HARD NEWS:

T: feeling the energies coming in more intensely; we are in the new dispensation and it's a galactic, 5D environment

R: 3D, 4D are fading; the wisps of what is left is creating strange things, as the 13 families wallow in their own juices of the stew, it's that intense. It's done and over; we are in a new yuga and what is not like the high heart is being shattered and consumed by the violet fire – this brings up the old energies that are being stirred up!

Randi Rhodes – her last day: she brought all sorts of things up since she started

- All of it: she was in the military right after the Gulf War; she did not have to go the 1st Gulf War
- She's an airforce pilot and mechanic; she and a team of 15 can take apart and re-assemble an F-16 in one day!
- Her staff is all ex-military, and they are connecting with Nicole Sandler- www.Radioornot.com
- Nicole Sandler will take; now and then, she will be on Nicole's program with Mr Pele, Tom the astrologer we listen to on Saturday [can't fire Nicole!]
- The folks who fired RR are facing a major lawsuit for dismissing her!

- Randi said that Christine Lagarde, head of IMF, may show up “suicided” like other banksters and will be seen as a male reptile, not a female human! How will the coroner describe this to the media? To talk about this means talking about shape-shifting.
- These ones are so vicious, they are taking each other out. Randi says Lagarde is only an interim Managing Director because the real director, Dominique Strauss Kahn, is on the run. He got thrown out of that position – but he’s been able to bribe lawyers to keep him out of jail – for a short moment!
- Everyone will be out of dollars: whatever dollars were in the bank account will be removed, and the rainbow bills will be in play; will be a learning curve for all
 - Those not in the big programs will still get \$10 million each; a month after the shift into Nesara, there will be a change in goods and services - a month after the shift, \$100 Million in the old system will be = to \$10 Million in the new system A \$30,000 car in the old system will be equal to \$3,000 in the new system..
- Blackwater has been deployed to Ukraine – 300 hired guns found in Kiev; and now more in Danask & Crimea. These are the 13 families who have hired agents provocateurs

Thom Hartmann is a progressive syndicated talk show host heard in over a half-billion homes worldwide. He's a New York Times best-selling, 4-time Project Censored Award-winning author of 24 books. One of his books sparked a national debate on ADD/ADHD and neurological differences ranging from giftedness to autism. Another book so inspired a U.S. Senator that he delivered copies of the book to his 99 colleagues in the Senate and read from it extensively on the floor of the Senate.

Thom has spent much of his life working with and for the relief organization, Salem International. He and his wife Louise also founded a community for abused children in New Hampshire, as well as a school for learning disabled and ADHD kids. A Michigan native with strong ties to the Midwest—but currently living on a boat in Washington D.C.— Hartmann is an inveterate traveler and occasional risk-taker and has often found himself in the world's hot spots during pivotal moments in history.

Conference Call

- Discussing the concept that money is not speech as per the earlier
- The Federalist Papers in modern language by Mary Webster of the Webster family
- another website from a caller: judicialconstitution.net and
- Information from one of the occupy groups Lyn knows of: The banks have been receiving \$85 billion per month

Reading: Has Blackwater been deployed to Ukraine?

