HARD NEWS

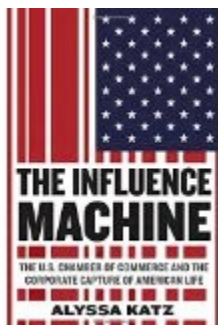

T: Headlines on Amy Goodman today were just atrocious! She reviews headlines; adds comments! **[SEE BELOW]**

R: LM Nada talked to him

[SEE BELOW FOR FULFORD'S Oct 5th writing]

- B Fulford's report is pushing the river with his own agenda so he can get his slice of the pie from the dark ones of the White Dragon Society, the ones he answers to
 - The ones working for the Light inside the WDS work with the red and green ones – Natasha's body guards work with these ones who work with the ancient ones: the descendants of the Pleiadians, the Andromedans, Sirians, Vegans, etc - they are incarnate, living in high remote mountainous regions; their forms are immortal; they assist humanity and the planet on the road to enlightenment – they are 45' +tall – they are the contingency forces of the Ashtar Command
- He talks about the massive campaign against the Saudi Arabians and Israel
 - It was the Saudis, Israelis and the US together: [the US Black Op set up by McCain] who poisoned the Syrians and others
 - The proxy armies: this is where Russia, China and the US work together – Obama, Putin, Xi working with President Ruhani fighting against the Saudis and
 - the TPP is a ploy of the corporatocracy – the biomedical-military-industrial-congressional complex; Obama is setting it for the darks ones to take a big fall though it does not look like it right now. We are ever closer to what we are waiting for - and Netanyahu is much closer to a fight to his own death as he had the idea to kill a bunch of Palestinians
 - Israel and Palestine are sitting on a volcano and it WILL explode
- Ban Ki Moon is aligned with the 2030 agenda - also not long for this world; thousands of kids there [Central Park] enjoying themselves; Bono & Michelle were there; they know exactly what's going on
 - the Blue Avians and the Sphere Alliance tie in with Mother's Paschats of the Nibiru as well as the Pleiadians, the Sirians and the rest, here to assist in the birth of the new earth
 - Wave X is pouring in from the Dark Rift / Mother's Yanni; the Tower of Babel is crumbling and love in the cells is coming everywhere: we are being bathed in Alcyone's 100th dimension solar frequencies from the Pleiades – resistance is futile: we will be assimilated by love - open the heart – all else will be shattered and consumed.
 - this is the **Mighty I Am Violet Flame Invocation** we say:
 - We are the Sacred Violet Fire; we are the purity God desires;
 - All else is shattered and consumed - meaning that energies unlike love are shattered and consumed back into the Dark Rift which means Mother; Mother takes no prisoners – it's a big deal: the astrology of the last few years has been telling us to clean out inside ourselves - old thoughtforms, etc - we need to work with love

Audio: **CONVERSATIONS WITH GREAT MINDS:** Alyssa Katz, [*THE INFLUENCE MACHINE: The U.S. Chamber of Commerce and the Corporate Capture of American Life*](#)

An illuminating history and groundbreaking investigation tracing how a single trade organization turned itself into the most dangerous political weapon in America

When Americans hear the words “Chamber of Commerce,” many still think of the local business associations that spruce up Main Streets and sponsor Little League teams around the country. But the United States Chamber of Commerce is a different animal altogether. The Chamber was originally founded to give big business a voice during the long—and now almost inconceivable—period in

American history that saw the rise of workers' rights, consumer protections, and environmental awareness as national priorities. But over time, driven by an anti government ideology and its desire for financial and political power, the Chamber metastasized into a fighting force designed to protect the worst excesses of American industry.

The Chamber, through its veiled corporate sponsors, can take credit for some of the most disturbing trends in American life: the reversal of environmental protections, the destruction of unions and worker protections, the rise of virulent antigovernment ideology, the enlarged role of money in campaigns, and the creation of "astroturf" movements as cover for a corporate agenda. Through its propaganda, lobbying, and campaign cash, the Chamber has created a right-wing monster that even *it* struggles to control, a conservative movement that is destabilizing American democracy as never before.

