

INTERNATIONAL RESEARCH GROUP ON EMPLOYABILITY IN MUSIC

eSage: Enacting strategies that enhance graduate employability

Call for collaborators

This two-year initiative will engage in collaborative research to :

- Synthesise and share best practice in employability development;
- Synthesise and extend existing data to create a unique picture of musicians' work;
- Inform the development of more nuanced graduate metrics such as rate of employment; and
- Disseminate its findings through journal articles, a monograph and major conferences in 2016-18.
