/11.
- Aaron Schwartz was murdered for what he said about SOFA & PIPPA, now back in the game and we have no privacy.
- Mr Facebook, a Rockefeller, just bought another internet service, another way to spy on people.

**MR: whatsapp** is the name of the program; not used much here but it was purchased so they could expand their base into Europe.

**R:** They are innocent in that they do not know the ulterior motive of Mr Facebook and his backers: don't use the app – it's another way of keeping track of you: they can send cyber viruses through that

**R:** to be really private: get TOR and use TOR through FireFox; they don't like it when you use TOR which literally creates a fake ISP number so they do not know where you are! They cannot track you – [www.TOR.com](http://www.TOR.com)

**MR:** It was just people she was talking to at the Kyani international conference, not the company!

- Randi tore CNN a new one: referring to Nancy Grace who is a statutory lawyer, but completely wrapped up in the extreme right wing fringe: another Glenn Beck in a skirt.
  - Nancy Grace had on someone who is also like a Glenn Beck character, connected with Alex Jones – they talked about Michael Dunn and played a clip from the White Boys Show –
  - this extreme right wing now has open season on people of colour: this is ALEC and ALEC is Koch Bros, and they are Nazi – those who harbour racism – they want Obama dead!
- Going back to Kiev: Mr McCain went to Kiev a couple of months ago; he has been in association with Mr Abe of Japan who is part of the Japanese group that are worse than CIA and other such groups: they made a deal with Yanakovich behind the scenes and are giving money to a very small group
  - The people coming into the street from either side are focussed on the corrup Yanakovich regime which is hard core nazi
  - Someone associated Ray McGovern with Bill O'Reilly, Newt Gingerich, Rush Limbaugh – not so.
  - They hired an extreme right wing, white minority and they are the ones throwing molotoff cocktails which are filled with a kind of plastic: when the fire gets on you, you cannot get it out. People are dying from being burned to death.
    - Also using live ammunition from the crowds –
  - the desire of the 2 groups involved is for regime change, like in Thailand – the female leader is up for a court case; her brother is running the country through her; the golden rice program

she was running is GMO rice and it was not distributed well so now they have cause to get rid of her.

- This what the people want in Ukraine, too – to get rid of him - Ukraine is one big oil pipeline corridor between Russia and the Black Sea and the European sector
  - Russia has a vested interest in keeping Ukraine on its side.
  - Yanakovich's brother is the oil and steel baron in the country [they are part of the 13 families]  
And oil and steel are the economic drivers in Ukraine
- The solution: **drop fossil fuels.**
- It is not true that we do not have to change the infrastructure: so much of the consciousness of the people is that they think things have to go in a linear fashion.
  - Yet it is 7 days to the last of the last call [March 1]
- **The technology we need already exists!**

**Closing:** Cathy