The Influence Machine tells this history as a series of gripping narratives that take us into the backrooms of Washington, where the battles over how our country is run and regulated are fought, and then out into the world, where we see how the Chamber's campaigns play out in real lives. In the end, Alyssa Katz reveals the hidden weaknesses of this seeming juggernaut and shows how its anti democratic agenda can be reversed.

CONFERENCE CALL

Benton County, WA – modern day debtors prison – the ACLU is taking them to court for breaking the law

- Ben Fulford is saying, on Nov 5th , the US will run completely out of cash

Reading: Ben Fulford's latest

[SEE BELOW]

Caller: asking if LM Nada said anything about the Speaker of the House; any galactic intel?

- He can't win; the Freedom Works / Tea Party said he's not conservative enough! He's a treasonist from Jan 2009 and meeting at the Caucus Restaurant – they want fascism; yes, it does mean nazism

C1: So he's one of those and he's not conservative enough? [Kevin McCarthy]

- Yes, that's right

Caller2: asks about how T & R are

- they get green products every month even if they have no food. People get through the rent issue at the end of each month and then they have to pay their own rent too!

C2: she is having trouble getting people to accept what she is saying about events.

- the reason people won't accept what she is saying is that the people listen to the wrong stuff and they don't want to believe. The racism in the US is unbelievable – talks of Obama's trip to Roseburg, WA – there was one lady out of 500 who was for Obama! A big problem – BUT fairy dust is on the way

C2: she says it's not Obama, it's the CIA and then she says things are changing!

- They never told us this was going to be easy! We need to remember this . . .

- Oceanic Conveyor Belt is the name of the movement of water in the ocean; the melting of the ice caps in the north; Greenland, Iceland is affecting it, slowing it down.
 - If it stops, we go into a deep freeze & no one survives – or escapes from effects of that
 - Also, there are 5 gyres of plastic in the ocean where all the ocean currents meet – a 16 year old came up with the ideas for cleaning up the gyres

- November 5th was referred to as World Tsunami Day by Shinzo Abe

- Around 105 * in California today

Rama asked Nada – Ban Ki Moon is leaving at the end of 2016; thinking of putting a woman as the head of the United Nations

- She commented nonchalantly: **It just might be me, Rama** – which would be totally

appropriate!

- Now 8 Palestinians now killed by the IDF – this is what Nada referred to when she said Netanyahu is just begging to be removed from the planet!

- There is an The Secret Space Alliance is tied in with the Blue Avians: good ET s
- the Secret Space Command is the dark ones – they are still in underground bases because of the lockdown in our solar system, the Secret Space Command is going down!

Caller3: asking about Trump

- he IS the illegitimate child of a Dutch royal; when he goes broke, they bail him out
- the caller paints too nice a picture of him: he is setting up a racial conflict situation

BBS: MOTHER SEKHMET / AICYONE

57.0 minutes

to thank Mother: Nada's message was so clear

- all the timelines that got skewed have all been erased – what appears to be going at the moment is [illusion]

Greetings in the Light of the Most Radiant One. In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame

T: we aks for all the fairy dust we need, and may all the ones in the Asthar Command who are here to assist us plus the fairies, the trolls, the hobbits – may it be so that we awaken and eventually continue to remain in love, and to penetrate the hearts and souls of all beings

Greetings, Children of Ra!

- There is so much fantastic energy that is uplifting us and the planet at this time. All the forces of heaven, company of heaven, are here: this is the time and the place; we have the power as Patty Smith says in the song "The people have the power"

T: a whole hour of her was on Amy Goodman.

M/A: Yes. It is this time that is turning darkness asunder – no room for darkness in this context. Yes, we have light and we have dark; it is part of day, it is part of nights; the energies of - let's say, anomalies that are out of their space-time continuum are being shattered and consumed.

T: Shattered and consumed?

