Guest: Carolyn Oceana Ryan – The Collective wants to talk to us

HARD NEWS:

R: talked to **KOS, Normand Goldman** who has a radio show; used to be a fancy lawyer who left NYC when he started to be in same circles as Bernie Madoff was in – wanted none of it. Now calls himself a legal analyst.

NG: The stories going on across the planet are distractions: the real news has to do with the disclosure of what is going on

- the Iraqi Transport Minister found a 5,000 year old Space port close to a ziggurat about 100 miles east of Baghdad

<https://www.youtube.com/shared?ci=c8dHOD4TzKs>

- the atmospheric conditions in the area are unusual; free of disturbances - make it perfect for leaving and arriving in the kinds of craft that are not rockets & the conventional ancient technology when compared to the torus and plasma energy
- Every single story going on is about major distractions having to do with the "elections" with no basis in reality
 - **Hurricane Matthew:** in response to the question if R's sources said anything about this hurricane being a weather manipulation - they're sayin' and not sayin:
 - Yet the scalar wave and radar websites can see different things in the eye of the hurricane and surrounding clouds: eye is perfectly formed like that of Katrina & other hurricanes when scalar waves were used for not good things
 - over 100 people died in Haiti alone or more
- Others he's talked to last week

Congressman Keith Ellison saying the way **media and talking heads** are talking:

- the orange Hitler is starting to gain the attention of extreme right wing groups -
- ties in with what Hitler was before he became Chancellor:
Trump is playing with the idea of one gov't, one religion, one leader "I am the answer, I am the Messiah" - it's one corporate leadership, nothing to do with the people; parallel to fascism

David Cay Johnson: has been uncovering so many frauds, so many thefts, so many unpaid workers of colour, making deals with the mafia in NYC - the story is bigger than big, and nothing will change unless we have outside help because things are so corrupt - the controllers are desperate and will try to put it all on the people

- the larger story: the reason for going into Afghanistan and Iraq:
not about oil, but the stargates
 - the story from the Iraqi transport minister - and the other players Yemen, Syria, Jordan, Libya, Lebanon
 - The 4 Major Stargates - Aleppo, Syria; Jerusalem; Hebron; the Plains of Maguido the info is in the Keys of Enoch
 - the arrival of Nibiru and the good guys who are here to help collect the crazies pushing us towards the brinkmanship of nuclear war
 - **Asthar and Sananda saying THERE WILL BE NO NUCLEAR WAR**
 - yet these ones are pushing towards the edge of the cliff!
 - It's Hillary and John Kerry aligned and want to create a no fly zone all over Syria
- Article:** a "rebel group" bombed a Russian embassy in Damascus
- behind the scenes there are **no moderate rebels** - all the "rebels" are black ops paid for by the United States
 - Have cut of communications with Russia and bombed the Russian embassy in Damascus - no injuries
 - the US wants to attack Assad and his forces - this is against international law & they'd be guilty of treason or something, and Russia will protect the legally elected president of Syria - Bashar al Assad
 - Kerry is saying: need to go after Assad because he's been poisoning his people
 - this has been done by the US- John McCain, Lindsay Graham; ISRAEL -

Netanyahu - in alignment with Saudi Arabia

- Putin is an immortal and the Andromedans have his back!

- At the end of the report, R asked **Tom, Larry, Curly** what's next?
 - bye bye Europe! Everyone goes back to own currency not the currency of Old World Order
 - as the EU collapses, so does the US dollar and so do all other currencies which are set against the dollar – will be a complete total crash
 - THE NESARA LAW WILL BE PULLED UP IMMEDIATELY – but still a nail biter
- On MSNBC **not one story about international news** – only the hurricane – a complete distraction
- Report from **friend in Idaho**: a friend's husband, 20 others working in the potato fields: all got paid in cash
 - People getting cheques for their work - go to banks, take the \$ in cash – a very quiet bank run & going full bore to take as much money as they can out of the bank. The bank has placed a limit on what people can take out daily

MR: Will the money be any good?

