HARD NEWS

T,R: Greetings!

R: goes back to Tuesday when Rama got to speak with Natasha

- she has a magic galactic pad: showed Rama how close Nibiru is to earth – the vibration of Nibiru, the sun, Helios and Vesta: the sun behind the sun – are amping up the frequencies, all raising energies.
- Scientists worried about Nibiru going around the sun and it is so close to earth's orbit - so we have a defence shield

M asks R: explain what Nibiru is and earth's relationship to it

R: it's a giant mothership in orbit around the sun; comes every 26, 826 years and this is the time she returns, as 26, 826 years ago, we had a Sumarian civilization

- This is a galactic set of years, a bit different than time in earth years of 5,000 years; and it represents 8-8-8 Lionsgate – Mother. [2+6; 8; 2+6]
- It's here to collect Mother's wayward children, the ones we are watching play themselves out; another chapter of the 4th Reich is being played out before our eyes & is extremely dangerous at this time
 - Trump is surrounding himself with right wing crazies & those who are genuinely evil and trying to create his own version of the Thule society

R: he is being told that the whole planet is saying we will not stand for another go around – the resistance is happening.

- Keith Olberman on a 6 minute video says the resistance has begun; Thom Hartmann, Joe Madison also talking about the resistance
- Since last Tuesday when he talked with Natasha, people are seeing the blatant disregard for life by these ones – this will not stand at this time on the planet

Mr X sent a text message to Rama this am: "Tick, tick, tick; goodbye Donald Trump."

- Last Tues, **Mr X said** Trump wants to create an occult circle like Hitler's Thule Society
- Alex Jones wants this as well: he's is an asset of the Vatican and Netanyahu – got \$2M plus from them
 - these 2 have been working behind the scenes for years to create a mind control trap for the people of the world
 - Steve Bannon, Kelly Anne Conway, Breitbart, John Bolton, Mike Pence, Guiliani

Mr X: Pence is a direct story line into the Aryan nazi profile: a good super soldier for this adventure and all the evangelist minions will follow suit

- Trump wants to make Mitt Romney Sec of State; he's a very naughty boy
 - Has trillions of dollars hidden away, and is in alliance with the Illuminati
- and Paul Singer, the vulture capitalist and Bush Sr are basically responsible for getting rid of 70,000 manufacturing companies - moved off shore; plus many dead people left in the rubble
- as The Collective said: evil is energy out of its time/space continuum in order for it to succeed and we have the power together.

O: what about Mitch McConnell? she has a terrible negative reaction to him

T: his wife is oriental; her father has a shipping business, and he and Mitch shipped the advanced Ebola virus to countries in Africa – very naughty

O: what is his role at this moment?

R: what R has heard: there are republicans that are right, left and centre, turning on him, as they see the road Trump is going down – the more moderate, sane ones around Mitch, as was described to him by Natasha, Tom the Cat and the Poppy Lady: the more moderate ones are turning from Mitch and Paul Ryan, getting away as far as possible – can see the fallout coming which ultimately is a constitutional crisis

- many members of congress and most of the Pentagon will not work with Trump – they would take up arms against him
- Mitch has always been really evil

O: this is Omena's sense – all she saw was evil

T: a southern landed gentry that represents the old money of the south which has to dissolve and go into the earth to re-nourish the soil; they violated the people of the south and the Aboriginal Moabite People from the very beginning of the slave story: O may be picking up on the blood on his hands. Has to be healed via reparation, restoration

- Today we are still a slave colony of the Queen of England

COR: heard on NPR and business insider.com – Obama is in Germany; at a press conference with

Merkel, said that the demands of the job as President require serious considerations: if you are not serious about the job, you won't be there long because it will expose problems -

- More general than saying that Trump would not there long: what is he trying to tell us?

T: Trump is not going through proper channels to see people – Rachel was joking about the Australian leader calling Trump by using his cell phone number that he had been given;

- the pentagon people have been insulted by saying the current generals don't know so much about Iran and so on
- no, he didn't expect to be president
- Sitting beside Obama, he didn't know what to do with the aura around Obama!!!