- A slightly skewed point of view: Putin and Obama have been working behind the scenes, and the only way to change this is to take it down completely; Monday [May 19] makes 11 weeks since the economy was taken down. The US only got \$65 billion per month – brings up the information from Paul Craig Roberts.
- From the level where we sit, we have to be sure we do not have negative emotion in our hearts and are only looking for money; Rainbird said there is some one who has some money who has said you send me a proposal and I will make sure you get the money. But that is not what is to happen.
- We asked to come here; we asked Mother when there was no Luciferian rebellion and we wanted to prove to ourselves who we are; we asked to create a universe of free will choice and we would descend into that polar universe where we would have the freewill choice and we could prove to ourselves that we understood choices – that black and white are equal like day and night; a third thing was acknowledged that we would be tempted and there would be consequences and there would be responsibilities to follow up on those choices.
- Over time, choices got made and numbers of people began to have negative emotions and thoughts like “I don't have enough so I will take a little more”; “That guy over there does not need so much, so I 'll take some of his.” This happened over 450 billion years. A separation issue happened: the group broke up in the first creation story – the Luciferian rebellious ones thought they could be masters of the universe and diminutize Mother and diminish the feminine. We felt that something had died within us: the first separation was the first experience of “MAYA” - illusion of separation from Oneness.
- That feeling was like something inside us had died; we were now in polarity and still had free will choice. There were still some of us who remained neutral – unconditional divine love; this brother decided to polarize on one end of the separation and the sister at the other end, for example. The masculine was in the Atlantean hologram to act in a clear way; the feminine was to receive the love – what Suzanne Lie said was that the polar universe was created for us to experience gender – before that, we were androgynous – we had both masculine and feminine as one cosmic ball of light.
- So what we had was an unbalanced experience of gender, and all of us have been both masculine and feminine in our various incarnations. As we went through the re-balancing with Metatron at the Antares-Arcturan Midway station, after our various “deaths”, we chose the next incarnation to help bring about that balance – we would be in a body in a lesser dimensional reality because the veil of forgetfulness we had asked for enabled us to make choices and see what we had wrought.
- The other thing that came about with the Luciferian Rebellious Ones was that they did not want to be bothered by experiencing emotion and, because we were all equal to Mother, they could make the changes. We were ALL equal to Mother – ask and you shall receive; the 5th dimensional energies coming in right now are so high because they are the level of energies that are the original ones. The 4th dimension merged with the 3rd in the Harmonic Convergence experience [of 1987] and those of us on the spiritual path and choosing a mentor; there are many also who volunteered from the neutral group.
- Those of us who were in the neutral group, we decided to incarnate with the others who did fall from grace and experience the results of our choices. In order to fall from that neutral place, we would have had to make quite a dasterdly choice – those of us who did not fall from grace came in on the Ship of 144,000 – from the moment they were on that ship until they got to the earth, they were in such pain that they experienced amnesia and lived for many livetimes ignoring that pain and trusting no one or anything in that lifetime of experience. There are many ligjht workers who experienced that story.

- the Ship of 144,000 was Sananda Kurmara's craft, but Jehovah took it over: Rama said there were places on the ship where people were being tortured even in the beginning. Rama and his brother were strapped to chairs and being tested; the brother could not remain calm and not experience pain from the ball of light, and because he was in fear and panicked, he was taken out by his own panic. The first Law of Love is to be calm.
- As we had amnesia from that time, we are under the illusion that money is the power, and that organized religion, where the laws of nature and nature's god are set aside, is the way things are.

Caller: Has Rama got any information about Pope Francis and the status of the justice courts in The Hague – status of the indictments; has the trial been resumed?

1. The Sovereign International Criminal Court is not the same as the International Court of Justice, which is the court where it will all be decided in the end; Lady Nada is in this court. The other court is a peoples' court
2. Francis is not the pope and never was; Benedict still is – Francis cannot be charged under the name of pope.
3. Nothing happens until 500,000 are arrested all at once;

Caller: heard about Barbara Walters

T: she quit! But that does not save her.

