Meditation: Angelsu To contact Angelsu for an angel card reading, use angelsu@bellsouth.net

Using the angel Cards, Angelsu can look at the coming week:

- 1st card focuses in on what is needed on the planet for the next 7 days
- the 2nd card will represent the remainder of the week
- the last card is the special blessing, the gift.

1st card: Card of the Initiation Centre: the calling ground. A special place on earth that we can visit physically or in our light bodies: anchor light there and move into full power as a celestial being.

- Describes how to go to that special place & allow it to be the special place for the week

2nd card: Card: symbol of the dark and the light: duality transferred: the shift

- I feel a shift within my own being – open up to find that duality

3rd card: the gift we can utilized: the Card, the planet of a distant star –

- we can go there and take stock, and have a rest to think about who we are: imagine the home of our souls, and allow that gift to balance you as you balance in the calling ground and the shift.
- it's a powerful meditation for the next week.

Mayan Calendar: Rainbird

Go to Space2plaza.com – to locate specific days & lots more information: on the home page, you can find out what your Mayan birthday is

Can find a link to www.lawoftime.org – more info on the calendar and how the 28 day / moon cycles work.

18th Thurs – 9 IMIX – we are starting the 4th unial in the wave of Ben, the skywalker. 9 is about expanded cycles; the dragon energy, the mother energy, creation – trust in the universe and Clarity of mind – receive the gift from Source. We are setting our intentions for the next 20 days and let go of the illusion of lack of support.

19th Friday – 10 IK 10 is manifestation; IK is the wind

20th Saturday – 11 AKBAL 11 letting go of what no longer services us; Akbal is the night – let go of old ways of doing things.

21st Sun – 12 KAN – a portal day, other dimensions. Kan is the crystal seed – being clear, following through; 12 is crystal clarity

22nd Mon – 13 CHICCHAN – 13 is transcending, completing the wave. Chiccan is the snake and body shifting: also a full moon – this is called the Snow Moon in indigenous cultures.

23rd Tues – 1 CIMI - new wave is Cimi, the linker of worlds. As we are changing yugas, and bringing heaven to earth, we are midwives! Link with ancestors and past, and with our future.

24th Wed – 2 MANIK - Manik is the healing hand

25th Thurs – 3 LAMAT – Lamat is the stargate. We are in the wave of Ben the skywalker – trust our guidance.

Rainbird: Where to invade next? Put Michael Moore in the Circle of Support. The movie is very powerful; it is funny and what is interesting is that he is showing us the changes that took place in lots of European countries – gives a good idea of what socialism can do – the people in other countries had to fight too, but we lost JFK, RFK, MLK, Malcolm X and others too. A perfect movie for the times we are in; Tunisia is run by women now because they knew what needed to be done – a good story when he tells it.

MR: talks about the e-mail that Michael Moore sent to promote the movie when he could not do it: he's involving everyone to help him while he was in hospital with Pneumonia

HARD NEWS

COR: on the funding - \$5301 – urging people to keep on posting on Facebook, reminding their e-mail lists, etc – thanks to all who have contributed

T, R: when they started the process, they were green around the gills! Thanks to Marshall, COR, they realized they needed more than just the cost of the operation:

- Have discussed this with Rana Mu, an advanced soul in a physical body: she said when Rama was tasered with 100,000 volts into his chest, he was literally killed and Mother came in and picked him up, yet the central nervous system was badly affected.
 - He's been having trouble for 8 years with the inguinal hernia; this has caused some damage too, and it will take a year to be fully recovered from this.
 - Also included is the stress going on for at least 8 years: every month, there is a time when they don't eat and there are bills to pay and having to beg from homeless people
- –
- the symbol she sees – a **huge thing** happened today! She was talking to Rama and they had a person on the phone on California who got dropped off so she hit re-dial and got an entirely different person who was in Canada! The person she spoke to said there is no one here by that name but they started talking. Somehow they got on to the topic of Ramtha - T was talking about Penny and she said "we are really good friends!"
 - T asked if she knew about NESARA – yes, has been doing NESARA and the related issues since the late 80s and said she met Cam and Connie. Then she asked if she knew Yarrow Alpine – Manon lived there after Tara and her son lived at Yarrow's
 - T asked about Yarrow's daughter and re-connect with her again - Manon looked for links to the name of yarrow's daughters and found 50,000 more links on the gofundme site.
 - The gofundme site really honours rama and what he's done!