R: at this level that Omena is bringing up: all week people are dealing with collective PTSD –

- Stephanie Miller is turning her act around: starting to tell the truth now; having people on who spill the beans about Trump's sexual proclivities and what is behind the story: the secret space program, sex slave industry, the drug trafficking, the human trafficking and how it ties into all the biomedical-military-industrial-congressional complex; how the aero space manufacturing industries get defence contracts set up to play into the secret space program
- Gen Michael Flynn is one of the inner circle around Trump: a neo con and crazy; has the idea of the transhumanist agenda: inserting soul matrix into an android body so we don't have to die
- there was a *Star Trek: Next Generation* episode in which 2 cyber organisms and thought they were who they were, but they weren't so they created a program and went to live somewhere – it was all a program and that is what the transhumanist thing is about
- Flynn is an exemption to the rule in the Pentagon: is being paid by Erdowan who is a war criminal and a half: another scene that HRC is connected with
- On Wed, brought out the old, over-weight, lines-everywhere, jowls-falling-apart Hillary to the stage – they are saying she is just a front for the 13 families, per Ben Fulford, and that in a couple of months, she will cease to be. And Bill's heart cannot pump enough blood: could be gone before year's end – **before** Jan 20th!

• **Michelle for President.**

T: Trump – R's people said: he's guilty of massive murders: this info being suppressed

- Kelly Anne Conway is threatening that those who criticize Trump will be offed.
- There are numerous little girls he's raped and made dead and this has not come out – a serious problem here.

R: Natasha about Nibiru: Ashtar Command and Blue Avions [as monitors] have put a shield around earth

- our sun is going up in octaves and all the planets in the solar system are affected by the heating up at their N and S poles. This is a whole other thing – it's coming from another field altogether – the general warming up is happening
- The Trumpsters and the banksters are saying there was a mini ice age that froze and killed people before – not to worry! As Thom H said that has always been going on yet it has been regional; **THIS IS GLOBAL and it's not stopping**
- When Hyperborea was in existence and there was no ice on the poles, the whole earth was in the 5th dimension and so were the beings who wore no clothes; poles had no snow or any night
 - the energy meridians at the south pole is going inside the earth and those at the north pole are going out of the Arctic pole
- at the time of Hyperborea and no ice – right now, having no ice on the Arctic Circle - in three years the ice will be gone and methane gas will come out – the acidification of the ocean is what is going on, killing fish
- the last time we had this situation on a global scale, we went into extinction – 96%

extinction. The edge of the last extinction was 100s of 1000s of years ago, and it took millions of years to reach the state we are in now; this time it has taken 200 years to get to the same state

- Between 1984 and 2012, we have lost 58% of all vertebrates on this planet due to what is happening

Question: a rumour on the net that George Soros died of a heart attack

R: does not know, could be so

T: 1987 he was killed and cloned; again in 1997 when he gave millions to moveon.org to get started

- might be true – could be true as he knows too much

Question: was Trump Mussolini?

- Neither Omena or T think so

O: He was Genghis Kahn: notorious army man in china who pillaged and raped in China – very violent.

- When she asked more about him, a shield came down – not hers!
- Doesn't know who put the shield down – not her guides, but whoever knew she tapped into – it's like a cocoon
- he was around at beginning of 20th century; had a big part in the earlier part of the 3rd Reich – didn't live long

• Asks if he was part of the Jekyll Island thing -

- No – he was in Germany at the time- didn't live long there; part of a private group

T: he's part of the nazi 3rd reich families – he was born in South Africa of a royal dutch princess – so he was a nazi from the start

• Yes, it is total fraud – an arrangement of the Gnostic Illuminati

T: we had the first african american president – not really true: there were 8 or 9 before – John Hanson was #1;

- Eisenhower has black in him; Abraham Lincoln was part; so was George Washington – the stories go on and on! The truth should be you're called what your mother was!

• **Tom the Cat, Poppy Lady** called

- Trump's inner circle or right wing neocons, the crazies and the right out evil ones inside there - this Trump bunch want to take over the middle east and carry out , along with Netanyahu's Kharzarian nazi mafia boys a fake Armageddon rapture scene
- nor does the Pentagon want to answer to Trump
- all the top elitest groups have lost their grip on controlling humanity
- how this will look to the world's public: whistle blowers will be exposing them fully - all of them, their war crimes, crimes against humanity, including everything & especially 9/11 as an inside job, done by all the dark ones, including the main stream media – except for Rachel Maddow who answers to KOS: she's a double agent White Knight

• yesterday The **Carter Doctrine** was brought up: defines the middle east as an area which must be controlled by the west, including the Saudi countries – only the US was to have control over that part of the middle east – this happened in **1980**

- Carter was killed and cloned in 1977 by Bush Sr who was in charge of CIA
- Jimmy Carter has talked to Rama many times: knows he is a clone; he intends to tell everyone before he leaves the planet he is brother to JFK Sr: father is Joe Kennedy
 - they used him after they cloned him to get the Armageddon thing going

• **1980 – Armageddon Plan 2000:** the darkest thing ever: has to do that in July 1980, Sec of State Edmund Muskie endorsed as official Carter policy that report