M/A: Yes, they have turned into flowers – T: unintelligible

M/A: No that's because they are ashamed beyond measure that little extra part of the DNA that is waking up, called junk DNA which is within every being, known and unknown.

- It is aligned with the Office of the Christ, and even as they are ??? it is misaligned as Mr Kissenger - having to deal with their energies of misqualified frequency, and it is in this moment that we have turned the tide.
- In spite of the fact that we don't see it, this last blood moon, lunar eclipse – could say it flipped the plate over, and now what is happening is it is being raised to the 100th dimension and higher

T: this is the good part of Ben Fulford's report: he does say that Obama was forced to say at the UN that they are not going to make Syria into a proxy war between the US and Russia

- He also said that the real important alliance is Putin and Obama going up against the dark cabal, the dark pentagon, the dark CIA, dark Black Ops, etc – and they are going into the guts of what the Afghanistan coalition is doing, and what the US is doing in the area of arms running, drug running, organ selling, pimping and all kind of khazarian criminal activity – THAT is the real alliance of Putin and Obama – and it is going up against the

bush, the CIA, the Israelies and Khazarians who did 9/11 and that includes the Vatican – it's a worthy thing to note.

- The only confusing thing is killing 200 ISIL folks and as there are 30,000 of them – not sure what kind of a dent that makes overall
 - drug, arms, and oil smuggling centres are what is being hit: we have to say that ISIL is our black ops, NOT Obama.
 - There is much for us to absorb about what is going on! This is a big job! They are getting a good start on this!

M/A: The frequencies are being raised to what we comprehend as frequency of the sons and daughters of the most high. When we step into the physical dimensional frequency of a sun – let's just say as you radiate that frequency out, it is in fact of what we overstand / understand – we will align with All That Is.

- We are suns / sons and daughters of the Most High; this is the level of creation that is in our midst. As we are entering this kindom of heavenly bliss, there can be no misqualified energies and that is what is taking place right now with all the folks as she lovingly calls them.
- The contingency forces that are scattered about in the local system of the Sol sun system - from Helios and Vesta all the way up to Alcyone – is raising the frequency and raising the hair, the fur on every thing and everyone. We have to be in the heart space; as we aren't, so be it, and so it is.
- The reality in which we are moving about - it is in this moment, that place inside of each one of us which has aligned with the Office of the Christ – no room for anything other than that place.
- Unconditional divine compassion for all situations and circumstances that is moving everything and everybody up, and it's creating such a schism in the ancient holographic program, the matrix here. That is why we are watching the grand old pedophile party being torn asunder: they hold no power all they hold is sand in their hands; they cannot turn the sand into diamonds; all they get is zirconium platinum – not gonna work
- Let's say as everything is moving upward, it is creating all the dichotomies to come to the surface to be healed and as they wish not to be healed, it is shattered and consumed – it is that which she uses to create new universes at this time: all misqualified energy

T: that is what is coming out of our ears at the moment!

- It is – and it is about the fact – we have gone beyond critical mass: everyone is here and that is the place where

T: what is the next step to get this in the public sphere?

- What that is about is the fact that the loving ascended master El Morya knows exactly how to do the explaining so everyone can comprehend – yes [it is Obama] – the illusion, the maya is so thick

T: yet Putin and Obama are busting everyone!

In answer to T: yes, it is the illusion, the maya is so thick - he ancient fire sticks are no answer for the energies pouring in from Great Central Sun
Let's say you take that lump of metal and turn it into something useful – like a plow, or use it to create a new level of frequency: all energies animal, vegetable, mineral are being raised to the 100th dimension, and this has created a dichotomy in every cell and fibre of every living thing, no matter what it is.

- it is only in divine loving compassion that she does this: Gaia / Viyamus have asked – in this moment, it is done. How we best serve each other – there is no waiting; there is nothing to wait for ?? – this NOW, the darma is like what Yoko Ono has done for her beloved from her side of the dimensional reality.
- It is his birthday today!