- Right now people are praising Hillary and others. Yesterday Randi Rhodes said it is possible that Michelle and Oprah will be the ticket in 2016; Michelle as pres, Oprah as Vice: Randi said Rama could talk about it.
- Every time there is a praising of these ones- eg, that Christie is going to run in 2016 – the chances of him making it alive are almost zero: he is Tony Soprano in the flesh!!!!
- right now, games are being played on TV; yet what Obama did in the 9/11 speech, he outed Bush and Cheney; Bill Clinton and Hillary did not look so good either. Bill has emotion because he is a hybrid; she is a full blooded reptilian – and she has threatened Bill to do what she wanted or she would have him killed:
 - in his real [ie, human] form, in 2008, he had Dennis Kucinich' brother and sister killed
 - Bill got back into the office due to KOS who said this is what you have to do – in 1997, T & R asked KOS about Bill Clinton [he has taken people up in small planes, tied them up, and dumped them out of the plane into the middle of lakes] – people do not know this.
- The awareness level of everyday people is very limited; there are many who come to the show who still have the amnesia and it is so painful to look at something that is so dark: like the story of Egypt
 - the hologram of Egypt that is still here – Egypt means the gypsies – we are galactic gypsies, we decided to be galactic wanderers; what is in the knapsack is the kabbalah, the wanderer has the clothes on his back and his divine neutrality and walks on the plane in this divine leila; he has a white dog with the 5 pointed stars on its forehead. It is called a Hopi dog which is capable of amazing things.
 - Tara has seen one that her friend owned. Her friend said that one day the dog was with her & she was talking out loud, being silly: I have this idea about doing these 2 things and maybe a couple of other thing, so she asked her dog how much is 1+1 and the dog went Woof, Woof. Then she asked the dog how much is 2 + 2 and got Woof, Woof, woof, woof.
 - Then she asked how much is 2x2 and again got woof, woof, woof, woof. So she called her mother and told her what had happened; they started working with the dog who could work with answers as high as 20 barks. And she could do square roots as well – without having to think about it!!
 - They took her to Dr Thelma Moss, a researcher in ESP; tested the dog on technology; the dog was declared to have extra sensory perception.
 - Tara told a Hopi elder the story at a big kiva outside of town, the Banana Clan dedicated to helping white people. He invited T & R to go there on May 5th 1993 – an important day. He told Tara that he could

have told her that before the testing: all Hopi dogs have that ability. The dog was put on a Gong Show and was asked all kinds of questions: all his answers were correct.

- They are not just dogs – they have a purpose. Tara said the dog is like a lady she knows who is a fairy and has incarnated as a person. Also, back in the 1980s, the cows asked Mother to let them ascend to the next evolutionary step; they no longer wanted to be slaughtered and eaten as a species. Neither the buffalo.
- Carnivorousness was an outcome of choices we made, when we realized we had made the wrong choice and did not want to make the corrections: I like the feeling of power that this situation has created! The addiction of this negative imbalance continued and, since we are all one, and collectively we were building up the crime against nature and nature's god which got noticed by the larger species like lions and tigers who recognized that humans were desecrating their turf. So they started to go after humans.
 - In the original creation story, we were in 5D and we did not need to eat physical food – we lived on prana, liquid light; the lakes were liquid lakes of liquid light.
- As we are saying we are in the 5th dimension, we are correcting things and our bodies are being expanded – the QXCI machine operator said she had never seen the results she saw from Tara's readings. The higher you go in to the negative numbers, the higher you are in the 5D world – you have a body, but you are walking calmly – for years now, T has only needed 2-4 hours of sleep a night.

Mother Sekhmet:

Greetings in the Light of Most Radiant One, In the Office of the Christ and only in the Office of the Christ, we invoke the loving energies of St Germain and the Violet Flame.

T: we ask for greater wisdom than we thought we had, and for more love than we ??

Greetings, Children of Ra!

- Indeed, this one we know as Father Ra has returned – the energies of the Buddha's birthday; there are so many quintillions of ships in our skies: we are just waiting for the Captain to give the word and we can do the magic we do, and we have to do our part: waking up Dave the carpenter, Joe the Plumber and Homer Simpson:
- There is certainly another story happening: we never needed to die or get sick. We got lost along the way; it was called ET 101 when we said we could do the mission; the veil of forgetfulness is now gone: we see you, you see us that is how it is now. It is a challenge for humanity to greet them [galactics] in the way in which it is being portrayed in our films; magic being shown as they are not coming in peace – that is a fallacy. They [galactics] do come in peace; those who did not come in through the proper channels, with the galactic federation of worlds, have created quite a mess
- she is here to straighten things out; the goddess is here now: Miss O is gonna be sitting in that chair [ref to the two of them running; OW won't be pres, but gets to be in the same office] This is not a story of power without love, but a story about the return of the feminine, the new Atlantis – would not be in the best interests to have a white republican in there, does not jive with the times
 - Best to have a Mother Zudiachus and the story that needs to be returned to the people is about the original Le MURIANS that energy [not that kind of moo – even though they were in the original story]
- This particular WESAK, all the masters, all the folks, have returned and with the utmost gratitude and love she says, that our planet is already saved yet how we see it through: the timeline has already been changed and those who are playing with not wanting to see the permanent change, creating

kinks in the frequencies with ancient war weapons based on scalar waves hold no water in the face of the higher frequencies of love and the violet flame which transforms all. Cannot use the scalar waves for evil: they will get you in the end because those frequencies have ramifications - that is why the masters taught the sound mantras – they can be used for healing – the sound mantras can also be used for killing.

