Annie Rose: will not be here tonight

Guest: replay of an earlier Michael King visit to Stargate Roundtable.

Hard News:

- T:** Massive flooding in northern California – storm for a few days now; there was a 2000 acre fire along the coast which burned away the brush and the trees; mudslides are now the story
- New Mexico is getting all the rain now – for over 24 hours!
 - Last Friday it was - 40 in Alberta thanks to the dropping jet stream
- Over 90% of ocean sea life is dead because of acidified water; under the ice caps, there are trillions of tons of methane gas which is 100X more toxic than CO₂; it has been leaking from around the edges of those ice caps

Lima, Peru another climate change conference of 12 days

China: now the largest economy in the world; US is #2 as of today

Bond Market: taking a dive; when this happens, a total crash follows!

R: Max Keiser keeps talking of the world economy going into a black hole!

China: planning to build an intercontinental railway from China to Spain, to operate at close to 300 km / hr

US: doing nothing with infrastructure – certain ones want it to break up and let it fall on Obama
Republicans: want to fast track stuff and not follow the laws of debate and discussion in congress: this means they want to instigate Nazi laws as they think they will get away with their majority

Russia: ruble in free fall – \$1 US is less than 40 rubles

- Putin gave annual State of Nation address:
- As he spoke, it went from 60 rubles to \$1 US then to 54 to the US \$
- this does not mean the ruble is weak, but that lots of western dollars which were parked in Russia are being pulled out again

Toyota: Takata airbag recall expands – 2.8 million recalls in Japan; in the US – 8 million recalls, most in the southern states

- The executives of the company that makes the airbags summoned to a Congressional hearing
- They have rejected the demands to expand the recall to the entire US; said the airbags are affected by humid climate – they explode and send out metal bits [shrapnel]
- The chief of Takata airbag quality says it is mostly in the humid areas of the US

T: Japan's economy is 254 % over their national debt, GDP

- US is almost 100% of its deficit; the EU is at 90%
- They are letting this go to the very edge so people in the US and the world will see the extent of the gestapo state that exists, and the Republican collaborators which are part of it.

TX: the execution of the mentally ill man has been stayed – R thinks someone leaned on Rick Perry

T: this was on the intel wires: no police and policing are above the law anywhere – except in the US!!!

Thom Hartmann: chokeholds were banned 20 years ago by NYPD; there has to be some teeth now to the revisions

- if a police officer uses excessive force and the person dies, then that officer gets tried like anyone else for a crime
- those who did not kill Eric Garner directly – 9 police officers were there
 - He was put in a chokehold and died as a result; the other 9 just watched him until it was too late.
- **TH:** if there is evidence of a crime on someone else's cell phone because he shut his own off, then he is held accountable for obstructing justice as well as for murder.

T: there is no municipality, state or wherever, to whom the police answer: **they answer to the NWO which is the UN which includes all of NYC** - the 13 families are guilty of all of this.

- **There has never been a democratic way of life since the start of the US;** the country was declared a corporation right at the beginning of the country;
- the corporation of the US still answers to England! This has never changed!

Japan: have a new explorer has lifted off and gone into orbit to begin a 6 year mission

US: the Orion Capsule – a new one; a test is happening to launch the capsule farther beyond the earth's atmosphere than before and it will go twice around the earth before it comes down; the idea is to have a rocket travel at 6,000 miles away from earth with people on it! Extremely dangerous – should they be doing this?

- Are they covering something up: like perhaps having have some galactic technology inside the Capsule and only pretending to use fossil fuels?

R: a craft lifts up vertically, and then goes forward; there are no explosions as when a rocket is sent up which is an ancient idea! This is not how people travel throughout the galaxy.

Stephanie Miller: John Lewis was on and said he did not march with Dr King for his health;

- this whole issue is why we are waiting for the next shoe to fall; as that gets completed, we have no issues. As we recognize that we are one race – HUE-MANITY – then
- discussion about Ferguson, Mr Garner - why have we not dealt with 9/11 criminals?

