<http://bbsradio.com/podcast/stargate-round-table-april-28-2016>

- Rainbird:** has been on her land for 27 years; working with the spirits on her land; has come to realize that the energy in her area, particularly the township, has a kind of dark feeling: sadness, suffering – very deep. Has been doing energy work – would still show up
- She's also seen dragons, unicorns – so there is lots of light energy as well. Has also experienced a sasquatch talking to her in the last couple of years – showing up in different ways
 - Two nights ago, she was practicing her clarinet, playing music from Star Wars; she was talking to the ET people, as she'd always felt they'd like it – a knowing.
 - This last time, it was a stronger presence & she didn't get it. About 1:30 am the dogs in the neighbourhood started barking & no one quieted them. They weren't barking at coyotes, either. She quieted hers but it wanted to be outside; she & her neighbour were the only ones who noticed what was going on. This happened two nights in a row with the dogs being harder to control in middle of night.
 - The neighbour's guide told her that the dogs were aware but the people were sleeping, unaware. And no one who was not aware would notice it
 - The ET s were clearing up the land and transmuting the energies, the low level of the energy much of which had come from the genocide of the native people, abuse from the slave trade, from the hangings, from the results of the gold rush and the encampment that was there during Civil War and in that area, most people just shot each other! – all those energies, resonances just lifted.
 - She and the neighbours went out and figured out where the ships had been – some kind of air strip
 - the energy now feels lighter as a result of what the ET s did: some clearings took place – we can take heart: they are out there, it's happening!
 - She had asked about shifts, earthquakes they had felt in the area; they told her those are just little ones
 - there will be a cloud of consciousness will come and affect everyone on the planet. A good piece of information to share.

MR: thought that to realized that there would be a cloud of consciousness that would come and clear the way from the old so the new could come in and to validate this and have the same thing happening with the neighbour is something to be happy about!

- she invites others to call in if they have similar experiences and share them – helpful for all of us to know that we are not alone.
- Talks about tornadoes and other weather events in Indiana; lots of devastation with the water and the flooding: things being cleared and cleansed; nice to know there are ways of doing that clearing and cleansing that are not so destructive.
- Angelsu is back home, by herself – didn't get any physio therapy
 - We can help her if we are able – at angelsu@bellsouth.net – send greetings and / or financial help to her paypal a/c -

CL: about 10 days ago, she was lying on her bed upstairs, and was alerted to something going on outside

- heard the neighbours and their daughter being very excited; she looked out the window to see what was going on as they kept on exclaiming over something: they were looking up and saw 9 planes, in 3 sets of 3 planes each, coming over the townhouse complex – they were silent ! 3, then a space, 3 then a space, 3 then a space. The neighbours didn't think this was a good thing – stealth aircraft. This was over the north section of Philadelphia – they could tell it was planes.

T: they see that all the time in Santa Fe – not uncommon; they are aware of that type of technology – lots of stuff going on in NM

CL: now she has seen it for herself, will be more aware: a formation of 9 – wondering if others have had it – happened about 10 days ago.

HARD NEWS

Rachel Maddow: interviewing Jane Sanders who is one of us & manager of Bernie's campaign; they are emphasizing that the movement has begun and must keep going.

- Some discussion about ending closed primaries because they are not democratic
- T thinks Bernie will take all the rest of the primaries, as the rest are open
 - in NYC, 3 million people were disenfranchised
 - Bernie could take California; of the 5 on Tuesday, 4 were closed; Bernie won the open one [RI]

MR: Indiana: their primary is on Tuesday – Bernie and others have been there

- Why are people in Indiana called Hoosiers?

[SEE BELOW]

R: in the last few days, all he is told there are so many awesome uplifting energies pouring in in spite of Mercury going retro; there are 5 planets going retrograde

- even this [fact of retrograde planets] is a re-do, it's about going deeper and deeper because something so huge is right in our midst; keeps being told our friends are here
- he went out yesterday and called in the ships which showed up silently after 15 minutes of using his crystals – he wanted to see how fast they would show up! They said within a nanon second!
- You can feel the uplifting energy from them.
- At the same time, there are also not so nice things going on.

