Hard News:

- Lots of solar flares now; Mother's ship is in orbit

Camp Lovewave: guest Patti O'Neill, a photographer in Santa Fe: takes pictures of fairies, hobbits, dwarves, elves;

- fell into photography through a series of adventures: wanted to be a Tai Quown Do instructor at the police academy, but that did not work out; she is the last one left in her family
- stumbled onto photography 2 years ago when brother, an Iraq vet. died of an O/D

- he went through basic training – wanted to go to school to be a computer programmer so thought he'd get a deal by joining the military – got his training and the PTSD too: is it worth it to get your college education through the military?
- She brought up the idea that student debt needs to be written off completely: still paying hers off
 - the brother was excellent in basic training, was a corporal by the time he went to Iraq
 - was ordered to bust into an Iraqi home & kill the family; was told they had put up a roadside bomb down to get the hummers – US military do not obey speeding laws or any other kinds of laws in Iraq
 - Was told to do it though he did not want to; afterwards he had been dealing with PTSD for murdering this family
 - refused to go on any more duties over there; put in a psychiatric unit there, sent home, given an honourable discharge
 - 2 years ago, he got an overstrong dose of heroin and Patti found him dead in their home
- She has come out of a deep, deep depression and takes photos at dawn and sunset, so the fairies etc all show up for her
 - She said these beings have come & sat with her; do not speak, just send love to heal her heart
- a real challenge for her to get on Camp Lovewave and tell her story: very reluctant to speak – she's 28 – just a babe in the woods, a Millennial;
- she says she's here to bring love and balance to those who have been through these wars
 - talked of Michael Brown and Eric Garner etc etc and the police
- went up to the Sante Fe ski basin and up to Aspen Meadows, sat in a fairy ring: purple angels did a circle dance around her for 2 hours! When she was done, they were doing spiral movements around her to build her aura & create healing in her body so she could talk about this & not just cry her eyes out!
 - When she was done with the 2 hour session, she fell into a deep sleep and slept over the night; when she woke up, she saw the grass all trampled down and footsteps, clear signs of their presence.

Scientology, Tom Cruise, John Travolta

- a movie on HBO about Scientology which does not do nice things to their newcomers: take them to black prisons and program them
- **"Getting Clear"** is a movie about getting clear of the programming: whistle blowers have gone inside the group and then revealed what goes on
- Send Tom and John love and the violet Flame

Larger picture: the Black Ops, and what we heard from Peter Moon Friday

- Teran and Bear brought up that the Scientology group tries to entice those with PTSD, or drug and alcohol addiction – they capture people and program them
 - the current leader actually beats people: talked about in the **Getting Clear** movie
- Both Tom and John are in the public: R does not know what to say about it
- A lady was in Scientology with her daughter; took a phone call and told them her sister was coming to take the daughter to the doctor; when she took the girl to the car, jumped in too and got away, now is talking about the experience
- L Ron Hubbard who wrote the Scientology books ties into the Rat Pack, Allen Parsons, Werner Von Braun – an offshoot of the mind control program which turns you into an assassin – like Bush Jr's wife who was an assassin and ran over her boy friend when so ordered to do

Tariq Ali, a whistleblower from Pakistan: about Yemen and Saudi Arabia

- the lunatic fringe in Congress want to pull off the final End of Days, the last chapter of Revelations and have a nuclear war, with the wrestling match on the plains of Naquido between Sananda and the Anti-Christ
- the whole story is about the stargates: the Gulf of Aden has been very active: ships coming out of the Gulf of Aden vortex in the ocean – this is where the earth is making new earth and is expanding the diameter of the earth – it continues to grow.
- Tariq asked R why have we not dealt with the US of A, Saudi Arabia and Israel who did 9/11, East Ukraine?
 - Joe Wilson, Valerie Plame, Still Fair Game" over 2 million US soldiers are dead – this was in 2006, more by now + 5 million Iraqis and others
- **ASHTAR HAS SAID NO NUKES AND MEANS IT; THESE ONES ARE BEGGING FOR A DATE WITH ASHTAR & MOTHER** – this brings in Dr Steven Bassett and Dr Greer and full disclosure story