- John Lewis' statement was very strong

All in with Chris Hayes: Dec 3, 2014
No indictment in NYPD chokehold death

<http://www.msnbc.com/all>

A Staten Island grand jury decided not to indict the police officer who put Eric Garner in an apparent chokehold, an incident captured in a widely seen video

- She reads much of what Al Sharpton said at the church **[SEE BELOW]**
- We can see that people are very steady now and are getting more so: people all over the country are saying the same thing: I can't breathe; I can't breathe.
- What happened in Ferguson was orchestrated by Eric Holder & friends from Goldman Sachs -
 - the I Ching says this is the week things happen; it is not about moving forward – JUST YET!
- People are preparing to work together – organizing, praying, etc

Japan, France - calling for new elections - the 13 families are terrified of counter revolutions
 • there are people in the streets in Japan, in France and in the US and in London – they can do nothing about all of this!!!

- She hopes she has said this enough:
 - **the dinars are a BLACK OP OF THE 13 FAMILIES, ONE OF THEIR DISTRACTIONS**
 - once you know this and still continue to pursue it, you will get nothing from NESARA or elsewhere

Guest: Michael King [a replay from Sept 18, 2014], introduced by MariettaRobert

MR: Michael always presents so much about health, looking after our bodies, as well as about spiritual subjects & the connection to the spiritual realms.
 • This night's discussion will be about spiritual directions, learnings, perspectives

MK: has found the last few months disconcerting: re-reading material he has read before
 • had had a strong spiritual orientation; in '71, was involved in Christianity; in '81, moved to metaphysical things
 • finally withdrew from all the reading and worked directly with his own soul.

- He wanted to know: how do you really forgive? And how to heal it all?
 - He had lots of challenges, and he is grateful for them – having such a background makes one more compassionate. His challenges were in health, spiritual, emotional areas
- In '93 he realized he'd created his own challenges: started with a 5 hour meditation and talking with Mother/Father god. He was angry from his time in Lemuria when he thought he had been abandoned. Realized that things had nothing to do with god but with his own perceptions and that he could change what was going on.
 - What he heard was “You came from my bosom; therefore, we are one.”
- Had long meditations – had a lot of work to do because of the large number of layers to go through
- Saw great improvements in himself: thought that the inner work was the only way he would make changes.

- He started reading **A Course in Miracles**; found it “heady” and put it down.
 - Underlying principles: written by Jesus; written to wake up Christians by using the same terminology.
- Discusses reading Gary Renard's books, **The Disappearance of the Universe**, and his various understandings gained with each reading.
 - Within the last couple of years, MK came across a couple of people who shift back and forth between different realities – they show up in different clothes too.
 - They had no control over it – just happened. Her husband knew it was going on: would see

her going into different rooms and changing clothes.

- He began to understand [2nd book is **Your Immortal Reality**; in the 3rd book went into detail about this physical reality]
- Michael found it disconcerting when he found out that god did not create the material universe – depressed him; then it started to make sense - the material universe, because it is destructible, god did not create it – what god makes is indestructible
- That which is all inclusive – spirit, the Oneness of all that is – has no opposite.
- Our perception is what gives shape to the material universe, and our perception comes first
 - Gary Renard was taken on an inter-galactic trip to learn what he later wrote about.
- Michael began to understand that perception does rule the way the form shows up; his unique perception creates his story, even though he might have co-creators with him -
 - If you believe things outside of you are really outside of you, then you have been caught up in the illusion.
- He gave up channelling because he wanted to be in communion with his soul, then he found out that the soul was not what he thought it was.
- When we are living in spirit and are in our 'forms', we are expressing through the individuated form but there is only One of Us – this is the healing, the path to the healing of all things.
- What we see is a reflection of what we are projecting – now he gets it as it is beyond physics, beyond Metaphysical platitudes, way beyond Christianity: what he was seeing was what he was projecting.
- The people out there are other parts of himself, and to grok it at the deepest levels gives you the power to change the world – because you can change your version of the world to have a better experience!
- How do I change my world? What others do is up to them: not my responsibility - I am not part of their creation and I won't even be part of that experience if I am not involved as a co-creator.
 - Yet what **I project is what I believe.**

MR: when you talk about things in terms of experiencing relationships within families, for example

MK: you grow up very fast when you realize the bad stuff happening to you was created by yourself!

