### Hard News:

**T:** we continue to pray peace, pray love, pray joy!

- Rachel was a hoot on the program tonight – you like that Hopi-changey guy! He's back.
- Obama went to Nevada today and they are ecstatic today with what he did [sign the Exec Order regarding Immigration]
- The republicans filed a law suit against Obamacare!!! and then left. They have been out-maneuvred
- Dan Pfiffer, Sr Advisor to Obama: they are pleased with what is transpiring

**R:** Mr 19.5\* is back with brass balls on!

**KOS, Larry, Curly & Mo:** what these criminals have done by putting their tails between their legs and going home; the fact of the matter is that what's happening on the grandest scale ever: there is a **craft out there beyond Pluto** – it may seem like it is in the orbit of Saturn between Uranus and Saturn, but IT IS BEYOND PLUTO AT THE EDGE THE SOLAR SYSTEM.

- It is from Proceyon – the beings on it manifested the craft as non-physical non-linear beings – they co-created it together THE CRAFT IS 5 MILLION MILES IN DIAMETER.
  - They are 15 – 20 million years ahead of this culture and civilization: they do not need bodies, they are just balls of light! They simply manifested a craft to let the 13 families know It is about eclipse time, twilight time!
- Mr 19.5\* is back: change of this entire story from one of war to one of peace. Awesome to behold!
- **KOS, Larry Curly and Mo shared:** brought up by Thom Hartmann – KOS gave him a kind of talking to today: that he is not telling the truth in an extended way, he's not dealing with it
  - this has to do with the man who put this country together: Beloved Ascended Master St Germain who sat with the founding fathers and put together the New Atlantis: THIS IS THE NEW ATLANTIS!
  - Thom Hartmann said to take on these folks you need really deep pockets – St Germain does and has more than enough money to take on the 13 families
  - That is what is going on is that he is taking them on. This is about the 2<sup>nd</sup> Declaration of Independence – NESARA!
- Everything that has been done is lawful: the lawsuit they filed is about the Affordable Care Act, and there is some kind of weak link there; lawyers have been saying that it has been protocol to assume that whenever the states do not engage in giving the people what is offered, it is unilaterally acceptable that the the federal agency would have something to say over the state, according to case law.
- Like Rachel said: Do you wanna bet these guys will create their own immigration bill? Then she pulled up her sleeve and said “do you wanna buy a rolex watch?”

**T:** Russia has ties to every country in eastern Europe, meaning that to the Ukranian people who have Russian background, he is only there to assist them if they need food, water and medicine –

- there are ethnically connected people who are Russian in eastern Ukraine; they have relatives in Russia and those relatives are often in the Russian military and they can bring assistance across the border to their family members against an unlawful regime in Kiev
- There is an average of 13 people per day getting killed in Eastern Ukraine by that gov't because the members of the Gov't don't like the eastern Ukrainians

**Audio: Election Integrity – Thom Hartmann with Greg Palast and Brad Friedman**, founder and editor of the Brad Blog **[see Brad's article below]**

## CONFERENCE CALL

**C1:**

**T:** he mentioned that in 1859, the powerful bankers/13 families instigated a change of name for the country:

- **the original was The Constitution of the United States for America; it was changed to The Constitution of the United States of America.** His interest in the money led him to the corruption of the 13 families in finance and elsewhere

**C1:** pray for these people trying to get to the truth – the middle class does not know!

**T:** we just listened to Greg Palast and Brad Friedman who are whistleblowers, first class.

- Greg and Brad had to sign a gag order about 9/11 like all the rest in the media; they can talk to KOS, but they are still under a gag order.
- There are so many people in the media on the net who are getting hold of the info & letting people know.
- Palast has exposed that about 90,000 votes of ppeople of colour in the ocean – and they did not do the re-count, either. This would have exposed the lack of 90,000 votes. And since when did the Supreme Court appoint a President?
- Palast went to England and BBX=C because he knew no one would hire him [in the US]

**C1:** Caller's brother has been doing this kind of research and does not like to go on radio shows

**T:** there is a manifest star ship that is 5 million miles in diameter – behind Saturn – makes Saturn look like a

pip squeak

**C:** sounds like we'll be having disclosure pretty quick

**T:** we are talking about right now – we are **no longer in the linear world, we are in galactic time**

- Has read Carl Boudreau: come Dec 23 we have a configuration in the skies that is completely in our favour, makes all that comes before a bad dream!

**C:** We used to be “the United States for America” - and compliments Tara as a researcher and a librarian in the Alexandrian Library

**T:** she was a man in Greece at the time of Alexander the Great; the Alexandrian Library was burnt to the ground with her in it: she ascended and was beamed up to the ships and committed the entire library to her memory. Has been bringing forth that memory to various groups of people since then – the knowledge was handy, so to speak.

- Every life form has access to their own awarenesses of what they have learned eg we do not pray **for peace:WE PRAY PEACE**, which is an instantaneous thing.

- Greg Bradin is the one who said “pray peace”; Greg was friends with a Native American – they went up to the mesa where it was bone dry; he said “pray rain” and 10 minutes later, it rained and rained.

**C:** wants to see something written up, some word things that could relieve the suffering of many, many people

**T:** praying for peace pushes it into the future; let's go beyond the I AM Sanctuary teachings, too

- St Germain: every generation you need to realize that the species has evolved, and the ones being born are more evolved

**C2:** dogmatic thinking gives a bad name to dogs! Any word from Mr McGoo?

**T:** has not heard from him lately

**T:** what we are realizing is that the galactics have been intervening all through this timeline

- we have full memory of our past lives when we are out of the body
- We have done nothing to heal what happened during the time in Atlantis, and

**C1;** her parents both dealt with the 4 corners area all their lives; someone there told her it is one of the most sacred places on earth – is this true? All kinds of people have lived there

**T:** the 4 corners is the physical heart of Mother Earth; and the spiritual heart is in Muai

- Between the 4 corners and Moab, Utah is ???

**C:** her father's sister prayed a lot, also the 2 sisters of her mother: had 5 sons who served in WW 2

- she told the Sacred Mother you can take my boys but I want them back without a scratch on them!
- In the 50s she was in her eighties and she still knelt down and did a rosary every day
- the other aunt was the same

**T:** in her family, members prayed sections of the rosary every single night

- We have been intervened upon all along the way; she reads about the Declaration of Independence

**[SEE BELOW]**

**R: KOS:** for 13 years before the original Dec of Independence was signed into law in 1774

by the Iroquois and the founding fathers – the one in 1776 was all chopped up; the original declaration in the iroquois language (1774) is in the Bruton Vault .