- the letter from Dr Bassett to **Hon Sec of State Clinton**
 - the story of Webster Hubble, the father of Chelsea Clinton – so deep!
 - Today, news said Hillary wiped her entire server totally clean **BUT KOS HAS IT ALL**
 - she thought she was getting away with it during the OJ case when she was going through efforts to not be accused of the murder of her lover, Vince Foster
 - Somehow she made a deal with Queen of England that Bill Clinton would marry Lady Di & she would divorce him – would marry the British Empire and the US permanently
 - she's in the process of getting a divorce now : what is this about?
 - Lady Di was killed because she said she would never marry again, except for love. Said this January 9, 2007 with Barbara Walters
 - All they wanted was her DNA for the kids; only killed a clone
- Lady Di talks to Rama regularly; she came to visit Rama on a craft – he saw it land and her deboard; they are always disguised
 - **Many things going on behind the scenes:** time for us to open our eyes and become fully aware of what is going on
- Apple CEO Tim Cook to donate millions to charity; talked of Steve Jobs who was called a hot head; he was super, super creative but his not-so-cool side was to export all to slave labour in China and set up a prostitution ring with the girls there; if the girls got pregnant, forced the abortions and kept them going - UGLY
 - The new guy is donating millions but what is really going on is that **Billions** are being made by this kind of slavery / outsourcing

- R asked Tariq** – said the guy [copilot of the German plane] was taking medications for deep depression; when you step into allopathic medications, pharmaceuticals you open yourself up to mind control etc
- 22 soldiers a day kill themselves due to the medications they are given
 - The co-pilot also got in touch with his ex-girlfriend and said he was going to do something
- Flight # 9525, Captain of downed plane Patrick Saundreimer was among the ones killed; it was the co-pilot who was ill for 6 – 12 months for massive depression. Might have been getting the same kind of drugs as the PTSD ones which make you go suicidal. KOS said he was mind controlled – can do this more easily when someone is taking pills.
 - Former girlfriend said he had told her one day, he would do something that would change the whole system and everyone would know his name!

- Craig Barnes:** Robert Reich talking of the public bank coming to Santa Fe, funded by the liberals in Santa Fe so people are not beholden to the dark ones on Wall Streets
- Chris Christie is involved in 911 and the bridge gate scandal, as well as the man who was in charge of the Port Authority
 - No one has gone to jail for 911, yet Michael Hastings is not here as he knew much about Gen. Stanley McCrystal; Michael Hastings was named in one of the videos we saw last night
 - Susan Lindauer worked for CIA, like Valerie Plame – has been tortured etc
- **Noose getting tighter and tighter; why they are frothing at the mouth**
 - Louis Gomert – we need to go and bomb Iran today within the next 48 hours! He's crazy and has millionaire crazy friends like Shelly Adelson
 - Jesse Ventura's son now on a talk show on RT – a brand new show to fill in the gap left by Abby Martin who left RT mysteriously
 - Melissa H-P was covering student debt – there are 10s of millions of students who are in more debt than they can ever pay – a movement getting bigger and bigger about debt jubilee for the students [NESARA]
 - the universities are taking the I O Us from students' loans and putting them in hedge funds and making billions off students who will never be able to repay: now there is a mass movement of students refusing to re-pay their loans!!! Will also help topple things
 - Obama is offering 2 years of free college, and then you have to look at the curriculum- the programs are being twisted: Melissa's foot soldier is tremendous about how the people can turn things around [See the segment later in the notes.]
 - Hillary Clinton wiped her personal server clean

- protest growing over Indiana's new "religious protection law"
 - Got a song from the black lady singer who sent tweets to Gov Pence
 - religious protection law is about letting people not serve gay people
REMEMBER religion is organized, not true in the way it is being presented.
- We'll get the true histories: there is a **complete holographic library under the Becgei Mountains in Romania** & tunnels going to places like Mongolia, Egypt, Bahgdad, Inner Earth - all kinds of inner earth libraries: Shamballa and Agartha – united!

Oregon: new female governor – previous gov corrupt, resigned; she passed the law that says **everyone living in Oregon will all be pre-registered to vote** – automatically!

