## HARD NEWS

- Many good things happening! [gofundme for Rama: \$7,325: now Homeland Security is involved with all gofundme accounts – should be free of this in 2-3 weeks]

### Leslie Marshall Show

- Have to say “ Heil Hair” - 88 stands for Hitler – H is both cases is 8 numerically, so has been used as a symbol of nazism
  - the celtic cross with a circle behind it is also a symbol for nazism
  - Thom Hartmann linked these things together: Hitler talked about Christianity & Jesus, all the time
  - and there was a convoluted way in which they talked about the Master Race: talk about the Black Sun in *Zeitgeist*, *Zeitgeist Addendum*, all the various stories: took the celtic cross and used it for dark purposes, as well as the swastika on which the arms were reversed: this is a spiritual symbol that comes from India; it actually goes back to Lemuria
  - Thom was saying we have to call it as it is: it's Aryanism combined with removing anyone who is not of the white race: which is **white christian terrorism – a new term** – and the Vatican is a nazi organization
  - the NRA is a domestic terrorist organization that supports Trump
  - the police look like something out of Darth Vader

**Leslie Marshall** has turned the tide: she goes on Fox News and on Sean Hannity:

- she had on a super soldier and the program was live, not recorded.
- The super soldier's name was Nancy, a name taken from Nancy Drew stories
- Nancy was an orphan; her mother was an alcoholic & gave Nancy up; Nancy grew up with alcohol fetal syndrome; after much counselling, cleansing, she's a vegan
- There's a story on David Wilcox from a few years back about a lady called Svengali who was tied in with the Illuminati and had to do not nice things;
- Nancy's story is somewhat similar: moved up in rank through the Illuminati, getting sent from one foster home to another: she has abilities, like starting fires with her mind – she did that because the people in the foster home molested her; she was acting in self defence because the father tried to rape her and kill her; she learned how to take care of herself.
- through it all, she somehow got recruited for secret operations, then trained to go to Iraq and Afghanistan after 9/11 and saw things right out of Sci fi stories
- worked with a group of people, a secret group, trained by Russian scientists in the US to do things like telekinesis, psychokinesis, things with the mind; she had to do things in Iraq and A. that she is not proud of to help their soldiers get one up on their opponents
- she had to make decisions like letting soldiers kicking down the doors of civilians in Iraq or Afghanistan by US soldiers & let them kill the people, or diverting their minds: she did the latter about 10x and then got caught
- was in solitary confinement for a month; while there, she learned how to connect with the Inner Net like Professor Xavier in *the X Men* did: she started connecting with the Indigo Crystal children
- turned away from war and started to send healing abilities to suffering people, is now working with Paul Rikoff and Veterans against the War in Iran and Afghanistan to get more government help through NGOs, not beholden to ABC agencies
- It's an awesome story of how people can turn around: she is working to get to speak Bernie Sanders one-on-one and to share her ideas on how to help vets with PTSD on the psychic spiritual level as they have been trained to be spiritual warriors on the DARK side.
- It is important for us to know about this
- She has spoken privately with Michael Moore -

- **Michael Moore's movie** not getting much air coverage – on purpose!  
**T:** this is coming to fruition with something yuuuge, as Bernie would say!

**Larry, Curly:** what was done yesterday by Gov Snyder being called on the carpet: needs to be increase a billion times fold

- all the criminals in Congress are receiving millions and millions from the Lobbyists, Aipac and all kinds of groups - thanks to Citizens United, sources don't have to be disclosed.

- The discussion we are going to hear: they cannot quite go to NESARA! Just remember that!
  - The dark ones have created so much suffering in this world. And Mitch McConnell will not talk about the nominee for the Supreme Court to be questioned: he wants the next president to make the choice.
  - **The Daily Show:** taking shots at Mitch McConnell – very funny – whatever it takes to make people think!