- When we played with the fortunate fall, we said it's a piece of cake – we'll do it and be home for dinner. That was 13,000 years ago or 450 billion years ago? What's a micron? It is only here, now, in this moment – this is all there is, as we stay in this moment now and not go future tripping or past tripping, just be here now and BE LOVE NOW, whatever form it takes. It is how we get through the next moment. In the present moment, all we are is just love – this changes the outcome of what is going on in a grander scale, where the scalar frequencies interact with higher frequencies, rather than those of death, destruction and war.
- Just change your point of view – it is simple, but a challenge in these times as we are dancing on the head of a pin, juggling the world; she commends us. How best to describe this moment as she has been watching the technologies here that are being displayed, how the weapons of war can be changed to ploughshares: first thing to be done is forgive self in whatever last remaining energies that divide us as a people on this planet
- we are all one people – the rainbow rays, the rainbow race, the crystal children: that is what this story is about – all the colours of the rainbow including the platinum rays –it's how we get 'er done: not the way of the gun, but the way of the high heart as we understand it: we never meant to fall this far from grace; yet sh1t happens, and grace happens, too and this is why she says the fortunate fall is about how deep we loved, and we said we would go that far into forgetfulness to follow the man who said the people have the power, it is not me; you asked, here are the keys and here is how you do it. First law of love: be calm – in the midst of the Tusumani of frequencies: be calm
 - Don't panic even though we are on the verge of the safe side of the cold war moving into the next step. And that is the place where we must understand we gotta see the forest through the trees – the enemy of my enemy is my friend;
 - the challenge is not so much the ones across the pond; we were led to believe a war not in our name did 9/11; it was about the ones here who have nothing to lose , everything to gain by loving self; this is a win-win situation and they have chosen not to wil - let them [the dark ones] have their choice – we do not get in the way of people going home, no matter who and what they are: it does not matter if they are reptilian, human or insect – they have made their choice; so be it, and so it is.
- What we can say about all of this is that there are so many good things happening on this planet in spite of the unending cycle. These good things have to do with how all of us have raised our frequencies and it is making a definite impact on the rest of humanity. Where one small butterfly flaps its wings, and the whole world knows about it.
- And as we learn that we are all connected, whatever is going on in the present moment, we can change it to love in an instant; things are not cast in stone: the pathless path we are on has no footsteps, no breadcrumbs to lead us - we are creating it and it is a new timeline: imagine it is done, imagine all the people.

T: asks Mother to comment on Blackwater being seen in the Ukraine – Erik Prince married the daughter of the Amway creators [[Rich DeVos](#) and [Jay Van Andel](#)] - don't they have to be arrested, too?

Mo: when you use wealth for darkness, it has a way of removing you because it is energy that is not being used for the benefit of all.

T: technically, Blackwater is an multi-national organization

Mo: Yes, and they are aligned with the Knights of Malta which is an unholy alliance with her grandson Lucifer – yet he has already come back to love and he is saying haven't you guys got with the program: it's not about guns, it's about love!

T: they can be hired by anyone; the board of directors includes such ones as John Aschroft, former AG; former NSA chief Bobby Ray Inman [connected with Bush, Cheney and the dark side of the force called Abu Grab] –

- on **Vice** today, [program produced by Bill Mahers] saw Bush laughing and hanging out with the guys from Yemen – shows that what is going on in Yemen is coming from the US.
- Also going around in the Arab world, there are signs not to buy products made in israel AND in America because of the relationship.

Mo: The story called Revelations has been cancelled; the ancient story of Armagedon was started by christians who believe that a man died on a cross for their sins – that was a lie too! It was the magic of a super science about not getting sick or old or dying – it is about transformation; the trick is not to get attached to the hologram.

