

I want to Join GINI (or Renew my GINI Membership):

- \$10 Student/Senior
 \$20 Individual
 \$30 Family
 Additionally I would like to donate to the following:

\$_____ **Energy Assessment Revolving Fund** to replenish and build the fund that was generated from the grants that we were awarded to provide energy assessments to congregations. A participating church receives \$500 to conduct an Energy Assessment with GINI volunteers and invest in energy upgrades at their facility. After a year's time most churches will have saved that much money on their utility bills and they return the money to GINI to jump-start another church's energy assessment--a gift that keeps on giving.

\$_____ **Youth Sponsorships** to cover training or conference costs to local students who show faith-based commitment to Earth Care.

\$_____ **Energy Efficiency Fund** to bulk purchase and/or produce cost-saving materials, (such as light bulbs, power strips, window inserts) and provide them on an at-cost-basis to churches or GINI members.

\$_____ **General Donation.**

I have enclosed \$_____ as my Total Donation.

- I receive GINI emails.
 I would like to receive GINI email alerts and newsletters, please add my email address:

 I would like more information about how my congregation can participate in the Energy Assessment process and possibly apply for the \$500 jump-starter incentive. Please contact me at the following phone/email:

We Thank You.
Green Interfaith Network Inc. is a 501(c)(3) charitable organization.
