Meditation: Angelsu

Mayan Calendar: Rainbird Go to www.Spacestationplaza.com – to locate specific days

Retrospect of last week – Monday was the new moon, a portal day – 13 Cauac, and 13 invites us to go to the next wave; and Cauac was the earthquakes. The wave of Ahau begins; it is about receiving our universal connections to Source. Our task for this glyph is possibility thinking, and conscious surrender of separation.

AHAU: we come back to wholeness; possibility thinking,
we are the model of a galactic human being going home.

28th Thurs - 3 IK – the wind, voice of our ancestors, visionary aspect – about the co-creation of heaven on earth and remembering unity with Spirit. 3 is electric, activation, movement and current are the essence of this tone. Surrender judgment of others

29th Fri – 4 AKBAL – a portal day. Akbal is the Knight; 4 is measure, balance – participation and belief in abundance; learning from the dream time. About the mystery of life.

30th Sat – 5 KAN – 5 is centered movement; the seed energy a healing energy, self-determination – about timing

31st Sun – 6 CHICCHAN – the serpent – transition by totally letting go and shedding old skins. 6 is a rhythmic tone

1st Sept Mon – 7 CIMI – Labour Day – celebrating with friends – 7 is between 1 and 13, a balance

2nd Tues - 8 MANIK – Manik is the healer; healing hands

3rd Wed - 9 LAMAT – 9 expanded cycles, Stargate

4th Thurs - 10 MULUC – manifestation of the moon energy, an artist energy – using spirit's direction

Astrology: Annie Rose

Sept 8 is the last of the full moons to be concerned about

- Next month, she'll have each sign and which ones are affected – watch what all 12 signs say: people will be so touchy, hurt feelings; all of us will be affected; probably free of it by the 10th
- Don't get aggravated by other people's attitudes
- Also, important decisions need to be thought about, meditated on – don't jump to conclusions
- Will have all 12 signs for next week
- Good wishes for the Labour Day weekend – be safe, be well, be happy!

Hard News:

R: energies extremely wild

T: the next one is the 5th kind of these – the worst of them is welcome because it give the impetus for the equal and opposite effect: our star brothers and sisters can bring in all kinds of good things.

- Sept 8 is two days before 9/11 – this week would put us all beside ourselves if we didn't know what else was going on!

R has a big deal of news: **the news on TV is not to be believed:** even Barack is on that schedule:

- WE MUST REMEMBER THAT PRES.XI, PRES PUTIN, PRES OBAMA are doing something

together that is rock solid.

- The 13 families are aiming for Oct 1 and thermo nuclear war!
- Samantha Powers is not a good person; Barack is letting Sec of State's spokesperson Jenn Petacki do what she's doing – sh'e's on the wrong side of the fence; BO is just letting her role out her stuff, and we have to have a deeper and deeper faith in the path he is taking.

Ukraine: Peroshenko of the Ukraine is revving up the lies

- the whole thing has been set up by the 471 traitors of the Congress; McCain and Graham are following the Koch Bros line 100%;
- Peroshenko is right there with them and the idea of nuclear thermal war to get out of the mess they are in! And Ashtar is right around the corner: no nukes, no flukes, no dates!

R and KOS: the 13 families are in free fall collapse; literally freaking out because all their shenanigans are being exposed, all the way back to 1945 and before: it brings in our galactic brother and sisters

- and all the events on the periphery of what is going on: the mysterious money, the black budgets, that Congress supposedly does not know about:, except for some members of select sub-committees
- David Wilcox and Ben Fulford video 2.5 hour video – Russian and English sub-titles
- KOS: listen with 3 grains of salt – some is OK, some is not
- has to do with the deals made all the way to Hitler, Borman, Himmler and the occult group that were calling in the dark ET brothers and sisters, and the subsequent events when H tried to get hold of the tesseract, the Arc of the Covenant, and all other magical objects, including the gauntlet of power with the 5 infinity stones so he could take over the planet and eventually the universe

R spoke with #15 and KOS:

- all going on has to do with the shenanigans going on in US & in the EU, and the fiasco in the Ukraine; Angela Merkel is in the middle of it and we have the 4th Reich involved too

