**29<sup>th</sup> Thurs – 11 KAN** – Yellow spectral seed: Spectral is 11, letting go of what no longer serves; Kan is the seed energy about timing, self-determination; a healing aspect – about possibilities – let go of hesitation, lack of trust, what no longer serves us  
The affirmations point to the destiny patterns;

**30<sup>th</sup> Fri – 12 CHICCAN** – the serpent; 12 tone of crystal clarity which is a powerful tone and the new moon energy AND it is a black moon. When we have 2 new moons in a month, the 2<sup>nd</sup> one is called the Black Moon; people on the other side of the planet will have a black moon on Oct 31<sup>st</sup>. It's a warrior aspect – we can use instinct, body sensing.

**1<sup>st</sup> Oct Sat – 13 CIMI** – the end of IX cycle; 13 is transformation, and Cimi is about linking between worlds, the past and the future, heaven and earth.

**2<sup>nd</sup> Sun – 1 MANIK** – a new wave of Manik, healing – to heal ourselves and others in all realities  
1 is beginning, unity

**3<sup>rd</sup> Mon – 2 LAMAT** – Lamat is the stargate; 2 is polarity and stability

**6<sup>th</sup> Thurs – 5 CHUEN** – centered movement of 5; artistic ability and balancing work and play  
have heard from Angelsu: please put her in our prayers

**Carolyn Oceana Ryan [COR]:** TC concerned that people do not revert to the intense energies and what a struggle it is – this is like racing down hill on a bike:

- things will not continue at this pace forever

**MR:** just confirmation that individually we are not going crazy!

**COR:** We are all right!

**Omena:** go with the flow; bless every one who comes within our energy; ask your angels for protection; don't take on anything that is not yours!

## **HARD NEWS:**

**T:** go with the flow is a good idea; you won't turn into mush!

**R:** given the energies and from those he's talked to, looks very much to Mom and Pop in Kansas that the world is coming to an end and, for all intents and purposes, the old world IS – yet it is not about fake raptures, abductions,

- we are watching the last final moments of a group of brothers and sisters who chose the zigzag path to nowhere and fell from Elohigh to Elohim; when you mess with the Kundaline and have the powers of the X Men, stuff happens and - this has been going on for 13,000 years as well as for 465 BILLION years & all the stories are coming to the surface
- Tells us why we have Trump & his minions: they want to prop him up as the AntiChrist and 2012, it was Mitt Romney – the Book of Numbers has been cancelled
  - as of today, Clinton is in Jerusalem; and tomorrow Obama shows up to pay homage to Simon Perez – has been in a coma for a month; left 2 days ago
  - has to do with the absolute fall of the Khazarians

**Rana Mu, Natasha, Dodi Di** – they all showed up as tiny holograms, via the technology Natasha put in his phone on Tuesday

- they are saying there is such a tremendous frequency coming in as Rainbird has said with the Black Moon; it is raising all the frequencies to the surface so we can see the shadows. Praise, respect, thank and love what comes up
- On local radio yesterday: former Los Alamos scientist, called "Captain Marvel" - another Tesla with all Tesla's records; he has recently retired
  - CM worked there in the Secret City when they built Fat Man and Little Boy: read the book **Buddha in Redface** – tells the higher wisdom of what happened when they dropped the gourd of ashes.
  - CM talked of the excess of nuclear war heads stashed under Kirkland Airforce Base, about 60 miles from Santa Fe; 1000s of warheads, fissile material will be dismantled – if they want to use these things in their final solution on ICBMs
  - CM is part of Global Zero with Valerie Plame, his friend, and Queen Noor – he is working with her and others to neutralize all the nuclear material on the planet
    - He has to watch his back as he came on a public access radio station
    - underneath Kirkland Air Force Base, talked about underground tunnels and the mag level trains from Santa Fe to New York City, DC and almost all the way into inner earth, at least 60 miles down.
    - Ties in with the Deep Underground Military Bases that they would want to use if the surface gets a bit weird!
  - His point was that we need to call the elected officials out on the story of Operation Paperclip and all that goes back to FDR, Truman and Eisenhower making deals with the ET races & received help with advancing technology. The grays and the nordics were posing as brothers and sisters of the Light yet they were the dark and showed up to the nazis and the Thule Society and got Hitler hyped up. As they lived for hundreds and millions of years, their plans for world domination are not coming to fruition
    - Neither Putin, Obama, XI will be letting nukes go, yet there are dirty rats in the game like Poroschenko who is being egged on by the West, and Pakistan, and Kashmir, and the "dialogue" that is between Labarov and John Kerry who is from Skull and Bones, and not for our best interests
- The upside is people are coming out of the woodwork because they cannot take it any more
- Leslie Marshall Show today: guest was Tariq Ali – talking of turkey, Pakistan, India, Syria it's ALL all a product of the US, UK, Israel - it is not about oil or terrorism **but about the stargates in east Aleppo!**