- As long as it's not illegally obtained
- ALSO get yourself into a credit union, take your money out of big banks because they have been committing fraud
- **we are very close!**

Boom, Bust radio program: [Ed Harrison is host] tomorrow [Oct 7] is the report about Sept's jobs – expect it to be around 250,000

- yet what is going on is the reports say jobless numbers are so low, it's uncanny
 - what that usually means is that something different than we assume: if the numbers were to go abruptly up or abruptly down, would indicate a big recession, and if it were more abrupt than normal it would be depression – the numbers are being reported in such a way that we cannot tell what is happening.
 - Not quite saying: so many people who have given up looking for jobs; gave up years and years ago – they are not being counted, so it's not 5.2 or 5.3%, but 10.3%
And in poor neighbourhoods it's 50 – 60% not being counted in the job numbers
 - It is being indicated that this crash is not down the road: it's coming really fast!
- That is why we are being told **the galactics have our back!**
NESARA NOW and Michelle for President!!
 - Julian Assange was to give his report on Tuesday about the e-mails – there were lots of articles about Hillary going to drone him if he did: **KOS, Tom, Mr X said "HA!"**
 - Yet the English don't want him to do it through their networks – so he is considering asking Merkel - and Merkel [Father] and HRC [grandfather] are cousins through Hitler
 - There is a great deal of dislike between the US and Germany – Germany in big trouble as the Deutsche bank will not make it; that means the engine of the EU goes down and thus the rest of the EU
 - they used Thatcherism and Reaganomics: trickle down economics, massive tax cuts to the rich – deliberately set so the last 30 years would cause everyone to be impaired in their functions!
 - We are in the lull before the storm – a good thing yet as Carl Boudreau said "be in joy in this tumultuous October" - very important to keep our spirits up!!!
 - time for this transition to be completed

Hurricane Matthew – 130 -140 mph – has touched down now

- more and more stories about **police violence:**
 - tweet about a black man being shot in Tupulo MS and the policeman got fired -
 - the racial slurs & hate speech of white supremacy and all leads back to Trump!
- Also articles that the situation with Bernie will change shortly – exposure of rigged elections will come out
 - found big black boxes of already votes in Ohio! Early voting does not start until Oct 15 – so this is treason! She has set herself up to win with a paid to play operation
 - paid to play: someone hacked into Campaign e-mails & found a whole set of Paid to Play item in her emails – make a donation; she does something for you
DO NOT MIND WHAT SHE IS SAYING!
- Katrina van den Heuval – on RT's *Ed Schultz show*
Said the ultimate “pay to play” one is Trump
 - no one knows about the buried trillions of dollars in the Clinton Fdn from the Pentagon
 - the Koch bros, establishment folks who are guilty of treason for last 50 – 60 years are behind this, not to mention the Khazarians and they would be happy to see a war between Russia and the US
 - Russia spends \$40 M / year on the military; US spends \$700 BILLION / yr
the US spends in a few days what russia spends in a year

Reading: Warriors of the Rainbow Prophecy
as retold by the Cree woman -
5 or 6 prophecies coming together now

[SEE BELOW]

- Arundhati Roy called Rama on Tuesday: she's at a Tibetan monastery on the border between Tibet and China;
 - There's a zero point bubble of a 25 mile radius and she can walk the entire area – the ant people and the praying mantis people, both of which are 8' tall - are helping her with her PTSD –
 - Their mission is to **lift PTSD from all sentient life on the planet! We are not alone!**
- There are many signs that we are in the turn around now!

COR:

- The collective [TC] wanted to talk today because the tendency is for people to look at the surface and the negative: dollar is going down, Europe is going down, etc – people call NESARA a gloom and doom story or fear-mongering
- it's a bit of a jump to encourage people to move from the old to the new, to see that the old has to die so the new can replace it.
 - Once a new building is in the place with the old that was dismantled
- she calls in Divine Mother, AA Michael and the archangels and our guardians – the Sword of Truth cuts through all illusion, deception, all we have outgrown
 - Ask St Germain, Ashtar and Sananda to be present: violet flame is blazed throughout!
 - We give thanks that they are here!