- No special ID, no money, not driving around to vote!
- **California – going to follow suit!**
- Final day for the **nuclear deal** is Tuesday, Mar 31st: nay-sayers as usual; think it's Netanyahu & McCain over here and Saudi Arabia and Shelly Adelson who funds Netanyahu – all are in it behind Yemen.
- **Nigeria:** election today; Good Luck Johnson is not nice – Boco Haram is another wing of CIA Black Ops
- 4,000 fishermen stranded on an Indonesian string of islands – does not know much else
- **Ford Mercedes** opening a research facility in Silicon Valley
- **Blackberry** earnings: lowest quarterly earnings in last 8 years.

Greece: Fitch rating agencies has down graded again.

- Angela Merkel is not a nice person; story has to do with her father and the ancient story of Metatron's cube and the tesserach & the other magical technologies which are really about hyperdimensional physics that we are just getting to learn about through Nassim
 - Merkel – Germany is in the 4th Reich; at the same time, beloved St Germain, shows up with El Morya, Maitreay and all the brother hoods and sisterhoods are here – the energy cannot hold a candle to something called a nuke.
- **Amanda Knox – acquitted in Italy** at the Supreme Court level from the 2007 murder of her English roommate
 - 2009 – Italy's trial court found her guilty; spent 4 years in jail even before they found her guilty from 2007 - 2011
 - in 2011 was acquitted and came home
 - 2013 – Supreme court reverse the acquittal; found guilty again in absentia
 - 2014 the appeals court upheld the guilty verdict
 - 2015 – last week, finally acquitted; the final ruling in the case – there was not one ounce of evidence that anything like that every happened: she is grateful to have her life cack
- **IRS** has cut 12,000 employees since 2010; now victims are falling prey to the turbo tax hackers who are stealing refunds in the mail!
- **Indiana** – HIV on the border with Kentucky – 81 cases at the moment: something about dirty needles
- White House releases **plan to fight anti-biotic super bugs:** DO NOT EAT REGULAR MEATS BECAUSE YOU WILL GET THOSE SUPER BUGS; CALVES ARE FED ANTI BIOTICS FROM THE TIME THEY ARE BORN AND ALL THEIR LIVES; as you eat the stuff and it destroys your immune system
- on Thom Hartmann: if you whistle blow on the abuse in slaughter houses by filming the abuse, you go to jail!

Caller: what happens when these ones are taken away? The biggest question: what about those going to 2nd death?

- there has been a whole thing going on since Harmonic Convergence
- since Harmonic Convergence [August 16 - 17, 1987], the earth has been moving back into the Milky Way

Galaxy because of the photon belt; this is fact! We have not been in the Milky Way Galaxy [MWG] WG for about the last 5000 years because the bombardments of the 5000 year Orion War knocked us out of alignment in the MWG

