

## NTIP Enhancing Teacher Development (ETD) Fund

Similar to last year, boards wishing to augment the NTIP funding they receive via the GSN have the opportunity to apply to the Teaching Policy and Standards Branch for additional in year funding.

Boards can receive NTIP ETD funding to support new teachers if **any** of the criteria below apply:

- New Long Term Occasional Teachers with assignments of 4 months (80 days) but less than 97 days
- Significant hiring of new Long Term Occasional Teachers 97+ days compared to number of new permanent hires
- Significant increase in number of new permanent hires from previous years
- NTIP required permanent hires past Year 2 on the Teacher Qualifications and Experience Grid

### Addressing a “Support Gap”

- We are pleased to share that new Long Term Occasional Teachers with assignments of 4 months (80 days) but less than 97 days are now eligible for support via the NTIP ETD fund
- This addresses the gap between the mandatory Occasional Teacher Evaluation for new LTOs (4 months) and the current NTIP eligible LTO definition of 97 days

## Mentoring for All – Broadening and Deepening Mentorship

As indicated in the Ministry’s March 26 memo on EPO funding, interested boards have the opportunity to combine funding from the Board Leadership Development Strategy with *Mentoring for All* funding in order to provide support for an expanded continuum of mentorship roles including but not limited to:

- Associate Teachers
- New Teacher Induction Program (NTIP) mentors
- Early Childhood Educator (ECE) mentors
- Business, Facilities and Support Staff mentors
- Board Consultants and Coordinators
- Other Mentors as specified by School Board
