HARD NEWS

T: There's another shift in the wind on a daily basis!

- The Founding Fathers did not base this country in Xianity for a reason: not that the Office of the Christ is not sacred, but that the Office of the Christ was already misaligned by organized religion - since 324 Ad at least, the time of the Nicean Council, the teachings of Christ were thrown out as heresy; he was identified as a traitor
- Done on purpose: Constantine knew better; as the Roman ruler, he represents what Bush Jr represents: the demise of we the people and all oligarchies fall – just a matter of time!

R: At the same time he was doing his thing in Rome, the Councils of the Galaxy were gathering with some of the greatest minds in the Universe - at the Solar Tribunal on Saturn: they knew then that the downward spiral would begin and it would be about the ascension frequencies that are pouring in at this time

T: but the downward spirals started in the middle period of Atlantis and went to Egypt!

R: As they were planning to throw out the Man with the Plan, the Councils of the Galaxy were already setting the contingency forces in place: this is written about in the book called **The Master Symbol of The Solar Cross** by Tuella

T: the general consciousness of the people at that time was far from being at the level it is today

R: as Constantine rode into Rome, the ships showed up – they decloaked - to his entire army to let him know that they were present and knew what he was up to! He said "Oh shit!"

T: and this was written out of history – yes! As now, things are being written out of history too

R: This is the greatest epoch in our history!

T: yes it is the greatest evolutionary step: it's the 7th Age of Aquarius: we have had 7 yugas and when the Age of Aquarius has gone round 7 times, it is 175,000 years of our most recent evolutionary stages of development that have passed in which our DNA has improved for those who pursued, sought out, the wisdom – ask and it shall be given! Then the love floods into the soul

- Yet, each time and each epic – there was only a small group that carried things over from one evolutionary stage to another – it has only been one small group, as per Margaret Mead, that has every changed the world and helped this development
- this time they have increased their assistance: Mother told them 475 billion years ago you have your free will choice and that if you don't hold accountability for what you do, and as things will accumulate and you create technologies like nukes and mind control stuff – then this is the time that free will choice goes

R: and the Order of the Jedi, the X Men, are here now

R: Talked today to the 4 Pleiadians ladies at a college in Santa Fe

They pointed out an article to him: the greatest groups of twin flame energy and the elder grandmothers at Standing Rock – the living masters, immortals come in and share their wisdom with the Councils and it spreads out exponentially: already happening in spite of the fake media not covering it

- they will have to report this because the mitachlorians, the Force, take care of themselves: he's talking about that which has no name, other than All that Is, Creator Source.

T: it's a nano particle, in biological terms

R: it's anti matter – yes, it is energy – it is consciousness; it can affect physicality

T: our brain is part of our physical body; our mind & what we do with our mind is non-physical yet there is an interface between our brain and our mind

- for example: at the moment, 1- 50 kids are born with autism at the moment
- in spite of the brain malfunction, an autistic child is more easily in touch with the truth than those of us who are more easily programmed
- they are not so easily programmed – and this has to do with the mitachlorians

R: the Force – bypasses the lower frequencies and connects with the heart

- he's being told by the Pleiadians – things roll out in terms of disclosure of all kinds
 - the evil clown show goes on until the plug is pulled on the transmission line of all the satellites
 - they reminded R of the satellites, when the signal is given, will take the proper steps to stop transmitting the BS & broadcasting the galactic news
 - He gives as an example what happened on BBC radio many years ago
 - this planet was warned: NO NUKES! And this is the time when we have a mad man who used word magic on people – as Dr Keshe has said: when battle ships float upside down, and guns, tanks, planes don't work, we need to figure out how to talk with each other!

T: This has to do with the influence of the Council of Elders - the talking begins with Chief Archembault and one of the Grandmothers who shows up on AM Joy
The system we are in right now: Cmdr Don said he feels so free right now – there is a reason for that but it is not housed in the system: it's a feeling that is coming from another space

- And Ron Paul said the crash WILL happen – on Boom Bust last night
 - He knows about the economic situation, what we're going through and we are feeling free because of what we know about NESARA
 - the part of him that has it write is because he was one of the writers of the NESARA bill and it was signed by Bill Clinton
 - He is also completely compromised because he made a deal to have Dove of Oneness killed – it happened by the Bushes
- we have not held accountable what is going on and this is absolutely required for us to go forward to go to the next evolutionary leap as a people - ENTER STANDING ROCK.

R: Making Contact:[took over from Camp Love space] talked with John Kiriouku – he worked for CIA, exposed the torture memos and why Chelsea Manning remains in jail, and Julian Assange is in the Equadorian embassy & our rogue agencies

- talked of military psychiatrists today & otherw who have played around with
- JK said Trump knows nothing about water boarding
- Gitmo needs to be closed and handed back to Cuba
- US needs to get out of Cuba: it's a sovereign country, had no business being there in the first place

T: what we've been given – with NO DATES – Obama has an opportunity after these ones no longer have immunity – which is done on Jan 1, 2017 – to sign the US on to the International Court of Justice – the ICJ – he signed the US onto the ICC in 2010 which is under the jurisdiction of the World court

- the World Court represents that LM Nada is on that court as a special lawsmith
 - she is ALSO THE HEAD OF THE SOLAR TRIBUNAL ON SATURN – this includes the entire law of the solar system, & THAT LAW OF THE EARTH IS NEGATIVELY AFFECTING THE solar system AS IT IS NOT INSISTING ON ACCOUNTABILITY
- The WEATHER HAS BEEN /IS BEING MANIPULATED: starts in the Rockies at the border between AB and BC which is not so much affected.
 - Getting really cold in Alberta, as the polar vortex is moving south – where the cold air of the Arctic meets the warmer air of the temperate zone and this fluctuates; 6 times as much warmer air moves into the Arctic circle as cold air descended: they are encouraging because the ice will melt, and then they can access the oil beneath the land
- what they don't get is that the increased solar flares and frequencies coming from Sol, Helios and Vesta, and Great Central Sun – as these increase in magnitude and frequencies, more haywire things will happen and all kinds of technologies will be affected.
 - The dark side has lost yet, for all intents and purposes, das fuhrer is playing with his story for the moment – just a particle in terms of time!