- we have been wobbling 23.5* off our axis and wobbling with great uncertainty, outside of the MWG – on the outer rim, actually in another galaxy
- Cynthia wrote a piece in 2006 – 2007 which explained what happened; where we were and how we got back - it's in the archives on BBS, and in the archives on 2013 Rainbow Roundtable
- the kind of destruction of our DNA during the Orion War, the genetic manipulation of it, the downgrading of it during that war
 - About 100,000 years ago, our DNA was expanded so our sentience and our ability to perceive spiritual, moral and ethical values was expanded by our having literally been awakened by that time
 - we have been on this planet for millions of years in various levels of inter-dimensional, multi-versal states of being; all of this [knowledge] has been suppressed, covered up
- the great “fall” in the original Garden of Eden **took place in ANTI MATTER universe, not in the matter universe**
 - it wasn't about a talking snake; that is symbolic; it is about the displacement of our higher awareness of unity consciousness as sentient, galactic humans on this planet
 - meaning that, when we came here on the journey originally, we split ourselves apart over arguments, over falling from grace – the great “fortunate fall” where some of us decided to follow the ego at the lower end of the stick and start using forceful means: sabre rattling, light sabres, Darth Vader, & nuking – this planet has been nuked uncountable #s of times
 - Watch *Ancient Aliens* - Mogindarow in the east – India; it still has great amounts of radiation from the rocks in the ground due to a past nuclear holocaust; there were numerous holocausts thanks to the Annunaki, as part of the fallen angels; **the higher ones of fallen ones were Elohim** – they knew about magic but they misused it and misqualified their circumstance for all of us, as we are all One and when one is harmed, all are harmed.
 - the **Elohim are the ones who never fell from grace**, like Ashtar – Pacovotan is his only incarnation on earth, in Mexico
 - the Temple of Inscriptions in Palanque is where he reigned as Prince King, before the Zeta Reticula nuked the planet at the time; he beamed out of there and so did the Black Widow Society, women who had crystal balls and had a way of connecting with those balls, so a lot of folks were saved from being nuked.
- A greater thing was also going on as well at the time: The Incas – some of them were getting mixed up and doing not so cool things; some of the elders held the light, but lots died.
 - a reincarnation was only possible by Lord Metatron re-constituting their forms by re-instating the energetic blueprints of all who had been nuked
 - This happened also with the nuking that happened in 9/11 – within a month, they found 14,000 bodies in a morgue underground, about 2 blocks away from the site
 - these beings can be reconstituted from their etheric blueprints: yet the timing on this is up to the soul
- there is something going on here with the question of what happens to all souls, all incarnations, when these characters after 13,000 years of murder, pillage, rape, eating soul energy, 2 Billion of us dead in the last 100 years because of this: what happens?
- There are varying things going on:
 - **1st the energy has to go up:** between Harmonic Convergence when the photon belt locked on like a tractor beam and the earth was pulled by that photonic 5th dimensional energy into the Milky Way Galaxy, the result was an **automatic upgrade**
 - **2nd after we got back into the MWG, we continued moving; the pull continued & we are travelling back to the Pleiades via a pattern**
 - every single planet in the solar system has its own individual spiral orbiting pattern – it is not true that we move in a stagnant pattern, going round and round the sun
 - we are in our individual patterns, own speed - and, yes, we are indeed following the sun which is following a spiral pattern and following a star in the Lyran Constellation called Vega

- When we fell from grace in the Pleiades, when the Luciferians decided to follow their lower egos to get in their starships and go to earth and kill anyone in their way, **took out a whole star system** on their way: it was called Arachne, and then was called Ariadne when it was restored.
 - Lord Metatron reconstituted the etheric blueprint of the entire constellation – it is now called the Ophiucian constellation, the 13th tribe of Israel, the dolphin constellation – previously called the spider constellation twice before. [Arachne, Ariadne]
 - In the medicine cards, spider constellation is called *spider medicine*, the inventor of the alphabet of all language, not just English, derived from the original language called Solex Mal which was in pictographic form in colour, sound and vibrational nuance.
 - we had a number of pictographic languages: Sumarian texts are cuniform; Egyptian is pictographic; the calligraphy of the Japanese and Chinese language is amazing, and Sanskrit
- The precision of finding our way home has to do with much subtler truths, and we are being accelerated in our vibration daily as the round-up of these latest stories as the last, a mere 13,000 years of the 450 Billion years of history is being retrieved. The history of earth and humanity and all that has gone on **is in holographic form** under the mountains in Romania! And **they are accessible**
 - The changes of what is going on is our DNA is also accessible, and the retrieval of our original etheric blueprints, will be done in this way, meaning that all the **misdeeds will be erased** from the entire history of humanity!
 - It happens when these ones are taken down; we've got them down to clones and then to solid holograms; there are measures where they are just going to be gone: no drawn out events, nothing; it will happen just like that!
 - Katrina VanDen Heuvel on **Left, Right and Centre last week said:** it is time for someone to summarily deal with Netanyahu, all of his war crimes & all of his buddies who did the war crimes with him.
 - Netanyahu did 9/11 with his buddies who are the **Khazarian Nazi Zionist members of a group called the Zionists** which adheres to The Protocols of the Elders of Zion. He is one of the Elders & there is a whole bunch of them – goes a long way back.
- 911 not just a Reichstag fire of Hitler, it was the Reichstag Fire of **our entire galactic abuse by an alien race**. Peter Moon said it was not calling all of them bad reptiles; it is the Luciferious rebellious Annunki, fallen angels, out of which these Khazarian Zionists came; they manipulated their own DNA & this is in the records.
- after their 1st death has occurred, the Luciferian ones and their followers meet Mother; if they say they do not give a hoot about what they have done, don't care about asking for forgiveness, are not remorseful, they go to 2nd death which means the history of every act and every lifetime of the last 450 billion years in whatever dimension those individuals existed is COMPLETELY OBLITERATED! There will not be even a soul remaining that is connected with those misdeeds.
 - The energy of that soul matrix goes back into the Dark Rift, the huge time space continuum where the creation of new universes occurs; that soul energy is not lost, so there is truth to what Omena said about we never lose our soul: no, we don't; we give up our souls to new life forms, new creations, the new plasma energy creations or new universes being created out of that plasma energy. We are not our physical bodies, we are made up of plasma.
 - We are the only ones who have polarity; we are made out of plasma - all the 6 other Super Universes are non-linear, non-polar – they are unity consciousness through and through, non-physical: that is the meaning of being **from anti matter which is where we came from**.
- **These are huge concepts, and in order** to comprehend where we are going from here & all the decisions that we make in the intelligence of our heart & feel with our buddha mind which is the mind of the dolphin, the manna place
 - the octopus, the whales, the dolphins of the sea have human souls; we were **sea people [trititarians] before we were land people** and the mermaids are part of us
 - T & R had akashic reading sessions with people in the 1990s who were sea people: mermaids, mermen in previous lifetimes who had eras of reincarnational patterns as sea people; mermaids and mermen are still there with the Altimarians, working in the seas doing what they can to keep earth from going super nova; it is all they can do without interfering with our free will choice: the Prime Directive cannot be violated: non intervention in a civilization's development unless in

