 - need \$200+ \$140 for bills and sundrys

FROM ASHTAR ON THE ROAD: donate to the Santa Fe Coop so T&R can access organic, fresh food

Your donation here sets up an account for Tara & Rama with Beneficial Farms Community Supported Agriculture in Santa Fe, New Mexico. This will make available a weekly supply of fresh produce raised with organic and sustainable methods.

These funds will be exclusively used to maintain this weekly account for a steady supply of produce to Tara and Rama. They and we are very grateful for your assistance.

It's in the A-O-T-R store & is designated for the food. People can do multiples if they want:

HARD NEWS

- T:** All in flux – lots of folks all over the planet worried about the state of the economic situation – a big summit held re: Germany and France – all the leaders of EU met at summit
- 27 leaders debating how to restore confidence in the EU – the first major summit after Britain's withdrawal
 - no quick fix for the member states: Merkel talking about shared values; ensuring safety and security of all the citizens – not about lofty speeches or treaty changes but about the citizens & making lives better
 - lots of shuttle diplomacy in the leadup to the summit
 - France and Germany tried to give the impression it was a roll up your sleeves summit – get things done. One thing is to fight youth unemployment in the EU;
 - sounds like the German-French engine is back – they were convincing, yet what the other leaders said does not really support this
 - There is trouble in Paris: KOS has told them that if the EU goes down, the US goes down – remember that the Euro was created to take the dollar out!!!

BBC News between 11 am and noon:

- went into a story about our present times – how Lord Maitraya fits into the story, & that he is back; connected to Share International, the Green Tara Society, Benjamin Creme
- Folks beginning to call Trump the Anti Christ, Francis the False Prophet, and HRC the Whore of Babylon; Dr Greer talks about the reverse engineered craft being used to pull off a fake alien invasion, yet the BBC folks brought up how many folks are dissatisfied with UN and about dissolving the UN and creating a wise Council of Elders – with Lord Maitraya being one of those elders.

T: how do we convince the 5 who have the veto power?

R: as Lord Maitraya begins his full-on opening up to the people & the magic which is the quantum physics of the universe, and as things start to shift radically, the attention goes away from the false prophets, and real stories start to happen – they were going along with this premise for ½ hour!! Not about Raj Patal

T: the noose is around the neck, and the 1500 pages – the John Doe files – information gathered about irregularities in political finances are out.

- Scott Walker in big do-do now -

Natasha today: with the Pisces full moon – watch the thoughts, the words
no more warnings: is just IS

T: the energy she felt today: it's gonna hit hard!

Stephanie Miller: said on air there's something wrong with Hillary – doesn't look like herself

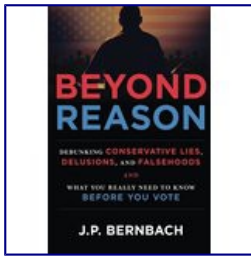

- Keith Olberman is back

R: Michelle sent a note to Rama: we've got your back!

Audio: Thom Hartmann: Republican party has been living outside the bounds of reason for some time now!

[Beyond Reason: Debunking Conservative Lies, Delusions and Falsehoods and What You REALLY Need to Know Before You...](#) by JP Bernbach Sep 1, 2016

- the book is about conservatism, not the GOP specifically; the democrats have drifted to the right and are beginning to move back again

CONFERENCE CALL

Caller: Rainbird sounds like a completely different person – great new computer!

COR: who was Michelle talking to about 'I've got your back'?

R: "Don't worry; I've got your back; we are moving all the way forward!" It was a text so R did not talk to her!

T: that is how Keith talks to him, too, and others of the White Knights .

T: Samana, the webmaster, is asking if someone could pick up the **\$25 a month:** they are having a little pinch at the moment; please someone think about it – she can be reached on Skype.

- Also, she's putting out feelers for someone else to take over the website: not right this minute, but start thinking about it

Ross: can help a bit – Rama, Ross, Samana need to discuss the scope

T: Samana is her starseed name; she works with the Kumaras – also very good at drawing

T: feels like we're going to the next step and at the same time it's going to be something else!

