

**This Impacts Everyone
Who is ZONED for PS199
(whether you have a child or not).**

Our Neighborhood Children May Be Denied Enrollment to PS199

- ◆ Your child's **education** is at risk.
- ◆ Your **property value** is at risk.
- ◆ Your **personal & financial investment** in the community is at risk.

Time is Short. We've Got to Act Now!

PS199 is open to all neighborhood children and is severely overcrowded. The Dept. of Education (DOE) is currently considering **capping** and rezoning which would:

- Prevent currently zoned children from attending PS199
- "Bus" our kindergartners to other schools in the district
- Cause serious hardships to families in the area

An unzoned middle school called the Center School occupies space in the PS199 building.

The clear answer is to **"Relocate Center School."**

DOE is planning to make a decision by Nov. 30, 2008 for implementation in Sept. 2009.