R: Bernie Sanders is in Nevada and laying it out: he's on the Spanish channel and on MSNBC

- Talked to **Natasha today:** the picture of the ship in the corona of the sun: having M class Flares and G Class flares - there are ships since Valentine's Day and it's a blue avian ship which is bigger than the sun
 - Natasha showed him on her pad that when the ship came in on Feb 14th, what has been happening is the frequencies, the sequences of magnetic wave resonances: all raising everyone to the 5th dimension!
 - She also explained that this is bringing out the crazies! Things are becoming so polarized and she said that as the energies increase in frequency, magnitude and resonance, we are becoming crystalline life forms, moving from carbon based – if we are not in harmony with this, it causes problems in the physical body
 - she explained that we are being moved up an octave, like it or not, it's about Earth's ascension as well as our own. both earth and us.
- As things have escalated exponentially and we've moved into Sat yuga – whatever the 13 families are doing with their distractions is becoming so polarized
 - **Mr Francis said Trump** was not a Christian if he wanted to put up walls and not build bridges - shows how radical the polarization is becoming apparent to everyone
- the **issues around Syria:** what is going on here with the criminals in Congress and all 3 branches of gov't – as we listen to those in red states, they do not hear what Bernie has to say: the **radios and all news agencies have been told not to broadcast that:** we are watching you ! And the chips will fall where they may if you do!
 - It has become at such an exponential level: he brings this up because the blue avians, the sphere alliance, those who surround this planet, solar system, galaxy have said "There will be no nukes"
- that the ship is bigger than the sun, the scientists are nervous: the ship is bigger than the sun! Even the secret space command & their war fleets out there: the planet and solar system are on lock down; the only beings coming in are the interdimensional craft and beings of the Office of the Christ – nothing of a negative nature will be tolerated.

Natasha: if you want peace, vote for Bernie; if you want your children to go to war, vote Hillary

T: Mr Francis spoke of Trump: if he wants to build walls not bridges, he is not a christian and the gospel is about building bridges.

R: Brings in the rainbow bridge all the way to Asgard: so awesome to behold what is happening – things are extremely life changing right now:

N are you going to choose love, or to choose Fear? It's that simple.

T: Bernie has been saying that instead of building a wall, there are 2 things that are required:

1. education – in order for him to be standing up there and teaching you, I had to get an education too! Cant' be a good politician unless I do that.

- This made T aware of St Germain who was a politician and a half intentionally - he started his education at university level at 12 – Trinity College, Cambridge and studied sciences for 3 years; at 16, studied latin french

- At 16, 1576, went to France with the English ambassador Egyptian, Arabian, Indian and Greek philosophy

- by the time he was 21, he was fully engaged with the politics of the day AND HE NEVER DIED and he wrote the unfinished **The New Atlantis**

- Last Saturday, Richard came on and shared from Divine Sky – he said BERNIE SANDERS IS NESARA! THE FIRST THING Bernie said is "I am a Politician"

Reading: the beginning of the **Angels of Politics** -

1 degree Virgo

PEREsch~ The Angels of Politics

Beloved . . . The time may come in the life of a seeker when inner guidance directs to serve the world in political ways, to bring greater spiritual perfection for all, to protect independence and freedom, to bring clarity to the highest blueprint of humanity. When this happens, heaven then inspires this person with the virtues of the letters of our name. If you wish it, we help you with a high political career, and equip you with the faculties of an excellent orator, so that you know how to bind people by word. We also equip you with toughness and endurance so you can realize all your wishes.

The constellation Virgo opens receptivity for feelings of wisdom to be expressed in practical ways in the material world. In the first degree of manifesting practical divine wisdom, we inspire service in politics.

All life strives upward toward light, toward spiritual perfection; this longing is the virtue of the first letter of our name. Divine being is omnipresent in all life; all life is sacred and precious. Omnipresence is the virtue of the second and fourth letter of our name. Serving through inner guidance, Letter R, connects each person in each moment to divine will by which Providence created the first outpouring of creation. This is the virtue of original light and fire, the quality of letter Sch; this original fire, or will, is regarded as the highest virtue; the sound of Sch is one letter in Quabalah, the highest and original letter.

. . .

T: Lady Goddess Virgo is the goddess for the next 2,000 years so let's focus on divine politics

Guest: Omena

New # to listen to the program on your phone: 605 475-1600. Those with a smart phone will be able to call the station and talk to the host as well via an APP!

- If you want the app, e-mail Marietta and she will send out the link.