- “the elimination of 2 Billion beings by the year 2000” – it was accomplished!!!
- the Office of Population Affairs of the US state department . . . did the job – US foreign policy is being planned and implemented on the basis of its effectiveness of murder of

human beings

- spelled out by the eco summit meeting at the meeting in Brazil has required the study of populations on the planet
- 1 billion by 1800; 2 billion by 1900; 3 billion by 1960; 4 billion by 1974; 5 billion by 1987; 6 billion by 2000; 7 billion by 2010.
- All done by Bush Sr who represents the nazi 4th Reich – time for this to be gone and the light, all of us doing this together - the power of world group service

Question: FBI Director Comey – many political figures arrested in England yesterday; this goes on in our own gov't as well - "stopping the perverts"

T: to re-iterate: Comey answers to the white albinos of the Deep Underground Military Bases – he represents the complete opposition to the 13 families

- Comey is not long for this world, either
- James Clapper resigned today – he testified and lied that the NSA was not doing something at the hearing; he's connected to the CIA, is guilty of treason as he publically lied
- Donald Trump's bounty on his head: as soon as he was declared president
 - both sides cheated – both Hillary and Trump-
 - Trump cheated and Amy cannot talk about it – Trump flipped all the votes so all the votes that were for HRC went to Trump, and Trump's vote went to HRC – they were strategic
 - it's **election fraud** and how the machines are set up – a large white collar felony – goes into the realm of Madoff
 - Got rid of Chris Christie last week – going down for Bridgegate
 - Jamie Dimon, head of Goldman Sachs – fine was \$164 M – not really huge!
 - he's still not in jail!
 - They are all being protected until they are not

Natasha: smaller craft are coming from the Nibiru and can penetrate the shield around the earth

- going to pick up the wayward children of Mother to be tried in Orions Belt before the King Dracos and Princess Ardala for inter galactic war crimes, about which we know nothing

Natasha: don't need a space suit to walk around on Mars – blue skies, like on earth

R: She sent R a picture of a prairie dog on the surface of Mars! Lying about the whole thing -

- Mars has a blue atmosphere like earth's. We have been sending "criminals" to Mars via a jump chair technology, bi-located in a couple of seconds – there are chain gangs there and forcing them to mine things from mars because we are using more than the earth can provide – been doing this for 10,000 years.

MR: introduces Omena who will help us understand a bit about PTSD

O: feels like she's just developed PTSD too

- it's been around a long time – talked about more than it has been before
- It's a complex trauma – so much going on in Aleppo: events that are severe and pervasive and there is a profound neglect of those who have been affected – affects a child's ability to form emotional bonds as well as physical and mental growth
- it is usually ritual abuse that goes on for a long time - "complex Trauma" is just beginning to be discussed, worked on.
- even if a child watches, can be traumatized and distorts their whole view of the world, especially if they get not help understanding – have a hard time with emotional attachment; dealing with authority figures like teachers, police; may think they are going crazy

COR: when someone is stuck in their trauma it's hard to admit that they have gone through some kind of trauma: her father, her aunt were abused as children – not something that ever got talked about – part of the attitude of that generation.

O: the behaviour signified there is deep problems going on: people did not have the knowledge – she's worked with people in 60s who have just discovered that they were sexually abused as children – parents have not realized what happened. The events are buried in the minds of the victims.

- the physical, spiritual, mental, emotional bodies have memory and the buried memory of the incident interferes with their growth / development. Adults who have had such experiences have various responses to this: hyper sensitivity to sounds, smell; can injure self without feeling pain; the body has pain where there is no evidence of something having happened – depends on what the subconscious mind has recorded

O: people with complex trauma are triggered are right back in that situation – can suffer from significant depression, anxiety – it's insidious if the parent, the person on the outside, do not have enough awareness, education to understand what is going on

Cmdr Randy: in some of the vets when they have to recall what they did to their superiors – they store it in their hearts and they suffer heart problems as men don't cry!

O: they do what they are supposed to do, and it comes back to attack them much later
And then vets of Viet Nam were not honoured when they returned, and are still trying to get help – and lots of them don't sleep or sleep with weapons or have to be in control

- ritual abuse on a regular basis is the hardest to deal with – as in a cult where people have to submit to abuse – all going on today is bringing up fears, and those who have suffered trauma are having a very hard time.
- hypnotherapy will help: she takes adults out of the memories, responses, maybe illnesses to help them get past the childhood responses.

COR: asks if Omena has been seeing evidence of PTSD in the people around her?