**Audio:** **CONVERSATIONS WITH GREAT MINDS:** Thomas Frank, [\*Listen, Liberal...Or, What Ever Happened to the Party of the People?\*](#) (Also by Thomas Frank: [Pity the Billionaire](#), [The Wrecking Crew](#), and [What's the Matter with Kansas?](#))

## CONFERENCE CALL

**Ross:** About Julian Assange and Edward Snowden bringing out the wikileaks of all 30,000 of Hillary's e-mails, including the top secret ones. Are they publically available?

**R:** Yes!

**Ross:** Please post this info on 2013 Rainbow Roundtable  
<https://wikileaks.org/clinton-emails/emailid/18328#efmADMAFF>

**T:** Gifts given during the equinoxes are quadrupled!

**Turkey:** Erdowan is killing people in Turkey and we only hear a little of it.

- It is against international law to send refugees back
- there's bombing in the middle of Ankora; he's blaming the Kurds, yet he is the one doing it and killing Kurds and many others
- Germany withdrew their Ambassador and shut down their schools in Turkey and brought them back home to Germany.

**T** found a piece from last year around Feb, when Greece was having a hard time

- Greg Palast said that the Euro is just the German Deutschmark by a different name
- Harks back to the idea of the nazis - starve people to death and sicken them and they will do anything you want
- Last year, Germany owes Greece so much money for what they destroyed in WW 2 and never paid back. The people are in denial because this is so painful
- As in "Conversation with Great Minds: no matter which party it is, the fact that we know which is **not being discussed is that Obama is a double agent**, and that is a huge piece!
  - Alex Jones, Debbie Wasserman-Schultz are tools of the Vatican; each one got \$2 B from the vatican and Ron Paul got \$2B more from the vatican; Jones was talking about how many holidays Obama took on the US dime – this never happened.

**Ana:** she's extremely interested in why NESARA has not been announced: from her perspective, limited as it is, thinks it's time

**T: to repeat: REALLY REALLY IMPORTANT**, what was said last night on Stargate Roundtable:

- One of the conditions of having free will when Mother and we created the matter universe: there was to be non intervention in a civilization's development unless and in case of psychic or nuclear holocaust
- the galactics have been intervening since 1945 – saved millions in 1963 by taking the nuke that was aimed from Cuba to California and detonating it high in the atmosphere about the planet.

**Ana:** what does NESARA have to do with intervention?

**T:** here's where it comes in: St Germain is in charge of NESARA

- when he intervened with the signing of the Declaration of Independence, he told the Founding Fathers to sign, and he would be back to make sure the original plan was implemented.
  - we can thank Judge Anna von Reitz for her scholastic work on this work: she's done lots of work; she also has a GAG ORDER which results in her sending people to the wrong place [to dinars, dongs, etc and the thinking involved with that track]
  - has to do with what she said: from the very beginning, the venue was wrong – the founding fathers made a deal with Goeroge III – 1774 was the true Declaration of Independence with the Iroquois; Thomas Jefferson wrote a whole section about no more slavery and, as a result, the south would not sign the Declaration
- George 3 said we'll divide the country into 2 sets of people: the goyim – those who are slaves to the British colonies; the other is the elite – only males, only white, only Protestant – they would be granted sovereignty – there was NO DECLARATION OF INDEPENDENCE: they went directly into a corporate set-up or venue
  - Abraham Lincoln was not elected to be President, but to be CEO of a trading company

. . . know that the Founders cut a deal with the British King allowing him to retain control of nineteen enumerated essential governmental services, all in the jurisdiction of the sea.

This "split" the jurisdiction owed to American states and people and created two different populations of people from the outset-- the free sovereign and independent people of the United States and the British Subject inhabitants who remained to provide these services under the Constitution.

The so-called "Federal Government" was never a sovereign government. It was always an association of sovereign nation-states. And it was never our government though it was under contract to serve us. It was always a foreign government operating under the foreign jurisdiction of the sea and the equally foreign Law of the Sea.