Omena:

How do you create abundance? If you don't have abundance, you experience poverty of the soul which means being shut down to the world, not having much joy in your life. A lot of people equate abundance with lots of money so they can have what they want. Omena thinks it's looking at where you've come from and how you made your life better as you went along, or manifesting what you want in the way you can afford it. That is really manifesting abundance. You have to create abundance from the right mind set: if you ask your soul for abundance, you have to open up to that and come from a positive point of view -

How do you recognize abundance? She's not a rich person by any means, but she can always travel where she wants to go! Abundance comes to her and it's a delight and a surprise – things come to her via others and other means. People are stopped from recognizing their abundance because they are afraid to take a chance, the leap of faith – fear is blocking the abundance.

How do you acquire abundance? It's really a mindset: how you look at the world, how you receive. If you are not able to receive, you will not experience abundance – if you give all the time, you get exhausted and you have nothing left to give. You have to be abundant to give, but you really have to be abundant to receive. It's about creating the cycle of give and take – need both sides.

Can you lose abundance – yes! It's a mindset & if it changes and you slip into a negative mindset, you'll lose it.. Abundance is a feeling, an appreciation. Giving thanks for what you receive. A fortune is what you have

O: she gets a lot of requests from this listening audience! So she knows there's a lot of people around the country listening! That is how abundant she has become since she's been on this show! And she's grateful

MR: O is giving something of value to others & they are responding with their abundance back to her

CL: last couple of years, has not wanted to work full time so made arrangements and found that it's not quite enough: she's in a financial funk!

O: have to recognize the fear that hangs around making decisions comfortable; put the message out to the Universe that you want to live comfortably, but you have to have a leap of faith too. Ask that you will have enough time Figure out where the fear is coming from – abundance is about trusting and it has to come from the heart – process to work through. Also about looking at the bills be grateful that you can pay them and asking the universe to send you 10x more

Sonja: abundance as a mindset: where is the collective standing at all of this? Is it low – does it need to be shifted for the collective to see NESARA

O: the Universe has all the abundance in the world; as individuals, if we are not open to receiving the least little bit, we are not going to get it . . .

Sonja: what % of humanity – **O:** 35% of the world is in the attitude of abundance. It's rising.

- We need to create that abundance for ourselves and for others too – if we don't feel it for ourselves, we cannot pass it out to others

Big Will: where do you see him in the next 5 – 10 years?

O: yes, he is retired: still sees him going towards the NW part of the US. She needs the name of the people: one person is not ready to go there, but they will be – maybe that's what's holding him back.

BW: Likes to communicate with people.

O: showing that he likes to teach – he will keep doing it, maybe with a different program – will have a better choice of what he wants to do

BW: is the abundance in 2016? • Yes, he'll become more abundant because he is changing.

BW: We all have galactic DNA: through this transition we are going through – does she see 35% or more moving into that realm in 2016. • will begin in 2016, but will accelerate in 2018 – in 2016 – July - will download the program to purify the DNA, will have to go slowly because the body cannot handle that major energy so have to move slowly

BW: said he was a farmer in northern part of France and had 8 kids; also back in time of Sananda, he was here: what was the result of his being a captain in the Roman army?
• He carried a lot of guilt because of the way things went – remember that, in that lifetime,

that is what they did to a lot of people – death by crucifixion – forgive self & let it go

BW: As he moved through that phase, what other life experiences did he have? • He was in Egypt – a captain over slaves building the pyramids – whatever lifetimes he has will come in be about leadership

BW: Has he ever – in his past, he felt he was visited by a galactic being? • It happened twice! They were able to adjust his energy; it was very moving to him! Thanks O for confirming this to him!

O: email question: Gail is from Orion, and has been here for 247 lifetimes!

MR: how many lifetimes has she had? • 379 and also she's getting ready where she won't come back. She 's not ready to leave, but not coming back. **MR:** where would she be when she leaves? • Will become a spiritual guide – helping souls on this side and on the other side, after their transition. Last planet she came through: further away than Pleiades – is there such a planet as Ashtar? MR explains who Ashtar is - in the etheric, she's been on the ship and knows her room #, etc – she's been there in this lifetime. Her lifetime in teaching is preparing her for becoming a spiritual guide.

CL: has had 225 lifetimes, she's going to the end of the mature soul. From the star system of Orion.