Greetings, Dear Ones! Thankful for the opportunity to speak to us

- many dense energies are being thrown out – invain - against the increasing light and the joyful

anticipation of the new and the skepticism about NESARA – a new world, a new chance for the restoration of earth

- they are using desperate moments – the media, weather disruptions, disruption of thought – yet everyone is beginning to see through the cover up of the Main Stream Media
- many of us use the alternative websites; the dark ones have created alternative ones too to mislead, draw us in – some of them contain 50% truth, or 98% non-truth, and they want us to trust all they say in spite of the feeling we have about what is being said when they bring in the subject of dinars and dongs
- We tend to trust as this is the result of many years of careful programming over thousands of years as we have been taught to accept the truth from outside ourselves, as opposed to from within our own selves
- this month will throw more and more wrenches into the story
- no one representing the shadow will be able to overshadow the light
- increasingly, our inner sense of balance, our intuitive sense of what is happening is stronger than ever before – we will catch ourselves realizing that being angry, being cynical is just a habit instead of asking our inner guiding team – we will be increasingly inner based
- we are a microcosm of the macrocosm: it comes down to the inner work, the spiritual work, and the quiet time we take for asking the earth what we can do – rather than reacting and waiting for NESARA, what is the most important thing we can do to help?
- TC invite us into a co-creative moment re: **NESARA - a meditation** – vision of 5D earth.
 - We can return to this place any time we wish.

Via E-mail: do they actually have to get rid of dinar to receive NESARA?

TC: money does not exist; what really exists is the energy of money. When we use money, we are taking part in the Babylonian Money Magic system which is dark and a slavery system.

- If you have dinars and dongs in your possession, you are linked to the old system and your light energy is being used to hold down the energy of the lightworkers.
 - It is quite a coup for them to get us to buy into the dinars, dongs, etc yet many are waking up and getting rid of those currencies: to hold on to them is a great weight on your Self –
 - you are being asked to let go of the fear-based action linked to money, and to the ego-based action of money. We have been trained to think only of caring for self and being shamed to think other than that. Yes, it's difficult yet we took on that path: the human race has been enslaved via the money system
 - **TC** send energy to those wishing more wisdom regarding this situation.

MR: would you talk about the current election, the candidates, anything to share?

TC: we are witnessing **the end of the old matrix.**

- When Obama was elected 8 years ago, his presence in the White House broke the old paradigm – because he is part black, because he has survived so many assassination attempts, because of who his father is, because of his lightworker presence, because of the new paradigm that he brought with him – it's not down to any single policy [that the old matrix is collapsing] but just due to his mere presence; this is the time and he has known this almost all of his adult life
- he is about to leave office; the old order is trying to re-instate the old order with puppets from the past: one an Archon in human form; the other not human – both are low creatures.
 - What is left of Ms Clinton - we would not like to see the real thing or what Trump really looks like: they have in place only goblins and ghosts – people are seeing through this:
 - popular choice is Trump; intelligent choice is Clinton – people know that both are ridiculous vaudeville acts
- as for the **trajectory we are on** – cannot make complete predictions: in a free will planet

what happens is up to us; yet the trajectory we are on is people are not buying that either is legitimate, or that the US gov't is even a legitimate form of gov't; it's a fraud; people can feel the collapse coming

- Only dealing in cash is not a bad idea – don't feel you have to vote for either – just watch what happens in the next 3 weeks: **the whole planet CAN shift in a day: it's happened before!!!** Great empires have toppled before on this planet and it's happening now: if either candidate gets in, there will be war in a minute and a half! Now is not the time for fear, but for miracles!!!
- If we be energy workers and participants [as opposed to being observers] and say daily: "I've seen miracles before and we are seeing another one now": if we send light to all the elections in the US or elsewhere with the words "A miracle is happening here now", things change
 - **we are the ones who have to say it;** the others are joking or fearful or holding their breath. **THIS IS IN OUR HANDS; it is NOT THE TIME TO BE A PASSIVE WITNESS; time to be an active participant – USE EVERY WAY TO VISUALIZE – SEE Bernie winning or Michelle in office or another term of Pres Obama –**
 - choose a lightworker energy we are joyful about – that carries great power!!! We have been told it does not BUT **IT DOES!**
- Men believe that there is no power or importance or truth in poetry – and the poetry that is in us IS WHAT WE KNOW TO BE TRUE THAT THE EARTH IS MOVING FORWARD
 - this planet is stepping into the light and the old paradigm no longer belongs here
 - We can experience the 5th dimension any time we want to - all we have to do is step into the 5th dimension – talk about it, feel it: the planets have already moved into place!!!
- TC are sending out empowering energies to all of us! With thanks for what we do on this earth and much appreciation.

