

Show Your Support. TIME is Running Out!

Let Our Neighborhood Children Attend PS199.

Protect your **Child**, your **Property Value** and your **Family's Future**.

◆ Relocate Center School ◆

- PS 199 is a neighborhood elementary school. Although it is overcrowded, currently zoned neighborhood children should be allowed to attend PS199, their local school.
- The answer to overcrowding is **NOT** capping enrollment at PS199, is **NOT** putting kindergarteners on buses to another part of town, and is **NOT** rezoning existing children.
- The answer is to "**RELOCATE Center School**," an unzoned middle school that occupies space in the PS199 building.

▪ *Contact Your Local Officials* ▪

Urge them to make a public commitment to the following:

1. Support the Dept of Education's (DOE) proposal to "relocate the Center School."
2. Neighborhood kindergarteners need to attend PS199.
3. **Capping** enrollment and busing kindergarteners are clearly **wrong** and would cause severe **hardships** to many hard-working families.

• *The DOE plans to make decision by Nov 30, 2008 so please contact people below ASAP.* •