T: it's the Koch brothers who are behind the curtain; Trump has nowhere near the money that is required to do what has been done – he's stolen tons of money, and he had \$35 million from his father who got it from HIS father – his biological father is unknown;
• his birth certificate is out of South Africa; Mother is known, a Dutch royal princess
meaning they are nazis

R: the inter breeding of the 13 families is about the orchestration of this failed timeline

T: it's a **debt jubilee** – every 49 years, there has always been a debt jubilee in nature and it has not been happening because an invading force of reptiles occupied and became the 13 families; decided to become a dictatorship so we no longer have what the founding fathers intended

- the founding fathers never wanted a 2 party system: it becomes **factioning** if it gets locked in, and is not true to the small "d" democratic way of life inside the republic
 - the republican party in 1860 and before was a democratic party and at that time – before 1860 - they did not want slavery yet this is still a front as there is a game plan run by the reptiles/13 families who control BOTH PARTIES!
-
- As Loki said in The Dark Lord – when you live for 10 to 12,000 years end up not giving a flying *** this is why the Lords of Karma have come in – the folks ruling over the 13 families have been here for 65 million years and some have been in original bodies, some have changed bodies since that ancient time; they did body hopping all the time – to move bodies without death, they moved souls into another body so they could keep on going
 - Transhumanism: THE 13 families wanted to complete an android body with soul matrix in it - and the android body would last forever and would be programmable – that is their idea
 - it would mean that free will choice would disappear, and that is not part of the [larger] plan. Not allowed – it's called Free Will choice Reigns and they are not to intervene
 - Yet they have already intervened in a sense from the time of the dropping of the nukes at the end of WW2
 - and the Ashtar Command and other galactics have been part of the US gov't since 1945 the wingmakers' job – have come from our future to our past, to intervene in our civilization's development & to let us know that we are the ones we've been waiting for.
 - No they have not been neutral since the beginning of our evolutionary process
Their job from the beginning: they knew things would get as confusing as they are, and they as neutral witnesses were to witness & honour the Prime Directive
 - they did not intervene in the past when other 5th dimensional beings and the Annunaki who knew better, nuked this planet. They knew these things were going to happen, and also knew that we would answer the call at this time
 - they did not intervene when Sarah and Lot were in Mesopotamia and Jehovah, god of the Old Testament, said get out of here, and Sarah did not want to give up her material world: she wanted to stay, and she got nuked, turned into a pillar of salt
 - the movie called Terminator 2: Judgement Day – had a vision, sat on a park bench and saw a mother pushing her child in a swing and the nukes came in and turned her into dust: a pillar of salt
 - as his father [Ashtar] told him when he was 13 in 1967: no nukes!
 - Yet it did happen once and again in 1945, and it was about to happen in Los Angeles in 1962 when a nuke was released from Cuba by US CIA, aimed at LA, to turn 3 million into pillars of salt & how many else would have been damaged
 - so the Wingmakers moved more strongly due to the kinds of technology being used
 - Listen again to the voice of Commander Brillon was one of Ashtar Command in 1977 who took over BBC news and told the BBC news and the rest of the world: Stop the nukes and

this is your last warning.

- Although nuclear activity continued: the 2 nukes that went off in Fukushima were planted there in 1945: is this the reason they got to do that? R does not know - It's confusing: saying "no nukes" and letting them be planted??
- there was another thing too
- and the nukes at the base of the buildings in NYC were tritium bombs – 8 million people got nuked; all in NYC were affected in their DNA! [911]

R: Yes – and at the same time, we are in the greatest moment we've ever been in of all time!

T: in the next game, they do not want NESARA at all; since there is financial encroachment at the moment which Ron Paul spoke to last night – rather than let this happen: this global economy collapses; NESARA happens - and 911 gets revealed – so they would rather have another nuclear World War than let any of that happen

R: Yes that is what they are playing with - Mr Putin, Mr Xi, Mr Obama know and many others know what Dr Keshe knows, what the nuclear scientists know: as the ships show up over the missile silos, they do not work – this is about peace and love; this is not woo-woo! Ashtar does not do "woo woo"

T: what about the appointment of these characters?

R: we are watching an installment of the 4th Reich – it's an exercise in increasing fear

R: As Dr Keshe has said: when your battle ships are floating upside down in the Gulf, then we will have a conversation!!

T: Will they let Mr Trump take the oath of office?

R: he keeps being told: we are in the greatest moment of transfiguration; it is about the 4th turning, the heros and prophets showing up.

• **NO they will not give R an answer;** has to do with the changing of the timelines, and how WE move the energies

T: So he could be inaugurated as long as no nukes are involved

R: even the astrologers he heard this morning on MoonWise: as we approach 9 days from now - the 19th – Mercury is going retrograde into Capricorn: there will be a review of what has gone on - and reviewing the rigging of the election by both sides: Bernie was the only viable candidate, the only one who got the majority of the votes

• it's about the 13 families who are scared s*** less about the incoming onslaught of the Legions of Heaven who mean business! It is like Starwars: the New Hope – the return of the Jedi and it is serious stuff.

• The Pleidians ladies said No bones about it: Orange Hitler is not long for this world

• and the spies are everywhere, increased gestapo everywhere – send more love, send more peace. Make me an instrument of thy peace

As people don't understand what is real and what is not real, they will push for what is not in their best interests

R: he's been told to take a quantum leap off the cliff ; he and all of us will be taken care of – as he has been told by the teachers of his teacher who was sitting with others in the air over a valley in the Himilayas – it's a quantum leaps, an inner feeling of moving with the forec which is non-verbal – we have to jump and trust – it's a leap of faith

T: you mean some might just leave the earth? There is no in-between!