T: the reason people do not want to be involved with Ukraine/Nulandistan: the Russians saved them from the Nazis during WW II; America is not America and is the 4th Reich, and the Israeli leadership is also Nazis - NATO represents the invasion of the 4th Reich in their country [Ukraine] – this is not a small thing, and we have Blackwater there?

Mo: out of the ashes rises the phoenix, and that phoenix is us, the 144,000, who have met the occasion. At the same time it is about cleaning out the cobwebs in this sector: no more messing with my head! Each day is a challenge to maintain the awareness – that is why we meditate every day.

- Harry Reid can stand up there calmly & take on the Koch Bros – he does TM every day. The Koch bros don't meditate; they eat meat and babies – yet even the orcs need love!
- Bill Maher tells the truth like no one else; he is funnier than her [Mother]: she comes with birth in one hand, death in the other and it is about the changing of this reality – we are the cross roads and we have asked god/goddess/ all that is “ What more can she do to heal this story?”

T: as she is representative of the healing of this experiment for everyone; we we do the great invocation of “sealing the door where evil dwells” , there is nothing about her being the light and the dark; it is about this thing called evil which is action taken out of its space-time continuum – meaning the continuum of the laws of nature and nature's god are broken by that, and when they are continually broken & endanger the laws of nature and nature's god, Mother makes a decision to intervene

Mo: the stories out there: Nibiru is in orbit! Yes – we are here to collect our wayward children – get used to it! There is a new goddess in town; it is about the gold dust With great respect and honour, we say Take Your Dignity Back!

Kadoish! Kadoish! Kadoish!

R: he was in some kind of observation craft; it reminded him of being in a bubble and floating over the

WESAK valley and looking at all the folks there; it is still going on and it will not stop – we have already won! So moot it be!

- He tried to kick the side of the bubble – it was like rubber & he was just floating along – he wanted to jump out and free fall but it would not let him. The hand of Buddha, the energy of Quan Yin and Buddha is gracing this planet; it is already done and as we make it manifest, so it is.

T: when this all began with the lightworkers, we were there when 1987, 1988, 1999 when James Gilmour was a gohper in the house of Charco . The noteholder's name who held the huge note in 1949 when Israel became a state of the US; it was already its own country.

- The real job of the lightworkers at that time: they knew the evil that was there with the inception of the 4th Reich in literal terms – israel has been running the US as the 4th Reich since then.

- to think that we have been having elections democracy etc is just a program - at the other end of the story, Mr turko of the house of Charko not a nice man, but he had an idea of the power of the position of holding that note – thought he could get all the money from all the roll overs and be in control all by himself.

- The only way that we were going to bust that bubble of la-la land was get in there with them and do the rollovers with them, stay in integrity and collect the money to do the rollovers. In the late 80s people all over the world were involved in what is called “War Chest”, a legal term here and internationally - an international bank a/c

- whomever has their name on that a/c can take that money even if it's other peoples money and spend it – which makes those people in charge of those war chests very, very very responsible – if they do something with that money that they are not supposed to do, they are very very naughty!

- It is harder for a rich man to get into heaven than a camel to pass through the eye of a needle.

- That money was adding up to 100 million dollar note and the original \$100 M note went in in 1981, went into the Bourgevain fund – he was a wealth man and still he had to collect \$ from people whose names were put in a slot – like a huge slot machine, there had to be a person's name in every position, and each position was worth \$100 - so how many people do you need?

- \$100 million divided by \$100 means 100, 000 people were involved.

- Always had to have \$100 million dollars to start. The Global Cohesive Economics played the \$5000 game which just meant you were part of a bigger puzzle – always needed \$100 million.