T: LM Nada, Dodi and Di on Friday – there are so many beings and spherical ships in the sky from the Horus fleet; coming in tandem with Mother's Paschat fleet – an ever increasing presence

- they are here – the galaxy is just full and the energies are 12th dimension and higher
- they have 2500 in their community in Wesak and 4 llamas & Keshe off the grid technology
- the people are refugees from the war zones who need to be protected
- this is a particularly because the WESAK full moon has changed everything

• the media will now be shifting & there will be accountability –

- Mike Papantonio's **Ring of Fire** had Abby Martin on again; she completely exposed things that Hillary has done
 - she said if you vote for Hillary, you vote to perpetuate and expand the war in Syria
 - as Secretary of State, she went around the world and sold fracking to everyone!
 - Prince was taken out by Hillary and friends because he exposed what she did [fracking and chemtrails]; he was going to expose them & their fake alein invasion

The Oracle Report: pulled Prince's Chart – <http://www.oraclereport.com/blog/>

And, with great sadness, I have looked at Prince's chart. At the time of his death, the transiting Black Moon had moved into is 12th house and was beginning the month-long transit to his North Node (destiny). He had a natal North Node/Neptune conjunction, with his Neptune at the Chiron Point. His destiny was to wound (the new world order, through "outing" their systems), heal (us, through his music), and teach (everyone, through his brilliance). I believe Prince always knew he would become a martyr. And he is and he shall. His life and death will further the Spirit of Liberty - the most important thing to him.

"Goodbye sweet Prince. Pure, certified genius at the highest level. Too soon."

~ Pete Townshend, April 21, 2016

- they **took him out on QE2's 90th birthday as well as on WESAK** - using a holy day for dark purposes
 - now it is important not to despair; Mother has been talking about people choosing to leave because of that perspective: yet it is **really about the phoenix rising**
 - Queen Elizabeth 2nd born on April 26, 1926; 2 years later, Noble Drew Ali – her father - won the north & south hemispheres back for the Moorish people / Aboriginal Moabite Nation
 - the Queen Mother poisoned him to death, it took about 3-4 months, just before the crash
 - all the royals and others – whole G8 - pulled out their money so everything would crash & started all over again
 - The 13 families used FDR too – he was a double agent and Frances Perkins, his wife, was gay and her lover was the one who created the New Deal – FDR had to play too.

- So what Prince represented has been an angst for them from the beginning in terms of exposing them
 - Send them lots of support – and also Angelsu – she really needs the physical therapy – may the strength of her heart carry her through!!!
- **Nada, Di, Dodi:** the evil plans of the 13 families are completely collapsing in front of us
 - the petro dollar is hanging by one of Superman's hairs
 - it has to go bye-bye and free energy steps in: so many new technologies being brought to our consciousness; the fossil fuel industry is hanging in the background like shades of the Kali Yuga – still looks like Mordor where people are dying - yet **we are in Sat Yuga**, the 5th dimensional frequencies – he can see it, yet he still is watching not so nice things
 - a 14 year old boy got shot in Ohio playing with a toy gun: he lived! The very fact that he was black and the police were involved is why Rama brought it up
 - Yesterday R went to the Garden of the Gods and called the ships in: so amazing to watch what is happening and at the same time, the absolute insanity around the elections that the media wants us to buy into
- Mr X and Kathryn:** do not underestimate Barack Obama – he is giving them all the rope they need to hang themselves, even if he looks like the worst dummy around!
- The White House Correspondents dinner is on Saturday; he knows how to say things and shake up the world! Gentle humour goes a lot longer than using guns
 - Putin will take the 28 pages that were redacted – the specific info about who did what around 9/11; he will declassify the document and speak the words
 - the **change over where the accountability starts with Hillary:** the probe of the FBI that has to do with the black budgets and the secret space program which is the continuation of the 4th Reich -
- Larry, Curly, Tom the Cat, Kathryn:** we are on the extreme edge of a mole in the controlled media telling a serious story about the positive encounters with ET s
- they **confirmed that Prince was taken out** by the 13 families; also did the same with Whitney Houston on Feb 11, 2012; Robin Williams with Aug 11, 2014; Whitney Houston's daughter July 26, 2015, the beginning of the Mayan calendar – **THESE WERE ALL BLOOD RITUAL SACRIFICES**
 - all the energies of the wesak moon in Scorpio – leaving all of us in the energies of the Buddha as when accountability enters the news cycle – could start at the end of this month – need patience!
 - Sometimes when there is not enough movement in consciousness, we need to help enlighten others and keep things positive
 - **Interesting new things** – an off grid UFO home powered by wind, water, and the sun it is completely spherical with gardens on top, full opening at the top, windows all the way around; also a window in the bottom dome
 - now have created modules that look like the earth ships but now have them pre-fabbed – can grow all kinds of green stuff; only 400 SF in total – tiny hobbit houses: everyone should have a place to live.