the case of psychic or nuclear holocaust.

- We cannot be violated to the point where the creation called Mother Gaia and her twin flame Vvyamus are sent super nova; this is not allowed: that is the meaning of the Prime Directive
- that is what the Altimerians are doing but not all of it: there are 50,000 inventions created by humans that have been suppressed, and many of those people are dead, at least in their bodies.
- Consider the information currently being played on the programs – all the different disciplines, ideas – extremely wonderful!

- **There was another dispensaton with this intergalactic war activity called 9/11 – a nuclear explosion that pulverzed into nothing** 10s of 1000s of bodies that have not been recovered at all; some of them had some teeth left – anyway, it was that which caused the galactics to come in.

- No one can come back here once they have left and not completed their mission, other than those who were affected after 9/11 until their lifespans are completed: it might be going on that those who are making decisions over 70 years or so could come back; yet, many of them have decided to go to other time/space continuums, planets, star sytems or other places already because they realized they could complete their mission from the other place

- there have been 100s of millions of people since the 90s that have been physically moved to other star systems, planets, sun systems because they are not functioning up to the level of energies present, and they are holding on to belief systems – eg, ideas about finance or organized religion - to the point where they cannot evolve with their bodies because the body will combust due to their resistance to changing their ideas about their beliefs, and their beliefs are so out-dated that they living in medieval conscioussss. So they are moved to medieval time on other planets with others like themselves so their bodies will continue; anything that is not of the medieval time frames hae been erased from their memories; they will not think anything has changed; they will recognize everyone and just continue on – this is beautiful

- the further that we go with the people who are here, some of whom are still in varying stages of not beleiving, yet when the full disclosure . . .

- And they just got told by Greg Palast: do not leave out the possbility of Putin, Xi and Obama giving their full disclousre announcements simultaneously in their respective countries!!!! People cannot go against the same announcements from 3 major countries!

NOTE: This section of the notes is being re-worked, due to the importance of the concepts contained in it. The re-worked information will replace this when it is done – stay tuned! And keep checking!

November 23rd - Panel: Confronting Misogyny

Presenting: Gail Dines, Cherry Smiley, Sarah Mah, Yuly Chan

Focus: Human trafficking, pornography, and violence against women are serious issues, but receive little attention. This panel will discuss these issues and how to bring the fight for women's liberation to the center of our work.

Audio: In this first segment of the You Tube, we hear Jelani Brown

Jelani Brown & Lem Howell: **Fight for Your Rights in 2015!**

<https://www.youtube.com/watch?v=bsHSqz8iPJ4&feature=youtu.be>

Published on 11 Feb 2015

Filmed at the 33rd annual Martin Luther King Jr. rally and march in Seattle, this program features keynote speaker Jelani Brown and Attorney Lem Howell. Jelani Brown is a young man from Ferguson, Missouri, who was involved in the organizing in response to the police killing of an unarmed Black teenager Mike Brown. He spoke about his experiences growing up in the St. Louis area, organizing his community since Mike Brown's death, and gave a vision of this movement going forward.