• We are watching the gathering of the energies right now – he's playing with the assembling of his fake empire yet which is not really fake

• right now ET Corey and the Secret Space Command folks and others talk about, hint at all the stories – our intergalactic super corporations have Darth Vader's imperial fleets are at the edge of our solar system and cannot get out of this system, they are in lock down and there are ones inside those Imperial Fleets who are waking up – refers to Luke Skywalker – have to take the quantum leap

T: as we do that, each and everyone of us take that leap, there is more of an opportunity for them to intervene, for us all to move forward – that movement - through us together - brings

more intervention – in other words, we are not left out of this picture -this is the part that is hard to grasp!

R: this is because of the magnitude of fear which has been pushed.

- Today he saw at least 10 strange looking vehicles in Santa Fe – like Chevy Impalas with dark window and in army green; white ones with antennas on them, going down the I 25
- remember the outfitted SUV that Sgt Fury had in “The Avengers: Winter Soldier” - one gets an ominous feeling looking at those kinds of law enforcement vehicles driving around town and going away from town as a group – not a good feeling to see
- Blaze the violet fire and send love to all these situations – they are playing with trying to scare us!

T: have to realize it's not Trump, it's not Hillary: today they are going after Comey and making a big propaganda thing about Putin intervening in the election, siding with Trump:

It's not true and is more blatant than ever: it's all over MSNBC & worse on other channels

- the DUMB reptiles are the ones controlling Comey who are connected with the Gnostic Illuminati – the opposite of the Austrian- based illuminati reptiles behind the 13 families
- have a dead robot called hillary going after gnostic illuminati & trying to take out comey
- **Harry Reid** – completely compromised - was on AM Joy this morning and said Comey needs to be arrested, and that he knew better and knew the Russian things were going on –
- this is **not judging the soul:** this happened last night too with Leo Wanta -
- Gerry was saying last night that we cannot say that about Leo Wanta as people can change their minds
- what has not happened is that there has been no accountability for the role he played before – he's incarcerated at the moment and there are supposed to be 60 trillions of dollars that he is supposed to have his hands on and this has to do with why we have a debt jubilee – it's the old order and an old timeline with no authority

R: this \$60 trillion plus is connected with Herman vs Herman and all the programs in the hands of St Germain, not Leo Wanta's hands

T: Yet it is IS promised to him yet it is not really his money; the scene behind the scene that he played into is that which invaded and occupied which skewed the whole evolutionary steps that the human race now has the ability to create with

- therefore **all that goes to zero – none of that money gets used now**, it all has a background whether we know it or not , nor it is for us to judge the soul as those behind the scene caused the level of understanding that those involved may or may not have had.
- it has to do with not being able up until now due to the way the system has been rigged - to move beyond the knowledge of good and evil which is the next step: to move beyond the 3rd Chakra and the right use of will – the **whole system is so corrupted now** that there is no way to keep going: we are at the end game
- **WE ARE DONE WITH GOOD AND EVIL; WE ARE DONE WITH ORGANIZED RELIGION** which is the most insidious perpetrator of programming ever, beyond politics
 - all the religions start out with “we are not gods and goddesses” and “we are all sinners” - farthest thing from the truth - NOT TRUE.
 - The knowledge of good and evil, the programming of “good guys”, “ bad guys” - We can no longer say Leo Wanta is a bad guy for, as we move up in frequencies, we move beyond that polarity
 - in 1987 the 4th dimension merged with the 3rd – and the cherokee and the wisdom of the Cherokee are the Elders of the Iroquois
 - then we moved from the 4th straight into the 5th : this was when the photon belt locked on to our planet and gently moved the planet and the solar system - we are in the 5th dimension and for those who can work with the next level, we are in the Age of the 6th sun – beyond the 5th into the 6th
 - there is a group of dimensional levels from 6th – 9th, all over lit by the Green Tara – as we learn about the ceremonies and the teachings about the Green Tara, it's a big deal:

- has to do with the way we lead – as we work with the 4 dimensions, this is where the Council of Elders are – the native people and their ceremony, and the forgiveness that was given for the imposition on the Standing rock nation of which Chief Archembault is the head, and of Grandmother Phyllis Young represents OsetiChowa
- This was on AM Joy this morning:
 - Grandmother Young she speaks of the fact that they are of the oseti Ochowa we have lit that fire after 150 years based on ancestral law
 - this predates the constitution for the US and also predates the 1452 Doctrine of Discovery in the spiritual levels
 - most recently they have 150 year old treaties - the Treaty of Laramie - yet this goes beyond the linear doctrines and taking their land for free, and murdering the people as well
 - This is the unwritten law: we are the predecessors sovereign of america and any attack made on us, the democratic thing to do is to concede from our country: we are not americans; we are oseti chakowe – we have a dual citizenship and we will have to decide what we are loyal to. We are good americans; we have code talkers – what is happening at Standing Rock is symbolic of what is happening across Indian country, as well as America and the whole world
- the teachings of this land go way beyond colour – yet colour issues only happened when so many white people were brought from europe
 - and this brings up the story that there never were white people because that was an experiment in which the melanin was taken from our skin
 - the military vets presented themselves, representing themselves as our foe – Gen Wesley Clark's son asked for forgiveness
 - and on that ceremony, the elder gave him a spiritual energizing that brings the soul and heart of the elders and those before them into equality – we have mended had a peace ceremony with the military vets
- they are committed and as it is still a republic, governed by treaties which are the supreme law of the land – they will prevail under that idea of treaties as the law of the land

Reporter from MSNBC, Cal, was asked: we know this pipeline was re-routed from the capital [Bismarck] and non-native americans to put it squarely in the land of this tribe? Andy reporting on whether this re-routing will stand.

Cal Perry: here's the problem there is no geographical trick to get around the Missouri River

T: St G presided over the constitution – and it went a lot higher than just white Anglo Saxon people in spite of the fact that it never got implemented!