Guest: John Polk

PLEASE LISTEN TO THE WHOLE PODCAST: WHAT FOLLOWS IS JUST THE TIP OF THE ICEBERG!

- John's first visit he told us about the UFO Conference
- MR asked him to talk about the content that the speakers presented

JP: lists all the people he met - George Noory, Linda Moulton Howe, many others

Books he bought:

Mike Berra – ancient aliens and secret societies

- goes into the epic of Gilgamesh, written in Mike's words
- presents much about the Annunaki on the planet
- had lots of photos from Mars – all kinds of buildings there that looked like factories; artwork carved into the landscape: animals indigenous to earth

Jason Martel – Knowledge Apocalypse: lots of photo evidence of lunar and Mars anomalies

- found photos of lakes on Mars
- dynamic speaker
- JP; Mike, Jason, Jimmy church – hung out together

Richard Dolan – UFO s for the 20th century Mind

- a mine of info on UFO s and US history
- George Noory wrote the forward for this book

Linda Moulton Howe: JP watched the Super Bowl with her and the others

- She wanted Denver to win – related to her research as an investigative journalist
- on praying Mantis people and the Ebans
- The Ebans more like a worker class of EBEs
 - a structured purpose, function in the structure of the Universe and MW galaxy
 - LM Howe spoke of what William Casey told Pres Reagan on what was happening in space
 - these are the ones who come to earth and abduct the people from earth
- the Praying Mantis oversee the Ebans – stay on mother ship; have teams of Ebans out all throughout the known universe and the omniverse – navigating these universes is easy for them; they can manipulate the time loops too – most industrialized nations have time travellers who can manipulate the time loops too – brings up Hitler & 3rd Reich – Hitler wanted to go back in time and change the time loops so he could win the war.

Question: what do you mean when you say we have time travellers?

JP: seems implausible – why he talked of Hitler commandeering the space ship from Poland which was taken back to Germany; German scientists learned directly from the inhabitants how to make the ships

- **Operation paperclip:** US brought over 1000 nazi scientists including Werner von Braun who started the space ship program. He works for NASA which is a coverup
- Yes we have time travellers but we will never hear about it.

Purpose of the conference; to present Stanton Friedman with a lifetime achievement award by George Noory – meant a lot to Friedman; a genuine moment.
JP has seen him several times at conference

JP: explains a bit about Vision and fusion and propulsion

- G Noory came on 2nd day – a very funny guy! Tells the story about the guy with the brown paper bag – the night goggles that allowed him to see UFO s right there

Date of the next conference?

Aliensnowfest.com – next one will be alienmountainfest.com – a beautiful place for UFO conference – sometime in middle of August, 2016

CL: are the glasses supremely expensive?

JP: yes they are – need to get a very good pair: the professional kind. \$3,500!!

JP: has been training his body to traverse the different dimensions and the different light spectrums which are invisible to the human eye

- He researched on line how to do this – took him years to get good at it.
- Uses as much science as he can to be sure he is seeing what he thinks he is seeing!