- There were only 78 programs that were considered programs for the lightworkers; the master program was finny, fishy fund that begins with a D; this money was funding all the white Knight operations but the WK did not get to do one single thing that was not within NESARA law

- So the real commencement of the military white knights began when Clinton signed N bill into law on Oct 10, 2000. After that, Oct 28th, 2000, both Bush Jr and Cheney were killed and cloned for the 1st time. We elected a pair of clones by **the US Supreme Court putting them in office, not by election – high treason!**

We discuss the Fruitopian diet in which fruity accountants create a fruit salad for the banks, politicians and their cronies. In the second half, Max interviews HBOS whistleblower, [Paul R. Moore, about the book he is writing, “Crash Bank Wallop”](#), and about the latest in the case against HBOS, the bank which required tens of billions of pounds of taxpayer money after dodgy loans went bad and which Paul Moore says was not a force but a farce in banking as growth at all cost literally cost everything.

Remarks by the President at 9/11 Museum Dedication

New York, New York

10:12 A.M. EDT

THE PRESIDENT: Mayor Bloomberg, Governor Cuomo, honored guests, families of the fallen.

In those awful moments after the South Tower was hit, some of the injured huddled in the wreckage of the 78th floor. The fires were spreading. The air was filled with smoke. It was dark, and they could barely see. It seemed as if there was no way out.

And then there came a voice -- clear, calm, saying he had found the stairs. A young man in his 20s, strong, emerged from the smoke, and over his nose and his mouth he wore a red handkerchief.

He called for fire extinguishers to fight back the flames. He tended to the wounded. He led those survivors down the stairs to safety, and carried a woman on his shoulders down 17 flights. Then he went back. Back up all those flights. Then back down again, bringing more wounded to safety. Until that moment when the tower fell.

They didn't know his name. They didn't know where he came from. But they knew their lives had been saved by the man in the red bandana.

Again, Mayor Bloomberg; distinguished guests; Mayor de Blasio; Governors Christie and Cuomo; to the families and survivors of that day; to all those who responded with such courage -- on behalf of Michelle and myself and the American people, it is an honor for us to join in your memories. To remember and to reflect. But above all, to reaffirm the true spirit of 9/11 -- love, compassion, sacrifice -- and to enshrine it forever in the heart of our nation.

Michelle and I just had the opportunity to join with others on a visit with some of the survivors and families -- men and women who inspire us all. And we had a chance to visit some of the exhibits. And I think all who come here will find it to be a profound and moving experience.

I want to express our deep gratitude to everybody who was involved in this great undertaking -- for bringing us to this day, for giving us this sacred place of healing and of hope.

Here, at this memorial, this museum, we come together. We stand in the footprints of two mighty towers, graced by the rush of eternal waters. We look into the faces of nearly 3,000 innocent souls -- men and women and children of every race, every creed, and every corner of the world. We can touch their names and hear their voices and glimpse the small items that speak to the beauty of their lives. A wedding ring. A dusty helmet. A shining badge.

Here we tell their story, so that generations yet unborn will never forget. Of coworkers who led others to safety. Passengers who stormed a cockpit. Our men and women in uniform who rushed into an inferno. Our first responders who charged up those stairs. A generation of servicemembers -- our 9/11 Generation -- who have served with honor in more than a decade of war. A nation that stands tall and united and unafraid -- because no act of terror can match the strength or the character of our country. Like the great wall and bedrock that embrace us today, nothing can ever break us; nothing can change who we are as Americans.

On that September morning, Alison Crowther lost her son Welles. Months later, she was reading the

newspaper -- an article about those final minutes in the towers. Survivors recounted how a young man wearing a red handkerchief had led them to safety. And in that moment, Alison knew. Ever since he was a boy, her son had always carried a red handkerchief. Her son Welles was the man in the red bandana.

Welles was just 24 years old, with a broad smile and a bright future. He worked in the South Tower, on the 104th floor. He had a big laugh, a joy of life, and dreams of seeing the world. He worked in finance, but he had also been a volunteer firefighter. And after the planes hit, he put on that bandana and spent his final moments saving others.

Three years ago this month, after our SEALs made sure that justice was done, I came to Ground Zero. And among the families here that day was Alison Crowther. And she told me about Welles and his fearless spirit, and she showed me a handkerchief like the one he wore that morning.

And today, as we saw on our tour, one of his red handkerchiefs is on display in this museum. And from this day forward, all those who come here will have a chance to know the sacrifice of a young man who -- like so many -- gave his life so others might live.

Those we lost live on in us. In the families who love them still. In the friends who remember them always. And in a nation that will honor them, now and forever.