- Someone from Santa Fe went there and doused the location in the graveyard.
- These ones [Rockerfellers] will soon be gone; as they currently own the site, they can keep people away – once they are gone, we can access all the original documents.
- for 13 years before the signing, St Germain sat with the Iroquois elders and the original signers and he went to speak to the political people to get the Consitution set up and the
  - The original signers all lost their lives or died as paupers:
  - the NESARA bill brings back the 1<sup>st</sup> document of 1774
- What Obama did last night is another part of bringing back the original idea of the Constitution

**KOS, Larry, Curly and Mo** also said that the great white prophet [Sananda Kumara] and the Great White

Buffalo Calf Woman [Lady Master Nada] also sat with the iroquois

- The speaker had to go to the signers again and again to get them to sign

**T:** we have been guided by the Ascended Masters and many have been able to meet the galactics

- Some of us have ascended in the physical several times

**C2:** has been reading about Jefferson and Madison; was Madison an agent for the Rothschilds at the time or was that just how he thought gov't should be run?

**R:** yes, he had to serve both sides of the coin. They had to deal with the intense situation of slavery, and the south did not want to give it up – that is what Ferguson is about.

**C2:** a guy named Brian Lowry was talking about the ley lines being in the earth, as well as being 60 miles above, and the mass is in the church and below the ground

**T:** the ley lines are of the light; what the 13 families are doing is twisting it:

- they use the masonic principles for dark, and turn the ley lines into the dark.
- We have myriads of stories of people who have been thru the MK Ultra program which shows that love overpowers the power of the dark. Black magic takes your power from you.

**T:** how one chooses to navigate this black era which is actually close to slipping into the light; it took some time - the photon beam acted as a magnetizing tractor beam from 1987 – to 2006 or 7, so the earth could be pulled back into the MWG - we had not been in the MWG since the time of the Atlantic crystal being shattered.

- She has an akashic memory of all this, and we all have it – it has to do with the divine willingness to receive this: pray wisdom, pray intelligent mind

**C2:** has heard of all the Vatican \$ going into the Brics – is this true?

**R:** they are talking about getting away from the US \$; yet it is still be funded behind the scenes by the US \$

**T:** just another distraction; every one of them are completely broke!

- Hudson and Buffalo will have about 8' of snow by the end of the weekends

**C2:** on Jean Haines site there is some information about Brics etc – says it's 80% OK and 20% shit which twists all the rest.

**T: KOS, Larry, Curly and Mo told Thom it is time he told 100% of truth**

**C2:** has been going to a lot of meetings; can tell when people are telling the truth – laughs when he listens to the news – how can they say what they say with a straight face?

- Talks of doing the sacred water from patti Cota Robles -

**T:** People who take on the water work – it's very important!

**C2:** invasive foreign species [in water bodies] is a huge, huge problem! The tankers all dump their ballast in the lakes with all the foreign stuff in it.

**T:** the Kalamazoo river is still polluted from the oil spill and it empties into Lake Michigan

- Reminds him that when he does the sacred ceremony of the water to call in the fairies

**C3:** Asking if Mother will be here tonight: yes, she will!

This thing that is supposed to happen in Ferguson . . .

2014, Nov 19 **Nov 20 – 25th – PORTAL OF CREATION – GOLDEN PARTICLES OF GOD – SOLAR PLEXUS – METATRON** [SEE BELOW]

## **Mother Sekhmet:**

In the Light of the Most Radiant One, and in the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet flame.

## Greetings, Commanders, Children of Ra

- The energies are HOT! It is about what is happening in our sacred temples of god/goddess/All That Is –
  - what Ana just shared: from the solar plexus the energy moving on up right now, in this sacred time what is manifesting – Mr 19,5\* laid it out in lavender about the real story here
  - we are a planet of immigrants, if you will; we are not native to earth, yet we all came from somewhere: yet earth, Terra Nova, Tita Lacoria is home.
  - What is happening here is that this sacred temple of the living god/goddess/All That is – we are **not leaving these temples behind**; rather it is about descension: as we rise to the occasion, the light body enters these temples of the living god and we meet these temples half way and there is a happy marriage: heaven on earth, as it were.
- These times we are in - as we wish to call it space / time, since there is no time - this is the best time to be here in these temples and experience the wisdom of the ages that is coming forth from our own DNA, from Galactic Central. This master consciousness crown chakra, the 9 stars above our heads: could be called Grand Central Station - it is calling us forth
- Yes, Mother is getting her voice back – a little magic
  
- It is about this energy here; our DNA is calling us forth to do our mission. Like the man said, here we are, this is the most auspicious time to be here and for us to do what we've been asked to do – awaken our own strands of DNA that are screaming for our own ascension
- it is this space where inside self; we already know how to do this; we have already ascended 3 x because that is the prerequisite to be on this planet: we have to have ascended 3 x in other parts of the Universe of Neadon in order to be here on Terra Nova, Earth.
- yet at the same time, it is challenging to be here in the present time with all that is being thrown at us, in our face.
  - She describes it like the pitcher throwing a fast ball and we'd better know how to use that bat and hit ball with the sweet spot on that bat and get that home run. And this is what is happening inside all of us: the sweet spot has been struck; it's what has changed the whole scheme of things
- what the lady [Ana Merkaba] just shared with us along with AA Michael and Lord Metatron: what is happening here is we have come to awaken - the energies have asked of themselves because humanity has said "Uncle! Enough!" Now comes this moment where Gaia, Vywamus have called the shots, and these lifeforms - we will give them that: they are her wayward children! - yet these life forms that hold no power, they have begun – they are already at the place where their power has been stripped: they hold nothing, yet they are screaming at the highest levels: even though I would have whacked you upside the head and would kill you in a second, yet I am asking for love
  - they are asking for all the love we can send and more because they cannot handle what is happening

**T:** they want it all both things – to have their cake and eat it too!

**Mo:** you cannot serve two masters in this realm; cannot be a great man and a good king: have to make a choice. It is about that place right now where the one who has spoken is no king, yet he is a great man. He has just said "I am not the way, yet here is the way and I will show you the path which has already been laid out" - the yellow brick road and it is paved with gold: the bricks are solid gold –

- It is about the gold dust – it always comes back to the gold dust: that is the answer; it is the sacred frequencies that flow through the veins of Ascended Master St Germain and all the other masters who are fully here; the brotherhoods, the sister hoods are here, Maitraya and his white horse and his giant Scimitar / sword have said "Here is the path, and this is the way here where Kalki Maitraya showed up with his ship, his horse and his mighty sword and said "Here is the way" beside the man "I am going to give a chance to the people here; it might not be the whole picture but it opens wide the doorway to do this now."