MR: recounts Rainbird's story of the dogs and the ET visit to her area. The dogs sensed their presence – were clearing the dark energy of the area.

JP: animals more in tune than we are! Children can also see through the veil and they are willing to suspend disbelief – they have no difficulty telling us what they think and feel.

- Yoda asks one of the kids why is this star missing? Answer: it's been erased from the archives!

MR: Star Wars is a way of educating people

JP: There are characters like those in Star Wars in the areas in space around us

- For us to have enlightenment on the planet, we have to have full disclosure; his intuitive guess is the announcement will be within the next presidential term

T: talks of Victory Lindquist – during the day, put the cam corder on the night setting and will see the ships
and it was about \$1700

JP: didn't know you could just change the setting on ordinary technology

T: disclosure will happen sooner than you think!

JP: most important race is the human race

yahweh the biblical god is an alien is his first book – the fiery chariot is a space ship; carvings, paintings on cave walls are all the same

T: When God was a Woman is the next book to be read on the program; need to go to the non-linear spectrum – being discussed right now as a FACT, not speculation

MR: talking about the different religions: grandson working with Morgan Freeman on The Story of God – fascinating to learn of the different points of view and of people understanding the commonality between the different approaches.

Caller: has been studying the different texts from the different faiths: has been directed to Enki, Enlil & the others; who are the IGIGI – they rebelled, but we are not told where they went! The Elohim – are they the watchers?

JP: the IGIGI did the hard work in the mines, etc; the higher ET s liked to drink wine, eat and fornicate with the women from the earth

- Enlil is Yahweh in Judeo christian ethic; Enki is the younger brother who became the leader over the earth
- many of the stories from the various religions mirror each other
- Abraham supposedly started Judaic religion – also Mohammedan & Christian
- all religions were started by ET s and they came to earth, told people they were the gods; the prayers offered to them provided energy for them

Caller: has seen the energy that comes from that prayer – can measure it

- talks about the war within himself – he knows spiritually he needs to let go of the anger, bitterness, etc
- talks about all the questions he has & the impact they are having on his life in terms of the searching he is doing

T: going back to Jacob and Esau: were twins, but Esau was the first born – the wife heard Abraham talk to Esau about getting the family blessing

- the Catholic church knocked the feminine off the pedestal – the divine gov't we are going to bring in now is about equality - the whole war in the Middle East has been rigged about who is first!
- Bernie has said this election is not about him, but setting things up so the people can

decide, as the people are sick and tired of dynasties – the feminine is balancing out the negative male energy

CONTACT INFO: can reach him via Johnpolkmedia.com and alienoraclescrolls.com

Caller: say Hi to Mother, glad to make contact again

MR: 888-429-5471 is the number to call!

T: the suggestion on Democracy Now was that the Divine Feminine should be in both the Presidency [Michelle Obama] and in the Vice Presidency [Angela Davis] – describes what has been happening behind the scenes in order to move this forward.

- Talks of countries have far more women in political posts
- the dismantling of the Vatican and its dogma is also happening
 - Anessa, a Russian woman with a program on RT Today, talks of the story about 300,000 children put in mental institutions in Canada – it's the first time this has been mentioned: clear that it's time for the Vatican to be held accountable

- Article about Edgar Cayce predicting that Putin would save us **[SEE BELOW]**
Rama is checking with his people to verify this

JP: God is always referred to as a man

- Washington during the Battle of Valley Ford goes into the forest and meets with the Green skin ET – the one he met was a female who told him to drum up as much enthusiasm as possible and they won the war against Britain

Yet the earth is always considered as MOTHER Earth

- People who believe in re-incarnation say they will not be born as a female
if you're hate women, you'll be born a woman
if you're a homophobe, you'll be born as one
etc etc – you get to experience all ways of being
- talks of his dream –
 - The background involves his role as a speaker at a conference where they experienced blue beings; met the mother of the conference organizers: she had a legion of white light angels around her – she was the one who was behind the appearance of the blue beings.
 - he blacks out and when he comes to, finds his front door open
 - dream has to do with shape shifting – has is cerebral or intellectual; the other half has to do with 'technology' of what is in your body
he knows he was abducted that night by shape shifters
 - the blue beings talked to 15 – 20 people and said they were shape shifters from the Pleiades – since he ran into them, he's been having experiences with shape shifters