MR: asks about all the souls giving collective expression to war, to lack, or to the collective thought about anything: how do we sort that out in terms of us each being individuals but being here at the same time as others experiencing the same thing:

MK: there is an answer: what he has begun to do and put his understanding into practical reality:

- thinks that we have to own our reflections; once I own it: that which is in front of me, is me; if it is not a happy reflection, I Have to heal or forgive it – recognizes that it is HIS projection!
 - What he has to do is **FORGIVE THE PROJECTION** - this is pivotal. Forgiveness without this understanding is counter productive
 - if we try to forgive a wrong doing, we will fail at this and merely cement that wrong doing of the other person, and we cement our own guilt back into place; & the guilt we are cementing does not even exist!
 - We will never set ourselves free by saying “So and so who did me wrong, I am going to forgive” - approaching the incident as the decision to forgive someone who did us wrong does not work
 - the ego wants us to believe that someone did us wrong so that we will always thing we are separate from that person, and this enforces the guilt.

Here is the Pivotal correction: if we will forgive our projection of our own inner self, and bless that projection, we will set ourselves free in a matter of seconds: “I forgive this projection of my inner self” - he has already owned the reflection by looking at that other person who has shown me something I may have not been conscious of before. I am grateful that I have seen this projection of

something that is really of myself.

- We are forgiving MY projection of MY inner self that is causing people and events to show up the way they are. - as we forgive this projection, we realized that we created it into existence
 - why do we do this? Because the guilt inside is something that was so devastating when the original being separated from Source and the disconnection cost the individual being so much and the whole experience of feeling abandoned by Source – it created such a misinterpretation & a mad thought : “What would it be like to be separated from this Source?”
 - it was simply perceiving a dream into existence and something that we perceived to be a guilt-driven perception: that perception and the fear in that moment never left us. Ever since that time, we have projected our fear outwards onto others and create bodies and images to house and reflect our guilt, fear, anger, rage, judgment, blame because we do not want to own them. So we cause parts of ourselves to break off and manifest as those individual things of guilt, fear, anger, rage, etc
 - Now when he looks at another person, he sees himself
- Talks about special relationships **LISTEN TO THE AUDIO** **ARCHIVE ON BBS!**
I FORGIVE AND BLESS THIS PROJECTION OF MY INNER SELF; TAKE A BREATH AND PAUSE

The Disappearance of The Universe with Gary Renard - YouTube

Uploaded on 26 Dec 2010

<http://www.garyrenard.com/>

What would you do if you were sitting quietly in your living room when a mysterious couple appeared from out of nowhere - and then told you they were "ascended masters" who had come to reveal some shocking secrets of existence and teach you the miraculous powers of advanced forgiveness?

Would you call the cops?

Call a psychiatrist?

Run like mad!

When two such teachers appeared before Gary Renard in 1992, he chose to listen to them (and ask a lot of impertinent questions). The result is the startling book *The Disappearance of the Universe*: an extraordinary record of 17 mind-bending conversations that took place over nearly a decade, reorienting the author's life and giving the world an uncompromising introduction to a spiritual teaching destined to change human history.

"A book that is destined to be one of the most significant contributions to spiritual literature in this century. The message in Gary Renard's **The Disappearance of the Universe** is of great importance to the healing of ourselves and our planet." by Dr. Wayne Dyer.

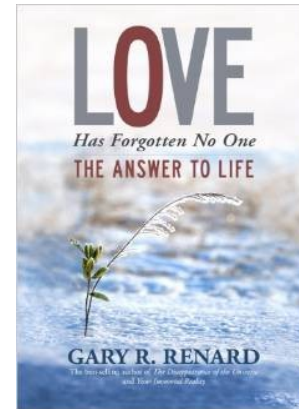

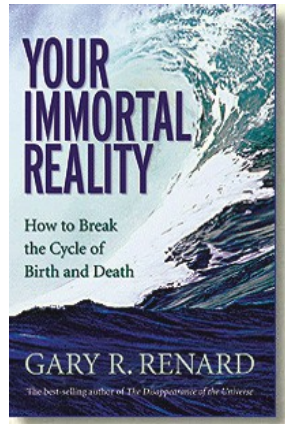

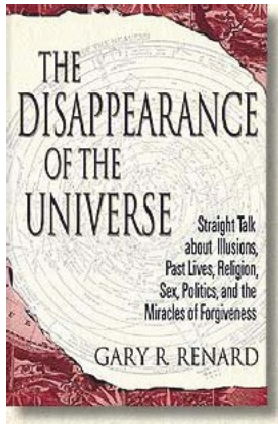

Gary Renard is recognized as one of the foremost experts in teaching the message of **A Course in Miracles**.