The 4th and 14th Amendments provide for people to be secure in their persons and also due process of law. When someone is killed out of the barrel of a gun without a jury trial, which is a police officer acting as prosecutor, judge, jury, and executioner, it is a legal lynching. Attorney Lem Howell, long time fighter for civil rights in Seattle, gives us some historic perspective. A historic figure with a career spanning over 50 years, he tells the stories of many famous cases of police murder that he worked on.

***As I see the deeper meaning,
Of what happens in my life,
I let go of blame for all the pain,
As my growth is worth the price.***

Easy to get swept away on the waves and winds of change these days and either avoid or distract ourselves from the feelings associated with making them. Well, this upcoming square Moon (Cancer) this Friday may give you that opportunity. In and under these feelings (fear, loneliness, grief.....) are teachings and meanings that our soul is seeking to learn.

While the majority of society may be distracting themselves with entertainment, it is the role of some to deepen, process, teach, and model the richness of a life lived with purposeful intention and powerful co-creation. If you have watched and read this far, I am afraid you are "one of those" haha! Injoy!

Mystic Mamma Everything is waiting for you~

“Your great mistake is to act the drama as if you were alone. As if life were a progressive and cunning crime with no witness to the tiny hidden transgressions. To feel abandoned is to deny the intimacy of your surroundings. Surely, even you, at times, have felt the grand array; the swelling presence, and the chorus, crowding out your solo voice You must note the way the soap dish enables you, or the window latch grants you freedom. Alertness is the hidden discipline of familiarity. The stairs are your mentor of things to come, the doors have always been there to frighten you and invite you, and the tiny speaker in the phone is your dream-ladder to divinity.

“Put down the weight of your aloneness and ease into the conversation. The kettle is singing even as it pours you a drink, the cooking pots have left their arrogant aloofness and seen the good in you at last. All the birds and creatures of the world are unutterably themselves. Everything is waiting for you.”

The Oracle Report Saturday, March 28 - Sunday, March 29, 2015

First Quarter Moon Phase: step out, take action

Moon in Cancer/Leo (Sunday 1:48 am ET/5:48 am UT)

Ruling Wisdom Goddess Saturday: Tara (Goddess Who Guides)

Ruling Wisdom Goddess Sunday: Shodashi (Goddess of Beauty)

Skill: Saturday: look at the symbolic meanings

Skill Sunday: re-examine the symbolic meanings

Positive Imprints: tuning in, substance over appearance, coming into safe ground,

diversifying, self-sufficiency, self-care, creating and looking at art, integrating mind-body-spirit, truth inside images, rebirth, innovation

Catalysts for Change: refusing to reform or change, taking foolish risks, not providing emotional support to any side of an issue/problem, gossiping or trying to direct other people's lives, avoiding tasks, not taking time to rest, not expressing feelings, false shows of strength

Sabian Symbol for the Lunar Month: "a majestic rock formation resembling a face is idealized by a boy who takes it up as his ideal of greatness, and as he grows up, begins to look like it"

Something very interesting happened on the Sun yesterday. A solar prominence nicknamed "The Great Wall of Plasma," due to its massive wall-like appearance, erupted around 9:00 am ET/1:00 pm UT yesterday, March 27. This type of solar prominence is called a "hedgerow prominence." Prominences are mixtures of plasma and unstable magnetic fields and can form all kinds of images. This prominence produced a coronal mass ejection (CME).

The totality of the day's energetics are amplified when a CME is released, but a primary energetic that the Sun is enhancing during a CME is always the influence of the Moon. If the report is accurate and the CME occurred around 9:00 am ET/1:00 pm UT (but not before 8:50 am ET/12:50 pm UT) the energetics of the Moon at that time are symbolized by "a large diamond in the first stages of the cutting process."

Wise owls engaged in chiseling ideals of greatness out of stone are most appreciative of a high-powered, solar laser cutter. With laser-like precision we can take away or release anything that does forward our ideals of greatness. Parts of the rock formation are removed to reveal the ideal or image or structure. Thus, the image becomes more faceted, more dimensional, more balanced, and maybe more brilliant.