T: She turned on the blue light – rest is not clear. They want to wipe out Wall Street . . .

M/A: Yes, and what is Wall Street? Another casino that Shelly Adelson would love to buy! He'd love to get hold of it. Nobody on this planet can do that – it is a dichotomy of words: the only power is that which comes with love, not power in the other context. Makes no sense.

T: the tubes of free energy – smart phones, . . . sort of deletes it all – refers to the 3 hrs of you tube videos

M/A: Yes, it is about taking down this consortium of conglomerations – SHAFAT - along with NAFTA and CAFTA and the others. Mr Bill [Clinton] is gonna have to answer to her – he knows; that is why he is petrified! . . . It is all about love, not anything else. ..

T: Talking about Janet Yellen raising interest rates.

- Austrian Prime Minister went for Merkel's jugular: they have plans for setting up walls, etc – he is supposed to be close to her yet he completely threatened her! They are going like gang busters in reverse and send back the refugees back to where they came from, after the refugees have spent all their savings to get to Germany
- The situation with Dr Keshe – no particular date

M/A: what is happening – the awareness inside self, the extra strands of DNA – everything that is happening is about us raising our frequencies to 100th dimension and higher, [to the] physicality of a SUN and, at that level, there are no weapons on this planet that can destroy out a sun. It is that simple. Gaia /Vyamus is moving to become a star! Being raised to the higher frequencies.

T:???

M/A: all time is in this Divine Moment

T: understand there is a linear . . . knows we're following the star Lyra in the Vega Constellation

M/A: This divine moment of now encompasses what we have asked for!

- It seems like nothing has happened, yet everything has happened, and they are in this moment, they are burnt toast!
- They are burning their bridges behind them, as they are being removed from our sphere of influence, and in the next moment - in breath, out breath!

T: Ross was asking how high is that tsunami going to be. We did not have a tsunami, just a storm [Joachin] but it was pretty outrageous with what it did. A tsunami can go hundreds of miles inland

M/A: Focus on the Violet Flame and the all-consuming energy of what that it entails

- what you must get in the cells is they are putting these words out there and words have a certain amount of power; yet at the same time, the energies of the decess that have been brought into fine focus at this time –
- the best laid plans of mice and men – **THEY HAVE NO POWER** – they only have the fear
- There is a gold lining to this story: remember, remember the 5th of November

T: We were reminded of this day: the gunpowder plot AND the end of cash day for the US Gov't – what about that?

M/A: As we travel around this local solar system, we require no cash

- What she knows that we must know is the end of the story is, in this defining moment, right here, right now; that is why this guy, in his own funny way, is . . .
- Everyone is saying "Now is the time." Praise, respect, thank and love the moments we are in – all she is saying is give peace a chance in this moment now

T: As you see something, do something!

M/A: Send more love, blaze the Violet Fire; it shatters and consumes anything that holds energy out of its space/time continuum

T: whistleblowwallstreet.com – can't go after Wall Street if it isn't there: they almost took out Wall Street with Hurricane Sandy

M/A: • Blaze the Violet Fire! Greetings in the Light of the Most radiant One!

- Mother speaks in Light Language as she leaves . . . there is a faint "Remember" from Mother . . .

R: has been in a rejuvenation chamber, being tuned up by Commander Soltec

T: asks if there is a special mission he is being tuned up for!

R: could say so

- the beacons have been lit throughout the galaxy and the solar system: everyone is here!
- The next moment is how we do this with the power of love, as Jimmy Hendrix said: when the power of love overcomes the love of power, then we will have peace. Let it begin with me.

T: did he get a full briefing on what is coming?

R: • what is coming is f***** huge! And it is bigger than Donald Trump's hair!

2015-10-09 HEADLINES

Nobel Peace Prize Awarded to Tunisian Civil Society Organizations

This year's Nobel Peace Prize has been awarded to a coalition of civil society organizations known as the Tunisian National Dialogue Quartet. The Norwegian Nobel Committee says the prize seeks to honor the organizations' contributions to building a pluralistic democracy in Tunisia in the wake of the 2011 Tunisian revolution, which toppled the country's longtime U.S.-backed dictator.