MR: many lightworkers experiencing health challenges – is this part of the shifting? Why is this happening?

TC: many reasons

- some are resisting the light; others are hanging on to 3D levels of toxicity; some are throwing it and are sick as a result; can be subconscious fear about moving into crystalline molecular structure; some injuries etc can be old karma working itself out
- seek out naturopathic solutions; sit with guides and ask for the wisdom to deal with this: how do I release the toxicity? What do I take? Old toxicity – some of it is simply ascension.
- If you're bothered or worried, go talk to someone. Ask for natural solutions/remedies –
- Tell your guides [as we are in the 5th dimension now] I want a clear diagnosis and what to do for it. Drink lots of structured water all day with lots of lemon juice in too – the body is going through profound, profound shifts!!! Don't be so stressed that you carry fear!

MR: What is structured water?

TC: water out of the faucet has been de-constructed, broken down; does not hydrate the cells as it should, does not cleanse, does not purify

- the new filters spin the water 10s of 1000s of times inside the filter – so quickly, it restructures the water – the water is completely refreshed – even purer than from a mountain stream
- This aids the body to release toxicity and the effect of pollutants in the food, the atmosphere, stresses, calms the emotions, the nerves – helps shift the consciousness to higher levels. It's a 5th dimensional technology
- Google **Natural Action Technologies:** one of the great health aids on planet right now

MR: talks of how the unstructuring & de-naturing occurs

TC: water that does not come out of a well, through a public water system, has all sorts of chemicals, flourides that are supposed to make it healthier to drink: NOT SO – carries pharmaceuticals; the emotional imprint of being recycled and the emotions of what happened to it in the past; the chemicals are completely neutralized.

MR: why are so many light workers having health challenges? Is it because light workers are full of light, they are more sensitive to the negatvity,

TC: Yes, the more light you take on , the more sensitivity

- Sit down and ask your body what it needs & to do: organic food, structured water
- it's miraculous in a way: with even a teaspoon of structured water in the food or washing the vegetables with it, we nullify the effects of the chemicals and now the body will expect a 5D attitude from us

TC: great appreciation to Lord Rama and Tara for their reports – these 2 are of the very few who are reliable and authentic in their reporting

T: thanks to TC and COR.

- Another important thing: **Tom the Cat, Larry and Curly** on Tuesday said Dr Keshe will destroy the technology of all weapons of war will cease functioning: eg, F16s will literally will fall out of the sky; airplane carrier ships will cease to function

Tom: We'd have to be at the end of the road before any of this happens, and the Ashtar Command will stop any kind of attempt to go nuclear – it won't be Obama

- in a worse case scenario: as the orders are given, there will be a military who refuse to carry out their orders
 - Gen Dunford has been acting in a treasonous way as though he has more authority that Obama – there is an attitude that Obama doesn't count: this is being thoroughly monitored.

- **Rama has reiterated; Ashtar & Sananda will allow no more nuclear wars!**

- Congress is now in recess – not back until middle of Nov – as they try to escalate war -
- Brings up a Star Trek episode about the whales; the whales swam up to the Arctic Circle, and the ship was monitoring their path, but first they decloaked a Klingon battle cruiser above a Russian trawler which was going after the whales with harpoons [IMAGINE WE ARE THE WHALES] ; the Russians attempted to fire harpoons which bounced off something that was the hull of the star ship; the Russians turned their trawler around as fast as they could and left; then the star ship beamed the whales into the cargo hold which had been made into an giant aquarium and off they went to the 24th century

- **That this has happened is a fact** with all of the mammal life in the sea – being rescued so they can come back when it is appropriate: there won't necessarily be new animal forms
 - Concerned that our species is so much farther down the road to mass extinction as the timeline is going right now – probably why they are speeding things up so much: Mother Tita Lacoria says she can't wait: needs **to be intervened upon now** – we are already well into the great shift!