Connie: listening; everything is OK

T: everything is being added on to us now: most important is the power of the positive thought – keep our dignity

Connie: daughter-in-law has a brain tumour: got the prognosis today – getting weaker and more tired; has affected her whole right side; it's growing very fast and happened so fast after Cam's passing – very hard! Names are Tilly Jacobsen & John Robert Jacobsen

T: Many many people are choosing to make their transition now; this can be done with great love – and love never dies! She has a welcoming committee on the other side and they are all here; the idea of separation will not be long – it's a different relationship and this is pushing us to understand

- We miss the physicality yet our light bodies are activated more and more all the time. There is no mistake that we are communicating together on this subject; we are co-creating something that has never been before.
- Canada' s manufacturing sector is shrinking – she thinks of it and brings in Dr Keshe who says that what will be going on is that everyone will be working about 3 hours a week! All the rest will be "leisure time" and bringing the dream back into the garden and beyond.
- An episode of *Star Trek - Next Generation* where they discussed what is artificial intelligence: if

we dismantle Data, what will we find? ; and does Data deserve to be called a life form?

- This goes into the the realm of what Nassim discusses; space is so full of life; we are on the threshold of something so awesome – so many lifeforms waiting to interact with us! As we step into the greater realities, it's like stepping through the looking glass and we must step through our own hearts to get through that – and see infinite

- Data can do beyond lightening speed – there is a sentience developing – and no way is Data going to be dismantled! So the manufacturing is of a lesser thing – we are moving beyond the material world very rapidly.
- The economic situation was planned to be harmful right from the beginning: we are the frogs in the pot and the water is getting hotter; Dr Richard Wolffe and others are telling us what is happening, and the accountability is here now, and the 13 families are green around the gills at the moment – goes back to Stephanie Miller – she was saying something without saying it.
- Mother made it clear: gave an order: cease and desist: you and all your ilk; you, my kids, are going down the zig zag road to nowhere – I'm your Ma and I'm here – a mother lion actually eats her kids! And these ones will no longer exist anywhere in the Universe of Nabadon or beyond.

P: talks of Len's passing as him teaching her about raising vibrations; knowing he is still around

T: the emotional body is expanding with our mental; we are having a new experience in this body and the entire planet is shutting down: all the norms are up for grabs across the planet.

- The controllers have been running things from the 4th dimension – in 1987, Harmonic Convergence, the 4th moved down into the 3rd and got more and more intrusive as it went along. Last night, Trevor Noah of **The Daily Show** had on Bill Clinton who was talking to him and talking over him. Rama asked if that was one of the Clinton clones and he got YES – this one looked healthier! Did Hillary give him Parkinsons – yes! And SHE is having trouble with all her clones as they are wearing out

R: Thom Hartmann is a reincarnation of Thomas Jefferson but can only go so far in what he says.

- Bill Clinton was talking about the Clinton Foundation and the Global Initiative – then went back to talking about his childhood – having no outhouse as a kid, being in a rural place in AK –
 - Trevor said he was grateful that Bill was on the show [Bill was cloned 21x but the original stayed alive. Rama talked to RanaMu and confirmed it was a clone who talked to Trevor.] Trevor wanted to give Bill something and it was balloons!!! Bill was beside himself! Balloons were all over them and Bill said he was realizing he had his 2nd childhood!
- ZPL on Len and Cam [?]
- The space in between the worlds is being in the innocent child; T saw that and that it was overwhelming to think of what he [Bill] has done: getting rid of people as he has: 200 without the blink of an eye. And Hillary even more -

C: Neither John or Tilly are at the same place we are; what will happen to them?

T: it will be OK; they do know their guides at the deepest level. At the 3rd dimension fear is hard when one thinks that there is only that; Connie can step up with the greater wisdom – Cam has been going this direction for some time and it's unbelievably hard to see this happen in this dimension; now Connie has us [the family on the call] and the things we do together is about the ease –

- T knows the times are changing; the Antares Arcturian Midway Station is where the soul goes and there is a healing centre there; souls are reintegrated into galactic society and the truth at the deepest level is revealed - it takes different amounts of time for different levels of awareness to be able of being fully capable of cognizing everything
- as with her own mother – her mother was a nun before she married, so there was a lot of rigidity and that needed transmuting; her father was raping Tara for the whole time she stayed at home:
- when T went to Hawaii, met a girl who went there to record her music at a highly evolved studio – T went with her. The girl was also a channel and they went to someone else's house and did some channeling – she brought in a blue angel from the Pleiades, a sensitive gentle voice; then the channeler had someone else to speak to them – a massive male voice. It was Wilhelm Reich who said she (T) was capable to doing his work, finishing it up. The angel said it is not nice for a father to rape his child and then Reich spoke – it was a 2 hour session and brought in Tara's father – Tara did not know what she was capable of doing: she got herself to Hawaii which she says is the closest place to being off the planet when being on it!
- T has not been physically in the Agartha Network; Rama says the vibration is about being in joy – it reminds him of the Elysian Fields, a beautiful english garden yet more – mountains, rivers, lakes down there: one area reminded him of an english garden: the flora and fauna looked after themselves – no gardeners.
- T has experienced plants communicating to her psychically; a plant bowed to her – a large succulent plant. **The Secret Life of Plants** – a very good book to read – T met the author at the esoteric healing centre with William Davis in Texas. Someone T met worked with the author; confirmed that plants going through emotions - weeping, sad, I won't eat sessions – all sorts of things. Describes some of the things that happened -