The symbol of "a large diamond in the first stages of the cutting process" involves face to face encounters with our selves and our beliefs about our worthiness. A spiritual element enters to help us cut away anything that hides luster, clarity, and brilliance. These are past beliefs; pain held by our inner child; tortuously and repetitively hearing statements someone made to us or about us; situations where we felt abandoned; and old wounds.

I believe the highest purpose of the eruption of The Great Wall of Plasma was to contribute to the wave of energetics entering to sweep through the collective/field/grid of consciousness to re-set it. It also empowers the imprinting or "loading-in" of our hopes, wishes, dreams, and ideals that will form the structure after the sweep because our focus is with the natural cycles of the Sun, Moon, and Earth. A Second Renaissance is building, and the primary re-set comes with the New Moon in Aries on April 18.

But this weekend's energy is all about seeing meaning within patterns and symbols. Pay attention to the unusual or any notion or symbol that repeats. (Many of Gen Y and many Millennials are seeing the repeating numeric patterns that often indicates awakening to higher spiritual wisdom.)

The symbols and messages that are revealed this weekend enable us to innovate, re-envision, and bring forth ideals of greatness. New levels of consciousness break through old ones, helping us create and heal.

With this weekend's dynamics, substance should reign over appearance. Inner poise and centeredness takes precedence over outer appearances. So we will focus on substance of form, and direct away from superficiality.

What are you seeing revealed in the big picture or big rock formation of your life? What you understand on Saturday may be considerably enhanced by Sunday. Watch for the signs.

Happy weekend, everyone!

T: explains about "walk-ins", a continuation of conversation in earlier part of the show

- In the 1990s the energy was amped enough for walk-ins to appear; it has been increasing exponentially since then.
- The energies for being able to do this are coming in and expanding our hearts, and we still **have to ask** as well; there is also love which is greater than we have ever known as we open our hearts more
- There is greater wisdom, insight, intuition, abilities available to us: our siddas which have been denied because we have been holding on to things from the past, whether it is in politics, religion, finance or any / all other areas of our lives.

- In the early 90s, T, R and another friend did work with past life records of people; Mother helped by going over the chakras; the records of past lives were the focus – it could be 4-8 hours of past life work and healing

- On numerous times, when the heart was open and the understanding was still blocked, a walk-in would appear & the original soul would leave; this is not a dark thing, as light angels come in too; sometimes it was a dark angel – yet there was clearing, cleansing that went on

- with the astrology of the moment, especially Carl Boudreau's which is so powerful; yet all that is happening right now is powerful because the times we are in require a higher evolution of consciousness, and the tests are getting so much more stronger: refers to the past audio of the 4 women [Earth at Risk audios, played above] we are being tested to match the scene out there which is a bit of a spicy meatball in terms of how we transmute the energy

- in addition to the walk-in process, there is another process that we may or may not see: Mother said of a whole bunch of the **folks who came from Dracos and Orion's Belt** that she thought she just might have large numbers of ships come in and take them back to Dracos to be tried for their crimes - not just for here on earth, but for humanity across the Universe of Nabadon including many galaxies, many sun systems, many star systems –
 - there are **over 80 BILLION planets** in U of N that have terrestrial qualities like earth, AND over 90%+ of beings in the Universe who have some measure of human DNA which is a very, very special thing: in its original blueprint, the human DNA was at a high level of consciousness - UNITY CONSCIOUSNESS - and finding our way home again and correcting time lines is part of what we do now.
 - We do inter stellar time travel in our sleep time whether we recognize it or not – with the Peter Moon and Nassim Haremeim teachings, we get another look at other aspects of the way things work

- So we have the galactics taking these ones to be tried in the Orion Constellation / Dracos, and
 - there is **another bunch who were high beings** and manipulated their abilities and who can mimic that they are of the light yet have many ways of hiding what they are doing; they are **going to Hercubobos** where they will have all the knowledge of wisdom and experience of lifetimes gained from being on earth and other places: where they are in

a beautiful garden which is 10x larger than earth, and the dinosaur energy is there; they have the power of a greater wisdom & can actually tame the shrew in the dinosaur which is their old patterns showing up in primordial ways: welcome to a jungle you might not want!