- It will be the way we get to be introduced into your midst – we are planet of immigrants; we are all folks who came from other places and we have a key to the mission here: wisdom, joy and ecstasy
  - now is the time to use our gifts, our abilities, a magic of such joy as you could see on the faces of these people: for a first time, they are feeling the joy and are not being told they are being taken

- to Gitmo or a detention facility;
- it is about this way in which things have turned around, like Master Astrologer Carl [Boudreau] has said:
  - things are getting better and better and better; now let us take up that gauntlet, the mighty torch of victory, LM Hope, LM Liberty
  - this sacred place called *The New Atlantis* which was borne out of a dream by these ones who came and sat with the founding fathers – they were white folks, yet it is about what Beloved Ascended Master St Germain put together in his dissertation called **The New Atlantis**:
    - here is the time and here is the place; this is the New Atlantis, and we are not going to blow it up with an atom that is split in the wrong way. It would be in our best interest to talk to the atoms, the pricles, the mitochlurioans, the Force
- We ask the force how do I best serve this planet and her people? Lord, make me an instrument of thy peace! Where there is hatred let me show love.
  - This is what this man has done today about how we do this now, with love; he has made a big impression on the people [Obama]
- these ones who would wish his ultimate demise: they've sealed their own fate, they are swimming in oceans of their own blood for eons of time

**T:** They all went home, Mother!

- Mo** It is about they don't give a flying \*\*\*\* about the people; yes, they are scared shitless; it is about that she has come and she takes no prisoners. The Dark Rift is ready; the answers are within each one of us: how we do this with the grace, gratitude and dignity of who we are, living masters of the mighty I AM Frequency: **I AM THAT I AM.**
- And that is the energy that changes this entire story: they know it; we know it: but they have to put on a big show 'cos they are petrified by what has already happened to our planet, to the people and to ourselves. They can feel the change and they don't like it one bit – they are not in control any more, a very scary thought when they cannot control the matrix any more. As Neo said, We are the One; we'd best do it and we'd best do it in this moment now: this is how we get her done!
    - How it may manifest in this temple, god/goddess/ All that Is . . . [does not finish the sentence]
  - Yes, the elections were stolen by these ones; as we heard from Greg Palast and Brad of Brad Blog – it is time for justice to be sure
 

How we do this is we are to be sure and do what we are asked to do by this good man: call our senator, our congress man and ask them politely to watch the 14 DVDs about full disclosure and first contact; this opens wide the doorway and he can finish the rest of the story of why we came to this planet as immigrants who came from a galaxy not so far, far away with someone who holds an most ancient wisdom

    - It is not just in fiction that Master Yoda was brought in by George Lucas, Frank OZ, and the creator of the Muppets – the stories and legends about them {et s} are not stories and legends, they are real, just as real as her sitting there by the virtual campfire. It is about how they do this in a certain way now, so the message gets shared in a certain way.
  - The day that Keystone Pipestone got voted down – there was a native American Elder was in the gallery on the 2<sup>nd</sup> floor of the Congress and, as it got voted down, he stood up & began to sing his song; he was arrested and detained for 5 hours. The DC police came there; she will not say what happened to him while he was in custody: there is going to be heaven to pay for violating the rights of this elder, Gray Eagle. He only sang for 60 seconds before the cops came & took him away.
    - this was a most sacred moment because these are the stories that change the course of our timelines, as these sacred songs awaken the song lines, the ley lines that are fully awakened across the planet
    - the ancient monuments; the temples, the churches – they can no longer be used to call in our wayward children.
    - Luciferia and his parents Yah Vah and his mother Black Moon Lilith have come back to love; they are sitting on the couch, eating popcorn and laughing at all of us,

- it is not about worshipping the devil, it is about honouring the great horned god Chronos, and the sacred goddess, the High Priestess, Lady Master Isis - not ISIL which a CIA game to twist the mind from the heart and to provide technologies of death and keep the game going
- Very soon now, we will see all the criminals who have supplied the weapons of mass destruction, death, deception [not finished]

**T:** Brad of Brad's Blog said they used the same rigged election process in the Ukraine; the Kiev government is killing its own people & trying to blame it on Putin

**Mo:** it is not Putin: he is one of the ones who has honoured her and asked how he can best serve the Office of the Christ and bring forth the wisdom of full disclosure, First contact – not about nuking people back to the Stone Age

. It is about wisdom which is more of a weapon than a nuke can ever be. As Lao Tsu taught in **The Secret Art of War**: it is about wisdom when you come from the heart and not the head, you have already won, and it is not about death, but about eternal life!

**T:** now they [Republicans] are gone for a while, we don't have to listen to this stuff. No sooner did the speech get done last night and they lost their game; Fox News stopped talking about it.

**Mo:** Fox News refused to talk about it

**T:** the ratings for Fox News are way down!

**Mo:** they should kill the signal!

**T:** wants Mother and her friends to do some magic on that signal!

**Mo:** anomalies are popping up everywhere: and all of a sudden like was heard in 1957 on BBC, when we heard "this is Master ... set aside your weapons of war . . . ]

- this is the order of the day; it is not about force and violence; it is about using the energy of the force – We learn how to do tai chi and tae kwondo and the energy of the chi; these ones only know about one thing: to kill
  - How we do this with love is the order of the day

**T:** we are on an approach: Ophiuchus starts on the 29<sup>th</sup> of Nov; Scorpio is only 9 days

- Saturn, the great teacher moves into Saggitarus on Dec 23<sup>rd</sup> & completes a powerful grand trine between Jupiter in Leo and Uranus and Aires
  - Uranus is tremendous expansion, and is Divine Will – the combo cannot be beaten
  - this relationship stays in place until August, 2015 and then we are in 2017!

**Mo:** laughing at the fact that this cosmic joke is just that: it is about a reality that, if we could see from her vantage point, we'd see the silliness of the elections and everything that has gone to such a level of insanity –

- what comes to mind is the song by Pink Floyd:

**T:** the age of grand trines ushers in a time of great synchronicity

**Mo:** "Eclipse on Dark Side of the moon" – the song by Pink Floyd - we already know the song: "all that you see, all that you do, the sun is eclipsed by the moon

- It is the reality in which the people have the power: do it, do it, do it now!