**By E-Mail:** please ask if what is happening to him is part of the ascension – has moving text appears on his skin that he can read and then it disappears, and reading holographic text messages inside his head!

**R:** Rama is reminded of intelligence and consciousness comes in whatever form it comes in the Office of the Christ

- movie called *Transformers* – Revenge of the Fallen & another – Sam received crypto symbols that were oriental – worked out a code to activate some of the giant ET androids who came to help save the planet in these particular movies.
- He saw images showing up in commander Randy's head – he also sees it on his skin!

**T:** an interface between the 3<sup>rd</sup> and the 5<sup>th</sup> & he's open to it

**COR:** Talked to his Support Team: he's moving between dimensions – getting info from the upper levels: if you won't listen one way, we'll send it via another: they are energy codes and he **needs to write them down** – has to do with the soul groups he's working with – he's not going nuts! **Just write it down – a little strange, but this is what we asked for!**

**[24 minutes]**

**R:** talked Tues to **Nada, Natasha, Dodi Di, Rana Mu:**

- they said we are on the other side of this, definitely on the new earth – it's like the kingdom of heaven on earth. And **no one** gets to damage the new earth!
- R asked about the stories about before this fiscal year ends – tomorrow! The global collapse will occur – they said it is true that the entire global economy will totally collapse but we are not giving any dates –
- this is interfaced with US of the light: we all came in here this life time to participate to make the change and each one of us gets to choose how we are going to participate

- **Boom Bust program** tonight: Janet Yellin ended up in the Congressional hot seat – why didn't you go through with the investigation of Mr Stump of
  - R was told Mr Stump will be joining Bernie Madoff and there are other bankers who have done the same thing and need to be responsible for this

• **Deutsche Bank - solvency is in question**

R: CM played with the transhumanist agenda – they are so filthy rich they can do what they want to do

- She's on the hot seat, and so is Loretta Lynch and it is in plain sight.

**Max Keiser:** the Deutsche Bank is the riskiest bank on earth; if that bank goes insolvent, then the whole EU goes bye bye – in 2002, the bank was pinned

- Shepherd Smith -

**COR:** if the bank goes down far enough and it's collapsing, Germany will rescue it and the gov't will rescue it

**T/R:** that is la-la land as there is nothing to rescue with!

- Also trying to say that Gen J Dunford is the acting president of the US and will implement a release that **IT IS ALL POPPYCOCK** – they have been trying to destroy the Obama family's
- Gen Joseph Dunford – nothing is true
- Bill Clinton signed NESARA into effect on October 10, 1999; he got in for the 2<sup>nd</sup> term as he had a talk with KOS and got the 2<sup>nd</sup> term for doing the signing
- **NONE OF THE KHAZARIAN HENCHMEN HAVE BEEN ARRESTED!**

- Remember that HRC's advisor is Henry Kissinger for decades!
  - The first thing she did for him was change the tape – make it look like the Russian spy