Hard News:

T: this presentation was just as inspiring as the last time!

Sees timelines converging – the work that has been done so far has needed to be done

1. **Since 1979, Oct 1** – have been working to get all the evidence against over 500,000 criminals
 2. Another timeline **started in 1993**: 15 members of Congress spent 6 years putting together NESARA bill – a 250 pager!
 3. **By 1999**, 20 years later, they had to have every piece of evidence that they needed to after these ones legitimately. It took 20 years to amass the evidence
 - in 1999, the NESARA Bill was placed before Congress
 4. From **1993 – 1999, Dove was involved**:
 - **In 1993**, 3 cloned & programmed operatives of the Bush Family appeared as Wingmakers in her living room
 - they got her involved and she was gung-ho: they said we'll protect you; is that OK with you? – and she said yes!
 - in 1996, Bush Sr arranged a hit and run; she died & came back with another soul – a walkin.
 - she was in a coma for 9 months; was paralyzed from the neck down; took 3 years for her to fully come back – then she was writing again in March, 1999
 5. **March 9, 1999** - the NESARA bill was completed & placed on the table
 - Within 24 hours, Bush Sr had snatched it, showed it to his cronies, had it re-worked and there was a different one on the table,
 - the new 75 pager was all re-arranged & completely mis leading – a horror story
 - then it went on NESARA.COM and NESARA.ORG, 2 fake webistes – took a while to get this set up
- Annie Rose spoke to T & R before the show and said that NESARA had gotten posted
 - **HOWEVER, it was on Nesara Blogs and Forum which is a dinar site: has nothing to do with NESARA!** Moles within in the machine
 - Questions about why people in the public have not seen [the bill] – KOS said a long time ago there has to be a complete separation between F 3 and F1, F2
 - **The request from the very beginning was no intervention in a civilization's development except in the case of nuclear or psychic holocaust**
 - F1 has been working with the 13 families and controlling all from behind the scenes – as Bill

Clinton said, there are 2 gov'ts and one of them is secret; if you want me to say anything you want me to say, you guys are going to have to get out there across the nation and do something!

- the things **the 13 families dread the most is counter culture** like "OCCUPY everything"
 - so they have spent their time **taking out whistleblowers** and calling it suicide,
 - They even took out Robin Williams. Stories have been out for a long time that he is manic depressive, a drug user, etc etc etc - when you see the movie he made "What Dreams May come", when you perceive that this has come from this man's heart and mind, you know he has had no issues at all! He chose to use humour because they had wanted to kill him since the beginning, and he knew it!
 - Also George Carlin!
 - Erin Schwartz – same age as her son at the time; did not commit suicide; he was brilliant and exposed them: SOPA, PIPA, the computer strangulation programs of the dark side

- 6. 1979 – 1989 - Greg Bradin** – was in the military to begin with [Lockheed Martin] and assigned to build the mother of all bombs – this was completed **in 1989** at the time the **Berlin Wall went down**;
- what Greg did was so far advanced from other nuclear weaponry that Russia completely stood down

- 7. 2009** was another 20 years: Obama became president; Hillary got sat down in the background
- Olberman asked said are you waiting for someone to come and shoot him in the head so you don't have a contestant?