Kaci Kullmann Five: "The quartet was formed in summer of 2013 when the democratization process was in danger of collapsing as a result of political assassinations and widespread social unrest. It established an alternative, peaceful political process at a time when the country was on the brink of civil war."

We'll have more on the Nobel Peace Prize after headlines.

McCarthy Withdraws from House Speaker Race; Congress in Disarray

House Republicans are meeting this morning after California Congressman Kevin McCarthy abruptly withdrew from the race for House speaker, throwing Congress into disarray. McCarthy's withdrawal came as he faced increasing pressure from the right-wing faction of his party. He has also come under fire after suggesting the Benghazi oversight House committee had been set up to discredit former secretary of state and Democratic presidential candidate Hillary Clinton.

He announced his decision Thursday.

Rep. Kevin McCarthy: "I think there's something to be said, for us to unite, we probably need a fresh face. I'll stay on as majority leader. But the one thing I've found in talking to everybody: If we are going to unite and be strong, we need a new face to help do that."

Two right-wing members of the Republican Party, Utah Congressman Jason Chaffetz and Florida Congressman Daniel Webster, are seeking the position of House speaker.

U.S. General Pushes to Keep U.S. Troops in Afghanistan

The U.S. commander in Afghanistan, General John Campbell, is pushing to keep more U.S. troops in the country than planned under President Obama's scheduled drawdown, following the Taliban's seizure of Kunduz last week. California Congresswoman Loretta Sanchez pressed General Campbell during his testimony to the House Armed Services Committee Thursday.

Rep. Loretta Sanchez: "So, within your own current testimony, let alone the testimony that Mr. Jones brought before you from before, you basically are saying, 'I don't know that there's a long-term viability for these security forces.' We're paying the majority of that. How much is the majority? How much money does that mean, to have a force that you don't believe has a long-term viability?"

Gen. John Campbell: "Ma'am, if I could—"

Rep. Sanchez: "How much? How much? That's the question. How much?"

Gen. Campbell: "Yes, ma'am. Today, for calendar year '15, the United States put \$4.1 billion to build the Afghan security forces."

Rep. Sanchez: "\$4.1 billion."

Gen. Campbell: "For '16, \$3.86 billion."

Rep. Sanchez: "Thank you. \$4.1 billion."

Gen. Campbell: "Every year we continue to reduce that by gaining efficiencies. We're not providing infrastructure that—"

Rep. Sanchez: "General, I've heard this. I've heard this for 14 years."

Doctors Without Borders: 24 Staffers Still Missing After U.S. Strike

This comes as Doctors without Borders says 24 of its staff members are still missing following the U.S. airstrike on its hospital in Kunduz on Saturday. That's in addition to at least 22 people who have died in the strike, including 12 medical workers and 10 patients.

Obama Ends \$500 Million Program to Train and Arm Syrian Rebels

The Obama administration is abandoning the \$500 million program to train and arm so-called moderate rebels in Syria. The move is an acknowledgment that the program had failed to create a ground combat force capable of challenging ISIL. The Pentagon is expected to officially announce the end of the program today.

Syria: Iranian General Advising Assad Killed by ISIL

An Iranian general has reportedly been killed by ISIL in Syria. Iran's Revolutionary Guards say General Hossein Hamedani had been advising Syrian President Bashar al-Assad's troops. This comes amid an escalation of the conflict in Syria, with the Syrian government launching a ground offensive against rebel groups and Russia's launch of cruise missiles into the country earlier this week.