And today it is my honor to introduce two women forever bound by that day, united in their determination to keep alive the true spirit of 9/11 -- Welles Crowther's mother Alison, and one of those he saved, Ling Young. (Applause.)

2014, May 17 [MUST-SEE~ Bill Maher DARES Republicans to impeach Obama over Benghazi](#)

by [BruinKid](#)

Last night, Bill Maher dared the Republicans to just do it and impeach Obama over Benghazi.

So there you go, Republicans! You finally have your impeachable offense. Obama gave you a case of the sads. (*audience laughter*) So do it! Put your flag pin on and do it! I am serious, really serious. Rob Ford in rehab serious!

And here's why. Because when the Republicans impeached Clinton, his approval ratings shot up 10 points, to 73. Obama's approval is at 41. He could use a little of that impeachment mojo. So go ahead, haters. Make Benghazi your big issue, please. Put Barack Obama back on the ballot in 2014, so he can kick your ass a third time. (*wild audience cheering and applause*)

And finally, New Rule: Republicans in Congress who cannot think of one single more important thing to do than investigate Benghazi for the eighth time need to either put up or shut up.

Come on, guys, if this really is about the rule of law, and the Constitution, and Valley Forge, and Omaha Beach, where Forrest Gump saved Private Ryan — if you really believe Benghazi is that serious and Obama is that big a crook, then you should impeach him tomorrow. And I wish to God you would. **Because it's the one thing that would make him popular again.** (*audience applause*)

Now even casual news viewers have probably noticed a resurgence in the Benghazi obsession lately from the right, and that can mean only one thing — Obamacare is working. Logic, however, not so much. Because if you ask them to explain what the Benghazi crime is, they still can't. It's just some blather about "Don't you see? If it was terrorists, instead of what *he* said, act of terror, then Obama is weak and Mitt Romney gets to be retroactive president!" Ay-

yai-yai. It's like trying to relate to someone who's tripping when you're not. Sorry, **we don't see the spiders.** (*audience laughter and applause*)

But rational arguments don't matter, because this is *today's* Republican Party we're talking about — a group that I'm convinced caught syphilis in 1994, left it untreated, and is **now in the drooling and frothing stage.** (*audience laughter*) I would suggest a drinking game where you and your friends watch Fox News and do a shot every time someone says Benghazi, but **you'd be dead in 15 minutes!**

And Fox News — otherwise known as **the alternative history channel** (*audience laughter and applause*) — has actually taken to cutting away from presidential press conferences if Obama *isn't* asked questions about Benghazi. Take *that*, reality.

Senator Lindsey Graham used a word *I've* never heard a politician resort to, when he [said](#), "The scumbags are the people in the White House who lied about this." Then he looked at McCain, grabbed his purse, and said, "John, get the car!" (*audience laughter and applause*)

Last year, one of our Flip a District candidates, Blake Farenthold, said that he and his House colleagues had the votes to impeach Obama. The crime? Oh, details! **The important thing is we have the votes! The hard part is getting the runaway into the car, we'll figure out the crime later.**

Farenthold also [said](#), "A question I get a lot is, 'If everybody is so unhappy with the President, why don't you impeach him?'"

Well, maybe because you can't impeach a President for making you unhappy. Or can you? Blake Farenthold, you might have stumbled onto something here. The Declaration of Independence — which is *almost* the Constitution — says we have a right to the pursuit of happiness. And if Obama's making us *unhappy*, then *ergo, ipso facto*, we can impeach him for dereliction of happiness! (*audience applause*)

So there you go, Republicans! You finally have your impeachable offense. Obama gave you a case of the sads. (*audience laughter*) So do it! Put your flag pin on and do it! I am serious, really serious. Rob Ford in rehab serious!

And here's why. Because when the Republicans impeached Clinton, his approval ratings **shot up 10 points**, to 73. Obama's approval is at 41. He could use a little of that impeachment mojo. So go ahead, haters. Make Benghazi your big issue, please. **Put Barack Obama back on the ballot in 2014, so he can kick your ass a third time.** (*wild audience cheering and applause*)