- have to go beyond 3rd dimension, 3rd chakra greed, power, control, money system

CP: so it has to cross the river; 2 treaties signed in 1861 and one in 1868 – will the pipeline be moved? On Jan 1st, the pipeline investors have a chance to drop out – do the big banks drop out of it?

Joy: we will continue to follow this story – thanks Young and Perry

Audio: Oct 27, 2016 – Thom Hartmann

Dan Sisson & Thom Hartmann – The American Revolution

T: Reads her transcription of what Ron Paul said “The stock market will crash it is just a matter of when!”

2016-12-10 [Ron Paul on Trump-Carrier deal, Jim Rickards on the Trump economy](#)

<https://www.rt.com/shows/boom-bust/>

OPEC is pushing non-OPEC members to join its oil output reduction. Ameera David has details. Bianca Facchinei takes a look at new statistics from the CDC showing a slight decrease in US life expectancy. Jim Rickards, author of new book *"The Road to Ruin,"* tells Ameera what he expects from a Donald Trump economy, and how his cabinet could shape up.

Former US Representative and libertarian icon Ron Paul gives his take on the Trump-Carrier deal, if the US is at risk of recession, and whether or not the housing market is in a bubble. In The Big Deal, Edward Harrison breaks down junk bonds, which are faring well amongst a broader bond sell-off.

Take a look!

- T:** the question of Rex Tillerson CEO of Exxon Mobil – picked to be Sec of State: he is one of few non-gov't people who sees and negotiates regularly with Putin; Kissinger has also had such a relationship with Putin.
- Just because they manipulate the weather to make things look like they are getting worse, does not mean that what has been happening is ????
 - already stated that vertebrates are going extinct
 - and 2/3 of the large vertebrates will be gone by 2030- BECAUSE PEOPLE ARE MOVING INTO THE TERRITORY WHERE ANIMALS FIND THEIR FOOD: giraffes are going extinct because the trees whose leaves they eat are being clear cut!!!

- does the United States need better relations with Russia?

T: Are the leanings of the CEO of Exxon Mobil to be the way things are to go?

- Black Forest used to be beautiful
- there is a beetle destroying the black forest because of the rise in temperatures
- we are supposed to be at 350.org and we are way above that in terms of parts / billion
- Fracking has been pushed by Hillary, and has destroyed lots of Europe as well as of US

- Air does not limit itself to the borders of the polluting countries: the US is a bigger polluter than even China which is getting rid of its coal fired plants much faster than the US.

T: what did Gen Barry McCaffrey who talks of Gen Michael Flynn verging on the edge of

- could be connected to McCrystal and Betraeus
- Michael Hastings was a Rolling Stone who was taken out for talking about 911; he was also going to expose something else [probably related to Julian Assange]

T: Yes, **John Podesta and Hillary** are involved in child sex ring and they have seen pictures of Hillary and Huma Abedin having sex with a 14 year old girl – and **Trump is also involved** for 20 years with Hillary in that pedophile ring

Elaine Chao – wife of McTurtle – her father owns the shipping company that provided the ship to transport the Ebola virus to Africa

*If, by chance, I lose my way,
But sincerely desire to grow,
Spirit will surely bring to me,
Brothers and sisters who know.*

The Gemini Full Moon Tuesday, and indeed Mars and Venus in Aquarius all week portends networking with new friends to build future dreams. What I didn't mention in the report is that this is accomplished by getting over some of our judgments about ourselves and others. It is so easy to approach relationships from either a place of superiority or inferiority! Both of those get in the way of truly connecting with another person. This is a good time to watch yourself and see just how quick you are forming opinions of other people (and yourself) and make efforts to suspend some of your conclusions until further information is gathered (Gemini Moon). Perhaps it will take years haha!

The astrology of 2017 points to a real 52-card pickup game where all the cards get flipped up into the air. If we can enjoy the game and not seek to pull them down too soon and create a "false order" we will see the design that Spirit has in store for us. Long, deep, breathing, patience, and remaining calm through the chaos will reveal deep mystery to us. May you relish every moment of your unfolding through these tumultuous times!

The Coming Week:

Sun: Moon in Taurus; sun conjunct Saturn

Mon: Moon into Gemini in am; sun trines Uranus a fire trine, Saturn

Tues: full moon; moon trines Jupiter in Libra – in the mid day; 7 pm is full moon - moon in Gemini is an air trine; Venus has entered Aquarius tonight

Wed: moon into Cancer – it will trine Neptune

Thur: Moon opposes Mercury and Pluto, which are in Capricorn; with T square with Jupiter, Uranus and a full cardinal cross

Fri: no aspects – happens every once in a while.

Next weekend is a Leo weekend

Ri: we are far enough into the Aquarian age that we can begin to feel progress: things being ready to pop!

- Inspired to choose a volume of books called

Thrice Greatest Hermes in 3 volumes

G.R. S. Mead wrote *Preface: Studies in Hellenistic Theosophy and Gnosis* being a translation of the extant sermons and fragments of the Thrice-greatest Hermes. Mead worked with British museum – preface dated 1906.

- Lots of interest at the time in hellenistic material - talks of the range of subjects in the material; most of material is pre-christian and Greek which he translated – about what was going on before the new testament was written: a sympathetic study of the material of ancient Egypt
- includes 18 sermons written by Thoth

Ri goes to vol 3: Excerpts and Fragments – Ri goes to discussion from the Sermon of “From Isis to Horus” - Isis is wife/feminine aspect of divine wisdom – this is info that came out of the temples – begins with first 2 pages.

CONFERENCE CALL

P reports the temps in Alberta at the moment: cool – VERY, VERY cool!