TC: Gen Dunford – understand that the balance has shifted from the black to white in DC – not yet apparent as the White are waiting for the signal, for the right moment, to step up to do what they have to do to those working against the new paradigm. Don't stress regarding any one general or group of dark hats behind the scenes

- there are reasons why **Congress is not in session**: the dark hats want to protect themselves; the whites want to keep them out so there is as little or no further damage
- so much happening: key in intuitively: there are some insights – do a meditation, stand back and view the earth: ask the ascended masters “What is happening; show me in metaphor.”
- we might see a something disintegrating and a new matrix of light all around the earth which joins people together as they understand their origins and and earth's new place in

the intergalactic federation of worlds

- there is **lots being birthed** in spite of lots of desperate action with the old ones – let them squawk! We are seeing them pretending to be in control and they know they have lost: they are trying to fulfill what their masters told them to do at knife point or trying to save themselves: DON'T ENGAGE EMOTIONALLY
- as for **mass extinction** – appears like earth is barreling forward: THIS WILL NOT BE ALLOWED!
 - Yet earth has been suffering for a long time – we've seen enough destruction, we are on the new path - we can personally embody 5th D all the time now: just walk around and think of everyone as part of our galactic family and wondering where they came from; see other people and be joyful to meet our soul family, & 5 D way of sleeping, eating, being
- the **old soap opera** that the earth will be destroyed etc etc etc
 - Just say "I don't choose that as my reality"
 - **We are the ones who are the captains of the ship now** with our beautiful light
- they send us much love!

MR: so many thanks to TC and Carolyn

T: all of the ET s that have their assignments are on assignment right now

- the ant people and the praying mantis people are here to lift the PTSD from the children all around the world!
- Arandati Roy has the honour of walking with them – this happened because she called out President Modi for the genocide he did on the Eastern side of India called Goa along the ocean where there are ancient trees; inland there was a forest where the people lived, and the president sent the military in there to kill the people so he could cut down the old growth trees
- She is **representing all of us** and being protected – awesome!
- She also said that Julian Assange cannot be taken: he has the Zero Point energy around him

COR: yes he is being protected

- the ant people and the others helping child PTSD to be lifted – this is HUGE! They used the abuse of children to feed their matrix
- It's inspiring a lot of work from other people

T: Michelle Obama is working to educate the 52 million girls in the world – it is the most important thing!

- For the last 8 years, **Katrina vanden Heuvel** has been talking about how do we vote with these two?
- Take away their records – have the people push the ones that pushable and she is pushable to a certain extent – and corporations are beginning to be called out and have reduced influence – they will be done away with at some point.
- and the US is on track for alternative energy though it is not so obvious yet
- the people who are her surrogates have been the same people for the last 8 years: Bernie Sanders; Elizabeth Warren; Randi Rhodes, Oprah Winfrey and Michelle by encrypted phone; they meet at Oprah's home in Costa Rica, an awesome place
 - they have been planning and calling on the highest levels of assistance: St Germain, Ashtar, Sananda are likely hanging out there too – they are working with the collective mind set for the highest good of all
- there's a little avenue for Bernie to get the nomination, and because they are all part of the same group, and when it is seen that there are only 64 good members – people will see that all these 8 years have been inhibited by the treasonous actions of the bulk of Congress and Senate so it would make sense that he has an option for another term – and then someone will say "What about Michelle" – and watch the people get the plan!!!

T 2014-04-22 The Warriors of the Rainbow Prophecy -

<http://www.ancient-origins.net/myths-legends/warriors-rainbow-prophecy-001577>

[johnblack](#)

"One day... there would come a time, when the earth being ravaged and polluted, the forests being destroyed, the birds would fall from the air, the waters would be blackened, the fish being poisoned in the streams, and the trees would no longer be, mankind as we would know it would all but cease to exist"

This is how the 'Rainbow prophecy' begins, as retold by a woman of the Cree Indian nation of America over a century ago.

The [Cree](#) are one of the largest groups of the First Nations Native Americans in North America. There are over 135 bands of Cree living in Canada, with a total population of approximately 200,000 today.

The Rainbow prophecy, as it has come to be known, refers to the keepers of the legends, rituals, and other myths that will be needed when the time comes to restore the health on Earth. It is believed that these legendary beings will return on a day of awakening, when all people will unite and

create a new world of justice, peace and freedom, and they will be named the 'Warriors of the Rainbow'. They will reteach the values and the knowledge that has been lost in time, demonstrating how to have wisdom and extra-perception, and how unity, harmony and love is the only way forward.