- we on the earth are in the driver's seat, depending on what we do with the power of love and what we cognize together in group consciousness. The pieces she has been reading are profound because they are getting the drift that we can do this as a group, that we are not alone, that our values can be integrated in this life that we are here to do - how amazing is it that it's happening this way?!
- May peace be in our hearts as we can walk the good red road together and not be overwhelmed by the violence around us; the violence can disappear as fast as it came. Awareness can change everything, and when there is mass awareness and people at all different levels are waking up exponentially, something else is happening in the zoo.

Jelani Brown & Lem Howell: **Fight for Your Rights in 2015!**

<https://www.youtube.com/watch?v=bsHSqz8iPJ4&feature=youtu.be>

Published on 11 Feb 2015

Filmed at the 33rd annual Martin Luther King Jr. rally and march in Seattle, this program features keynote speaker Jelani Brown and Attorney Lem Howell. Jelani Brown is a young man from Ferguson, Missouri, who was involved in the organizing in response to the police killing of an unarmed Black teenager Mike Brown. He spoke about his experiences growing up in the St. Louis area, organizing his community since Mike Brown's death, and gave a vision of this movement going forward.

The 4th and 14th Amendments provide for people to be secure in their persons and also due process of law. When someone is killed out of the barrel of a gun without a jury trial, which is a police officer acting as prosecutor, judge, jury, and executioner, it is a legal lynching. Attorney Lem Howell, long time fighter for civil rights in Seattle, gives us some historic perspective. A historic figure with a career spanning over 50 years, he tells the stories of many famous cases of police murder that he worked on.

In this video, Nassim continues to develop his theory of the structure of the vacuum and shows spectacular animations Isotropic Vector Matrix based on the research of R. Buckminster Fuller and complemented by Nassim Haremein and graphics we see clearly how to deployed geometry and how it connects with Nassim investigations on the structure of the vacuum. He then goes on to talk about crop circles and mathematical relationships that detected in many of them and relating it all ends with the legacy of the various ancient civilizations and again we see a series of geometric and mathematical relationships that lead back to their theories and isotropic Vector Matrix is one of the most significant geometric constructions of sacred geometry and is composed of 64 tetrahedra.

From here starts talking about how ancient civilizations could build those huge monuments worldwide precision and knowledge that surprised today that also seem to keep similar relations in all cases even when different civilizations are supposed that were isolated from each other geographically and temporally. But all seem to drink from the same fountain of knowledge that connects them all.

NASSIM Haremein - Cognos 2010 -

Nassim is a theoretical physicist who has developed self-taught one of the most incredible theories unification of physics that exist today. Unification theories are theories that attempt to unify physics explanations of the small (atomic level) and big (cosmological level) ... Nassim theory but has managed to explain more.

His theory describes the structure and dynamics of what constitutes the 99.9999999999 %

of what we see out there ... space .. vacuum. According to science , the vacuum is not empty .. is full of energy ... infinitely energetic. And because of this " infinitez " infinitely annoying , scientists decided renormalizarla (according Hamein what we try to do them all in school .. with varying success ... obviously decided to give a finite value to the infinitez and with that calculation , Nassim has re- developed a comprehensive theory supplementing the Einstein field equations , giving his first result Schwarzschild status or a black hole , all rotational dynamics , coriolis and gyroscopic effects other given at any system, which obviously vary notions of what we understood as reality , extending to a reality in which all objects to be enjoyed , thanks to black holes or wells .. attraction and creation of infinity of sizes, held in place and create , all that exists , from an atom to a human, a planet , a star , a galaxy , or , probably , the universe itself .. because, it seems , everything looks like one autorrecurrente fractal image , learning and experiencing itself ...

We just compress all your extensísima theory in a paragraph ... but we entendáis , which seems to have found , is the structure and the dynamics of movement and performance, which , to our knowledge , seems to contain an infinite amount of energy ... vacuum .. space .. and thanks and therefore understood finally evaded the great equation ... gravity.

Gravity is not more than the attractive force generated by black holes, plenty of sizes present in any system ... call this system an atom, a person , a planet , a star , or a galaxy , which, while generating an attractive force to keep the system in place , as any action there is an equal and opposite reaction also generate all the energy that we call matter and we can then see at a glance and experience with our senses.