Ri: the material he was reading is considered the occidental material; out of India Buddha had his incarnation in 600 BC, so this material is about 600 years later

Corpus Hermeticum #1 Poemandrus the shepherd of men – so the idea of a shepherd of men is not a new idea; Asclepius that is the opeician and refers to St Germain [T]

- Ri says this one is considered to be a high master – a manifestation of Thoth, which is truth, high mind
- To him: an introduction to the gnosis of the maker of all things
 - a sermon on the cup which refers to the monad though unmanifest is god,
- the greatest ill of men is ignorance: **Ri** reads this sermon on the conference Call

Reading: Ophiuchus - the 13th constellation and why it is not mentioned [SEE BELOW]

Started reading this on the conference line with Richard talking about Esclypius, symbol of the 13th sign of the zodiac, as well as the A M A [**a snake on a staff**]

- the Astrological Association decided not to put up the 13th constellation because they did not want people to know about this sign: it was to do with the jumping of the timelines, and 13 is the trickster, coyote medicine, and Mother is definitely coyote medicine!
- 13 adds up to 4 which is the eternal flame that remains in the paw of the sphinx.
- Dr Richard Hoagland took a picture of the face on Mars as well as the face of the Sphinx – cut both faces exactly in half, put them together and got the face of Sekhmet!
- The eternal flame symbolizes the 4th ray with 2 colours: the emerald green ray, and the white fire core of being ray: the white light is blinding, and the emerald green is the transformational healing, created by spiritual foundation
- In terms of our bodies, we have the physical #1, emotional #2, mental #3, Spiritual #4 – - #4 in the dimensions is the dimension which is like the trickster and you can get yourself in lots of trouble in that dimension, especially if inflated with lower ego

Reads the description: decided not to include the sign as it only spends 7 days in that constellation – sun went from Scorpius and into Sagittarius – but that was not the case even in the past!

- Enki is Jehovah - Jehovah is the densifying the shadow of Alcyone, Mother's consort – the shadow of Alcyone, the Great Central Sun, cast that shadow – this requires us to speak from our heart – meditation give us the opportunity to do that – the excuses of ONLY 19 days is a poor one, as there are only 7 days of the Scorpius constellation – only a true Scorpio when between Nov 22 and 29.
- Libra is the longest one: they picked the 22nd as the day to make the change – Nov 22= 11 – 22 [Don and Doug are twins and Ophiucians!]
- Astrologers like the 12 signs of the astrological wheel as it is neat – YET the constellations are always changing: we are not in the same place each year we move through the sky yet it is not noticeable until 2000 years have gone by
- there are 144,000 soul groups which could mean trillions and trillions of souls!

Please listen to the podcast while reading the printed material!

2016-12-08 James Mattis Is a War Criminal: I Experienced His Attack on Fallujah Firsthand

By Dahr Jamail <http://www.informationclearinghouse.info/article45992.htm>

"Information Clearing House" - "Truth Out" -

Retired marine General James Mattis, who retired from being the head of CENTCOM in 2013, has become known recently for his stance against what he calls "political Islam."

"Is political Islam in the best interest of the United States?" [Mattis said](#) at the far right-wing Heritage Foundation in 2015. "I suggest the answer is no, but we need to have the discussion. If we won't even ask the question, how do we even recognize which is our side in a fight?"

Another controversial aspect of his selection that much of the media is focusing on is the fact that in order to get the job, Mattis would need Congress to [pass new legislation](#) to bypass a federal law stating that it has to have been seven years since defense secretaries have been on active duty. Congress has only bypassed that law once in US history, and that occurred over 50 years ago.

More importantly, Mattis, known to some by the nickname of "Mad Dog," has shown a callous disregard for human life, particularly civilians, as evidenced by his behavior leading marines in Iraq, [comments he made](#) about enjoying fighting in Afghanistan because "it's fun to shoot some people. You know, it's a hell of a hoot," and myriad other problems.

Mattis' Role in the Haditha Massacre

While Mattis has ample military experience -- serving as NATO's supreme allied commander and with more than 40 years in the Marine Corps, his nickname seems apt.

He [also said](#), when speaking to a group of soldiers about how to behave in Iraq during a 2003 speech, "Be polite, be professional, but have a plan to kill everybody you meet."

But more importantly, he is clearly responsible for carrying out and/or aiding and abetting in several war crimes.

In November 2005 US marines in Iraq committed a massacre of 24 unarmed Iraqi civilians. The slaughtering of unarmed men, women, children and elderly people, shot multiple times at close range, was retribution for a roadside bomb attack on a convoy of marines. The war crimes were extremely well documented and the atrocity garnered international attention.

When it came time to bring the marines responsible for the massacre to justice, Mattis was the convening authority over the eight charged with crimes at Haditha.

Mattis went on to dismiss all of the charges leveled against the marines who had been accused of killing the civilians and of the eight originally charged, only one still faces possible prosecution, but one can guess how that will end up.

Mattis' Role in Fallujah

Mattis was the head of Camp Pendleton's 1st Marine Division in Iraq and played a lead role during

both of the US sieges of Fallujah in 2004.

During the April 2004 siege, more than 700 civilians were killed by the US military, according to Iraqi doctors in the city whom I interviewed in the aftermath of that attack.

While reporting from inside Fallujah during that siege, I personally witnessed women, children, elderly people and ambulances being targeted by US snipers under Mattis' command. Needless to say, all of these are war crimes.

During the November siege of Fallujah later that same year, which I also covered first-hand, more than 5,000 Iraqi civilians were killed. Most were buried in mass graves in the aftermath of the siege.

Mosques were deliberately targeted by the US military, hospitals bombed, medical workers detained, ambulances shot at, cease-fires violated, media repressed, and the use of depleted uranium was widespread. All of these are, again, war crimes.

At that time I [broke the story](#) of the US military's use of white phosphorous, an incendiary weapon similar to napalm in its ability to burn all the way down to the bone. The use of white phosphorus was a violation of international law, given that it was unleashed in the city during a time when the Pentagon itself admitted to at least 50,000 civilians still being present.

More than 200,000 civilians were displaced from their homes during the November siege, and over 75 percent of the city was destroyed.

The horrific legacy of depleted uranium contamination continues, with stillbirths and birth defects [still occurring at astronomical rates](#), creating a situation so extreme that some Iraqi doctors are calling it a genocide.