T: Also regarding Ferguson: Eric Holder was there: he set up and paid off a gang leader to be a

provocateur – **NOTHING IS WHAT IT SEEMS. This from KOS!**

- St Louis and Ferguson are suing Eric Holder for violating his oath of office for giving money to the gang members
- Al Sharpton had Larry and Curly as his bodyguards [but they were invisible] – the father and mother of Michael Brown are in the loop with the White Knights / Faction 3 and KOS
- they did another private autopsy that turned up more anomalies which have not been recorded
- The one in the federal venue was overseen by Eric Holder! Nasty game!
- when Holder showed up in Ferguson, the National Guard disappeared
- Holder is in trouble: the companies he worked for – AIG, Goldman Sachs – did 9/11 and he was associated with this and therefore an accomplice. Whatever he is doing, he is also doing something else!
- Someone in HSBC from London e-mailed Rama and said they wanted to give him \$10 MILLION
- Carol Pippin's email account was hacked and they offered her \$10 million too
- C Lauren: has also happened to her; also gets e-mails offering funds: delete, delete, delete!
- This morning, Peroshenko was screaming that Russian troops were inside the border in mass numbers: close to Donesk; they were coming from where the “Russian separatists” were letting them in
- Jenn Petacki was reporting, using a map and saying here's where they are, helping their Russian separatist friends – NOT TRUE
- THE TANKS ARE NOT IN UKRAINE!!!! The pictures were taken elsewhere - We the People do not think like these ones do: we need to be aware of this.
- **Holder: using Ferguson as a testing ground for introducing martial law on a bigger scale! KOS and #15** – talking about these ones that they are freaking: why would the police here and across the US & in other countries be militarized, and getting to the place where soldiers are being genetically enhanced & turned into super soldiers

- **KOS called #15 so he could talk with Rama:**
- **# 15** said they at their complete wits end! They want to do something before Oct 1st – they are going to let the gov't shut down like they did last year – Sept 30 is the end of the fiscal year and by not funding the gov't, they will let it shut down & try to take Obama care down too - This ties in with the 14 treasonist ones
- Mitch McConnell, if he gets control of the Senate again, would completely repeal and get rid of every single thing Obama has done to move the US forward,
 - he was **caught and recorded at a Koch Bros event:**
- Thom Hartmann did an excellent rendition of **what libertarianism is** – this was so dangerous a while ago when Ron Paul was giving updates 2 -3 times a week, 1979 – 1980: David Koch ran on the libertarian ticket: it shuts down gov't financial benefit programs, environmental programs, health care, stops immigration – this is exactly what Ron Paul is saying

R: Rachel Maddow's program: Ron Paul was caught bribing in the presidential campaign of 2012;

- Michele Bachman's campaign manager got \$73,000 to leave Bachmann and into Paul's camp; now he works for McConnell!
- **#15 called Rama and said Head's up! They are literally begging for a date** with Ashtar, who is not in a forgiving mood; he will not negotiate! They want to create an incident in the Ukraine and blame it on one side or the other and move the world into thermo nuclear war.
- From **France 24:** The Peroschenko gov't are leaving their military high and dry: the military have no food, not enough ammunition; cannot get the injured out; in plain English, they are losing the battle. The Ukrainian gov't is doing deep wrong to its soldiers – on purpose!
 - Russian nationals are coming across the border to help their Ukrainian family members
- the **US is the Black Ops funding of all that is going on:**
 - goes all the way back to Himmler and Borhman -
 - it's a good video: have to stop it every few minutes to read the English –
 - tells the real stories about the underground bases, some of which were gutted – each one cost about \$25 billion - got the money from drug money
- not all were destroyed. There is a giant auger which uses nuclear energy to drill through rocks, by melting the stone – maglev trains travel under the surface of the earth – the diameter of the earth is 25,000 miles; can travel all over the earth underground. Rama saw signs in English and Solex Mal, the 2 languages understood by all. Rama has seen all this and been on the trains. All the Black Ops can read the signs.

#5, KOS: these guys have nothing left, want to create as much fear, distraction, chaos leading up to Sept 30th and Oct 1st and dismantle the gov't

T: the top secret Mossad agent from Israel involved with ISIL is giving money and tactical information from both the Mossad and the CIA: **James Foley's head coming off is FAKE – HE IS ALIVE AND IN A WITNESS PROTECTION PROGRAM.**

- This was used by McCain and the 14 treasonists and others [471] to attempt to force Obama to put boots in the ground in Syria
 - Hollande also wanted to put boots on the ground and go after Al Assaud
 - **Now the perspective in the west on the region is changing:** trying to change things around and work with Assaud to get rid of **ISIL which is really our Black Ops / the 471 members of Congress**