So long as the British King remained honest and honored his obligation to us to act as our Trustee on the High Seas and Navigable Inland Waterways, the future remained safe— but almost immediately the "Troubles" began, as King George wiggled like a fish on a hook and sought to regain his position over the Americans.

Things appeared to settle down after the War of 1812, but by 1845, the then-Pope and the British King sealed a secret pact agreeing that the egalitarian American Republic was incompatible with the idea of Papal Supremacy and the Divine Right of Kings. The Secret Treaty of Verona was a grotesque, criminal, and highly secret Breach of Trust by both the British Monarch and the Holy See.

Within 15 years members of the American Bar Association loyal to the British King had elected Abraham Lincoln, a lawyer, to the Office of President of the United States — CEO of the commercial trading company deceptively called the United States (Trading Company) —not the land, not the country, not the organic states, and not the people. The actual Constitution already had provisions denying any member of the Bar any public office, so in Lincoln's case the only "Presidency" he could occupy was as the CEO of the trading company doing business as the "United States".

It is not a mistake that Abraham Lincoln led our country into a vicious Civil War, the results of

which we are still dealing with 150 years later. The Civil War was not about ending slavery, as you can see by closely reading the 13th Amendment of the corporate "Constitution" called the "Constitution of the United States of America" adopted by the perpetrators of all this criminality, betrayal, and fraud in 1868.

Though loudly proclaiming the abolishment of slavery, the 13th Amendment of this federal corporation document (which is actually a corporate by-law) goes on to enshrine slavery as a permanent part of the newly formed federal corporation doing business as The United States of America, Incorporated's form of law. It makes criminals slaves and leaves the corporate "Congress"— an elected Board of Directors—free to define who the criminals are.

A close reading of the 14th Amendment shows that they made everyone who was a United States Citizen (Federal Citizen) a criminal by definition, a slave by definition, and a debtor, too. To this day, when these vermin bring innocent Americans into their private corporate tribunals (which are misrepresented as public courts), the charges are addressed to "persons" named after the victims. These "persons" are legal fiction entities defined as public trusts and more recently as public transmitting utilities—and they are already guilty by definition.

This is why it does no good for anyone mischaracterized as a "United States Citizen" to claim the guarantees of the actual Constitution, and why these courts do not hear any of the laws or the facts of any case and also the reason that their own court rules for judges admonish them to provide "an appearance" of Justice where there is none. All that is really going on is a determination of how much these criminals will charge you for their "service" and whether or not you will be "impounded" as cargo or held ransom as chattel backing the debts of their corporation.

This heinous crime, duplicity, Breach of Trust, enslavement, and merciless abuse of the American people has gone on for 150 years and since the 1930's things have only gotten worse. Until now. . . .

**2016-01-30 Americans Free at Last – The ties have been permanently broken**

### **NESARA NOW!!!**

**Admiralty law is the law of the sea** and thinking of the country as a ship – which they chose to do – means that the captain [the president] can have anyone killed who protests about anything by calling it "treason"

- Louisiana and DC were not real states: they were held by the British crown – since then, DC was bought back by Bill Clinton for \$8 million; Louisiana IS STILL A PROPERTY OF THE BRITISH CROWN
- so the dong, the dinars etc are in the 13 families criminal venues; the payout of these currencies will never happen.
- Up until a month ago – there was an elite group of that group: only a few would get \$38 / dinar, dong, etc; the rest would get only \$3 – many lightworkers don't understand **KOS explained**: they will let the people get \$38 – the rest at \$3 would get taken out
- T responds to questions from Anna and Ross & reads material she has read before which needs repeating
  - the photon energy that has been entering the planet since the 1980s has been increasing and increasing; from 2007 – 2009, our solar system finally came back into the MILKY WAY GALAXY where it has not been since the middle period of Atlantis. We were in another galaxy and Alcyone brought in the photon belt which acted like a tractor beam which slowly pulled us back into the MWG
  - at end of 2010, Mother extended the time for a couple of years to get more people to wake up – to bring more people along in awareness, understanding
- Rama was told that there are all kinds of people dying due to spontaneous combustion and it is not being talked about
  - the ones behind leading people astray: Hillary Clinton #1, then Phil & Wendy Gramm #2

**another questioner:** why not have NESARA announced; sounds like it would clear things up?

- What is the scientific purpose of the Milky Way Galaxy?