Life Under Attack by Mattis-Led Forces

In this moment, as we countenance Mattis' planned ascension as secretary of defense, I'd like to share an excerpt from my book [Beyond the Green Zone](#). Taken from a chapter about the April 2004 US siege of Fallujah, this report offers a clear view of the war crimes over which Mattis presided, including the deliberate targeting of innocent civilians, widespread collective punishment and more:

We rolled toward the one small clinic where we were to deliver our medical supplies. The small clinic was managed by Maki al-Nazzal, who was hired just four days ago. He was not a doctor. The other makeshift clinic in Fallujah was in a mechanic's garage. He had barely slept in the past week, nor had any of the doctors at the small clinic.

Originally, the clinic had just three doctors, but since the US military bombed one of the hospitals and were currently sniping at people as they attempted to enter or exit the main hospital, effectively, there were only these two small clinics treating the entire city.

The boxes of medical supplies we brought into the clinic were torn open immediately by the desperate doctors. A woman entered, slapping her chest and face, and wailing as her husband carried in the dying body of her little boy. Blood was trickling off one of his arms, which dangled out of his father's arms. Thus began my witnessing of an endless stream of women and children

who had been shot by the US soldiers and were now being raced into the dirty clinic, the cars speeding over the curb out front, and weeping family members carrying in their wounded. One 18-year-old girl had been shot through the neck. She was making breathy gurgling noises as the doctors frantically worked on her amid her muffled moaning. Flies dodged the working hands of doctors to return to the patches of her vomit that stained her black *abaya*.

Her younger brother, a small child of 10 with a gunshot wound in his head from a marine sniper, his eyes glazed and staring into space, continually vomited as the doctors raced to save his life while family members cried behind me. "The Americans cut our electricity days ago, so we cannot vacuum the vomit from his throat," a furious doctor tells me. They were both loaded into an ambulance and rushed toward Baghdad, only to die en route.

Another small child lay on a blood-spattered bed, also shot by a sniper. The boy's grandmother lay nearby, shot as she was attempting to carry children from their home and flee the city. She lay on a bed dying, still clutching a bloodied white surrender flag. Hundreds of families were trapped in their homes, terrorized by US snipers shooting from rooftops and the minarets of mosques whenever they saw someone move past a window.

Blood bags were being kept in a food refrigerator, warmed under running water before being given to patients. There were no anesthetics. The lights went out as the generator ran dry of fuel, so the doctors, who had been working for days on end, worked by light provided by men holding up cigarette lighters or flashlights as the sun set. Needless to say, there was no air-conditioning inside the steamy "clinic."

One victim of the US military aggression after another was brought into the clinic, nearly all of them women and children, carried by weeping family members. Those who had not been hit by bombs from warplanes had been shot by US snipers. The one functioning ambulance left at this clinic sat outside with bullet holes in the sides and a small group of shots right on the driver's side of the windshield. The driver, his head bandaged from being grazed by the bullet of a sniper, refused to go collect any more of the dead and wounded.

Standing near the ambulance in frustration, Maki told us, "They [US soldiers] shot the ambulance and they shot the driver *after* they checked his car, inspected his car, and knew that he was carrying nothing. Then they shot him. And then they shot the ambulance. And now I have no ambulance to evacuate more than 20 wounded people. I don't know who is doing this and why he is doing this. This is terrible. This has never happened before. And I don't know who to call because it seems that nobody is listening."

The stream of patients slowed to a sporadic influx as night fell. Maki sat with me as we shared cigarettes in a small office in the rear of the clinic. "For all my life, I believed in American democracy," he told me with an exhausted voice. "For 47 years, I had accepted the illusion of Europe and the United States being good for the world, the carriers of democracy and freedom. Now I see that it took me 47 years to wake up to the horrible truth. They are not here to bring anything like democracy or freedom.

"Now I see it has all been lies. The Americans don't give a damn about democracy or human rights. They are worse than even Saddam." I asked him if he minded if I quoted him with his name. "What are they going to do to me that they haven't already done here," he said.

Another car skipped over the curb outside and a man who was burned from head to toe was carried in on a stretcher. He surely died shortly, as there was no way this clinic could treat massive burns. Maki, frustrated and in shock, said, "They say there is a cease-fire. They said 12 o'clock, so people went out to do some shopping. Everybody who went out was shot and this place was full, and half of them were dead."

More than 20 dead bodies had been brought to this clinic during the last 24 hours of the "cease-fire." Shortly after this, another car skidded to a stop, and a man hit with cluster bombs was unloaded. "The Americans have been using cluster bombs often here," Maki tells me somberly. "And of course they love their DU [depleted uranium]."

It is clear that Trump's secretary of defense selection of Mattis, an unprosecuted war criminal, is yet another egregious act against justice and the rule of international law.

Mattis was a high-level marine commander overseeing both sieges of Fallujah who then played an active role in making sure eight marines involved in a massacre walked away from any appropriate punishment.

These are just a few of his highlights from Iraq.

Imagine what he could do to the rest of the world.

2016-12-09 JOIN US LIVE DEC. 12TH FOR A SACRED GIFT FROM MOTHER MARY

by Patricia Cota-Robles

www.eraofpeace.org

It is vital for all of us to stay focused on the Light, even in the face of what often appears to be outer-world chaos.

On December 12th, the day dedicated worldwide to the Celebration of the Virgin of Guadalupe, Mother Mary is presenting Humanity with an opportunity to receive a powerful Gift of Light. The Divine Intent of Mother Mary's Sacred Gift is to prepare each of us at a cellular level to receive the most intensified frequencies of Light the Earth has ever been able to withstand in 2017.

According to the Company of Heaven, this unprecedented influx of Light will be anchored on Earth through the Divinity of every person's Heart Flame by his or her I AM Presence. This will occur during the first eleven days of 2017. Then each person's I AM Presence will use this Light to assist with their transformation throughout the rest of the year.