T: not necessarily a spiritual thing that we can shape-shifting: the 13 families can shape shift and have been caught on camera shape-shifting

R: the green folks who came to talk to Washington were the Praying Mantis people from the Antarres-Arcturas Midway Station and work with LM Athena who is Ashtar's Twin Flame – they intervened and they are great healers on the green ray – yes, they are shape shifters

T: what Rama's Faction 3 contacts are saying is that the old thought forms, old patterns are changing and we are finding we have to go deeper: Mother has said many people are choosing not to do the work to change and are leaving

- also that full disclosure is moving in more and more, as well as accountability for those who covered this up – the news is going to be covering this more and more.

MR: when will disclosure come about?

R: as things are going now, things not looking so good for Hillary even though her horn is being tooted all the way to Pleiades! She has promised that she'd reveal the Laurence Rockefeller story yet this is part of the same story that goes back to Hitler – her grandfather IS Hitler

- R is being told that something right out of left field IS happening: the blue avian people, the sphere alliance folks, are inter dimensional, hyper dimensional beings that are already here, showing up in the solar system and the western arm of the Milky Way Galaxy, and the folks in NASA & others are very concerned because they want to start interplanetary war and they can't
 - They cannot use CERN to open more portals which has been permanently disabled by the galactics
 - Won't be allowed to start a thermo-nuclear war, either
 - there was supposed to be another project to put another cement layer /another plug in the Chernobyl site– but the multi billions of dollars were pocketed; was supposed to be done by no one and the fear is that the thing will collapse and there will be radiation over the whole of Europe, the middle east, etc etc etc
 - When Rama asked KOS and others about this, he was told there were trillions and trillions of star ships are in our atmosphere as well as our galaxy and solar system!
 - As well, there is a place called Shamballa the Greater in the etheric where inter-galactic world conclaves are held – they meet with the angelic kingdoms and all kinds of ET groups
 - they do not mess around with nuclear destruction because what we do here on earth reverberates across entire Universe of Nebadon and could literally debilitate trillions of life forms – which we already did 450 BILLION years ago when we destroyed an entire sun system – 1/3 of the angels did this; this has rippled out to now and this is what reincarnation has been about this because we had to fix it – she talks of the Wingmakers
 - the Age of the 6th Sun has been open for some time now and we get to work with the higher energies for those of us who are willing to do the work.
- MR:** when T talked of the Chernobyl thing, MR saw a white container thing put over the whole situation, so she knows it was / will be taken care of

Caller via e-mail: RGM to John: many are being prepared for face-to-face meetings with the galactics

Contact: main site: johnpolkmedia.com - much of his material is available there

T: enjoying the conversations; he gets to the heart of the matter!

- Not an easy thing to disclose about our brothers and sisters from the stars

JP: he's been attacked some and he welcomes it as these subjects need to be talked about! Most religious figures, biblical figures are in fact ETs or hybrids or clones – the more we talk about it, the more we are exposed

- someone went after him for saying that god was an alien – JP referred to the scriptures and showed this; talked about what has been said in the bible is not about the real heaven – the elder creator god aliens are capturing the prayer energy of people – he explains what he means for our consideration – talks about Enlil wanting to set the record straight – thought religion was supposed to be about love, mostly it's about war.

T: points out the idea that there is a big difference between spirituality and organized religion for profit – the higher energies are coming in now and we will be seeing changes sooner than later – talks of the Saudis who knew about the problems with oil but fired the scientists that presented them with the results if they kept on the same path

- the Old Testament is in a lesser consciousness
- the juxtaposition between the higher energies and the refusal to think about the new ideas or move from rigid belief can cause combustion of the heart
- we are already over 1.5* and moving faster to the 2* of temperature rise which means

that Mother Earth / Gaia has something to say about this too

JP: his experience at the wake of someone he knew well and respected – the person wanted to communicate with him – saw the light over the open casket; arranged to talk to him later

- told JP why he felt so stupid for getting caught up in an alien / fallen angel idea of heaven; he was basically calling out the bible.