Carlton: about Colin Powell – the interaction with plants, and their ability to protect – what about the next release of Avatar - which was about interaction with the plant kingdoms –

Rama: between now and 2017 sometime. In the next movie Jake & others go into the underwater part of Pandora and connect to the animals there. Alpha Anterres is a binary star system and Avatar takes place there. The other one called "proximatis antarres": they will make 4 more avatar movies. In the next one, Jake and the people will have to rally the people of Pandora because the corporation is coming back – they are not done! So the people of Pandora will teach them a final lesson! James Cameron working on this with others – has to do with the larger story of race, skin colour: need to get over this stuff!

Ross: lays out a sched for the next of films – 2023 is the year of the transition

Carlton: for those of us impatient: what does the pace of those releases say about the pace of change on the planet.

T: harmonic convergence - if you were prepared at the time, you could enter the 5th D in 1987; the photon belt moved in at that time. By 2006-2007 the entire planet was finally not wobbling but was firmly inside the MWG at last; it had been touch and go from 1987 – 2007. We are moving back to Vega in the Lyra Constellation where we co-created our bodies with Mother and the star Vega is not a mistake: T realized the sun was following the Star Vega, and that the sun was travelling faster than Vega back to the Pleides –

- It is not true about the planets going in circles: WE ARE INDEPENDENTLY SPIRALLING AND FOLLOWING THE VORTEX THE SUN IS FOLLOWING – GOING TOWARDS VEGA

- Our bodies are evolving . . .

- The question is the ones choosing to leave now have not been prepared to go there – with as much love as they can hold, we praise, respect, thank and love the feelings –
 - Connie can help them with tremendous love: as she does that in the midst of all these changes, this is such a gift in terms of the transition to the other side. Whether they get it consciously or not, they are in a different world – Metatron and a welcoming school – this is the last thing they expected:

Connie: knows Tilly is going to go

T: she will have to be there to help [son John]; T knows he knows Connie is there

Ross:

T: don't be surprised: sometimes they DO show up – when Rama went to Karnak, the statue of Mother got down and sat beside him!

- don't be surprised: our environment is changing: Omena said about dolphins and whales leaving – that is an option, yet there is Keshe technology - in 35 years they killed 2 billion of us –
 - the other option is to re-oxygenate the ocean! A precocious young person discovered that the plastic in the water could be remedied: one of the gyres is being removed, thanks to the functioning of the work of that young person. We must not lock ourselves in and say or feel that we cannot do something until . . . there is also a certain amount of work that must be done to prepare ourselves to handle that energy -
- Don't have an emergency summit meeting and have Merkel and Hollande trying to blast their way things through
- Randy pointed out that not many post on 2013 blog – nice if people would share more
- **Carlton:** what is facebook connection? **R:** put in Korankorgowron

T: Bernie is back on the scene – she's seeing him on the screen, talking to Chris Hayes;

- yesterday, an article that the British are arresting their banksters, and that it will spread – let's keep our eye on the great changes – may we know what it means to be in divine, unconditional love; go to that place in our heart where we can give for for-give-ness sake
- Greetings in the Light of the Most Radiant one; in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