**T:** money will not change the situation on the planet

- NESARA will only even out the distribution of money
- NESARA is really about higher consciousness, galactic awareness

**Melissa:** T & R are delivering information that has been given to them: she is questioning the source and knows they are explaining as best they can

**T:** Rama has been working with St Germain directly and Valerie Plames' husband has talked to St Germain several time; this is not an earth thing – **IT'S A GALACTIC THING** – Mother is in charge

- it's about awareness of those who are ascended masters and Asthar

- when Caroline Oceana Ryan was on Stargate Roundtable, The Collective said that the galactics are in charge and that they can see the auras of all the people on the earth; until there is enough of a collective mind, NESARA won't be announced; Ashtar, KOS, Barack can see this
  - We won't get Barack killed – Barack has been overlit by El Morya in every lifetime since he was Akbar the Great; nor are the dark ones going to kill us now
- The energy that needs to go up now will be going up between the 2 eclipses – there are many people who will combust because they are serving 2 masters
  - Some people think it is ethical, that they can go after money wherever it is – yet they will be killed
  - what those people do not know is that the dark ones' plan - for any who get money from the revaluation of dongs/dinars/yuans, etc – is to kill those folks & take the money back
  - the galactics have intervened between the 2 equinoxes – KOS has said the dark ones will no longer be able to kill us but we could end up having the fright of our lives!
- even though we may think the timeline is screwed up, they say it is not our timeline yet we have to go into our hearts and find out what we need to do to be ready
  - NESARA has to be cleared in a certain way to come through
- the big show that is about to happen is **about full disclosure at the same time as NESARA**
- there are millions of lightworkers who don't believe this at all, yet it is not about beliefs

**Ross:** T & R did bring up some very good news that Putin has been given some technology by the Andromedans – he is an immortal, and he has said when enough people want peace, it will happen

**T:** and he completely blew the minds of the elites – On Monday, he announced his withdrawal from Syria – and the next day he did it – showed this on RT in the middle of the night –

- On Tuesday, he pulled out his fighter jets too. By Wed, he'd pulled out ALL THE FIGHTER JETS! And at the same time, he said Russia will intensify greatly the peace talks –
- You might say he's an emissary of the Andromedans: enough is enough of the elites and endless war; and about the Germans sending people back to their own countries

- What is going on is important: millions and millions are as racist as they can get. Bush Sr in 2001 said "Make my son the president or I will start a civil war"
  - the work is not getting the money, but doing the work without the money. The wealthy visionaries got money in the 90s to set up 500,000 NGOs around the world who are like NESARA portals to help get people back into life, & to give lightworkers a location through which to go and help
  - We are all One; when one is harmed at the behest of the US, we the people of the US are responsible

- The same elite aborted the Renaissance that St Germain started 500 years ago
  - the Merovingians; the real Rosicrucians; the Masonic Order working for the Light; the Knights Templar who got slaughtered for land and gold:
  - NESARA represents all the gold that is stolen and that is why St Germain took it all back – the galactics are in charge and it is not up to any earth person's event however much we might like it to be!
- T & R get their orders from KOS who takes his from St Germain who has always been alive and never died; he was given the mandate to do this so the entire 450 years of stolen freedom would be brought back.
- from the world view, those in the US are the biggest numbskulls ever – time to get active
  - the very last primary was completely stolen by Hillary – Bernie won them all really: the reaction was instantaneous: how could you tell us to vote for Hillary if Bernie does not get the nomination? They are starting to open the book
  - Not a mistake that the 30,000 e-mails of Hillary are now public – as she gets indicted, all comes undone – Rama thinks **full disclosure comes first, but NOT THROUGH THE DINARS AND DONGS**