T: talks about many people becoming aware of their past lives and integrating that information - how far JP's message has gone out tonight and he has explained things in a way that can be accessed by various generations.

- has become aware of the 13 families and their children who believe the program totally and that they have the authority to dictate the lives of others – based on the false story!
- also about Bernie Sanders and his wife and that they are from Venus; Jane S explains it is up to us, especially those who are unencumbered by what happened before the and after the dropping of the bombs in 1945
- We are the prophets, and the silent generation before us were also part of the story of 1945 and the dropping of the bomb which marked / was the break between the 2 stories: the ones after us have not been born with the awareness of what happened before that break in the timeline; they have been working from a much purer space and they are the ones working in the political sense now to bring in a better way of being and of doing things; it is time for us to let go what of what we think is terrible about us

JP: 2 articles in his book about Jahweh the biblical god is an alien - about the quantum hologram theory – he extracts from the theory that we exist in many dimensions at the same time - can be a cat in one place or an ET in another dimension – he is constantly trying to feel and see himself in these other dimensions

- we live in multi dimensions simultaneously

MR: closing, with thanks to John Polk for an informative discussion.

INFORMATION RELATED TO THE NOTES

What is a Hoosier?

How did Indiana get its nickname as “The Hoosier State”? And how did people from Indiana come to be called “Hoosiers”? There are many different theories about how the word Hoosier came to be and how it came to have such a connection with the state of Indiana.

One of the earliest known uses of the term is found in an 1827 letter that states, “There is a yankee trick for you – done up by a Hoosier.” Other early uses provide some clues about the meaning of the word. In 1831, Gen. John Tipton received a proposal from a businessman offering to name his boat the “Indiana Hoosier” if Tipton would give him business in the area. Sarah Harvey, a Quaker from Richmond, explained in an 1835 letter to her relatives, “old settlers in Indiana are called ‘Hoosers’ and the cabins they first live in ‘Hoosher nests’ . . .”

The word “Hoosier” was widely used by the 1830s. Around this time, John Finley of Richmond wrote a poem called *The Hoosier’s Nest*, which was widely read. He wrote the word as “hoosher” and did not explain its meaning, which leads historians to believe that Finley felt his readers would already know and understand the word. Finley wrote, “With men of every hue and fashion, Flock to this rising ‘Hoosher’ nation.”

So, what does the word mean? In 1848, Bartlett’s Dictionary of Americanisms defined “Hoosier” as “A nickname given at the west, to natives of Indiana.” In John Finley’s poem, the word “Hoosher” seems to refer less to the pioneers of Indiana and more to the qualities he thought they possessed, like self-reliance and bravery.

No one seems to know how the word “Hoosier” came to be. Some people think it was meant to mock Indiana as a rough, backwoods and backwards place. Others think that early settlers used the term with pride to describe themselves as a hearty, courageous group. One historian, Jacob Piatt Dunn, even suggested that the word “Hoosier” originally referred to boatmen who lived on the Indiana shore. We may never know for sure, but research and debate are likely to continue about this mysterious word.

The following theories and stories about the origin of the word “Hoosier” are known to be false:

- It comes from the word *Hoosa*, which means American Indian maize or corn.
- *Hoosier’s Men* was a term used for Indiana employees of a canal contractor named Hoosier.
- “Who’s ear?” – Writer James Whitcomb Riley joked that this question, supposedly posed by early Indiana settlers following tavern fights which had resulted in someone’s ear being cut off and left on the floor, eventually became the word “Hoosier.”
- “Who’s yer/here?” – This was supposedly the way early Indiana settlers would respond to a knock on their cabin doors. The story goes that it was eventually shortened to “Hoosier?”
- “Who’s your [relative]?” – Again, legend has it that this question was eventually shortened to “Hoosier?”