Documents: Chilean Dictator Pinochet Ordered 1976 Murder on U.S. Soil

New declassified documents show former Chilean General Augusto Pinochet directly ordered the 1976 assassination of a Chilean diplomat on U.S. soil. Diplomat Orlando Letelier had served as a foreign minister under President Salvador Allende, who was overthrown in a U.S.-backed coup in 1973. Letelier fled to the United States after being tortured and incarcerated under Pinochet's dictatorship. He was killed in a car bomb in Washington, D.C., only a mile from the White House. The declassified documents also show Pinochet was so concerned about covering up his role in ordering Letelier's assassination that he also planned to assassinate his head of intelligence.

Report: "Systemic" Overpolluting by Car Manufacturers

The Guardian has obtained data showing diesel cars from four major car manufacturers are emitting significantly more pollution on the road than in their regulatory tests. Tests conducted by the company Emissions Analytics show that models of Mercedes-Benz, Honda, Mazda and Mitsubishi all emit far more toxic pollution than previously thought. This comes as Volkswagen CEO Michael Horn apologized for the emissions cheating scandal in his testimony to Congress Thursday.

Michael Horn: "On behalf of our company and my colleagues in Germany, and me personally, I would like to offer a sincere apology—sincere apology—for Volkswagen's use of a software program that served to defeat the regular emissions testing regime."

The Guardian reported similar revelations about higher pollution emissions from cars made by Renault, Nissan, Hyundai, Citroën, Fiat, Volvo and Jeep last week. Nick Molden, whose company has tested the cars, said: "The issue is a systemic one."

Japan: Kids Near Fukushima 20-50 Times Higher Rates of Thyroid Cancer

In news from Japan, a new study says children living near the Fukushima nuclear plant during the 2011 meltdown have been diagnosed with thyroid cancer at a rate between 20 and 50 times higher than children on average. The report will appear in the November issue of Epidemiology. Thyroid cancer in children is the one illness the medical world has definitively linked to radiation, based on studies following the 1986 Chernobyl nuclear disaster.

ACLU: Benton County, WA, Operating "Modern-Day Debtors' Prison"

The American Civil Liberties Union is suing Benton County, Washington, for operating a "modern-day debtors' prison." The suit says Benton County routinely fines people more than \$1,000 as part of criminal proceedings. If they can't pay, they are sent to jail or forced to work manual labor. ACLU attorney Vanessa Hernandez says: "On any given day, scores of indigent persons sit in jail or do manual labor for the county simply because they are too poor to pay the government."

South Carolina: Walter Scott's Family Settles for \$6.5 Million

In South Carolina, the family of unarmed African American Walter Scott, who was shot in the back by white police officer Michael Slager in April, has settled with the city of North Charleston for \$6.5 million. Officer Slager was charged with murder after video showed he shot Scott in the back as Scott ran away. Officer Slager remains in jail after he was denied bail by Circuit Judge Clifton Newman, who concluded releasing Officer Slager would "constitute an unreasonable danger to the community."

Ben Carson: Holocaust Might Have Been Avoided If Jews Had Guns

Republican presidential candidate Ben Carson has sparked a new round of outrage over comments that the Holocaust might have been avoided if European Jews had carried more guns. Carson told CNN Thursday: "The likelihood of Hitler being able to accomplish his goals would have been greatly diminished if the people had been armed." This comes after Carson sparked controversy when he told Fox News that he would have fought off the shooter who killed nine people at an Oregon community college one week ago.

Michigan: Flint to Return to Detroit Water amid Contamination Scandal

And in Michigan, Governor Rick Snyder has announced that the city of Flint will reconnect to Detroit's water system amid a public health emergency over contaminated water. This follows more than a year of protests by residents who began experiencing health issues after the city's unelected emergency manager decided to begin drawing water directly from the polluted Flint River in order to save money. Resident and community organizer LeeAnne Walters spoke about the contaminated water in a video produced by local journalists Kate Levy and Curt Guyette.

LeeAnne Walters: "In April, beginning of April, we found out my child had lead poisoning, and that's when the city came out and shut my water off. On Detroit, we didn't have these issues."