**Anna:** is St Germain under the gag order?

**T:** No, but we can't talk to him -

**A:** why can't St Germain come and talk on a roundtable?

**T:** It has something to do with changing the timelines; he is at the "We the People" level and KOS says "None of your beeswax" - this is to protect the timeline and keep free will choice

**R:** the timeline is so delicate; we have moved into a new timeline and as things are getting erased and the light frequencies are being re-instated . . .

**A:** has trouble understanding timelines but

**Ross: if we're told, it can screw things up**

**Mel:** especially as long as people continue to be tools of the dark side

**T:** there is still intervention – 450 billion years ago, we agreed to have free will choice – and 1/3 of the angels went against that agreement and we have refused to look at the consequences of that rebellion; **we all did it** and because we are all one, we were set on the path which is just coming to an end now.

- we are already in unity consciousness even though people are still thinking polarity
  - the other things the galactics are doing is moving millions and millions of people to other locations

**Mel:** not so much anger as frustration: a constantly receding timeline means we'll never get there!

**T:** That's only part of it – we are still thinking in 3D even though we are trying not to

**R:** as it was explained to him: we are already in Sat Yuga and it is shifting the consciousness of every single, solitary particle and also having a profound effect on humanity, meaning that, even though we are looking at the end of the Kali Yuga and it looks like Mordor . . .

## **BBS RADIO**

### **MOTHER / ALCYONE [M / A]**

**T:** Alcyone volunteered for 450 billion years to be the shadow side so that we could have polarity and Mother, representing the feminine, in another dimension

- the Dark Rift being in the galactic realms, the Yanni which is a spiritual term talking of the birth place of all creation , the womb of time and space
- all the timing is in this wisdom and the more we help others to understand/overstand/ inner stand, the faster we can speed things up

- Greetings in the Light of the most Radiant one, and in the Office of the Christ and only in the

Office of the Christ, we invoke the loving energies of St Germain and the Violet flame

- We ask that our hearts are open to assist even more
- let's stop thinking about linear time because it will never take that kind of time, as we are not in that time now
- between these 2 eclipses, the housecleaning has to increase exponentially for something to come in that has never been here before!

### **Greetings, Children of Ra!**

- Indeed, such magnificent time to be alive, experiencing the love coming in from all directions.
  - It is so magnificent to see the shift has already taken place; our bodies, time/space, space/time catching up with the shift. This is about more light coming in – that is wholeness in the cells. It is very joyous; it is not difficult: the difficulty is this inner standing, to use a new word!
  - This inner knowing all is right with our moment in this eternal Now: it is perfection made manifest.
- If she says, we appear to be in hell - yet this is not hell, believe her! What is happening is a great transfiguration. Uncle Bernie is saying, this revolution, evolution, is not about me.
  - We began this story with all of us/you when we decided to create polarity in all its perfection. It has its nuances, its dances, all of the idiosyncracies, intricacies with polarity, taking on form; this is an adventure we asked to be part of, whether we admit it or not, know it or not –
  - this is the greatest adventure any of us have ever been on – to take on physical form and to transfigure: already happening
- What Dr Keshe is bringing to the forefront with the plasma: everything made up of plasma:
  - Starlight, stardust: remember the song from Woodstock by Joni Mitchell: "we are stardust on this journey back to the garden"
  - What's happening to our bodies – the frequencies as things are increasing in magnitude, frequency; all of how we interact with the upliftment of every single particle whether it is animal, vegetable, mineral – all dancing in this technicolour blueprint of the circle of life that we've all asked to enter the circle
  - we are all in the circle of manifestation and on the greatest levels, we have already been given the keys to the kingdom; we have them already in our hands – it is called the High Heart – work with this, this story, the song they just played
- every single one of us in this moment is the least of of us; it is about the importance of the hour – earth is already in this perfection of Sat Yuga – it may not look that way for the moment: take her word for it: it is already done on earth as it is in heaven – she is going nowhere!
  - this is the time, this is the place, this is the hour as the beacons have been lit for quite a while now, and this return of these kings: we are all kings, queens of the most high: not about rulership and kingdoms. The kingdom is within
  - It is what The Man said: as we are our brothers, sisters, keepers, our first order of business is the least among us
- as we are watching the fiascos and passions plays that are live and in living colour for all to see, they have been crystallized into manifestation: that which we do not wish to experience on any level and that which we wish to experience: it has been crystallized, polarized.
  - We have the Hair on one side and what Uncle Bernie offers on the other side. It is the path of least resistance where the principles of what has been quietly been erased from our consciousness for 2, 3 generations now – about these libertarian false ideas about a false paradise – yet Utopia is here and it is not some Koch Bros paradise on Danger Island somewhere - Not going to play that one – already did it eons and eons ago. It is already