The rainbow reference relates to the different colours of the original people:

"At the beginning of this cycle of time, long ago, the Great Spirit came down and He made an appearance and He gathered the peoples of this earth together, they say on an island which is now beneath the water, and He said to the human beings, "I'm going to send you to four directions and over time I'm going to change you to four colours, but I'm going to give you some teachings and you will call these the Original Teachings and when you come back together with each other you will share these so that you can live and have peace on earth, and a great civilization will come about."

[Prophecy as told by Lee Brown of the Salish Tribe at the 1986 Continental Indigenous Council, Alaska.](#)

A particularly interesting part of the prophecy relates to the choosing of leaders. According to the story, a leader will not be the one that talks the loudest, boasts of successes, or has the support of the elite. Leaders will be those whose actions speak the loudest, the ones that have demonstrated wisdom and courage and have proven that they work for the benefit of all. Isn't this how things should be?

The Rainbow has always held special significance among the different Native American Indian

Nations. It is connected to the Spirit (Supreme God/Creator) in all things. Apart from the Cree prophecy there are many prophecies and stories from the Hopi, the Zuni and the Cherokee related to the rainbow warriors.

“There will come a day when people of all races, colors, and creeds will put aside their differences. They will come together in love, joining hands in unification, to heal the Earth and all Her children. They will move over the Earth like a great Whirling Rainbow, bringing peace, understanding and healing everywhere they go. Many creatures thought to be extinct or mythical will resurface at this time; the great trees that perished will return almost overnight. All living things will flourish, drawing sustenance from the breast of our Mother, the Earth.

“The great spiritual Teachers who walked the Earth and taught the basics of the truths of the Whirling Rainbow Prophecy will return and walk amongst us once more, sharing their power and understanding with all. We will learn how to see and hear in a sacred manner. Men and women will be equals in the way Creator intended them to be; all children will be safe anywhere they want to go. Elders will be respected and valued for their contributions to life. Their wisdom will be sought out. The whole Human race will be called The People and there will be no more war, sickness or hunger forever.”

[Navajo-Hopi Prophecy of the Whirling Rainbow](#)

“In the time of the Seventh Fire, a New People would emerge. They would retrace their steps to find the wisdom that was left by the side of the trail long ago. Their steps would take them to the elders, who they would ask to guide them on their journey. If the New People remain strong in their quest, the sacred drum will again sound its voice. There will be an awakening of the people, and the sacred fire will again be lit. At this time, the light-skinned race will be given a choice between two roads. One road is the road of greed and technology without wisdom or respect for life. This road represents a rush to destruction. The other road is spirituality, a slower path that includes respect for all living things. If we choose the spiritual path, we can light yet another fire, an Eight Fire, and begin an extended period of Peace and healthy growth.”

[Grandfather William Commanda, Circle of All Nations Prophecy of the Seven Fires of the Anishnabe, From Ancient Wampum Belt](#)

While [Wikipedia would have people believe](#) that the legend originates in a 1962 book titled 'Warriors of the Rainbow' by William Willoya and Vinson Brown, the reality is that the prophecy is ancient, passed down as oral history over many generations. Brown, himself, admitted that his research came from the Hopi prophecies, and the book has been criticised as an attempt to evangelize with the Native American community by relating the prophecy of the Rainbow Warriors to the Second Coming of Christ.

References to a new Era, a Golden Age characterised by harmony, stability and prosperity, do not just belong to the Native Americans, but can be found in myths and legends from all over the world. It is known as Chryson Genos in Greek mythology, the Kali yuga in Vedic and Hindu culture, and gullaldr in Norse mythology. One aspect that is common among many legends of the Golden era is the return of beings or gods that will aid in the restoration of the Earth.

In classical Greek mythology, the Golden Age was presided over by the leading Titan Cronus. In some version of the myth, Astraea also ruled. She lived with men until the end of the Silver Age but, in the Bronze Age, when men became violent and greedy, fled to the stars, where she appears as the constellation Virgo, holding the scales of Justice, or Libra.