Greetings in the Light of the Most Radiant One! Kadoish, kadoish, Kadoish

- Thank you, Mother.

**T:** there will be a plethora of choirs, music [going into the Christmas season]

- Tonight, the musical "Cats" is being performed on PBS.

**R:** voice gone again! Not sure what is going on – he is OK!

- He was in the Fortress of Solitude to get rejuvenated: working on his voice!
- Mother has the magic; he needs to get it!
- What he saw there: this planet is already ascended, and we along with it. Remember that and focus on love – that is how we do it!

We discuss David Cameron doubling down on failure as 'global recession looms.' With a fair and balanced view at Cameron's claims of 'paying down government debt,' we concede that national debt growing from £580 billion in 2007 to £1,400 billion today could, using certain accounting tricks, be seen as the shrinking debt load. In the second half Max interviews Reggie Middleton of BoomBustBlog.com and Ultra-Coin.com about the block chain, the tech sector and more.

### 2014, Nov 20 'Electoral Integrity Project' Report Ranks U.S. 26th Amongst World Democracies

**'World's Greatest Democracy' rated worst among Western nations; Ranked just below Micronesia, just above Mexico in overall list...**

**By Brad Friedman**

A report [PDF] by researchers at Harvard and the University of Sydney finds the U.S. ranks just 26th on a global index of election integrity. That finding places the U.S. in the category of nations with "Moderate" election integrity, ranking the country one notch above Mexico and one notch below Micronesia, according to the findings tracking elections in 66 countries.

The report, compiled earlier this year and published last month in the American Political Science Association's PS: Political Science and Politics journal, "aims to evaluate the quality of elections held around the world." It is the first of a planned annual series from the Electoral Integrity Project. The organization describes itself as "an independent non-profit scholarly research project based at Harvard University's Kennedy School of Government and the University of Sydney's Department of Government and International Relations, funded by the Australian Research Council and other research bodies."

The group aims to document "why elections fail and what we can do about it."

This year's assessments by 855 election experts around the world are indexed and included in the survey which covers "all national parliamentary and presidential elections held in independent nation-states (with a population of more than 100,000) over an eighteen month period from 1 July 2012 to 31 December 2013."

"Based on a survey collecting the views of election experts, the research aims to provide independent and reliable evidence to compare whether countries meet international standards of electoral integrity," the report's introduction explains. "The study collects 49 indicators to compare elections and countries around the globe."

While the researchers found even worse problems in the elections of many younger countries, some of those nations still managed to out-perform the U.S. on the overall ranking, as we brought up the tail end of Western democratic nations, according to the experts' analysis, as described in one of bullet-points summarizing the report's findings [emphasis in original]...

Experts were also critical about electoral flaws in certain long-established democracies, such as Italy and Japan. Most strikingly, the United States ranks 26th out of 73 elections worldwide, the lowest score among Western nations. Experts highlighted concern over processes of redistricting, voter registration, and campaign finance in American elections.

"It is also striking," the researchers wrote, "that despite centuries of elections, in the 2012 presidential contests, the United States was ranked only 26th worldwide by experts in the overall comparison of electoral integrity. This rating was similar to countries such as Mexico, Mongolia, and Georgia."

"Further analysis of the data showed that experts reduced the overall score for the United States due to concern about the quality of their electoral laws, voter registration, the process of drawing district boundaries, as well as regulation of campaign finance," the study notes.

"Voter registration, in particular, has become increasingly polarized and litigious in the United States ever

since the 2000 'Florida' debacle, generating growing controversy in state-houses and the courts and a blue-ribbon Presidential Commission. The PEI [Perceptions of Election Integrity index] evaluations suggest that the role of money in American politics, and the redistricting process, both deserve more detailed scrutiny."

"The 'moderate' category," which the U.S. finds itself near the top of, "also included many other diverse societies and types of regimes, including states such as Ghana, Bhutan, Montenegro, Nepal, Pakistan, and the Philippines," according to the report.

[T]he project monitors flaws in the electoral process occurring throughout the electoral cycle...The international community has adopted the electoral cycle approach by recognizing that observing only the balloting, vote count and results is too limited unless there is a longer-term assessment of each contest. Accordingly PEI constructed multi-item indicators to monitor each dimension.

Much attention focuses on ballot-stuffing, ballot-box fraud, and irregularities in the vote count. But in fact problems may arise at any step in the process, such as from the fairness of electoral laws, malapportionment of district boundaries, disparities in access to campaign funds and media coverage, the exclusion of candidates or parties from the ballot, and so on.

...

Although much commentary focuses on problems occurring on polling day in the voting process and ballot count, in fact the evidence...shows that campaign finance and campaign media coverage are the most problematic stages.

The report concludes that "The regulation of money in politics deserves greater attention by domestic actors and the international community when seeking to reduce corruption, the abuse of state resources, and vote-buying, to strengthen public confidence in elections, and to ensure a level playing field for all parties and candidates."

Of the 11 different categories rated by the experts for use in determining placement on this year's final index, the U.S. score was particularly dinged by low ratings in the categories of "Voting District Boundaries", "Electoral Laws", "Voter Registration" and "Campaign Finance".

Nations with elections found to have more integrity than the U.S., as per the study's benchmarks, include Norway, Germany, Netherlands, Iceland, Czech Republic, South Korea, Austria, Slovenia, Israel, Cyprus, Lithuania, Australia, Rwanda, Japan, Chile, Italy, Grenada, Malta, Argentina, Georgia, Mongolia and Micronesia.

## The Secret Lists that Swiped the Senate

By Greg Palast

<http://www.gregpalast.com/the-secret-lists-that-swiped-the-senate/>

Statistics guru Nate Silver simply can't understand why every single legitimate poll indicated that Democrats should have gotten 4% more votes in the midterm elections than appeared in the final count.

[https://www.youtube.com/watch?v=wla\\_goyQZKc](https://www.youtube.com/watch?v=wla_goyQZKc)

Jim Crow Returns: Interstate "Crosscheck" Program threatens Millions of Voters

The answer, Nate, is "Crosscheck." No question, Republicans trounced Democrats in the Midterm elections. But, if not for the boost of this voter-roll purge system used in 23 Republican-controlled states, the GOP could not have taken the US Senate.

It took the Palast investigations team six months to get our hands on the raw files, fighting against every official trick to keep them hidden.

Here's what we found.