being still played out between our fellow brothers and sisters in the solar system, at the edges of the Milky Way Galaxy;

- She will say it again: the solar system, the galaxy are in lock down – the only ones who can come in are super-dimensional, hyper-dimensional folks who don't necessarily need ships – the merkaba, our light body, is the ship
  - Yet to carry the bags of water in a safe gravitational field as we move up in octaves, do need some protocols so, yes, there are container vehicles, vimanas, for us to travel in – to get from Point A to Point B in an instant, as fast as thought. Whether we need a ship or not – we can travel at that ability, faster than light – it is already in the realm of infinite possibilities, probabilities.
  - We have already crossed the threshold as everything is in place and we are moving forward with Sat Yuga: all of creation is seeing this most magnificent way it is being played out in living colour for all to see as we continue to see how Love is the order of the day that has brought a new inner standing, over standing, understanding about how this love works. It is about the importance of what is being brought to the forefront of every day reality.
  - This time we are in: the Goddess is in charge. We are returning to an agrarian-based society, goddess-based reality in spite of all the concrete, and the energies that are being played with that called the atom. There is something happening to every single particle in this local Universe of Nabadon: every single particle is radiating more light and more love, and it is affecting the living matter for all to see
  - we have to get kinda quiet and still, and then we can hear her breathing: she will talk with us, walk with us, dance with us: whatever we want, need, desire.
- The most important thing we can do in these moments that seem like time is passing and nothing is happening – *there is so much happening* and she cannot communicate how much has transpired and it is so infinitely, awesomely good.
    - It is about this return to eternity, that eternity which is in here as the High Heart has already kicked in with experiential knowing; as we take care of our brothers and sisters, whether they have billions or one pin, we are all important to deal with how we interact with each other with the best of attitudes, grace, gratitude and dignity
    - as we can see the polarity things that are so blatant where the issues around hate, race and war seem to be the main course of conversation, and it is not without good reason that these things are being brought to the forefront.
    - It is about all the 12 rainbow rays that make up the rainbow bridge – actually, 144,000 rays of living light, living love.
    - it is our moment here to shine, as living beings who have asked to take care of what is before us
  - Black Life Matters; Donald Trump's life matters; Henry Kissinger's life matters; Bill and Hillary's lives matter or the clone's life matters: it is that important that we bring this up in discussion. Any one of us holds the key to the destiny of this story; we're all here, right now and it all is so important that we get "all we need is love", as the Beatles said: that is the glue, the magic, that makes things happen in a most unique way.
    - As we throw the conscious mind out the window and walk in the naqual world: she will explain how to walk into the naqual world. Sometimes people take plant substances; sometimes it is done through meditation & activating the soma in the pineal, pituitary glands; sometimes the shift into the naqual world is about the frequencies in and of themselves that tap you on the shoulder or knock you up the side of the head like a 4x4 and ask "did you get it yet?" How you do this, how we do it in great wisdom and grace, peace and love, is . . .