- killed JFK [JFK Sr is alive and well, in a witness protection program – he'll be back]
- the important point is that HRC had lots of ambition
- T watched a 2hr piece from PBS about Donald Trump's father who was
  - DRUMPS a german name; Mother is a dutch princess – father was not listed; he was born in South Africa – has no business running for president
- Michelle Obama came out very strong about Trump
  - Was on Colbert show and on Ellen Degeneres
  - campaigning for Hillary – these folks are double agents so they work with the galactics, KOS and others to get the things disclosed including all the major crimes of Hillary
    - She make it look like
  - In 1972 – took JFK Sr to a hospital in DC – the surgeons actually changed everything to make it look like
  - As well, she did the murder of John John in 1999 – and in 1991, after KOS and 3 of his good men visited Bush Sr with an Executive Order – granting the merit of the Farm Claims aka the Pigford Case – granting the merit of the black slaves:
    - all of us are economic slaves – now the compromised police are murdering young black men – getting more rampant;
    - the other form of slavery is the drug laws used by Ronald Reagan March 29 or 30, 1980 – Bush Sr announced he was the acting president of the US for 2 terms in a row and then he stole for the 3<sup>rd</sup> -
- the divine plan is have people
  - Both hillary and trump operate together a human child traffickyin ring
  - There is \$14 -15 TRILLION in the Clinton Fdn from the Pentagon – the pentagon has no obligation to keep records! Since 2014 and now, another \$6.5 TRILLION is missing and has showed up in the Fdn – being used for all the Black Ops –
  - She went to Libya and murdered a clone of Khaddafi and did it for an off the board reason: the 800 metric tonnes of gold was to set up an independent economy for Northern Africa – she stole it and used the cover up scene of Khaddafi dying, and having the ambassador and 3 others killed, plus others – “We came, we saw, he died ha ha ha. . .”
  - all we are seeing here is a snow job

## **Rana Mu**

- #15** is also a wingmaker: can do things like mind melds; has worked with KOS and did a mind meld so KOS can read, write, speak 23 languages which he needs to run the organization he is in charge of
  - there will be no dates mentioned
- there is something called The Golden Lily project – they [the Americans ] didn't know where the gold was until those from Japan showed them at the end of the war; there were 175 networks of tunnels going through 12 other countries in Asia, used to pick up the gold from those countries and bring it back to the Phillipines –
  - back in 2005, St Germain beamed it all out!
- Herman vs Herman and V. K. Durham; she was primary as the wife of Mr Herman, a CIA operative who was to move the gold from Peru to the Phillipines;
  - one day he was at home in OR mowing his law – saw a suspicious looking car came around the corner; saw the smoke coming from the muffler & knew what it meant; got as far the top of the steps & collapsed -got taken to hospital & received a visit from bush Sr and the then AG -
  - Next morning, at 7 am, his torso was hanging from the back of a pick up truck which was used to deliver meat: minus head, arms, legs
- People don't know that the gold is not there
- NESARA NOW, and Michelle for president!

**MR:** Intro to this segment

**Omena:** has been listening; saying hello to all; enjoying her week with MR and doing some work!

**WEBSITE:** <http://www.exoconsciousness.com/contact.html>

- First memory of being a contactee at 3 years old; went to a Star School/on ships as a child
  - Also being from Virginia, has experience of being underground as well
- John Mack: one of the first to say that ET experiencers were totally sane and aware. Got some funding from the Rockefeller Fdn. in the early days when the Rockefellers were working with the Clintons about ETs
- Leo Sprinkle – one of first writers on ET experiencers
- In Phoenix at the time of the Phoenix Lights event, though she never saw the lights while other people studied the craft, she went into the consciousness part – the experiential, emotional part
- She taught at Scottsdale Community College and put together a curriculum [2005] for teaching the ET experience – she and someone else were the first 2 UFOlogy courses in the US.

**Definition of Exoconsciousness:** She was given the word by the ETs

**Original Definition:** the study of the ET origins, dimensions and abilities of Human consciousness

- Looking at how we were seeded as an ET race on earth,
- the Dimensionality part is about humans moving into communications with ET via dimensions like out of body experiences,
- how do we use the consciousness abilities that we can awaken in ourselves – as a mystic, a clairvoyant
- Got a call from **Edgar Mitchell** to work with him on the Zero Point energy  
Via this avenue, she was introduced to scientists working with consciousness

**UPDATED DEFINITION:** the innate ability of humans to connect and communicate with extra terrestrials

**MR:** question as to why we should bother with this?

**RHW:** At a crossroads as a human species;

- there are great powers wishing to suppress the consciousness as we know it; she names many things that are used to try and suppress human intuition and human psychic ability
- We can become an exo conscious human and the ability will be allowed to flourish
- Beyond the control of psychic abilities, there are other things happening: like wi fi signals in a grocery store used to read customers' emotions – and then the next step is controlling the emotions.
- Since moving to DC, has learned that much created by the military is used for war efforts
- the time we are in now sees us so pre-occupied with so many issues that we are not

seeing what is happening and by the time we see it, it will be too late – these are military science systems that create such things & they have no oversight whatsoever: huge budgets, no oversight; people like Steve Jobs or Elon Musk are glamourized - they work for the military and they are not who they say they are!