2015-10-05 Cabal Resorting to Extreme Threats as Their Power Structure Crumbles – Benjamin Fulford

Senior cabalists in the West are threatening tsunamis, nuclear terror, death camps and other atrocities as their grip on world power continues to slip. The Russian, Iranian and Pentagon attack against Saudi Arabian, Israeli and Turkish troops in Syria appears to be the most visible trigger for these threats.

Furthermore, a serious attack on the Bush/Netanyahu Nazionist faction's drug money is also behind the new rash of threats. However, the biggest threat of all remains the likely implosion and nationalization of the privately owned system of central banks. There continue to be signs some sort of financial event involving the owners of the Federal Reserve Board, the European Central Bank and the Bank of Japan is imminent, according to multiple sources.

There are hints that November 5th could be a key date for the cabal, possibly involving a massive tsunami hitting the East Coast of the United States as well as many other nations facing the Atlantic Ocean. The cabal is leaving multiple hints to this effect.

First of all, take a look at this cover of the January edition of the Rothschild controlled Economist magazine:

https://socioecohistory.files.wordpress.com/2015/01/economist_magazine_jan2015.jpg

Take note of German Chancellor Angela Merkel on the front with her hands making the masonic sign of a pyramid in the center of that picture. After this issue appeared, the Rothschilds bought the magazine Charlie Hebdo and staged the fake massacre of its staff over a "Mohamed Cartoon." After this fake incident, Rothschild puppet politicians were ordered to march in Paris. Note Angela Merkel in a picture of that march below making exactly the same hand sign as in the economist cover.

This has been pointed out by others but we mention it to show how the Rothschilds may have occultly advertised in their magazine a much more horrific event they are engineering. In the bottom right hand corner of the Economist cover there are two arrows, one saying 11.5 and the other 11.3. There has been a lot of speculation that 11.3 refers to the 311 (March 11, 2011) nuclear and tsunami attack against Japan. Members of the Rothschild family made it clear to this writer at the time they were behind that mass murder incident. Now last week [at his UN speech, Japanese Rothschild slave Prime Minister Shinzo Abe](#) referred to "November 5th, World Tsunami Day."

Furthermore, US Treasury Secretary [Jacob Lew also said publicly](#) recently that the US government would run out of cash on November 5th.

To top this off, multiple stories were planted in the media last week warning of a Mega Tsunami.

We hope that by revealing these hints in advance, these criminals will be forced to stop this plan because otherwise they know they will be blamed and hunted down like animals if they carry it out.

These threats may also be related to historical events now unfolding in the Middle East. In response to the Saudi and Israeli triggered death stampede and kidnapping of Iranian officials visiting Mecca the Pentagon, the Russian military, The Chinese, the Iranians and others are carrying out a massive military campaign against Saudi Arabia, Israel and their proxy armies in Syria, Iraq, Yemen and elsewhere. The Pentagon is providing the Russians, Iranians, Chinese etc. with precise intelligence about the activities of the cabalist ISIS proxy army, according to Russian government sources.

King Salman's brother and [Saudi intelligence chief Prince Nawaf died last week](#) as part of ongoing revenge against the Hajj atrocity carried out by the Saudi Khazarian gangster regime, multiple sources say.

Since Salman killed more than 70 of his close relatives in order to seize the throne, there will be more deaths in his immediate circle over the coming days, the sources predict.

US government spokesman Barack Obama was forced to say at the UN that "we're not going to make Syria into a proxy war between the United States and Russia," according to Pentagon sources. Attacks on Russia and Syria in his UN speech were "just bluster to appease neocons," the sources say. The US military "now has cover to outsource the war and provide intel on Bush-CIA bases and Israelis," the Pentagon sources say. After the Iran nuclear deal with the US, a US Russian coalition has begun going after weapons of mass destruction, drugs, arms, human organ trafficking, slavery and other Khazarian mafia criminal activities.

The ISIS bases being hit in Syria are mostly drug, weapons and oil smuggling centers, the sources say.