We were informed by the Beings of Light that this new frequency of Light will be instrumental in bringing the Truth of the patterns of perfection for the New Earth into the hearts and conscious minds of the masses of Humanity. The realization of this Truth will be a critical factor in lifting Humanity out of fear and completing the purification of the human miscreations that have been pushed to the surface all over the planet during the events of 2016.

Numerically 2017 is a one year, $2+0+1+7=10$ and $1+0=1$. One is the number that reflects rebirth, transformation and new beginnings. New Years Day, January 1, 2017, will be 1 (month) 1 (day) 1 (year) = 1-1-1. Eleven days later, January 11, 2017, will be a 1 (month) 11 (day) 1 (year) = 1-11-1 or 11:11. Eleven is the master number that reflects the transformation of the physical into the Divine. 11:11 is the sacred geometric coding within Humanity's DNA that began initiating Humanity's Awakening several decades ago. Many people have been oblivious to this subtle motivator for our Awakening, but with the new frequency of Light we will receive in January we are being told that will no longer be the case.

December 12, 2016, the 12:12 Gateway

Beloved Mother Mary is an exponent of the Divine Mother Principle on Earth, and she has accepted the responsibility of holding the Immaculate Concept, which is the Divine Blueprint, for each of us personally and for Humanity's Ascension in the Light collectively. This process requires recalibrating our DNA structures into the 5th-Dimensional frequencies of our Father-Mother God's Twelve Crystalline Solar Aspects of Deity.

Scientists used to believe that our DNA was stationary and stagnant. We now know that our DNA is a shimmering, waveform configuration that is moment by moment being modified by Light, solar radiation, magnetic fields, sonic impulses, gamma rays, thoughtforms and emotions.

When Humanity's I AM Presences join together as one voice, one heartbeat, one breath, and one energy, vibration and consciousness of pure Divine Love to collectively imprint the genetic codes for the Twelve 5th-Dimensional Crystalline Solar Aspects of Deity onto our DNA, these patterns will ignite every cell in our bodies and gradually lift us into alignment with our 5th-Dimensional Crystalline Solar Light Bodies. This Crystalline perfection will then be secured in the nucleus of every atomic and subatomic particle and wave of Life on Earth. Once this is accomplished, our greatly accelerated transformation will take place in what will be perceived as "the twinkling of an eye."

This is the Sacred Gift that Mother Mary is offering to us on 12:12, but in order for us to receive the maximum benefit from this Gift of Light she needs our help. There is a Universal Law that states, "The call for assistance must come from the Realm where the assistance is needed." In order for those of us abiding on Earth to receive this Gift of Light from the Heavenly Realms, we must invoke it into our Heart Flames and project it into the physical plane on the Holy Breath. This is what is meant by the expression "God needs a body."

Mother Mary is invoking our assistance at this time on behalf of ALL Humanity. She is asking for everyone who has the Heart Call to do so to volunteer to be the Open Door for the Light she is offering to bless Humanity with on December 12, 2016.

To accommodate Mother Mary's request Jacklyn Johnston and I will have a LIVE Online broadcast on her wonderful program You Awakening.

Our broadcast will air LIVE on December 12th at 11:00 a.m. Pacific Time (Los Angeles) or 2:00 p.m. Eastern Time (New York).

Please join us for the powerful Activity of Light that has been given to us at this time by Mother Mary with the Divine Intent of preparing Humanity to receive the maximum benefit from the monumental influx of Light that will be anchored on Earth during the first eleven days of the New Year.

This broadcast is FREE! If you are unable to join us LIVE, you can listen to the REPLAY that will be available immediately following the show.

Jacklyn will also make a FREE downloadable MP3 available of Mother Mary's Activity of Light, which you can have for your personal use or to share with others you feel would want to assist Mother Mary in blessing Humanity with this Sacred Gift of Light.

If you have already registered for Jacklyn's program, You Awakening, she will be sending you an email with the link to join us LIVE, or on the REPLAY.

If you have not already registered for Jacklyn's program You Awakening please do so by clicking on this link www.youawakening.com

God Bless You,

Your Light is needed NOW!

2016-12-10 The 13th Zodiac Sign - Ophiuchus

Written originally on Aug 21, 2013

In mythology, Ophiuchus is identified with the healer Asclepius, the son of Apollo, who was able to bring the dead back to life. Realizing his power, Hades convinced Zeus to kill Asclepius with a lightning bolt, and he was placed into the stars as a constellation after his death.

The constellation, Ophiuchus, has been known since ancient times, and is better known as Serpentarius, the Serpent Holder. It is included in the list of 48 constellations described by Ptolemy. Ophiuchus is depicted as a man handling a serpent; his body dividing the large snake into two parts, giving way to the symbol used today as an Asclepius – the medical staff. Astrologers have not included Ophiuchus in the wheel of Astrological signs because the Sun spends only about nineteen days in this 13th sign of the Mazzaroth. Not that there wasn't a 13th sign in the Heavens, but as far as Astrologers were concerned, the Sun traveled from the constellation 'Scorpius' and then proceeded directly into the sign of Sagittarius. In reality, this was not the case. The Sun, for 19 days of the year, travels through the star constellation 'Ophiuchus' before entering Sagittarius from Scorpius – see chart below. thus The sign of Ophiuchus is patterned after the original 'Serpent Holder', Enki, a Sumerian god

The signs of the Zodiac are for the most part, the highway, or path on which the Sun takes it's yearly journey across the heavens – as it would appear to Earthlings. These signs are actually star constellations occupying space in which the Sun appears to travels in an earth year. The original twelve signs/constellations: Aries, Taurus, Gemini, Cancer, Leo, Virgo, Libra, Scorpio, Sagittarius, Capricorn, Aquarius, and Pisces are quite familiar to everyone, however, the thirteenth sign and constellation, [Ophiuchus], is in fact, not well known. To acknowledge a 13th sign now would seem awkward for astrologers, who like the tidiness of 12 signs that rule over the 12 houses of the Zodiac. The heavens are alive and they do change after a few thousand years and the astrologer who wants to maintain accuracy must change along with the signs in the heavens.