The mandate of T & R has been to be here and give the F3 news which is available to anyone else

- **THE ONLY PERSON WITH NO GAG ORDER IS RAMA.**
- There are many people in various areas who have had connections in the political, movie, media stratosphere who have had contact but they were gagged.
 - Michael Hastings was killed for exposing McCrystal, Betrayus
 - Chuck Hagel [F2] is supposed to be blowing the whistle on McCrystal and Betrayaus – not a resonant goodbye because he took money from the wrong side of the fence;
 - Karen Hudis of the Central Bank also took money;
 - Rand Paul, Ron Paul, Shelly Adelson – gave money to those we thought we could rely on, even though some of them played good roles and got good news out.
- If you are not one of the media pundits or in the higher levels of the reptilian organizations or the Vatican, you can be ignored.
 - For 20 years, Rama was on a radio program called 24 Rock; he was called "Crazy Lord Rama": it was a good cover: he has been **going onto the ships since summer/fall 1967**
 - April 4, 1967 MLK Jr gave the speech against Viet Nam – he was killed April 4, 1968 because he over stepped the boundaries that had been set for him [ie, you stick to civil rights] and he spoke against the war – hence he was killed one year after he made the speech
 - Rama has been against the war the whole time; he is still here because he is "crazy Lord Rama"
- Putin has been playing checkmate, when people are thinking they are winning!
- Will soon be Obama's turn, along with St Germain.

- There is to be a march in DC on Dec 13 – **resonant of 1963 and the MKL march.**

INFORMATION RELATED TO THE NOTES

I Ching For The Week of December 1, 2014

#12 Pi Obstruction

Above: Qian/Gan heaven, energy, spirit power
Below: Kun center of the Earth, responsiveness

The Wisdom: Communication is blocked.
 Not a time to move forward.
 No influence.
 Hold to what you know is true.
 Be not seduced by sex, money, fame, or power.

You are on your own in the situations you are facing in this coming cycle. You cannot depend on anyone to help you through, so don't try to press forward. Do not take this time of obstruction personally; it is not anyone's fault, least of all yours. It just is.

At this time hold back from initiating new projects or having the expectation of completing what is already in play. Should you attempt to push, you stand a very good chance of being run over by what is opposing you on your path.

Do not try to accomplish anything other than making these moments of stillness useful. This period of stillness and retreat is for you to work on what you have learned and practiced. Relationships can be difficult at this point. Be cautious about who you associate with. Your social intercourse should be limited now, so pull back. If you try to engage, you will likely not be understood or worse, misunderstood which would lead to a major jog off course, so stay in retreat mode and bide your time.

By having the greater good in mind for yourself, your family and tribe you would in normal times be received with a welcoming hurrah! That cannot happen now, these are not normal times—there is an air of mistrust and discord floating around. It is not that you have done something wrong or acted out of the cosmic order, not at all; it is just that the cosmos and the energies around you are in disorder. Remember, out of chaos arise new forms, so there is nothing you can do but let the dust settle and study, hone your skills, attend to the details, let go of the idea of completion and Be still.

The ego would say that you have done so much work and made so many advances, why not take your gifts out into the world, especially when it looks like all those wonderful things like love, money, or power seem to be right within your grasp. Don't be fooled; it won't work that way in the current energetic flow. Instead, make this time of withdrawal pleasant. Eat well, exercise, rest, and meditate; do things that feed your inner life.

Look carefully at all offers
That come your way.
Do not act on them or accept.
Contemplate all sides
And wait for the truth to be revealed.

The feeling that progress is obstructed will cause inner conflict. It takes courage to resist what may look like a treasure being extended to you, especially if you are feeling stuck or hopeless or even slightly confused. Feeling stuck can be debilitating; you are more vulnerable to the manipulations of evil. Evil, in this case, should be considered the temptation to forget your authentic self and drift into ego-based decisions.

Pay attention and read the signs and symbols that come to you out of the collective consciousness,

the universal mind. The wisdom gained from disengaging and contemplating the archetypes will allow you to detach and come to a more peaceful feeling. From this place, you will then have clarity as to the correct and honorable way to proceed when it is time to do so. That time is close, but not quite now.

Consider this an opportunity to still your mind and examine your own behavior and that of those around you, without judgment. By simply observing, you pave the way for the universe to bring you great and surprising teachings that your higher self has been longing for. These teachings will answer such questions as What am I here for? and Which road should I take?

The appropriate conduct at this time consists of strengthening your resolve to be the best person you can be. Being morally and ethically strong in times of obstruction will serve you well.

