Newsletter Edition | June 2014

BE PART OF YOUR NETWORK

## DID YOU KNOW...

... the Global Network is now 730 days old!!

The GNSL was officially launched on June 15th, 2012 during a side event at the UN conference on Sustainable Development in Rio, Rio+20. Ever since, the network has been evolving thanks to the participation and support of all its members and endorsers.

To celebrate, the GNSL is preparing a surprise for all its members and to make it possible, we need your support.

Please let us know how can the GNSL support you further to fulfill your vision of a sustainable lifestyle!

... that the endorsers of our network keep growing?

# Sublime MAGAZINE

The GNSL is happy to welcome SUBLIME MAGAZINE as one of its endorsers! Mr. Damian Santamaria, the publishing director of the magazine, shared with us very interesting and inspiring stories and sources of information.

[FIND OUT MORE ON OUR BLOG](#)

Sublime is the first international sustainable lifestyle magazine (available in print and online) that aims to inspire and engage people to live sustainably. It was created in 2004 and is currently distributed in 30 countries. We invite you to get to know more about this great endorser by visiting their profile!

## HOT IS...

... to stay tuned with the outcomes of BIG2050!

Yes, the project Budding Ideas Glocally for 2050 has come to its final episode. After 5 exciting, interactive and content-rich workstudios, BIG2050 was able to fulfill its objectives and gather the local knowledge of over 300 stakeholders, share their promising practices and support the development of action roadmaps towards living sustainably in China, Colombia, Ghana, Germany and the Philippines. By visiting the blog section with promising practices and the match-making sections, you can connect with the people who made this project so successful.

There is a report from each of the workstudios available online and the final project report will be available soon.

[STAY TUNED](#)

...to stop being judgmental and get engaged in change!

Thanks to our member Anna Davies, there's a very interesting discussion going on about projects and activities where this innovative approach to strategic planning, participatory basckcasting, has been successfully implemented.

This methodology offers a wide room for learning and exploring new approaches to develop partnerships and collaborations.