Interstate Crosscheck is computer system that officials claim can identify anyone who commits the crime of voting twice in the same election in two different states. While the current list of seven million "suspects" did not yield a single conviction for double voting, Crosscheck did provide the grounds for removing the registrations of tens of thousands of voters in battleground states.

The purge proved decisive in North Carolina, Colorado, Kansas and elsewhere. Without Crosscheck, the GOP could not have taken control of the US Senate. [Read my original investigative report.]

Nate Silver might want to punch these numbers into his laptop:

In North Carolina, Republican Thom Tillis upset incumbent Senator Kay Hagan by just 48,511 votes. North Carolina's Crosscheck purge list targeted a stunning 589,393 voters.

In Colorado, Cory Gardner, the Republican, defeated Mark Udall by just 49,729 votes. Colorado's Crosscheck "potential double voter" list totals 300,842.

The Crosscheck purge list also swamped GOP Senate margins in Alaska and Georgia and likely provided the victory margins for GOP gubernatorial victories in Kansas and Massachusetts.

No, states do not purge every name on the lists. Typical is Virginia which proudly purged 64,581 "duplicates" from its voter rolls in 2013, equal to about 19% of its Crosscheck list. Other states refuse to provide numbers, but their scrub methods are the same, or even more aggressive, than Virginia's.

We can conservatively calculate that the purge of 19% of the Crosscheck lists accounted for at least three GOP Senate victories – and thereby, control of the Senate.

If the Crosscheck lists truly identified fraudulent double voters, then we'd have to concede that the election results are legit. But the ugly truth is, the lists are nothing more than racially-loaded lists of common names. [Click to Enlarge](#)

And that's why GOP Secretaries of State, a gaggle of Katherine HARRISES, hid the lists until we cracked through the official wall of denial and concealment. These election chieftains refused our demands for the lists on the grounds that these millions of voters are all suspects in a criminal investigation and so must remain confidential.

Eventually (and legally), we were able to get our hands on 2.1 million of the 6.9 million names—and had them analyzed by the same list experts who advise eBay and American Express.

What we found is simply a giant list of common names—a lot of voters named Michael Jackson, David Lee and Juan Rodriguez. The racial smell of it was apparent and awful. As the US Census tells us, African-Americans, Asian-Americans and Hispanics are 67% more likely to share a common name as a white American. In other words, the lists heavily targeted “blue” Americans, Democratic leaning voters.

While state officials claimed that the criminal double voters were matched by social security number and other key identifiers, we discovered that, in fact, they only matched first and last name. Nearly two million of the pairs of names lacked middle name matches. Example: James Elmer Barnes Jr. who voted in Georgia is supposed to be the same person as James Cross Barnes III of Virginia.

Republican officials have gone to great lengths to cover Crosscheck's operations. Voters purged are not told they are accused of voting twice. The procedure, created by Kansas' Republican Secretary of State Kris Kobach, is to send a postcard to each “duplicate” voter requiring them to re-verify their registration. A large percentage are never delivered—Americans, especially renters and lower-income Americans, move

often—or cards are tossed away confused for junk mail.

Brad Friedman, the investigative reporter with encyclopedic knowledge of elections shenanigans, was also bemused by Nate Silver's confusion over the missing Democratic four percent. He cites the Crosscheck purges we discovered and adds in all the other tried and true methods of bending the vote, from Photo ID restrictions to missing voter registrations and a deliberate shortage of paper ballots in minority precincts. In Georgia alone, 56,000 registration forms collected by a coalition of minority voting rights groups were simply not added to the voter rolls.

### **The Tool to Take 2016**

The purge of those snared in the Crosscheck dragnet has only just begun. The process of actually removing names from the voter rolls is subtle and slow, involving several steps over many months. Some states mark their voters on the Crosscheck list as “inactive”— which means that, if they failed to vote in this midterm election, they will be blocked from voting in 2016. As a result, Crosscheck will take an even bigger bite out of the 2016 voter rolls.

This bodes ill for the upcoming Presidential contest when, once again, Ohio is expected to be decisive. Ohio's Republican secretary of state, John Husted, has embraced Crosscheck.

We enlisted Columbus State University professor Robert Fittrakis, an expert in voting law to canvas county voting officials. He found these local elections officials concerned that the Republican Secretary of State is pushing counties to scrub voter rolls of “duplicates” within 30 days of receiving the names from the Secretary's office. This gives counties little time and no resources to verify if an accused voter has, in fact, voted in a second state.

Secretary of State Husted has refused to give us the list of the 469,201 names on Ohio's Crosscheck list—but we've obtained thousands anyway. We found that Ohio's lists have the same glaring mismatches as we saw in the Virginia, North Carolina and Georgia lists.

We have now launched an investigation to uncover the names of all the voters Ohio plans to scrub from the registration rolls by 2016. The answer may well determine who will choose our next president: the voters or Crosscheck.

## Signing the Declaration of Independence and The Speech of the Unknown

From the Editor of **Reverse Spins**: The following is taken from *Washington and His Generals: or, Legends of the Revolution* by George Lippard, published in 1847.

The signers of the Declaration of Independence sat in Independence Hall at Philadelphia, contemplating losing their heads or being hanged. Their courage wavered. The document sat there unsigned. An extraordinary catalyst was needed to move them to action. An unknown man rose and gave an electrifying speech. He disappeared soon after.

By signing the Declaration, all were guilty of high treason under British law. The penalty for high treason was to be hanged by the neck until unconscious, then cut down and revived, then disemboweled and cut into quarters. The head and quarters were at the disposal of the crown.

No wonder they wavered! No wonder they discussed back and forth for days on end before signing the document that carried so grave a penalty. An old legend dramatizes the story of the one who galvanized the delegates and gave them the courage to sign that document.

But still there is doubt—and that pale-faced man, shrinking in one corner, squeaks out something about axes, scaffolds, and a—gibbet!

"Gibbet!" echoes a fierce, bold voice, that startles men from their seats—and look yonder! A tall slender man rises, dressed—although it is summer time—in a dark robe. Look how his white hand undulates as it is stretched slowly out, how that dark eye burns, while his words ring through the hall. (We do not know his name, let us therefore call his appeal)

### The Speech of the Unknown

"Gibbet? They may stretch our necks on all the gibbets in the land—they may turn every rock into a scaffold—every tree into a gallows, every home into a grave, and yet the words on that Parchment can never die!

"They may pour our blood on a thousand scaffolds, and yet from every drop that dyes the axe, or drips on the sawdust of the block, a new martyr to Freedom will spring into birth!