**T:** god is a woman – and we're talking about you, aren't we?

**M/A:** it is about the representation of Mother, goddess energy. As we approach this equinox, it is return of the triple goddess

**T:** something she listened to from past recordings: in Europe during an older time, the goddess was edified all over Europe and was completely comprehended by that time period: goddess, not god

**M/A:** and at the time of the spring equinox, the return of Bridget and the original story of de Danan, the brothers and sisters who have to do with the original story of how we came from the super civilizations like Oz, Pangea, Lemuria, Atlantis and so many others: Shamballa, Agartha.

- What is transpiring this very moment – all is returning to the sacred time of the return of goddess-based wisdom of how we work with our bodies, plants, animals, the 5 elements and adding the 5<sup>th</sup>: love is the answer: I love you. And Bruce Willis is sweating bullets at the end – I love you!

- It is how we do in this moment what is being asked of us in the most magnificent way, even though we have been threatened with nuclear annihilation a billion times over. What are nukes but another form of plasma? It is just how you take the energies of Sun/son – sons and daughters of the most high: our sun Sol: cold fusion. It is the nature of the suns and stars and how we interact with the vacuum, as Nassim calls it. “Happy Vacuum Day”!

- As we interact with the vacuum of space/time, it is so full of light, we barely have enough room to get around as our neighbours look at us and say “Hi, there! I see you ” - “And I see you!”; it is how we shine as magnificent, radiant beings with each other. This is what is being asked in the most proficient way: filters right down to basics - what Bernie is offering us is a path to Oneness; the others offer a path to Nowhere. And we already know where Nowhere goes, and the collective is having a bad hair day and we don't want to hang out with them at the moment!

- let us just say: love each moment in this right now because we are already there! It is so easy – it may not seem easy . . .

**T:** because we're having difficulty because of the situation we appear to be in which is not where we are. There is a group working with Dr Keshe & the food plasma unit – a banana on top of it

**M/A:** it imprints like radionics but at a super conscious level of the radionics

**T:** of the unit and all the nutrients are going into the water. The banana is just symbolic of what can be used. What we are consciously saying is that all the nutrients possible that we need to have our body function is going into the water. They drink ¼ glass of this nutrient rich water and they are full. They've been doing this for a long time, relatively speaking. Their bodies are beginning to change, starting to lose their physical identities: moving into an androgynous state. Of interest in the experiment was that the men were ready to go, and the women were identified more strongly with their physical form – the men were fine, but . . .

**M/A:** it's about transfiguration at the basic level: as you receive more light from what you take in, and radiate more light out, you literally become light which is taking on the plasma form – the sun/cold fusion throughout this universe and anti-matter universe as well. Plasma energy is contained within these heavenly bodies called physical sons and daughters of the Most High.

**T:** with the intensification, amplification of higher and higher energies coming in now – it comes to mind that the experiment, although it is a small one but is getting broadcast – that people will be inspired to eat less and less, and stick with organic and eat more fruits and vegetables, maybe some sprouts & greens and let go of the carbohydrates which are too sugary and dairy and meat – starts the transmutation to the androgynous state

**M/A:** As you get more and more high on the higher frequencies, you get less and less urges to put so much in your pie hole that does not serve you: no more cravings for sugar, Cheetos

**T:** has already been determined but not telling the people that the earth's soil is so far destroyed, that it is not possible to feed the world any more

**M/A:** That also a bit of an illusion, cos in 30 days or less, once they have free rein, it is

transformed

**T:** yes and no, but you're way late – millions of people are dying right now,

**M/A:** As it appears to be, yes

**T:** and yes, you can say these people volunteered to come in and starve to death; that's true and yet our neighbours are suffering as a result of the whole taking responsibility for the whole.