Greetings, Children of Ra

- Indeed we are all teachers to each other here: the wisdom we carry within ourselves is like no other; it is, at this time, that she can say with great certainty, in love, wisdom and beauty – we have the keys about how to take this to the next step.
 - It is what was just said: Lord, make me an instrument of thy peace. As The Man with the the Plan - who is here already, sitting in the captain's chair up there or wherever we want him to be - Admiral Sananda Kumara is here and is saying to everyone:
 - first order of business is as plain as the whiskers on her face: it is about we are in service to humanity as a whole: this is the time, this is the place; it is happening
 - as we can be of service to all our children no matter whether we are 800 years or 8 days or 8 seconds – it is at this great time of the unravelling of what we are experiencing in ourselves.
 - as things are in constant flux, it is a challenging time to be everywhere at once and nowhere at all and keep our heads in the right place within our hearts, thinking with our hearts
- as the events that are transpiring continue to rapidly unfold, we will see an increase of great magnitudes of ecstasy and joy being experienced in ourselves; they, her wayward children, can no longer stop the incoming tide of souls answering the clarion call of Gaia, Vywamus, us –
 - this moment we are in is so magical - to be here in a body and experiencing this - words begin to fail as it is about the feeling and it is this the feeling that is moving everything, everyone – magnificent to behold. It is a little spark that has grown to the size of so many different suns, sons and daughters of the Most High.
 - There are craft beings within our solar system larger than the planet Jupiter; as we can figure THAT ! These are some of the ones called the Sphere Alliance, the Blue Avians, Horus' people - many different people are here to take up the slack
- yet no slack there is – it is this moment we are all in that is so exciting, and also extremely frustrating because we can taste it, touch it, feel it. yet seeing it takes a bit more, and she can truly say they are here in our midst. So many are experiencing them, seeing them and, in the same breath, as things get lighter and lighter and, at the same time, more intense as we can imagine – we can feel it because what has happened is another movement upwards: [we've] moved up in octaves in so many ways.
 - And the conductor, as it were, calling everyone in the orchestra to attention because the next piece of music in this symphony is being orchestrated, written as we talk: we are the changer and the changed; as we create the symphony, it gets played instantaneously into physical manifestation, precipitation
- what she can say about where we all are at – she is humbled to be in our presence about the business at hand which is our ascension; the planet has called and they have answered,

along with all of us. The next step is to share the good news that we need not buy the dogmas and catechisms that have been against our well-being – empty phrases, like stones cast upon a pond. Yet the ripples are going out with this Pisces full moon, lunar eclipse - Jupiter comes and does his magic as the great benefactor, benevolent father Zeus in his more tame moments where he is not leaping after the golden hind behind his father's back – or running after a few others in the Elysian Fields

- it is the business at hand here: great Jupiter and his wife, Hera, also known by Roman names, Greek names - Zeus: his wife tends to be a bit of a piece of work! Because the interplay between earth and Mt Olympus is closer than we think – and all the players are here, back in this divine passion play and we, the actors on the stage, are being called to share our lines – let's not goof up, as it were!

- What is transpiring in this little slice of this moment; what is played out in this nano second – we have the word - the other of the 4 musketeers: Lord Maitraya being talked of in the MSM along with the other players who have a vital part to play. As her wayward children want to play out the final chapter, and Benny Netanyahu wishes to see his wet dream - to play out the Book of Numbers, to witness the re-building of the 2nd temple right now, along with the 2 witnesses showing up.
 - All the passion plays about the 7 heads, the 10 horns of the beast, along with the Whore of Babylon: NYC – not saying NYC is the W of B; the Whore of Bablyon is a place holder, playing that part - Miss Hilly – Angleca Merkel's granddaughter. As the passion play plays out, leading up to the end of this month and the end of the fiscal year – what's up? Is it called crash and burn; is it called alien invasion or the fake rapture, or just another day in paradise?
- We are witnessing the moments which have to do with – like she keeps saying - set a place at the table for Elijah, Tom the Cat, a few others – they are here; they don't bite, though we might think otherwise by the way things are being played out.
 - There is a great rectification , transfiguration happening – it is in here, in this temple of the living goddess, where the particles, the cells sway, moving to the dance called . . .
 - tell me your story, sing me your song; we are all in this together and, as we share the different facets to the pieces of the story here, this great crystal gets refurbished, re-built
- Already the Altimarians are working on putting the different pieces of the Great Crystal at the bottom of the Bermuda Triangle back together and Ka-el. whom we know as Superman, will fuse it back together with his eyes, with the energies of Krypton
 - all these pieces of the story, legends, myths that are not myths – we speak of the people, raise questions of Pandora, Alpha Centauri, Proximus Centauri, the neighbourhood in our little part of the solar system and the neighbouring galaxy and the sons and daughters in the n'hood of the Milky Way Galaxy

T: we are hearing bigger and bigger figures of things having problems:

- like 300 million in India experiencing drought to the extent of starvation right now!
- The massiveness of the exits of the larger mammals in the sea that are exiting – and Mother is telling us there is a turnaround matching that drama!
- Let's put June Rose Mastey in the Circle of Support – has had a pace maker put in her heart, Simone Perez of Israel – in an induced coma in Israel

M/A: the old energies of that story about her people called the . . . we are all her children –

- the Khazarians are on their way out of this dimensional reality; another one goes down because as the energies go up, they are still going to play with an old story called hate, racism, & issues about the colour of her skin. They are going to find themselves as a very lonely soul in this universe because they are exiling themselves from the magic that is

unravelling right now that is so magnificent and great.

- Why would you put yourself in the position to be considered in your own consciousness to be xenophobic to the point of being a raging lunatic, like the Orange Hitler?

T: They are asking for a big lesson

M/A: If you are playing those games about hate, prejudice and war, may end up on the other side of that story with a different colour skin next time around, on another planet that looks like earth with the same rate, pace of evolutionary development – may have to deal with the prejudices, attitudes, race, dogmas and catechisms; you may not like the other shoe as we are all one in this story.

T: also put in Tilly Jacobsen, husband John – beginning to dawn that something is happening here – that's the hard part

M/A: what she can say about this particular situation: as the energies get higher, the pressure on the temple gets more; as you don't clean up your thoughts, your attitude of gratitude, your diet – s**t gonna happen

T: already in a wheel chair and it only started 3-4 months ago – they didn't think it would end up like this

M/A: the rapid pace of the body has to do with the increase of the energies & having to match the energies; to match the energies, you have to get lighter and lighter – as Dr Keshe says about the food, as you get to the place where/when you are drinking plasma water, it is like drinking liquid light

T: the water they drink is like that

M/A: [it] gives you everything you need, and how you shift it is the consciousness – this is where His Holiness Kundune [Dalai Llama] and His Holiness the Cat has some wisdom about how, when you are in a place that may be, for all intents and purposes, a temple like that of Mr Perez, Miss Tilly – in a coma; yet they can hear every single word that is being said with the precision of a laser beam.

- as the soul matrix accepts and brings in the love to praise, respect, thank, love and forgive whatever thoughts are going on other that are less than perfection, the soul hears it, the consciousness hears it, and there is an inbreath, an outbreath, a great sigh – and light pours in as never before, and things get lighter and lighter

- remember the scene in *Mary Poppins* where they are floating on the ceiling & laughing
 - when you can visualize yourself as a soul dancing as a ball of light: even if you're are in a coma, [this visualization] can still work
 - on the other side of the green doorway where they can see us, and we can see them, there is a bit of a mist at the door – like the mist at dawn when the fog is there, and we can see the fog hugging the foothills and can see the outline of the foothills: as we lift ourselves up [increase our energies], the fog disappears
 - As a collective right now, the light that is pouring in with the love into this physical dimension here, is raising up the physicality so much; we have to remain in that state of ecstasy, joy – or else things will get tough and harsh as there is no more wiggle room
 - time to remove the parasites feeding on the human race: candida – a fungus among us that has no place: her wayward children –
 - She had given the edict: cease and desist or you will be consumed by the Violet Fire. It is that simple. That is how she makes new universes as in the Big Bang: why do you think it's called the Big Bang? It's not about bump and grind, honey, it's about the ecstatic joy! When we began this leila, it expanded out across space/time, so much so that we are discovering light coming into our spectrum view – we are only now seeing now the light that happened so many eons ago when they had that orgasm and it is still going – called “graviton waves” [which are] still going:
 - they are only now discovering what graviton waves are, which have to do with scalar frequencies coming in. Coming up here in Santa Fe, there will be some scientists from NASA, Los Alamos, friends of Nassim – will talk about graviton waves, Einstein's theory

about graviton frequencies –

- how this interplays with what she's saying: when we have an eclipse like we do – as it moves on in space time, next day, the waves get bigger and bigger and move across space time, across the galaxy, across the local universe
- At the moment the waves are big due to the eclipse, and they get more gradual and gradual yet they get more intense as they get farther away – not in the sense that it goes so far out, but that it goes deeper in
- what she is saying: expect the frequencies of what she's talking about . . .