2016-02-25 Psychic Edgar Cayce Predicted Putin Would Save Us From World War III

by [Sean Adl-Tabatabai](#) in [Conspiracies](#)

<http://yournewswire.com/psychic-edgar-cayce-predicted-putin-would-save-world-from-ww3/>

One of the world's most famous psychics, Edgar Cayce, predicted that Russian President Vladimir Putin would be a "force of light" in preventing World War III from occurring amid the global turmoil we see today.

His predictions were made over 80 years ago in a series of "World Affairs Readings" about the future of world finance, world leadership, collective spirituality, and the important role Russia would play on the world's stage.

Cayce referred to Russia as being "the thorn in the side of the financial powers" who would try to organise themselves against the good of humanity in a post WWII world.

[Wakingtimes.com](#) reports:

When asked in 1932 about political and economic trends in Europe Cayce zeroed in on Russia:

Europe is as a house broken up. Some years ago there was the experience of a mighty peoples being overridden for the gratification and satisfaction of a few, irrespective of any other man's right. That peoples are going through the experience of being born again, and is the thorn in the flesh to many a political and financial nation in Europe, in the world... Q. What is the name of that nation referred to? A. Russia! (3976-8)" [[Source](#)]

70 years after the defeat of the Axis powers, Russia has been reborn, but the rest of the world is now largely under the thumb of the Western globalist banking cartel. This cartel is organized as the IMF, the World Bank, the Bank for International Settlements, and the global network of central banks, reserve banks, development banks, and investment banks that hold the world's elected governments in perpetual receivership and the world's people in bondage to mathematically impossible to pay debt.

Present Day on the Edge of the Knife

In 2013 the US was attempting to invade Syria under obviously false pretenses. Putin prevented US involvement by threatening to intervene militarily in a conflict that at that time had not yet devolved into the horrid conditions we see today.

With the deliberate destruction of Ukraine by the George Soros funded color-revolution destabilization team then the advances of the IMF to debt-conquer Ukraine with tens of billions of dollars in forced development loans, Putin's Russia emerged as the singular force capable of checking the banking cabal's global advance, and is refusing to allow Ukraine and Crimea to fall into the hands of Western backed forces.

The grand chessboard that is the Middle East is ablaze, and the world is on a razor's edge, caught between the very real possibility of escalation to third world war and the seemingly distant hope of world leaders suddenly finding sanity and de-escalating the situation.

Cayce spoke of Russia's role as being the 'hope of the world' in a coming time such as this:

"In Russia there comes the hope of the world, not as that sometimes termed of the communistic, or Bolshevik, no; but freedom, freedom! That each man will live for his fellow man! The principle has been born. It will take years for it to be crystallised, but out of Russia comes again the hope of the world."

(Edgar Cayce, 1944, No. 3976-29)

As events in Syria and Iraq have become more convoluted and devastating for people in the region, the Islamic State (ISIS) has been on a campaign of shock and awe, reigning bloody terror on Christians, Syrians, Kurds, moderate Muslims, Shia Muslims, and anyone in between. ISIS, as everyone apparently knows, is funded and supplied weaponry by the US and Israel as a means of indirectly toppling the Assad regime in Syria.

As the US and its allies pretend like they are not responsible for ISIS and act like they are powerless to stop ISIS, Putin has calmly told the world in no uncertain terms the truth about the West's support for ISIS and the other mercenary factions which have completely destroyed Syria, already killed hundreds of thousands of people, if not millions, and forcing the engineered refugee crisis on Europe, expanding the crisis now into Macedonia.

In this video Vladimir Putin cogently explains the Syria situation with striking clarity:

Who Created ISIS?

The Spiritual Development and Leadership of Russia

Even before WWII, Cayce appears to have foreseen the need for Russia to evolve spiritually in some manner so that it would be able to rise in opposition to the decaying moral values of the capitalist West and play its part as the great hope of the world.

Cayce was asked, "What should be the attitude of so called capitalist nations toward Russia?"