Glenda: has a message to watch her health for the next 2 months from the person who was the being that had no belly button or finger prints – Val Thor. One of them is about being aware when driving and walking not to get into accidents: be aware of physicality. Also about her stomach and digestion. • Her vibrations are rising – also needs more rest than she's getting now. Not getting enough rest is a big thing for her well being: needs to calm down her central nervous system. Play some music when she's sleeping: soothing. Concentrate on the breath rather than letting the mind run about.

MR: has had good results with the Bach Flowers for herself; call MR about them

G: thought she'd get to bed early etc – not working that way. **O:** it's hard to change long held patterns: recommends the Bach Flowers and try the soothing music. Deep breathing will help release all that energy.

G: Fascinated by Scotland • she had 3 past lives there; 13th, 15th and 17th centuries – not easy lives – lived in the Highlands. Get some Scottish music to help

G: was she ever a native American indian? • Not seeing any answers – trust your memories – she was not a native american, but she was captured by them at the age of 20 and spent the rest of her life with them. G is reading books on this subject, too!

Helen: health issues: contracted pneumonia-doesn't feel that she needs to go to the dr. she collapsed in the house, was taken to hospital, had an IV – sleeping a lot • she's in recovery – takes a long time to recover. Once she's recovered, get the pneumonia vaccine – take better care of self! Asks if she's afraid! **NO.**

O: you can go/leave whenever you want to, but you can go in health, as well as in sickness. It's about bringing self back to health and enjoying life – don't have to be sick to go!

H: Will her book do well? *The Psalms of Aquarius* • Not getting any thing – abundance

is tonight's topic, so work on abundance for the book and your health and well-being. Put the awareness out there for the book to succeed.

Ahalya: what planet did she come from to this planet • Came from Lemuria to Atlantis and then to earth. Her original home planet – Sirius.

Ah: Needing more clarity on what she's to do; being called to go recently back to New York
• you need to do more of healing work; she has a lot of gifts from Lemuria and Atlantis, bring them forward. Do both artwork or workshop and training studies and more energy work.

Connie: about husband Cam: stem cell treatment hoping to get his kidneys healed: what about that? • He doesn't want to talk about it: will have some difficulty but will come out on the right side of it: he's a little bit scared about it – needs to shift his fear out and be more open to receiving and restoring his health.
• They've spent many lifetimes together – this time is about healing issues between them – She came from Orion and Cam from Sirius B. She's more fiery than he is. Part of this lifetime is about balancing the energy between them: work with him to be open to the abundance of bringing his health back – she can do that, as he trusts her.

Judy: has she been on Ashtar's ship? Where was she pre-life? She refused to go on Ashtar's ship! Was she on another one? • No answer – J feels she has memories – maybe it did not resonate at the time – **T:** could it be that using the name The New Jerusalem would change the outcome? **NO** – it didn't resonate and she refused to stay. **J** remembers planning her lifetime with some guides – it's like she wanted to make a decision to do this on her own.
• She wanted to be on her own – maybe that was part of her growth. About her health?
• Something wrong with lower body:her legs – J: yes, she had a blood clot when she was pregnant. • Probably have to do a lot more walking – energy is low, vibration is low – blood not circulating at the rate it needs to; if she is not aware of this, it creates more health problems – pay attention to that.

MR: do you sit a lot? **J:** No – spends a lot of time cleaning up after a toddler • Need to walk more – walking is needed to circulate the blood – blood is the life source: take better care of yourself – you're kind of nervous, anxious: walking, yoga, swimming – those will help her – J says she likes dancing and music: • yes, dancing and music are part of the soul expressing itself and it would be a wonderful way to get some exercise – don't try: do it!

Anthony: where is he from? Where will he be in next year? • Orion. In the future, he creates for himself – she wants to know what he does now: he's going to move within a year. He's not sure if it's the right decision: there are no guarantees, only choices – go for the highest good **A:** is he going to change countries: no – he's going north – if it's for his higher good, he's going north. **A:** How many lives: 567! He's been busy – this is the 567th one – it's up to individual souls how many they want to have.

Commandy Randy: planet he's from: eyes. **O:** Pleiades; eyes – having trouble seeing: cataracts?
CR: Not yet: **O:** doesn't look like anything that can't be fixed. Can't be corrected by surgery – no major diseases. **CR:** Which one of the Pleiades? • #5

T: About Mother Earth, her soul, her body – can she ask Mother Gaia how we can help her in

terms of the situation on the planet? **O:** Gaia is grateful for all the efforts, all the positive energy going out; she's cleaning out negative energy with the least destruction: trying to calm that energy. The most +ve is to constantly bless the earth and appreciate all the beauty on it as that brings up the vibrations~
