

Department of Biology and Marine Biology
LECTURER – INTRODUCTORY BIOLOGY
Position #6283

The Department of Biology and Marine Biology at The University of North Carolina Wilmington invites applications for a full-time lecturer to teach introductory biology courses beginning in August 2018. Preference will be given to candidates with prior teaching experience in the areas of cellular/molecular biology and genetics. The successful candidate may also develop additional courses and inquiry-based learning experiences, as determined by candidate strengths and departmental needs, and be expected to take an active role in departmental service. Applicants must hold a Ph.D. in Biology at the time of appointment.

The Department of Biology and Marine Biology has an excellent record of faculty development and mentorship, and is committed to assisting new faculty to succeed. The department is especially interested in qualified candidates who can contribute, through their teaching and service, to the diversity and excellence of the academic community. For more information on the department, please visit <http://www.uncw.edu/bio/>.

To apply for this position, please visit <https://jobs.uncw.edu/postings/9532cronind@uncw.edulankfordt@uncw.edu>. Application materials must include a cover letter, CV, copies of (unofficial) graduate transcripts, and statements of teaching philosophy and diversity. Questions regarding the application process can be directed to Ms. Debbie Cronin (), while questions regarding the position can be directed to the Search Committee Chair, Dr. Tom Lankford (). The priority consideration date is December 1st, but applications will be accepted until the position is filled.

UNC Wilmington actively fosters a diverse and inclusive working and learning environment and is an equal opportunity employer. Qualified individuals from all racial, ethnic or other minority groups, protected veterans, and individuals with disabilities are strongly encouraged to apply.