This darkness and oppression you are feeling is in the natural order of things, it will pass, and make way for a clarity that will give you confidence and strength. The decisions you then make and the actions you take will lead to a time of great progress and fulfillment.

Avoid arrogant people or those engaged in a display of authority; keep them out of your energy field—they will soon fall from favor. Know this: with correct action truth, beauty, and goodness shall prevail!

When facing obstacles the correct action is to generate merit, by being kind, thoughtful, compassionate, and generous. This takes the focus off of the ego's demands as you emanate the kind of light that brings clarity and peace, to yourself, tribe and to the planet.

In Lak'ech
Love, peace, and many blessings

2014, Dec 3 **ALL IN with Chris Hayes** – remarks of Rev Al Sharpton

http://www.nbcnews.com/id/56553170/ns/msnbc-all_in_with_chris_hayes/#.VIUxOWd7js0

HAYES: Right now, we're going to go live to a press conference called by Reverend Al Sharpton, the National Action Network, with the family of Eric Garner. Take a listen.

REV. AL SHARPTON, NATIONAL ACTION NETWORK: -- of Eric Garner, Gwenn Carr, to my left is (INAUDIBLE), two of his daughters, Emerald and Erica, and his son Emory, are standing with us. We're joined also on stage by Minister Kirstin John Foy (ph), who's the regional director of the National Action Network, the Staten Island president of our chapter, Cynthia Davis. We are joined by the president of the New York state branches of the NAACP, Hazel Dukes (ph), and we are joined by Assemblyman Karim Camara, Assemblyman Walter Mosley, Senator Adriano Espaillat, and our home city councilwoman, Ynez Dickens (ph).

And last but not least, one who has fought for many years to avoid us from being at this moment, the presiding bishop of the House of the Lord Churches, the Reverend Dr. Herbert Daughtry.

A week ago tonight on this stage stood the mother and father of Michael Brown from Ferguson. Stood the domestic partner and mother of the child of a young man killed in the pink houses in Brooklyn, New York, Mr. Gurley, who will not even be funeralized until Friday night. We've not even had the chance to bury him. They joined the mother and wife of Eric Garner.

We are dealing with a national crisis where in the last 90 days, from those three cases to a 12-year-old boy in Cleveland whose funeral was just today, how many people have to die before people understand this is not an illusion, this is a reality that America has got to come to terms with. And no amount of secret grand juries with local prosecutors that put up evidence that we do not know is going to stop people from raising the questions and demanding the answers. We are not advocating violence. We are asking that police violence stop.

CROWD: That's right. That's right.

(APPLAUSE)

We've asked for this now nationally because of Ferguson, because of Cleveland and here. I was in the meeting at the White House with the president as they began moving. The attorney general talked with Mrs. Garner and me today. They talked about an independent investigation.

But let's be clear -- let's be clear that while we ask for the federal government to move, we are moving that way on Saturday, a week from this Saturday, December 13th, we are having a national march in Washington, D.C., where we are calling for the Justice Department to take this case and the case in Ferguson and the case in Cleveland. It is time for a national march to deal with a national crisis.

(APPLAUSE)

Why a national march? Because if we -- we cannot be put around like social hamsters. One minute Ferguson, next minute New York, next minute Cleveland. No, we're going to bring Ferguson, Cleveland and all of New York to the nation's capital.

CROWD: That's right.

SHARPTON: To say enough is enough.

(APPLAUSE)

This Saturday, we will be -- they'll be funeralizing former D.C. Mayor Marion Barry. So, we'll wait one week but we'll use every day to organize. Tomorrow morning, the presidents of civil rights organization, the head of the Urban League and others, will be meeting here with us as we plan this march. And we intend to organize until there is a direct move for justice.

The precedent, the precedent for this is Abner Louima. The federal government took that case and that policeman 17 years is still in jail tonight.

CROWD: That's right.

(APPLAUSE)

HAYES: Reverend Al Sharpton calling for a national movement to deal with a national issue, calling for a march on Washington, referencing the case of not just Eric Garner, Mike Brown and Tamir Rice, the 12-year-old boy shot in Cleveland. Those protests the reverend is calling for, they've already started spontaneously here throughout New York City.