Whether these prophecies are true or not, much of what is spoken about – the era of greed and violence – is a reality throughout much of the world today. Corruption, greed, poverty, consumerism, power to the few, and injustice are predominant characteristics of our civilization accompanied by a great technological advancement that has become a weapon for mass destruction and a tool for suppressing resistance. Whether beings from the past will interfere or not, one thing is for sure, life cannot continue in this way forever.

Battles/wars [Battle of Fort Pitt](#)

Fort Pitt was a fort built in 1830 by the [Hudson's Bay Company](#) that also served as a [trading post](#) on the [North Saskatchewan River](#) in [Canada](#). It was built by Chief Factor [John Rowand](#), previously of [Fort Edmonton](#), in order to trade for bison hides, meat and [pemmican](#). Pemmican, dried buffalo meat, was required as provisions for HBC's northern trading posts.

Fort Pitt was built where the territories of the [Cree](#), [Assiniboine](#) and [Blackfoot](#) converged. It was located on a large bend in the river just east of the present day [Alberta-Saskatchewan](#) border and was the major post between Fort Edmonton and [Fort Carlton](#). In 1876, it was one of the locations for signing [Treaty 6](#). It was the scene of the [Battle of Fort Pitt](#) during the [Northwest Rebellion](#) of 1885.

The site was designated a [National Historic Site of Canada](#) in 1954.^[1] It is now operated as the **Fort Pitt Provincial Park** ^[1].

History

Fort Pitt (1829-1890) was a prairie trading post of the Hudson's Bay Company on the North Saskatchewan River about 10 miles east of the Alberta border. It was on the north bank of the river on a flat above a bluff. It traded mainly in pemmican and buffalo robes with the Blackfoot, Cree and some Métis. There was a fair amount of agriculture and horse-rearing. It was named after Thomas Pitt, a member of the HBC governing board from 1810 to 1832.

The fort was established in September 1829 by Patrick Small, son of [North West Company](#) partner, Patrick Small, the brother-in-law of [David Thompson](#) and [John MacDonald](#) and the son-in-law of David Hughes.^{[2][3]} During the first winter Small and his men had to live in tents, and building was not completed until the spring of 1831. It was closed in 1832 for fear of attack by surrounding [Cree](#) and [Blackfoot](#), though it reopened in the fall of 1833.^[citation needed]

In 1843, John Rowand, the son of John Rowand of [Fort Edmonton](#), became master. In 1854 the elder Rowand, on his way to retirement, visited his son. While attempting to break up a fight between two voyageurs, he had a heart attack and died.^[citation needed] Artist [Paul Kane](#) visited the fort in 1848.

In 1870, a large smallpox epidemic struck the North Saskatchewan. In 1872 it was said^[who?] that there were more horses kept at Fort Pitt than any place on the Saskatchewan. 1873 was the last year that large Buffalo herds were seen at the fort.^[citation needed] [Treaty 6](#) was signed here

in 1876.

Battle of Fort Pitt

Main article: [Battle of Fort Pitt](#)

In 1883, 25 [North-West Mounted Police](#) were sent to Fort Pitt under the command of [Francis Dickens](#), the son of the novelist [Charles Dickens](#). In 1885, the fort was raided by [Big Bear's Crees](#), though, among the inhabitants, only a single officer was killed. When Dickens agreed to negotiate with the attackers, Big Bear released the remaining police officers and destroyed the fort.

Closure

The next September, the fort was rebuilt by [Angus McKay](#). In 1887, a branch post was built at [Onion Lake](#) about 20 mi (32 km) to the northwest. In 1890 everything was moved to Onion Lake, and Fort Pitt was closed.

FURTHER INFO FROM THE NOTE TAKER: this site is about 2 hours from where we live in Alberta. There are many Hudson's Bay Forts across this province, as well as across all of northern Canada. The painter Paul Kane overwintered at Fort Edmonton on a couple of occasions – now the capital city of Alberta – and there is a Paul Kane Park in the centre of the city as well as a painting or two in the art gallery.

Many of the names mentioned in the history section are names that are part of the history of Edmonton. Fascinated to learn that the head of the North West Mounted Police patrol [the forerunners of the Royal Canadian Mounted Police aka “the Mounties”] sent to the fort was the son of Charles Dickens!

Another site – shows the expanse of HBC control in Canada – forts and catholic churches were often in the same general area