T: The astrology is very dark this week will be Sept 3rd before it changes

- patience and forbearance: block the bad, negative effects of the Saturn – Mars conjunction that came in with the new Moon on Aug 25th
- clarity & simplicity: will neutralize the Sun Neptune opposition
 - these 2 overlap and create a very dark mood and situation as the news talks of
 - **AND THE WHOLE THING IS A LIE**

- Corrosive mix of danger, suspicion, fear of personal and societal complete disintegration
- **The ANTIDOTE IS patience, forbearance, clarity & simplicity**
 - **Don't allow anything else to affect you; APPLY AS NEEDED [A COSMIC SALVE!]**

Turkey: Erdogan got sworn in as President – another slimy beast

- He was prime Minister: the rule in Turkey is that the president is to be neutral
- Erdogan is now president and WANTS TO CHANGE THE RULES so the ceremonial position becomes an active, executive position
- He took the oath as the first popularly elected president and held his position as the leader of a political party until the day he was sworn in. [so he would not be arrested!]

France 24 reporter: Erdogan remained as the leader of one of the political parties right until the time he was made president, many members of the gov't did not show up for the swearing in because they saw him as not behaving properly nor preparing himself for the neutrality of the presidential role.

- T explains how Hillary did not resign on time during the time Obama was president elect: had she resigned her Senate seat, she would have been arrested for all kinds of things!
- Erdogan would have been an ordinary citizen for 2 weeks and thereby open to arrest for corruption!

Guest: Judy Beebe via an interview with Jeff Rense [JR]
<http://curezone.org/forums/am.asp?i=2186290>

Rense 6/17/2014

Hour1: Major George Filer - MUFON UFO Report w/ Guest Frank Chille & Judy Beebe

TOPIC(s): Early Contactees of the 1950s – George Van Tassel – George Adamski – George Hunt Williamson - Valiant Thor (a Venusian) - Frank Chille Brings on Judy Beebe Who Had Met Valiant Thor

Rense 6/25/2014

Hour1: Major George Filer - MUFON UFO Report w/ Guest Frank Chilli & Judy Beebe (continued)

MR: Judy Beebe was interviewed; they are also bringing out the science and how it is producing energy which has been measured by scientific means, this brings out the research and the documentation of what she has been doing.

- George Filer, Frank Chile are also guests on the program

Jeff: what does GEM mean?

JB: Golden Energy Machine: GEM – the frequency in the flask is 20 – 23Khz which is the frequency of gold
Go to www.gemspheres.com

JB: Source of globes: a glass blower from Idaho

JB: a 3 inch sphere; easy to use – produces a powerful scalar field

- explaining about Scalar – a friend came from CA and picked up Judy in MT and took her back!
- They were in the home of a scalar engineer

JR: There is no scientific proof that scalar energy exists

JB: didn't think the engineer understood what she was telling him – a battery testing company took one of did the injections themselves; they signed non-disclosure agreements

- It was a flask – a t-necked flask with injectible stoppers
- They took 2 probes that were \$25,000 each and put them through the injectible probes and attached them to the battery. The monitoring systems were measuring energy produced over the night
 - they were injected with hydrogen and water in precise amounts
- From hydrogen and water they got KW of energy
 - The person doing the testing thought it was to create green batteries – not the point.
 - 7.6 volts of DC and 11 volts of AC power – that is why the company called her

JB: it's a fusion, not cold fusion, but a plasma fusion

- the scalar engineer asked them all kinds of questions, then sat back with his hands behind his head and said: what you have in your flask is plasma and it's an energy game changer; it's a closed system, needs nothing else to create energy for

- it is wireless, needs only a transceiver
- it is a living system; it's alive and intelligent – what the scalar engineer said.
- They know the energies in there do not require the battery test again.
- She is interested in people doing experiments.
 - In the health field
 - with food

Jeff: has a sphere, put hydrogen and water in it and is

JB: on the Gem Spheres site, a woman gives her story: she had been around scalar energy

- This is a **biological scalar field** – this is natural energy: it is what we were supposed to discover from the very beginning.

J: Mr Tesla came back to talk to her: no wires were needed!

JB: he was all about wireless

Jeff: when Tesla died, all his papers were taken before his body was cold!

- His only friend was a pigeon!

Frank: is to send Jeff the picture of the energy swirling in the flask

JB: the energy is tunable- can be tuned to anything. We have Dc energy and AC energy on the planet, and we can tune this to those energies

Jeff: What is a scalar field?