**MR:** mentions Eisenhower’s warning, and the fact that 3 ET s lived at the White House under full awareness – the technology given the military at that time was turned into war time technology

**RHW:** her book was written in 2008; lots of info in it is very much relevant now

- more focussed on how we as humans can benefit from contact with the ET s – how will that contact teach us about who we are. We aren’t what we think we are: there is a whole dimension of being human that ET contact will bring us in touch with – the experience about how we get in touch with ourselves. Not about “I used to live on Mars or Venus” for example; it’s about does this benefit us in terms of DNA, our psychic ability, being able to see an alternative reality
- So many of the ET experiencers are very suppressed and very tired: have waited a long time for various things to happen;
  - She thinks they need to be about putting the focus on themselves: how do they form an ET identity? how can they see themselves as ET & what is that reality?
  - She sees the reality around us as corporate centred – our body has been corporatized or militarized by science; she does not want to see her grandchildren living in that kind of atmosphere. Mind control, Transhumanism, Artificial intelligence - these things will lead to a dissociative response in humans and they could give up their mind to the computer.

The dangers of relying on computer programs for educating young people:

1. Common Core and online education is all corporate – so we are selling kids’ education to corporations
  2. the curriculum begins to be written via algorithms so if a child functions at an A level of education, he or she will eventually be fed different information than those functioning at a lower level will never be exposed to higher ideas/materials. Once a child is locked into a category, he or she is literally locked in – all is stratified and not customized.
- also a recent British study has just revealed that children can’t learn with a computer anywhere close to learning with teacher interaction and a pencil and paper. There will be a definitive dumbing down of education.
  - Even her yoga teachers are wearing fitbit bracelets – the prisoners in Gitmo were the testees for the bracelets and called those bracelets the “mark of the beast” - all Apple technology which could record anything that was happening with each individual.

**Her Institute:** small at the moment; growing organically, slowly

- Any listeners who have had an ET encounter – can share ideas, growth with others in the same community of experiencers – the ET s are ready for this to happen within community.
- Contact her if they are interested with this initiative – writers; website developers & support; organizers; teachers; coaches – want to create a coaching curriculum with resources available
  - this is about humans who have ET experiences – someone who works with the Institute is Miquel Mendonca and Barbara Lamb – who wrote the book indicated below [**Meet the Hybrids**]

**T:** Excited to know that she has worked with Dr Salla; his website is Exopolitics – bridging exoconsciousness with politics – really good at what he does!

**RHW:** has kept his work research oriented, holds himself to a high standard – concerned with

diplomacy

- Much of the disclosure work being done in DC is centred around National Security as this is the way to get the attention of the politicians. The logic was if ET s had done all these things – shut down missiles, etc – then this is affecting national security.
- She tells the story of attending a dinner party and talking to someone in intelligence & saying to him as he was talking about national security: if you have quantum computers, you can't hack them! And he said she was right about this; she told him she was also right about the fact that intelligence and military will be the ones who let us know about disclosure – or not! And he said she was right!
- ET experiencers already have disclosure: they know the presence is there – part of their reality.

**Caller from FL:** describes what happened to her

**RHW:** groups are important because the people support each other – no one considers another as crazy! Invites caller to set up a group in Florida

**CONTACT INFORMATION:** see above

**Closing:** Greetings from Tara, COR, MR to RHW; thanks from RHW

**Meet the Hybrids: The Lives and Missions of ET Ambassadors on Earth**

Dec 11, 2015

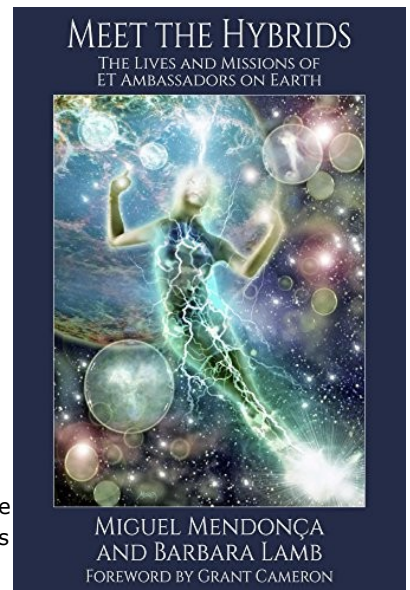

by [Miguel Mendonça](#), Barbara Lamb; foreword by Grant Cameron

**Meet the Hybrids** explores the lived experience of eight individuals who understand that they are part-human and part-extraterrestrial. Guided by their star families and other entities, they are dedicated to personal missions which contribute to a larger process involving the flourishing of human consciousness, and the protection and evolution of life on Earth at this critical time.