- Lord Maitraya got mentioned on MSM today; this is a big f***ing deal, folks; he's back and they're back with their friends. If you think Orange Hitler is going to be president - not gonna happen; nor whores of Babylon this time around [either].
 - The only story is about the return of the Hanging Gardens of Babylon where they restore the ancient story : E Dun when the garden comes back: the energy that we represent, that we are complete – today 16th is the full moon lunar eclipse in Pisces: humanitarian vision – we are right on!

M/A: Lord Zeus with wife Hera, shows up; Jupiter will level the playing field and bestow the wisdom of the spheres for us to move up in octave and get on track, as we approach the equinox and Samhain, the crack between the two worlds. It is this time, Souwain – end of October – when the veils are thin - like Beltane!

T: so much on the plate between now and then – the runts on the news will get something happening here!

M/A: Do a few things; do them well – the simple joys are holy. The first order of business is - we are in service to all of humanity and to lift ourselves out of what looks like Mordor, very much so in physicality: Alleppo, parts of Gaza, the tomb of Rachel in Hebron; Israel; West Bank looks like Auchwitz because of the Khazarian ones –

- this is why she says she has given an order and now it returns - the frequencies with this full moon

T: seems like there is so much magic here:

- the thing with Scott Walker - the judge ordered all the documents to be destroyed and, lo and behold, a complete set showed up! The accountability is coming through: that is what is meant about the full moon and the eclipse – it's like riding on a moon beam!
- Thom Hartmann was saying about the 80 year thing – where things crash and we start all over again - the 4th Turning – we are at that point now
- couldn't believe her eyes seeing Michelle on screen tonight & Bernie at the same time – like finding fresh water in a dry desert!

M/A: it is all about the story here of how we come together in unity, joy and peace

T: on the screen there's a girl who is 17 years old and is a PhD candidate!

M/A: Millenials coming in: we are here folks - Now is the time to do it: we have the power, the abilities. Like Magnito Eric said it's about what's in our DNA; allow your abilities to take the upper hand; connect with your heart; use your abilities to connect with the others out there – they will see us; they will find us; they will connect!

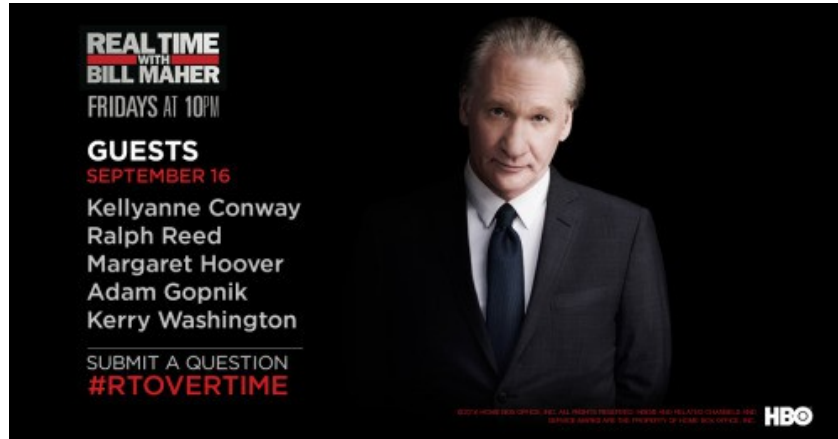

- Greetings in the light of the most radiant one! Kadoish, kadoish, kadoish – remember who we are in this great circle of life!

R: Was talking to Lord Sanat Kumara at Shamballa the Greater – the word has gone out – all kinds of things are unravelling at this moment. Magnificent to be here, to be alive

- opening the passageways - the Cities of Light as per Genie Townsend, one of our elders - are being anchored in the physical; same as what Dodi and Di are doing in the Wesak Valley

T: we will have new missions, everyone!

Published on 16 Sep 2016

In this episode of Redacted Tonight, Lee Camp looks back at the geopolitical fallout of 9/11 fifteen years year. He also delves into the legacy of Occupy Wall Street, as it marks its five year anniversary. Then Lee covers how President Obama is ignoring pleas from top economists and lawyers to stop the harmful Trans Pacific Partnership international trade deal. He also covers the teachers strike at Long Island University and what it means for the students attending the school. He then breaks down the new leak from the DNC of General Colin Powell's personal email. Correspondent Naomi Karavani joins Lee at the desk to discuss how the US is secretly militarizing Africa with already disastrous results. And Correspondent John F. O'Donnell reports on rape culture on college campuses. This and more on Redacted Tonight.
