UMC Spanglish Summary:

A bilingual/bicultural leadership and discipleship ministry targeting 1st, 2nd, and 3rd generation Hispanic/Latino young people in the U.S.

A "How To" L.E.A.D (Leadership, Evangelism, Advocacy, Discipleship) UMC Spanglish's Original Model will be shared as designed by Emma Vega.

Come and learn how to duplicate and/or support the MOMENTUM of this highly effective age-level ministry as we prepare the rising generations to be spiritual leaders of the UMC!

Workshop Goals/Objectives:

- Discover the "why" behind Spanglish and what role you may have in it?
- Receive the tools to identify, empower, and equip new leaders utilizing our unique UMC's Connectional System to be able to duplicate our ministry model known as "UMC Spanglish" at the annual conference level and find ways how you may support or start this mentorship ministry in your own context.
- Learn from our own experiences as we enter our second quadrennium of what we found worked and what did not, modifications made, and sharing of sample budgets, and the ministry partners which made this dream become a reality.

This workshop will give you the opportunity to discern and make a covenant with an ACTION PLAN to be a part of the MOMENTUM that is already at work with the purpose to rise up new young Hispanic leaders as a top priority of the National Hispanic Plan:*

- Start a Spanglish in your own annual conference or jurisdiction
- Support Spanglish by sending youth/young adults to our next Spanglish event
- Become a Spanglish ministry partner
- Join the Spanglish Prayer Support Team

*This would be the ideal time to be in deep prayer and discernment. Please utilize the SCD 2018 Ministry Plan Action Steps handout.