About the Authors

**Miguel Mendonça** is an Anglo-Azorean writer based in Bristol, England. After gaining an honors degree in geography and history, he studied social science and environmental ethics at postgraduate level. He then worked in the sustainability field, becoming an authority on renewable energy policy. While serving as Research Manager for an international NGO, he wrote textbooks, book chapters, articles, papers and studies, providing an evidence base for campaigners around the world to push for better renewable energy laws in their jurisdictions. He lectured internationally and worked with campaigners from NGOs, politics, finance, industry and civil society. Miguel now writes fiction and non-fiction on politics, relationships, spirituality, consciousness and ufology. **Barbara Lamb** is

a licensed psychotherapist, hypnotherapist and regression therapist in Southern California. She has counseled and regressed over 1700 people to 2600 extraterrestrial encounters. She is a leading expert and presenter in this field. She has done extensive research into the ET-human hybrid phenomenon, and has given presentations on this subject at major conferences including IUFOC. She personally knows and interviews a dozen people living among us who have enough ET DNA, heritage, and continuing contact with the beings who created them, to be considered ET-human hybrids. Barbara has co-authored two previous books: **Crop Circles Revealed** and **Alien Experiences**.

#### **Guest Biography:**

Rebecca Hardcastle Wright, PhD, is a global specialist in Exoconsciousness. She originated the concept of Exoconsciousness to define the extraterrestrial origins, dimensions and abilities of human consciousness. Her work is informed by leading-edge research in consciousness, ufology, cosmology, and quantum science as it pertains to the evolving role of humans relating to our cosmos as extraterrestrial beings.

Wright's book, *Exoconsciousness: Your 21st Century Mind*, published in 2008, details exoconsciousness through metaphysics, religion, frontier science and ancient knowledge. Wright is dedicated to the advancement of human-extraterrestrial consciousness to accelerate our transition into an evolved space-faring race.

Dedicated to assisting experiencers with healing, empowering and integrating their relationship with the extraterrestrial presence in their personal and public life, Wright continues the legacy of John Mack. Wright was trained as an experiencer therapist by Dr. Ruth Hover, who was a colleague of Dr. Leo Sprinkle and Dr. John Mack. Hover participated in Harvard University's "Program for

Extraordinary Research (PEER)" founded by Mack for the exploration of "Anomalous Trauma". Hover led what is perhaps the longest running experimenter group in the nation.

Specializing in transformation, self-empowerment, trauma recovery and emotional healing, Wright maintains a practice in Exoconscious Coaching and Holistic Hypnotherapy in Washington, DC. She was on the clinical staff of Mind Body Medicine Center, Ron Peters, MD, in Scottsdale, AZ.

Wright was Washington, DC representative for Quantrek, founded by scientist and Apollo 14 astronaut, Dr. Edgar Mitchell. As a research organization and international team of scientists combining science and spirituality with quantum physics and cosmology, Quantrek is dedicated to the research and applications of quantum hologram and zero point energy.

With Dr. Suzanne Mendelssohn, founder, and Terri Mansfield, and Wright was a partner in Fundraising in the Public Interest, a firm involved in international billionaire fundraising for social change and creation of a new era of zero point energy.

An ordained Elder in the United Methodist Church, Wright served as an inter-faith university chaplain at Wright State University in Dayton, Ohio. Within the United Methodist denomination she was a representative on national boards and general agencies. She has a Masters of Divinity from Boston University School of Theology and doctorate in Parapsychic Science from American Institute of Holistic Theology.

In 2005, Wright taught one of the first ufology courses in the nation, Extraterrestrial Reality, at Scottsdale Community College in Arizona. She was also on the faculty of Exopolitics Institute and International Metaphysical University. In 2008, Wright presented Exoconsciousness and Psychopathology at the American Philosophical Association, Karl Jaspers Society, published in the Existenz: An International Journal of Philosophy Religion Politics and the Arts.