"The British King may blot out the Stars of God from His sky, but he cannot blot out His words written on the Parchment there! The works of God may perish—His Word, never!

"These words will go forth to the world when our bones are dust. To the slave in the mines they will speak—hope—to the mechanic in his workshop—freedom—to the coward-kings these words will speak, but not in tones of flattery. No, no! They will speak like the flaming syllables on Belshazzar's wall—

THE DAYS OF YOUR PRIDE AND GLORY ARE NUMBERED!  
THE DAYS OF JUDGMENT AND REVOLUTION DRAW NEAR!

"Yes, that Parchment will speak to the Kings in a language sad and terrible as the trump of the Archangel. You have trampled on mankind long enough. At last the voice of human woe has pierced the ear of God, and called His Judgment down! You have waded on to thrones over seas of blood—you have trampled on to power over the necks of millions—you have turned the poor man's sweat and blood into robes for your delicate forms, into crowns for your anointed brows. Now Kings—now purpled Hangmen of the world—for you come the days of axes and gibbets and scaffolds—for you the wrath of man—for you the lightnings of God!—

"Look! How the light of your palaces on fire flashes up into the midnight sky!

"Now Purpled Hangmen of the world – turn and beg for mercy!

"Where will you find it?

"Not from God, for you have blasphemed His laws!

"Not from the People, for you stand baptized in their blood!

"Here you turn, and lo! a gibbet!

"There – and a scaffold looks you in the face.

"All around you – death – and nowhere pity!

"Now executioners of the human race, kneel down, yes, kneel down upon the sawdust of the scaffold—lay your perfumed heads upon the block—bless the axe as it falls—the axe that you sharpened for the poor man's neck!

"Such is the message of that Declaration to Man, to the Kings of the world! And shall we falter now? And shall we start back appalled when our feet press the very threshold of Freedom? Do I see quailing faces around me, when our wives have been butchered—when the hearthstones of our land are red with the blood of little children?

"What are these shrinking hearts and faltering voices here, when the very Dead of our battlefields arise, and call upon us to sign that Parchment, or be accursed forever?

"Sign! if the next moment the gibbet's rope is round your neck! Sign! if the next moment this hall rings with the echo of the falling axe! Sign! By all your hopes in life or death, as husbands—as fathers—as men—sign your names to the Parchment or be accursed forever!

"Sign—and not only for yourselves, but for all ages. For that Parchment will be the Text-book of Freedom—the Bible of the Rights of Man forever!

"Sign—for that declaration will go forth to American hearts forever, and speak to those hearts like the voice of God! And its work will not be done, until throughout this wide Continent not a single inch of ground owns the sway of a British King!

"Nay, do not start and whisper with surprise! It is a truth, your own hearts witness it, God proclaims it.—This Continent is the property of a free people, and their property alone. [17-second applause] God, I say, proclaims it!

"Look at this strange history of a band of exiles and outcasts, suddenly transformed into a people—look at this wonderful Exodus of the oppressed of the Old World into the New, where they came, weak in arms but mighty in Godlike faith—nay, look at this history of your Bunker Hill—your Lexington—where a band of plain farmers mocked and trampled down the panoply of British arms, and then tell me, if you can, that God has not given America to the free?  
[12-second applause]

"It is not given to our poor human intellect to climb the skies, to pierce the councils of the Almighty One. But

methinks I stand among the awful clouds which veil the brightness of Jehovah's throne. Methinks I see the Recording Angel—pale as an angel is pale, weeping as an angel can weep—come trembling up to that Throne, and speak his dread message—

"Father! the old world is baptized in blood! Father, it is drenched with the blood of millions, butchered in war, in persecution, in slow and grinding oppression! Father—look, with one glance of Thine Eternal eye, look over Europe, Asia, Africa, and behold evermore, that terrible sight, man trodden down beneath the oppressor's feet—nations lost in blood—Murder and Superstition walking hand in hand over the graves of their victims, and not a single voice to whisper, "Hope to Man!"

"He stands there, the Angel, his hands trembling with the black record of human guilt. But hark! The voice of Jehovah speaks out from the awful cloud—`Let there be light again. Let there be a New World. Tell my people—the poor—the trodden down millions, to go out from the Old World. Tell them to go out from wrong, oppression and blood—tell them to go out from this Old World—to build my altar in the New!"

[11-second applause]

"As God lives, my friends, I believe that to be his voice! Yes, were my soul trembling on the wing for Eternity, were this hand freezing in death, were this voice choking with the last struggle, I would still, with the last impulse of that soul, with the last wave of that hand, with the last gasp of that voice, implore you to remember this truth—God has given America to the free!

[13-second applause]

"Yes, as I sank down into the gloomy shadows of the grave, with my last gasp, I would beg you to sign that Parchment, in the name of the God, who made the Saviour who redeemed you—in the name of the millions whose very breath is now hushed in intense expectation, as they look up to you for the awful words—`You are free!"