JB: A collection of freely moving electrons and ions. To make that, you have to have a perfectly balanced

environment -

JB: Cost: \$450 + \$20 shipping & handling

JR: Is there a money-back guarantee? Yes

JB: the Integraton is just a scalar field!

Jeff: in 1994, she first saw Tesla:

JB: 1994 is when she had her out-of-body experience when she saw the cosmos and got the symbols

- Took her 21 years to get from the OBE to this point

J: What is the care and feeding of a GEM sphere?

JB: It has intelligence: hydrogen has intelligence – Van Tassel talked about those splitting the atom were : they are destroying a life-giving substance

- We have the formula

George Filer:

Frank: FC shared the battery testing report with an engineering friend at a university

- the tests were in the plasma field about the water in the flask, not in the water and they got that reading from the plasma

George Filer: Yes, this works !

Jeff: this is the Zero Point energy, yes?

- If it transmutes radioactive things, that will help

JB: doing some research on Adamski and his book on space ships: we do not fly as you mean it, we nullify the atmosphere – it's a scalar field – this is the wireless brain: when wireless is applied around the earth

Frank: the hydrogen and water in the sphere goes for eternity?

JB: YES – the personal sphere is tuned to the nature spectrum, for plants and animals

- When they get to the energy part of ti //

JB: No, the energy in any sphere is the same

epinoya – the mother, the earth

pronoya – hydrogen

peroma – which is everything and nothing

J: Asks her about the cost:

- they buy the hydrogen which is 99.99% pure
- glass blowers
- this is going to make the energy possible and one of these day, you'll get your energy from a sphere!

JB: She takes it to bed; holds it in her lap when reading; talks to it; [it reaches out into its environment – the engineer could feel it] – want to be in scalar fields all the time!

JB: The glass is pyrex glass so it's not so fragile as very thin glass

Jeff: Will they make a leather device to carry it or anything else?

JB: Can put it on anything: it's like a Christmas ornament didn't think she'd be so excited with this small one!

- She gave her 6" sphere to a person she knows who is dying of cancer: now he says the only thing keeping him alive is the sphere. He was supposed to be gone a long time ago.
- When you hold it in your hand: no heat or vibrations.

JR: The numbers she gave him – there were 560,000 jules and the glass did not break – how come?

JB: The battery test was done with a flask, the same kind of strong glass, pyrex - borosilican as the 3" sphere.

J: What kind of tests could be done to evidence some kind of activity in there?

JB: You can see the energy moving: put it in the sun and let it mist up, and you will see activity in there

- there are no meters you can use as it's a sealed unit
- what can you use to test a 5d thing with?

J: there ought to be a way to test it, sense it, feel it

JB: If you knew someone who knew how to make a transceiver, to receive wireless energy and tune it to what you want to run, you'd be able to pick up hertz frequency.

Frank: we need a lab, a physicist who can tune it

J: How would you go about tuning such a thing? How would you impart a new frequency to such a thing?

JB: if she knew how to do it, it would be done! Judy does not why she was the receiver of such marvellous information!

Frank: reminiscent of contactees saying "why me?"

Jeff: knew someone called Val Thor who was his neighbour while he was in college

- Said he would like to have Val Thor on the program

JB: once there are enough of the spheres out there, they will be landing and walking with her soon.
Thanks for having her on

George Filer: Filer's Files – majorstar@verizon.net to get on his mailing list, a weekly compendium of the sitings of ships

MR: grateful for the audio: we've had George Filer, Frank Chile and Judy Beebe on this program, as well as Craig Campobosso who is making a film about Valiant Thor.

Judy's site: www.judybeebe.com See the spheres and other info

Hard News

T: it was funny when she said that there will be 144,000 and they will be walking with her, and he said OHHHHHHH K! [doubtful, to say the least!]

R: he holds the sphere and starts buzzing and tingling – has to put it down

T: back to Turkey • Erdogan wants a dictatorship in the end! He's a criminal

- Now the prime minister who was elected on Aug 10th as leader of the party Akmed ?
 - The outgoing foreign minister does not have the draw power that Erdogan has and that Erdogan will campaign for this guy
- he will be sued for breaking the neutrality of the presidency

Pope Francis there is a ban on priests holding political office

- Francis lifted the suspension on a Nicaraguan priest from 1985 - Father Miguel DeScoto – he joined the cabinet of Daniel Ortego: the Sandanistas were the good folks
 - the Vatican is in charge of all gov'ts on earth, and anyone who wants to be in gov't has to get permission! It's a conflict of interest!