The recent temporary fall of the city of Kunduz to the Taliban in Afghanistan was a joint Russian Iranian operation aimed at shutting down the heroin trade there, according to the Pentagon sources. The shooting down of a C-130 transport plane was also targeted at stopping the flow of heroin, the sources say. Pakistan is now joining with the Russians in this campaign that will soon extend to Iraq and Libya as well, they say.

The flow of drug money to the cabal is also being systematically cut off in South America thanks in large part to intervention by Pope Francis. The thawing of US/Cuban relations engineered by the Pope has helped close off drug traffic and money laundering there, Whitehat-CIA sources say. Now, in a further blow, a deal between the Columbian government and FARC rebels being negotiated by Francis is cutting off cocaine money to the Bush/Netanyahu Nazionist faction of the cabal.

Along with the cut off of money to the Khazarians; the purge of their agents in the CIA, the Pentagon and other agencies continues to gather momentum. That is why the Khazarian mafia has been trying, unsuccessfully, to convince Russia to be their new sponsor. The answer has been a consistent "nyet."

That is probably the real reason why Israeli Nazionist fascist dictator Benyamin Netanyahu last week declared "a fight to the death against Palestinian terror."

Source: <http://www.dailymail.co.uk/news/article-3260250/Israeli-leader-declares-fight-death-against-Palestinian-terror-vows-speed-demolition-terrorists-homes-response-recent-violence.html>

This was most likely a veiled threat by the Satan worshipping Khazarian mafia to use their Jewish slave people as human shields before relinquishing power.

The following phrase, "one should not expect Washington, Riyadh, Jerusalem, and London to simply go gentle into that good night," which apparently first appeared at the Zero hedge website, was also widely quoted last

week.

Apart from the tsunami threat mentioned above, the source who previously predicted the attack on Malaysian airliner 370/17 sent an e-mail last week stating that "FEMA has just opened its first concentration camp in Wilcox, Arizona to eradicate (re-educate) the masses." This is almost certainly just a scare mongering bluff because any real attempt to open a concentration camp in the US would lead to immediate, lethal, military action. However, these threats show the Khazarian mafia to be desperate and dangerous.

There may also be some activity in Japan related to the Khazarian mob. Last week senior North Korean operatives contacted the White Dragon Society with an offer of help. This means that North Korean amphetamine money is no longer going to flow to the coffers of the Khazarian mob.

It is also worth noting that when a WDS representative asked for a meeting with North Korean strongman Kim Jong-un he was told "He is just a front man with no real power, why would you want to meet him?" The real powers in North Korea keep their identities secret as is the case in Russia, the US, the UK and many other countries. In any case, the Pentagon, the Japanese military, the North Koreans and others are preparing some sort of big move against the Khazarians and their proxies in Japan. On this note we were told by other sources that "the Emperor does not like Prime Minister Abe."

The CIA also contacted this writer last week to warn of new death threats against him by the Khazarian mob. It turns out that Izaya Noda, the man who was arrested on charges of carrying out multiple arson attacks against Japanese train facilities, and who lived a few yards from my bathroom, was the grandson of Moshe Barter, who served as Israel's ambassador to Japan in 1966-1972. Japanese media outlets published a photo of Noda's Israeli ID card, which was issued in Kfar Saba in 2002. According to the ID, Noda has an Israeli mother named Dorit and a Japanese father named Tatsuya.

Furthermore, local news reports claim he became an anti-nuclear activist after 311. He also appeared to have some source of income even though he did not work. From all this it is a pretty good guess he was a Mossad agent. Noda's arrest was most certainly not part of their plan. Michael Green, Stephan De Rothschild, Rabbi Abraham Cooper and all their buddies are apparently freaking out here as well they should be.

The Jewish people are about to be liberated from their long, long ordeal of slavery at the hands of Satan worshipping so Hyksos gangsters. The world as a whole will be rid of by far its largest source of terror, organized crime, war, mayhem and other misery when these gangsters are removed from power. The white hats at the Pentagon and the agencies plus their allies in China, Russia and around the world are freeing our planet step by step.