- As Swami Purna says "this is whole, and that is whole, yet take away whole from whole, whole still remains whole."
- So all the things taken away are the illusions; as Mother says this to T, it means that all those living for a long time on doubt and fear, anger and rage which is also part of the illusion, they also go away – this is a critical thing to understand –
- the needs of the many - still holds that the needs of the many outdo the needs of the few.
- We are talking about is that all these people dying at the hands of the elites: it's an illusion that the people are fighting: the illusion is that they are fighting for their lives! The only deals that keep them alive and get something to eat is doing what the elites want - they get to do certain things and when they are done, they are killed anyway.
- Now we have the internet and cell phones taking pictures of what is happening that have changed every thing – the movements are rising up. What an incredible sign that people do not know by the TV that Bernie won all primaries in 5 states – yet Bernie knows that and keeps on doing it; by setting the example on the world stage, that energy is being transferred to everyone – and of course, we still have free will choice!

- Yet miracles are happening - the miracle really is that as one is helped, all are helped – which means that as we do what we are doing, like talking to Mother right now - everyone has the chance to choose that help & there are such amazing things happening on the planet.
  - they tend to do fear and fascination with the dark side out there, which is sad - yet we have Amy Goodman and other positive radio shows; last week, Thom did not deny the existence of ET s; he said that there are billions and billions of planets and stars out there, so it stands to reason that there must be life out there somewhere besides here

**M/A:** And it is not paramecia swimming in a petri dish!

**T:** Time is moving faster than what we have caught up with; and lots of people are saying why should we believe the source that T & R give? Yet that is the problem: the source being given is coming from the galactic realm

**M/A:** it is in me and it's in you

**T:** That is another reason they do not land instantaneously: lots of people die just from the shock of not comprehending and believing all their lives that this is the way it is here [and are not ready to see the ships]

- there are so many people who have received divine feminine energy, so there is so much more of what is in the New Testament about being our brothers' keeper - so much more being covered about people helping others and this is not being shown.
- There are communities popping up across the country where homeless people are being given tiny little houses.

**M/A:** and they are being given their dignity back to be able to work

**T:** they have enough to have a roof over their head, running water, a porch; the next step there will be no more square houses at all

**M/A:** Time for edges to go

**T:** Ed Hicks was Enoch, ascended in one lifetime and he volunteered, as Isis did; she ascended a long time ago and volunteered to represent the Black Madonna and incarnate into a family of colour, the aboriginal people of Australia

- and she brought her starship and her Twin Flame Osiris who manifested without being born through a body because the divine feminine took the first step.
- We are at the place where all these things are converging – it is important to see that the cup is more than half full

**M/A:** we are the future & it is now: we come from your future which is our past!

**T:** their plan has been all along to make people like light workers be so poor and so ill due to chemtrails; as Michael King said last night, getting rid of the lines on R's face due to the toxins in the chemtrails can be done by taking a 24 hour clay bath to get the toxins and radiation out that has actually gone in;

- we can take the homeopathic in consciousness to get rid of that radiation - only takes a small group of us to go there, right, Mother?

**M/A:** Yes - as we approach this equinox, work with the energies of that which is this Man who showed up and said "Here is the way to do it; I already did it; you get to do it now."

- let's do it, folks, within the laws of Love
- Greetings in the light of the Most Radiant One! Kadoish, Kadoish, Kadoish, Adonai - remember love!

**R:** Has been to Prague for some reason; walking the streets next to huge palace - lots of Gothic stuff in that town. He was just there to look at the palace or the castle: reminded him of the magic castle of Disneyland - there were light columns going up to the sky, like the beams people are seeing around the planet - frequencies of light going up

**T:** asked him if he'd been to Prague, Vienna - yes to Vienna. Went to see St Germain's castle when he was Vlad the Impaler in the Carpathian Mtns.

**T:** we're at the end of the line; important to help other people and forget our own frustrations - goodness always gets added on to.