O: there **is** cultural PTSD going on

- 90% are suffering from the trauma of sexual abuse and just discovering that this happened – and the women she sees are already in therapy: she gives them questions to ask the therapist – necessary to interview the therapist and be your own advocate: can the therapist deal with what you have to discuss? If they cannot go past their own boundaries, they will not be able to help anyone else.
- Sometimes, she just asks people to tell her about themselves; she picks up the info she needs.
- Brings up the difference between “healing” and “fixing”

MR: describes what she does with her clearing process – different way to get at same info

O: Often the child will go somewhere else during the abuse; she notices their eyes during her sessions and can tell when they detach from the interview; she asks the person where he/she went when they detached from the interview – explains to them what they did – watch their eyes: can see when someone detaches

- some people think they don't remember something, that they made it up. Or is someone was beaten, had welts that healed and then have a nightmare – the welts can show up as if it just happened. There is a way to rescue the person so the discussion can move to healing
- Behaviour: being very controlling as they feel very powerless – she has to talk to them calmly to bring them down!
 - when she works with someone, makes sure they are integrated before they leave the office
 - Need more education about veterans' trauma; but for the individual so often shame-based and won't tell others; can blame themselves –

- anyone who might go for help with all of this – have to be patient with self; could take 6 mos – 1 year to get to the place where they can really deal with this.
- PTSD is same as diabetes or other things: have to look after self, recognize the triggers
- The therapy and education teach people how to look for the triggers

COR: her abuse started when she was only 4 months old!

- What transforms the wiring in the brain? Other than a very strong spiritual experience

- O:** when there is ritual abuse going on with young ones, the development of the brain is interrupted – the pathway develops differently because the child needs to feel safe
- have to do a lot of healing before getting to the spiritual part
 - maybe people don't understand: the loss of childhood – the pain and heart wrenching of the grief of the loss of childhood: if they can get to the part of grieving this, then the healing can start
 - never force a person: have to be ready to address it – the very idea that it even happened to them!
 - Most ritual abuse happens in the family! Need the denial in order to survive; to shut down the emotions – and we live in a country of denial for pete's sake! Going to a funeral and seeing the body made up, and all dressed up was a shock to her. In Ireland when mother was buried, no
 - families go into denial: her family wishes she would not bring this up – her siblings don't want her to talk about the inter-generational aspect of this
 - Just the same as alcoholism etc – talking about sex is a taboo in the family, and sexual abuse is even worse! There is family culture, society culture, group culture – what creates the complexity is not that it happened, but about how often!

COR: the more ritual abuse happens, the more things are compartmentalized?

O: yes – stitching it back together can be done; it just takes time

O: Doing the right thing is much different than doing what is right: part of humanity to be able to connect as a group, as a population. Is amazed by the lack of empathy for those wanting to come into the US – painful to see groups being targeted because they have been of a certain group

- she sends out love and healing to those who have suffered from PTSD – pay attention any of the following items – it is a long list!

T: tells Rama's story – had to get another computer with help from a number of sources

- R came home with the computer and had to do a Windows update and it went on for 8 days – he went to the computer person who had 8 other computers doing the same thing! It was being done by Microsoft on a universal basis.
- R came home and talked to one of the Microsoft techies; they ended up talking about the Ashtar Command and what happened with Trump; told R he was gay, and very concerned about the idea of Trump as president – liked what Rama had to say, said he'd help R and if anyone else needed help, send them to that techie!

O: lots of PTSD around those of different gender persuasions – don't know if others will rise up and beat up gays or anyone who is different, for that matter.

- at the spiritual realm, does not matter you love, it's about HOW you love!
- Lots of PTSD around people who are different.

T: nature is on PTSD, and the whole planet as well! The PTSD of Hitler is coming around a 2nd time transcribed material from Thom Hartmann's show on Nov 15th – the people during the time of Hitler were getting the same hits that are happening to people now!

- A new biographer – Mr Aldrich – book is **In Hitler: from dunderhead to demagogue** – what she reads is the book review – talks about the success of the use of propaganda,

about the way people dismissed Hitler as being not serious, as being too simplistic

- O:** asks a question of Carolyn O R around the potential passing of one of her aunts
 - a discussion following about fairies, dying, effects on families of the death of a member
- MR:** always had a huge angel, being looking after her from the time she was little

- O:** grew up in Ireland – the church on one side and the fairies, leprachauns, and all other beings
 - mother was not religious, more spiritual – Omena was the only one the mother worried about!

PLEASE LISTEN TO THE ENTIRE CONVERSATION: FAR MORE INFORMATION THAN IS NOTED HERE!!!