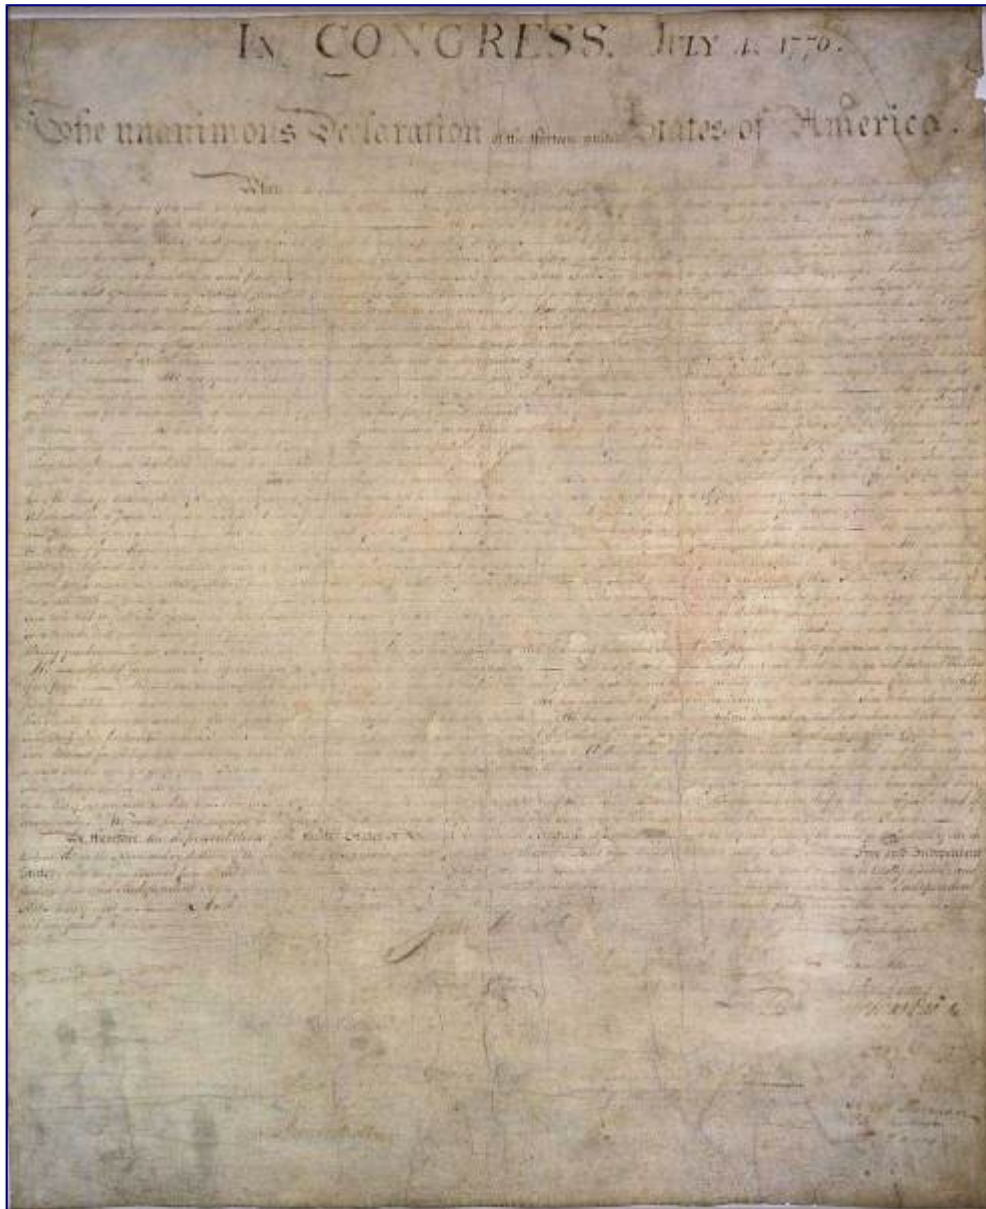

[9-second applause]

O many years have gone since that hour—the Speaker, his brethren, all, have crumbled into dust, but it would require an angel's pen to picture the magic of that Speaker's look, the deep, terrible emphasis of his voice, the prophet-like beckoning of his hand, the magnetic flame which shooting from his eyes, soon fired every heart throughout the hall!

The work was done. A wild murmur thrills through the hall.—Sign? Hah? There is no doubt now. Look! How they rush forward—stout-hearted John Hancock has scarcely time to sign his bold name, before the pen is grasped by another—another and another! Look how the names blaze on the Parchment—Adams and Lee and Jefferson and Carroll, and now, Roger Sherman the Shoemaker.

And here comes good old Stephen Hopkins—yes, trembling with palsy, he totters forward—quivering from head to foot, with his shaking hands he seizes the pen, he scratches his patriot-name.

Then comes Benjamin Franklin the Printer....

**The Original Declaration of Independence ([larger view](#))**

And now the Parchment is signed; and now let word go forth to the People in the streets—to the homes of America—to the camp of Mister Washington, and the Palace of George the Idiot-King—let word go out to all the earth—

And, old man in the steeple, now bare your arm, and grasp the Iron Tongue, and let the bell speak out the great truth:

FIFTY-SIX TRADERS, LAWYERS, FARMERS AND MECHANICS HAVE THIS DAY SHOOK THE SCHACKLES OF THE WORLD!  
[13-second applause]

Hark! Hark to the toll of that Bell!

Is there not a deep poetry in that sound, a poetry more sublime than Shakespeare or Milton?  
Is there not a music in the sound, that reminds you of those awful tones which broke from angel-lips, when

news of the child Jesus burst on the shepherds of Bethlehem?

For that Bell now speaks out to the world, that GOD HAS GIVEN THE AMERICAN CONTINENT TO THE FREE—THE TOILING MILLIONS OF THE HUMAN RACE—AS THE LAST ALTAR OF THE RIGHTS OF MAN ON THE GLOBE—THE HOME OF THE OPPRESSED, FOREVERMORE! [10-second applause]

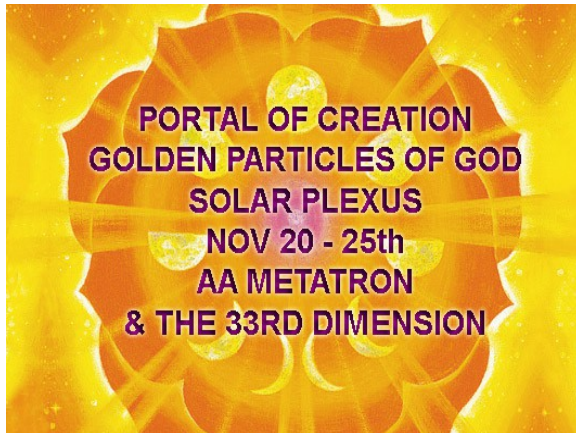

Are we not bought with a price?

This reading is taken from the book ***Washington and His Generals: or, Legends of the Revolution*** by George Lippard, published in 1847.

2014, Nov 19 **Nov 20 – 25th – PORTAL OF CREATION – GOLDEN PARTICLES OF GOD – SOLAR PLEXUS – METATRON**

By annamerkaba

<http://sacredascensionmerkaba.wordpress.com/2014/11/19/nov-20-25th-portal-of-creation-golden-particles-of-god-solar-plexus-metatron/>

Personal Note: What I am explained is that the days leading up to the portal which will occur on the 22nd of November, we are to focus on releasing as much as we can that has come up for us recently. Many of you are already familiar with how to do this, as I keep talking about this over and over again. For those of you who are new to my channelings, I ask that you please look up the Letting Go article here:  
goddessvortexsundisc2