Ophiuchus 13th sign zodiac

The constellation of Ophiuchus is the only sign of the Zodiac which is linked to a real man. This man lived in ancient Egypt around the 27th century BCE, and his name was Imhotep [again patterned after Enki]. Many of the same attributes of Imhotep can also be found in the Biblical Hebrew man Joseph, son of Jacob – [see comparison chart for these two men in separate article]. Imhotep is credited with many accomplishments including the knowledge and use of medicine. It is said of Imhotep that he brought the art of healing to mankind. The symbol of a serpent [or snake], which is still widely used today to represent the medical profession, was used to represent Imhotep. Imhotep was also known as 'Aesclepius' to the ancient Greeks, but by any name the attributes are still all the same.

The attributes listed below describe the Serpent Holder, Imhotep, i.e. the Hebrew Joseph, and

Aesclepius. The keyword descriptions seen below, originated with Betty Rhodes, and are the

2014-09-26 Stargate opening: The greatest Epoch in human history and gathering together of triads within soul groups.

by **Judith Kusel** <https://judithkusel.wordpress.com/2014/09/26/stargate-opening-the-greatest-epoch-in-human-history-and-gathering-together-of-triads-within-soul-groups/>

Mankind at certain times has always stood before immense epochs in their history, where the collective stood before the portals of the next dimensions and then had to either step through this portal, or were left behind.

Whether this was in the civilizations before Lemuria, and Atlantis or afterwards, there were always times when the higher paths, and the higher evolutionary states could have been reached, but then the self-destructive tendencies which haunted mankind since the first time, would re-emerge.

Therefore it has been declared that this time round this would not be allowed to happen. It was declared that this time round, enough Light workers would be activated who could step through those portals, and then bring in those necessary octaves of rising which would allow the New Earth to truly settle in, without outside interference.

A lot of souls therefore, who were highly evolved, then volunteered to assist the planet through this new epoch and ensure the full anchoring in and blossoming of the New Golden Age.

The transition phase then has now begun – the phase when the old is making way for the new and therefore now the frequencies and vibrations of the planet are undergoing immense upgrades and, with it, the upgrading of mankind is simultaneously happening.

These upgrades have then come through the continued blasting of solar flares from the sun, amplified by those from the Great Central Suns, and therefore also from the Inner Sun of the inner world. Even more so, the Photon belt has moved in, and is helping to amplify the energy shifts even more.

As this moves the earth into much higher octaves of frequencies and vibrations, this will affect all life and life forms.

It needs to be known that some call this ascension, but ascension means essentially that one switches from one octave of Being, into higher octaves of being, each octave consisting of 12 tiers

of dimensional states, with the 13th the platform to obtain the keys and codes and the momentum to carry one through the next portal into the next octave of Being.

It is therefore imperative now to become aware of the soul and its higher role within this whole revamping of mankind. As much as a soul is pure energy, it carries within it certain frequencies and vibrations which form the soul patterns, and vibrate at a certain tonal chords and soul colors.

When these then are amplified up to a certain level, the soul is then ready to step up in frequency and vibration, by starting to tap into ALL its other soul parts, and unite as one, and then step up even more to unite with its entire monad, or Soul Group, and then even more amplified.

Some Soul groups form part of a greater Over-Soul group or Cluster, and these then form 144 000 of such soul groups within the central soul octaves = one could liken this to a type of confederation of soul groups who work in tandem or conjunction with each other and form part of an overall cosmic pattern within the greater framework of the cosmic creative Soul patterns.

It is therefore no accident that twin flames are being pulled together for immense higher service work at this time, and this will be amplified in the next few months and years. It is the call to step up in much higher service, and one which is truly there in selfless service and never to self-service.

It is also no accident that soul families are being pulled together, and those souls who have always worked together within the nucleus of special assignments.

For example: Some of these nucleus not only includes the triads form within one soul, as of 12 to 13 flames, but also forms the nucleus of the triad within the triad within the triad.

This is the sacred triad on which the whole of creation is based: Isis, Osiris, Horus.

These triads are considered immensely sacred and holy and have incarnated to bring about massive shifts in the octaves of consciousness on this planet. They have been drawn together in the last few years, and will start working together; the twin flames within these triads now combine their sacred flames in total dedication to higher service.

The soul group most involved with this is the Illumined Ones, and they are the nucleus of souls who have immense service work to do here.

They work in tandem with the Loving Ones, and the Graces, and these in turn form a triad for these soul groups form a triad within the greater 144 000 soul groups.

It is then that all of these souls have to awake to that which is there, deep inside of them, and they have to work towards stepping up in service work and in higher soul activation, and they hold collectively immensely important keys and codes which need to be used in those higher octaves of Being.

Again, no more so than the Illumined Ones, who hold the central keys and codes and are there is one group in particular who have taken upon themselves immense work in this regard. It takes on the responsibility of leadership; it takes on the mantle of integrity and truth and absolute purity of intent.

It is therefore in general then that these souls will know if they fall into these categories for

something deep inside of them will resonate with this.

The New Golden Age is the Age of SOUL-FUL living, and truly living from within the heart and soul.

It is imperative that a soul wakes up to its own soul self, and to its highest soul mission and purpose, if it has not already done so.

The more the soul is activated from deep within, the more the heart energies open up and the sun of the Heart is activated. It in turn is activated by the Central Sun bringing in the higher octaves of frequencies, transmitted via the cosmic heart and into the earth heart and into the soul heart. Again, here the Cosmic Heart, Earth heart and the human heart energy centers form a sacred triad. Heed ye this!

The Golden Age has at its core heart the SUN – the heart-sun.

Awaken ye then to the immensity of the Epoch – the greatest Epoch in human history!

Such-like has never happened before and is bringing in mass rising in frequencies and vibrations such as this earth has never known!
