## **Are You From the Blue Ray? Star Beings & Walk-ins The Lost Ray of the LightWorker**

*The Blue Ray Beings are an ultra sensitive empathic soul group like the Indigos that came from many different ascended planets and light realms to enlighten the genetic code of humanity and raise the God consciousness on Gaia. They are the lost ray of the Light Worker.*

**"Shekinah"**, a Hebrew word in the "Language of Light", is a mentor of the Blue Ray. Shekinah is the lost aspect of the sacred Divine Feminine of Creation that is the embodiment of God, the ascension process. **Blue Ray** is the soul group consciousness of the highest aspect of all Blue Rays. Together we give you these transmissions.

**As a Blue Ray Being, you came to transform the damaged, mutated DNA of humanity, and set the stage for the other rays to come.** You were not recognized for your unique divine light and had to recognize yourselves. It was tricky spiritual business as you were super sensitive beings, though you had the spiritual power tools to be victorious in your mission.

**For the last 100 years the Indigos, Rainbows, Crystals and you, the Blue Rays, have been incarnating to create a vibrational shift to the higher dimensions.** You the Blue Ray Beings are the overlooked and forgotten ones, and have been essential in clearing and setting the stage for humanity's ascension. Because of you, Blue Ray Beings, earth will be able to take her rightful place in the galactic and universal councils of oneness and peace.

**We Wish to 'Thank you', from the ones that can't articulate your divine presence, all of humanity, your star sisters and brothers of light and the sacred higher realms. We are in constant praise and support of you!**

**Remember! Blue Ray, there is much more coming for you, for your time has come.**

## **The Blue Ray Mission:**

**Infiltrate the system in a normal capacity, always remembering who you are and where you came from,** planting the seeds of peace, love, light and higher awareness. No matter how painful, long or arduous the job was, it was your mission and you had the spiritual tools, insight and divine light to see it through.