I truly recommend The SUN disc during these tough times that we're all going through as it acts as an accelerating device and an attunement instrument to cleanse your DNA

from remnants and frequencies past which are affecting your body and your consciousness in a way that is against the good of your higher self. And as such allowing the ascension process to move forward without delay. Using this disc will allow the energies to be magnified and applied directly to the one in question, and tune the body of the beholder and attune the DNA of the beholder with the frequency of THE SOURCE entering GAIA. Know that this disc comes directly from the mother father god, representing itself in a GODDESS Vortex of your creator selves, the feminine energies held therein. Yes indeed the design comes from the father/mother god. Directly from THE SOURCE. Aligning you with your higher self and your mission here on earth. Yes indeed for it opens up the solar plexus of creativity channel of your being and sends the vibration throughout your whole physical and sub structural bodies. Visit.  
<http://www.MetaphysicalAscensionPowerTools.com>

We are asked to cleanse our palate and prepare for incredible activation which shall take place on the 22nd of our solar plexus. Please keep in mind that only those who are ready to have their solar plexus activated, and those who are ready to step into their power will experience this activation. For those of you who are not yet ready, or have not fully let go of the past, you are going to have a fantastic opportunity to do just that! The portal which opens her gates on the 20th – the 25th of November will allow us to not only let go of the past, not only welcome in the new, not only open to our creative energies, not only activate our solar plexus, but also allow us to heal our wounds. Therefore if there is something in your life, or your body that you wish to heal, that you feel you truly are ready to let go of, this is the time to ask for this to occur.

A gemstone of choice for this particular portal is : CITRINE, SMOKY QUARTZ, RUBY, CALCITE, EMERALD, GREEN AVANTURINE

If you have The Goddess Vortex or AA Michael Tool by Natalya Ankh they will come in handy as well:  
<http://www.metaphysicalascensionpowertools.com/>

WHAT TO DO: The days leading up to the portal, please follow the guide on how to let go of the past (You can find it on my blog here a short one, or a lengthy guide in my book Mission to Earth). Then concentrate on everything that you wish to see manifest in your reality in the month that is coming up. Call on the deity of your choice, or your higher self and ask for your solar plexus to be activated. Then simply listen to your

inner voice, to your intuition and watch as synchronistic events unfold before you.

UPDATE: I wanted to share this with all of you. As the portal is coming up in just a few days. I found myself being pulled out of a healing session by Baast & Serqet toward an Atlantis pyramid. Atop the pyramid I saw the "morning star" which I took into my hands. Swirling it around it turned into a sun disc and from there I descended into the pyramid.

As I descended I saw myself floating through the air hovering above what appeared to be a group of beings all standing around a giant robotic spider. A spider who was weaving a web. There were many of us there, and if any of you reading this message had anything similar happen please let me know by posting below. I want to know if you have experienced this as well. The spider was weaving a matrix. I found myself shooting laser like violet flame beams at this spider, and then another and another. There were so many of them, and we kept destroying one after another. Finally it was over and I was pulled out of this experience rapidly.

What I was explained later is that many of us are working with earth matrix. The matrix that was set up in order to experience this 3D world, a matrix that was interfered with by those who wished to bind human souls onto the wheel of karma. This matrix is presently being destroyed, or rather the machines that keep influencing the human psyche to direct their energy to keeping this particular matrix in tact.

The thing is that there is no longer a need for this matrix, because another matrix which allows for light and love to flourish on GAIA has been created, and is presently being interlaced into our present daily reality. That is why the portal that is coming up is going to be very important as it will allow those of you who are ready to be guided by your guides to disconnect from this matrix and connect directly to the Source. Right now I find myself doing this for many who come to me for a session, but am told that those of you who are ready to let go of all the old energies will be able to be switched over to this new experience of a new life.

You will be assisted by your guides in releasing the matrix of your own creation. Because, once again, with our thoughts we create reality, and moved into a new direction.

This particular portal will be presided over by Arch Angel Michael, Uriel, Jophiel and Arch Angel Raphael

[http://www.youtube.com/watch?feature=player\\_embedded&v=ADSTBV3wnmM](http://www.youtube.com/watch?feature=player_embedded&v=ADSTBV3wnmM)

Here is the channeling that I have received:

Recognizing the purpose of being, the purpose of creation, one walks into the abyss of the heart. Recognizing the purpose of being, and the creation of the soul, one shall begin to examine the ever present reality, of eternal creator within the matrix of creation.

For the matrix of creation lives within the creator. Creator is the creation, and the creation is the creator. For one originates from the other, and the other originates from the one, through the torus field of creation, and so it goes. Ever expanding consciousness of being. Ever expanding creation of the creator. Ever expanding creator of the creation. For it is so and so t is.

The magnifying energies of the solar plexus which shall be unleashing their effervescence of being, shall begin to be activated from the consonants of the highest octaves of being, from the consonants of the higher order of creation. For the creation that hath and shall and does reside within the solar plexus, shall begin to activate through the tones of ascension, the tones of the creation, the tones of oneness and recognition of that which indeed you are. The tones of benevolence standing before you in all its might and all its glory.

The tones of the creation and the tones of the creator intermixing and interweaving into one wholesome

whole, bringing forth the continuous cosmic energies of light, the continuous cosmic energies of love, abundance and understanding thereof.

For the creation of that which you are, shall spring anew, shall birth a new cognition of the cosmic energies flowing freely into your vehicles of choice. Into your vehicles of ascension. Flowing freely into the sacred space found within the solar plexus of your very being.

For within the solar plexus is the channel to the energies of the creator, whereby said energies shall allow the creation to become the creator. Awakening the secret knowledge of the ages, awakening the sacred wisdom with which you have all entered the earthly planes of GAIA.

And as such, the awakening of said energies shall propel you further still through the ascension corridor allowing you to play with your newly found freedom of manifestation, allowing you to morph said energies into your chosen pathway of creation, allowing you to create, to manifest the reality of the magnitude which you wish to experience in accord with the sacred tones of ascension.

What we are trying to say to you dearly beloveds, is that upon your new moon, the entrance into the golden corridor of creation shall find you as children with play dough, organizing, and morphing said play dough of energies which you shall be radiating rapidly from your vehicle of ascension, into whichever route you will wish to launch such energies.

Allowing you to bypass the duality of your being, connecting you directly to the source of all that is, and allowing said energies to manifest the type of experience you wish to see in your daily activities. No longer shall the creative energies be lying dormant therein, for those of you who have indeed emptied your vessels and made room for such an experience. For those of you who have fully and truly let go of all that stood in your way to understanding the true potential of your being, the heavenly doors of your creator selves shall allow you to bathe in the effervescent energies of the golden particles of god, the golden particles of the creator, the golden particles of the source.

That is all that we have for you now, we love you we are with you good bye for now.

I would also like to draw your attention to an article that I have written before about how to manifest anything that you want into your reality, attract abundance and much more. Please click here to read it:
