State Farm

Martin Johnson, HCPD November 15, 2013

Greeter/Gracer **Sam Krupsaw** started the meeting with a quote from a great military leader, Captain Jean-Luc Picard. **President Mary Cain** nailed the motto this week!

Make Ups: Board members attended the Board meeting; **DocWalt Atha** had a makeup, and **Doug Dribben** presented to the Ellicott City Club on the Foundation.

Visiting Rotarians: District Governor **Peter Kyle** joined us this morning.

Guests: Granddaughter Isabel Croson was **San Croson's** guest this morning.

Vocational Moment: **Anne London** told us about financial planning, and how her job was to help people plan for retirement. She gave some sobering statistics showing 27% of people surveyed were not confident they would have sufficient funds to retire, and 74% plan on working while retired.

Foundation Moment: **Ken Solow** told us the focus is on sustainability of giving, and talked about donating monthly through the website, with \$17 monthly to meet the \$200 per year goal and \$84 monthly to become a Paul Harris fellow. **Jim Lee** received his Paul Harris plus four pin.

Club Announcements: **President Mary Cain** informed us that the Annual Holiday Party will be hosted by BJ Singh at the Maple Lawn Community Center on Friday, December 20, and that Service Above Self

Award winner Vic Broccolino had donated tickets to Symphony of Lights. **Alan Jefferson** announced no meeting the Friday after Thanksgiving. **PeteWalt Kunz** announced a match on Foundation contributions from now through January 4 of \$1 per \$1; minimum donation is \$100, and maximum match is \$500. **Charlie McCabe** reminded all to pay their \$600 contribution to the fundraiser; some still have not paid.

Program: Martin Johnson, an expert on currency counterfeiting and retired Howard County Police (HCPD) Detective, spoke to us about false identification. He showed a short video clip of cases on which he had worked, and gave examples of false IDs, including passports, "world driver's licenses," Mexican Consular IDs, and others. He noted that the IDs change often, so what may not look right may in fact be legal, but the issuing

offices do not publish the changes. Fake IDs need only be good enough to fool the intended target, including underage drinking (and smoking), terrorists, criminals, and others. He explained how people use facial shapes and locations of eyes, ears, noses, and mouths to check people against photographs. He teaches a class at Louisiana State university on detecting fraudulent IDs, and still volunteers as a document examiner for the HCPD and other departments, and works liquor license affairs.

Happy Dollars: **Jim Lee** was happy for his PHF+4; **Alan Jefferson** had a scooter dollar; speaker dollars came from **Ken Solow** (also happy for DG Peter Kyle), **Roy Felipe** (also happy for the \$17/year PHF program, and noted that speaker Martin Johnson had paid his dues in cash for years), **Sandy Harriman** (also happy for **DocWalt Atha's** return); **DocWalt Mazzella** (also for his PHF

last week); **Mary Cain** (also for **DocWalt Atha's** return, DG Peter Kyle, and her daughter having a great week); **Shaun Olynick; Leon Wilson; Rob Coombs; Tom Allen, Pam Kumar** (also happy for DG Peter Kyle), **Dave Lerer; Mark Stoner; Dushyant Patel;** and **Charlie "Chasmo" Montague;** **DG Peter Kyle** was happy (\$20) to visit us; **Isabel Croson** was happy to visit; **Marty Fagan** was happy; and **DocWalt Atha** was happy to return.

Fines: Absent a Sergeant-at-Arms, there were no fines today.

50/50: **Isabel Croson** drew **Charlie McCabe's** number, and Charlie drew the ten of diamonds.