On Russia's religious development will come the greater hope of the world. Then that one, or group, that is the closer in its relationships, may fare the better in the gradual changes and final settlement of conditions as to the rule of the world. (3976-10)

Six months later, additional information was presented which helped to clarify this earlier prediction.

Out of Russia, you see, there may come that which may be the basis of a more world wide religious thought or trend... (3976-12)

When Hugh Lynn Cayce asked about the Russian situation in June 1938, he was told:

A new understanding has and will come to a troubled people. Here, because of the yoke of oppression, because of the self indulgences, has arisen another extreme. Only when there is freedom of speech, the right to worship according to the dictates of the conscience—until these come about, still turmoils will be within. (3976-19) [Source]

Essentially Cayce appears to be referring to Russia after the trials under Soviet rule and the collapse of the Soviet Union, as well as the need for the world to return to humanistic values in order to free itself from the oppression of the Zionist cartels which have been organizing against the human race for centuries.

Cayce is saying that some sort of much needed spiritual leadership will come from Russia in this time, some kind of attitude that will make it possible for a transition of this calibre to occur without having to experience the guaranteed destruction of any World War III.

Putin is at best no saint, and there is no underestimating the potential for deception by any nationalistic organization, but in a survey of the major players on the field at the moment, when the human race is teetering on a razor sharp knife's edge, Putin appears to be bringing something to the table that other world leaders aren't weilding... common sense.

And what would spiritual leadership look like in a world gone mad, anyhow? At first it would appear as common sense. Of course.

"Aristotle even goes as far as to say that common sense is where consciousness originates. So if a society is lacking in common sense, and there's little to no conscience, morality, empathy, consciousness, creativity, taste, discernment or love, how does one propose to govern such a population?" [Source]

Putin's actions in Syria makes the most common sense, among the available options. Already he has likely prevented the invasion of Syria by Turkey, checking President Erdogan at the border, and he has severely disrupted the operations of ISIS. Both are wins for the cause of common sense in an arena of treachery.

Did Edgar Cayce somehow know that Russia would take the common sense gap between spiritual leadership and the guaranteed destruction of World War III which is being engineered by the West?

Speaking on the current state of US and Russia relations at a recent summit, Putin said, regarding America:

"You must rise above the endless desire to dominate. You must stop acting out of imperialistic ambitions. Do not poison the minds of millions of people; like there can be no other way but imperialistic politics." –Vladimir Putin

Putin is directing our attention to the 800 pound gorilla in the room that no one else seems willing to talk about: America and the West no longer have any moral superiority in the world.

Cayce also made comments about America's future moral decay:

In the final World Affairs reading given on June 22, 1944, less than six months before Edgar's death, he addresses the spirit and "the sin of America."

What is the spirit of America? Most individuals proudly boast "freedom." Freedom of what? When ye bind men's hearts and minds through various ways and manners, does it give them freedom of speech? Freedom of worship? Freedom from want?...In the application of these principles...America may boast, but rather is that principle being forgotten... and that is the sin of America. (3976-29) Reading 3975-15, given on January

Conclusion

Did Edgar Cayce foresee Putin's interfering role in the Western cabals plan to overtake the world through financial domination, political destabilization, and all out world war, order out of chaos?

Cayce also predicted the possibility of a THIRD World War. He spoke of strifes arising..."in Libya, and in Egypt, in Ankara, and in Syria; through the straits around those areas above the Persian Gulf." [[Source](#)]

Whether or not you believe in the power of the human mind to connect with Source and withdraw information about the future, things are lining up in such a way that Cayce's prophecies regarding Russia are proving quite prescient now, giving us a clue that at least we shouldn't hold on too tightly to any preconceived notions about what will happen in coming years.

And in a vacuum of any common sense or humanistic leadership from the present powers that be, why not look to a revered psychic for direction? In the end, though, all we have from Cayce is really just the inspiration to action we get from looking into his past for clues and hope about our future. If you're concerned about the direction things are taking, let Cayce's words rouse you to action.
